From using tax-exempt bonds to purchase utility facilities is not something that I could support. I am adamantly opposed to this provision. It was my hope that the House would recede to the Senate during conference and that municipalities use of tax-exempt financing to acquire electric utility assets would not be infringed upon, but this was not to be the case.

While this provision will have a negative effect upon every community in the Nation, Chicago will be particularly hard hit. Strangely enough, it appears that this may have been the primary purpose of the chairman of the Ways and Means Committee. The city of Chicago is considering municipalization. In 1991, the city's franchise agreement with Commonwealth Edison will expire. As to why the chairman of the Ways and Means Committee chose to use this time and this method to weaken our city's bargaining position, I do not know. I know that he has claimed that he is concerned about the loss of revenue. That may be true, but this provision does not solve that problem. For the city of Chicago, municipalization was merely a possibility, and therefore, only a possible revenue loss for the Federal Government. At the same time, municipalization of the Long Island Light Co.—which got the only exemption from this legislation—is virtually a certainty. It is also a much larger revenue loss for the Government. I say this not as a criticism of New York's elected officials who are exercising their prerogatives, but rather as a criticism of the legislation which is taking those rights away from the rest of us.

It is my belief that this should not—and it is my hope that it will not—stop Chicago's consideration of municipalization. Although the costs of municipalization will be higher because of the Ways and Means Committee action, for the sake of Chicago energy consumers, the city needs to proceed to examine all possible alternatives.

I strenuously opposed this proposal. It was added without the normal due process, without notice or hearings and was hidden in a package of proposals that many Members opposed or were unaware of.

This provision could have a negative effect on this country's energy policy. I want my collegues to know that many local communities have franchise agreements that will expire in the next few years. In 1991, the franchise agreement in south Tucson, AZ, will expire. In 1997, Coral Gables, FL and Maywood, IL. In 1996, there will be expirations in Elmhurst, IL, and Biloxi, MS. In 1988, West Palm Beach, FL, and Topeka, KS. In 1987, Bismarck, ND, and Shreveport, LA. If you think your hometown is exempt, you had better think again.

Mr. Speaker, I was fortunate to work with many fine public-spirited individuals and organizations on this issue during the last few weeks. While I cannot name them all at this time, I cannot thank them enough for their assistance and dedication to the highest calling of public service. We may have lost this battle, but we shall not lose this cause.

□ 2130

Mr. LATTA. Mr. Speaker, I yield one minute to the gentleman from Oregon [Mr. DENNY SMITH].

Mr. DENNY SMITH. Mr. Speaker, somebody said earlier that you have to keep in mind what your goal is. When I came to this Congress 7 years ago, I was interested in seeing the budget balanced. The budget process that we have seen so warped this year is going to spend $70 billion more. A great deal of new revenues are going to be raised.

There is no excuse for the way this House operates. There is no reason to see a continuing resolution that adds spending. What we should do is be more interested in the national interest than in the National Airport and try to get back to where every one of the appropriation bills is brought through here. Both bodies have handled 10 of those bills. There is no reason not to have the Appropriations Committee go back and bring those bills forward and bring the conference reports back and complete the business of the House as it should be.

Mr. Speaker, I am going to vote against this bill and against the continuing resolution. I think it is an abomination.

Mr. GRAY of Pennsylvania. Mr. Speaker, I yield such time as he may consume to the gentleman from Tennessee [Mr. COOPER].

Mr. COOPER. Mr. Speaker, I rise to speak on the reconciliation conference report's provisions concerning nuclear waste.

These provisions are the result of a week of intense negotiations between House and Senate conferees. I was honored to be a conferee, and to participate in the debate. I thank Chairman JOHN DINGELL for that privilege, and I thank both Chairman DINGELL and Chairman UDALL for the patience and the kindness that they extended to me during the talks. I was the only person from either Nevada or Tennessee, two States directly impacted by past DOE actions, to have a vote in the conference.

My primary concern during the conference was defeating the Department of Energy's ill-conceived plans to locate a monitored retrievable storage [MRS] facility near Oak Ridge, TN. But my concern was not the selfish one of wishing the nuclear waste on someone else; my concern was that the MRS is a potential $3 billion waste of money that is not needed by any State, and that may become our Nation's permanent repository, despite the claims of DOE.

Mr. Speaker, I wish that I could claim complete victory. The victory I claim is only bittersweet.

Our positive accomplishments include accelerating the push to locate a permanent repository in Nevada, or in whatever State may volunteer to take it if Congress approves a sufficient inducement package. This push, if successful, will decrease the pressure to build an MRS that could become a permanent repository.

We also rejected most of the Senate's initial MRS position, a position that exceeded even DOE's recommendations this spring for an MRS. Senator JOHNSTON advocated, not an MRS, but a super MRS with no size limits nor any relationship to the permanent repository. Although he allowed for an MRS Study Commission, Senator JOHNSTON apparently intended to let the Secretary of DOE locate one of these super MRS's before the Commission even had a chance to complete its work.

The one part of the Johnston MRS plan that was positive, and that we did retain, was the nullification of the Oak Ridge and all the Tennessee sites that DOE had recommended for an MRS facility. DOE will not be able to give these sites any preference by reason of their previous selection. I interpret this to mean that DOE must go back to the drawing board, and throw out all of its previous siting work regarding an MRS. All of DOE's assumptions that resulted in siting of an MRS in Tennessee are to be reexamined as well; it is not enough to merely redo DOE's conclusions. The intention of the conferees is to restore credibility to the siting process, not xerox or Scotch tape together some new site selections. DOE must start from scratch, otherwise it will arguably be giving one of the Tennessee sites a preference if it is ultimately chosen again.

There are several negative features to our compromise. I strongly preferred that no MRS be authorized, anywhere. Failing this, I preferred that the MRS concept be thoroughly studied so that all Congressmen would have sufficient information on which to make an informed decision before Congress made even a conditional authorization. The GAO concluded this summer that Congress lacked sufficient information on the MRS issue and that DOE had failed to examine alternatives. Congressman Udall's approach in H.R. 2967 could have supplied us with that needed information.

What we ended up with is this: Within 30 days after passage of the legislation, a real MRS Study Commission will be appointed to tell us whether there is a need for an MRS. The Commission will have a year and a half to make its findings. At that point the Secretary of DOE will have discretion to oppose an MRS, regardless of the findings of the Commission. He has the power to veto an MRS. In no case can site selection work begin until the Commission has completed its work. And no MRS site can be selected until an acceptable site for the permanent repository has been selected. Should progress cease at the permanent repository, progress at the MRS site must also cease. This linkage is continued at the construction phases of each facility, and at the waste acceptance stages. This linkage is absolutely fundamental to the compromise package; without it there is no compromise.

What goes unsaid in the above paragraph is that the MRS is conditionally authorized with the passage of this legislation. This fact enables both sides to claim victory. But it is important to realize the strength of those conditions, because without them, true authorization may never occur. It is also important to realize that the Johnston super MRS was not even conditionally authorized, it has been rejected. The agreement provides only for a strictly limited, small-sized MRS that is, at most, designed to be a supplement to a repository, not a replacement.

I dwell on these points to make it clear what was done. There was considerable discussion in conference about what the intent of the conferees had been in 1982, when the Nuclear Waste Policy Act was developed. Although only a study of the possibility of an MRS was considered in that legislation, Senator JOHNSTON tried to give the impression in 1987 that something more had been contemplated. Perhaps it was, by him. But the language of the statute did not mention anything more. Neither does the language of this statute. There are no secret clauses guaranteeing authorization. There are strict and explicit conditions, that must be strictly interpreted and applied. I anticipate that proponents of MRS—who seem to love the concept, but still don't love the thought of it being in their own State—will try over the years to nibble away at these conditions. I hope that Congressmen and courts will protect our compromise from such manipulation.

This is a compromise that will be examined, and pondered, for years to come. I would be the last to claim that it is Solomonic. But it was the best that we could get in the time allowed. Although a floor fight was a possibility, the feeling of most Members was that it would be hard to focus the attention of the House and Senate on provisions that seem very theoretical and technical if their state is not directly affected. It is especially difficult to do so this close to the Christmas holidays. In a floor fight, we could either have prevented any MRS authorization, or the original Johnston approach could have prevailed, namely authorization within a year or so. Rather than risk such an all or nothing outcome, it was the feeling of most conferees that it was better to accept a negotiated solution, however difficult to police the compromise.

Since it is the opinion of most of the conferees that an MRS is not needed now, and may not be needed ever, and that we will study the facts of the matter, I decided reluctantly to sign the conference report, and to vote for the reconciliation bill. I still do not support the specific provisions of the report. My vote is also a sign of my respect and appreciation for chairmen DINGELL and UDALL, who could easily have ignored or turned against a junior Member like me, and against a small State like Tennessee. Instead, they stood against an MRS as long as they possibly could, and they did everything within their power to make sure that past DOE decisions regarding Tennessee were voided, and that any future ones would be fair. Although these chairmen were once counseled by staff to give up the fight as far as Tennessee was concerned, they rejected that advice. It would have been easy for them to accept; Tennesseans should be thankful that these are principled men who did not yield to such temptation.

Mr. Speaker, despite the above concerns, I reluctantly urge passage of the $30 billion reconciliation conference report.

Mr. GRAY of Pennsylvania. Mr. Speaker, I yield 2 minutes to the distinguished gentleman from Michigan [Mr. DINGELL], the Chairman of the Committee on Energy and Commerce.

Mr. DINGELL. Mr. Speaker, I rise to engage the distinguished chairman of the Budget Committee, the gentleman from Pennsylvania [Mr. GRAY] in a colloquy concerning the provision of this conference report that will restore all funds sequestered under Gramm-Rudman.

Despite the clear intent of Congress that all railroad retirement benefits be exempt from sequestration under Gramm-Rudman, the President's November 20, 1987, order incorrectly required the sequestration of the supplemental annuity portion of those benefits. Retirement checks have already been reduced as a result of this incorrect sequestration.

Because the supplemental railroad retirement annuity has been cut by sequestration, there appears to be some uncertainty as to the effect that today's legislation today will have with respect to that annuity. Would the gentleman from Pennsylvania confirm that the meaning and intent of this legislation is to restore to recipients of the supplemental railroad retirement annuity the funds incorrectly withheld from them as a result of the November 20 sequestration order?

Mr. GRAY of Pennsylvania. Mr. Speaker, if the gentleman will yield, the gentleman from Michigan is correct. The meaning and intent of the restoration provision in this reconciliation bill is to make the recipients of the supplemental annuity whole and to place them in the position they would have been in had it not been for the sequestration order with respect to that category of benefits.

Mr. LATTA. Mr. Speaker, I yield 2 minutes to the gentleman from California [Mr. DANNEMEYER].

Mr. DANNEMEYER. Mr. Speaker, yesterday evening I brought to the attention of my colleagues the fact that this Member from California was privileged to serve as one of the conferees on the Health and Environment Subcommittee that dealt with Medicaid and also Medicare, part B. I outlined the difference between the Senate version and the House version, and I want to share with my colleagues what is in the reconciliation package, and that is one of the reasons why I intend to vote against it.

One would think that a reconciliation bill designed to reduce spending would do that. It should not be used as a vehicle for new programs that have never seen the light of day as a part of the authorization process. But that is exactly what is in this bill; namely, we are proposing to add roughly $800 million over the next 3 years of new programs in Medicaid. That is the money the Federal Government will spend. Bear in mind that the States have to match that by 50 percent, so this will result in an increase in spending for Medicaid across this country by States of a similar amount. I do not think that is what we should be doing in the reconciliation process in any way at all.

To my colleague, the gentleman from Florida [Mr. PEPPER], who observed, "Let's not beat up on Medicare," let me say that the gentleman will be comforted to know that no beneficiary under Medicare in America is going to get less in any way at all. In fact, some will get more. The way the savings have been achieved is that we are beating up on the providers, the health care providers, the doctors, the laboratories, and the other persons providing the services to the Medicare beneficiaries by reducing the money they are going to get for the same services. That is how we are getting these claimed services.

The House is spending as if it could give away cookies from a bottomless, inexhaustible "cookie jar." But the cookie jar is empty. Not only empty, it's gone; the shelf on which it sits has been dismantled; the building where the shelf was has been razed; and Japanese construction equipment is being brought in to excavate the site.

Not only did the subconference spend too much money, where it did try to save, it did so in a totally inappropriate manner. Medicare savings were achieved by decreasing payments to providers. These providers will have no choice but to recoup their losses by charging more to their non-Medicare patients—many of whom are least able to bear increased costs. I, for one, find this intensifying warfare against the middle class particularly repugnant.

Mr. Speaker, the last time the Government ran a surplus was in 1969, some 19 years ago. If we ever hope to see a balanced budget in our lifetime, we should not lose sight of fundamentals. Ladies and gentlemen, the essence of a reconciliation bill should be to save, not spend the taxpayers' dollars.

I refused to sign the conference report, and I intend to vote against it. I urge my colleagues to also vote "No."

Mr. LATTA. Mr. Speaker, I yield 2 minutes to the gentleman from Utah [Mr. NIELSON].

Mr. NIELSON of Utah. Mr. Speaker, I commend the Members who have worked on this bill. They have made some big improvements on the bill that passed in November. Defense is treated better, and there are less odious taxes in that bill. It does get rid of some pork barrel tax breaks that were in the other bill.

Having said that, the rest I have to oppose. There is still a lot of smoke and mirrors here. There are one-time savings and asset sales and fees which may or may not come to pass. It also does not reduce the spending as it should to that level permanently. It keeps the spending levels artificially high.

It adds a lot of legislation in a reconciliation bill. For one thing, it adds a National Economic Commission for Comprehensive Study. We have a Joint Economic Committee, two Budget Committees, two Appropriations Committees, a Ways and Means and Finance Committee, and a Congressional Budget Office. We do not need another Joint Economic Commission or National Economic Commission. That failed on its own merits.

It also adds the nuclear waste repository language which has never been studied by this House and has never come before the committee. It selects Nevada, which has very little clout. It selects the routes through the northern part of the area. It puts $10 million of new spending in the budget. We ought to have a right to vote on that.

Let me say also that we should have cut down to $108 billion this year. That was the original Gramm-Rudman proposal, or at least a fourth of what remains, and that would have been at least $36 billion. Instead, we are carrying it at $23 billion, and frankly I think it is a sham. We are not doing anywhere near what we were supposed to do, and I believe this issue should be soundly rejected.

Mr. Speaker, I agree with some of my colleagues on the other side of the aisle that it does not treat Medicare properly and does not treat national student loans properly. I think a cut across the board would be nicer and fairer for all concerned.

Mr. LATTA. Mr. Speaker, I yield 1 minute to the gentleman from Virginia [Mr. BATEMAN].

Mr. BATEMAN. Mr. Speaker, I thank the gentleman for yielding me this time.

Mr. Speaker, let me say that I cannot stand in this well and commend our leadership, whether it be at the White House or whether it be in this body or the other body, for what they have brought forth. I think it is inadequate, and it is inadequate because there are significant process institutional problems with what we are dealing with. We have been here for 11 months. We have dealt with it in the context of that problem, the institutional problem that is involved, but we never confronted that. Now that we are here at the 11th hour of the 12th month, we must make choices. I have to consider what my alternatives are. I do not like them. I do not like this bill, but I like less the alternatives of government by paralysis, and, therefore, however reluctantly, I am compelled to vote for this bill. But I suggest to my colleagues that we do not deserve the excuse of going through the 2d session of the 100th Congress of the United States without addressing ourselves to the dismal process by which we bring forth such a product.

Mr. LATTA. Mr. Speaker, I yield 2 minutes to the gentleman from Nevada [Mr. BILBRAY].

Mr. BILBRAY. Mr. Speaker, my State in the last few days has experienced something that no small State should experience. This bill, which was supposed to raise taxes and to cut expenses, has been used as a vehicle by the other House to place a nuclear repository in our State.

Our delegation has fought together. The gentlewoman from Nevada [Mrs. VUCANOVICH] and myself and the junior Senator from our State have fought vigorously to oppose this. It is not right that it is placed in this bill. It has made a bad bill an even worse bill. It is one that none of us wanted to support, but we thought we had to support it because of the needs, because of the Gramm-Rudman-Hollings cuts.

Now we ask the Members to look over carefully what is being done. A small State, with four congressional representatives, has been put upon by a stronger delegation. The senior Senator from the State of Louisiana has had his way. The Nuclear Waste Policy Act will be shredded and will be replaced not with scientific analysis but, rather, with congressional fiat.

Nevada does not produce any nuclear waste. They explode A-bombs in our area, and hydrogen bombs. We certainly carry our share of the national defense budget, and we have carried this load from the 1950's to the present. We have no reactor, we have no nuclear powerplants, but yet we are asked now to take all the nuclear waste from all over the country. Many of the Members had better look at those routes that are being placed upon us. As the gentleman from Utah [Mr. NIELSON] said, these routes are going to come right through Missouri, Kansas, Arizona, New Mexico, and all the Western States and many of the Southern States. Thousands of truckloads of nuclear high-level radioactive waste will be delivered through your States. We do not think it is right that the big delegations should attack our small State.

Mr. Speaker, we ask for fairness in this bill, and I ask that everyone here consider that when they vote "no" on this bill.

Mr. Speaker, these last few days I have watched this body, in a bipartisan spirit, choose to dump it's nuclear waste program in my State. Nevada does not produce high level nuclear waste, nor do we have any nuclear reactors. Yet, because we are a small State, with a small congressional delegation, we have been run over.

Nevada's House delegation has fought shoulder to shoulder to bring sense to this body. My friend and colleague, Congresswoman BARBARA VUCANOVICH has worked long and hard to keep nuclear waste out of Nevada.

In the other body, Senator HARRY REID, led a long filibuster to try to prevent what is happening here today.

But today, the senior Senator from Louisiana has had his way. The Nuclear Waste Policy Act, will be shredded, and will be replaced, not with scientific analysis, but rather with congressional fiat.

The senior Senator from Louisiana broke the filibuster, but not Nevada's will.

Gov. Richard Bryan has vowed to fight this decision in the courts, and if all the telephone calls his office is receiving is any indication, he will not lack support from Nevada's citizens.

This is my first year of my first term, and until this week I was proud to say that I had learned a great deal. Now, I am not so proud of some of the things I have learned. When I came here many a senior Member gave me sage advice about keeping my word. During orientation I was told that Congress works on our word. That all the rules in the world could not make this House work, if we could not keep our word. It is enough to say that I have learned a different lesson this last week.

I have learned, and my State has yet to learn the ways of Washington. Back home, they ask: if we must take the dump, where is *receive, review and certify for payment the applications for said grants.*

COMMISSION ON CIVIL RIGHTS

SALARIES AND EXPENSES

For necessary expenses of the Commission on Civil Rights, including hire of passenger motor vehicles, $5,707,000, of which $2,000,000 is for regional offices and $700,000 is for civil rights monitoring activities: Provided, That not to exceed $20,000 may be used to employ consultants: Provided further, That not to exceed $185,000 may be used to employ temporary or special needs appointees: Provided further, That none of the funds shall be used to employ in excess of four full-time individuals under Schedule C of the Excepted Service, exclusive of one special assistant for each Commissioner whose compensation shall not exceed the equivalent of 150 billable days at the daily rate of a level 11 salary under the General Schedule: Provided further, That not to exceed $40,000 shall be available for new, continuing or modifications of contracts for performance of mission-related external services: Provided further, That none of the funds shall be used to reimburse Commissioners for more than 75 billable days, with the exception of the Chairman who is permitted 125 billable days: Provided further, That the General Accounting Office shall perform a mid-year audit of the Commission to determine compliance with this section and shall report its findings to the Appropriations Committees of the Senate and House of Representatives by June 1, 1988.

COMMISSION ON SECURITY AND COOPERATION IN EUROPE

SALARIES AND EXPENSES

For necessary expenses of the Commission on Security and Cooperation in Europe, as authorized by Public Law 94–304, $701,000, to remain available until expended: Provided, That not to exceed $6,000 of such amount shall be available for official reception and representation expenses.

COMMISSION FOR THE STUDY OF INTERNATIONAL MIGRATION AND COOPERATIVE ECONOMIC DEVELOPMENT

SALARIES AND EXPENSES

For necessary expenses of the Commission for the Study of International Migration and Cooperative Economic Development as authorized by title VI of Public Law 99–603, $870,000, to remain available until expended.

EQUAL EMPLOYMENT OPPORTUNITY COMMISSION

SALARIES AND EXPENSES

For necessary expenses of the Equal Employment Opportunity Commission as authorized by title VII of the Civil Rights Act of 1964, as amended (29 U.S.C. 206(d) and 621–634), including services as authorized by 5 U.S.C. 3109; hire of passenger motor vehicles; not to exceed $20,000,000 for payments to State and local enforcement agencies for services to the Commission pursuant to title VII of the Civil Rights Act, as amended, and sections 6 and 14 of the Age Discrimination in Employment Act; $179,812,000: Provided, That the final rule regarding unsupervised waivers under the Age Discrimination in Employment Act, issued by the Commission on August 27, 1987 (29 CFR sections 1627.16(c)(1)–(3)), shall not have effect during fiscal year 1988: Provided further, That none of the funds may be obligated or expended by the Commission to give effect to any policy or practice pertaining to unsupervised waivers under the Age Discrimination in Employment Act.

FEDERAL COMMUNICATIONS COMMISSION

SALARIES AND EXPENSES

For necessary expenses of the Federal Communications Commission, as authorized by law, including uniforms and allowances therefor, as authorized by law (5 U.S.C. 5901–02); not to exceed $300,000 for land and structures; not to exceed $300,000 for improvement and care of grounds and repair to buildings; not to exceed $4,000 for official reception and representation expenses; purchase (not to exceed ten) and hire of motor vehicles; special counsel fees; and services as authorized by 5 U.S.C. 3109; $99,613,000, of which not to exceed $300,000 of the foregoing amount shall remain available until September 30, 1989, for research and policy studies: Provided, That none of the funds appropriated by this Act shall be used to repeal, to retroactively apply changes in, or to continue a reexamination of, the policies of the Federal Communications Commission with respect to comparative licensing, distress sales and tax certificates granted under 26 U.S.C. 1071, to expand minority and women ownership of broadcasting licenses, including those established in Statement of Policy on Minority Ownership of Broadcast Facilities, 68 F.C.C. 2d 979 and 69 F.C.C. 2d 1591, as amended 52 R.R. 2d 1313 (1982) and Mid-Florida Television Corp., 60 F.C.C. 2d 607 Rev. Bd. (1978), which were effective prior to September 12, 1986, other than to close MM Docket No. 86–484 with a reinstatement of prior policy and a lifting of suspension of any sales, licenses, applications, or proceedings, which were suspended pending the conclusion of the inquiry: Provided further, That none of the funds appropriated to the Federal Communications Commission by this Act may be used to diminish the number of VHF channel assignments reserved for noncommercial educational television stations in the Television Table of Assignments (section 73.606 of title 47, Code of Federal Regulations): Provided further, That none of the funds appropriated by this Act or any other Act may be used to repeal, to retroactively apply changes in, or to begin or continue a re-examination of the rules of the Federal Communications Commission with respect to the common ownership of a daily newspaper and a television station where the grade A contour of the television station encompasses the entire community in which the newspaper is published, or to extend the time period of current grants of temporary waivers to achieve compliance with such rules: Provided further, That no funds appropriated to the Federal Communications Commission shall be used prior to March 22, 1988 to accept or grant any applications to construct or operate cellular systems in rural service areas.

FEDERAL MARITIME COMMISSION

SALARIES AND EXPENSES

For necessary expenses of the Federal Maritime Commission, including services as authorized by 5 U.S.C. 3109; hire of passenger motor vehicles; and uniforms or allowances therefor, as authorized by 5 U.S.C. 5901–02; $13,585,000: Provided, That not to exceed $1,500 shall be available for official reception and representation expenses.

FEDERAL TRADE COMMISSION

SALARIES AND EXPENSES

For necessary expenses of the Federal Trade Commission, including uniforms or allowances therefor, as authorized by 5 U.S.C. 5901–5902; services as authorized by 5 U.S.C. 3109; hire of passenger motor vehicles; and not to exceed $2,000 for official reception and representation expenses; the sum of $66,243,000: Provided, That the funds appropriated in this paragraph are subject to the limitations and provisions of sections 10(a) and 10(c) (notwithstanding section 10(e)), 11(b), 18, and 20 of the Federal Trade Commission Improvements Act of 1980 (Public Law 96–252; 94 Stat. 374).

INTERNATIONAL TRADE COMMISSION

SALARIES AND EXPENSES

For necessary expenses of the International Trade Commission, including hire of passenger motor vehicles and services as authorized by 5 U.S.C. 3109, and not to exceed $2,500 for official reception and representation expenses, $34,750,000.

JAPAN-UNITED STATES FRIENDSHIP COMMISSION

JAPAN-UNITED STATES FRIENDSHIP TRUST FUND

For expenses of the Japan-United States Friendship Commission as authorized by Public Law 94–118, as amended, from the interest earned on the Japan-United States Friendship Trust Fund, $1,200,000, to remain available until expended; and an amount of Japanese currency not to exceed the equivalent of $1,700,000 based on exchange rates at the time of payment of such amounts, to remain available until expended: Provided, That not to exceed a total of $3,500 of such amounts shall be available for official reception and representation expenses.

LEGAL SERVICES CORPORATION

PAYMENT TO THE LEGAL SERVICES CORPORATION

For payment to the Legal Services Corporation to carry out the purposes of the Legal Services Corporation Act of 1974, as amended, $305,500,000 of which $261,294,000 is for basic field programs, $7,022,000 is for Native American programs, $9,698,000 is for migrant programs, $1,100,000 is for law school clinics, $1,000,000 is for supplemental field programs, $624,000 is for regional training centers, $7,228,000 is for national support, $7,843,000 is for State support, $865,000 is for the Clearinghouse, $510,000 is for computer assisted legal research regional centers, and $8,316,000 is for Corporation management and administration: Provided, That none of the funds appropriated in this paragraph shall be expended for any purpose prohibited or limited by or contrary to any of the provisions of Public Law 99–180 and section 112 of Public Law 99–190: Provided further, That the funds distributed to each grantee funded in fiscal year 1988 pursuant to the number of poor people determined by the Bureau of the Census to be within its geographical area shall be distributed in the following order:

(1) grants from the Legal Services Corporation and contracts entered into with the Legal Services Corporation under section 1006(a)(1) shall be maintained in fiscal year 1988 at not less than 1 per centum more than the annual level at which each grantee and contractor was funded in fiscal year 1987 or $8.30 per poor person within its geographical area under the 1980 Census, whichever is greater; and

(2) each such grantee shall be increased by an equal percentage of the amount by which such grantee's funding, including the increase under the first priority above, falls below $14.56 per poor person within its geographical area under the 1980 census:

Provided further, That if funds become available because a national support center has been defunded or denied refunding pursuant to section 1011(2) of the Legal Serv-

ices Corporation Act, as amended by this Act, such funds may be transferred to basic field programs, to be distributed in the manner specified by this paragraph, if the Appropriations Committees of both Houses of Congress have been notified pursuant to section 608 of this Act: Provided further, That the Corporation shall utilize the same formula for distribution of fiscal year 1988 migrant funds as was used in fiscal year 1987: Provided further, That none of the funds appropriated by this Act or prior Acts may be used by an officer, board member, employee or consultant of the Corporation to implement or enforce provisions in the regulation regarding legislative and administrative advocacy and training (Part 1612, 52 FR 28434 (July 29, 1987)) which impose restrictions on private funds received by a recipient for the provision of legal assistance except to the extent that such restrictions are explicitly authorized by sections 1007 (a)(5), (b)(6), (b)(7), and 1010(c) of the LSC Act: Provided further, That the Corporation shall not impose requirements on governing bodies of recipients that are additional to, or more restrictive than, the provisions of Public Law 99-180 and section 1007(c) of the Legal Services Corporation Act including, but not limited to (1) the procedures of appointment, including the political affiliation and the length of terms of, board members and (2) the size, quorum requirements, and committee operations of such governing bodies.

MARINE MAMMAL COMMISSION

SALARIES AND EXPENSES

For necessary expenses of the Marine Mammal Commission as authorized by title II of Public Law 92-522, as amended, $953,000.

OFFICE OF THE UNITED STATES TRADE REPRESENTATIVE

SALARIES AND EXPENSES

For necessary expenses of the Office of the United States Trade Representative, including the hire of passenger motor vehicles and the employment of experts and consultants as authorized by 5 U.S.C. 3109, $15,229,000, of which $1,000,000 shall remain available until expended: Provided, That not to exceed $69,000 shall be available for official reception and representation expenses.

SECURITIES AND EXCHANGE COMMISSION

SALARIES AND EXPENSES

For necessary expenses of the Securities and Exchange Commission, including services as authorized by 5 U.S.C. 3109, and not to exceed $9,000 for official reception and representation expenses, $135,221,000, of which not to exceed $10,000 may be used toward funding a permanent secretariat for the International Association of Securities Commissioners.

SMALL BUSINESS ADMINISTRATION

SALARIES AND EXPENSES

(INCLUDING TRANSFER OF FUNDS)

For necessary expenses, not otherwise provided for, of the Small Business Administration, including hire of passenger motor vehicles and not to exceed $2,500 for official reception and representation expenses $175,832,000; and for grants for performance in fiscal year 1988 or fiscal year 1989 for Small Business Development Centers as authorized by section 21(a) of the Small Business Act, as amended, $40,000,000: Provided, That not more than $350,000 of this amount shall be made available to pay the expenses of the National Small Business Development Center Advisory Board and to reimburse centers for participating in evaluations as provided in section 20(a) of such Act, and to maintain a clearinghouse as provided in section 21(g)(2) of such Act: Provided further, That none of the funds appropriated or made available by this Act or otherwise appropriated or made available to the Small Business Administration shall be used to adopt, implement, or enforce any rule or regulation with respect to the Small Business Development Center program authorized by section 21 of the Small Business Act, as amended (15 U.S.C. 648) nor may any of such funds be used to impose any restrictions, conditions or limitations on such program whether by standard operating procedure, audit guidelines or otherwise, unless such restrictions, conditions or limitations were in effect on October 1, 1987, unless specifically approved by the Committees on Appropriations under reprogramming procedures; nor may any of such funds be used to restrict in any way the right of association of participants in such program: Provided further, That the staffing levels at the Small Business Administration District Office, Clarksburg, West Virginia and the Small Business Administration Branch Office, Charleston, West Virginia, shall be maintained at the same levels that were in place as of August 30, 1987. In addition, $88,228,000 for disaster loan-making activities, including loan servicing, shall be transferred to this appropriation from the "Disaster Loan Fund".

None of the funds made available under this joint resolution or any subsequent appropriations act for fiscal year 1988 for the Small Business Administration shall be used to promulgate final regulations adjusting numerical size standards as required by section 921 (f) and (h) of Public Law 99-661 and section 921 (f) and (h) of Public Law 99-591 prior to May 31, 1988.

REVOLVING FUNDS

The Small Business Administration is hereby authorized to make such expenditures, within the limits of funds and borrowing authority available to its revolving funds, and in accord with the law, and to make such contracts and commitments without regard to fiscal year limitations as provided by section 104 of the Government Corporation Control Act, as amended, as may be necessary in carrying out the programs set forth in the budget for the current fiscal year for the "Disaster Loan Fund", the "Business Loan and Investment Fund", the "Lease Guarantees Revolving Fund", the "Pollution Control Equipment Contract Guarantees Revolving Fund", and the "Surety Bond Guarantees Revolving Fund".

BUSINESS LOAN AND INVESTMENT FUND

For additional capital for the "Business Loan and Investment Fund", $91,000,000, to remain available without fiscal year limitation; and for additional capital for new direct loan obligations to be incurred by the "Business Loan and Investment Fund", $85,000,000, to remain available without fiscal year limitation.

SURETY BOND GUARANTEES REVOLVING FUND

For additional capital for the "Surety Bond Guarantees Revolving Fund", authorized by the Small Business Investment Act, as amended, $9,497,000, to remain available without fiscal year limitation.

POLLUTION CONTROL EQUIPMENT CONTRACT GUARANTEE REVOLVING FUND

For additional capital for the "Pollution control equipment contract guarantee revolving fund" authorized by the Small Business Investment Act, as amended, $13,656,000, to remain available without fiscal year limitation.

STATE JUSTICE INSTITUTE

SALARIES AND EXPENSES

For necessary expenses of the State Justice Institute, as authorized by Public Law 98-620, $10,980,000, to remain available until expended.

UNITED STATES INFORMATION AGENCY

SALARIES AND EXPENSES

For expenses, not otherwise provided for, necessary to enable the United States Information Agency, as authorized by Reorganization Plan No. 2 of 1977, the Mutual Educational and Cultural Exchange Act of 1961, as amended (22 U.S.C. 2451 et seq.), and the United States Information and Educational Exchange Act of 1948, as amended (22 U.S.C. 1431 et seq.), to carry out international communication, educational and cultural activities, including employment, without regard to civil service and classification laws, of persons on a temporary basis (not to exceed $270,000, of which $250,000 is to facilitate United States participation in international expositions abroad); expenses authorized by the Foreign Service Act of 1980 (22 U.S.C. 3901 et seq.), living quarters as authorized by 5 U.S.C. 5912, and allowances as authorized by 5 U.S.C. 5921-5928 and 22 U.S.C. 287e-1; and entertainment, including official receptions, within the United States, not to exceed $20,000; $620,347,000, none of which shall be restricted from use for the purposes appropriated herein and of which $36,900,000 shall be available for the Television and Film Service: Provided, That not to exceed $1,070,000 may be used for representation abroad: Provided further, That not to exceed $14,557,000 of the amounts allocated by the United States Information Agency to carry out section 102(a)(3) of the Mutual Educational and Cultural Exchange Act, as amended (22 U.S.C. 2452(a)(3)), shall remain available until expended: Provided further, That not to exceed $500,000 shall remain available until expended, for expenses (including those authorized by the Foreign Service Act of 1980) and equipment necessary for maintenance and operation of such data processing and administrative services as the Director determines may be performed advantageously and more economically as central services: Provided further, That not to exceed $3,650,000 may be credited to this appropriation from fees or other payments received from or in connection with English teaching, library, motion picture, and television programs as authorized by section 810 of the United States Information and Educational Exchange Act of 1948, as amended: Provided further, That the funds appropriated by this paragraph shall be available, notwithstanding section 201(2) and 204 of H.R. 1777 (the Foreign Relations Authorization Act, fiscal years 1988 and 1989) whenever it or alternative authorization legislation is enacted and notwithstanding section 701 of the United States Information and Educational Exchange Act of 1948, as amended.

EDUCATIONAL AND CULTURAL EXCHANGE PROGRAMS

Notwithstanding section 301(a)(1) through (7) of H.R. 1777 (the Foreign Relations Authorization Act, fiscal years 1988 and 1989), for expenses of Fulbright, International Visitor, Humphrey Fellowship and Congress-Bundestag Exchange Programs, as authorized by Reorganization Plan No. 2 of 1977 and the Mutual Educational and Cultural

Exchange Act, as amended (22 U.S.C. 2451 et seq.), $142,310,000: Provided, That not less than $540,000 shall be made available to the Institute for Representative Government for a pilot program for exchanges of persons and other exchange-related activities with legislators and legislatures of developing democracies: Provided further, That not less than $2,000,000 shall be made available for a grant to the Oregon Historical Society to assist in the establishment of the North Pacific Research Center in Portland, Oregon. For the Private Sector Exchange Programs, $7,730,000 of which $500,000 shall be available only for the Seattle Goodwill Games Organizing Committee for Cultural Exchange and other exchange-related activities associated with the 1990 Goodwill Games to be held in Seattle, Washington.

RADIO BROADCASTING TO CUBA

For an additional amount, necessary to enable the United States Information Agency to carry out the Radio Broadcasting to Cuba Act (providing for the Radio Marti program or Cuba Service of the Voice of America), including the purchase, rent, construction, and improvement of facilities for radio transmission and reception and purchase and installation of necessary equipment for radio transmission and reception, $12,759,000, to remain available until expended, of which not to exceed $100,000 shall be available for the Advisory Board on Radio Broadcasting to Cuba for a feasibility study on television broadcasting to Cuba.

EAST-WEST CENTER

To enable the Director of the United States Information Agency to provide for carrying out the provisions of the Center for Cultural and Technical Interchange Between East and West Act of 1960, by grant to any appropriate recipient in the State of Hawaii, $20,000,000: Provided, That none of the funds appropriated herein shall be used to pay any salary, or to enter into any contract providing for the payment thereof, in excess of the highest rate authorized in the General Schedule of the Classification Act of 1949, as amended.

NATIONAL ENDOWMENT FOR DEMOCRACY

For grants made by the United States Information Agency to the National Endowment for Democracy as authorized by the National Endowment for Democracy Act, $16,875,000.

ADMINISTRATIVE PROVISION—UNITED STATES INFORMATION AGENCY

The United States Information Agency and the Voice of America shall pursue all relevant information relating to the availability of transmitters and antennas, spare parts, and other technical equipment to determine whether such items can be procured at reasonable prices and in a timely manner under all foreseeable circumstances. The agency and the Voice of America shall purchase American-manufactured equipment and materials to the fullest extent reasonably possible under the law in carrying out the facilities modernization program. This provision shall apply to all funds which are obligated for the facilities modernization program during fiscal year 1988. Where a foreign bidder receives any governmental subsidy, the price bid of each foreign bidder shall be increased by the amount of that subsidy as determined by the Department of Commerce for purposes of this procurement.

GENERAL PROVISIONS—RELATED AGENCIES

Funds appropriated to the United States Information Agency for radio construction and to the Board for International Broadcasting for facility modernization, including for both agencies balances available from prior years, may be transferred between the two agencies to meet priority broadcasting facility improvement needs as mutually agreed to by the Director of the United States Information Agency and the Chairman of the Board for International Broadcasting: Provided, That such transfers will be subject to the approval of the Committees on Appropriations of the House of Representatives and the United States Senate pursuant to the reprogramming provisions of section 608 of this Act.

TITLE VI—GENERAL PROVISIONS

SEC. 601. No part of any appropriation contained in this Act shall be used for publicity or propaganda purposes not authorized by the Congress.

SEC. 602. No part of any appropriation contained in this Act shall remain available for obligation beyond the current fiscal year unless expressly so provided herein.

SEC. 603. The expenditure of any appropriation under this Act for any consulting service through procurement contract, pursuant to 5 U.S.C. 3109, shall be limited to those contracts where such expenditures are a matter of public record and available for public inspection, except where otherwise provided under existing law, or under existing Executive order issued pursuant to existing law.

SEC. 604. If any provision of this Act or the application of such provision to any person or circumstances shall be held invalid, the remainder of the Act and the application of such provision to persons or circumstances other than those as to which it is held invalid shall not be affected thereby.

SEC. 605. None of the funds appropriated in titles II and V of this Act may be used for any activity to alter the per se prohibition on resale price maintenance in effect under Federal antitrust laws: Provided, That nothing in this provision shall prohibit any employee of a department or agency for which funds are provided in titles II and V of this Act from presenting testimony on this matter before appropriate committees of the House and Senate.

SEC. 606. None of the funds appropriated by this Act to the Legal Services Corporation may be used by the Corporation or any recipient to participate in any litigation with respect to abortion.

SEC. 607. No funds appropriated under this Act may be used to procure any item or service from a foreign entity which engages, directly or indirectly, in activities which, if it were a United States person, would violate section 8 of the Export Administration Act of 1979 (50 U.S.C. Appendix, section 2401 et seq.)

SEC. 608. (a) None of the funds provided under this Act shall be available for obligation or expenditure through a reprogramming of funds which: (1) creates new programs; (2) eliminates a program, project, or activity; (3) increases funds or personnel by any means for any project or activity for which funds have been denied or restricted; (4) relocates an office or employees; (5) reorganizes offices, programs, or activities; or (6) contracts out or privatizes any functions or activities presently performed by Federal employees; unless the Appropriations Committees of both Houses of Congress are notified fifteen days in advance of such reprogramming of funds.

(b) None of the funds provided under this Act shall be available for obligation or expenditure for activities, programs, or projects through a reprogramming of funds in excess of $250,000 or 10 per centum, whichever is less, that: (1) augments existing programs, projects, or activities; (2) reduces by 10 per centum funding for any existing program, project, or activity, or numbers of personnel by 10 per centum as approved by Congress; or (3) results from any general savings from a reduction in personnel which would result in a change in existing programs, activities, or projects as approved by Congress, unless the Appropriations Committees of both Houses of Congress are notified fifteen days in advance of such reprogramming of funds.

SEC. 609. No funds appropriated under this Act may be used to sell direct loans which are held by the Small Business Administration or any loan guaranty or debenture guaranty made by the Small Business Administration under the authority contained in the Small Business Investment Act of 1958, and which was held by the Federal Financing Bank on September 30, 1987.

SEC. 610. (a) Unless specifically permitted by subsequently enacted legislation, none of the funds appropriated or made available by this Act to the Small Business Administration may be used—

(1) to impose a user fee in connection with a Small Business Administration program or service for which no user fee was in effect on September 1, 1987, or

(2) to increase a user fee which was in effect in connection with such a program or service on such date.

TITLE VII—CUBAN POLITICAL PRISONERS AND IMMIGRANTS

SEC. 701. This title may be cited as "Cuban Political Prisoners and Immigrants".

SEC. 702. (a) PROCESSING OF CERTAIN CUBAN POLITICAL PRISONERS AS REFUGEES.—In light of the announcement of the Government of Cuba on November 20, 1987, that it would reimplement immediately the agreement of December 14, 1984, establishing normal migration procedures between the United States and Cuba, on and after the date of enactment of this Act, consular officer of the Department of State and appropriate officers of the Immigration and Naturalization Service shall, in accordance with the procedures applicable to such cases in other countries, process any application for admission to the United States as a refugee from any Cuban national who was imprisoned for political reasons by the Government of Cuba on or after January 1, 1959, without regard to the duration of such imprisonment, except as may be necessary to reassure the orderly process of available applicants.

(b) PROCESSING OF IMMIGRANT VISA APPLICATIONS OF CUBAN NATIONALS IN THIRD COUNTRIES.—Notwithstanding section 212(f) and section 243(g) of the Immigration and Nationality Act, on and after the date of the enactment of this Act, consular officers of the Department of State shall process immigrant visa applications by nationals of Cuba located in third countries on the same basis as immigrant visa applications by nationals of other countries.

(c) DEFINITIONS.—For purposes of this section:

(1) The term "process" means the acceptance and review of applications and the preparation of necessary documents and the making of appropriate determinations with respect to such applications.

(2) The term "refugee" has the meaning given such term in section 101(a)(42) of the Immigration and Nationality Act.

TITLE VIII—INDOCHINESE REFUGEE RESETTLEMENT AND PROTECTION ACT OF 1987

SEC. 801. This title may be cited as the "Indochinese Refugee Resettlement and Protection Act of 1987".

SEC. 802. (a) FINDINGS.—It is the sense of the Congress that—

(1) the continued occupation of Cambodia by Vietnam and the oppressive conditions within Vietnam, Cambodia, and Laos have led to a steady flight of persons from those countries, and the likelihood for the safe repatriation of the hundreds of thousands of refugees in the region's camps is negligible for the foreseeable future;

(2) the United States has already played a major role in responding to the Indochinese refugee problem by accepting approximately 850,000 Indochinese refugees into the United States since 1975 and has a continued interest in persons who have fled and continue to flee the countries of Cambodia, Laos, and Vietnam;

(3) Hong Kong, Indonesia, Malaysia, Singapore, the Philippines, and Thailand have been the front line countries bearing tremendous burdens caused by the flight of these persons;

(4) all members of the international community bear a share of the responsibility for the deterioration in the refugee first asylum situation in Southeast Asia because of slow and limited procedures, failure to implement effective policies for the region's "long-stayer" populations, failure to monitor adequately refugee protection and screening programs, particularly along the Thai-Cambodian and Thai-Laotian borders, and the instability of the Orderly Departure Program (ODP) from Vietnam which has served as the only safe, legal means of departure from Vietnam for refugees, including Amerasians and long-held "reeducation camp" prisoners;

(5) the Government of Thailand should be complimented for allowing the United States to process ration card holders in Khao I Dang and potentially qualified immigrants in Site 2 and in Khao I Dang;

(6) given the serious protection problem in Southeast Asian first asylum countries and the need to preserve first asylum in the region, the United States should continue its commitment to an ongoing, generous admission and protection program for Indochinese refugees, including urgently needed educational programs for refugees along the Thai-Cambodian and Thai-Laotian borders, until the underlying causes of refugee flight are addressed and resolved;

(7) the executive branch should seek adequate funding levels to meet United States policy objectives to ensure the well-being of Indochinese refugees in first asylum, and to process 29,500 Indochinese refugees within the overall refugee admissions level of 68,000 as determined by the President; and

(8) the Government of Thailand should be complimented for the progress that has been made in implementing an effective antipiracy program.

(b) RECOMMENDATIONS.—The Congress finds and recommends the following with respect to Indochinese refugees:

(1) The Secretary of State should urge the Government of Thailand to allow full access by highland refugees to the Lao Screening Program, regardless of the method of their arrival or the circumstances of their apprehension, and should intensify its efforts to persuade the Government of Laos to accept the safe return of persons rejected under the Lao Screening Program.

(2) Refugee protection and monitoring activities should be expanded along the Thai-Laotian border in an effort to identify and report on incidents of refugees forcibly repatriated into Laos.

(3) The Secretary of State should urge the Government of Thailand to address immediately the problems of protection associated with the Khmer along the Thai-Cambodian border. The Government of Thailand, along with appropriate international relief agencies, should develop and implement a plan to provide for greater security and protection for the Khmer at the Thai border.

(4) The international community should increase its efforts to assure that Indochinese refugee camps are protected, that refugees have access to a free market at Site 2, and that international observers and relief personnel are present on a 24-hour-a-day basis at Site 2 and any other camp where it is deemed necessary.

(5) The Secretary of State should make every effort to identify each person at Site 2 who may qualify for admission to the United States as an immigrant and for humanitarian parole.

(6) The United Nations High Commissioner for Refugees should be pressed to upgrade staff presence and the level of advocacy to revive the international commitment with regard to the problems facing Indochinese refugees in the region, and to pursue voluntary repatriation possibilities in cases where monitoring is available and the safety of the refugees is assured.

(c) ALLOCATIONS OF REFUGEE ADMISSIONS.—Given the existing connection between ongoing resettlement and the preservation of first asylum, the United States and the United Nations High Commissioner for Refugees should redouble efforts to assure a stable and secure environment for refugees while dialog is pursued on other long-range solutions, it is the sense of the Senate that—

(1) within the worldwide refugee admissions ceiling determined by the President, the President should allocate—

(A) at least 28,000 admissions from East Asia, first-asylum camps,

(B) at least 8,500 admissions for the Orderly Departure Program, for each of the fiscal years 1988, 1989, and 1990; and

(2) within the allocation made by the President for the Orderly Departure Program from Vietnam pursuant to paragraph (1)(B), admissions allocated in a fiscal year under priorities II and III of the program (as defined in the Department of State Bureau for Refugee Programs worldwide processing priorities) and the number of admissions allocated for Amerasians and their immediate family members under priority I, should be generous.

(d) INTERNATIONAL SOLUTIONS TO REFUGEE PROBLEMS.—It is the sense of the Congress that—

(1) renewed international efforts must be taken to address the problem of Indochinese refugees who have lived in camps for 3 years or longer; and

(2) the Secretary of State should urge the United Nations High Commissioner for Refugees to organize immediately an international conference to address the problems of Indochinese refugees.

SEC. 803. REPORTING REQUIREMENT.—The President shall submit a report to Congress within 180 days after the date of the enactment of this Act on the respective roles of the Immigration and Naturalization Service and the Department of State in the refugee program with recommendations for improving the effectiveness and efficiency of the program.

SEC. 804. FINDINGS AND DECLARATIONS.—The Congress makes the following findings and declarations:

(a) Thousands of children in the Socialist Republic of Vietnam were fathered by American civilians and military personnel.

(b) It has been reported that many of these Amerasian children are ineligible for ration cards and often beg in the streets, peddle black market wares, or prostitute themselves.

(c) The mothers of Amerasian children in Vietnam are not eligible for government jobs or employment in government enterprises and many are estranged from their families and are destitute.

(d) Amerasian children and their families have undisputed ties to the United States and are of particular humanitarian concern to the United States.

(e) The United States has a longstanding and very strong commitment to receive the Amerasian children in Vietnam, if they desire to come to the United States.

TITLE IX—ADJUSTMENT TO LAWFUL RESIDENT STATUS OF CERTAIN NATIONALS OF COUNTRIES FOR WHICH EXTENDED VOLUNTARY DEPARTURE HAS BEEN MADE AVAILABLE

SEC. 901. This title may be cited as "Adjustment to Lawful Resident Status of Certain Nationals of Countries for Which Extended Voluntary Departure Has Been Made Available".

SEC. 902. (a) ADJUSTMENT OF STATUS.—The status of any alien who is a national of a foreign country the nationals of which were provided (or allowed to continue in) "extended voluntary departure" by the Attorney General on the basis of a nationality group determination at any time during the 5-year period ending on November 1, 1987, shall be adjusted by the Attorney General to that of an alien lawfully admitted for temporary residence if the alien—

(1) applies for such adjustment within two years after the date of the enactment of this Act;

(2) establishes that (A) the alien entered the United States before July 21, 1984, and (B) has resided continuously in the United States since such date and through the date of the enactment of this Act;

(3) establishes continuous physical presence in the United States (other than brief, casual, and innocent absences) since the date of the enactment of this Act;

(4) in the case of an alien who entered the United States as a nonimmigrant before July 21, 1984, establishes that (A) the alien's period of authorized stay as a nonimmigrant expired not later than six months after such date through the passage of time or (B) the alien applied for asylum before July 21, 1984; and

(5) meets the requirements of section 245A(a)(4) of the Immigration and Nationality Act (8 U.S.C. 1255a(a)(4)).

The Attorney General shall provide for the acceptance and processing of applications under this subsection by not later than 90 days after the date of the enactment of this Act.

(b) STATUS AND ADJUSTMENT OF STATUS.—The provisions of subsections (b), (c)(6), (d), (f), (g), (h), and (i) of section 245A of the Immigration and Nationality Act (8 U.S.C. 1255a) shall apply to aliens provided temporary residence under subsection (a) in the same manner as they apply to aliens provided lawful temporary residence status under section 245A(a) of such Act.

This Act may be cited as the "Departments of Commerce, Justice, and State, the Judiciary, and Related Agencies Appropriation Act, 1988".

And the Senate agree to the same.

Amendment numbered 3:

That the House recede from its disagreement to the amendment of the Senate numbered 3, and agree to the same with an amendment, as follows:

In lieu of the matter stricken and inserted by said amendment, insert the following:

(b) Such amounts as may be necessary for programs, projects or activities provided for in the Department of Defense Appropriations Act, 1988, at a rate of operations and to the extent and in the manner provided for, the provisions of such Act to be effective as if it had been enacted into law as the regular appropriations Act, as follows:

AN ACT

Making appropriations for the Department of Defense for the fiscal year ending September 30, 1988, and for other purposes.

TITLE I

MILITARY PERSONNEL

MILITARY PERSONNEL, ARMY

For pay, allowances, individual clothing, subsistence, interest on deposits, gratuities, permanent change of station travel (including all expenses thereof for organizational movements), and expenses of temporary duty travel between permanent duty stations, for members of the Army on active duty (except members of reserve components provided for elsewhere), cadets, and aviation cadets; and for payments pursuant to section 156 of Public Law 97-377, as amended (42 U.S.C. 402 note), to section 229(b) of the Social Security Act (42 U.S.C. 429(b)), and to the Department of Defense Military Retirement Fund; $23,427,732,000.

MILITARY PERSONNEL, NAVY

For pay, allowances, individual clothing, subsistence, interest on deposits, gratuities, permanent change of station travel (including all expenses thereof for organizational movements), and expenses of temporary duty travel between permanent duty stations, for members of the Navy on active duty (except members of the Reserve provided for elsewhere), midshipmen, and aviation cadets; and for payments pursuant to section 156 of Public Law 97-377, as amended (42 U.S.C. 402 note), to section 229(b) of the Social Security Act (42 U.S.C. 429(b)), and to the Department of Defense Military Retirement Fund; $17,971,297,000.

MILITARY PERSONNEL, MARINE CORPS

For pay, allowances, individual clothing, subsistence, interest on deposits, gratuities, permanent change of station travel (including all expenses thereof for organizational movements), and expenses of temporary duty travel between permanent duty stations, for members of the Marine Corps on active duty (except members of the Reserve provided for elsewhere); and for payments pursuant to section 156 of Public Law 97-377, as amended (42 U.S.C. 402 note), to section 229(b) of the Social Security Act (42 U.S.C. 429(b)), and to the Department of Defense Military Retirement Fund; $5,478,266,000.

MILITARY PERSONNEL, AIR FORCE

For pay, allowances, individual clothing, subsistence, interest on deposits, gratuities, permanent change of station travel (including all expenses thereof for organizational movements), and expenses of temporary duty travel between permanent duty stations, for members of the Air Force on active duty (except members of reserve components provided for elsewhere), cadets, and aviation cadets; and for payments pursuant to section 156 of Public Law 97-377, as amended (42 U.S.C. 402 note), to section 229(b) of the Social Security Act (42 U.S.C. 429(b)), and to the Department of Defense Military Retirement Fund; $19,583,118,000.

RESERVE PERSONNEL, ARMY

For pay, allowances, clothing, subsistence, gratuities, travel, and related expenses for personnel of the Army Reserve on active duty under sections 265, 3021, and 3038 of title 10, United States Code, or while serving on active duty under section 672(d) of title 10, United States Code, in connection with performing duty specified in section 678(a) of title 10, United States Code, or while undergoing reserve training, or while performing drills or equivalent duty or other duty, and for members of the Reserve Officers' Training Corps, and expenses authorized by section 2131 of title 10, United States Code, as authorized by law; and for payments to the Department of Defense Military Retirement Fund; $2,239,365,000.

RESERVE PERSONNEL, NAVY

For pay, allowances, clothing, subsistence, gratuities, travel, and related expenses for personnel of the Navy Reserve on active duty under section 265 of title 10, United States Code, or while serving on active duty under section 672(d) of title 10, United States Code, in connection with performing duty specified in section 678(a) of title 10, United States Code, or while undergoing reserve training, or while performing drills or equivalent duty, and for members of the Reserve Officers' Training Corps, and expenses authorized by section 2131 of title 10, United States Code, as authorized by law; and for payments to the Department of Defense Military Retirement Fund; $1,496,522,000.

RESERVE PERSONNEL, MARINE CORPS

For pay, allowances, clothing, subsistence, gratuities, travel, and related expenses for personnel of the Marine Corps Reserve on active duty under section 265 of title 10, United States Code, or while serving on active duty under section 672(d) of title 10, United States Code, in connection with performing duty specified in section 678(a) of title 10, United States Code, or while undergoing reserve training, or while performing drills or equivalent duty, and for members of the Marine Corps platoon leaders class, and expenses authorized by section 2131 of title 10, United States Code, as authorized by law; and for payments to the Department of Defense Military Retirement Fund; $292,209,000.

RESERVE PERSONNEL, AIR FORCE

For pay, allowances, clothing, subsistence, gratuities, travel, and related expenses for personnel of the Air Force Reserve on active duty under sections 265, 8021, and 8038 of title 10, United States Code, or while serving on active duty under section 672(d) of title 10, United States Code, in connection with performing duty specified in section 678(a) of title 10, United States Code, or while undergoing reserve training, or while performing drills or equivalent duty or other duty, and for members of the Air Reserve Officers' Training Corps, and expenses authorized by section 2131 of title 10, United States Code, as authorized by law; and for payments to the Department of Defense Military Retirement Fund; $608,345,000.

NATIONAL GUARD PERSONNEL, ARMY

For pay, allowances, clothing, subsistence, gratuities, travel, and related expenses for personnel of the Army National Guard while on duty under section 265, 3021, or 3496 of title 10 or section 708 of title 32, United States Code, or while serving on duty under section 672(d) of title 10 or section 502(f) of title 32, United States Code, in connection with performing duty specified in section 678(a) of title 10, United States Code, or while undergoing training, or while performing drills or equivalent duty or other duty, and expenses authorized by section 2131 of title 10, United States Code, as authorized by law; and for payments to the Department of Defense Military Retirement Fund; $3,196,386,000.

NATIONAL GUARD PERSONNEL, AIR FORCE

For pay, allowances, clothing, subsistence, gratuities, travel, and related expenses for personnel of the Air National Guard on duty under section 265, 8021, or 8496 of title 10 or section 708 of title 32, United States Code, or while serving on duty under section 672(d) of title 10 or section 502(f) of title 32, United States Code, in connection with performing duty specified in section 678(a) of title 10, United States Code, or while undergoing training, or while performing drills or equivalent duty, or other duty, and expenses authorized by section 2131 of title 10, United States Code, as authorized by law; and for payments to the Department of Defense Military Retirement Fund; $976,939,000.

TITLE II

OPERATION AND MAINTENANCE

OPERATION AND MAINTENANCE, ARMY

For expenses, not otherwise provided for, necessary for the operation and maintenance of the Army, as authorized by law; and not to exceed $17,923,000 can be used for emergencies and extraordinary expenses, to be expended on the approval or authority of the Secretary of the Army, and payments may be made on his certificate of necessity for confidential military purposes; $20,853,205,000: Provided, That of the funds appropriated herein, $150,000 shall be available only to reimburse We The People 200, Incorporated, for expenses related to the celebration of the Bicentennial of the Constitution.

OPERATION AND MAINTENANCE, NAVY

For expenses, not otherwise provided for, necessary for the operation and maintenance of the Navy and the Marine Corps, as authorized by law; and not to exceed $3,886,000 can be used for emergencies and extraordinary expenses, to be expended on the approval or authority of the Secretary of the Navy, and payments may be made on his certificate of necessity for confidential military purposes; $23,601,462,000: Provided, That from the amounts of this appropriation for the alteration, overhaul and repair of naval vessels and aircraft, funds shall be available to acquire the alteration, overhaul and repair by competition between public and private shipyards and air rework facilities. The Navy shall certify that successful bids include comparable estimates of all direct and indirect costs for both public and private shipyards and air rework facilities. Competitions shall not be subject to section 502 of the Department of Defense Authorization Act, 1981, as amended, section 307 of the Department of Defense Authorization Act, 1985, or Office of Management and Budget Circular A-76: Provided further, That funds appropriated or made available *in this Act shall be obligated and expended to restore the facilities, activities and personnel levels, including specifically the medical facilities, activities and personnel levels, at the Memphis Naval Complex, Millington, Tennessee, to the fiscal year 1984 levels: Provided further, That in fiscal year 1988, of the amounts from this appropriation for the alteration, overhaul and repair of naval vessels and aircraft, funds shall be available for the performance of the New Threat Upgrade program on one such vessel in the Philadelphia Naval Shipyard: Provided further, That contracting to private shipyards for the New Threat Upgrade overhaul program shall utilize full and open competition among shipyards qualified for overhaul work: Provided further, That not less than $540,000 shall be available only to operate the Naval Investigative Service Regional Office in New Orleans, Louisiana.*

Operation and Maintenance, Marine Corps

For expenses, not otherwise provided for, necessary for the operation and maintenance of the Marine Corps, as authorized by law; $1,819,188,000.

Operation and Maintenance, Air Force

For expenses, not otherwise provided for, necessary for the operation and maintenance of the Air Force, as authorized by law; and not to exceed $6,775,000 can be used for emergencies and extraordinary expenses, to be expended on the approval or authority of the Secretary of the Air Force, and payments may be made on his certificate of necessity for confidential military purposes; $19,661,448,000, of which $22,000,000 shall be available only to operate a C-130E unit at McChord Air Force Base, Washington.

Operation and Maintenance, Defense Agencies

For expenses, not otherwise provided for, necessary for the operation and maintenance of activities and agencies of the Department of Defense (other than the military departments), as authorized by law; $7,112,951,000, of which not to exceed $10,789,000 can be used for emergencies and extraordinary expenses, to be expended on the approval or authority of the Secretary of Defense, and payments may be made on his certificate of necessity for confidential military purposes: Provided, That $900,000 is available to the Office of Economic Adjustment for making community planning assistance grants pursuant to section 2391 of title 10, United States Code, and joint community/military planning assistance grants for mitigation of operational impacts from encroachment: Provided further, That of the amounts appropriated herein, $53,375 shall be available only to operate the procurement outreach center in North Platte, Nebraska: Provided further, That $100,000 shall be made available for payment to the National Academy of Sciences for participation in the "Study of the Impact of National Security Controls on International Technology Transfer": Provided further, That $9,000,000 shall be made available to the General Services Administration for carrying out the provisions of section 2 under the heading "National Defense Stockpile Transaction Fund" as set forth in section 101(m) of this joint resolution.

Operation and Maintenance, Army Reserve

For expenses, not otherwise provided for, necessary for the operation and maintenance, including training, organization, and administration, of the Army Reserve; repair of facilities and equipment; hire of passenger motor vehicles; travel and transportation; care of the dead; recruiting; procurement of services, supplies, and equipment; and communications; $857,540,000.

Operation and Maintenance, Navy Reserve

For expenses, not otherwise provided for, necessary for the operation and maintenance, including training, organization, and administration, of the Navy Reserve; repair of facilities and equipment; hire of passenger motor vehicles; travel and transportation; care of the dead; recruiting; procurement of services, supplies, and equipment; and communications; $929,896,000.

Operation and Maintenance, Marine Corps Reserve

For expenses, not otherwise provided for, necessary for the operation and maintenance, including training, organization, and administration, of the Marine Corps Reserve; repair of facilities and equipment; hire of passenger motor vehicles; travel and transportation; care of the dead; recruiting; procurement of services, supplies, and equipment; and communications; $69,500,000.

Operation and Maintenance, Air Force Reserve

For expenses, not otherwise provided for, necessary for the operation and maintenance, including training, organization, and administration of the Air Force Reserve; repair of facilities and equipment; hire of passenger motor vehicles; travel and transportation; care of the dead; recruiting; procurement of services, supplies, and equipment; and communications; $1,000,981,000.

Operation and Maintenance, Army National Guard

For expenses of training, organizing, and administering the Army National Guard, including medical and hospital treatment and related expenses in non-Federal hospitals; maintenance, operation, and repairs to structures and facilities; hire of passenger motor vehicles; personnel services in the National Guard Bureau; travel expenses (other than mileage), as authorized by law for Army personnel on active duty, for Army National Guard division, regimental, and battalion commanders while inspecting units in compliance with National Guard Bureau regulations when specifically authorized by the Chief, National Guard Bureau; supplying and equipping the Army National Guard as authorized by law; and expenses of repair, modification, maintenance, and issue of supplies and equipment (including aircraft); $1,856,542,000.

Operation and Maintenance, Air National Guard

For operation and maintenance of the Air National Guard, including medical and hospital treatment and related expenses in non-Federal hospitals; maintenance, operation, repair, and other necessary expenses of facilities for the training and administration of the Air National Guard, including repair of facilities, maintenance, operation, and modification of aircraft; transportation of things; hire of passenger motor vehicles; supplies, materials, and equipment, as authorized by law for the Air National Guard; and expenses incident to the maintenance and use of supplies, materials, and equipment, including such as may be furnished from stocks under the control of agencies of the Department of Defense; travel expenses (other than mileage) on the same basis as authorized by law for Air National Guard personnel on active Federal duty, for Air National Guard commanders while inspecting units in compliance with National Guard regulations when specifically authorized by the Chief, National Guard Bureau; $1,958,063,000.

National Board for the Promotion of Rifle Practice, Army

For the necessary expenses and personnel services (other than pay and non-travel related allowances of members of the Armed Forces of the United States, except for members of the Reserve components thereof called or ordered to active duty to provide support for the national matches) in accordance with law, for construction, equipment, and maintenance of rifle ranges; the instruction of citizens in marksmanship; the promotion of rifle practice; the conduct of the national matches; the issuance of ammunition under the authority of title 10, United States Code, sections 4308 and 4311; the travel of rifle teams, military personnel, and individuals attending regional, national, and international competitions; and the payment to competitors at national matches under section 4312 of title 10, United States Code, of subsistence and travel allowances in excess of the amounts provided under section 4313 of title 10, United States Code; not to exceed $4,099,000, of which not to exceed $7,500 shall be available for incidental expenses of the National Board.

Claims, Defense

For payment, not otherwise provided for, of claims authorized by law to be paid by the Department of Defense (except for civil functions), including claims for damages arising under training contracts with carriers, and repayment of amounts determined by the Secretary concerned, or officers designated by him, to have been erroneously collected from military and civilian personnel of the Department of Defense, or from States, territories, or the District of Columbia, or members of the National Guard units thereof; $193,574,000.

Court of Military Appeals, Defense

For salaries and expenses necessary for the United States Court of Military Appeals; $3,241,000, and not to exceed $1,500 can be used for official representation purposes.

Environmental Restoration, Defense

(including transfer of funds)

For the Department of Defense; $402,800,000, to remain available until transferred: Provided, That the Secretary of Defense shall, upon determining that such funds are required for environmental restoration, reduction and recycling of hazardous waste, research and development associated with hazardous wastes and removal of unsafe buildings and debris of the Department of Defense, or for similar purposes (including programs and operations at sites formerly used by the Department of Defense), transfer the funds made available by this appropriation to other appropriations made available to the Department of Defense as the Secretary may designate, to be merged with and to be available for the same purposes and for the same time period as the appropriations of funds to which transferred: Provided further, That upon a determination that all or part of the funds transferred pursuant to this provision are not necessary for the purposes provided herein, such amounts may be transferred back to this appropriation.

Humanitarian Assistance

For transportation for humanitarian relief for refugees of Afghanistan, acquisition and shipment of transportation assets *to assist in the distribution of such relief, and for transportation and distribution of humanitarian and excess nonlethal supplies for worldwide humanitarian relief, as authorized by law; $13,000,000, to remain available for obligation until September 30, 1989: Provided, That the Department of Defense shall notify the Committees on Appropriations and Armed Services of the Senate and House of Representatives 21 days prior to the shipment of humanitarian relief which is intended to be transported and distributed to countries not previously authorized by Congress.*

TITLE III

PROCUREMENT

Aircraft Procurement, Army

For construction, procurement, production, modification, and modernization of aircraft, equipment, including ordnance, ground handling equipment, spare parts, and accessories therefor; specialized equipment and training devices; expansion of public and private plants, including the land necessary therefor, for the foregoing purposes, and such lands and interests therein, may be acquired, and construction prosecuted thereon prior to approval of title; and procurement and installation of equipment, appliances, and machine tools in public and private plants; reserve plant and Government and contractor-owned equipment layaway; and other expenses necessary for the foregoing purposes; $2,718,406,000, to remain available for obligation until September 30, 1990.

Missile Procurement, Army

For construction, procurement, production, modification, and modernization of missiles, equipment, including ordnance, ground handling equipment, spare parts, and accessories therefor; specialized equipment and training devices; expansion of public and private plants, including the land necessary therefor, for the foregoing purposes, and such lands and interests therein, may be acquired, and construction prosecuted thereon prior to approval of title; and procurement and installation of equipment, appliances, and machine tools in public and private plants; reserve plant and Government and contractor-owned equipment layaway; and other expenses necessary for the foregoing purposes; $2,332,237,000, to remain available for obligation until September 30, 1990: Provided, That funds may be obligated and expended for procurement and advance procurement of the Forward Area Air Defense Sysem, Line-of-Sight Forward-Heavy system without regard to the restrictions contained in section 111(d) of the National Defense Authorization Act for fiscal years 1988 and 1989 (Public Law 100–180): Provided further, That with regard to programs, projects and activities funded by this appropriation, provisions of the National Defense Authorization Act for fiscal years 1988 and 1989 (Public Law 100–180) which provide that funds appropriated pursuant to such Act shall be available only for specific programs, projects and activities in specific dollar amounts shall be effective, except as follows:

Army Tactical Missile System, $9,125,000.

Procurement of Weapons and Tracked Combat Vehicles, Army

For construction, procurement, production, and modification of weapons and tracked combat vehicles, equipment, including ordnance, spare parts, and accessories therefor; specialized equipment and training devices; expansion of public and private plants, including the land necessary therefor, for the foregoing purposes, and such lands and interests therein may be acquired, and construction prosecuted thereon prior to approval of title; and procurement and installation of equipment, appliances, and machine tools in public and private plants; reserve plant and Government and contractor-owned equipment layaway; and other expenses necessary for the foregoing purposes; $3,207,187,000, to remain available for obligation until September 30, 1990.

Procurement of Ammunition, Army

For construction, procurement, production, and modification of ammunition, and accessories therefor; specialized equipment and training devices; expansion of public and private plants, including ammunition facilities authorized in military construction authorization Acts or authorized by section 2854, title 10, United States Code, and the land necessary therefor, for the foregoing purposes, and such lands and interests therein, may be acquired, and construction prosecuted thereon prior to approval of title; and procurement and installation of equipment, appliances, and machine tools in public and private plants; reserve plant and Government and contractor-owned equipment layaway; and other expenses necessary for the foregoing purposes; $2,273,592,000, to remain available for obligation until September 30, 1990.

Other Procurement, Army

For construction, procurement, production, and modification of vehicles, including tactical, support, and nontracked combat vehicles; the purchase of not to exceed 861 passenger motor vehicles, of which 398 shall be for replacement only; communications and electronic equipment; other support equipment; spare parts, ordnance, and accessories therefor; specialized equipment and training devices; expansion of public and private plants, including the land necessary therefor, for the foregoing purposes, and such lands and interests therein, may be acquired, and construction prosecuted thereon prior to approval of title; and procurement and installation of equipment, appliances, and machine tools in public and private plants; reserve plant and Government and contractor-owned equipment layaway; and other expenses necessary for the foregoing purposes; as follows:

Tactical and support vehicles, $844,921,000;

Communications and electronics equipment, $3,177,739,000;

Other support equipment, $1,070,889,000;

In all: $5,093,549, to remain available for obligation until September 30, 1990: Provided, That $24,300,000 is available from the fiscal year 1986. Other Procurement, Army appropriation for light division field artillery tactical data systems shall be obligated for procurement of seven LFATDS sets for seven light divisions by April 1, 1988.

Aircraft Procurement, Navy

For construction, procurement, production, modification, and modernization of aircraft, equipment, including ordnance, spare parts, and accessories therefor; specialized equipment; expansion of public and private plants, including the land necessary therefor, and such lands and interests therein, may be acquired, and construction prosecuted thereon prior to approval of title; and procurement and installation of equipment, appliances, and machine tools in public and private plants; reserve plant and Government and contractor-owned equipment layaway; $9,522,299,000, to remain available for obligation until September 30, 1990: Provided, That with regard to programs, projects and activities funded by this appropriation, provisions of the National Defense Authorization Act for fiscal years 1988 and 1989 (Public Law 100-180) which provide that funds appropriated pursuant to such Act shall be available only for specific programs, projects and activities in specific dollar amounts shall be effective, except as follows:

A-6E Program, $0;
EA-6B Program, $479,413,000;
F-14 A/D Program, $734,289,000;
F/A-18 Program, $2,388,710,000;
SH-60B Program, $125,000,000;
SH-60F Program, $294,346,000;
Long Range ASW Capable Aircraft Program, $0;
E-2C Program, $380,195,000;
A-6E Modification Series, $219,478,000;
H-53 Modification Series, $22,737,000;
H-2 Modification Series, $55,000,000;
P-3 Modification Series, $136,865,000;
S-3 Modification Series, $74,772,000;
ES-3 Modification Series, $80,000,000;
E-2 Modification Series, $39,639,000;
Common ECM equipment, $16,708,000;

Provided further, That notwithstanding section 111(e) of the National Defense Authorization Act for fiscal years 1988 and 1989 (Public Law 100-180) $609,917,000 is available for the procurement of 12 A-6F aircraft.

Weapons Procurement, Navy

For construction, procurement, production, modification, and modernization of missiles, torpedoes, other weapons, and related support equipment including spare parts, and accessories therefor; expansion of public and private plants, including the land necessary therefor, and such lands and interest therein, may be acquired, and construction prosecuted thereon prior to approval of title; and procurement and installation of equipment, appliances, and machine tools in public and private plants; reserve plant and Government and contractor-owned equipment layaway, as follows:

Poseidon, $181,000;
TRIDENT I, $6,986,000;
TRIDENT II, $2,041,331,000;
Support equipment and facilities, $194,000;
Tomahawk, $847,336,000;
AIM/RIM-7 F/M Sparrow, $79,000,000;
AIM-9L/M Sidewinder, $25,833,000;
AIM-54A/C Phoenix, $343,596,000;
AGM-84A Harpoon, $142,660,000;
AGM-88A HARM, $187,128,000;
SM-2 MR, $583,098,000;
RAM, $44,931,000;
Stinger, $17,765,000;
Sidearm, $25,381,000;
Hellfire, $44,154,000;
Laser Maverick, $263,200,000;
IIR Maverick, $60,000,000;
Penguin, $3,455,000;
Aerial targets, $104,104,000;
Drones and decoys, $24,767,000;
Other missile support, $19,157,000;
Modification of missiles, $15,513,000;
Support equipment and facilities, $152,407,000;
Ordnance support equipment, $218,436,000;
MK-48 ADCAP torpedo program, $243,444,000;
MK-50 advance lightweight torpedo program, $108,402,000;
MK-30 mobile target program, $31,495,000;
Antisubmarine rocket (ASROC) program, $9,522,000;
Modification of torpedoes, $42,190,000;

Torpedo support equipment program, $53,986,000;

MK-15 close-in weapons system program, $28,023,000;

25mm gun mount, $4,091,000;

Small arms and weapons, $9,568,000;

Modification of guns and gun mounts, $57,589,000;

Guns and gun mounts support equipment program, $1,068,000;

Spares and repair parts, $127,028,000;

In all: $5,967,019,000, to remain available for obligation until September 30, 1990: Provided, That none of the funds provided herein may be used for a multiyear procurement contract of the Harpoon missile system: Provided further, That with regard to programs, projects and activities funded by this appropriation, provisions of the National Defense Authorization Act for fiscal years 1988 and 1989 (Public Law 100-180) which provide that funds appropriated pursuant to such Act shall be available only for specific programs, projects and activities in specific dollar amounts shall be effective, except as follows:

Trident II missile, $2,041,331,000.

Shipbuilding and Conversion, Navy

For expenses necessary for the construction, acquisition, or conversion of vessels as authorized by law, including armor and armament thereof, plant equipment, appliances, and machine tools and installation thereof in public and private plants; reserve plant and Government and contractor-owned equipment layaway; procurement of critical, long leadtime components and designs for vessels to be constructed or converted in the future; and expansion of public and private plants, including land necessary therefor, and such lands and interests therein, may be acquired, and construction prosecuted thereon prior to approval of title, as follows:

TRIDENT ballistic missile submarine program, $1,260,800,000;

CVN nuclear aircraft carrier program, $6,325,000,000;

SSN-688 attack submarine program, $1,676,900,000;

SSN-21 attack submarine program, $257,600,000;

Aircraft carrier service life extension program, $729,755,000;

CG-47 cruiser program, $4,127,000,000;

DDG-51 destroyer program, $5,500,000;

Provided, That contracts awarded for any DDG-51 class destroyers in fiscal year 1989 shall be made on the basis of a full and open competition among all technically qualified bidders regardless of prior contractual experience for construction of DDG-51 destroyers. More than two shipyards may not be utilized for this purpose unless the Secretary of the Navy certifies that the Five Year Defense Plan is sufficient to support cost effective construction at more than two shipyards;

LHD-1 amphibious assault ship program, $752,900,000;

LSD-41 cargo variant ship program, $258,000,000;

T-AO fleet oiler program, $256,400,000;

AO conversion program, $44,100,000;

Strategic sealift program, $43,400,000;

T-ACS auxiliary crane ship program, $53,100,000;

LCAC landing craft air cushion program, $36,500,000;

For craft, outfitting, and post delivery, $328,400,000;

In all: $16,155,355,000, to remain available for obligation until September 30, 1992: Provided, That additional obligations may be incurred after September 30, 1992, for engineering services, tests, evaluations, and other such budgeted work that must be performed in the final stage of ship construction; and each Shipbuilding and Conversion, Navy, appropriation that is currently available for such obligations may also hereafter be so obligated after the date of its expiration: Provided further, That none of the funds herein provided for the construction or conversion of any naval vessel to be constructed in shipyards in the United States shall be expended in foreign shipyards for the construction of major components of the hull or superstructure of such vessel: Provided further, That none of the funds herein provided shall be used for the construction of any naval vessel in foreign shipyards.

Other Procurement, Navy

For procurement, production, and modernization of support equipment and materials not otherwise provided for, Navy ordnance and ammunition (except ordnance for new aircraft, new ships, and ships authorized for conversion); the purchase of not to exceed 861 passenger motor vehicles of which 717 shall be for replacement only; expansion of public and private plants, including the land necessary therefor, and such lands and interests therein, may be acquired, and construction prosecuted thereon prior to approval of title; and procurement and installation of equipment, appliances, and machine tools in public and private plants; reserve plant and Government and contractor-owned equipment layaway, as follows:

Ship support equipment, $812,891,000;

Communications and electronics equipment, $1,656,886,000;

Aviation support equipment, $674,615,000;

Ordnance support equipment, $829,037,000;

Civil engineering support equipment, $94,215,000;

Supply support equipment, $109,194,000;

Personnel and command support equipment, $416,823,000;

Spares and repair parts, $278,800,000;

In all: $4,872,461,000, to remain available for obligation until September 30, 1990.

Coastal Defense Augmentation

For the augmentation of United States Coast Guard inventories to meet national security requirements; $20,000,000, to remain available until expended: Provided, That these funds shall be for the procurement by the Department of Defense of vessels, aircraft, and equipment and for modernization of existing Coast Guard assets, which assets are to be made available to the Coast Guard for operation and maintenance.

Procurement, Marine Corps

For expenses necessary for the procurement, manufacture, and modification of missiles, armament, ammunition, military equipment, spare parts, and accessories therefor; plant equipment, appliances, and machine tools, and installation thereof in public and private plants; reserve plant and Government and contractor-owned equipment layaway; vehicles for the Marine Corps, including purchase of not to exceed 153 passenger motor vehicles for replacement only; and expansion of public and private plants, including land necessary therefor, and such lands and interests therein, may be acquired and construction prosecuted thereon prior to approval of title; $1,295,599,000, to remain available for obligation until September 30, 1990.

Aircraft Procurement, Air Force

For construction, procurement, and modification of aircraft and equipment, including armor and armament, specialized ground handling equipment, and training devices, spare parts, and accessories therefor; specialized equipment; expansion of public and private plants, Government-owned equipment and installation thereof in such plants, erection of structures, and acquisition of land, for the foregoing purposes, and such lands and interests therein, may be acquired, and construction prosecuted thereon prior to approval of title; reserve plant and Government and contractor-owned equipment layaway; and other expenses necessary for the foregoing purposes including rents and transportation of things; $12,956,827,000, to remain available for obligation until September 30, 1990: Provided, That none of the funds available to the Air Force may be obligated on B-1B bomber production contracts if such contracts would cause the production portion of the Air Force's $20,500,000,000 estimate for the B-1B bomber baseline costs expressed in fiscal year 1981 constant dollars to be exceeded.

Missile Procurement, Air Force

For construction, procurement, and modification of missiles, spacecraft, rockets, and related equipment, including spare parts and accessories therefor, ground handling equipment, and training devices; expansion of public and private plants, Government-owned equipment and installation thereof in such plants, erection of structures, and acquisition of land, for the foregoing purposes, and such lands and interests therein, may be acquired and construction prosecuted thereon prior to approval of title; reserve plant and Government and contractor-owned equipment layaway; and other expenses necessary for the foregoing purposes including rents and transportation of things; $7,290,771,000, to remain available for obligation until September 30, 1990.

Other Procurement, Air Force

For procurement and modification of equipment (including ground guidance and electronic control equipment, and ground electronic and communication equipment), and supplies, materials, and spare parts therefor, not otherwise provided for; for the purchase of not to exceed 1,313 passenger motor vehicles of which 1,260 shall be for replacement only; and expansion of public and private plants, Government-owned equipment and installation thereof in such plants, erection of structures, and acquisition of land, for the foregoing purposes, and such lands and interests therein, may be acquired, and construction prosecuted thereon, prior to approval of title; reserve plant and Government and contractor-owned equipment layaway, as follows:

Munitions and associated equipment, $603,331,000;

Vehicular equipment, $232,830,000;

Electronics and telecommunications equipment, including $36,100,000 to complete procurement of relay nodes (towers) for the Ground Wave Emergency Network Program, $1,937,906,000;

Other base maintenance and support equipment, $5,236,760,000;

In all: $8,010,827,000, to remain available for obligation until September 30, 1990.

National Guard and Reserve Equipment

For procurement of aircraft, missiles, tracked combat vehicles, ammunition, other weapons, and other procurement for the re-

serve components of the Armed Forces, as follows:

Army Reserve, $85,000,000;
Navy Reserve, $258,800,000;
Marine Corps Reserve, $40,000,000;
Air Force Reserve, $202,100,000;
Army National Guard, $273,100,000;
Air National Guard, $341,000,000;

In all: $1,200,000,000, to remain available for obligation until September 30, 1990: Provided, That notwithstanding section 112(b) of the National Defense Authorization Act for fiscal years 1988 and 1989 (Public Law 100-180) $193,800,000 is available only for the procurement of six P-3 aircraft.

PROCUREMENT, DEFENSE AGENCIES

For expenses of activities and agencies of the Department of Defense (other than the military departments) necessary for procurement, production, and modification of equipment, supplies, materials, and spare parts therefor, not otherwise provided for; the purchase of not to exceed 535 passenger motor vehicles of which 524 shall be for replacement only; expansion of public and private plants, equipment, and installation thereof in such plants, erection of structures, and acquisition of land for the foregoing purposes, and such lands and interests therein, may be acquired, and construction prosecuted thereon prior to approval of title; reserve plant and Government and contractor-owned equipment layaway; $1,266,263,000, to remain available for obligation until September 30, 1990.

DEFENSE PRODUCTION ACT PURCHASES

For purchases or commitments to purchase metals, minerals, or other materials by the Department of Defense pursuant to section 303 of the Defense Production Act of 1950, as amended (50 U.S.C. App. 2093); $13,000,000, to remain available for obligation until September 30, 1990.

TITLE IV

RESEARCH, DEVELOPMENT, TEST, AND EVALUATION

RESEARCH, DEVELOPMENT, TEST, AND EVALUATION, ARMY

For expenses necessary for basic and applied scientific research, development, test, and evaluation, including maintenance, rehabilitation, lease, and operation of facilities and equipment, as authorized by law; $4,687,513,000, to remain available for obligation until September 30, 1989: Provided, That $3,500,000 shall be available as a one-time appropriation to conduct nutrition research activities at the Pennington Biomedical Research Center: Provided further, That none of the funds provided by this Act for the fiscal year 1988 support of the AFATDS program office shall be available for obligation beyond April 1, 1988 unless the LFATDS procurement contract has been executed: Provided further, That with regard to programs, projects and activities funded by this appropriation, provisions of the National Defense Authorization Act for fiscal years 1988 and 1989 (Public Law 100-180) which provide that funds appropriated pursuant to such Act shall be available only for specific programs, projects and activities in specific dollar amounts shall be effective, except as follows:

Army Tactical Missile System, $102,208,000;
Electronic Warfare Programs, $85,000,000.

RESEARCH, DEVELOPMENT, TEST, AND EVALUATION, NAVY

For expenses necessary for basic and applied scientific research, development, test, and evaluation, including maintenance, rehabilitation, lease, and operation of facilities and equipment, as authorized by law; $9,493,546,000, to remain available for obligation until September 30, 1989: Provided, That $112,899,000 shall be made available only for the Advanced Submarine Technology Program as described in section 211 of the National Defense Authorization Act for fiscal years 1988 and 1989 (Public Law 100-180) and not less than $90,000,000 of this amount is to be allocated to development of hull, mechanical, electrical, and non-nuclear propulsion systems: Provided further, That funds made available for the SSN-21 Combat System shall not be obligated or expended except for a system design which incorporates at least four units of the Enhanced Modular Signal Processor: Provided further, That $1,800,000 shall be made available for personnel and other expenses for the Institute for Technology Development, as a grant, for the National Center for Physical Acoustics: Provided further, That notwithstanding section 203(a) of the National Defense Authorization Act for fiscal years 1988 and 1989 (Public Law 100-180), $111,023,000 of funds provided in this section may be obligated or expended for the purpose of configuring the A-6 aircraft in the F model configuration: Provided further, That with regard to programs, projects and activities funded by this appropriation, provisions of the National Defense Authorization Act for fiscal years 1988 and 1989 (Public Law 100-180) which provide that funds appropriated pursuant to such Act shall be available only for specific programs, projects and activities in specific dollar amounts shall be effective, except as follows: Trident II, $1,050,463,000; Electronic Warfare Programs, $198,691,000: Provided further, That not less than $2,100,000 shall be available only for the National Bone Marrow Donor Registry and of that amount, $200,000 shall be available only to integrate independent bone marrow donor centers into the National Registry.

RESEARCH, DEVELOPMENT, TEST, AND EVALUATION, AIR FORCE

For expenses necessary for basic and applied scientific research, development, test, and evaluation, including maintenance, rehabilitation, lease, and operation of facilities and equipment, as authorized by law; $15,002,095,000, to remain available for obligation until September 30, 1989: Provided, That $91,500,000 of funds made available for the National Aerospace Plane (NASP) Program may not be obligated or expended until the Secretary of Defense certifies that the Department of Defense and the National Aeronautics and Space Administration (NASA) have negotiated revised funding arrangements for NASP development which significantly increase NASA investment as a percentage of total NASP research, development, test and evaluation costs: Provided further, That with regard to programs, projects and activities funded by this appropriation, provisions of the National Defense Authorization Act for fiscal years 1988 and 1989 (Public Law 100-180) which provide that funds appropriated pursuant to such Act shall be available only for specific programs, projects and activities in specific dollar amounts shall be effective, except as follows:

Pave Tiger, $0;
Industrial Preparedness, $85,000,000;
Electronic Warfare Programs, $179,800,000.

RESEARCH, DEVELOPMENT, TEST, AND EVALUATION, DEFENSE AGENCIES

(INCLUDING TRANSFER OF FUNDS)

For expenses of activities and agencies of the Department of Defense (other than the military departments), necessary for basic and applied scientific research, development, test, and evaluation; advanced research projects as may be designated and determined by the Secretary of Defense, pursuant to law; maintenance, rehabilitation, lease, and operation of facilities and equipment, as authorized by law; $7,631,825,000, to remain available for obligation until September 30, 1989: Provided, That such amounts as may be determined by the Secretary of Defense to have been available in other appropriations available to the Department of Defense during the current fiscal year or the following fiscal year, as appropriate, for programs related to advanced research may be transferred to and merged with either of the foregoing appropriations, as appropriate, to be available for the same purposes and time period as the appropriation to which transferred: Provided further, That during their period of availability, such amounts of the foregoing appropriations as may be determined by the Secretary of Defense may be transferred to carry out the purposes of advanced research to those appropriations for military functions under the Department of Defense which are being utilized for related programs to be merged with and to be available for the same time period as the appropriation to which transferred: Provided further, That $285,000,000 shall be made available only for the Defense Mapping Agency Exploitation Modernization Program: Provided further, That of the total amount available for obligation, $15,000,000 shall be made available only for the X-Ray Lithography Program: Provided further, That of the total amount available for obligation, $16,500,000 shall be made available through the Office of the Under Secretary of Defense for Acquisition only for bioenvironmental hazards research activities at universities, for associated facilities, and for other related purposes: Provided further, That of the total amount available for obligation, $7,000,000 shall be made available, as a grant, only for development of an engineering, sciences, and technology center to promote defense industry involvement in manpower training and education, for associated facilities, and for related purposes: Provided further, That of the total amount available for obligation, $5,000,000 is available only to complete a program begun in fiscal year 1986 for developing advanced semiconductor materials and devices, and to establish a program in parallel processing computing technology at that institution: Provided further, That of the total amount available for obligation, $25,000,000 shall be made available, as a grant, only to support a program of advanced compound and other semiconductor research, and related materials research at university centers of excellence for design and test of semiconductors, micro fabrication techniques (microfabritech/MARTECH), and materials technologies sciences (microfabritech/MARTECH): Provided further, That of the total amount available for obligation for the Strategic Technology Program, $19,040,000 shall be made available only for an innovative manufacturing technology initiative in the Strategic Computing Program of the Defense Advanced Research Projects Agency, of which $13,000,000 shall be made available only for *the Concurrent Design and Assembly Science and Technology Program: Provided further, That of the total amount available for obligation, $10,000,000 shall be made available only for a proposed Center for Compound Semiconductor Technology, at a major Department of Energy national weapons laboratory with a demonstrated expertise in both silicon and compound semiconductor microelectronics and possessing a state-of-the-art clean room and crystal growth facilities, to perform the materials processing and instrumentation studies necessary to develop compound semiconductor technology for high-speed optoelectronics: Provided further, That not more than 14 percent of funds made available in this Act for the University Research Initiative Program may be obligated or expended within any one State: Provided further, That of the total amount available for the Strategic Defense Initiative, not less than $150,000,000 may be obligated or expended only for the Advanced Launch System (ALS) Program under Air Force management, and that of the funds made available for the ALS Program, not less than $70,000,000 shall be transferred to the National Aeronautics and Space Administration only for ALS propulsion activities: Provided further, That the funds appropriated by this Act for any activities associated directly or indirectly with the Advanced Launch System or any ALS variant shall be subject to the terms and conditions of section 5 of chapter II of title I of Public Law 100-71 (Supplemental Appropriations Act, 1987): Provided further, That of the amount available for obligation, $25,000,000 is available only for the Joint Standoff Weapons Program and may not be obligated or expended until the Secretary of Defense reports to the Committees on Appropriations of the Senate and the House of Representatives which standoff weapons will be supported with the available funds: Provided further, That of the amount available for obligation, $50,291,000 is available only for the Joint Remotely Piloted Vehicles (RPV) Program and may not be obligated or expended until the Secretary of Defense submits to the Committees on Appropriations of the Senate and House of Representatives an updated RPV Master Plan fully explaining his decisions as to which RPVs will be supported with the available funds, and assessing the cooperation by the military services with efforts to coordinate RPV programs and to eliminate duplication within and among these programs: Provided further, That none of the funds provided for the activities of the Semiconductor Manufacturing Technology consortium known as "SEMATECH" may be obligated or expended until the Secretary of Defense has entered into a memorandum of understanding with SEMATECH governing the use of such funds for research, development, test, and evaluation activities in the field of semiconductor manufacturing technology, and the Secretary of Defense submits, no later than March 31, 1988, a report to the Committees on Appropriations of the Senate and House of Representatives containing a copy of this memorandum: Provided further, That with regard to programs, projects and activities funded by this appropriation, provisions of the National Defense Authorization Act for fiscal years 1988 and 1989 (Public Law 100-180) which provide that funds appropriated pursuant to such Act shall be available only for specific programs, projects and activities in specific dollar amounts shall be effective, except as follows:*

LightSat, $35,000,000;

University Research Initiatives, $85,000,000;

Bioenvironmental Hazards Research, $16,500,000;

High Temperature Superconductivity, $15,000,000.

DEVELOPMENTAL TEST AND EVALUATION, DEFENSE

For expenses, not otherwise provided for, of independent activities of the Deputy Under Secretary of Defense, Developmental Test and Evaluation in the direction and supervision of developmental test and evaluation, including performance of joint developmental testing and evaluation; and administrative expenses in connection therewith; $182,116,000 to remain available for obligation until September 30, 1989.

OPERATIONAL TEST AND EVALUATION, DEFENSE

For expenses, not otherwise provided for, necessary for the independent activities of the Director, Operational Test and Evaluation in the direction and supervision of operational test and evaluation, including initial operational test and evaluation which is conducted prior to, and in support of, production decisions; joint operational testing and evaluation; and administrative expenses in connection therewith; $70,221,000 to remain available for obligation until September 30, 1989.

TITLE V

REVOLVING AND MANAGEMENT FUNDS

ARMY STOCK FUND

For the Army stock fund; $193,207,000.

NAVY STOCK FUND

For the Navy stock fund; $329,400,000.

AIR FORCE STOCK FUND

For the Air Force stock fund; $226,007,000.

DEFENSE STOCK FUND

For the Defense stock fund; $132,600,000.

TITLE VI

CHEMICAL AGENTS AND MUNITIONS DESTRUCTION, DEFENSE

For expenses, not otherwise provided for, necessary for the destruction of the United States stockpile of lethal chemical agents and munitions in accordance with the provisions of section 1412 of the Department of Defense Authorization Act, 1986; $198,500,000, of which $97,000,000 shall remain available for obligation until September 30, 1988, $4,900,000 shall remain available for obligation until September 30, 1989, and $96,600,000 shall remain available for obligation until September 30, 1990.

TITLE VII

RELATED AGENCIES

CENTRAL INTELLIGENCE AGENCY RETIREMENT AND DISABILITY SYSTEM FUND

For payment to the Central Intelligence Agency Retirement and Disability System Fund, to maintain proper funding level for continuing the operation of the Central Intelligence Agency Retirement and Disability System; $134,700,000.

INTELLIGENCE COMMUNITY STAFF

For necessary expenses of the Intelligence Community Staff; $23,057,000.

TITLE VIII

GENERAL PROVISIONS

SEC. 8001. The expenditure of any appropriation under this Act for any consulting service through procurement contract, pursuant to section 3109 of title 5, United States Code, shall be limited to those contracts where such expenditures are a matter of public record and available for public inspection, except where otherwise provided under existing law, or under existing Executive order issued pursuant to existing law.

SEC. 8002. No part of any appropriation contained in this Act shall be used for publicity or propaganda purposes not authorized by the Congress.

SEC. 8003. During the current fiscal year, the Secretary of Defense and the Secretaries of the Army, Navy, and Air Force, respectively, if they should deem it advantageous to the national defense, and if in their opinions the existing facilities of the Department of Defense are inadequate, are authorized to procure services in accordance with section 3109 of title 5, United States Code, under regulations prescribed by the Secretary of Defense, and to pay in connection therewith travel expenses of individuals, including actual transportation and per diem in lieu of subsistence while traveling from their homes or places of business to official duty stations and return as may be authorized by law: Provided, That such contracts may be renewed annually.

SEC. 8004. During the current fiscal year, provisions of law prohibiting the payment of compensation to, or employment of, any person not a citizen of the United States shall not apply to personnel of the Department of Defense.

SEC. 8005. The Secretary of Defense and each purchasing and contracting agency of the Department of Defense shall assist American small and minority-owned business to participate equitably in the furnishing of commodities and services financed with funds appropriated under this Act by increasing, to an optimum level, the resources and number of personnel jointly assigned to promoting both small and minority business involvement in purchases financed with funds appropriated herein, and by making available or causing to be made available to such businesses, information, as far in advance as possible, with respect to purchases proposed to be financed with funds appropriated under this Act, and by assisting small and minority business concerns to participate equitably as subcontractors on contracts financed with funds appropriated herein, and by otherwise advocating and providing small and minority business opportunities to participate in the furnishing of commodities and services financed with funds appropriated by this Act.

SEC. 8006. No part of any appropriation contained in this Act shall remain available for obligation beyond the current fiscal year, unless expressly so provided herein.

SEC. 8007. No part of the appropriations in this Act shall be available for any expense of operating aircraft under the jurisdiction of the armed forces for the purpose of proficiency flying, as defined in Department of Defense Directive 1340.4, except in accordance with regulations prescribed by the Secretary of Defense. Such regulations (1) may not require such flying except that required to maintain proficiency in anticipation of a member's assignment to combat operations and (2) such flying may not be permitted in cases of members who have been assigned to a course of instruction of ninety days or more.

SEC. 8008. No part of any appropriation contained in this Act shall be available for expense of transportation, packing, crating, temporary storage, drayage, and unpacking of household goods and personal effects in any one shipment having a net weight in excess of eighteen thousand pounds.

SEC. 8009. No more than 20 per centum of the appropriations in this Act which are *limited for obligation during the current fiscal year shall be obligated during the last two months of the fiscal year: Provided, That this section shall not apply to obligations for support of active duty training of civilian components or summer camp training of the Reserve Officers' Training Corps, or the National Board for the Promotion of Rifle Practice, Army, or to the appropriations provided in this Act for Claims, Defense.*

SEC. 8010. During the current fiscal year, the agencies of the Department of Defense may accept the use of real property from foreign countries for the United States in accordance with mutual defense agreements or occupational arrangements and may accept services furnished by foreign countries as reciprocal international courtesies or as services customarily made available without charge; and such agencies may use the same for the support of the United States forces in such areas without specific appropriation therefor.

In addition to the foregoing, agencies of the Department of Defense may accept real property, services, and commodities from foreign countries for the use of the United States in accordance with mutual defense agreements or occupational arrangements and such agencies may use the same for the support of the United States forces in such areas, without specific appropriations therefor: Provided, That except as provided in 10 U.S.C. 2690, the foregoing authority shall not be available for the conversion of heating plants from coal to oil or coal to natural gas at defense facilities in Europe: Provided further, That within thirty days after the end of each quarter the Secretary of Defense shall render to Congress and to the Office of Management and Budget a full report of such property, supplies, and commodities received during such quarter.

SEC. 8011. No part of any appropriation contained in this Act, except for small purchases in amounts not exceeding $10,000 shall be available for the procurement of any article or item of food, clothing, tents, tarpaulins, covers, cotton and other natural fiber products, woven silk or woven silk blends, spun silk yarn for cartridge cloth, synthetic fabric or coated synthetic fabric, canvas products, or wool (whether in the form of fiber or yarn or contained in fabrics, materials, or manufactured articles), or any item of individual equipment manufactured from or containing such fibers, yarns, fabrics, or materials, or specialty metals including stainless steel flatware, or hand or measuring tools, not grown, reprocessed, reused, or produced in the United States or its possessions, except to the extent that the Secretary of the Department concerned shall determine that satisfactory quality and sufficient quantity of any articles or items of food, individual equipment, tents, tarpaulins, covers, or clothing or any form of cotton or other natural fiber products, woven silk and woven silk blends, spun silk yarn for cartridge cloth, synthetic fabric or coated synthetic fabric, canvas products, wool, or specialty metals including stainless steel flatware, grown, reprocessed, reused, or produced in the United States or its possessions cannot be procured as and when needed at United States market prices and except procurements outside the United States in support of combat operations, procurements by vessels in foreign waters, and emergency procurements or procurements of perishable foods by establishments located outside the United States for the personnel attached thereto: Provided, That nothing herein shall preclude the procurement of specialty metals or chemical warfare protective clothing produced outside the United States or its possessions when such procurement is necessary to comply with agreements with foreign governments requiring the United States to purchase supplies from foreign sources for the purposes of offsetting sales made by the United States Government or United States firms under approved programs serving defense requirements or where such procurement is necessary in furtherance of the standardization and interoperability of equipment requirements within NATO so long as such agreements with foreign governments comply, where applicable, with the requirements of section 36 of the Arms Export Control Act and with section 2457 of title 10, United States Code: Provided further, That nothing herein shall preclude the procurement of foods manufactured or processed in the United States or its possessions: Provided further, That no funds herein appropriated shall be used for the payment of a price differential on contracts hereafter made for the purpose of relieving economic dislocations: Provided further, That none of the funds appropriated in this Act shall be used except that, so far as practicable, all contracts shall be awarded on a formally advertised competitive bid basis to the lowest responsible bidder.

SEC. 8012. During the current fiscal year, appropriations available to the Department of Defense for pay of civilian employees shall be available for uniforms, or allowances therefor, as authorized by section 5901 of title 5, United States Code.

SEC. 8013. Funds provided in this Act for legislative liaison activities of the Department of the Army, the Department of the Navy, the Department of the Air Force, and the Office of the Secretary of Defense shall not exceed $14,362,000 for the current fiscal year: Provided, That this amount shall be available for apportionment to the Department of the Army, the Department of the Navy, the Department of the Air Force, and the Office of the Secretary of Defense as determined by the Secretary of Defense: Provided further, That costs for military retired pay accrual shall be included within this limitation.

SEC. 8014. Of the funds made available by this Act for the services of the Military Airlift Command, $100,000,000 shall be available only for procurement of commercial transportation service from carriers participating in the civil reserve air fleet program; and the Secretary of Defense shall utilize the services of such carriers which qualify as small businesses to the fullest extent found practicable: Provided, That the Secretary of Defense shall specify in such procurement, performance characteristics for aircraft to be used based upon modern aircraft operated by the civil reserve air fleet.

(TRANSFER OF FUNDS)

SEC. 8015. Upon determination by the Secretary of Defense that such action is necessary in the national interest, he may, with the approval of the Office of Management and Budget, transfer not to exceed $1,500,000,000 of working capital funds of the Department of Defense or funds made available in this Act to the Department of Defense for military functions (except military construction) between such appropriations or funds or any subdivision thereof, to be merged with and to be available for the same purposes, and for the same time period, as the appropriation or fund to which transferred: Provided, That such authority to transfer may not be used unless for higher priority items, based on unforeseen military requirements, than those for which originally appropriated and in no case where the item for which funds are requested has been denied by Congress: Provided further, That the Secretary of Defense shall notify the Congress promptly of all transfers made pursuant to this authority.

(TRANSFER OF FUNDS)

SEC. 8016. During the current fiscal year, cash balances in working capital funds of the Department of Defense established pursuant to section 2208 of title 10, United States Code, may be maintained in only such amounts as are necessary at any time for cash disbursements to be made from such funds: Provided, That transfers may be made between such funds in such amounts as may be determined by the Secretary of Defense, with the approval of the Office of Management and Budget, except that transfers between a stock fund account and an industrial fund account may not be made unless the Secretary of Defense has notified the Congress of the proposed transfer. Except in amounts equal to the amounts appropriated to working capital funds in this Act, no obligations may be made against a working capital fund to procure war reserve material inventory, unless the Secretary of Defense has notified the Congress prior to any such obligation.

SEC. 8017. Except as provided in 10 U.S.C. 2690, none of the funds available to the Department of Defense shall be utilized for the conversion of heating plants from coal to oil or coal to natural gas at defense facilities in Europe.

SEC. 8018. Funds appropriated by this Act may not be used to initiate a special access program without prior notification 30 days in advance to the Committees on Appropriations and Armed Services of the Senate and House of Representatives.

SEC. 8019. No part of the funds in this Act shall be available to prepare or present a request to the Committees on Appropriations for reprogramming of funds, unless for higher priority items, based on unforeseen military requirements, than those for which originally appropriated and in no case where the item for which reprogramming is requested has been denied by the Congress.

SEC. 8020. None of the funds contained in this Act available for the Civilian Health and Medical Program of the Uniformed Services under the provisions for section 1079(a) of title 10, United States Code, shall be available for reimbursement of any physician or other authorized individual provider of medical care in excess of the eightieth percentile of the customary charges made for similar services in the same locality where the medical care was furnished, as determined for physicians in accordance with section 1079(h) of title 10, United States Code.

SEC. 8021. No appropriation contained in this Act may be used to pay for the cost of public affairs activities of the Department of Defense in excess of $46,951,000: Provided, That costs for military retired pay accrual shall be included within this limitation.

SEC. 8022. None of the funds provided in this Act shall be available for the planning or execution of programs which utilize amounts credited to Department of Defense appropriations or funds pursuant to the provisions of section 37(a) of the Arms Export Control Act representing payment for the actual value of defense articles specified in section 21(a)(1)(A) of that Act: Provided, That such amounts shall be credited to the Special Defense Acquisition Fund, as authorized by law, or, to the extent not so credited shall be deposited in the Treasury as miscellaneous receipts as provided in section 3302(b) of title 31, United States Code.

SEC. 8023. No appropriation contained in this Act shall be available to fund any costs of a Senior Reserve Officers' Training Corps unit—except to complete training of personnel enrolled in Military Science 4—which in its junior year class (Military Science 3) has for the four preceding academic years, and as of September 30, 1983, enrolled less than (a) seventeen students where the institution prescribes a four-year or a combination four- and two-year program; or (b) twelve students where the institution prescribes a two-year program: Provided, That, notwithstanding the foregoing limitation, funds shall be available to maintain one Senior Reserve Officers' Training Corps unit in each State and at each State-operated maritime academy: Provided further, That units under the consortium system shall be considered as a single unit for purposes of evaluation of productivity under this provision: Provided further, That enrollment standards contained in Department of Defense Directive 1215.8 for Senior Reserve Officers' Training Corps units, as revised during fiscal year 1981, may be used to determine compliance with this provision, in lieu of the standards cited above.

SEC. 8024. None of the funds appropriated by this Act for programs of the Central Intelligence Agency shall remain available for obligation beyond the current fiscal year, except for funds appropriated for the Reserve for Contingencies, which shall remain available until September 30, 1989.

SEC. 8025. None of the funds appropriated by this Act may be used to support more than 9,901 full-time and 2,603 part-time military personnel assigned to or used in the support of Morale, Welfare, and Recreation activities as described in Department of Defense Instruction 7000.12 and its enclosures, dated September 4, 1980.

SEC. 8026. All obligations incurred in anticipation of the appropriations and authority provided in this Act are hereby ratified and confirmed if otherwise in accordance with the provisions of this Act.

SEC. 8027. None of the funds appropriated by this Act or heretofore appropriated by any other Act shall be obligated or expended for the payment of anticipatory possession compensation claims to the Federal Republic of Germany other than claims listed in the 1973 agreement (commonly referred to as the Global Agreement) between the United States and the Federal Republic of Germany.

SEC. 8028. During the current fiscal year, the Department of Defense may enter into contracts to recover indebtedness to the United States pursuant to section 3718 of title 31, United States Code.

SEC. 8029. None of the funds appropriated by this Act shall be available for a contract for studies, analyses, or consulting services entered into without competition on the basis of an unsolicited proposal unless the head of the activity responsible for the procurement determines:

(a) as a result of thorough technical evaluation, only one source is found fully qualified to perform the proposed work, or

(b) the purpose of the contract is to explore an unsolicited proposal which offers significant scientific or technological promise, represents the product of original thinking, and was submitted in confidence by one source, or

(c) where the purpose of the contract is to take advantage of unique and significant industrial accomplishment by a specific concern, or to insure that a new product or idea of a specific concern is given financial support:

Provided, That this limitation shall not apply to contracts in an amount of less than $25,000, contracts related to improvements of equipment that is in development or production, or contracts as to which a civilian official of the Department of Defense, who has been confirmed by the Senate, determines that the award of such contract is in the interest of the national defense.

SEC. 8030. None of the funds appropriated by this Act shall be available to provide medical care in the United States on an inpatient basis to foreign military and diplomatic personnel or their dependents unless the Department of Defense is reimbursed for the costs of providing such care: Provided, That reimbursements for medical care covered by this section shall be credited to the appropriations against which charges have been made for providing such care, except that inpatient medical care may be provided in the United States without cost to military personnel and their dependents from a foreign country if comparable care is made available to a comparable number of United States military personnel in that foreign country.

SEC. 8031. None of the funds appropriated by this Act shall be obligated for the second career training program authorized by Public Law 96-347.

SEC. 8032. None of the funds appropriated or otherwise made available in this Act shall be obligated or expended for salaries or expenses during the current fiscal year for the purposes of demilitarization of surplus nonautomatic firearms less than .50 caliber.

SEC. 8033. None of the funds provided in this Act shall be available to initiate (1) a multiyear contract that employs economic order quantity procurement in excess of $20,000,000 in any one year of the contract or that includes an unfunded contingent liability in excess of $20,000,000, or (2) a contract for advance procurement leading to a multiyear contract that employs economic order quantity procurement in excess of $20,000,000 in any one year, unless the Committees on Appropriations and Armed Services of the Senate and House of Representatives have been notified at least thirty days in advance of the proposed contract award: Provided, That no part of any appropriation contained in this Act shall be available to initiate a multiyear contract for which the economic order quantity advance procurement is not funded at least to the limits of the Government's liability: Provided further, That no part of any appropriation contained in this Act shall be available to initiate multiyear procurement contracts for any systems or component thereof if the value of the multiyear contract would exceed $500,000,000 unless specifically provided in this Act: Provided further, That no multiyear procurement contract can be terminated without 10 day prior notification to the Committees on Appropriations and Armed Services of the House of Representatives and the Senate: Provided further, That the execution of multiyear authority shall require the use of a present value analysis to determine lowest cost compared to an annual procurement. Funds appropriated in title III of this Act may be used for multiyear procurement contracts as follows:

HEMTT (for two years);

High mobility multipurpose wheeled vehicle;

HAWK missile system;

TOW II missile system: Provided, That a multiyear procurement contract shall not be awarded for TOW II until the Secretary of Defense has certified to the Congress that a multiyear procurement will be more economical than a second source acquisition.

SEC. 8034. None of the funds appropriated by this Act which are available for payment of travel allowances for per diem in lieu of subsistence to enlisted personnel shall be used to pay such an allowance to any enlisted member in an amount that is more than the amount of per diem in lieu of subsistence that the enlisted member is otherwise entitled to receive minus the basic allowance for subsistence, or pro rata portion of such allowance, that the enlisted member is entitled to receive during any day, or portion of a day, that the enlisted member is also entitled to be paid a per diem in lieu of subsistence.

SEC. 8035. None of the funds appropriated by this Act shall be available to approve a request for waiver of the costs otherwise required to be recovered under the provisions of section 21(e)(1)(C) of the Arms Export Control Act unless the Committees on Appropriations have been notified in advance of the proposed waiver.

SEC. 8036. None of the funds in this Act may be used to transfer any article of military equipment or data related to the manufacture of such equipment to a foreign country prior to the approval in writing of such transfer by the Secretary of the military service involved.

(TRANSFER OF FUNDS)

SEC. 8037. None of the funds appropriated in this Act may be made available through transfer, reprogramming, or other means between the Central Intelligence Agency and the Department of Defense for any intelligence or special activity different from that previously justified to the Congress unless the Director of Central Intelligence or the Secretary of Defense has notified the House and Senate Appropriations Committees of the intent to make such funds available for such activity.

SEC. 8038. None of the funds available to the Department of Defense during the current fiscal year shall be used by the Secretary of a military department to purchase coal or coke from foreign nations for use at United States defense facilities in Europe when coal from the United States is available.

SEC. 8039. None of the funds appropriated by this Act may be used to appoint or compensate more than 39 individuals in the Department of Defense in positions in the Executive Schedule (as provided in sections 5312-5316 of title 5, United States Code).

SEC. 8040. Notwithstanding section 213(b) of the Joint Chiefs of Staff Reorganization Act of 1985 or any other provision of law, none of the funds in this or any other Act may be used to alter the command structure for military forces in Alaska.

SEC. 8041. None of the funds appropriated by this Act shall be available to convert a position in support of the Army Reserve, Air Force Reserve, Army National Guard, and Air National Guard occupied by, or programmed to be occupied by, a (civilian) military technician to a position to be held by a person in an active Guard or Reserve status if that conversion would reduce the total number of positions occupied by, or programmed to be occupied by, (civilian) military technicians of the component concerned, below 69,935: Provided, That none of *the funds appropriated by this Act shall be available to support more than 46,890 positions in support of the Army Reserve, Army National Guard or Air National Guard occupied by, or programmed to be occupied by, persons in an active Guard or Reserve status: Provided further, That none of the funds appropriated by this Act may be used to include (civilian) military technicians in computing civilian personnel ceilings, including statutory or administratively imposed ceilings, on activities in support of the Army Reserve, Air Force Reserve, Army National Guard or Air National Guard.*

SEC. 8042. No later than April 8, 1988, and not later than April 8 of each year thereafter, the Secretary of Defense, in consultation with the Secretary of Commerce, shall submit to the Committees on Appropriations of the Senate and House of Representatives, a report detailing: (a) the full cost of stationing United States troops overseas, including costs incurred in the United States and overseas in connection with such stationing, (b) the overseas costs incurred in connection with operating, maintaining, and supporting United States troops overseas, including direct and indirect expenditures of United States funds in connection with such stationing, and (c) the effect of such overseas expenditures on the United States' balance-of-payments.

SEC. 8043. (a) The provisions of section 115(b)(2) of title 10, United States Code, shall not apply with respect to fiscal year 1988 or with respect to the appropriation of funds for that year.

(b) During fiscal year 1988, the civilian personnel of the Department of Defense may not be managed on the basis of any end-strength, and the management of such personnel during that fiscal year shall not be subject to any constraint or limitation (known as an end-strength) on the number of such personnel who may be employed on the last day of such fiscal year.

SEC. 8044. Notwithstanding any other provision of law, none of the funds made available by this Act shall be used by the Department to exceed, outside the fifty States of the United States and the District of Columbia, 188,496 civilian workyears: Provided, That workyears shall be applied as defined in the Federal Personnel Manual Supplement 298-2, Book IV: Provided further, That workyears expended in dependent summer hiring programs or hiring programs for disadvantaged youth shall not be included in this workyear limitation.

(TRANSFER OF FUNDS)

SEC. 8045. Appropriations during the current fiscal year may be transferred to appropriations provided in this Act for research, development, test, and evaluation to the extent necessary to meet increased pay costs authorized by or pursuant to law, to be merged with and to be available for the same purposes, and the same time period, as the appropriation to which transferred.

SEC. 8046. Notwithstanding any other provision of law, each contract awarded by the Department of Defense in fiscal year 1988 for construction or services performed in whole or in part in a State which is not contiguous with another State and has an unemployment rate in excess of the national average rate of unemployment as determined by the Secretary of Labor shall include a provision requiring the contractor to employ, for the purpose of performing that portion of the contract in such State that is not contiguous with another State, individuals who are residents of such State and who, in the case of any craft or trade, possess or would be able to acquire promptly the necessary skills: Provided, That the Secretary of Defense may waive the requirements of this section in the interest of national security.

SEC. 8047. None of the funds appropriated by this or any other Act for fiscal year 1988 shall be available to pay the variable housing allowance authorized members of the uniformed services under section 403a of title 37, United States Code, in a total amount in excess of $1,115,261,000 or the amount computed for the current fiscal year under section 403a(d) of such title, whichever is less: Provided, That any reduction in the rates of the variable housing allowance necessitated by the foregoing limitation shall be made as provided in section 403a of title 37, United States Code.

(RESCISSIONS)

SEC. 8048. (a) The following funds are hereby rescinded from the following accounts in the specified amounts:

Aircraft procurement, Army, 1986/1988, $32,000,000;

Aircraft procurement, Army, 1987/1989, $29,200,000;

Missile procurement, Army, 1986/1988, $25,100,000;

Missile procurement, Army, 1987/1989, $34,100,000;

Procurement of weapons and tracked combat vehicles, Army, 1986/1988, $41,700,000;

Procurement of weapons and tracked combat vehicles, Army, 1987/1989, $72,000,000;

Procurement of ammunition, Army, 1987/1989, $7,200,000;

Other procurement, Army, 1986/1988, $41,300,000;

Other procurement, Army, 1987/1989, $65,593,000;

Aircraft procurement, Navy, 1986/1988, $156,400,000;

Aircraft procurement, Navy, 1987/1989, $261,900,000;

Weapons procurement, Navy, 1986/1988, $161,200,000;

Weapons procurement, Navy, 1987/1989, $227,800,000;

Shipbuilding and conversion, Navy, 1984/1988, $134,100,000;

Shipbuilding and conversion, Navy, 1985/1989, $94,600,000;

Shipbuilding and conversion, Navy, 1986/1990, $20,000,000;

Shipbuilding and conversion, Navy, 1987/1991, $155,600,000;

Other procurement, Navy, 1986/1988, $32,361,000;

Other procurement, Navy, 1987/1989, $225,614,000;

Procurement, Marine Corps, 1986/1988, $47,600,000;

Procurement, Marine Corps, 1987/1989, $15,000,000;

Aircraft procurement, Air Force, 1986/1988, $278,521,000;

Aircraft procurement, Air Force, 1987/1989, $659,600,000;

Missile procurement, Air Force, 1985/1989, $40,100,000;

Missile procurement, Air Force, 1986/1988, $122,446,000;

Missile procurement, Air Force, 1987/1989, $11,500,000;

Other procurement, Air Force, 1986/1988, $58,200,000;

Procurement, Defense Agencies, 1986/1988, $31,000,000;

Procurement, Defense Agencies, 1987/1989, $75,000,000;

National Guard and Reserve Equipment, 1986/1988, $17,900,000;

Research, development, test, and evaluation, Army, 1987/1988, $14,000,000;

Research, development, test, and evaluation, Navy, 1987/1988, $67,495,000;

Research, development, test, and evaluation, Air Force, 1987/1988, $266,000,000;

Research, development, test, and evaluation, Defense Agencies, 1987/1988, $8,900,000;

(b) Section 1305 of Public Law 99-661 is amended in subsection (b) by striking "that are enacted before December 31, 1986" and inserting in lieu thereof "and/or fiscal year 1988".

(TRANSFER OF FUNDS)

SEC. 8049. In addition to any other transfer authority contained in this Act, amounts from working capital funds may be transferred to the Operation and Maintenance appropriations contained in this Act to be merged with and to be available for the same purposes and for the same time period as the appropriation to which transferred: Provided, That such transfers shall not exceed $451,036,000 for Operation and Maintenance, Army; $813,400,000 for Operation and Maintenance, Navy; $14,738,000 for Operation and Maintenance, Marine Corps; and $888,881,000 for Operation and Maintenance, Air Force.

SEC. 8050. None of the funds made available by this Act shall be used in any way for the leasing to non-Federal agencies in the United States aircraft or vehicles owned or operated by the Department of Defense when suitable aircraft or vehicles are commercially available in the private sector: Provided, That nothing in this section shall affect authorized and established procedures for the sale of surplus aircraft or vehicles: Provided further, That nothing in this section shall prohibit the leasing of helicopters authorized by section 1463 of the Department of Defense Authorization Act of 1986.

SEC. 8051. None of the funds made available by this Act shall be used in any way, directly or indirectly, to influence congressional action on any legislation or appropriation matters pending before the Congress.

SEC. 8052. No funds available to the Department of Defense during the current fiscal year may be used to enter into any contract with a term of eighteen months or more or to extend or renew any contract for a term of eighteen months or more, for any vessel, aircraft or vehicles, through a lease, charter, or similar agreement without previously having been submitted to the Committees on Appropriations of the House of Representatives and the Senate in the budgetary process: Provided, That any contractual agreement which imposes an estimated termination liability (excluding the estimated value of the leased item at the time of termination) on the Government exceeding 50 per centum of the original purchase value of the vessel, aircraft, or vehicle must have specific authority in an appropriation Act for the obligation of 10 per centum of such termination liability.

SEC. 8053. None of the funds made available by this Act shall be available to operate in excess of 247 commissaries in the contiguous United States.

SEC. 8054. None of the funds provided in this Act shall be used to procure aircraft ejection seats manufactured in any foreign nation that does not permit United States manufacturers to compete for ejection seat procurement requirements in that foreign nation. This limitation shall apply only to ejection seats procured for installation on aircraft produced or assembled in the United States.

SEC. 8055. None of the funds appropriated by this Act shall be obligated for the pay of any individual who is initially employed after the date of enactment of this Act as a technician in the administration and training of the Army Reserve and the maintenance and repair of supplies issued to the Army Reserve unless such individual is also a military member of the Army Reserve troop program unit that he or she is employed to support. Those technicians employed by the Army Reserve in areas other than Army Reserve troop program units need only be members of the Selected Reserve.

SEC. 8056. None of the funds appropriated by this Act shall be used to purchase dogs or cats or otherwise fund the use of dogs or cats for the purpose of training Department of Defense students or other personnel in surgical or other medical treatment of wounds produced by any type of weapon: Provided, That the standards of such training with respect to the treatment of animals shall adhere to the Federal Animal Welfare Law and to those prevailing in the civilian medical community.

SEC. 8057. None of the funds made available by this Act shall be used to initiate full-scale engineering development of any major defense acquisition program until the Secretary of Defense has provided to the Committees on Appropriations of the House and Senate—

(a) a certification that the system or subsystem being developed will be procured in quantities that are not sufficient to warrant development of two or more production sources, or

(b) a plan for the development of two or more sources for the production of the system or subsystem being developed.

SEC. 8058. None of the funds available for the Department of Defense may be used for the floating storage of petroleum or petroleum products except in vessels of or belonging to the United States.

SEC. 8059. No more than $182,402,000 of the funds appropriated by this Act shall be available for the payment of unemployment compensation benefits.

SEC. 8060. Of the funds made available to the Department of the Air Force in this Act, not less than $11,600,000 shall be available for the Civil Air Patrol.

SEC. 8061. Funds available to the Department of Defense may be used by the Department of Defense for the use of helicopters and motorized equipment at Defense installations for removal of feral burros and horses.

SEC. 8062. (a) None of the funds appropriated by this Act shall be available to compensate foreign selling costs as described in Federal Acquisition Regulation 31.205-38(b) as in effect on April 1, 1984.

(b) Notwithstanding section 2324(e)(1)(H) of title 10, United States Code, and subsection (a) of this section, appropriations contained in this Act shall be available for, and the Secretary of Defense shall pay, reasonable costs under covered contracts incurred to promote American aerospace exports at domestic and international exhibits.

SEC. 8063. Within the funds appropriated for the operation and maintenance of the Armed Forces, funds are hereby appropriated pursuant to section 403(a) of title 10, United States Code, for humanitarian and civic assistance costs under chapter 20 of title 10, United States Code. Such funds may also be obligated for humanitarian and civic assistance costs incidental to authorized operations and pursuant to authority granted in section 403(b) of chapter 20 of title 10, United States Code, and these obligations shall be reported to Congress on September 30 of each year: Provided, That funds available for operation and maintenance shall be available for providing humanitarian and similar assistance by using Civic Action Teams in the Trust Territories of the Pacific Islands and freely associated states of Micronesia, pursuant to the Compact of Free Association as authorized by Public Law 99-239.

SEC. 8064. Notwithstanding any other provision of law, the Secretaries of the Army and Air Force may authorize the retention in an active status until age sixty of any officer who would otherwise be removed from an active status and who is employed as a National Guard or Reserve technician in a position in which active status in a reserve component of the Army or Air Force is required as a condition of that employment.

SEC. 8065. It is the sense of the Congress that competition, which is necessary to enhance innovation, effectiveness, and efficiency, and which has served our Nation so well in other spheres of political and economic endeavor, should be expanded and increased in the provision of our national defense.

SEC. 8066. None of the funds appropriated by this Act shall be available to pay a dislocation allowance pursuant to section 407 of title 37, United States Code, in excess of one month's basic allowance for quarters.

SEC. 8067. None of the funds available to the Department of Defense shall be obligated or expended to contract out any activity currently performed by the Defense Personnel Support Center in Philadelphia, Pennsylvania: Provided, That this provision shall not apply after notification to the Committees on Appropriations of the House of Representatives and the Senate of the results of the cost analysis of contracting out any such activity.

SEC. 8068. Funds available for operation and maintenance under this Act, may be used in connection with demonstration projects and other activities authorized by section 1092 of title 10, United States Code.

SEC. 8069. None of the funds appropriated by this Act shall be used to make contributions to the Department of Defense Education Benefits Fund pursuant to section 2006(g) of title 10, United States Code, representing the normal cost for future benefits under section 1415(c) of title 38, United States Code, for any member of the armed services who, on or after the date of enactment of this Act, receives an enlistment bonus under section 308a or 308f of title 37, United States Code; nor shall any amounts representing the normal cost of such future benefits be transferred from the Fund by the Secretary of the Treasury to the Administrator of Veterans' Affairs pursuant to section 2006(d) of title 10, United States Code; nor shall the Administrator pay such benefits to any such member.

SEC. 8070. None of the funds appropriated by this or any other Act for the Navy may be used to carry out an electromagnetic pulse program in the Chesapeake Bay area in connection with the Electromagnetic Pulse Radiation Environment Simulator for Ships (EMPRESS) program unless or until the Secretary of Defense certifies to the Congress that conduct of the EMPRESS program is essential to the national security of the United States and to achieving requisite military capability for United States naval vessels, and that the economic, environmental, and social costs to the United States of conducting the EMPRESS program in the Chesapeake Bay area are far less than the economic, environmental, and social costs caused by conducting the EMPRESS program elsewhere.

SEC. 8071. Notwithstanding any other provision of law, during fiscal year 1988, the Department of Defense shall conduct an expanded pilot project of providing home health care as part of an individualized case-managed range of benefits that may reasonably deviate from otherwise payable types, amounts and levels of care, in up to four geographic areas containing no more than one-fourth of the Department's beneficiaries, for dependents entitled to health care under sections 1079 and 1086 of title 10, United States Code, with the patients selected from those with exceptionally serious, long-range, costly and incapacitating physical or mental conditions defined by the Secretary of Defense as likely to benefit from the range of demonstration benefits: Provided, That although the cost may be greater in a specific case, the net benefit cost to the Department of Defense shall not exceed that which could reasonably have been expected to occur in the absence of the demonstration: Provided further, That outside of the areas selected, the home health care pilot project as directed and implemented in fiscal years 1986 and 1987 shall be continued.

SEC. 8072. Funds appropriated in this Act shall be available for the payment of not more than 75 percent of the charges of a postsecondary educational institution for the tuition or expenses of an officer in the Ready Reserve of the Army National Guard or Army Reserve for education or training during his off-duty periods, except that no part of the charges may be paid unless the officer agrees to remain a member of the Ready Reserve for at least four years after completion of such training or education.

SEC. 8073. Notwithstanding any other provision of law, none of the funds appropriated by this Act shall be available to pay more than 50 percent of an amount paid to any person under section 308 of title 37, United States Code, in a lump sum.

SEC. 8074. None of the funds appropriated by this Act shall be available to convert to contractor performance an activity or function of the Department of Defense that, on or after the date of enactment of this Act, is performed by more than ten Department of Defense civilian employees until a most efficient and cost-effective organization analysis is completed on such activity or function and certification of the analysis is made to the Committees on Appropriations of the House of Representatives and the Senate.

(TRANSFER OF FUNDS)

SEC. 8075. Upon a determination by the Secretary of Defense that such action will result in a more economical acquisition of automatic data processing equipment, funds provided in this Act under one appropriation account for the lease or purchase of such equipment may be transferred through the Automatic Data Processing Equipment Management Fund to another appropriation account in this Act for the lease or purchase of automatic data processing equipment to be merged with and to be available for the same purposes, and for the same time period, as the appropriation to which transferred: Provided, That within thirty days after the end of each quarter the Secretary of Defense shall report transfers made under *this section to the Committees on Appropriations of the Senate and the House of Representatives: Provided further, That the authority to transfer funds under this section shall be in addition to any other transfer authority contained in this Act.*

SEC. 8076. Appropriations available to the Department of Defense during the current fiscal year shall be available, under such regulations as the Secretary of Defense may deem appropriate, to exchange or furnish mapping, charting, and geodetic data, supplies or services to a foreign country pursuant to an agreement for the production or exchange of mapping, charting, and geodetic data.

SEC. 8077. None of the funds appropriated in this Act to the Department of the Army may be obligated for procurement of 120mm mortars or 120mm mortar ammunition manufactured outside of the United States: Provided, That this limitation shall not apply to procurement of such mortars or ammunition required for testing, evaluation, type classification or equipping the Army's Ninth Infantry Division (Motorized).

SEC. 8078. Appropriations made available to the Department of Defense by this Act may be used at sites formerly used by the Department of Defense for removal of unsafe buildings or debris of the Department of Defense: Provided, That such removal must be completed before the property is released from Federal Government control, other than property conveyed to State or local government entities or native corporations.

SEC. 8079. Within the funds made available under title II of this Act, the military departments may use such funds as necessary, but not to exceed $2,400,000, to carry out the provisions of section 430 of title 37, United States Code.

SEC. 8080. None of the funds appropriated in this Act may be obligated or expended to carry out a program to paint any naval vessel with paint known as organotin or with any other paint containing the chemical compound tributyltin until such time as the Environmental Protection Agency certifies to the Department of Defense that whatever toxicity as generated by organotin paints as included in Navy specifications does not pose an unacceptable hazard to the marine environment: Provided, That the Navy may use these funds to paint aluminum-hulled craft as necessary, and, in addition, the Navy may paint no more than fifteen steel-hulled ships to conduct research as described in the "Navy Organotin Program Plan for Two Case Study Harbors".

SEC. 8081. None of the funds appropriated by this Act shall be used for the support of any nonappropriated fund activity of the Department of Defense that procures malt beverages and wine with nonappropriated funds for resale (including such alcoholic beverages sold by the drink) on a military installation located in the United States, unless such malt beverages and wine are procured in that State, or in the case of the District of Columbia, within the District of Columbia, in which the military installation is located: Provided, That in a case in which a military installation is located in more than one State, purchases may be made in any State in which the installation is located: Provided further, That such local procurement requirements for malt beverages and wine shall apply to all alcoholic beverages for military installations in States which are not contiguous with another State: Provided further, That alcoholic beverages other than wine and malt beverages in contiguous States and the District of Columbia shall be procured from the most competitive source, price and other factors considered.

SEC. 8082. Notwithstanding any other provision of law, funds available in this Act shall be available to the Defense Logistics Agency to grant civilian employees participating in productivity-based incentive award programs paid administrative time off in lieu of cash payment as compensation for increased productivity.

SEC. 8083. None of the funds appropriated in this Act to the Department of the Army may be obligated for depot maintenance of equipment unless such funds provide for civilian personnel strengths at the Army depots performing communications-electronics depot maintenance at an amount above the strengths assigned to those depots on September 30, 1985: Provided, That the foregoing limitation shall not apply to civilian personnel who perform caretaker-type functions at these installations: Provided further, That nothing in this provision shall cause undue reductions of other Army depots, as determined by the Secretary of the Army.

SEC. 8084. (a) The Secretary of Defense shall award to a United States firm a contract pursuant to a solicitation issued on or after the date of enactment of this Act under the Department of Defense overseas fuel procurement programs that would otherwise be awarded to a foreign firm if such United States firm—

(1) has a crude oil refining capacity of not more than 85,000 barrels a day;

(2) participates in the Department of Defense overseas fuel procurement program;

(3) agrees to the contract on the terms proposed by the foreign firm to which the contract would otherwise be awarded; and

(4) does not use processing agreements in order to fulfill the contract.

(b) This provision shall not apply if the total cost of supplies offered by the United States firm, including transportation as specified in the solicitation, would exceed the total evaluated cost to the government if the contract were awarded to the foreign firm.

(c) This provision shall not supersede any status of forces agreement and shall not apply to acquisitions subject to the Agreement on Government Procurement of 1979 and the Trade Agreements Act of 1979 (19 U.S.C. 2501-2582) and including acquisitions from countries designated under the Caribbean Basin Economic Recovery Act (19 U.S.C. 2701, et seq.).

(d) For purposes of this section, the term "United States firm" means a corporation, partnership, association, joint stock company, business trust, unincorporated organization, or sole proprietorship which has its principal place of business in the United States, or which is organized under the laws of a State of the United States or a territory, possession, or commonwealth of the United States.

SEC. 8085. (a) None of the funds made available by this Act to the Department of Defense may be used to procure the Federal Supply Classes of machine tools set forth in subsection (b) of this section, for use in any government-owned facility or property under control of the Department of Defense, which machine tools were not manufactured in the United States or Canada.

(b) The procurement restrictions contained in subsection (a) shall apply to Federal Supply Classes of metalworking machinery in categories numbered 3408, 3410-3419, 3426, 3433, 3441-3443, 3446, 3448, 3449, 3460, and 3461.

(c) When adequate domestic supplies of the classifications of machine tools identified in subsection (b) are not available to meet Department of Defense requirements on a timely basis, the procurement restrictions contained in subsection (a) may be waived on a case by case basis by the Secretary of the Service responsible for the procurement.

(d) Subsection (a) shall not apply to contracts which are binding as of the date of enactment of this Act.

SEC. 8086. None of the funds appropriated or made available by this Act may be obligated for acquisition of major automated information systems which have not successfully completed oversight reviews required by Defense Department regulations: Provided, That none of the funds appropriated or made available by this Act may be obligated on Composite Health Care System acquisition contracts if such contracts would cause the total life cycle cost estimate of $1,100,000,000 expressed in fiscal year 1986 constant dollars to be exceeded.

SEC. 8087. Notwithstanding any other provision of law, appropriations available to the Department of Defense during the current fiscal year shall be available to make payments to a hospital that obtains 6 percent or more of its operating funds from contributions and that limits the care it provides to the treatment of heart and lung conditions: Provided, That payment may not be denied for a claim for otherwise reimbursable services submitted under a plan contracted for under sections 1079(a) and 1086(a) of title 10, United States Code, solely on the basis that such hospital does not impose a legal obligation, including a patient cost share or deductible, on its patients to pay for such services.

SEC. 8088. The Secretary of Defense shall take such action as necessary to assure that a minimum of 50 percent of the polyacrylonitrile (PAN) carbon fiber requirement be procured from domestic sources by 1992: Provided, That the annual goals to achieve this requirement be as follows: 15 percent of the total DoD requirement by 1988; 15 percent of the total DoD requirement by 1989; 20 percent of the total DoD requirement by 1990; 25 percent of the total DoD requirement by 1991; and 50 percent of the total DoD requirement by 1992.

SEC. 8089. (a) Section 9102 of the Department of Defense Appropriations Act, 1987 (as included in Public Laws 99-500 and 99-591) is repealed; (b) of the funds appropriated by this Act not more than $1,190,923,000 may be obligated for morale, welfare, and recreation activities: Provided, That such funds may be spent in accordance with the criteria set forth in the Report of the Assistant Secretary of Defense (Force Management and Personnel) to the Congress entitled "Reassessment of the Department of Defense Morale, Welfare and Recreation Programs" dated August 10, 1987: Provided further, That nonappropriated funds may be used to reimburse appropriated funds for expenses of civilian employees employed on January 1, 1987, by revenue-generating recreation activities and such reimbursed expenses shall not be included in the dollar limitation of this section.

SEC. 8090. (a) The Secretary of the Navy (hereinafter in this section referred to as the "Secretary") is authorized to convey to the Philadelphia Municipal Authority, a State authority, (hereinafter in this section referred to as the "PMA"), all right, title, and *interest of the United States in and to approximately 29 acres of land located in the United States Naval Base, Philadelphia, Pennsylvania, together with any improvements thereon.*

(b) The exact acreage and legal description of the lands to be conveyed under this section shall be determined by surveys that are satisfactory to the Secretary. The cost of any such survey shall be borne by the PMA.

(c) In consideration for any conveyance authorized under subsection (a), the PMA shall pay to the United States an amount equal to the fair market value of the property to be conveyed (as determined by the Secretary).

(d) The Secretary may require such additional terms and conditions with respect to the conveyance under this section as he considers appropriate to protect the interests of the United States.

(e) In addition to the authority provided in subsection (a) and pursuant to section 2394 of title 10, United States Code, the Secretary, upon his determination that there is an economic advantage to the Navy, is authorized to enter into a long-term contract with the PMA for the purchase of steam generated from a facility to be constructed upon the land authorized to be conveyed herein.

SEC. 8091. Notwithstanding any other provision of law, appropriations made available in this Act may be used for the procurement, product improvement and modification of the Copperhead projectile, without regard to whether or not a second production source program or contract has been established for this program if the Secretary of Defense determines that such expenditures are in the interest of the Government of the United States: Provided, That prior year unobligated balances of funds appropriated for Other Procurement, Navy for procurement of the five inch guided projectile (other than those required for production qualification efforts) shall be available for obligation only after the Secretary of the Navy certifies to the Committees on Appropriations of the House of Representatives and Senate that (1) procurement funding is included in the fiscal year 1989 Navy five year budget, (2) it will be competitively procured, and (3) procurement will be on a firm fixed price contract with a procurement unit cost of not to exceed $29,000 per round.

SEC. 8092. Except where specifically increased or decreased elsewhere in this Act, the restrictions contained within appropriations, or provisions affecting appropriations or other funds, available during fiscal year 1988, limiting the amount which may be expended for personnel services, and including pay and allowances of military personnel and civilian employees, or for purposes involving personal services, or amounts which may be transferred between appropriations or authorizations available for or involving such services, are hereby increased to the extent necessary to meet increased pay costs authorized by or pursuant to law.

SEC. 8093. None of the funds appropriated or made available by this or any other Act with respect to any fiscal year may be used by any Department, agency, or instrumentality of the United States to purchase electricity in a manner inconsistent with state law governing the provision of electric utility service, including state utility commission rulings and electric utility franchises or service territories established pursuant to state statute, state regulation, or state-approved territorial agreements: Provided, That nothing in this section shall preclude the head of a Federal agency from entering into a contract pursuant to 42 U.S.C. 8287; nor shall it preclude the Secretary of a military department from entering into a contract pursuant to 10 U.S.C. 2394 or from purchasing electricity from any provider when the utility or utilities having applicable state-approved franchise or other service authorizations are found by the Secretary to be unwilling or unable to meet unusual standards for service reliability that are necessary for purposes of national defense.

SEC. 8094. None of the funds provided by this Act may be used to pay the salaries of any person or persons who authorize the transfer of unobligated and deobligated appropriations into the Reserve for Contingencies of the Central Intelligence Agency.

SEC. 8095. Funds appropriated by this Act for construction projects of the Central Intelligence Agency, which are transferred to another Agency for execution, shall remain available until expended.

SEC. 8096. The Secretary of Defense shall submit a quarterly report of cumulative reprogrammings from any project or program in excess of an initial $10,000,000 in total for procurement and an initial $4,000,000 in total for research and development. The initial report shall cover the quarter ending March 31, 1988, and include funds in this and prior appropriation Acts.

SEC. 8097. (a) The Secretary of Defense shall conduct through the Civilian Health and Medical Program of the Uniformed Services (CHAMPUS) a demonstration project on the treatment of alcoholism designed to compare the use of chemical aversion therapy with the use of other treatments. At the conclusion of the demonstration project, the Secretary shall submit to the Committees on Appropriations and Armed Services of the Senate and House of Representatives a report on the results of the project: Provided, That the demonstration project shall be conducted at only one location: Provided further, That coverage for chemical aversion therapy under this demonstration project is extended to those beneficiaries referred for such treatment by a physician, psychiatrist or psychologist recognized as an authorized provider under CHAMPUS.

(b) Until the report required by subsection (a) is submitted, the Secretary of Defense shall ensure that coverage of beneficiaries under section 1079(a) or 1086(a) of title 10, United States Code, shall continue under the provisions of subsection (a).

SEC. 8098. Notwithstanding the provisions of section 2401, title 10, United States Code, or of any other provision of law which would limit lease or charter terms to less than five years, the Navy is authorized to enter into agreements to construct and charter up to six clean product tankers of adequate cargo capacity to replace the SEALIFT-class tankers now in service. Tankers constructed under the terms of this section must be constructed in a shipyard of the United States in accordance with section 10-(d), title 41, United States Code.

SEC. 8099. The Secretary of the Army, as Executive Agent for the Department of Defense, may authorize activities on the part of the Armed Forces in celebration of the Bicentennial of the Constitution, and in support of Congressional Bicentennial activities. Such sums as are necessary to pay the expenses of these activities shall be made available from funds otherwise appropriated to the Department of Defense, except that such funds shall not be counted against the limitation on funds available for public affairs or legislative liaison activities of the Department of Defense.

SEC. 8100. Upon a certification by the Chief, National Guard Bureau, to the Committees on Appropriations and Armed Services of the Senate and House of Representatives that complete delivery of 530 M939A2 trucks cannot be accomplished by February 1, 1989, and that the total cost of a contract for M939A1 trucks will not exceed the cost of a contract for M939A2 trucks for the same number of trucks to be acquired under the M939A1 contract, appropriations made in this Act, or in the Department of Defense Appropriations Acts for fiscal year 1986 and for fiscal year 1987 under the heading "National Guard and Reserve Equipment", may be used to acquire M939A1 trucks.

SEC. 8101. None of the funds appropriated by this Act shall be available for the operation and maintenance of contractor-owned, contractor-operated primary health care facilities unless the Department of Defense Inspector General agrees to conduct an inspection, audit and evaluation of these clinics.

SEC. 8102. Funds provided by this Act for the Civilian Health and Medical Program of the Uniformed Services (CHAMPUS) may be used by the Office of CHAMPUS to conduct a pilot project to provide program modifications and efficiencies by amending up to two existing fiscal intermediary contracts: Provided, That the Secretary of Defense conducts a separate health care demonstration project, if it is in the best interests of the Government, in the New Orleans, Louisiana area (the area described in Solicitation Number MDA903-87-R-0047) that uses a managed health care network, including health care enrollment (as provided for in section 1099, title 10, United States Code): Provided further, That the Secretary shall implement this demonstration project no later than September 30, 1988.

SEC. 8103. Notwithstanding any other provision of law, the Secretary of the Navy may use funds appropriated to charter ships to be used as auxiliary minesweepers providing that the owner agrees that these ships may be activated as Navy Reserve ships with Navy Reserve crews used in training exercises conducted in accordance with law and policies governing Naval Reserve forces.

SEC. 8104. (a) None of the funds in this Act may be used to award a contract for the Civilian Health and Medical Program of the Uniformed Services (CHAMPUS) Reform Initiative that exceeds the total fiscal year 1987 costs for CHAMPUS care provided in California and Hawaii, plus normal and reasonable adjustments for price and program growth.

(b) Notwithstanding section 725 of Public Law 100-180, the preemption provisions of title 10, United States Code, chapter 55, section 1103, shall not be limited to contractual provisions relating to coverage of benefits, but shall apply to any and all contracts entered into pursuant to Solicitation Number MDA-903-87-R-0047 and shall preempt any and all State and local laws or regulations which relate to health insurance or to prepaid health care plans.

SEC. 8105. None of the funds appropriated by this Act may be used by the Defense Logistics Agency to assign a supervisor's title or grade when the number of people he or she supervises is considered as a basis for this determination: Provided, That savings that result from this provision are represented as such in future budget proposals.

SEC. 8106. Appropriations made available in this Act by the appropriation "Operation and maintenance, Army" shall be available for logistical support and personnel services required to complete Department of Defense support for the Tenth International Pan American Games.

SEC. 8107. Of funds identified in chapter IIIA, section 5(b) of the Urgent Supplemental Appropriations Act, 1986 (Public Law 99-349), the $18,500,000 made available for purchase of an HC-130 tanker and the $12,000,000 made available for purchase of an aerostat radar system shall be available only for procurement and installation, including site preparations, of aerostat radars.

SEC. 8108. None of the funds appropriated by this Act shall be used to make contributions to the Department of Defense Education Benefits Fund pursuant to section 2006(g) of title 10, United States Code, representing the normal cost for future benefits under section 1415(c) of title 38, United States Code, for any member of the armed services who, on or after the date of the enactment of this Act, enlists in the armed services for less than three years; nor shall any amounts representing the normal cost of such future benefits be transferred from the Fund by the Secretary of the Treasury to the Administrator of Veterans Affairs pursuant to section 2006(d) of title 10, United States Code; nor shall the Administrator pay such benefits to any such member: Provided, That these limitations shall not apply to members in combat arms skills.

SEC. 8109. Of the funds made available in this Act, the Department of Defense shall transfer $1,342,000 to the Bureau of Land Management appropriation account for fire management to be used for repair and replacement of materials destroyed by fire, to be merged with, and such funds are to be awarded for the same purposes and for the same time period as the appropriation to which transferred.

SEC. 8110. None of the funds appropriated by this Act shall be available for the basic pay and allowances of any member of the Army participating as a full-time student and receiving benefits paid by the Administrator of Veterans Affairs from the Department of Defense Education Benefits Fund when the time spent as a full-time student is credited toward completion of a service commitment: Provided, That this provision shall not apply to those members who have reenlisted with this option prior to October 1, 1987: Provided further, That this provision applies to active components of the Army.

SEC. 8111. Of the funds made available in this Act for military personnel appropriations, up to $2,800,000 may be available for the purposes of section 638 of the National Defense Authorization Act for fiscal years 1988 and 1989 (Public Law 100-180).

SEC. 8112. Funds appropriated or made available in this Act shall be obligated and expended to continue to fully utilize the facilities at the United States Army Engineer's Waterways Experiment Station, including the continued availability of the supercomputer capability and the planned upgrade of this capability: Provided, That none of the funds in this Act may be used to purchase any supercomputer which is not manufactured in the United States, unless the Secretary of Defense certifies to the Armed Services and Appropriations Committees of Congress that such an acquisition must be made in order to acquire capability for national security purposes that is not available from United States manufacturers.

SEC. 8113. The Secretary of Defense shall take such action as may be necessary to implement at the earliest practicable date and with funds provided for such purpose by section 8110 of the Department of Defense Appropriations Act, 1986 (as contained in section 101(b) of Public Law 99-190; 99 Stat. 1222), the program proposed by the Department of Defense in a letter dated August 30, 1985, from the Assistant Secretary of Defense for Acquisition and Logistics to rehabilitate and convert current steam generating plants at defense facilities in the United States to coal burning facilities in order to achieve a coal consumption target of 1,600,000 short tons of coal per year (including at least 300,000 short tons of anthracite coal) above current consumption levels at Department of Defense facilities in the United States by fiscal year 1994: Provided, That such action shall be subject to the use of only the most cost effective fuel system in the construction of new plants or the conversion of existing plants: Provided further, That during fiscal year 1988, the amount of anthracite coal purchased by the Department shall be at least 300,000 short tons: Provided further, That the funds identified in section 8110 of Public Law 99-190 shall continue to be made available until expended to be used on a non-reimbursable basis for the administrative costs of this program.

SEC. 8114. For the purposes of the Balanced Budget and Emergency Deficit Control Act of 1985 (Public Law 99-177) as amended by the Balanced Budget and Emergency Deficit Control Reaffirmation Act of 1987 (Public Law 100-119), the term program, project, and activity for appropriations contained in this Act shall be defined as the most specific level of budget items identified in the Department of Defense Appropriations Act, 1988, the accompanying House and Senate Committee reports, the conference report and accompanying joint explanatory statement of the managers of the Committee of Conference, the related classified annexes, and the P-1 and R-1 budget justification documents as subsequently modified by Congressional action: Provided, however, that the following exception to the above definition shall apply:

For the Military Personnel and the Operation and Maintenance accounts, the term "program, project, and activity" is defined as the appropriations accounts contained in the Department of Defense Appropriations Act.

SEC. 8115. (a) Of the funds appropriated to the Army, $90,895,000 shall be available only for the Reserve Component Automation System (RCAS): Provided, That none of these funds can be expended:

(1) except as approved by the Chief of the National Guard Bureau;

(2) unless RCAS resource management functions are performed by the National Guard Bureau;

(3) unless the RCAS contract source selection official is the Chief of the National Guard Bureau;

(4) to pay the salary of an RCAS program manager who has not been selected and approved by the Chief of the National Guard Bureau and chartered by the Chief of the National Guard Bureau and the Secretary of the Army;

(5) unless the Program Manager (PM) charter makes the PM accountable to the source selection official and fully defines his authority, responsibility, reporting channels and organizational structure;

(6) to pay the salaries of individuals assigned to the RCAS program management office, source selection evaluation board, and source selection advisory board unless such organizations are comprised of personnel chosen jointly by the Chiefs of the National Guard Bureau and the Army Reserve;

(7) to award a contract for development or acquisition of RCAS unless such contract is competitively awarded under procedures of OMB Circular A-109 for an integrated system consisting of software, hardware, and communications equipment and unless such contract precludes the use of Government furnished equipment, operating systems, and executive and applications software; and

(8) unless RCAS performs its own classified information processing.

(b) None of the funds appropriated in this Act are available for procurement of Tactical Army Combat Service Support Computer Systems (TACCS) unless at least fifty percent of the TACCS computers procured with Army fiscal year 1988 funds are provided to the Reserve Component.

(c) None of the funds appropriated in this Act are available for procurement of mini- and micro-computers for the Army Reserve Component until the RCAS contract is awarded.

SEC. 8116. Whereas a verifiable treaty eliminating United States and Soviet medium- and short-range nuclear ballistic missiles in Europe would enhance United States and European security;

Whereas the Congress supports the President's goal of reducing United States and Soviet conventional forces in Europe and reducing United States and Soviet strategic nuclear forces;

Whereas it is important the Congress and the President be in agreement on United States national security goals and objectives in order for the United States to be in the strongest possible position to negotiate with the Soviet Union future reductions in conventional and strategic nuclear forces;

Whereas the Congress strongly opposes the undercutting of these arms reduction negotiations by either the United States or the Soviet Union through unnecessary military initiatives or counter-productive arms control proposals;

Whereas no decision has been made on the development or deployment of strategic defenses;

Therefore, it is the sense of the Congress that—

(1) in order to maintain the basis for strong deterrence, the Strategic Defense Initiative (SDI) should be a long-term and robust research program to provide the United States with expanded options for responding to a Soviet breakout from the 1972 Anti-Ballistic Missile Treaty and to respond to other future Soviet arms initiatives that might pose a grave threat to United States national security;

(2) by expanding potential United States strategic options the SDI research program can enhance United States leverage in the United States-Soviet arms reduction negotiations and serve as a safeguard for ensuring that negotiated agreements are kept;

(3) future research plans and budgets for SDI must be established using realistic projections of available resources in the overall defense budget and must not undercut other important Department of Defense programs; and

(4) in matching research priorities against available resources, the primary emphasis of SDI should be to explore promising new technologies, such as directed energy technologies, which might have long-term potential to defend against a responsive Soviet offensive nuclear threat.

SEC. 8117. From funds available in this Act for Research, Development, Test, and Evaluation, Army, the Army shall expeditiously and without further delay complete development and operational testing of the M72E4, type classify the weapon, and acquire a technical data package.

SEC. 8118. None of the funds provided for the Department of Defense in this Act may be obligated or expended for fixed price-type contracts in excess of $10,000,000 for the development of a major system or subsystem unless the Under Secretary of Defense for Acquisition determines, in writing, that program risk has been reduced to the extent that realistic pricing can occur, and that the contract type permits an equitable and sensible allocation of program risk between the contracting parties: Provided, That the Under Secretary may not delegate this authority to any persons who hold a position in the Office of the Secretary of Defense below the level of Assistant Secretary of Defense: Provided further, That the Under Secretary report to the Committees on Appropriations of the Senate and House of Representatives in writing, on a quarterly basis, the contracts which have obligated funds under such a fixed price-type developmental contract.

SEC. 8119. Monetary limitations on the purchase price of a passenger motor vehicle shall not apply to vehicles purchased for intelligence activities conducted pursuant to Executive Order 12333 or successor orders.

SEC. 8120. Not to exceed $25,000,000 of the funds appropriated in this Act to the Department of the Army may be used to fund the construction of classified military projects within the Continental United States, including design, architecture, and engineering services.

SEC. 8121. From the amounts appropriated in this Act, funds shall be available for Naval Air Rework Facilities to perform manufacturing in order to compete for production contracts of Defense articles: Provided, That the Navy shall certify that successful bids between Naval Air Rework Facilities and private companies for such production contracts include comparable estimates of all direct and indirect costs: Provided further, That competitions conducted under this authority shall not be subject to section 502 of the Department of Defense Authorization Act, 1981, as amended, section 307 of the Department of Defense Authorization Act, 1985, or Office of Management and Budget Circular A-76.

SEC. 8122. Nothing in section 102d(1) of Public Law 100-178, section 601(b)(2)(A) of Public Law 99-433 (100 Stat. 1065), or section 601(d) of Public Law 99-433 (100 Stat. 1065) shall be construed as requiring or suggesting that the Secretary of Defense avoid allocating personnel reductions to the Defense Intelligence Agency.

SEC. 8123. Notwithstanding any other provision of law, the Department of Defense may waive Federal regulations concerning wage rates for authorized civilian employees hired for certain health care occupations: Provided, That only those occupations cited in the June 30, 1988, report to be submitted by the Assistant Secretary of Defense for Health Affairs shall be covered by this provision.

SEC. 8124. None of the funds available to the Department of Defense are available for obligation or expenditure to procure either directly or indirectly any goods or services from Toshiba Corporation or any of its subsidiaries, or from Kongsberg Vapenfabrikk or any of its subsidiaries: Provided, That the Secretary of Defense may, on a case-by-case basis, waive the preceding prohibition upon a written determination to the Committees on Appropriations of the House of Representatives and the Senate that compliance would be detrimental to United States national security interests: Provided further, That the above provision shall not be effective until ninety days after enactment of this Act.

SEC. 8125. (a) None of the funds available to the Department of Defense may be used for procurement of welded shipboard anchor chain and mooring chain (of all types four or less inches in diameter) manufactured outside of the United States or Canada.

(b) When adequate domestic supplies of welded shipboard anchor chain and mooring chain (of all types four or less inches in diameter) are not available to meet Department of Defense requirements on a timely basis, the procurement restrictions contained in subsection (a) may be waived on a case-by-case basis by the Secretary of the Service responsible for the procurement.

(c) Subsection (a) shall not apply to contracts which are binding as of the date of enactment of this Act.

SEC. 8126. Except as provided in section 2690 of title 10, United States Code, none of the funds available to the Department of Defense may be used for the consolidation or conversion of heating plants at defense facilities in Europe from coal to district heating distribution systems: Provided, That this provision shall not apply to facilities for which consolidation or construction contracts were entered into before September 30, 1987.

SEC. 8127. During the current fiscal year, notwithstanding any other provision of law, the Department of Defense shall exclude from diagnosis related groups regulations: (a) inpatient hospital services in a hospital whose patients are predominantly under 18 years of age and (b) such services in any hospital with respect to (1) discharges involving newborns and infants who are less than 29 days old upon admission (other than discharges classified to diagnosis related group 391), (2) discharges involving pediatric bone marrow transplants, (3) discharges involving children who have been determined to be HIV seropositive, and (4) discharges involving pediatric cystic fibrosis: Provided, That the Department of Defense shall ensure that beneficiaries not be required to pay more in cost-shares under the foregoing exclusions than those which would have been imposed if the diagnosis related group system had been instituted: Provided further, That notwithstanding any other provision of law, appropriations available to the Department of Defense may be used to pay the difference between the cost-shares paid by beneficiaries under the foregoing and the billed charges for services covered by this provision.

SEC. 8128. None of the funds available for programs administered by the Assistant Secretary of the Army for Civil Works in this or any other Act hereafter are available to continue, initiate, review, complete, or approve A-76 studies on contracting out for any reservoir area in the State of Mississippi administered by the Corps of Engineers unless specified in appropriation bills.

SEC. 8129. None of the funds in this Act or any other funds available to commissaries and exchanges may be used to purchase or sell any Toshiba products in those commissaries or exchanges: Provided, That the above provision shall not be effective until ninety days after enactment of this Act.

(TRANSFER OF FUNDS)

SEC. 8130. Of the funds appropriated in this Act and from funds appropriated to the Department of Defense in prior years that remain available for obligation, $316,000,000 may be transferred from any appropriation, except appropriations made available to the Department of the Army, to any appropriate Air Force appropriation, and thirty legislative days after notification of such transfers to the Committees on Appropriations and Armed Services of the House of Representatives and the Senate and without objection of the Committees within that thirty legislative day period, such transfers may be used for activities related to the space launch recovery program, to be merged with and to be available for the same purposes, and the same time period, as the appropriation to which transferred: Provided, That none of the funds transferred pursuant to this paragraph may be obligated or expended for the space launch recovery program until the Secretary of Defense and the Administrator of the National Aeronautics and Space Administration have submitted the plan required by section 5(a) of chapter II of title I of Public Law 100-71 (101 Stat. 398): Provided further, That the authority to transfer funds under this section shall be in addition to any other transfer authority contained in this Act.

SEC. 8131. Notwithstanding any other provision of law, the Secretary of the Air Force shall, from existing prior year funds, make available the additional $18,000,000 necessary to complete the $28,700,000 development and qualification program of the next generation trainer engine (F-109) over the next three-year period: Provided, That none of the funds may be obligated or expended until the Air Force submits a report to the Committees on Appropriations which identifies the specific Air Force aircraft on which the F-109 engine will be used.

(TRANSFER OF FUNDS)

SEC. 8132. Notwithstanding any other provision of law, the Department of Defense may transfer prior year unobligated balances and funds appropriated in this Act to the operation and maintenance appropriations of the reserve components for the purpose of providing military technician pay the same exemption from sequestration set forth in the Balanced Budget and Emergency Deficit Control Act of 1985 (Public Law 99-177) as amended by the Balanced Budget and Emergency Deficit Control Reaffirmation Act of 1987 (Public Law 100-119) as that granted the other military personnel accounts: Provided, That any transfer made pursuant to any use of the authority provided by this provision shall be limited so that the amounts reprogrammed to the operation and maintenance appropriations of the reserve components do not exceed the amounts sequestered under the Balanced Budget and Emergency Deficit Control Act of 1985 (Public Law 99-177) as amended by the Balanced Budget and Emergency Deficit Control Reaffirmation Act of 1987 (Public Law 100-119): Provided further, That the authority to make transfers pursuant to this section is in addition to the authority to make transfers under other provisions of this Act: Provided further, That the Secretary of Defense may proceed with such transfer after notifying the Appropriations Committees of the House of Representatives and the Senate twenty legislative days before any such transfer of funds under this provision and if no objection is expressed within that twenty legislative day period.

(TRANSFER OF FUNDS)

SEC. 8133. Funds appropriated in this Act and from funds appropriated to the Department of Defense in prior years that remain available for obligation, $100,000,000 may be transferred from any such appropriation to Aircraft Procurement, Air Force, for the procurement of six replacement aircraft for the Flight Inspection Program, to be merged with and to be available for the same purposes, and the same time period, as the appropriation to which transferred: Provided, That the authority to transfer funds under this section shall be in addition to any other transfer authority contained in this Act.

SEC. 8134. None of the funds appropriated by this Act may be used to carry out full-scale engineering development or deployment on the project under the Strategic Defense Initiative designated on September 1, 1987, as the Space-Based Interceptor (SBI) Project.

SEC. 8135. Sections 4, 431, and 634 of the National Defense Authorization Act for fiscal years 1988 and 1989 (Public Law 100-180) are hereby repealed.

SEC. 8136. Notwithstanding any other provision of law, during fiscal year 1988, the Secretary of Defense shall make available to the United States Coast Guard without reimbursement not less than $105,000,000 in supplies, fuel, training assistance, and other operational support, exclusive of administrative costs, including $5,000,000 for the completion of development of a low-frequency, lightweight, portable sonar for the Coast Guard's antisubmarine warfare mission requirements, in addition to such assistance as would ordinarily be provided in the absence of this provision: Provided, That such items shall be deemed Department of Defense expenditures for Coast Guard defense related activities: Provided further, That from funds provided for "Aircraft Procurement, Navy, fiscal year 1987", $33,000,000 shall be available for procurement and installation of APG-66 radar and other sensors for HU-25 aircraft and seabased aerostat radar systems in support of the Coast Guard Drug Interdiction Program.

SEC. 8137. The President shall submit in his budget proposals to the Congress for fiscal year 1989 an arrangement for the Ready Reserve Fleet in which funding and program responsibilities are consolidated in a single Federal organization.

SEC. 8138. It is the sense of the Congress that the Secretary of Defense should name one of the new nuclear aircraft carriers appropriated in fiscal year 1988 the U.S.S. JOHN C. STENNIS.

(TRANSFER OF FUNDS)

SEC. 8139. In addition to the amounts appropriated or otherwise made available in this Act, $875,000,000 is appropriated to fully fund the military pay raise with any remaining balance of the appropriation available to fund the civilian pay raise as authorized by law: Provided, That such amounts shall be transferred and merged with "Military Personnel" and "Operation and Maintenance" appropriations accounts as applicable and that such transfer authority shall be in addition to that provided elsewhere in this Act: Provided further, That such sums as may be necessary for authorized pay raise costs in excess of this appropriation shall be accommodated within the levels appropriated in this Act.

SEC. 8140. None of the funds available to the Department of the Navy may be used to enter into any contract for the overhaul, repair, or maintenance of any naval vessel on the West Coast of the United States which includes charges for interport differential as an evaluation factor for award.

SEC. 8141. No naval vessel or any vessel owned and operated by the Department of Defense homeported in the United States may be overhauled, repaired, or maintained in a foreign owned and operated shipyard located outside of the United States, except for voyage repairs.

SEC. 8142. (a) Section 38(b)(1) of the Arms Export Control Act (22 U.S.C. 2778(b)(1)) is amended—

(1) by inserting "(A)" before "As prescribed in"; and

(2) by adding at the end the following:

"(B) The prohibition under such regulations required by the second sentence of subparagraph (A) shall not extend to any military firearms (or ammunition, components, parts, accessories, and attachments for such firearms) of United States manufacture furnished to any foreign government by the United States under this Act or any other foreign assistance or sales program of the United States if—

"(i) such firearms are among those firearms that the Secretary of the Treasury is, or was at any time, required to authorize the importation of by reason of the provisions of section 925(e) of title 18, United States Code (including the requirement for the listing of such firearms as curios or relics under section 921(a)(13) of that title); and

"(ii) such foreign government certifies to the United States Government that such firearms are owned by such foreign government.".

(b)(1) Except as provided in paragraphs (2) and (3), subparagraph (B) of section 38(b)(1) of the Arms Export Control Act, as added by subsection (a), shall take effect at the end of the ninety-day period beginning on the date of the enactment of this Act.

(2)(A) Such subparagraph shall take effect on the date of the enactment of this Act with respect to any military firearms or ammunition (or components, parts, accessories and attachments for such firearms) with respect to which an import permit was issued by the Secretary of the Treasury on or after July 1, 1986, irrespective of whether such import permit was subsequently suspended, revoked, or withdrawn by the Secretary of the Treasury based on the application of section 38(b)(1) of the Arms Export Control Act as in effect on the day before the date of the enactment of this Act.

(B) In the case of an import permit described in subparagraph (A) which was suspended, revoked, or withdrawn by the Secretary of the Treasury during the period beginning on July 1, 1986, and ending on the date of the enactment of this Act under the conditions described in such subparagraph, such import permit shall be reinstated and reissued immediately upon the enactment of this Act, and in any event not later than ten days after the date of the enactment of this Act.

(3) During the period preceding the revision of regulations issued under section 38(b)(1) of the Arms Export Control Act to reflect the provisions of subparagraph (B) of such section, as added by subsection (a), such regulations may not be applied with respect to matters covered by paragraph (2) of this subsection so as to prohibit or otherwise restrict the importation of firearms described in that paragraph or in any other manner inconsistent with that paragraph, notwithstanding that such regulations have not yet been so revised: Provided, That this section shall not take effect if during the twenty day period beginning on the date of enactment of this section the Secretary of State, the Secretary of Defense, or the Secretary of the Treasury notifies Congress that he has an objection to the intent of this section: Provided further, That the Attorney General shall, within the period of time stated in the first proviso, submit a certification to Congress indicating whether the enactment of this section will interfere with any ongoing criminal investigation with respect to this section. If a certification of criminal investigative interference or an objection to the intent of this section is made, as herein provided, no permit shall be issued to anyone.

SEC. 8143. (a) EXTENSION OF PROGRAM.—Section 516(a) of the Foreign Assistance Act of 1961 is amended in the first sentence by striking out "and 1988" and inserting in lieu thereof ", 1988, and 1989,".

(b) MAJOR NON-NATO ALLIES.—Section 516(a) of that Act is amended in the first sentence by inserting ", and to major non-NATO allies on the southern and southeastern flank of NATO which are eligible for United States security assistance," after "military structure".

(c) EXCESS DEFENSE ARTICLES.—Section 516 of that Act is amended—

(1) in subsection (a)—

(A) in the first sentence, by inserting "excess" before "defense articles", and

(B) in the second sentence, by inserting "excess defense" before "articles"; and

(2) in the text of subsection (b) preceding paragraph (1), in subsection (c), and in subsection (d), by inserting "excess" before "defense articles".

SEC. 8144. None of the funds available to the Central Intelligence Agency, the Department of Defense, or any other agency or entity of the United States Government may be obligated or expended during fiscal year 1988 to provide funds, materiel, or other assistance to the Nicaraguan democratic resistance unless in accordance with the terms and conditions specified by section 104 of the Intelligence Authorization Act (Public Law 100-178) for fiscal year 1988.

This Act may be cited as the "Department of Defense Appropriations Act, 1988".

And the Senate agree to the same.

Amendment numbered 4:

That the House recede from its disagreement to the amendment of the Senate numbered 4, and agree to the same with an amendment, as follows:

In lieu of the matter stricken and inserted by said amendment, insert the following:

(c) Such amounts as may be necessary for programs, projects or activities provided for in the District of Columbia Appropriations Act, 1988, at a rate of operations and to the extent and in the manner provided for, the provisions of such Act to be effective as if it had been enacted into law as the regular appropriations Act, as follows:

AN ACT

Making appropriations for the government of the District of Columbia and other activities chargeable in whole or in part against the revenues of said District for the fiscal year ending September 30, 1988, and for other purposes.

TITLE I

FISCAL YEAR 1988 APPROPRIATIONS

FEDERAL PAYMENT TO THE DISTRICT OF COLUMBIA

For payment to the District of Columbia for the fiscal year ending September 30, 1988, $430,500,000, which shall not be subject to apportionment and shall be paid to *the District of Columbia by the Secretary of the Treasury within 15 days after the enactment of this joint resolution: Provided, That none of these funds shall be made available to the District of Columbia until the number of full-time uniformed officers in permanent positions in the Metropolitan Police Department is at least 3,880, excluding any such officer appointed after August 19, 1982, under qualification standards other than those in effect on such date.*

Federal Payment for Water and Sewer Services

For payment to the District of Columbia for the fiscal year ending September 30, 1988, in lieu of reimbursement for charges for water and water services and sanitary sewer services furnished to facilities of the United States Government, $40,500,000, as authorized by the Act of May 18, 1954, as amended (D.C. Code, secs. 43-1552 and 43-1612): Provided, That $7,900,000 of this amount shall be paid to the District government by the Secretary of the Treasury immediately upon enactment of this Act for fiscal years 1986 and 1987 adjustments: Provided further, That $32,600,000 shall be paid to the District government by the Secretary of the Treasury in four equal quarterly payments of $8,150,000 each, with each payment to be made on the first day of the beginning of each quarter without further justification by the District of Columbia government.

Federal Contribution to Retirement Funds

For the Federal contribution to the Police Officers and Fire Fighters', Teachers', and Judges' Retirement Funds as authorized by the District of Columbia Retirement Reform Act, approved November 17, 1979 (93 Stat. 866; Public Law 96-122), $50,000,000.

Transitional Payment for Saint Elizabeths Hospital

For a Federal contribution to the District of Columbia, as authorized by the Saint Elizabeths Hospital and District of Columbia Mental Health Services Act, approved November 8, 1984 (98 Stat. 3369; Public Law 98-621), $29,000,000.

Criminal Justice Initiative

(including rescission)

Of funds appropriated under this head in Public Law 99-500 and Public Law 99-591 for the design and construction of a prison in the District of Columbia, $20,000,000 are rescinded.

For the design and construction of a prison within the District of Columbia, to become available October 1, 1988, $20,000,000: Provided, That no funds are available for construction on the South part of Square E-1112 as recorded in Subdivision Book 140, Page 199 in the Office of the Surveyor of the District of Columbia unless previously approved by the Committees on Appropriations of the Senate and House of Representatives: Provided further, That the $50,000,000 herein and heretofore made available for the prison project shall remain in the United States Treasury and shall be transferred to the District of Columbia government only to the extent that outstanding obligations are due and payable to entities other than agencies and organizations of the District of Columbia government, the payments to such agencies and organizations may be made only in reimbursement for amounts actually expended in furtherance of the design and construction of the prison.

Division of Expenses

The following amounts are appropriated for the District of Columbia for the current fiscal year out of the general fund of the District of Columbia, except as otherwise specifically provided.

Governmental Direction and Support

Governmental direction and support, $114,328,000: Provided, That not to exceed $2,500 for the Mayor, $2,500 for the Chairman of the Council of the District of Columbia, and $2,500 for the City Administrator shall be available from this appropriation for expenditures for official purposes: Provided further, That any program fees collected from the issuance of debt shall be available for the payment of expenses of the debt management program of the District of Columbia: Provided further, That notwithstanding any other provision of law, there is hereby appropriated $5,417,000 to pay legal, management, investment, and other fees and administrative expenses of the District of Columbia Retirement Board, of which $763,000 shall be derived from the general fund and not to exceed $4,654,000 shall be derived from the earnings of the applicable retirement funds: Provided further, That the District of Columbia Retirement Board shall provide to the Congress and the Council of the District of Columbia a quarterly report of the allocations of charges by fund and of expenditures of all funds: Provided further, That the District of Columbia Retirement Board shall provide the Mayor for transmittal to the Council of the District of Columbia an item accounting of the planned use of appropriated funds in time for each annual budget submission and the actual use of such funds in time for each annual audited financial report: Provided further, That of the $150,000 appropriated for fiscal year 1988 for Admission to Statehood, $75,000 shall be for the Statehood Commission and $75,000 shall be for the Statehood Compact Commission: Provided further, That the District of Columbia shall identify the sources of funding for admission to Statehood from its own locally generated revenues: Provided further, That no revenues from Federal sources shall be used to support the operations or activities of the Statehood Commission and Statehood Compact Commission: Provided further, That no part of these funds shall be used for lobbying to support or defeat legislation pending before Congress or any State legislature.

Economic Development and Regulation

Economic development and regulation, $140,467,000: Provided, That the District of Columbia Housing Finance Agency established by section 201 of the District of Columbia Housing Finance Agency Act, effective March 3, 1979 (D.C. Law 2-135; D.C. Code, sec. 45-2111), based upon its capability of repayments as determined each year by the Council of the District of Columbia from the Agency's annual audited financial statements to the Council of the District of Columbia, shall repay to the general fund an amount equal to the appropriated administrative costs plus interest at a rate of four percent per annum for a term of 15 years, with a deferral of payments for the first three years: Provided further, That notwithstanding the foregoing provision, the obligation to repay all or part of the amounts due shall be subject to the rights of the owners of any bonds or notes issued by the Agency and shall be repaid to the District of Columbia only from available operating revenues of the Agency that are in excess of the amounts required for debt service, reserve funds, and operating expenses: Provided further, That upon commencement of the debt service payments, such payments shall be deposited into the general fund of the District of Columbia: Provided further, That up to $270,000 within the 15 percent set-aside for special programs within the Tenant Assistance Program shall be targeted for the single room occupancy initiative.

Public Safety and Justice

Public safety and justice, including purchase of not to exceed 135 passenger-carrying vehicles for replacement only (including 130 for police-type use and five for fire-type use) without regard to the general purchase price limitation for the current fiscal year, $655,524,000: Provided, That the Metropolitan Police Department is authorized to replace not to exceed 25 passenger-carrying vehicles, and the Fire Department is authorized to replace not to exceed five passenger-carrying vehicles annually whenever the cost of repair to any damaged vehicle exceeds three-fourths of the cost of the replacement: Provided further, That not to exceed $500,000 shall be available from this appropriation for the Chief of Police for the prevention and detection of crime: Provided further, That funds appropriated for expenses under the District of Columbia Criminal Justice Act, approved September 3, 1974 (88 Stat. 1090; Public Law 93-412; D.C. Code, sec. 11-2601 et seq.), for the fiscal year ending September 30, 1988, shall be available for obligations incurred under that Act in each fiscal year since inception in fiscal year 1975: Provided further, That funds appropriated for expenses under the District of Columbia Neglect Representation Equity Act of 1984, effective March 13, 1985 (D.C. Law 5-129; D.C. Code, sec. 16-2304), for the fiscal year ending September 30, 1988, shall be available for obligations incurred under that Act in each fiscal year since inception in fiscal year 1985: Provided further, That $50,000 of any appropriation available to the District of Columbia may be used to match financial contributions from the Department of Defense to the District of Columbia Office of Emergency Preparedness for the purchase of civil defense equipment and supplies approved by the Department of Defense, when authorized by the Mayor: Provided further, That not to exceed $1,500 for the Chief Judge of the District of Columbia Court of Appeals, $1,500 for the Chief Judge of the Superior Court of the District of Columbia, and $1,500 for the Executive Officer of the District of Columbia Courts shall be available from this appropriation for official purposes: Provided further, That the District of Columbia shall operate and maintain a free, 24-hour telephone information service whereby residents of the area surrounding Lorton prison in Fairfax County, Virginia, can promptly obtain information from District officials on all disturbances at the prison, including escapes, fires, riots, and similar incidents: Provided further, That the District of Columbia shall also take steps to publicize the availability of that service among the residents of the area surrounding the Lorton prison: Provided further, That not to exceed $100,000 of this appropriation shall be used to reimburse Fairfax County and Prince William County, Virginia, for expenses incurred by the counties during fiscal year 1988 in relation to the Lorton prison complex. Such reimbursements shall be paid in all instances in which the District requests the counties to provide police, fire, rescue, and related services to help deal with escapes, riots, and similar disturbances involving the prison: Provided further, That none of the funds appropriated by this Act may be used to imple-

ment any plan that includes the closing of Engine Company 3, located at 439 New Jersey Avenue, Northwest: Provided further, That none of the funds provided by this Act may be used to implement District of Columbia Board of Parole notice of emergency and proposed rulemaking as filed with the District of Columbia Register July 25, 1986: Provided further, That the Mayor shall reimburse the District of Columbia National Guard for expenses incurred in connection with services which are performed in emergencies by the Guard in a militia status and which are requested by the Mayor, in amounts which shall be jointly determined and certified as due and payable for such services by the Mayor and the Commanding General of the District of Columbia National Guard: Provided further, That such sums as may be necessary for reimbursement to the District of Columbia National Guard under the preceding proviso shall be available from this appropriation, and their availability shall be deemed as constituting payment in advance for the emergency services involved.

Public Education System

Public education system, including the development of national defense education programs, $570,594,000, to be allocated as follows: $413,567,000 for the public schools of the District of Columbia, of which $600,000 shall be paid within 15 days of the enactment of this Act directly to the District of Columbia Public Schools Foundation for entry level career employment programs, together with $200,000 which shall be paid directly to the Foundation when the Foundation certifies that an equal amount of private contributions has been received; $62,318,000 for the District of Columbia Teachers' Retirement Fund; $71,667,000 for the University of the District of Columbia; $17,047,000 for the Public Library; $3,544,000 for the Commission on the Arts and Humanities; $2,100,000 for the District of Columbia School of Law; and $351,000 for the Educational Institution Licensure Commission: Provided further, That the public schools of the District of Columbia are authorized to accept not to exceed 31 motor vehicles for exclusive use in the driver education program: Provided further, That not to exceed $2,500 for the Superintendent of Schools, $2,500 for the President of the University of the District of Columbia, and $2,000 for the Public Librarian shall be available from this appropriation for expenditures for official purposes: Provided further, That this appropriation shall not be available to subsidize the education of nonresidents of the District of Columbia at the University of the District of Columbia, unless the Board of Trustees of the University of the District of Columbia adopts, for the fiscal year ending September 30, 1988, a tuition rate schedule that will establish the tuition rate for nonresident students at a level no lower than the nonresident tuition rate charged at comparable public institutions of higher education in the metropolitan area.

Human Support Services

Human support services, $695,591,000: Provided, That $14,700,000 of this appropriation, to remain available until expended, shall be available solely for District of Columbia employees' disability compensation.

Public Works

Public works, including rental of one passenger-carrying vehicle for use by the Mayor and three passenger-carrying vehicles for use by the Council of the District of Columbia and purchase of passenger-carrying vehicles for replacement only, $213,654,000, of which not to exceed $4,141,000 shall be available for the School Transit Subsidy: Provided, That this appropriation shall not be available, prior to October 1, 1988, for collecting ashes or miscellaneous refuse from hotels and places of business or from apartment houses with four or more apartments, or from any building or connected group of buildings operating as a rooming or boarding house as defined in the housing regulations of the District of Columbia.

Washington Convention Center Fund

For the Washington Convention Center Fund, $6,758,000: Provided, That the Convention Center Board of Directors, established by section 3 of the Washington Convention Center Management Act of 1979, effective November 3, 1979 (D.C. Law 3-36; D.C. Code, sec. 9-602), shall reimburse the Auditor of the District of Columbia for all reasonable costs for performance of the annual convention center audit.

Repayment of Loans and Interest

For reimbursement to the United States of funds loaned in compliance with an Act to provide for the establishment of a modern, adequate, and efficient hospital center in the District of Columbia, approved August 7, 1946 (60 Stat. 896; Public Law 79-648); the Departments of Labor, and Health, Education and Welfare Appropriation Act of 1955, approved July 2, 1954 (68 Stat. 443; Public Law 83-472); section 1 of an Act to authorize the Commissioners of the District of Columbia to borrow funds for capital improvement programs and to amend provisions of law relating to Federal Government participation in meeting costs of maintaining the Nation's Capital City, approved June 6, 1958 (72 Stat. 183; Public Law 85-451; D.C. Code, sec. 9-219); section 4 of an Act to authorize the Commissioners of the District of Columbia to plan, construct, operate, and maintain a sanitary sewer to connect the Dulles International Airport with the District of Columbia system, approved June 12, 1960 (74 Stat. 211; Public Law 86-515); and section 723 of the District of Columbia Self-Government and Governmental Reorganization Act, approved December 24, 1973 (87 Stat. 821; Public Law 93-198; D.C. Code, sec. 47-321, note); and section 743(f) of the District of Columbia Self-Government and Governmental Reorganization Act, approved October 13, 1977 (91 Stat. 1156; Public Law 95-131; D.C. Code, sec. 9-219, note), including interest as required thereby, $220,905,000.

Repayment of General Fund Deficit

For the purpose of reducing the $224,881,000 general fund accumulated deficit as of September 30, 1986, $20,000,000 of which not less than $19,118,000 shall be funded and apportioned by the Mayor from amounts otherwise available to the District of Columbia government (including amounts appropriated by this Act or revenues otherwise available, or both): Provided, That if the Federal payment to the District of Columbia for fiscal year 1988 is reduced pursuant to an order issued by the President under section 252 of the Balanced Budget and Emergency Deficit Control Act of 1985 (Public Law 99-177, approved December 12, 1985), the percentage (if any) by which the $20,000,000 set aside for repayment of the general fund accumulated deficit under this appropriation title is reduced as a consequence shall not exceed the percentage by which the Federal payment is reduced pursuant to such order.

Short-Term Borrowings

For the purpose of funding interest related to borrowing funds for short-term cash needs, $3,750,000.

Optical and Dental Benefits

For optical and dental costs for nonunion employees, $1,489,000.

Energy Adjustment

The Mayor shall reduce authorized energy appropriations and expenditures within object class 30a (energy) in the amount of $1,200,000, within one or several of the various appropriation headings in this Act.

Capital Outlay

For construction projects, $272,526,000, as authorized by an Act authorizing the laying of water mains and service sewers in the District of Columbia, the levying of assessments therefor, and for other purposes, approved April 22, 1904 (33 Stat. 244; Public Law 58-140; D.C. Code, secs. 43-1512 to 43-1519); the District of Columbia Public Works Act of 1954, as approved May 18, 1954 (68 Stat. 101; Public Law 83-364); an Act to authorize the Commissioners of the District of Columbia to borrow funds for capital improvement programs and to amend provisions of law relating to Federal Government participation in meeting costs of maintaining the Nation's Capital City, approved June 6, 1958 (72 Stat. 183; Public Law 85-451; D.C. Code, secs. 9-219 and 47-3402); section 3(g) of the District of Columbia Motor Vehicle Parking Facility Act of 1942, approved August 20, 1958 (72 Stat. 686; Public Law 85-692; D.C. Code, sec. 40-805(7)); and the National Capital Transportation Act of 1969, approved December 9, 1969 (83 Stat. 320; Public Law 91-143; D.C. Code, secs. 1-2451, 1-2452, 1-2454, 1-2456, and 1-2457); including acquisition of sites, preparation of plans and specifications, conducting preliminary surveys, erection of structures, including building improvement and alteration and treatment of grounds, to remain available until expended: Provided, That $15,353,000 shall be available for project management and $13,134,000 for design by the Director of the Department of Public Works or by contract for architectural engineering services, as may be determined by the Mayor, and that the funds for use of each capital project implementing agency shall be managed and controlled in accordance with all procedures and limitations established under the Financial Management System: Provided further, That $4,000,000 of the $272,526,000, shall be financed from general fund operating revenues for pay-as-you-go capital projects for the Department of Public Works: Provided further, That $2,664,000 of the $272,526,000 shall be for the purchase of snow removal equipment of which $703,000 shall be financed from general fund operating revenues: Provided further, That $26,919,000 of the $272,526,000, shall be available to the Board of Education of the District of Columbia for the construction of new roofs for various school buildings, for boiler, window, door, and air conditioning replacements in various school buildings, for room conversions, erosion control, and general improvement projects at various school buildings, for an Administration Building site study and for the Sharpe Health School Modernization Project with $21,109,000 of these funds available for construction, $2,387,000 available for architectural design, $1,423,000 available for project management, and $2,000,000 for equipment: Provided further, That $10,000,000 appropriated in the fiscal year *ending September 30, 1986, and $10,000,000 appropriated in the fiscal year ending September 30, 1987, shall be available to the Board of Education of the District of Columbia for asbestos abatement and removal, with $17,000,000 available for construction, $1,500,000 available for architectural design, and $1,500,000 for project management: Provided further, That notwithstanding the last sentence of section 405(b) of the District of Columbia Public Postsecondary Education Reorganization Act, approved October 26, 1974 (88 Stat. 1423; Public Law 93-471; D.C. Code, sec. 31-1535(b)), the Board of Education of the District of Columbia may procure contracts for the construction of new roofs for various school buildings, for boiler, window, door, and air conditioning replacements in various school buildings, for room conversions, erosion control and general improvement projects at various school buildings, for asbestos abatement, for an Administration Building site study, and for the Sharpe Health School Modernization Project: Provided further, That $12,819,000 of the $272,526,000 shall be available to the University of the District of Columbia for the construction of an underground parking extension at the Van Ness campus, for architectural barrier removal, for heating, ventilation, and air conditioning and partition modification, for a security system evaluation, and for the design and project management of the Mount Vernon Square campus: Provided further, That $500,000 of the $272,526,000 shall be available to the District of Columbia School of Law for general repair, rehabilitation, and improvement projects: Provided further, That all such funds shall be available only for the specific projects and purposes intended: Provided further, That notwithstanding the foregoing, all authorizations for capital outlay projects, except those projects covered by the first sentence of section 23(a) of the Federal-Aid Highway Act of 1968, approved August 23, 1968 (82 Stat. 827; Public Law 90-495; D.C. Code, sec. 7-134, note), for which funds are provided by this appropriation title, shall expire on September 30, 1989, except authorizations for projects as to which funds have been obligated in whole or in part prior to September 30, 1989: Provided further, That upon expiration of any such project authorization the funds provided herein for the project shall lapse.*

WATER AND SEWER ENTERPRISE FUND

For the Water and Sewer Enterprise Fund, $169,013,000, of which $31,720,000 shall be apportioned and payable to the debt service fund for repayment of loans and interest incurred for capital improvement projects.

For construction projects, $7,358,000, as authorized by an Act authorizing the laying of water mains and service sewers in the District of Columbia, the levying of assessments therefor, and for other purposes, approved April 22, 1904 (33 Stat. 244; Public Law 58-140; D.C. Code, sec. 43-1512 et seq.): Provided, That the requirements and restrictions which are applicable to general fund capital improvement projects and which are set forth in this Act under the Capital Outlay appropriation title shall apply to projects approved under this appropriation title.

LOTTERY AND CHARITABLE GAMES ENTERPRISE FUND

For the Lottery and Charitable Games Enterprise Fund established by the District of Columbia Appropriation Act for fiscal year 1982, approved December 4, 1981, as amended (95 Stat. 1174, 1175; Public Law 97-91), for the purpose of implementing the Law to Legalize Lotteries, Daily Numbers Games, and Bingo and Raffles for Charitable Purposes in the District of Columbia, effective March 10, 1981 (D.C. Law 3-172; D.C. Code, secs. 2-2501 et seq. and 22-1516 et seq.), $5,458,000, to be derived from non-Federal District of Columbia revenues: Provided, That the District of Columbia shall identify the sources of funding for this appropriation title from its own locally-generated revenues: Provided further, That no revenues from Federal sources shall be used to support the operations or activities of the Lottery and Charitable Games Control Board.

CABLE TELEVISION ENTERPRISE FUND

For the Cable Television Enterprise Fund established by the Cable Television Communications Act of 1981, effective October 22, 1983 (D.C. Law 5-36; D.C. Code, sec. 43-1801 et seq.), $250,000.

GENERAL PROVISIONS

SEC. 101. The expenditure of any appropriation under this Act for any consulting service through procurement contract, pursuant to 5 U.S.C. 3109, shall be limited to those contracts where such expenditures are a matter of public record and available for public inspection, except where otherwise provided under existing law, or under existing Executive order issued pursuant to existing law.

SEC. 102. Except as otherwise provided in this Act, all vouchers covering expenditures of appropriations contained in this Act shall be audited before payment by the designated certifying official and the vouchers as approved shall be paid by checks issued by the designated disbursing official.

SEC. 103. Whenever in this Act an amount is specified within an appropriation for particular purposes or objects of expenditure, such amount, unless otherwise specified, shall be considered as the maximum amount that may be expended for said purpose or object rather than an amount set apart exclusively therefor, except for those funds and programs for the Metropolitan Police Department under the heading "Public Safety and Justice" which shall be considered as the amounts set apart exclusively for and shall be expended solely by that Department; and the appropriation under the heading "Repayment of General Fund Deficit" which shall be considered as the amount set apart exclusively for and shall be expended solely for that purpose.

SEC. 104. Appropriations in this Act shall be available, when authorized by the Mayor, for allowances for privately owned automobiles and motorcycles used for the performance of official duties at rates established by the Mayor: Provided, That such rates shall not exceed the maximum prevailing rates for such vehicles as prescribed in the Federal Property Management Regulations 101-7 (Federal Travel Regulations).

SEC. 105. Appropriations in this Act shall be available for expenses of travel and for the payment of dues of organizations concerned with the work of the District of Columbia government, when authorized by the Mayor: Provided, That the Council of the District of Columbia and the District of Columbia Courts may expend such funds without authorization by the Mayor.

SEC. 106. There are appropriated from the applicable funds of the District of Columbia such sums as may be necessary for making refunds and for the payment of judgments that have been entered against the District of Columbia government: Provided, That nothing contained in this section shall be construed as modifying or affecting the provisions of section 11(c)(3) of title XII of the District of Columbia Income and Franchise Tax Act of 1947, approved March 31, 1956 (70 Stat. 78; Public Law 84-460; D.C. Code, sec. 47-1812.11(c)(3)).

SEC. 107. Appropriations in this Act shall be available for the payment of public assistance without reference to the requirement of section 544 of the District of Columbia Public Assistance Act of 1982, effective April 6, 1982 (D.C. Law 4-101; D.C. Code, sec. 3-205.44), and for the non-Federal share of funds necessary to qualify for Federal assistance under the Juvenile Delinquency Prevention and Control Act of 1968, approved July 31, 1968 (82 Stat. 462; Public Law 90-445; 42 U.S.C. 3801 et seq.).

SEC. 108. No part of any appropriation contained in this Act shall remain available for obligation beyond the current fiscal year unless expressly so provided herein.

SEC. 109. Not to exceed 4½ per centum of the total of all funds appropriated by this Act for personal compensation may be used to pay the cost of overtime or temporary positions.

SEC. 110. Appropriations in this Act shall not be available, during the fiscal year ending September 30, 1988, for the compensation of any person appointed to a permanent position in the District of Columbia government during any month in which the number of employees exceeds 37,393, the number of positions authorized by this Act.

SEC. 111. No funds appropriated in this Act for the District of Columbia government for the operation of educational institutions, the compensation of personnel, or for other educational purposes may be used to permit, encourage, facilitate, or further partisan political activities. Nothing herein is intended to prohibit the availability of school buildings for the use of any community or partisan political group during non-school hours.

SEC. 112. The annual budget for the District of Columbia government for the fiscal year ending September 30, 1989, shall be transmitted to the Congress no later than April 15, 1988.

SEC. 113. None of the funds appropriated in this Act shall be made available to pay the salary of any employee of the District of Columbia government whose name, title, grade, salary, past work experience, and salary history are not available for inspection by the House and Senate Committees on Appropriations, the House Committee on the District of Columbia, the Subcommittee on Governmental Efficiency, Federalism and the District of Columbia of the Senate Committee on Governmental Affairs, and the Council of the District of Columbia, or their duly authorized representative.

SEC. 114. There are appropriated from the applicable funds of the District of Columbia such sums as may be necessary for making payments authorized by the District of Columbia Revenue Recovery Act of 1977, effective September 23, 1977 (D.C. Law 2-20; D.C. Code, sec. 47-421 et seq.).

SEC. 115. None of the funds contained in this Act shall be made available to pay the salary of any employee of the District of Columbia government whose name and salary are not available for public inspection.

SEC. 116. No part of this appropriation shall be used for publicity or propaganda purposes or implementation of any policy including boycott designed to support or defeat legislation pending before Congress or any State legislature.

SEC. 117. None of the Federal funds provided in this Act shall be used to perform abortions except where the life of the mother would be endangered if the fetus were carried to term; or except for such medical procedures necessary for the victims of rape or incest, when such rape or incest has been reported promptly to a law enforcement agency or public health service. Nor are payments prohibited for drugs or devices to prevent implantation of the fertilized ovum, or for medical procedures necessary for the termination of an ectopic pregnancy.

SEC. 118. At the start of the fiscal year, the Mayor shall develop an annual plan, by quarter and by project, for capital outlay borrowings: Provided, That within a reasonable time after the close of each quarter, the Mayor shall report to the Council of the District of Columbia and the Congress the actual borrowing and spending progress compared with projections.

SEC. 119. The Mayor shall not borrow any funds for capital projects unless he has obtained prior approval from the Council of the District of Columbia, by resolution, identifying the projects and amounts to be financed with such borrowings.

SEC. 120. The Mayor shall not expend any moneys borrowed for capital projects for the operating expenses of the District of Columbia government.

SEC. 121. None of the funds appropriated in this Act may be used for the implementation of a personnel lottery with respect to the hiring of fire fighters or police officers.

SEC. 122. None of the funds appropriated by this Act may be obligated or expended by reprogramming except pursuant to advance approval of the reprogramming granted according to the procedure set forth in the Joint Explanatory Statement of the Committee of Conference (House Report No. 96-443) which accompanied the District of Columbia Appropriation Act, 1980, approved October 30, 1979 (93 Stat. 713; Public Law 96-93), as modified in House Report No. 98-265, and in accordance with the Reprogramming Policy Act of 1980, effective September 16, 1980 (D.C. Law 3-100; D.C. Code, sec. 47-361 et seq.).

SEC. 123. None of the Federal funds provided in this Act shall be obligated or expended to provide a personal cook, chauffeur, or other personal servants to any officer or employee of the District of Columbia.

SEC. 124. None of the Federal funds provided in this Act shall be obligated or expended to procure passenger automobiles as defined in the Automobile Fuel Efficiency Act of 1980, approved October 10, 1980 (94 Stat. 1824; Public Law 96-425; 15 U.S.C. 2001(2)), with an Environmental Protection Agency estimated miles per gallon average of less than 22 miles per gallon; Provided, That this section shall not apply to security, emergency rescue, or armored vehicles.

SEC. 125. (a) Notwithstanding section 422(7) of the District of Columbia Self-Government and Governmental Reorganization Act, approved December 24, 1973 (87 Stat. 790; Public Law 93-198; D.C. Code, sec. 1-242(7)), the City Administrator shall be paid, during any fiscal year, a salary at a rate established by the Mayor, not to exceed the rate established for level IV of the Executive Schedule under 5 U.S.C. 5315.

(b) For purposes of applying any provision of law limiting the availability of funds for payment of salary or pay in any fiscal year, the highest rate of pay established by the Mayor under subsection (a) for any position for any period during the last quarter of calendar year 1987 shall be deemed to be the rate of pay payable for that position for September 30, 1987.

(c) Notwithstanding section 4(a) of the District of Columbia Redevelopment Act of 1945, approved August 2, 1946 (60 Stat. 793; Public Law 79-592; D.C. Code, sec. 5-803(a)), the Board of Directors of the District of Columbia Redevelopment Land Agency shall be paid, during any fiscal year, a per diem compensation at a rate established by the Mayor.

SEC. 126. Notwithstanding any other provision of law, the provisions of the District of Columbia Government Comprehensive Merit Personnel Act of 1978, effective March 3, 1979 (D.C. Law 2-139; D.C. Code, sec. 1-601.1 et seq.), enacted pursuant to section 422(3) of the District of Columbia Self-Government and Governmental Reorganization Act, approved December 24, 1973 (87 Stat. 790; Public Law 93-198; D.C. Code, sec. 1-242(3)), shall apply with respect to the compensation of District of Columbia employees: Provided, That for pay purposes, employees of the District of Columbia govenment shall not be subject to the provisions of title 5 of the United States Code.

SEC. 127. The Director of the Department of Administrative Services may pay rentals and repair, alter, and improve rented premises, without regard to the provisions of section 322 of the Economy Act of 1932 (Public Law 72-212; 40 U.S.C. 278a), upon a determination by the Director, that by reason of circumstances set forth in such determination, the payment of these rents and the execution of this work, without reference to the limitations of section 322, is advantageous to the District in terms of economy, efficiency and the District's best interest.

SEC. 128. No later than 30 days after the end of the first quarter of fiscal year 1988, the Mayor of the District of Columbia shall submit to the Council of the District of Columbia the new fiscal year 1988 revenue estimate as of the end of the first quarter of fiscal year 1988: Provided, That these estimates shall be used in the fiscal year 1989 annual budget request: Provided further, That the officially revised estimates at midyear shall be used for the midyear report.

SEC. 129. Section 466(b) of the District of Columbia Self-Government and Governmental Reorganization Act, approved December 24, 1973 (87 Stat. 806; Public Law 93-198; D.C. Code, sec. 47-326), is amended by striking out "sold before October 1, 1987" and inserting in lieu thereof "sold before October 1, 1988".

SEC. 130. No sole source contract with the District of Columbia government or any agency thereof may be renewed or extended without opening that contract to the competitive bidding process as set forth in section 303 of the District of Columbia Procurement Practices Act of 1985, effective February 21, 1986 (D.C. Law 6-85), except that the District of Columbia Public Schools may renew or extend sole source contracts for which competition is not feasible or practical, provided that the determination as to whether to invoke the competitive bidding process has been made in accordance with duly promulgated Board of Education rules and procedures.

SEC. 131. For purposes of the Balanced Budget and Emergency Deficit Control Act of 1985 (Public Law 99-177), as amended, the term "program, project, and activity" shall be synonymous with and refer specifically to each account appropriating Federal funds in this Act and any sequestration order shall be applied to each of the accounts rather than to the aggregate total of those accounts: Provided, That sequestration orders shall not be applied to any account that is specifically exempted from sequestration by Public Law 99-177, as amended.

SEC. 132. Beginning with the fiscal year 1988, amounts appropriated for any fiscal year as the Federal payment to the District of Columbia under the District of Columbia Self-Government and Governmental Reorganization Act, as amended (D.C. Code, section 47-3406), shall not be subject to apportionment and shall be paid by the Secretary of the Treasury to the District of Columbia no later than 15 days after the beginning of the fiscal year for which they are appropriated (or no later than 15 days after the date of the enactment of the appropriating Act, if later).

SEC. 133. Beginning with the fiscal year 1988, amounts appropriated for any fiscal year for payment to the District of Columbia in lieu of reimbursement for charges for water and water services and sanitary sewer services furnished to facilities of the United States Government, under sections 106 and 212 of the District of Columbia Public Works Act of 1954, as amended (D.C. Code, sections 43-1552, 43-1612), shall be automatically apportioned in four equal amounts for the four quarters of the fiscal year and each such amount shall be paid in full by the Secretary of the Treasury to the District of Columbia on the first day of the beginning of the fiscal quarter involved without further justification by the District of Columbia government.

SEC. 134. None of the funds available to the District of Columbia government shall be used for any purpose involved in billing individual agencies or establishments for water and water services and sanitary sewer services traditionally funded under the account "Federal Payment for Water and Sewer Services" unless and until existing statutes (sections 106 and 212 of the District of Columbia Public Works Act of 1954, as amended, Public Law 364, approved May 18, 1954) are amended to specifically provide for such billing.

SEC. 135. Federal funds hereafter appropriated to the District of Columbia government shall not be subject to apportionment except to the extent specifically provided by statute.

SEC. 136. After the effective date of this Joint Resolution, the President shall include, without change, in each annual budget submitted to the Congress under section 1105 of title 31, United States Code, the values estimated by the Mayor of the District of Columbia for water and water services and sanitary sewer services furnished to facilities of the United States Government under sections 106 and 212 of the District of Columbia Public Works Act of 1954, as amended (D.C. Code, sections 43-1552, 43-1612).

TITLE II

FISCAL YEAR 1987 SUPPLEMENTAL

DISTRICT OF COLUMBIA FUNDS

GOVERNMENTAL DIRECTION AND SUPPORT

(INCLUDING RESCISSION)

For an additional amount for "Governmental direction and support", $3,115,000: Provided, That of the funds appropriated under this heading for fiscal year 1987 in H.R. 5175 as enacted in section 101(d) of Public Law 99-500 and Public Law 99-591, $1,056,000 are rescinded: Provided further, That notwithstanding any other provision of law, there is appropriated $1,000,000 to *pay legal, management, investment, and other fees and administrative expenses of the District of Columbia Retirement Board, which shall be derived from the earnings of the applicable retirement funds.*

ECONOMIC DEVELOPMENT AND REGULATION

(INCLUDING RESCISSION)

For an additional amount for "Economic development and regulation", $309,000: Provided, That of the funds appropriated under this heading for fiscal year 1987 in H.R. 5175 as enacted in section 101(d) of Public Law 99-500 and Public Law 99-591, $5,281,000 are rescinded.

PUBLIC SAFETY AND JUSTICE

For an additional amount for "Public safety and Justice", $60,355,000, including ten additional passenger-carrying vehicles for the Fire Department.

PUBLIC EDUCATION SYSTEM

(INCLUDING RESCISSION)

For an additional amount for "Public education system", $4,810,000, to be allocated as follows: $2,250,000 additional for the public schools of the District of Columbia; $1,354,000 additional for the University of the District of Columbia; $1,146,000 additional for the District of Columbia School of Law, which amount shall remain available until expended; $60,000 additional for the Educational Institution Licensure Commission: Provided, That of the funds appropriated under this heading for fiscal year 1987 in H.R. 5175 as enacted in section 101(d) of Public Law 99-500 and Public Law 99-591, $300,000 for the Public Library and $400,000 for the District of Columbia Teachers' Retirement Fund are rescinded.

HUMAN SUPPORT SERVICES

(INCLUDING RESCISSION)

For an additional amount for "Human support services", $5,545,000: Provided, That $3,445,000 of this appropriation, to remain available until expended, shall be available solely for District of Columbia employees' disability compensation: Provided further, That of the funds appropriated under this heading for fiscal year 1987 in H.R. 5175 as enacted in section 101(d) of Public Law 99-500 and Public Law 99-591, $4,067,000 are rescinded.

PUBLIC WORKS

(INCLUDING RESCISSION)

For an additional amount for "Public works", $1,140,000: Provided, That of the funds appropriated under this heading for fiscal year 1987 in H.R. 5175 as enacted in section 101(d) of Public Law 99-500 and Public Law 99-591, $6,400,000 are rescinded.

REPAYMENT OF LOANS AND INTEREST

(RESCISSION)

Of the funds appropriated under this heading for fiscal year 1987 in H.R. 5175 as enacted in section 101(d) of Public Law 99-500 and Public Law 99-591, $3,488,000 are rescinded.

PERSONAL SERVICES

For an additional amount for "Personal services", $1,800,000, to be apportioned by the Mayor to the various appropriations titles for optical and dental costs for non-union employees.

CAPITAL OUTLAY

For an additional amount for "Capital outlay", $20,585,000: Provided, That $310,000 of this additional amount shall be for project management and $240,000 of this additional amount shall be for design by the Director of the Department of Public Works or by contract for architectural engineering services, as may be determined by the Mayor, and that the funds for use of each capital project implementing agency shall be managed and controlled in accordance with all procedures and limitations established under the Financial Management System.

General Provisions

Sec. 201. Notwithstanding any other provision of law, appropriations made and authority granted pursuant to this title shall be deemed to be available for the fiscal year ending September 30, 1987.

This Act may be cited as the "District of Columbia Appropriations Act, 1988".

And the Senate agree to the same.

Amendment numbered 5:

That the House recede from its disagreement to the amendment of the Senate numbered 5, and agree to the same with an amendment, as follows:

In lieu of the matter stricken and inserted by said amendment, insert the following:

(d) Such amounts as may be necessary for programs, projects or activities provided for in the Energy and Water Development Appropriations Act, 1988, at a rate of operations and to the extent and in the manner provided for, the provisions of such Act to be effective as if it had been enacted into law as the regular appropriations Act, as follows:

AN ACT

Making appropriations for energy and water development for the fiscal year ending September 30, 1988, and for other purposes.

TITLE I

DEPARTMENT OF DEFENSE—CIVIL

DEPARTMENT OF THE ARMY

Corps of Engineers—Civil

The following appropriations shall be expended under the direction of the Secretary of the Army and the supervision of the Chief of Engineers for authorized civil functions of the Department of the Army pertaining to rivers and harbors, flood control, beach erosion, and related purposes.

General Investigations

For expenses necessary for the collection and study of basic information pertaining to river and harbor, flood control, shore protection, and related projects, restudy of authorized projects, miscellaneous investigations, and when authorized by laws, surveys and detailed studies and plans and specifications of projects prior to construction, $138,767,000, to remain available until expended: Provided, That the Secretary of the Army is directed to proceed expeditiously with the feasibility study for the multipurpose project at Sunset Harbor, California, to demonstrate the feasibility of the financing mechanism of section 916 of Public Law 99-662 and to undertake the wetlands restoration and other project purposes set forth in section 1119 of Public Law 99-662: Provided further, That not to exceed $19,700,000 shall be available for obligation for research and development activities: Provided further, That of the amounts appropriated under this heading $220,000 shall be available for a reconnaissance study of the South Fork of the Sangamon River, Illinois.

Using funds previously appropriated in the Energy and Water Development Appropriation Act, 1987, Public Law 99-591, the Secretary of the Army is directed to undertake the following study: Indiana Shoreline Erosion, including preconstruction engineering and design, Indiana.

The Secretary of the Army, acting through the Chief of Engineers, is directed to undertake the following items under General Investigations in fiscal year 1988:

Greenwood Lake, New Jersey;

East Bank Stabilization, New Jersey;

Beatties Dam, New Jersey;

Olcott Harbor Improvements, New York;

Atlantic Coast of New York City from Rockaway Inlet to Norton Point, New York (Coney Island Area);

Red River Waterway, Shreveport, Louisiana to Index, Arkansas;

Beaver Lake, Arkansas;

Brunswick County Beaches, North Carolina;

Westwego to Harvey Canal, Louisiana;

McCook and Thornton Reservoirs (CUP), Illinois;

Miami Harbor, Florida (cleanup);

St. Petersburg, Florida (coastal areas);

Little River, Horatio, Arkansas.

The Secretary of the Army is directed to expand the scope of the Denison Dam-Lake Texoma, Texas and Oklahoma, General Investigation study, authorized by United States Senate Public Works Committee Resolutions on April 30, 1960, and April 12, 1965, to consider alternatives for improving management and utilization of water resources of the Red River Basin at and above the Denison Dam-Lake Texoma project and to include consideration of the feasibility of additional reservoirs upstream of Denison Dam and direct current interconnections between the Southwest Power Pool and the Electric Reliability Council of Texas.

Funds are included herein for the Arthur Kill extension to Fresh Kills, near Carteret, New Jersey, to continue the ongoing post authorization planning, engineering and design provided that the level of detail shall be commensurate with General Design Memorandum level so that at the conclusion of the current effort and Secretary of the Army approval under section 202(b) of Public Law 99-662, only the preparation of plans and specifications will be necessary before construction.

The Secretary of the Army shall allocate $395,000 to continue preconstruction engineering and design and develop and execute a local cooperative agreement covering all elements of the Roanoke River Upper Basin, Virginia, project as described in the report of the Chief of Engineers dated August 5, 1985, and authorized in section 401(a) of the Water Resources Development Act, 1986 (Public Law 99-662).

The Secretary of the Army, acting through the Chief of Engineers, is directed to include preconstruction engineering and design for the upper Green Brook Sub-Basin and the Stony Brook Tributary, as authorized in the Water Resources Development Act of 1986, as part of preconstruction engineering and design for the flood control project for the Raritan River Basin, Green Brook Sub-Basin, New Jersey.

Construction, General

For the prosecution of river and harbor, flood control, shore protection, and related projects authorized by laws; and detailed studies, and plans and specifications, of projects (including those for development with participation or under consideration for participation by States, local governments, or private groups) authorized or made eligible for selection by law (but such studies shall not constitute a commitment of the Government to construction), $1,077,985,000 of which such sums as are necessary pursuant to Public Law 99-662 shall be derived from the Inland Waterway Trust Fund, to remain available until expended, and of which not more than $7,000,000 shall be available to pay the au-

thorized governing body of the Tohono O'odham Nation in accordance with the provisions of section 4(a) of Public Law 99-469; and in addition, $103,690,000, to remain available until expended, for construction of the Red River Waterway, Mississippi River to Shreveport, Louisiana, project, $87,000,000 for work presently scheduled and $16,690,000 with which the Secretary of the Army is directed, as a minimum to award continuing contracts in fiscal year 1988 for construction and completion of each of the following features of the Red River Waterway: in Pool 3, Nantachie/Red Bayou Revetment Extension and Crain and Eureka Revetments; in Pool 4, Gahagan, Piermont, Nichols and Howard Realignments and Coushatta Capout; and in Pool 5, Cuples Revetment; and the amount provided herein includes $2,000,000 with which the Secretary of the Army is directed to initiate an accelerated design schedule for Locks and Dams 4 and 5 in order to initiate the first phase construction of Locks and Dams 4 and 5 by April 1990 and to complete construction of the Locks and Dams by 1994. None of these contracts are to be considered fully funded and contracts are to be initiated with funds herein provided; and in addition, $13,500,000, to remain available until expended, together with funds heretofore or hereafter appropriated, with which the Secretary of the Army is directed to award a single continuing contract for construction and completion of the Cooper River Seismic modification, South Carolina, project authorized by Public Law 98-63: Provided, That no fully allocated funding policy shall apply with respect to the construction of this project; and in addition, $5,000,000, to be made available to Metropolitan Dade County, Florida, for the purpose of a 50 per centum, cost-shared project, including environmental restoration, hurricane protection facilities and approximately one mile of dock space, establishing public access and a regional public park along the Miami River in the Allapatah community across from Curtis Park.

The Secretary of the Army is directed to initiate construction of the Presque Isle Peninsula, Erie, Pennsylvania (Permanent Project), authorized in section 501(a) of Public Law 99-662. The project to be constructed is described in the report of the Chief of Engineers dated October 2, 1981. Of amounts provided herein, $500,000 is to be used to initiate construction of the Presque Isle Peninsula project in fiscal year 1988.

Within available funds, the Secretary of the Army is hereby directed to construct streambank protection measures along the west shoreline of the city of Guntersville, Alabama, on Guntersville Lake, under the authority of section 14 of Public Law 79-526.

The Secretary of the Army, acting through the Chief of Engineers, is directed to undertake the following projects in fiscal year 1988:

Sandy Hook to Barnegat Inlet, including Sea Bright to Ocean Township and Asbury Park to Manasquan, New Jersey;

New Melones Lake, California;

Barbourville, Kentucky (Levisa/Tug Forks of Big Sandy River and Upper Cumberland River, West Virginia, Virginia and Kentucky);

Harlan, Kentucky (Levisa/Tug Forks of Big Sandy River and Upper Cumberland River, West Virginia, Virginia and Kentucky): Provided, That no fully allocated funding policy shall apply with respect to the construction of Barbourville, Kentucky, and Harlan, Kentucky (Levisa/Tug Forks of Big Sandy River and Upper Cumberland River, West Virginia, Virginia and Kentucky);

Walnut and Cherry Street Bridges, Massillon, Ohio;

Mill Creek, Fort Smith, Arkansas;

Cape May Inlet to Lower Township, New Jersey;

Ouachita River Levees, Louisiana;

Gentilly, Minnesota;

Century Park, Lorain, Ohio;

Community Park, Sheffield Lake, Ohio;

Tangier Island, Virginia;

Shelburne Bay, Vermont.

The Secretary of the Army, using funds provided by this resolution, is directed to initiate construction of the Parker Lake Project, and is directed, as a minimum, to award continuing contracts in fiscal year 1988 for construction and completion of construction of the access road and project office and the purchase of necessary land for the Parker Lake Project.

The Secretary of the Army, using funds provided by this resolution, is directed to construct in accordance with Public Law 99-662 the Mud Creek Bridge Replacement Project at Eufaula Lake, Oklahoma.

The Secretary of the Army is authorized and directed to use the sum of $11,000,000 herein appropriated and which is to remain available until expended to carry out the provisions for the harbor modifications of the Cleveland Harbor, Ohio project contained in Public Law 99-662. The provisions include bulkheading and other necessary repairs at Pier 34 and approach channels and necessary protective structures for mooring basins for transient vessels in the area south of Pier 34 with necessary material to fill the area between Piers 34 and 36 with remaining fill to be disposed in the existing containment site 14. The local sponsor will provide the Corps of Engineers with the design plans for these projects. The Corps of Engineers shall also conduct a study, pursuant to section 992, of the Cuyahoga River and harbor modifications required by the Cleveland Cuyahoga County Port Authority. The Corps of Engineers shall also be directed to provide technical assistance for these harbor modifications to the Cleveland-Cuyahoga County Port Authority and Pier 34. Congress hereby finds the project justified; and, for all elements in this appropriation, the funds expended by the Ohio Department of Natural Resources beginning with the first quarter of fiscal year 1986 in the area south of Pier 34 shall be considered eligible as non-Federal share consistent with the provisions of section 215 of Public Law 90-483, as amended. The Corps of Engineers shall inform the Congress of any delays in the project.

The Secretary of the Army is directed to dredge Saxon Harbor, Wisconsin, and to construct wood cribs as a permanent solution to the damages being caused by the Federal navigation project under the provisions of section 111 of the 1968 River and Harbor Act, Public Law 90-483, as amended.

The Secretary of the Army is directed to accomplish channel rehabilitation, repair and rehabilitation of fourteen pump stations and appurtenant works and rehabilitation and replacement of bridge structures in the vicinity of the East Side Levee and Sanitary District in East St. Louis, Illinois, by making available $1,000,000 in fiscal year 1988.

The Secretary of the Army, because of the Federal trust relationship that links the United States and Indian people, is directed to expend within available funds not to exceed $50,000 to plan and not to exceed $700,000 to design and engineer appropriate works to alleviate high ground water problems on agricultural lands owned by Cochiti Pueblo, New Mexico, directly downriver from Cochiti Dam: Provided, however, That no such funds shall be expended by the Secretary for design and engineering until the Secretary and the Tribal council of the Pueblo have agreed in writing to a plan of design that, in the judgment of both parties, will resolve the problems related to such high ground water: And, Provided further, That the Secretary and the Tribal Council of the Pueblo shall continue to negotiate, and, if the parties so agree, the Secretary shall submit to Congress, if appropriate, a proposed settlement that would be in lieu of, or in addition to, any construction of works for the purposes of alleviating high ground water problems. For the purposes of this negotiation only, the provisions of section 3 of the Act of May 15, 1928 (45 Stat. 535, ch. 569; 33 U.S.C. 702c) and sections 2401(a), 2401(b), and 2680(a) of title 28, United States Code, are waived. Nothing in this paragraph shall be construed to prejudice the rights, responsibilities, and defense of either party in any litigation between the Pueblo and the United States, nor commit the Secretary of the Army to a structural solution of the controversy.

The project for flood protection on the Lower San Joaquin River, California, authorized by section 10 of the Flood Control Act approved December 22, 1944 (58 Stat. 901), is modified—

(1) to authorize the Secretary of the Army, acting through the Chief of Engineers, to perform, in connection with the clearing and snagging authorized to be performed on such river from Stockton, California, to Friant Dam as part of such project by the Supplemental Appropriations Act, 1983 (97 Stat.310)—

(A) clearing and snagging in the area of the North Fork of the Kings River in Mendota Pool from the southerly boundary of the James Reclamation District Number 1606 to Mendota Dam;

(B) fish and wildlife mitigation; and

(C) such rip-rapping in the area of the clearing and snagging on such rivers as may be necessary to prevent erosion from such clearing and snagging; and

(2) to increase the estimated cost of the clearing and snagging on the Lower San Joaquin River, including the activities authorized by paragraph (1), from $5,000,000 to $8,000,000.

The Secretary of the Army, acting through the Chief of Engineers, is directed to continue with planning, design, engineering and construction of the Des Moines Recreational River and Greenbelt project in accordance with the General Design Memorandum dated September 1987 and Public Law 99-591 using funds heretofore, herein, or hereafter appropriated.

The following portion of the Hudson River in New York County, State of New York, is hereby declared not to be part of the federally authorized Channel Deepening Project: that portion of the Hudson River lying to the west of the United States Pierhead Line as it exists on the effective date of this Act, more specifically described as beginning at a point at the intersection of the north side of North Cove and the existing pierhead line, proceeding in a northerly direction along the existing pierhead line to a point formed by the pierhead line and the southerly side of Vesey Street if extended; thence in *a westerly direction on a line perpendicular to the existing pierhead line 200 feet to a point; thence southerly on a line parallel to the existing pierhead line to a point on the northerly line of the North Cove if extended; thence in an easterly direction 200 feet to the point and place of beginning. This declaration shall apply to all or any part of the above-described area used or needed for trans-Hudson passenger ferry boat service as such may be operated by or contracted for operation by a bistate agency created by Compact between the States of New York and New Jersey.*

The Secretary of the Army shall allocate $2,800,000 heretofore appropriated, and is directed to initiate and complete construction of the breakwater for the Port Austin Harbor project in Michigan in accordance with the provisions for economic justification of the project contained in the River and Harbor Act approved 2 March 1945 (Public Law 14, 79th Congress, 1st Session).

Of funds available to the Army Corps of Engineers, Flood Control and Navigation, Research and Development, $250,000 shall be made available for research to prevent ice jamming and related flooding in the Dump Creek area of the Salmon River in Idaho.

FLOOD CONTROL AND COASTAL EMERGENCIES

For expenses necessary for emergency flood control, hurricane, and shore protection activities, as authorized by section 5 of the Flood Control Act, approved August 18, 1941, as amended, $20,000,000, to remain available until expended.

FLOOD CONTROL, MISSISSIPPI RIVER AND TRIBUTARIES, ARKANSAS, ILLINOIS, KENTUCKY, LOUISIANA, MISSISSIPPI, MISSOURI, AND TENNESSEE

For expenses necessary for prosecuting work of flood control, and rescue work, repair, restoration, or maintenance of flood control projects threatened or destroyed by flood, as authorized by law (33 U.S.C. 702a, 702g-1), $317,704,000, to remain available until expended: Provided, That not less than $250,000 shall be available for bank stabilization measures as determined by the Chief of Engineers to be advisable for the control of bank erosion of streams in the Yazoo Basin, including the foothill area, and where necessary such measures shall complement similar works planned and constructed by the Soil Conservation Service and be limited to the areas of responsibility mutually agreeable to the District Engineer and the State Conservationist. In furtherance of the development of the Atchafalaya Basin Floodway System, Louisiana, in accordance with Public Laws 99-88 and 99-662, the Secretary of the Army is directed to acquire necessary interests in real estate for all features of the project, flood control, developmental control, environmental, and public access, beginning at the North end of the basin and proceeding southerly. With the funds herein provided, the Secretary is further directed to begin to concurrently acquire all real estate interests approved for the project as the acquisition process proceeds in the manner described in the preceding sentence: Provided further, That the Secretary is directed to expedite the acquisition, in fee simple, of lands, excluding minerals, for public access in the Atchafalaya Basin Floodway System, Louisiana, as authorized by Public Laws 99-88 and 99-662, and to expend up to 50 per centum of the funds herein provided for this purpose.

Funds provided to the Corps of Engineers are to be used in carrying out advanced engineering and design work on the Helena Harbor, Phillips County, Arkansas, project. The Corps will complete the advanced engineering and design work and be prepared to let a contract for the first phase of the construction not later than October 1, 1988.

The Secretary of the Army shall allocate $180,000 to the Mississippi River East Bank, Warren to Wilkerson Counties, Mississippi, Natchez Area project to complete by May 1988 a reevaluation of alternative plans, submission of a draft reevaluation report/Environmental Impact Statement supplement, coordination of report findings with public and other agencies, and completion and submission of the final report by December 1988.

OPERATION AND MAINTENANCE, GENERAL

For expenses necessary for the preservation, operation, maintenance, and care of existing river and harbor, flood control, and related works, including such sums as may be necessary for the maintenance of harbor channels provided by a State, municipality or other public agency, outside of harbor lines, and serving essential needs of general commerce and navigation; surveys and charting of northern and northwestern lakes and connecting waters; clearing and straightening channels; and removal of obstructions to navigation, $1,400,000,000 to remain available until expended, of which such sums as become available in the Harbor Maintenance Trust Fund, pursuant to Public Law 99-662, may be derived from that fund, and of which $12,000,000 shall be for construction, operation, and maintenance of outdoor recreation facilities, to be derived from the special account established by the Land and Water Conservation Act of 1965, as amended (16 U.S.C. 460l): Provided, That not to exceed $8,000,000 shall be available for obligation for national emergency preparedness programs: Provided further, That none of the funds made available under "Operation and Maintenance, General" shall be used to pay the expenses of the Department of the Army regulatory activities.

The Secretary of the Army, acting through the Chief of Engineers, is directed to undertake the following projects in fiscal year 1988: Sauk Lake, Minnesota; and Yaquina North Jetty, Oregon.

GENERAL REGULATORY FUNCTIONS

For expenses necessary for administration of laws pertaining to preservation of navigable waters, $55,262,000, to remain available until expended.

GENERAL EXPENSES

For expenses necessary for general administration and related functions in the office of the Chief of Engineers and offices of the Division Engineers; activities of the Board of Engineers for Rivers and Harbors, the Coastal Engineering Research Board, the Engineer Automation Support Activity, and the Water Resources Support Center, $115,200,000, to remain available until expended.

ADMINISTRATIVE PROVISIONS

Appropriations in this title shall be available for expenses of attendance by military personnel at meetings in the manner authorized by section 4110 of title 5, United States Code, uniforms, and allowances therefor, as authorized by law (5 U.S.C. 5901-5902), and for printing, either during a recess or session of Congress, of survey reports authorized by law, and such survey reports as may be printed during a recess of Congress shall be printed, with illustrations, as documents of the next succeeding session of Congress; and during the current fiscal year the revolving fund, Corps of Engineers, shall be available for purchase (not to exceed 225 for replacement only) and hire of passenger motor vehicles.

GENERAL PROVISIONS, CORPS OF ENGINEERS

SEC. 101. In section 4(c) of Public Law 99-469, the word "Secretary" is deleted each time it appears and the words "United States" are inserted in lieu thereof.

SEC. 102. The Secretary of the Army is directed to initiate construction and to reimburse non-Federal interests for work completed in conjunction with the North Branch of Chicago River project in Illinois.

SEC. 103. Using funds previously provided in the Energy and Water Development Appropriations Act, 1987 (Public Law 99-500 and Public Law 99-591), the Secretary of the Army is directed to proceed with development of the Cross-Florida Barge Canal Conservation Management Plan as described in subsection 1114(e) of the Water Resources Development Act, 1986 (Public Law 99-662).

SEC. 104. A project for flood control along the San Timoteo Creek in the vicinity of Loma Linda is authorized for construction as part of the Santa Ana Mainstem including Santiago Creek Project in accordance with plans described in the San Timoteo Interim II of the Santa Ana Basin and Orange County study. For purposes of economic justification the benefits and costs of the San Timoteo Project shall be included together with the benefits and costs of the entire Santa Ana Mainstem, including Santiago Creek. The total costs for the Santa Ana Mainstem, including Santiago Creek, is to be raised by $25,000,000.

SEC. 105. Section 1124 of Public Law 99-662 is modified to add the following new subsection:

"(e) The dollar amounts listed in this section are based on October 1985 price levels. Such amounts shall be subject to adjustment pursuant to section 902(2) of this Act. Total contributions to governments in Canada that are authorized by this section, as adjusted pursuant to section 902(2) of this Act, may fluctuate to reflect changes in the rate of exchange for currency between the United States and Canada that occurred between October 1985 and the time contributions are made.".

SEC. 106. The undesignated paragraph under the heading "Puerco River and Tributaries, New Mexico" in section 401(a) of Public Law 99-662 (100 Stat. 4082) is amended by striking out "$4,190,000", "$3,140,000", and "$1,050,000" and inserting in lieu thereof "$7,300,000", "$5,500,000", and "$1,800,000", respectively.

SEC. 107. None of the funds made available under "Department of Defense-Civil, Department of the Army, Corps of Engineers-Civil", except as provided for under "General Regulatory Functions", shall be used to pay the expenses of the Department of the Army-Civil regulatory activities.

SEC. 108. The McClellan-Kerr Arkansas River navigation project authorized under the comprehensive plan for the Arkansas River Basin by section 3 of the Act entitled "An Act authorizing the construction of certain public works on rivers and harbors for flood control, and for other purposes", approved June 28, 1938 (52 Stat. 1218), and section 10 of the Flood Control Act of 1946 (60 Stat. 647), is modified to include municipal, industrial and agricultural water supply as authorized project purposes. Withdrawals of water for such purposes may be permitted to the extent that such withdraw-

als are consistent with applicable State laws and do not interfere with the other authorized purposes.

SEC. 109. The undesignated paragraph under the heading "Noyes, Minnesota, in section 401(d) of Public Law 99-662 (100 Stat. 4131) is amended by striking out "$250,000" and inserting in lieu thereof "$650,000".

SEC. 110. The Chief of Engineers is directed to retain three operational aircraft authorized pursuant to section 101 of the Act of July 27, 1953, 67 Stat. 199, together with their attendant crews, and may only dispose of any of these aircraft if authorized to do so by a future congressional enactment for that purpose. The Chief of Engineers shall provide at least thirty days advance written notification to the Appropriations Committees of the Senate and House of Representatives of any intended use of any of these aircraft for a trip destined outside the United States or its territories or possessions.

SEC. 111. The section entitled "TRANSFER OF FEDERAL TOWNSITES" in the Supplemental Appropriations Act, 1985, title 1, chapter IV (Public Law 99-88, 99 Stat. 317) as amended by section 1123 of the Water Resources Development Act, 1986 (Public Law 99-662) is further amended as follows:

(1) By deleting all that follows the colon in paragraph (7);

(2) By adding a new paragraph at the end of paragraph (7) as follows:

"(8) The Secretary shall, at full Federal expense for a period not to exceed three years from the date of the transfer of the townsite to the municipal corporation, continue to operate and maintain such corporation's electrical distribution system, including street lights, and to provide or assume the cost of electric power, natural gas, and liquified petroleum gas to buildings and facilities owned and operated by the corporation and to public school buildings located within the municipality.".

TITLE II

DEPARTMENT OF THE INTERIOR

BUREAU OF RECLAMATION

For carrying out the functions of the Bureau of Reclamation as provided in the Federal reclamation laws (Act of June 17, 1902, 32 Stat. 388, and Acts amendatory thereof or supplementary thereto) and other Acts applicable to that Bureau as follows:

GENERAL INVESTIGATIONS

For engineering and economic investigations of proposed Federal reclamation projects and studies of water conservation and development plans and activities preliminary to the reconstruction, rehabilitation and betterment, financial adjustment, or extension of existing projects, to remain available until expended, $16,590,000: Provided, That of the total appropriated, the amount for program activities which can be financed by the reclamation fund shall be derived from that fund: Provided further, That all costs of an advance planning study of a proposed project shall be considered to be construction costs and to be reimbursable in accordance with the allocation of construction costs if the project is authorized for construction: Provided further, That funds contributed by non-Federal entities for purposes similar to this appropriation shall be available for expenditure for the purposes for which contributed as though specifically appropriated for said purposes, and such amounts shall remain available until expended.

CONSTRUCTION PROGRAM

(INCLUDING TRANSFER OF FUNDS)

For construction and rehabilitation of projects and parts thereof (including power transmission facilities for Bureau of Reclamation use) and for other related activities as authorized by law, to remain available until expended $703,716,000, of which $143,143,000 shall be available for transfers to the Upper Colorado River Basin Fund authorized by section 5 of the Act of April 11, 1956 (43 U.S.C. 620d), and $152,498,000 shall be available for transfers to the Lower Colorado River Basin Development Fund authorized by section 403 of the Act of September 30, 1968 (43 U.S.C. 1543), and such amounts as may be necessary shall be considered as though advanced to the Colorado River Dam Fund for the Boulder Canyon Project as authorized by the Act of December 21, 1928, as amended: Provided, That of the total appropriated, the amount for program activities which can be financed by the reclamation fund shall be derived from that fund: Provided further, That transfers to the Upper Colorado River Basin Fund and Lower Colorado River Basin Development Fund may be increased or decreased by transfers within the overall appropriation to the heading: Provided further, That funds contributed by non-Federal entities for purposes similar to this appropriation shall be available for expenditure for the purposes for which contributed as though specifically appropriated for said purposes, and such funds shall remain available until expended: Provided further, That approximately $5,630,000 in unobligated balances of Teton Dam Failure Payment of Claims funds provided under Public Laws 94-355 dated July 12, 1976, and 94-438, dated September 30, 1976, shall be available for use on projects under this appropriation: Provided further, That the final point of discharge for the interceptor drain for the San Luis Unit shall not be determined until development by the Secretary of the Interior and the State of California of a plan, which shall conform with the water quality standards of the State of California as approved by the Administrator of the Environmental Protection Agency, to minimize any detrimental effect of the San Luis drainage waters: Provided further, That no part of the funds herein approved shall be available for construction or operation of facilities to prevent waters of Lake Powell from entering any national monument: Provided further, That of the amount herein appropriated, such amounts as may be necessary shall be available to enable the Secretary of the Interior to continue work on rehabilitating the Velarde Community Ditch Project, New Mexico, in accordance with the Federal Reclamation Laws (Act of June 17, 1902, 32 Stat. 388, and Acts amendatory thereof or supplementary thereto) for the purposes of diverting and conveying water to irrigated project lands. The cost of the rehabilitation will be nonreimbursable and constructed features will be turned over to the appropriate entity for operation and maintenance: Provided further, That of the amount herein appropriated, such amounts as may be required shall be available to continue improvement activities for the Lower Colorado Regional Complex: Provided further, That the funds contained in this Act for the Garrison Diversion Unit, North Dakota, shall be expended only in accordance with the provisions of the Garrison Diversion Unit Reformulation Act of 1986 (Public Law 99-294): Provided further, That none of the funds appropriated in this Act shall be used to study or construct the Cliff Dam feature of the Central Arizona Project: Provided further, That Plan 6 features of the Central Arizona Project other than Cliff Dam, including (1) water rights and associated lands within the State of Arizona acquired by the Secretary of the Interior through purchase, lease, or exchange, for municipal and industrial purposes, not to exceed 30,000 acrefeet; and, (2) such increments of flood control that may be found to be feasible by the Secretary of the Interior at Horseshoe and Bartlett Dams, in consultation and cooperation with the Secretary of the Army and using Corps of Engineers evaluation criteria, developed in conjunction with dam safety modifications and consistent with applicable environmental law, are hereby deemed to constitute a suitable alternative to Orme Dam within the meaning of the Colorado River Basin Project Act (82 Stat. 885; 43 U.S.C. 1501 et seq.): Provided further, That any funds expended under this Act for the purpose of conserving endangered fish species of the Colorado River system shall be charged against the increased amount authorized to be appropriated under the Colorado River Storage Project Act, as provided by section 501(A) of the Colorado River Basin Act of 1968: Provided further, That notwithstanding the provisions of the Garrison Diversion Unit Reformulation Act of 1986 (Public Law 99-294), the James River Comprehensive Report on water resource development proposals may be submitted to Congress at a date after September 30, 1988, but not later than September 30, 1989.

OPERATION AND MAINTENANCE

For operation and maintenance of reclamation projects or parts thereof and other facilities, as authorized by law; and for a soil and moisture conservation program on lands under the jurisdiction of the Bureau of Reclamation, pursuant to law, to remain available until expended, $151,000,000: Provided, That of the total appropriated, the amount for program activities which can be financed by the reclamation fund shall be derived from that fund: Provided further, That of the total appropriated, such amounts as may be required for replacement work on the Boulder Canyon Project which would require readvances to the Colorado River Dam Fund shall be readvanced to the Colorado River Dam Fund pursuant to section 5 of the Boulder Canyon Project Adjustment Act of July 19, 1940 (43 U.S.C. 618d), and such readvances since October 1, 1984, and in the future shall bear interest at the rate determined pursuant to section 104(a)(5) of Public Law 98-381: Provided further, That funds advanced by water users for operation and maintenance of reclamation projects or parts thereof shall be deposited to the credit of this appropriation and may be expended for the same objects and in the same manner as sums appropriated herein may be expended, and such advances shall remain available until expended: Provided further, That revenues in the Upper Colorado River Basin Fund shall be available for performing examination of existing structures on participating projects of the Colorado River Storage Project, the costs of which shall be nonreimbursable.

LOAN PROGRAM

For loans to irrigation districts and other public agencies for construction of distribution systems on authorized Federal reclamation projects, and for loans and grants to non-Federal agencies for construction of projects, as authorized by the Acts of July 4, 1955, as amended (43 U.S.C. 421a–421d), and

August 6, 1956, as amended (43 U.S.C. 422a-422l), including expenses necessary for carrying out the program, $32,309,000, to remain available until expended: Provided, That of the total sums appropriated, the amount of program activities which can be financed by the reclamation fund shall be derived from that fund: Provided further, That during fiscal year 1988 and within the resources and authority available, gross obligations for the principal amount of direct loans shall not exceed $31,972,000: Provided further, That any contract under the Act of July 4, 1955 (69 Stat. 244), as amended, not yet executed by the Secretary, which calls for the making of loans beyond the fiscal year in which the contract is entered into shall be made only on the same conditions as those prescribed in section 12 of the Act of August 4, 1939 (53 Stat. 1187, 1197).

GENERAL ADMINISTRATIVE EXPENSES

For necessary expenses of general administration and related functions in the office of the Commissioner, the Denver Engineering and Research Center, and offices in the six regions of the Bureau of Reclamation, $51,690,000, of which $1,000,000 shall remain available until expended, the total amount to be derived from the reclamation fund and to be nonreimbursable pursuant to the Act of April 19, 1945 (43 U.S.C. 377): Provided, That no part of any other appropriation in this Act shall be available for activities or functions budgeted for the current fiscal year as general administrative expenses.

EMERGENCY FUND

For an additional amount for the "Emergency fund", as authorized by the Act of June 26, 1948 (43 U.S.C. 502), as amended, to remain available until expended for the purposes specified in said Act, $1,000,000, to be derived from the reclamation fund.

SPECIAL FUNDS

(TRANSFER OF FUNDS)

Sums herein referred to as being derived from the reclamation fund or the Colorado River development fund are appropriated from the special funds in the Treasury created by the Act of June 17, 1902 (43 U.S.C. 391) and the Act of July 19, 1940 (43 U.S.C. 618a), respectively. Such sums shall be transferred, upon request of the Secretary, to be merged with and expended under the heads herein specified; and the unexpended balances of sums transferred for expenditure under the head "General Administrative Expenses" shall revert and be credited to the special fund from which derived.

ADMINISTRATIVE PROVISIONS

Appropriations for the Bureau of Reclamation shall be available for purchase of not to exceed 13 passenger motor vehicles of which 11 shall be for replacement only; payment of claims for damages to or loss of property, personal injury, or death arising out of activities of the Bureau of Reclamation; payment, except as otherwise provided for, of compensation and expenses of persons on the rolls of the Bureau of Reclamation appointed as authorized by law to represent the United States in the negotiations and administration of interstate compacts without reimbursement or return under the reclamation laws; for service as authorized by section 3109 of title 5, United States Code, in total not to exceed $500,000; rewards for information or evidence concerning violations of law involving property under the jurisdiction of the Bureau of Reclamation; performance of the functions specified under the head "Operation and Maintenance Administration", Bureau of Reclamation, in the Interior Department Appropriations Act 1945; preparation and dissemination of useful information including recordings, photographs, and photographic prints; and studies of recreational uses of reservoir areas, and investigation and recovery of archeological and paleontological remains in such areas in the same manner as provided for in the Acts of August 21, 1935 (16 U.S.C. 461-467) and June 27, 1960 (16 U.S.C. 469): Provided, That no part of any appropriation made herein shall be available pursuant to the Act of April 19, 1945 (43 U.S.C. 377), for expenses other than those incurred on behalf of specific reclamation projects except "General Administrative Expenses" and amounts provided for plan formulation and advance planning investigations, and general engineering and research under the head "General Investigations".

Sums appropriated herein which are expended in the performance of reimbursable functions of the Bureau of Reclamation shall be returnable to the extent and in the manner provided by law.

No part of any appropriation for the Bureau of Reclamation, contained in this Act or in any prior Act, which represents amounts earned under the terms of a contract but remaining unpaid, shall be obligated for any other purpose, regardless of when such amounts are to be paid: Provided, That the incurring of any obligation prohibited by this paragraph shall be deemed a violation of section 3679 of the Revised Statutes, as amended (31 U.S.C. 1341).

No funds appropriated to the Bureau of Reclamation for operation and maintenance, except those derived from advances by water users, shall be used for the particular benefits of lands (a) within the boundaries of an irrigation district, (b) of any member of a water users' organization, or (c) of any individual when such district, organization, or individual is in arrears for more than twelve months in the payment of charges due under a contract entered into with the United States pursuant to laws administered by the Bureau of Reclamation.

None of the funds made available by this or any other Act shall be used by the Bureau of Reclamation for contracts for surveying and mapping services unless such contracts for which a solicitation is issued after the date of this Act are awarded in accordance with title IX of the Federal Property and Administrative Service Act of 1949 (40 U.S.C. 541 et seq.).

GENERAL PROVISIONS

DEPARTMENT OF THE INTERIOR

SEC. 201. Appropriations in this title shall be available for expenditure or transfer (within each bureau or office), with the approval of the Secretary, for the emergency reconstruction, replacement, or repair of aircraft, buildings, utilities, or other facilities or equipment damaged or destroyed by fire, flood, storm, or other unavoidable causes: Provided, That no funds shall be made available under this authority until funds specifically made available to the Department of the Interior for emergencies shall have been exhausted.

SEC. 202. The Secretary may authorize the expenditure or transfer (within each bureau or office) of any appropriation in this title, in addition to the amounts included in the budget programs of the several agencies, for the suppression or emergency prevention of forest or range fires on or threatening lands under jurisdiction of the Department of the Interior.

SEC. 203. Appropriations in this title shall be available for operation of warehouses, garages, shops, and similar facilities, wherever consolidation of activities will contribute to efficiency, or economy, and said appropriations shall be reimbursed for services rendered to any other activity in the same manner as authorized by the Act of June 30, 1932 (31 U.S.C. 1535 and 1536): Provided, That reimbursements for costs of supplies, materials, equipment, and for services rendered may be credited to the appropriation current at the time such reimbursements are received.

SEC. 204. Appropriations in this title shall be available for hire, maintenance, and operation of aircraft; hire of passenger motor vehicles; purchases of reprints; payment for telephone services in private residences in the field, when authorized under regulations approved by the Secretary; and the payment of dues, when authorized by the Secretary, for library membership in societies or associations which issue publications to members only or at a price to members lower than to subscribers who are not members.

SEC. 205. In accordance with repayment contract No. 9-07-70-W0363, entered into August 29, 1979, as amended December 18, 1981, for the Farwell Irrigation District, contractual party with the Farwell Unit, Middle Loup Division, Pick-Sloan Missouri Basin Program, and entitled "Contract between the United States of America and the Farwell Irrigation District for Additional Drainage Facilities", the costs of such project allocated to irrigation and drainage shall not be reimbursable. Payments already made under such contract shall be credited against overall payments due the United States.

SEC. 206. Of the appropriations for the Central Utah project, in this or any other Act, not more than $18,500,000 of the total in any one fiscal year may be expended by the Secretary for all administrative expenses: Provided, That the Inspector General of the Department of the Interior shall annually audit expenditures by the Bureau of Reclamation to determine compliance with this section: Provided further, That none of the Bureau of Reclamation's appropriations shall be used to fund the audit: Provided further, That the Bureau of Reclamation shall not delay or stop construction of the project due to this limitation and shall apply all the remaining appropriations to completion of this project, unless continuation of work on the Central Utah project would cause administrative expenses attributable to the Central Utah project to be paid from funds available for other Bureau of Reclamation projects and thereby delay their construction.

SEC. 207. The Secretary of the Interior is directed to use not to exceed $70,000 in fiscal year 1988 for soil classification studies required to complete the integration of the Hilltop Irrigation District as a Federal unit of the Pick-Sloan Missouri River Basin program.

SEC. 208. (a) Notwithstanding title II of the Reclamation Authorization Act of 1975 (Public Law 94-228), the city of Dickinson, North Dakota, is forgiven all obligations incurred by such city under the contract (numbered 9-07-60-WR052) entered into with the Secretary of the Interior or his delegatee.

(b)(1) The Secretary of the Interior, acting through the Commissioner of the Bureau of Reclamation, is authorized to enter into a new repayment contract with the city of Dickinson the terms of which shall entitle

the city of Dickinson to water supply benefits provided by the bascule gate project authorized by title II of the Reclamation Authorization Act of 1975 in consideration for repayment of the costs of the bascule gate project as provided in paragraph (2).

(2) Repayment terms of the new contract shall provide for—

(A) repayment by the city of Dickinson of the capital cost of the bascule gate project of $1,625,000 over a period of 40 years at an interest rate of 7.21 per centum per annum; and

(B) payment of the annual operation, maintenance, and replacement costs of the project facilities.

SEC. 209. (a) Notwithstanding any other provisions of law, the city of Minot, North Dakota, is relieved of all liability for repayment to the United States of the sum of $1,026,489.29 associated with the excess capacity of the Minot Pipeline resulting from enactment of the Garrison Diversion Unit Reformulation Act of 1986 (Public Law 99-294).

(b) The relief from liability for repayment granted by subsection (a) shall be effective retroactive to January 1, 1978, the start of the city of Minot's repayment obligation under the 1972 repayment contract with the Bureau of Reclamation.

(c) If the excess capacity referred to in subsection (a) is ever used, the city of Minot shall reimburse the United States for the costs referred to in subsection (a) proportionate to the actual use of the excess capacity.

SEC. 210. (a) The McGee Creek Project of the Bureau of Reclamation shall not be deemed completed until such time as construction of all authorized components of the project are completed, including access roads and recreation areas.

(b) The Bureau of Reclamation shall not transfer title of the project to any other entity or require repayment of the project or permit refinancing of the project until such time as the project is completed according to the terms of (a) above.

SEC. 211. The Secretary is prohibited from transferring the Office of the Commissioner of the Bureau of Reclamation, the Assistant Commissioner for Administration and the Office of Foreign Activities from Washington, D.C. to Denver, Colorado and shall have in the Washington office a minimum of sixty professional staff experienced in the following areas: Budget, Foreign Activities, Contracts and Repayment, Resource Development and Management; Construction; and Congressional and Public Affairs. The Secretary is further prohibited from transferring the Acreage Limitation Branch from Denver, Colorado to Washington, D.C. In addition, the Bureau shall maintain appropriate administrative support personnel for the Washington Office. The Secretary shall submit quarterly reports to the Congress, beginning January 1988, on Washington office reorganization initiatives to reduce overhead and duplication.

TITLE III

DEPARTMENT OF ENERGY

ENERGY SUPPLY, RESEARCH AND DEVELOPMENT ACTIVITIES

(INCLUDING TRANSFER OF FUNDS)

For expenses of the Department of Energy activities including the purchase, construction and acquisition of plant and capital equipment and other expenses incidental thereto necessary for energy supply, research and development activities, and other activities in carrying out the purposes of the Department of Energy Organization Act (Public Law 95-91), including the acquisition or condemnation of any real property or any facility or for plant or facility acquisition, construction, or expansion; purchase of passenger motor vehicles (not to exceed 21 for replacement only), $1,988,357,000, to remain available until expended; in addition $104,000,000 shall be derived by transfer from Uranium Supply and Enrichment Activities provided in prior years and shall be available until expended; and of which $125,800,000 which shall be available only for the following facilities: the Institute for Human Genomic Studies at the Mount Sinai Medical Center, New York City; the Center for Applied Optics, University of Alabama in Huntsville; the Center for Automation Technology, Drexel University; the Institute for Advanced Physics Research, Boston University; the Multi-Purpose Center, Boston College; the Pediatric Research Center at Children's Hospital, Pittsburgh, Pennsylvania; the Cancer Research Center at the Medical University of South Carolina; the Oregon Health Science University; the Center for Advanced Microstructures and Devices, Louisiana State University; the Proton-Beam Demonstration Cancer Treatment Center, Loma Linda University Medical Center; the Center for Physical and Environmental Science, East Central University, Oklahoma; the Barry M. Goldwater Center for Science and Engineering, Arizona State University; the Institute of Nuclear Medicine, Center for Molecular Medicine and Immunology, University of Medicine and Dentistry, New Jersey; the National Center for Chemical Research, Columbia University; and the Combustion Research Facility, Phase II, Sandia Laboratory, Livermore, California; and funds provided for byproducts utilization activities shall be available only for the following regional projects: Florida Department of Agriculture and Consumer Services; Hawaii Department of Business and Economic Development; Iowa State University; Oklahoma, RedArk Development Authority; Washington, Port of Pasco; State of Alaska: Provided, That of the amount appropriated under this heading for the magnetic fusion program, $8,000,000 shall be available to continue research, development, engineering and design only of Project 88-R-92, Compact Ignition Tokamak: Provided further, That the Princeton Plasma Physics Laboratory and the Office of Fusion Energy shall submit a report and a 5-year plan based on current budgetary resources allocated for fusion energy research to the Committees on Appropriations of the House and Senate providing detailed information, costs and schedules for the concurrent construction of the Compact Ignition Tokamak project with the continued operation and completion of the Tokamak Fusion Test Reactor project.

URANIUM SUPPLY AND ENRICHMENT ACTIVITIES

For expenses of the Department of Energy in connection with operating expenses; the purchase, construction, and acquisition of plant and capital equipment and other expenses incidental thereto necessary for uranium supply and enrichment activities in carrying out the purposes of the Department of Energy Organization Act (Public Law 95-91), including the acquisition or condemnation of any real property or any facility or for plant or facility acquisition, construction, or expansion; purchase of passenger motor vehicles (not to exceed 26 for replacement only); $950,000,000, to remain available until expended: Provided, That revenues received by the Department for the enrichment of uranium and estimated to total $1,301,000,000 in fiscal year 1988, shall be retained and used for the specific purpose of offsetting costs incurred by the Department in providing uranium enrichment service activities as authorized by section 201 of Public Law 95-238, notwithstanding the provisions of section 3302(b) of section 484, of title 31, United States Code: Provided further, That the sum herein appropriated shall be reduced as uranium enrichment revenues are received during fiscal year 1988 so as to result in a final fiscal year 1988 appropriation estimated at not more than $0.

GENERAL SCIENCE AND RESEARCH ACTIVITIES

For expenses of the Department of Energy activities including the purchase, construction and acquisition of plant and capital equipment and other expenses incidental thereto necessary for general science and research activities in carrying out the purposes of the Department of Energy Organization Act (Public Law 95-91), including the acquisition or condemnation of any real property or facility or for plant or facility acquisition, construction, or expansion; purchase of passenger motor vehicles (not to exceed 22, of which 18 are for replacement only), $804,498,000, to remain available until expended.

NUCLEAR WASTE DISPOSAL FUND

For nuclear waste disposal activities to carry out the purposes of Public Law 97-425, as amended, including the acquisition of real property or facility construction or expansion, $360,000,000, to remain available until expended, to be derived from the Nuclear Waste Fund. To the extent that balances in the fund are not sufficient to cover amounts available for obligation in the account, the Secretary shall exercise his authority pursuant to section 302(e)(5) to issue obligations to the Secretary of the Treasury. In paying the amounts determined to be appropriate as a result of the decision in Wisconsin Electric Power Co. v. Department of Energy, 778 F. 2d 1 (D.C. Cir. 1985), the Department of Energy shall pay, from the Nuclear Waste Fund, interest at a rate to be determined by the Secretary of the Treasury and calculated from the date the amounts were deposited into the Fund. Funds appropriated pursuant to this Act may be used to provide payments equivalent to taxes to special purpose units of local government at the candidate sites.

Subtitle A of Title V, Nuclear Waste Policy Amendments Act of 1987, contained in H.R. 3545, Omnibus Budget Reconciliation Act of 1987 as agreed to and reported by the Committee of Conference on H.R. 3545 is included herein and shall be effective as if it had been enacted into law.

ATOMIC ENERGY DEFENSE ACTIVITIES

For expenses of the Department of Energy activities, $7,749,364,000, to remain available until expended, including the purchase, construction and acquisition of plant and capital equipment and other expenses incidental thereto necessary for atomic energy defense activities in carrying out the purposes of the Department of Energy Organization Act (Public Law 95-91), including the acquisition or condemnation of any real property or any facility or for plant or facility acquisition, construction, or expansion; purchase of passenger motor vehicles (not to exceed 292 for replacement only including 43 police-type vehicles; and purchase of two aircraft, one of which is for replacement only): Provided, That within the funds available within materials production ac-

tivities, the Secretary of Energy shall prepare and submit to the Committees on Appropriations and Armed Services of the Senate and the House of Representatives, not later than May 1, 1988, an acquisition strategy report for replacement production reactors. Such report shall provide the rationale and description of the recommended acquisition strategy for replacement nuclear materials production capacity that would fulfill the long-term requirements of the United States for tritium and plutonium, including the recommendation of the Nuclear Weapons Council with respect to matters within the responsibility of the Council. Such report also shall include an analysis of whether or not the acquisition strategy should provide for the procurement and construction of two or more replacement production reactors, either concurrently or sequentially. Such report also shall include, but not be limited to, an analysis of the use of alternative reactor technologies at one or more sites based on the most current information including overall program costs and schedules; safety, environmental and licensing features; strategic and national security benefits; and amortization of reactor capital and operating costs through the sale of byproduct steam. Such report shall include a comprehensive comparative financial analysis and cost estimate including annual and life cycle costs for research, development, design, construction, operating expenses and revenues and the levelized unit products costs relating to the replacement production reactor alternatives considered. The recommendations of the Secretary shall include a recommendation with respect to the preferred alternatives for achieving replacement nuclear materials production capacity, including the number of production reactors required, the preferred technologies, and the preferred sites, and a time schedule for their acquisition, construction, and operation. The provision of the National Environmental Policy Act (43 U.S.C. 4321, et seq.) shall not apply to any actions taken by the Secretary in the conduct of activities associated with the preparation of such report, including, but not limited to, the formulation of an acquisition strategy or the planning, design, and selection of alternative technologies and sites for replacement production reactors: Provided further, That of these funds, $7,500,000 shall be made available for the Hanford Waste Vitrification Plant (Project 88-D-173): Provided further, That of the amount appropriated to the Department of Energy in this paragraph, $121,000,000 may be obligated only for the verification and control technology program of the Department of Energy: Provided further, That none of the funds made available by this Act may be used for the operation of the N-Reactor at the Hanford Reservation, Washington, unless the Secretary of Energy makes a specific determination and submits a certification in writing to the Congress that—

(1) the further operation of the N-Reactor is necessary to meet national security requirements;

(2) the Department will fully comply with the report of the National Academy of Sciences as described in Public Law 100-180;

(3) the Department plan for the N-Reactor is consistent with the reports of the Roddis panel as described in Public Law 100-180; and

(4) the N-Reactor is safe to operate.

Departmental Administration

For salaries and expenses of the Department of Energy necessary for Departmental Administration and other activities in carrying out the purposes of the Department of Energy Organization Act (Public Law 95-91), including the hire of passenger motor vehicles and official reception and representation expenses (not to exceed $35,000) $395,513,000, to remain available until expended, plus such additional amounts as necessary to cover increases in the estimated amount of cost of work for others notwithstanding the provisions of the Anti-Deficiency Act (31 U.S.C. 1511 et seq.): Provided, That such increases in cost of work are offset by revenue increases of the same or greater amount, to remain available until expended: Provided further, That moneys received by the Department for miscellaneous revenues estimated to total $233,896,000 in fiscal year 1988 may be retained and used for operating expenses within this account, and may remain available until expended, as authorized by section 201 of Public Law 95-238, notwithstanding the provisions of section 3302 of title 31, United States Code: Provided further, That the sum herein appropriated shall be reduced by the amount of miscellaneous revenues received during fiscal year 1988 so as to result in a final fiscal year 1988 appropriation estimated at not more than $161,617,000.

POWER MARKETING ADMINISTRATIONS

Operation and Maintenance, Alaska Power Administration

For necessary expenses of operation and maintenance of projects in Alaska and of marketing electric power and energy, $3,026,000, to remain available until expended.

Bonneville Power Administration Fund

Expenditures from the Bonneville Power Administration Fund, established pursuant to Public Law 93-454, are approved for fish passage improvements at the Umatilla River Diversion and for the Ellensburg Screen Fish Passage Facilities. Expenditures are also approved for official reception and representation expenses in an amount not to exceed $2,500.

During fiscal year 1988, no new direct loan obligations may be made.

Operation and Maintenance, Southeastern Power Administration

For necessary expenses of operation and maintenance of power transmission facilities and of marketing electric power and energy pursuant to the provisions of section 5 of the Flood Control Act of 1944 (16 U.S.C. 825s), as applied to the southeastern power area, $27,400,000, to remain available until expended.

Operation and Maintenance, Southwestern Power Administration

For necessary expenses of operation and maintenance of power transmission facilities and of marketing electric power and energy, and for construction and acquisition of transmission lines, substations and appurtenant facilities, and for administrative expenses connected therewith, in carrying out the provisions of section 5 of the Flood Control Act of 1944 (16 U.S.C. 825s), as applied to the southwestern power area, $16,648,000, to remain available until expended; in addition, notwithstanding the provisions of 31 U.S.C. 3302, not to exceed $4,625,000 in collections from the Department of Defense from power purchases and not to exceed $1,721,000 in collections from non-Federal entities for construction projects in fiscal year 1988, to remain available until expended.

Construction, Rehabilitation, Operation and Maintenance, Western Area Power Administration

(including transfer of funds)

For carrying out the functions authorized by title III, section 302(a)(1)(E) of the Act of August 4, 1977 (Public Law 95-91), and other related activities including conservation and renewable resources programs as authorized, including official reception and representation expenses in an amount not to exceed $1,500, the purchase of passenger motor vehicles (not to exceed 3 for replacement only), $242,512,000, to remain available until expended, of which $235,268,000, shall be derived from the Department of the Interior Reclamation fund; in addition, the Secretary of the Treasury is authorized to transfer from the Colorado River Dam Fund to the Western Area Power Administration $7,003,000, to carry out the power marketing and transmission activities of the Boulder Canyon project as provided in section 104(a)(4) of the Hoover Power Plant Act of 1984, to remain available until expended.

Federal Energy Regulatory Commission

salaries and expenses

For necessary expenses of the Federal Energy Regulatory Commission to carry out the provisions of the Department of Energy Organization Act (Public Law 95-91), including services as authorized by 5 U.S.C. 3109, including the hire of passenger motor vehicles; official reception and representation expenses (not to exceed $2,000); $100,000,000, of which $3,000,000 shall remain available until expended and be available only for contractual activities: Provided, That hereafter and notwithstanding any other provision of law, not to exceed $100,000,000 of revenues from licensing fees, inspection services, and other services and collections in fiscal year 1988, may be retained and used for necessary expenses in this account, and may remain available until expended: Provided further, That the sum herein appropriated shall be reduced as revenues are received during fiscal year 1988, so as to result in a final fiscal year 1988 appropriation estimated at not more than $0.

Geothermal Resources Development Fund

For carrying out the Loan Guarantee and Interest Assistance Program as authorized by the Geothermal Energy Research, Development and Demonstration Act of 1974, as amended, $72,000, to remain available until expended: Provided, That the indebtedness guaranteed or committed to be guaranteed through funds provided by this or any other appropriation Act shall not exceed the aggregate of $500,000,000.

General Provisions—Department of Energy

Sec. 301. Appropriations for the Department of Energy under this title for the current fiscal year shall be available for hire of passenger motor vehicles; hire, maintenance and operation of aircraft; purchase, repair and cleaning of uniforms; and reimbursement to the General Services Administration for security guard services. From these appropriations, transfers of sums may be made to other agencies of the United States Government for the performance of work for which this appropriation is made. None of the funds made available to the Department of Energy under this Act shall be used to implement or finance authorized price support or loan guarantee programs unless specific provision is made for such programs in an *appropriation Act. The Secretary is authorized to accept lands, buildings, equipment, and other contributions from public and private sources and to prosecute projects in cooperation with other agencies, Federal, State, private, or foreign.*

(TRANSFERS OF UNEXPENDED BALANCES)

SEC. 302. Not to exceed 5 per centum of any appropriation made available for the current fiscal year for Department of Energy activities funded in this Act may be transferred between such appropriations, but no such appropriation, except as otherwise provided, shall be increased or decreased by more than 5 per centum by any such transfers, and any such proposed transfers shall be submitted promptly to the Committees on Appropriations of the House and Senate.

SEC. 303. The unexpended balances of prior appropriations provided for activities in this Act may be transferred to appropriation accounts for such activities established pursuant to this title. Balances so transferred may be merged with funds in the applicable established accounts and thereafter may be accounted for as one fund for the same time period as originally enacted.

SEC. 304. The expenditure of any appropriation under this Act for any consulting service through procurement contract pursuant to section 3109 of title 5, United States Code, shall be limited to those contracts where such expenditures are a matter of public record and available for public inspection, except where otherwise provided under existing law, or under existing Executive order issued pursuant to existing law.

SEC. 305. (a) In any regulations issued pursuant to section 1534 of the Defense Authorization Act for 1986, the Secretary of Energy may not disallow the following costs associated with the activities of contractor personnel from the Department of Energy National Laboratories (or Department of Energy personnel of the Department of Energy National Laboratories):

(1) Costs of providing to Congress or a State legislature, in response to a request (written or oral, prior or contemporaneous) from Congress or a State legislature, information or expert advice of a factual, technical, or scientific nature, with respect to:

(A) topics directly related to the performance of the contract; or

(B) proposed legislation; irrespective of whether such information or advice was requested or supplied through the Department of Energy.

(2) Costs for transportation, lodging, or meals incurred for the purpose of providing such information or advice.

(b) No part of any appropriation made in this title shall be obligated or expended to influence, either directly or indirectly, any appropriation or legislation before Congress, or for any publicity or propaganda purpose not specifically authorized by Congress: Provided, That this provision shall not apply to:

(1) the communication of departmental or agency views to the Congress;

(2) the conduct of normal legislative liaison activities; or

(3) the costs described in subsection (a).

SEC. 306. No funds appropriated or made available under this or any other Act shall be used by the executive branch for studies, reviews, to solicit proposals, to consider unsolicited proposals, undertake any initiatives or draft any proposals to transfer out of Federal ownership, management or control in whole or in part, the facilities, assets, and functions of the uranium supply and enrichment program, including inventories, until such activities have been specifically authorized in accordance with terms and conditions established by an Act of Congress hereafter enacted: Provided, That this provision shall not apply to the authority granted to the Department of Energy under section 161g of the Atomic Energy Act of 1954, as amended, under which it may sell, lease, grant, and dispose of property in furtherance of Atomic Energy Act activities or to the authority of the Administrator of the General Services Administration pursuant to the Federal Property and Administrative Service Act of 1944 to sell or otherwise dispose of surplus property.

SEC. 307. Within three months following the date of enactment of this Act, the Federal Energy Regulatory Commission shall provide the Committee on Appropriations of the House and Senate with a report describing the policies followed in implementing the Commission's responsibilities under the National Environmental Policy Act. This report shall include a description of the steps the Commission has taken to ensure that environmental reviews are conducted efficiently and in a timely manner, the willingness of the Commission to utilize the technical expertise of other Federal and State agencies, and the Commission's environmental authority regarding nonjurisdictional facilities.

SEC. 308. The Federal Energy Regulatory Commission is authorized to extend the time period required for commencement of construction of Project No. 4506 for an additional two years upon application by the licensee to the Federal Energy Regulatory Commission if the Federal Energy Regulatory Commission determines that an extension is warranted under the standard set forth in section 13 of the Federal Power Act and is in the public interest.

SEC. 309. None of the funds appropriated by this Act or any other Act may be expended by the Department of Energy or the Department of Justice or any of their component agencies to prosecute any action or to enforce any judgment against any individual corporate shareholder, officer or employee for restitution under section 209 of the Economic Stabilization Act of 1970, as amended, in any case decided by the Temporary Emergency Court of Appeals on May 7, 1987, based upon the role of such individual as a central figure in any statutory or regulatory violation, except for the actual dollar amount personally received by such individual from such violation and any interest assessed on such amount. The prohibition in this section shall apply only until October 1, 1988.

SEC. 310. (a) The amendments made by section 643(b) of the Energy Security Act (Public Law 96-294) and any regulations issued to implement such amendment shall apply to qualifying small power production facilities (as such term is defined in the Federal Power Act) using solar energy as the primary energy source to the same extent such amendments and regulations apply to qualifying small power production facilities using geothermal energy as the primary energy source, except that nothing in this Act shall preclude the Federal Energy Regulatory Commission from revising its regulations to limit the availability of exemptions authorized under this Act as it determines to be required in the public interest and consistent with its obligations and duties under section 210 of the Public Utility Regulatory Policies Act of 1978.

(b) The provisions of subsection (a) shall apply to a facility using solar energy as the primary energy source only if either of the following is submitted to the Federal Energy Regulatory Commission during the two-year period beginning on the date of enactment of this Act:

(1) An application for certification of the facility as a qualifying small power production facility.

(2) Notice that the facility meets the requirements for qualification.

SEC. 311. None of the funds appropriated by this Act or any other Act may be expended by the Federal Energy Regulatory Commission for the purpose of issuing a certificate of public convenience and necessity pursuant to the application made by the Iroquois Gas Transmission System under the Commission's optional expedited certificate procedures (Docket No. CP86-523 et al.) until the Commission has considered, in accordance with applicable law, the environmental impacts.

TITLE IV

INDEPENDENT AGENCIES

APPALACHIAN REGIONAL COMMISSION

For expenses necessary to carry out the programs authorized by the Appalachian Regional Development Act of 1965, as amended, notwithstanding section 405 of said Act, except expenses authorized by section 105 of said Act, including services as authorized by section 3109 of title 5, United States Code, and hire of passenger motor vehicles, and for necessary expenses for the Federal Cochairman and the alternate on the Appalachian Regional Commission and for payment of the Federal share of the administrative expenses of the Commission, including services as authorized by section 3109 of title 5, United States Code, and hire of passenger motor vehicles, to remain available until expended, $107,000,000: Provided, That after the date of enactment of this resolution, appropriations for Appalachian regional programs in this or any other Act may be used for the purposes of the Appalachian Regional Development Act without regard to section 224(b) (2), (3), and (4) of that Act and funds in energy enterprise loan funds may be reapproved by the Commission for similar uses.

DELAWARE RIVER BASIN COMMISSION

SALARIES AND EXPENSES

For expenses necessary to carry out the functions of the United States member of the Delaware River Basin Commission, as authorized by law (75 Stat. 716), $203,000.

CONTRIBUTION TO DELAWARE RIVER BASIN COMMISSION

For payment of the United States share of the current expenses of the Delaware River Basin Commission, as authorized by law (75 Stat. 706, 707), $263,000.

INTERSTATE COMMISSION ON THE POTOMAC RIVER BASIN

CONTRIBUTION TO INTERSTATE COMMISSION ON THE POTOMAC RIVER BASIN

To enable the Secretary of the Treasury to pay in advance to the Interstate Commission on the Potomac River Basin the Federal contribution toward the expenses of the Commission during the current fiscal year in the administration of its business in the conservancy district established pursuant to the Act of July 11, 1940 (54 Stat. 748), as amended by the Act of September 25, 1970 (Public Law 91-407), $379,000.

NUCLEAR REGULATORY COMMISSION

SALARIES AND EXPENSES

For necessary expenses of the Commission in carrying out the purposes of the Energy Reorganization Act of 1974, as amended, and the Atomic Energy Act, as amended, including the employment of aliens; services authorized by section 3109 of title 5, United States Code; publication and dissemination of atomic information; purchase, repair, and cleaning of uniforms, official representation expenses (not to exceed $20,000); reimbursements to the General Services Administration for security guard services; hire of passenger motor vehicles and aircraft, $392,800,000, to remain available until expended: Provided, That from this appropriation, transfer of sums may be made to other agencies of the Government for the performance of the work for which this appropriation is made, and in such cases the sums so transferred may be merged with the appropriation to which transferred: Provided further, That moneys received by the Commission for the cooperative nuclear safety research program, services rendered to foreign governments and international organizations, and the material and information access authorization programs including criminal history checks under section 149 of the Atomic Energy Act, as amended, may be retained and used for salaries and expenses associated with those activities, notwithstanding the provisions of section 3302 of title 31, United States Code, and shall remain available until expended: Provided further, That revenues from licensing fees, inspection services, and other services and collections estimated at $196,400,000 in fiscal year 1988 shall be retained and used for necessary salaries and expenses in this account, notwithstanding the provisions of section 3302 of title 31, United States Code, and shall remain available until expended: Provided further, That the sum herein appropriated shall be reduced by the amount of revenues received during fiscal year 1988 from licensing fees, inspection services and other services and collections, excluding those monies received for the cooperative nuclear safety research program, services rendered to foreign governments and international organizations, and the material and information access authorization programs, so as to result in a final fiscal year 1988 appropriation estimated at not more than $196,400,000.

SUSQUEHANNA RIVER BASIN COMMISSION

SALARIES AND EXPENSES

For expenses necessary to carry out the functions of the United States member of the Susquehanna River Basin Commission as authorized by law (84 Stat. 1541), $197,000.

CONTRIBUTION TO SUSQUEHANNA RIVER BASIN COMMISSION

For payment of the United States share of the current expense of the Susquehanna River Basin Commission, as authorized by law (84 Stat. 1530, 1531), $249,000.

TENNESSEE VALLEY AUTHORITY

TENNESSEE VALLEY AUTHORITY FUND

For the purpose of carrying out the provisions of the Tennessee Valley Authority Act of 1933, as amended (16 U.S.C. ch. 12A), including purchase, hire, maintenance, and operation of aircraft, and purchase and hire of passenger motor vehicles, and for entering into contracts and making payments under section 11 of the National Trails System Act, as amended, $103,000,000, to remain available until expended: Provided, That this appropriation and other moneys available to the Tennessee Valley Authority may be used hereafter for payment of the allowances authorized by section 5948 of title 5, United States Code: Provided further, That the official of the Tennessee Valley Authority referred to as the "inspector general of the Tennessee Valley Authority" is authorized, during the fiscal year ending September 30, 1988, to require by subpoena the production of all information, documents, reports, answers, records, accounts, papers, and other data and other documentary evidence necessary in the performance of the audit and investigation functions of that official, which subpoena, in the case of contumacy or refusal to obey, shall be enforceable by order of any appropriate United States district court: Provided further, That procedures other than subpoenas shall be used by the inspector general to obtain documents and evidence from Federal agencies.

TITLE V

GENERAL PROVISIONS

SEC. 501. No part of any appropriation contained in this Act shall remain available for obligation beyond the current fiscal year unless expressly so provided herein.

SEC. 502. None of the funds in this Act shall be used to pay the expenses of, or otherwise compensate, parties intervening in regulatory or adjudicatory proceedings funded in this Act. This prohibition bars payment to a party intervening in an administrative proceeding for expenses incurred in appealing an administrative decision to the courts.

SEC. 503. None of the programs, projects or activities as defined in the report accompanying this Act, may be eliminated or disproportionately reduced due to the application of "Savings and Slippage", "general reduction", or the provision of Public Law 99-177 or Public Law 100-119.

SEC. 504. The expenditure of any appropriation under this Act for any consulting service through procurement contract, pursuant to section 3109 of title 5, United States Code, shall be limited to those contracts where such expenditures are a matter of public record and available for public inspection, except where otherwise provided under existing law, or under existing Executive order issued pursuant to existing law.

SEC. 505. None of the funds appropriated in this Act shall be used to implement a program of retention contracts for senior employees of the Tennessee Valley Authority.

SEC. 506. Notwithstanding any other provision of this Act or any other provision of law, none of the funds made available under this Act or any other law shall be used for the purposes of conducting any studies relating or leading to the possibility of changing from the currently required "at cost" to a "market rate" or any other noncost-based method for the pricing of hydroelectric power by the six Federal public power authorities, or other agencies or authorities of the Federal Government, except as may be specifically authorized by Act of Congress hereafter enacted.

SEC. 507. None of the funds appropriated in this Act for Power Marketing Administrations or the Tennessee Valley Authority, and none of the funds authorized to be expended by this or any previous Act from the Bonneville Power Administration Fund or the Tennessee Valley Authority Fund, may be used to pay the costs of procuring extra high voltage (EHV) power equipment unless contract awards are made for EHV equipment manufactured in the United States when such agencies determine that there are one or more manufacturers of domestic end product offering a product that meets the technical requirements of such agencies at a price not exceeding 130 per centum of the bid or offering price of the most competitive foreign bidder: Provided, That such agencies shall determine the incremental costs associated with implementing this section and defer or offset such incremental costs against otherwise existing repayment obligations: Provided further, That this section shall not apply to any procurement initiated prior to October 1, 1985, or to the acquisition of spare parts or accessory equipment necessary for the efficient operation and maintenance of existing equipment and available only from the manufacturer of the original equipment: Provided further, That this section shall not apply to procurement of domestic end product as defined in 48 C.F.R. sec. 25.101: Provided further, That this section shall not apply to EHV power equipment produced or manufactured in a country whose government has completed negotiations with the United States to extend the GATT Government Procurement Code, or a bilateral equivalent, to EHV power equipment, or which otherwise offers fair competitive opportunities in public procurements to United States manufacturers of such equipment.

SEC. 508. None of the funds in this Act may be used to construct or enter into an agreement to construct additional hydropower units at Denison Dam—Lake Texoma.

SEC. 509. In honor of Ernest Frederick Hollings, the building located at 83 Meeting Street in Charleston, South Carolina, shall hereafter be known and designated as the "Hollings Judicial Center": Provided further, That the lock and dam on the Tombigbee River in Pickens County, Alabama, commonly known as the Aliceville Lock and Dam, and the resource management and visitor center at Aliceville Lake on the Tennessee-Tombigbee Waterway shall hereafter be known and designated as the "Tom Bevill Lock and Dam" and the "Tom Bevill Resource Management and Visitor Center at Aliceville Lake on the Tennessee-Tombigbee Waterway", respectively. Any reference in a law, map, regulation, document, or paper of the United States to such lock and dam and any reference in a law, map, regulation, document, or paper of the United States to such resource management and visitor center shall be held to be a reference to the "Tom Bevill Lock and Dam" and the "Tom Bevill Resource Management and Visitor Center at Aliceville Lake on the Tennessee-Tombigbee Waterway", respectively.

This Act may be cited as the "Energy and Water Development Appropriation Act, 1988".

And the Senate agree to the same.

Amendment numbered 6:

That the House recede from its disagreement to the amendment of the Senate numbered 6, and agree to the same with an amendment, as follows:

In lieu of the matter stricken and inserted by said amendment, insert the following:

(e) Such amounts as may be necessary for programs, projects or activities provided for in the Foreign Operations, Export Financing, and Related Programs Appropriations Act, 1988, at a rate of operations and to the extent and in the manner provided for, the provisions of such Act to be effective as if it had been enacted into law as the regular appropriations Act, as follows:

AN ACT

Making appropriations for foreign operations, export financing, and related pro-

grams for the fiscal year ending September 30, 1988, and for other purposes.

TITLE I—MULTILATERAL ECONOMIC ASSISTANCE

FUNDS APPROPRIATED TO THE PRESIDENT

INTERNATIONAL FINANCIAL INSTITUTIONS

CONTRIBUTION TO THE INTERNATIONAL BANK FOR RECONSTRUCTION AND DEVELOPMENT

For payment to the International Bank for Reconstruction and Development by the Secretary of the Treasury, for the United States share of the paid-in share portion of the increases in capital stock, $40,176,393 for the General and Selective Capital Increases, to remain available until expended: Provided, That no such payment may be made while the United States Executive Director to the Bank is compensated by the Bank at a rate in excess of the rate provided for an individual occupying a position at level IV of the Executive Schedule under section 5315 of title 5, United States Code, or while the alternate United States Executive Director to the Bank is compensated by the Bank at a rate in excess of the rate provided for an individual occupying a position at level V of the Executive Schedule under section 5316 of title 5, United States Code.

LIMITATION ON CALLABLE CAPITAL SUBSCRIPTIONS

The United States Governor of the International Bank for Reconstruction and Development may subscribe without fiscal year limitation to the callable capital portion of the United States share of increases in capital stock in an amount not to exceed $437,320,185.

CONTRIBUTION TO THE INTERNATIONAL DEVELOPMENT ASSOCIATION

For payment to the International Development Association by the Secretary of the Treasury, $915,000,000, for the United States contribution to the replenishments, to remain available until expended: Provided, That no such payment may be made while the United States Executive Director to the International Bank for Reconstruction and Development is compensated by the Bank at a rate in excess of the rate provided for an individual occupying a position at level IV of the Executive Schedule under section 5315 of title 5, United States Code, or while the alternate United States Executive Director to the Bank is compensated by the Bank at a rate in excess of the rate provided for an individual occupying a position at level V of the Executive Schedule under section 5316 of title 5, United States Code.

CONTRIBUTION TO THE INTERNATIONAL FINANCE CORPORATION

For payment to the International Finance Corporation by the Secretary of the Treasury, $20,300,000, for the United States share of the increase in subscriptions to capital stock, to remain available until expended.

CONTRIBUTION TO THE MULTILATERAL INVESTMENT GUARANTEE AGENCY

For payment to the Multilateral Investment Guarantee Agency by the Secretary of the Treasury, for the paid-in share of the capital stock, $44,403,116, to remain available until expended: Provided, That no such payment may be made prior to April 30, 1988: Provided further, That no such payment may be made on or after April 30, 1988, unless the Secretary of the Treasury certifies and reports to the Congress that the United States Director of the Agency has proposed and actively sought the adoption by the Agency of the policies and procedures specified in section 405 of H.R. 3750, as enacted herein: Provided further, That no such payment may be made on or after April 30, 1988, unless the Secretary of the Treasury certifies and reports to the Congress that the Board has adopted those policies and procedures, or substantially similar policies and procedures, or that the United States Director of the Agency will continue to propose and actively seek the adoption by the Agency of those policies and procedures until those policies and procedures, or substantially similar policies and procedures, have been adopted by the Board and that the failure to make such payment is likely to make the adoption of those policies and procedures more difficult to achieve.

LIMITATION ON CALLABLE CAPITAL SUBSCRIPTIONS

The Secretary of the Treasury may subscribe without fiscal year limitation to the callable portion of the shares of capital stock in an amount not to exceed $177,612,464.

CONTRIBUTION TO THE INTER-AMERICAN DEVELOPMENT BANK

For payment to the Inter-American Development Bank by the Secretary of the Treasury for the United States share of the increase in the resources of the Fund for Special Operations, $25,732,371, to remain available until expended; and $31,600,000, for the United States share of the increases in paid-in capital stock to remain available until expended; and $1,303,000 for the United States share of the capital stock of the Inter-American Investment Corporation, to remain available until expended: Provided, That no such payment may be made while the United States Executive Director for the Bank is compensated by the Bank at a rate in excess of the rate provided for an individual occupying a position at level IV of the Executive Schedule under section 5315 of title 5, United States Code, or while the alternate United States Executive Director for the Bank is compensated by the Bank at a rate in excess of the rate provided for an individual occupying a position at level V of the Executive Schedule under section 5316 of title 5, United States Code: Provided further, That the United States Governor of the Inter-American Development Bank is hereby authorized to agree to, and to accept, the amendments to the Articles of Agreement in the proposed resolution entitled "Merger of Inter-regional and Ordinary Capital Resources".

LIMITATION ON CALLABLE CAPITAL SUBSCRIPTIONS

The United States Governor of the Inter-American Development Bank may subscribe without fiscal year limitation to the callable capital portion of the United States share of such increase in capital stock in an amount not to exceed $119,403,576.

CONTRIBUTION TO THE ASIAN DEVELOPMENT BANK

For payment to the Asian Development Bank by the Secretary of the Treasury, for the paid-in share portion of the United States share of the increase in capital stock, $15,057,220, to remain available until expended; and for the United States contribution to the increases in resources of the Asian Development Fund, as authorized by the Asian Development Bank Act, as amended (Public Law 89-369), $28,000,000, to remain available until expended: Provided, That no such payment may be made while the United States Director of the Bank is compensated by the Bank at a rate which, together with whatever compensation such Director receives from the United States, is in excess of the rate provided for an individual occupying a position at level IV of the Executive Schedule under section 5315 of title 5, United States Code, or while any alternate United States Director to the Bank is compensated by the Bank in excess of the rate provided for an individual occupying a position at level V of the Executive Schedule under section 5316 of title 5, United States Code.

LIMITATION ON CALLABLE CAPITAL SUBSCRIPTIONS

The United States Governor of the Asian Development Bank may subscribe without fiscal year limitation to the callable capital portion of the United States share of such increase in capital stock in an amount not to exceed $276,503,941.

CONTRIBUTION TO THE AFRICAN DEVELOPMENT FUND

For payment to the African Development Fund by the Secretary of the Treasury, $75,000,000, for the United States contribution to the fourth replenishment of the African Development Fund, to remain available until expended.

CONTRIBUTION TO THE AFRICAN DEVELOPMENT BANK

For payment to the African Development Bank by the Secretary of the Treasury, for the paid-in share portion of the United States share of the increase in capital stock, $8,999,371, to remain available until expended: Provided, That no such payment may be made while the United States Executive Director to the Bank is compensated by the Bank at a rate in excess of the rate provided for an individual occupying a position at level IV of the Executive Schedule under section 5315 of title 5, United States Code, or while the alternate United States Executive Director to the Bank is compensated by the Bank at a rate in excess of the rate provided for an individual occupying a position at level V of the Executive Schedule under section 5316 of title 5, United States Code.

LIMITATION ON CALLABLE CAPITAL SUBSCRIPTIONS

The United States Governor of the African Development Bank may subscribe without fiscal year limitation to the callable capital portion of the United States share of such capital stock in an amount not to exceed $134,918,184.

AUTHORIZATION OF APPROPRIATIONS

There is hereby enacted into law H.R. 3750, as introduced in the House of Representatives on December 11, 1987. Section 102 of H.J. Res. 395 shall not apply with respect to provisions enacted by this paragraph.

INTERNATIONAL ORGANIZATIONS AND PROGRAMS

For necessary expenses to carry out the provisions of sections 301 and 103(g) of the Foreign Assistance Act of 1961, and of section 2 of the United Nations Environment Program Participation Act of 1983, $244,648,000: Provided, That no funds shall be available for the United Nations Fund for Science and Technology: Provided further, That the total amount of funds appropriated under this heading shall be made available only as follows: $110,000,000 for the United Nations Development Program; $54,400,000 for the United Nations Children's Fund, which amount shall be obligated and expended no later than 30 days from the date of enactment of this Act; $980,000 for the World Food Program; $980,000 for the United Nations Capital Development Fund; $220,000 for the United Nations Voluntary Fund for the Decade for Women; $2,000,000 for the International Convention and Scientific Organization Contributions; $1,960,000 for the World Meteorological Organization Voluntary Cooperation Program; $21,854,000 for the International Atomic Energy Agency; $7,840,000 for the United Nations Environment Program; $784,000 for *the United Nations Educational and Training Program for Southern Africa; $245,000 for the United Nations Trust Fund for South Africa; $110,000 for the United Nations Institute for Namibia; $170,000 for the Convention on International Trade in Endangered Species; $220,000 for the World Heritage Fund; $90,000 for the United Nations Voluntary Fund for Victims of Torture; $245,000 for the United Nations Fellowship Program; $400,000 for the United Nations Center on Human Settlements; $150,000 for the UNIDO Investment Promotion Service; $12,000,000 for the Organization of American States; and $30,000,000 for the International Fund for Agricultural Development, of which up to $10,000,000 may be made available for the Special Program for Sub-Saharan African Countries Affected by Drought and Desertification: Provided further, That funds appropriated under this heading may be made available for the International Atomic Energy Agency only if the Secretary of State determines (and so reports to the Congress) that Israel is not being denied its right to participate in the activities of that Agency.*

TITLE II—BILATERAL ECONOMIC ASSISTANCE

FUNDS APPROPRIATED TO THE PRESIDENT

For expenses necessary to enable the President to carry out the provisions of the Foreign Assistance Act of 1961, and for other purposes, to remain available until September 30, 1988, unless otherwise specified herein, as follows:

AGENCY FOR INTERNATIONAL DEVELOPMENT

AGRICULTURE, RURAL DEVELOPMENT, AND NUTRITION, DEVELOPMENT ASSISTANCE

For necessary expenses to carry out the provisions of section 103, $488,715,000: Provided, That up to $5,000,000 shall be provided for new development projects of private entities and cooperatives utilizing surplus dairy products: Provided further, That not less than $8,000,000 shall be provided for the Vitamin A Deficiency Program: Provided further, That, notwithstanding any other provision of law, up to $10,000,000 of the funds appropriated under this heading shall be made available, and remain available until expended, for agricultural activities in Poland which are managed by the Polish Catholic Church or other nongovernmental organizations: Provided further, That not less than $2,000,000 of the funds appropriated under this heading shall be made available only for the North American Waterfowl Plan, which shall not be included in determining compliance with section 119(c) of the Foreign Assistance Act of 1961.

POPULATION, DEVELOPMENT ASSISTANCE

For necessary expenses to carry out the provisions of section 104(b), $197,940,000: Provided, That none of the funds made available in this Act nor any unobligated balances from prior appropriations may be made available to any organization or program which, as determined by the President of the United States, supports or participates in the management of a program of coercive abortion or involuntary sterilization: Provided further, That none of the funds made available under this heading may be used to pay for the performance of abortion as a method of family planning or to motivate or coerce any person to practice abortions; and that in order to reduce reliance on abortion in developing nations, funds shall be available only to voluntary family planning projects which offer, either directly or through referral to, or information about access to, a broad range of family planning methods and services: Provided further, That in awarding grants for natural family planning under section 104 of the Foreign Assistance Act no applicant shall be discriminated against because of such applicant's religious or conscientious commitment to offer only natural family planning; and, additionally, all such applicants shall comply with the requirements of the previous proviso: Provided further, That nothing in this subsection shall be construed to alter any existing statutory prohibitions against abortion under section 104 of the Foreign Assistance Act.

HEALTH, DEVELOPMENT ASSISTANCE

For necessary expenses to carry out the provisions of section 104(c), $119,000,000.

INTERNATIONAL AIDS PREVENTION AND CONTROL PROGRAM

For necessary expenses to carry out the provisions of chapter 1 of part I of the Foreign Assistance Act of 1961, $30,000,000, which shall be made available only for activities relating to research on, and the treatment and control of, acquired immune deficiency syndrome (AIDS) in developing countries: Provided, That of the funds made available under this heading $15,000,000 shall be made available to the World Health Organization for the Special Program on AIDS, including activities implemented by the Pan American Health Organization.

CHILD SURVIVAL FUND

For necessary expenses to carry out the provisions of section 104(c)(2), $66,000,000.

EDUCATION AND HUMAN RESOURCES DEVELOPMENT, DEVELOPMENT ASSISTANCE

For necessary expenses to carry out the provisions of section 105, $117,000,000: Provided, That not less than $42,000,000 of the funds appropriated under this heading and under the heading "Sub-Saharan Africa, Development Assistance" shall be available only for programs in basic primary and secondary education: Provided further, That $1,500,000 of the funds appropriated under this heading shall be made available for the Caribbean Law Institute: Provided further, That not less than $1,250,000 of the funds appropriated under this heading shall be made available for the Center for Inter-American Leadership: Provided further, That not less than $10,000,000 of the funds appropriated under this heading shall be available only for the International Student Exchange Program.

PRIVATE SECTOR, ENVIRONMENT, AND ENERGY, DEVELOPMENT ASSISTANCE

For necessary expenses to carry out the provisions of section 106, $120,709,000: Provided, That not less than $5,000,000 shall be made available only for cooperative projects among the United States, Israel and developing countries: Provided further, That not less than $5,000,000 shall be made available only for the Central American Rural Electrification Support project: Provided further, That not less than $1,500,000 shall be made available only for rural electrification activities for the Caribbean.

SCIENCE AND TECHNOLOGY, DEVELOPMENT ASSISTANCE

For necessary expenses to carry out the provisions of section 106, $8,662,270.

MICRO-ENTERPRISE DEVELOPMENT

Of the funds appropriated by this Act to carry out part I and chapter 4 of part II of the Foreign Assistance Act of 1961, not less than $50,000,000 shall be made available for programs of credit and other assistance for micro-enterprises in developing countries: Provided, That local currencies which accrue as a result of assistance provided to carry out the provisions of the Foreign Assistance Act of 1961 and the Agricultural Trade Development and Assistance Act of 1954 may be used for assistance for micro-enterprises: Provided further, That such local currencies which are used for this purpose shall be in lieu of funds reserved under this heading and shall reduce the amount reserved for assistance for micro-enterprises by an equal amount.

SUB-SAHARAN AFRICA, DEVELOPMENT ASSISTANCE

For necessary expenses to carry out the provisions of sections 103 through 106 and section 121 of the Foreign Assistance Act of 1961, $500,000,000, for assistance only for Sub-Saharan Africa, which shall be in addition to any amounts otherwise made available for such purposes: Provided, That any of the funds which are appropriated under this heading may be used for assistance for Sub-Saharan Africa to carry out any economic development assistance activities under the Foreign Assistance Act of 1961: Provided further, That assistance made available under this heading shall be used to help the poor majority in Sub-Saharan Africa through a process of long-term development and economic growth that is equitable, participatory, environmentally sustainable, and self-reliant: Provided further, That these objectives may, in part, be achieved through the integration of women in the development process, appropriate consultation with private voluntary organizations, African and other organizations with a local perspective on the development process, and inclusion of the perspectives and participation of those affected by the provision of assistance: Provided further, That assistance made available under this heading shall be provided in accordance with the policies contained in section 102 of the Foreign Assistance Act of 1961: Provided further, That assistance made available under this heading should be provided, when consistent with the objectives of such assistance, through African, United States and other private and voluntary organizations which have demonstrated effectiveness in the promotion of local grassroots activities on behalf of long-term development in Sub-Saharan Africa: Provided further, That assistance made available under this heading should be used to help overcome shorter-term constraints to long-term development; to promote reform of sectoral economic policies to support the critical sector priorities of agricultural production and natural resources, health, voluntary family planning services, education, and income generating opportunities; to bring about appropriate sectoral restructuring of the Sub-Saharan African economies; to support reform in public administration and finances and to establish a favorable environment for individual enterprise and self-sustaining development: Provided further, That assisted policy reforms should take into account the need to protect vulnerable groups: Provided further, That assistance made available under this heading shall be used to increase agricultural production in ways which protect and restore the natural resource base, especially food production; to maintain and improve basic transportation and communication networks; to maintain and restore the renewable natural resource base in ways which increase agricultural production; to improve health conditions with special emphasis on meeting the health needs of mothers and children, including the establishment of self-sustaining primary health care systems that give priority to preventive care;

to provide increased access to voluntary family planning services; to improve basic literacy and mathematics especially to those outside the formal educational system and to improve primary education; and to develop income-generating opportunities for the unemployed and underemployed in urban and rural areas: Provided further, That the Administrator of the Agency for International Development should target the equivalent of 10 percent of the funds appropriated under this heading for each of the following: (1) maintaining and restoring the renewable natural resource base in ways which increase agricultural production, including components of agriculture activities which are consistent with this objective, (2) health activities, and (3) voluntary family planning: Provided further, That local currencies generated by the sale of imports or foreign exchange by the government of a country in Sub-Saharan Africa from funds appropriated under this heading shall be deposited in a special account established by that government: Provided further, That these local currencies shall be available only for use, in accordance with an agreement with the United States, for development activities which are consistent with the policy directions of section 102 of the Foreign Assistance Act of 1961 and for necessary administrative requirements of the United States Government: Provided further, That in order to carry out the purposes of this heading, section 604(a) of the Foreign Assistance Act of 1961, and similar provisions of law, shall not apply with respect to the implementation of assistance activities consistent with the purposes of this heading: Provided further, That the funds made available under this heading shall be provided only on a grant basis.

SOUTHERN AFRICA, DEVELOPMENT ASSISTANCE

For necessary expenses to carry out the provisions of sections 103 through 106 of the Foreign Assistance Act of 1961, $50,000,000, which shall be made available, without regard to section 518 of this Act and section 620(q) of the Foreign Assistance Act of 1961, only to assist sector projects supported by the Southern Africa Development Coordination Conference (SADCC) to enhance the economic development of the nine member states forming that regional institution: Provided, That at least 50 percent of that amount shall be made available for the transportation sector and the remaining amount shall be made available for one or more of the following sectors: manpower development; agriculture and natural resources; energy (including the improved utilization of electrical power sources which already exist in the member states and offer the potential to swiftly reduce the dependence of those states on South Africa for electricity); and industrial development and trade (including private sector initiatives): Provided further, That amounts made available under this heading shall be in addition to any amounts otherwise made available for such purposes and shall be in addition to amounts made available for Africa under the heading "Sub-Saharan Africa, Development Assistance": Provided further, That none of the funds appropriated under this heading may be made available for activities in Angola: Provided further, That none of the funds appropriated under this heading may be made available for activities in Mozambique unless the President certifies that it is in the national interest of the United States to do so.

PHILIPPINES, DEVELOPMENT ASSISTANCE

Of the aggregate of the funds appropriated by this Act to carry out sections 103 through 106 of the Foreign Assistance Act of 1961, not less than $40,000,000 shall be made available only for the Philippines for project and sector assistance primarily in support of the Government of the Philippines' efforts to promote economic recovery and attain sustained growth through increased rural productivity in both farm and off-farm enterprises, and other activities consistent with the purposes of chapter 1 of part I of the Foreign Assistance Act of 1961: Provided, That of the funds made available for the Philippines under section 103 of the Foreign Assistance Act of 1961, as amended, not less than $1,000,000 shall be made available to fund technical assistance to strengthen nonprofit private organizations and cooperatives in conjunction with projects using local currencies generated by sale of Public Law 480 and section 416 commodities.

PRIVATE AND VOLUNTARY ORGANIZATIONS

None of the funds appropriated or otherwise made available by this Act for development assistance may be made available to any United States private and voluntary organization, except any cooperative development organization, which obtains less than 20 per centum of its total annual funding for international activities from sources other than the United States Government: Provided, That the requirements of the provisions of section 123(g) of the Foreign Assistance Act of 1961 and the provisions on private and voluntary organizations in title II of the "Foreign Assistance and Related Programs Appropriations Act, 1985" (as enacted in Public Law 98-473) shall be superseded by the provisions of this section.

PRIVATE SECTOR REVOLVING FUND

(INCLUDING TRANSFERS OF FUNDS)

For necessary expenses to carry out the provisions of section 108 of the Foreign Assistance Act of 1961, not to exceed $9,000,000 to be derived by transfer from funds appropriated to carry out the provisions of chapter 1 of part I of such Act, to remain available until expended. During fiscal year 1988, obligations for assistance from amounts in the revolving fund account under section 108 shall not exceed $12,000,000.

LOAN ALLOCATION, DEVELOPMENT ASSISTANCE

In order to carry out the provisions of part I, the Administrator of the agency responsible for administering such part may furnish loan assistance pursuant to existing law and on such terms and conditions as he may determine: Provided, That to the maximum extent practicable, loans to private sector institutions, from funds made available to carry out the provisions of sections 103 through 106, shall be provided at or near the prevailing interest rate paid on Treasury obligations of similar maturity at the time of obligating such funds: Provided further, That amounts appropriated to carry out the provisions of chapter 1 of part I which are provided in the form of loans shall remain available until September 30, 1989.

AMERICAN SCHOOLS AND HOSPITALS ABROAD

For necessary expenses to carry out the provisions of section 214, $40,000,000.

INTERNATIONAL DISASTER ASSISTANCE

For necessary expenses to carry out the provisions of section 491, $25,000,000, to remain available until expended: Provided, That not less than $1,000,000 shall be made available only for assistance for children who have become orphans as a result of drought and famine in Sub-Saharan Africa.

PAYMENT TO THE FOREIGN SERVICE RETIREMENT AND DISABILITY FUND

For payment to the "Foreign Service Retirement and Disability Fund", as authorized by the Foreign Service Act of 1980, $35,132,000.

OPERATING EXPENSES OF THE AGENCY FOR INTERNATIONAL DEVELOPMENT

For necessary expenses to carry out the provisions of section 667, $406,000,000: Provided, That not more than $15,000,000 of this amount shall be for Foreign Affairs Administrative Support: Provided further, That except to the extent that the Administrator of the Agency for International Development determines otherwise, not less than 10 per centum of the aggregate of the funds made available for the fiscal year 1988 to carry out chapter 1 of part I of the Foreign Assistance Act of 1961 shall be made available only for activities of economically and socially disadvantaged enterprises (within the meaning of section 133(c)(5) of the International Development and Food Assistance Act of 1977), historically black colleges and universities, colleges and universities having a student body in which more than 20 percent of the students are Hispanic Americans, and private and voluntary organizations which are controlled by individuals who are black Americans, Hispanic Americans, or Native Americans, or who are economically and socially disadvantaged (within the meaning of section 133(c)(5) (B) and (C) of the International Development and Food Assistance Act of 1977). For purposes of this proviso, economically and socially disadvantaged individuals shall be deemed to include women: Provided further, That the Administrator of the Agency for International Development shall submit to the Committees on Appropriations reports assessing the management and performance of the following offices within the Agency: (1) Bureau for Science and Technology, Directorate for Human Resources, (2) Bureau for Science and Technology, Directorate for Health, (3) Bureau for Food for Peace and Voluntary Assistance, Office of Private and Voluntary Cooperation, (4) Office of the Science Advisor, (5) Bureau for Program and Policy Coordination, Office of Economic Affairs, (6) Bureau for Program and Policy Coordination, Center for Development Information and Evaluation, (7) Bureau for Asia and Near East, Office of Project Development, (8) Bureau for Private Enterprise, and (9) Bureau for Africa, Office of Development Planning: Provided further, That such reports shall assess, among other things, the validity of the goals and objectives of the office or directorate, how well these goals and objectives are being achieved, the performance of the office or directorate in providing services, as appropriate, to other bureau offices and/or to the Agency's overseas missions, and, given competing demands being placed on overall Agency resources, whether appropriate personnel and funding resources are being made available for the office or directorate: Provided further, That such reports shall be submitted to the Committees on Appropriations by April 15, 1988: Provided further, That section 636(c) of the Foreign Assistance Act of 1961 is amended by striking out "$3,000,000" and inserting in lieu thereof "$6,000,000": Provided further, That notwithstanding any other provision of law, none of the funds appropriated under this heading or under the heading "Operating Expenses of the Agency for International Development Office of the Inspector General" shall lapse as a result of *to comply with PR Notices 87-4 and 87-5 relating to labeling of such substances, nor for the purpose of enforcement actions against any user of any pesticide whose use is substantially in conformance with label instructions in existence as of August 1, 1987, related to endangered species, as cited in PR Notices 87-4 and 87-5, nor to propose or order any other revision in such labeling for the reasons cited in PR Notices 87-4 and 87-5, except that the Agency may propose revision where there is no disagreement between the Agency and the state departments relevant to implementation in that state.*

EXECUTIVE OFFICE OF THE PRESIDENT

COUNCIL ON ENVIRONMENTAL QUALITY AND OFFICE OF ENVIRONMENTAL QUALITY

For necessary expenses of the Council on Environmental Quality and the Office of Environmental Quality, in carrying out their functions under the National Environmental Policy Act of 1969, the Environmental Quality Improvement Act of 1970, and Reorganization Plan No. 1 of 1977, including not to exceed $500 for official reception and representation expenses, and hire of passenger motor vehicles, $826,000.

OFFICE OF SCIENCE AND TECHNOLOGY POLICY

For necessary expenses of the Office of Science and Technology Policy, in carrying out the purposes of the National Science and Technology Policy, Organization, and Priorities Act of 1976 (42 U.S.C. 6601 and 6671), hire of passenger motor vehicles, services as authorized by 5 U.S.C. 3109, not to exceed $1,500 for official reception and representation expenses, and rental of conference rooms in the District of Columbia, $1,888,000: Provided, That the Office of Science and Technology Policy shall reimburse other agencies for not less than one-half of the personnel compensation costs of individuals detailed to it.

FEDERAL EMERGENCY MANAGEMENT AGENCY

DISASTER RELIEF

For necessary expenses in carrying out the functions of the Disaster Relief Act of 1974, as amended (42 U.S.C. 5121 et seq.), $120,000,000, to remain available until expended.

SALARIES AND EXPENSES

For necessary expenses, not otherwise provided for, including hire and purchase of motor vehicles (31 U.S.C. 1343); uniforms, or allowances therefor, as authorized by 5 U.S.C. 5901-5902; services as authorized by 5 U.S.C. 3109, but at rates for individuals not to exceed the per diem rate equivalent to the rate for GS-18; expenses of attendance of cooperating officials and individuals at meetings concerned with the work of emergency preparedness; transportation in connection with the continuity of government program to the same extent and in the same manner as permitted the Secretary of a Military Department under 10 U.S.C. 2632; and not to exceed $1,500 for official reception and representation expenses, $125,841,000.

EMERGENCY MANAGEMENT PLANNING AND ASSISTANCE

For necessary expenses, not otherwise provided for, to carry out activities under the National Flood Insurance Act of 1968, as amended, and the Flood Disaster Protection Act of 1973, as amended (42 U.S.C. 4001 et seq.), the Disaster Relief Act of 1974, as amended (42 U.S.C. 5121 et seq.), the Earthquake Hazards Reduction Act of 1977, as amended (42 U.S.C. 7701 et seq.), the Federal Fire Prevention and Control Act of 1974, as amended (15 U.S.C. 2201 et seq.), the Strategic and Critical Materials Stock Piling Act, as amended (50 U.S.C. 98 et seq.), the Federal Civil Defense Act of 1950, as amended (50 U.S.C. App. 2251 et seq.), the Defense Production Act of 1950, as amended (50 U.S.C. App. 2061 et seq.), section 103 of the National Security Act (50 U.S.C. 404), and Reorganization Plan No. 3 of 1978, $272,496,000.

NATIONAL FLOOD INSURANCE FUND

(TRANSFERS OF FUNDS)

Of the funds available from the National Flood Insurance Fund for activities under the National Flood Insurance Act of 1968, and the Flood Disaster Protection Act of 1973, $9,496,000 shall, upon enactment of this Act, be transferred to the "Salaries and expenses" appropriation for administrative costs of the insurance and flood plain management programs and $43,392,000 shall, upon enactment of this Act, be transferred to the "Emergency management planning and assistance" appropriation for flood plain management activities, including $4,531,000 for expenses under section 1362 of the National Flood Insurance Act of 1968, as amended (42 U.S.C. 4103, 4127), which amount shall be available until September 30, 1989. In fiscal year 1988, no funds in excess of (1) $38,000,000 for operating expenses, (2) $137,765,000 for agents' commissions and taxes, and (3) $2,537,000 for interest on Treasury borrowings shall be available from the National Flood Insurance Fund without prior notice to the Committees on Appropriations.

EMERGENCY FOOD AND SHELTER PROGRAM

There is hereby appropriated $114,000,000 to the Federal Emergency Management Agency to carry out an emergency food and shelter program pursuant to title III of Public Law 100-77: Provided, That total administrative costs shall not exceed three and one-half per centum of the total appropriation.

GENERAL SERVICES ADMINISTRATION

CONSUMER INFORMATION CENTER

For necessary expenses of the Consumer Information Center, including services authorized by 5 U.S.C. 3109, $1,279,000, to be deposited into the Consumer Information Center Fund: Provided, That the appropriations, revenues and collections deposited into the fund shall be available for necessary expenses of Consumer Information Center activities in the aggregate amount of $5,140,000. Administrative expenses of the Consumer Information Center in fiscal year 1988 shall not exceed $1,652,000. Appropriations, revenues and collections accruing to this fund during fiscal year 1988 in excess of $5,140,000 shall remain in the fund and shall not be available for expenditure except as authorized in appropriations Acts.

DEPARTMENT OF HEALTH AND HUMAN SERVICES

OFFICE OF CONSUMER AFFAIRS

For necessary expenses of the Office of Consumer Affairs, including services authorized by 5 U.S.C. 3109, $1,670,000.

NATIONAL AERONAUTICS AND SPACE ADMINISTRATION

RESEARCH AND DEVELOPMENT

For necessary expenses, not otherwise provided for, including research, development, operations, services, minor construction, maintenance, repair, rehabilitation and modification of real and personal property; purchase, hire, maintenance, and operation of other than administrative aircraft, necessary for the conduct and support of aeronautical and space research and development activities of the National Aeronautics and Space Administration; $3,374,200,000, to remain available until September 30, 1989, of which $100,000,000 shall be derived by transfer from funds appropriated in section 101(g) of Public Law 99-591 for orbiter production: Provided, That of the funds made available by this Act, $225,000,000 is for space station only, which amount shall not become available for obligation until June 1, 1988, and pursuant to section 202 of the Balanced Budget and Emergency Deficit Control Reaffirmation Act of 1987, this action is a necessary (but secondary) result of a significant policy change.

SPACE FLIGHT, CONTROL AND DATA COMMUNICATIONS

For necessary expenses, not otherwise provided for; in support of space flight, spacecraft control and communications activities of the National Aeronautics and Space Administration, including operations, production, services, minor construction, maintenance, repair, rehabilitation, and modification of real and personal property; tracking and data relay satellite services as authorized by law; purchase, hire, maintenance and operation of other than administrative aircraft; $3,908,309,000, to remain available until September 30, 1989, including not to exceed $28,000,000 for expendable launch vehicles which shall be available only for the purchase of two Delta II vehicles for the launch of the Roentgen satellite (ROSAT) and the Extreme Ultraviolet Explorer (EUVE).

CONSTRUCTION OF FACILITIES

For construction, repair, rehabilitation and modification of facilities, minor construction of new facilities and additions to existing facilities, and for facility planning and design not otherwise provided, for the National Aeronautics and Space Administration, and for the acquisition or condemnation of real property, as authorized by law, $178,272,000, to remain available until September 30, 1990: Provided, That, notwithstanding the limitation on the availability of funds appropriated under this heading by this appropriations Act, when any activity has been initiated by the incurrence of obligations therefor, the amount available for such activity shall remain available until expended, except that this provision shall not apply to the amounts appropriated pursuant to the authorization for repair, rehabilitation and modification of facilities, minor construction of new facilities and additions to existing facilities, and facility planning and design: Provided further, That no amount appropriated pursuant to this or any other Act may be used for the lease or construction of a new contractor-funded facility for exclusive use in support of a contract or contracts with the National Aeronautics and Space Administration under which the Administration would be required to substantially amortize through payment or reimbursement such contractor investment, unless an appropriations Act specifies the lease or contract pursuant to which such facilities are to be constructed or leased or such facility is otherwise identified in such Act: Provided further, That the Administrator may authorize such facility lease or construction, if he determines, in consultation with the Committees on Appropriations, that deferral of such action until the enactment of the next appropriations Act would be inconsistent with the interest of the Nation in aeronautical and space activities.

RESEARCH AND PROGRAM MANAGEMENT

For necessary expenses of research in Government laboratories, management of programs and other activities of the National Aeronautics and Space Administration, not

Safety and Health Act of 1970 or from a private consultative source approved by the Administration and (2) had the consultant examine the condition cited and (3) made or is in the process of making a reasonable good faith effort to eliminate the hazard created by the condition cited as such, which was identified by the aforementioned consultant, unless changing circumstances or workplace conditions render inapplicable the advice obtained from such consultants: Provided further, That none of the funds appropriated under this paragraph may be obligated or expended for any State plan monitoring visit by the Secretary of Labor under section 18 of the Occupational Safety and Health Act of 1970, of any factory, plant, establishment, construction site, or other area, workplace or environment where such a workplace or environment has been inspected by an employee of a State acting pursuant to section 18 of such Act within the six months preceding such inspection: Provided further, That this limitation does not prohibit the Secretary of Labor from conducting such monitoring visit at the time and place of an inspection by an employee of a State acting pursuant to section 18 of such Act, or in order to investigate a complaint about State program administration including a failure to respond to a worker complaint regarding a violation of such Act, or in order to investigate a discrimination complaint under section 11(c) of such Act, or as part of a special study monitoring program, or to investigate a fatality or catastrophe: Provided further, That none of the funds appropriated under this paragraph may be obligated or expended for the inspection, investigation, or enforcement of any activity occurring on the Outer Continental Shelf which exceeds the authority granted to the Occupational Safety and Health Administration by any provision of the Outer Continental Shelf Lands Act, or the Outer Continental Shelf Lands Act Amendments of 1978.

Mine Safety and Health Administration

SALARIES AND EXPENSES

For necessary expenses for the Mine Safety and Health Administration, $160,193,000, including purchase and bestowal of certificates and trophies in connection with mine rescue and first-aid work, and the purchase of not to exceed sixty passenger motor vehicles for replacement only; the Secretary is authorized to accept lands, buildings, equipment, and other contributions from public and private sources and to prosecute projects in cooperation with other agencies, Federal, State, or private; the Mine Safety and Health Administration is authorized to promote health and safety education and training in the mining community through cooperative programs with States, industry, and safety associations; and any funds available to the Department may be used, with the approval of the Secretary, to provide for the costs of mine rescue and survival operations in the event of major disaster: Provided, That none of the funds appropriated under this paragraph shall be obligated or expended to carry out section 115 of the Federal Mine Safety and Health Act of 1977 or to carry out that portion of section 104(g)(1) of such Act relating to the enforcement of any training requirements, with respect to shell dredging, or with respect to any sand, gravel, surface stone, surface clay, colloidal phosphate, or surface limestone mine.

Bureau of Labor Statistics

SALARIES AND EXPENSES

For necessary expenses for the Bureau of Labor Statistics, including advances or reimbursements to State, Federal, and local agencies and their employees for services rendered, $176,481,000, of which $8,793,000 shall be for expenses of revising the Consumer Price Index, together with not to exceed $41,569,000, which may be expended from the Employment Security Administration account in the Unemployment Trust Fund: Provided, That $7,366,000 shall remain available until September 30, 1989.

Departmental Management

SALARIES AND EXPENSES

For necessary expenses for Departmental Management, including the hire of 5 sedans, and including $2,434,000 for the President's Committee on Employment of the Handicapped, $114,929,000, together with not to exceed $274,000 which may be expended from the Employment Security Administration account in the Unemployment Trust Fund.

ASSISTANT SECRETARY FOR VETERANS EMPLOYMENT AND TRAINING

Not to exceed $139,614,000 may be derived from the Employment Security Administration account in the Unemployment Trust Fund to carry out the provisions of 38 U.S.C. 2001-08 and 2021-26.

OFFICE OF THE INSPECTOR GENERAL

For salaries and expenses of the Office of the Inspector General in carrying out the provisions of the Inspector General Act of 1978, $37,051,000, together with not to exceed $6,201,000, which may be expended from the Employment Security Administration account in the Unemployment Trust Fund.

General Provisions

SEC. 101. Appropriations in this Act available for salaries and expenses shall be available for supplies, services, and rental of conference space within the District of Columbia, as the Secretary of Labor shall deem necessary for settlement of labor-management disputes.

SEC. 102. None of the funds appropriated under this Act shall be used to grant variances, interim orders or letters of clarification to employers which will allow exposure of workers to chemicals or other workplace hazards in excess of existing Occupational Safety and Health Administration standards for the purpose of conducting experiments on workers health or safety.

SEC. 103. None of the funds appropriated in this Act shall be obligated or expended for the purpose of closing any Job Corps Center operating under part B of title IV of the Job Training Partnership Act prior to January 1, 1989.

SEC. 104. Notwithstanding any other provision of this Act, no funds appropriated by this Act may be used to execute or carry out any contract with a non-governmental entity to administer or manage a Civilian Conservation Center of the Job Corps which was not under such a contract as of September 1, 1984.

SEC. 105. None of the funds appropriated in this Act shall be used by the Job Corps program to pay the expenses of legal counsel or representation in any criminal case or proceeding for a Job Corps participant, unless certified to and approved by the Secretary of Labor that a public defender is not available.

This title may be cited as the "Department of Labor Appropriations Act, 1988".

TITLE II—DEPARTMENT OF HEALTH AND HUMAN SERVICES

Health Resources and Services Administration

HEALTH RESOURCES AND SERVICES

For carrying out titles III, VI, VII, VIII, X, XVI, and XXIII of the Public Health Service Act, section 427(a) of the Federal Coal Mine Health and Safety Act, title V of the Social Security Act, and the Stewart B. McKinney Homeless Assistance Act, $1,551,478,000, of which not to exceed $718,000 to remain available until expended, shall be available for renovating the Gillis W. Long Hansen's Disease Center, 42 U.S.C. 247e, and of which $96,000 shall remain available until expended for interest subsidies on loan guarantees made prior to fiscal year 1981 under part B of title VII of the Public Health Service Act, and of which $6,702,000 shall be made available until expended to make grants under section 1610(b) of the Public Health Service Act for renovation or construction of nonacute care intermediate and long term care facilities for AIDS patients: Provided, That grants made under the Excellence in Minority Health Education and Care Act shall be awarded competitively and, notwithstanding section 788A, any university which awards a graduate degree in the health professions and which has a majority enrollment of minority students shall be eligible to apply and compete for a grant: Provided further, That the total principal amount of Federal loan insurance available under section 728 of the Public Health Service Act during fiscal year 1988 shall be granted by the Secretary of Health and Human Services without regard to any apportionment or other similar limitation: Provided further, That when the Department of Health and Human Services administers or operates an employee health program for any Federal department or agency, payment for the full estimated cost shall be made by way of reimbursement or in advances to this appropriation.

For carrying out subpart 2 of part A of title XIX of the Public Health Service Act, $4,787,000 to be available June 1, 1988.

MEDICAL FACILITIES GUARANTEE AND LOAN FUND

FEDERAL INTEREST SUBSIDIES FOR MEDICAL FACILITIES

For carrying out subsections (d) and (e) of section 1602 of the Public Health Service Act, $22,000,000, together with any amounts received by the Secretary in connection with loans and loan guarantees under title VI of the Public Health Service Act, to be available without fiscal year limitation for the payment of interest subsidies. During the fiscal year, no commitments for direct loans or loan guarantees shall be made.

Centers for Disease Control

DISEASE CONTROL, RESEARCH, AND TRAINING

To carry out titles III, XVII, and XIX and section 1102 of the Public Health Service Act, sections 101, 102, 103, 201, 202, and 203 of the Federal Mine Safety and Health Act of 1977, and sections 20, 21, and 22 of the Occupational Safety and Health Act of 1970; including insurance of official motor vehicles in foreign countries; and hire, maintenance, and operation of aircraft, $771,772,000, of which $1,915,000 shall remain available until expended for equipment and construction and renovation of facilities: Provided, That training shall be made subject to reimbursement or advances to this appropriation for not in excess of the full cost of such training: Provided further, That funds appropriated under this heading *shall be available for payment of the costs of medical care, related expenses, and burial expenses hereafter incurred by or on behalf of any person who had participated in the study of untreated syphilis initiated in Tuskegee, Alabama, in 1932, in such amounts and subject to such terms and conditions as prescribed by the Secretary of Health and Human Services and for payment, in such amounts and subject to such terms and conditions, of such costs and expenses hereafter incurred by or on behalf of such person's wife or offspring determined by the Secretary to have suffered injury or disease from syphilis contracted from such person: Provided further, That collections from user fees, including collections from training and reimbursements and advances for the full cost of proficiency testing of private clinical laboratories, may be credited to this appropriation: Provided further, That the General Services Administration is directed to construct under their lease purchase authority, a 100,000 net sq. ft. office building at the CDC Clifton Road site in Atlanta, Georgia and the laboratory facility in Chamblee, Georgia, designed with the funds which Congress provided to the Centers for Disease Control in the fiscal year 1987 Department of Labor, Health and Human Services, and Education, and Related Agencies Appropriation. CDC is to reimburse GSA for the annual lease payment: Provided further, That employees of the Public Health Service, both civilian and Commissioned Officer, detailed to States or municipalities as assignees under authority of section 214 of the PHS Act in the instance where in excess of 50 percent of salaries and benefits of the assignee is paid directly or indirectly by the State or municipality shall be treated as non-Federal employees for reporting purposes only. In addition, the full-time equivalents for organizations within the Department of Health and Human Services shall not be reduced to accommodate implementation of this provision: Provided further, That the Director shall cause to be distributed without necessary clearance of the content by any official, organization or office, an AIDS mailer to every American household by June 30, 1988, as approved and funded by the Congress in Public Law 100-71.*

NATIONAL INSTITUTES OF HEALTH

NATIONAL CANCER INSTITUTE

For carrying out section 301 and title IV of the Public Health Service Act with respect to cancer, $1,469,327,000.

NATIONAL HEART, LUNG, AND BLOOD INSTITUTE

For carrying out section 301, title IV, and section 1105 of the Public Health Service Act with respect to cardiovascular, lung, and blood diseases, and blood and blood products, $965,536,000.

NATIONAL INSTITUTE OF DENTAL RESEARCH

For carrying out section 301 and title IV of the Public Health Service Act with respect to dental diseases, $126,297,000.

NATIONAL INSTITUTE OF DIABETES, AND DIGESTIVE AND KIDNEY DISEASES

For carrying out section 301 and title IV of the Public Health Service Act with respect to diabetes and digestive and kidney diseases, $534,733,000.

NATIONAL INSTITUTE OF NEUROLOGICAL AND COMMUNICATIVE DISORDERS AND STROKE

For carrying out section 301 and title IV of the Public Health Service Act with respect to neurological and communicative disorders and stroke, $534,692,000.

NATIONAL INSTITUTE OF ALLERGY AND INFECTIOUS DISEASES

For carrying out section 301 and title IV of the Public Health Service Act with respect to allergy and infectious diseases, $638,800,000.

NATIONAL INSTITUTE OF GENERAL MEDICAL SCIENCES

For carrying out section 301 and title IV of the Public Health Service Act with respect to general medical sciences, $632,676,000.

NATIONAL INSTITUTE OF CHILD HEALTH AND HUMAN DEVELOPMENT

For carrying out section 301 and title IV of the Public Health Service Act with respect to child health and human development, $396,811,000.

NATIONAL EYE INSTITUTE

For carrying out section 301 and title IV of the Public Health Service Act with respect to eye diseases and visual disorders, $224,947,000.

NATIONAL INSTITUTE OF ENVIRONMENTAL HEALTH SCIENCES

For carrying out sections 301 and 311, and title IV of the Public Health Service Act with respect to environmental health sciences, $215,666,000.

NATIONAL INSTITUTE ON AGING

For carrying out section 301 and title IV of the Public Health Service Act with respect to aging, $194,746,000.

NATIONAL INSTITUTE OF ARTHRITIS AND MUSCULOSKELETAL AND SKIN DISEASES

For carrying out section 301 and title IV of the Public Health Service Act with respect to arthritis, and musculoskeletal and skin diseases, $147,679,000.

RESEARCH RESOURCES

For carrying out section 301 and title IV of the Public Health Service Act with respect to research resources and general research support grants, $368,153,000, of which $23,935,000 shall remain available until expended to provide for the repair, renovation, modernization, and expansion of existing facilities and purchase of associated equipment, and to make grants and enter into contracts for such purposes: Provided, That none of these funds, with the exception of funds for the Minority Biomedical Research Support program, shall be used to pay recipients of the general research support grants program any amount for indirect expenses in connection with such grants.

NATIONAL CENTER FOR NURSING RESEARCH

For carrying out section 301 and title IV of the Public Health Service Act with respect to nursing research, $23,380,000.

JOHN E. FOGARTY INTERNATIONAL CENTER

For carrying out the activities at the John E. Fogarty International Center, $15,651,000, of which $1,852,000 shall be available for payment to the Gorgas Memorial Institute for maintenance and operation of the Gorgas Memorial Laboratory.

NATIONAL LIBRARY OF MEDICINE

For carrying out section 301 and title IV of the Public Health Service Act with respect to health information communications, $67,910,000.

OFFICE OF THE DIRECTOR

For carrying out the responsibilities of the Office of the Director, National Institutes of Health, $61,819,000, including purchase of not to exceed six passenger motor vehicles for replacement only.

BUILDINGS AND FACILITIES

For construction of, and acquisition of sites and equipment for, facilities of or used by the National Institutes of Health, $47,870,000, to remain available until expended.

ALCOHOL, DRUG ABUSE, AND MENTAL HEALTH ADMINISTRATION

ALCOHOL, DRUG ABUSE, AND MENTAL HEALTH

For carrying out the Public Health Service Act with respect to mental health, drug abuse, alcohol abuse, and alcoholism and the Protection and Advocacy for Mentally Ill Individuals Act of 1986, $1,373,727,000 of which $4,787,000 shall be available, on a pro rata basis, for grants to the States for State comprehensive mental health services plans pursuant to title V of Public Law 99-660 (100 Stat. 3794-3797), and of which $191,000 for renovation of government owned or leased intramural research facilities shall remain available until expended.

FEDERAL SUBSIDY FOR SAINT ELIZABETHS HOSPITAL

(INCLUDING TRANSFER OF FUNDS)

To carry out the Saint Elizabeths Hospital and District of Columbia Mental Health Services Act, $62,793,000, together with any unobligated balances from "Saint Elizabeths Hospital, Construction and Renovation" (except those balances determined by the Secretary of Health and Human Services to be necessary to carry out existing Federal renovation contracts), all of which shall be available in fiscal year 1988 for payments to the District of Columbia as authorized by sections 2, 4, and 9 of the Act; and in addition, $2,609,000 which shall be available through September 30, 1989 for Federal activities authorized by sections 6 and 9 of the Act: Provided, That funds appropriated under this heading may be used for multiyear contracts with the District of Columbia for maintenance of Saint Elizabeths Hospital: Provided further, That any amounts determined by the Secretary of Health and Human Services to be in excess of the amounts requested and estimated to be necessary to carry out sections 6 and 9(f)(2) of the Act shall be returned to the Treasury.

In fiscal year 1988 the maximum amount available to Saint Elizabeths Hospital from Federal sources shall not exceed the total of the following amounts: the appropriations made under this heading, amounts billed to Federal agencies and entities by the District of Columbia for services provided at Saint Elizabeths Hospital, and amounts authorized by titles XVIII and XIX of the Social Security Act. This maximum amount shall not include Federal funds appropriated to the District of Columbia under "Federal Payment to the District of Columbia" and payments made pursuant to section 9(c) of Public Law 98-621. Amounts chargeable to and available from Federal sources for inpatient and outpatient services provided through Saint Elizabeths Hospital as authorized by 24 U.S.C. 191, 196, 211, 212, 222, 253, and 324; 31 U.S.C. 1535; and 42 U.S.C. 249 and 251 shall not exceed the estimated total cost of such services as computed using only the proportionate amount of the direct Federal subsidy appropriated under this heading.

OFFICE OF ASSISTANT SECRETARY FOR HEALTH

PUBLIC HEALTH SERVICE MANAGEMENT

For the expenses necessary for the Office of the Assistant Secretary for Health and for carrying out titles III, XVII, and XX of the Public Health Service Act, $106,737,000, together with not to exceed $1,005,000 to be transferred and expended as authorized by section 201(g) of the Social Security Act from the Federal Hospital Insurance and the Federal Supplementary Medical Insurance

Trust Funds referred to therein and $1,915,000 to be transferred and expended for patient outcome assessment research as authorized by section 9316 of Public Law 99-509, of which $1,245,000 will come from the Federal Hospital Insurance Trust Fund and $670,000 will come from the Federal Supplementary Medical Insurance Trust Fund, and, in addition, amounts received from Freedom of Information Act fees, reimbursable and interagency agreements and the sale of data tapes shall be credited to this appropriation and shall remain available until expended: Provided, That in addition to amounts provided herein, up to $15,318,000 shall be available from amounts available under section 2313 of the Public Health Service Act, to carry out the National Medical Expenditure Survey and $5,827,000 shall be available from amounts available under section 2313 of the Public Health Service Act, to carry out the National Health and Nutrition Examination Survey.

RETIREMENT PAY AND MEDICAL BENEFITS FOR COMMISSIONED OFFICERS

For retirement pay and medical benefits of Public Health Service Commissioned Officers as authorized by law, and for payments under the Retired Serviceman's Family Protection Plan and Survivor Benefit Plan and for medical care of dependents and retired personnel under the Dependents' Medical Care Act (10 U.S.C. ch. 55), such amounts as may be required during the current fiscal year.

HEALTH CARE FINANCING ADMINISTRATION

GRANTS TO STATES FOR MEDICAID

For carrying out, except as otherwise provided, titles XI and XIX of the Social Security Act, $22,946,000,000, to remain available until expended.

For making, after May 31, 1988, payments to States under title XIX of the Social Security Act for the last quarter of fiscal year 1988 for unanticipated costs, incurred for the current fiscal year, such sums as may be necessary.

Payment under title XIX may be made for any quarter beginning after June 30, 1987, and before October 1, 1988, with respect to any State plan or plan amendment in effect during any such quarter, if submitted in, or prior to such quarter and approved in that or any such subsequent quarter.

For making payments to States under title XIX of the Social Security Act for the first quarter of fiscal year 1989, $8,000,000,000, to remain available until expended.

PAYMENTS TO HEALTH CARE TRUST FUNDS

For payment to the Federal Hospital Insurance and the Federal Supplementary Medical Insurance Trust Funds, as provided under sections 217(g) and 1844 of the Social Security Act, sections 103(c) and 111(d) of the Social Security Amendments of 1965, and section 278(d) of Public Law 97-248, $25,893,000,000.

PROGRAM MANAGEMENT

For carrying out, except as otherwise provided, titles XI, XVIII, and XIX of the Social Security Act, $98,211,000, together with not to exceed $1,373,585,000 to be transferred to this appropriation as authorized by section 201(g) of the Social Security Act, from the Federal Hospital Insurance and the Federal Supplementary Medical Insurance Trust Funds referred to therein: Provided, That $105,314,000 of said trust funds shall be expended only to the extent necessary to process workloads not anticipated in the budget estimates, including the cost of administration of catastrophic health insurance if enacted into law, and to meet unanticipated costs of agencies or organizations with which agreements have been made to participate in the administration of title XVIII and after maximum absorption of such costs within the remainder of the existing limitation has been achieved: Provided further, That all funds derived in accordance with 31 U.S.C. 9701, are to be credited to this appropriation.

SOCIAL SECURITY ADMINISTRATION

PAYMENTS TO SOCIAL SECURITY TRUST FUNDS

For payment to the Federal Old-Age and Survivors Insurance and the Federal Disability Insurance Trust Funds, as provided under sections 201(m), 217(g), 228(g), and 1131(b)(2) of the Social Security Act and section 152 of Public Law 98-21, $105,298,000.

SPECIAL BENEFITS FOR DISABLED COAL MINERS

For carrying out title IV of the Federal Mine Safety and Health Act of 1977, including the payment of travel expenses on an actual cost or commuted basis, to an individual, for travel incident to medical examinations, and when travel of more than 75 miles is required, to parties, their representatives, and all reasonably necessary witnesses for travel within the United States, Puerto Rico, and the Virgin Islands, to reconsideration interviews and to proceedings before administrative law judges, $663,452,000, to remain available until expended: Provided, That monthly benefit payments shall be paid consistent with section 215(g) of the Social Security Act.

For making, after July 31, of the current fiscal year benefit payments to individuals under title IV of the Federal Mine Safety and Health Act of 1977, for costs incurred in the current fiscal year, such amounts as may be necessary.

For making benefit payments under title IV of the Federal Mine Safety and Health Act of 1977 for the first quarter of fiscal year 1989, $250,000,000, to remain available until expended.

SUPPLEMENTAL SECURITY INCOME PROGRAM

For carrying out the Supplemental Security Income Program, section 401 of Public Law 92-603, section 212 of Public Law 93-66, as amended, and section 405 of Public Law 95-216, including payment to the social security trust funds for administrative expenses incurred pursuant to section 201(g)(1) of the Social Security Act, $9,535,384,000, to remain available until expended: Provided, That any portion of the funds provided to a State in the current fiscal year and not obligated by the State during that year shall be returned to the Treasury.

For making, after July 31 of the current fiscal year, benefit payments to individuals under title XVI of the Social Security Act, for unanticipated costs incurred for the current fiscal year, such sums as may be necessary.

For carrying out the Supplemental Security Income Program for the first quarter of fiscal year 1989, $3,000,000,000, to remain available until expended.

LIMITATION ON ADMINISTRATIVE EXPENSES

For necessary expenses, not more than $3,524,114,000, may be expended, as authorized by section 201(g)(1) of the Social Security Act, from any one or all of the trust funds referred to therein: Provided, That travel expense payments under section 1631(h) of such Act for travel to hearings may be made only when travel of more than seventy-five miles is required: Provided further, That $47,870,000 of the foregoing amount shall be apportioned for use only to the extent necessary to process workloads not anticipated in the budget estimates, for automation projects and their impact on the work force, and to meet mandatory increases in costs of agencies or organizations with which agreements have been made to participate in the administration of titles XVI and XVIII and section 221 of the Social Security Act, and after maximum absorption of such costs within the remainder of the existing limitation has been achieved: Provided further, That not to exceed $53,040,000 for automatic data processing and telecommunications activities shall remain available until expended: Provided further, That none of the funds appropriated by this Act may be used for the manufacture, printing, or procuring of social security cards, as provided in section 205(c)(2)(D) of the Social Security Act, where paper and other materials used in the manufacture of such cards are produced, manufactured, or assembled outside of the United States.

FAMILY SUPPORT ADMINISTRATION

FAMILY SUPPORT PAYMENTS TO STATES

For making payments to States or other non-Federal entities, except as otherwise provided, under titles I, IV-A and -D, X, XI, XIV, and XVI of the Social Security Act and the Act of July 5, 1960 (24 U.S.C., ch. 9), $8,644,385,000, to remain available until expended.

For making, after May 31 of the current fiscal year, payments to States or other non-Federal entities under titles I, IV-A and -D, X, XIV, and XVI of the Social Security Act, for the last three months of the current year for unanticipated costs, incurred for the current fiscal year, such sums as may be necessary.

For making payments to States or other non-Federal entities under titles I, IV-A and -D, X, XI, XIV, and XVI of the Social Security Act, and the Act of July 5, 1960 (24 U.S.C., ch. 9) for the first quarter of fiscal year 1989, $2,500,000,000, to remain available until expended.

LOW INCOME HOME ENERGY ASSISTANCE

For making payments under title XXVI of the Omnibus Budget Reconciliation Act of 1981, $1,531,840,000.

REFUGEE AND ENTRANT ASSISTANCE

For making payments for refugee and entrant assistance activities authorized by title IV of the Immigration and Nationality Act and section 501 of the Refugee Education Assistance Act of 1980 (Public Law 96-422), $346,933,000.

WORK INCENTIVES

For carrying out a work incentive program, as authorized by part C of title IV of the Social Security Act, including registration of individuals for such programs, and for related child care and other supportive services, as authorized by section 402(a)(19)(G) of the Act, including transfer to the Secretary of Labor, as authorized by section 431 of the Act, $92,551,000 which shall be the maximum amount available for transfer to the Secretary of Labor and to which the States may become entitled pursuant to section 403(d) of such Act, for these purposes.

COMMUNITY SERVICES BLOCK GRANT

For making payments under the Community Services Block Grant Act, section 408 of Public Law 99-425 and the Stewart B. McKinney Homeless Assistance Act, $382,290,000 of which $18,909,000 shall be for carrying out section 681(a)(2)(A), $3,925,000 shall be for carrying out section 681(a)(2)(D), $2,968,000 shall be for carrying out section 681(a)(2)(E), $6,319,000 shall be for carrying out section 681(a)(2)(F), $239,000 shall be for carrying out section 681(a)(3), $2,872,000 shall be for carrying out section 408 of Public Law 99-425 and $2,394,000 shall be for carrying out section 681A with respect to the community food and nutrition program.

PROGRAM ADMINISTRATION

For necessary administrative expenses to carry out titles I, IV, X, XI, XIV, and XVI of the Social Security Act, the Act of July 5, 1960 (24 U.S.C., ch. 9), title XXVI of the Omnibus Budget Reconciliation Act of 1981, the Community Services Block Grant Act, the Stewart B. McKinney Homeless Assistance Act, title IV of the Immigration and Nationality Act and section 501 of the Refugee Education Assistance Act of 1980, $79,464,000.

ASSISTANT SECRETARY FOR HUMAN DEVELOPMENT SERVICES

SOCIAL SERVICES BLOCK GRANT

For carrying out the Social Services Block Grant Act, $2,700,000,000.

HUMAN DEVELOPMENT SERVICES

For carrying out, except as otherwise provided, the Runaway and Homeless Youth Act, the Older Americans Act of 1965, the Developmental Disabilities Assistance and Bill of Rights Act, the Child Abuse Prevention and Treatment Act, section 404 of Public Law 98-473, the Family Violence Prevention and Services Act (title III of Public Law 98-457), the Native Americans Programs Act, title II of Public Law 95-266 (adoption opportunities), title II of the Children's Justice and Assistance Act of 1986, chapter 8-D of title VI of the Omnibus Budget Reconciliation Act of 1981 (pertaining to grants to States for planning and development of dependent care programs), the Head Start Act, the Child Development Associate Scholarship Assistance Act of 1985, and part B of title IV and section 1110 of the Social Security Act, $2,455,532,000.

FAMILY SOCIAL SERVICES

For carrying out part E of title IV of the Social Security Act, $811,178,000.

DEPARTMENTAL MANAGEMENT

GENERAL DEPARTMENTAL MANAGEMENT

For necessary expenses, not otherwise provided, for general departmental management, including hire of six medium sedans, $67,840,000, together with not to exceed $6,702,000 to be transferred and expended as authorized by section 201(g)(1) of the Social Security Act from any one or all of the trust funds referred to therein, of which $4,308,000 shall be for construction and fixed equipment for the Mary Babb Randolph Center in West Virginia.

OFFICE OF THE INSPECTOR GENERAL

For expenses necessary for the Office of the Inspector General, $35,769,000, together with not to exceed $38,296,000 to be transferred and expended as authorized by section 201(g)(1) of the Social Security Act from any one or all of the trust funds referred to therein.

OFFICE FOR CIVIL RIGHTS

For expenses necessary for the Office for Civil Rights, $16,343,000, together with not to exceed $3,830,000 to be transferred and expended as authorized by section 201(g)(1) of the Social Security Act from any one or all of the trust funds referred to therein.

POLICY RESEARCH

For carrying out, to the extent not otherwise provided, research studies under section 1110 of the Social Security Act, $4,873,000.

GENERAL PROVISIONS

SEC. 201. None of the funds appropriated by this title for grants-in-aid of State agencies to cover, in whole or in part, the cost of operation of said agencies, including the salaries and expenses of officers and employees of said agencies, shall be withheld from the said agencies of any State which have established by legislative enactment and have in operation a merit system and classification and compensation plan covering the selection, tenure in office, and compensation of their employees, because of any disapproval of their personnel or the manner of their selection by the agencies of the said States, or the rates of pay of said officers or employees.

SEC. 202. None of the funds made available by this Act for the National Institutes of Health may be used to provide forward funding or multiyear funding of research project grants except in those cases where the Director of the National Institutes of Health has determined that such funding is specifically required because of the scientific requirements of a particular research project grant.

SEC. 203. Appropriations in this Act for the Health Resources and Services Administration, the National Institutes of Health, the Centers for Disease Control, the Alcohol, Drug Abuse, and Mental Health Administration, the Office of the Assistant Secretary for Health, the Health Care Financing Administration, and Departmental Management shall be available for expenses for active commissioned officers in the Public Health Service Reserve Corps and for not to exceed two thousand four hundred commissioned officers in the Regular Corps; expenses incident to the dissemination of health information in foreign countries through exhibits and other appropriate means; advances of funds for compensation, travel, and subsistence expenses (or per diem in lieu thereof) for persons coming from abroad to participate in health or scientific activities of the Department pursuant to law; expenses of primary and secondary schooling of dependents in foreign countries, of Public Health Service commissioned officers stationed in foreign countries, at costs for any given area not in excess of those of the Department of Defense for the same area, when it is determined by the Secretary that the schools available in the locality are unable to provide adequately for the education of such dependents, and for the transportation of such dependents, between such schools and their places of residence when the schools are not accessible to such dependents by regular means of transportation; expenses for medical care for civilian and commissioned employees of the Public Health Service and their dependents, assigned abroad on a permanent basis in accordance with such regulations as the Secretary may provide; rental or lease of living quarters (for periods not exceeding five years), and provision of heat, fuel, and light and maintenance, improvement, and repair of such quarters, and advance payments therefor, for civilian officers, and employees of the Public Health Service who are United States citizens and who have a permanent station in a foreign country; purchase, erection, and maintenance of temporary or portable structures; and for the payment of compensation to consultants or individual scientists appointed for limited periods of time pursuant to section 207(f) or section 207(g) of the Public Health Service Act, at rates established by the Assistant Secretary for Health, or the Secretary where such action is required by statute, not to exceed the per diem rate equivalent to the rate for GS-18; not to exceed $9,500 for official reception and representation expenses related to any health agency of the Department when specifically approved by the Assistant Secretary for Health.

SEC. 204. None of the funds contained in this Act shall be used to perform abortions except where the life of the mother would be endangered if the fetus were carried to term.

SEC. 205. Funds advanced to the National Institutes of Health Management Fund from appropriations in this Act shall be available for the expenses of sharing medical care facilities and resources pursuant to section 327A of the Public Health Service Act.

SEC. 206. Funds appropriated in this title for the Social Security Administration shall be available for not to exceed $10,000 for official reception and representation expenses when specifically approved by the Commissioner of Social Security.

SEC. 207. Funds appropriated in this title for the Health Care Financing Administration shall be available for not to exceed $2,000 for official reception and representation expenses when specifically approved by the Administrator of the Health Care Financing Administration.

SEC. 208. No funds appropriated for the fiscal year ending September 30, 1988, by this or any other Act, may be used to pay basic pay, special pays, basic allowances for subsistence and basic allowances for quarters of the commissioned corps of the Public Health Service described in section 204 of title 42, United States Code, at a level that exceeds 110 percent of the Executive Level I annual rate of basic pay: Provided, That amounts received from employees of the Department in payment for room and board may be credited to the appropriation accounts "Health Resources and Services", National Institutes of Health "Office of the Director", "Disease Control, Research, and Training", and "Federal Subsidy for Saint Elizabeths Hospital": Provided further, That none of the funds made available by this Act shall be used to provide special retention pay (bonuses) under paragraph (4) of 37 U.S.C. 302(a) to any regular or reserve medical officer of the Public Health Service for any period during which the officer is assigned to the clinical, research, or staff associate program administered by the National Institutes of Health.

SEC. 209. None of the funds appropriated in this title shall be used to transfer the general administration of programs authorized under the Native American Programs Act from the Department of Health and Human Services to the Department of the Interior.

SEC. 210. Funds provided in this Act may be used for one-year contracts which are to be performed in two fiscal years, so long as the total amount for such contracts is obligated in the year for which the funds are appropriated.

SEC. 211. The Secretary shall make available through assignment not more than 50 employees of the Public Health Service, who shall be exempt from all FTE limitations in the Department, to assist in child survival activities through and with funds provided by the Agency for International Development, the United Nations International Children's Emergency Fund or the World Health Organization. In addition, commissioned officers assigned under this section shall be exempt from all limitations on the number and grade of officers in the Public Health Service Commissioned Corps.

SEC. 212. Funds appropriated by this Act may be used to pay physicians' comparability allowances, as authorized under 5 U.S.C. 5948.

SEC. 213. For the purpose of insuring proper management of federally supported computer systems and data bases, funds appropriated by this Act are available for the purchase of dedicated telephone service between the private residences of employees assigned to computer centers funded under this Act, and the computer centers to which such employees are assigned.

SEC. 214. The Secretary of Health and Human Services shall:

(1) Issue a report to Congress within 90 days of the close of fiscal year 1988, of violations occurring during such year, of Department of Health and Human Services travel policy; and

(2) Require that personnel found by the report to be in violation of Department travel policy, shall reimburse the Department for funds spent in violation of Department policy.

SEC. 215. Section 465(b) of 42 U.S.C. 286 is amended by inserting between (5) and (6) an additional charge to the Secretary to "publicize the availability of the above products and services of the National Library of Medicine".

SEC. 216. Funds available in this title for activities related to acquired immune deficiency syndrome (AIDS) may be transferred between appropriation accounts upon the approval by the House and Senate Committees on Appropriations of a transfer request submitted by the Secretary of Health and Human Services.

This title may be cited as the "Department of Health and Human Services Appropriations Act, 1988".

TITLE III—DEPARTMENT OF EDUCATION

COMPENSATORY EDUCATION FOR THE DISADVANTAGED

For carrying out chapter 1 of the Education Consolidation and Improvement Act of 1981, as amended, $4,327,927,000, of which $7,181,000 shall be used for purposes of section 555(d) of said Act to provide technical assistance and evaluate programs, and the remaining $4,320,746,000 shall become available on July 1, 1988, and remain available until September 30, 1989: Provided, That of these remaining funds, no funds shall be used for purposes of section 554(a)(1)(B), $269,029,000 shall be available for purposes of section 554(a)(2)(A), $151,269,000 shall be available for purposes of section 554(a)(2)(B), $32,552,000 shall be available for purposes of section 554(a)(2)(C) and $38,296,000 shall be available for purposes of section 554(b)(1)(D).

For carrying out section 418A of the Higher Education Act, $8,616,000.

IMPACT AID

For carrying out title I of the Act of September 30, 1950, as amended (20 U.S.C. ch. 13), $685,498,000, of which $15,318,000 shall be for entitlements under section 2 of said Act and $670,180,000 shall be for entitlements under section 3 of said Act of which $536,144,000 shall be for entitlements under section 3(a) of said Act: Provided, That payment with respect to entitlements under section 3(b) of said Act to any local educational agency in which 20 per centum or more of the total average daily attendance is made up of children determined eligible under section 3(b) shall be at 60 per centum of entitlement and payment with respect to entitlements under section 3(b) of said Act to any local educational agency in which less than 20 per centum of the total average daily attendance is made up of children determined eligible under section 3(b) shall be ratably reduced from 100 per centum of entitlement: Provided further, That payments with respect to entitlements under section 3(a) to any local educational agency described in section 3(d)(1)(A) of said Act shall be at 100 per centum of entitlement, except that payments on behalf of children who reside on property which is described in section 403(1)(C) shall be at 15 per centum of entitlement, so long as the fiscal year 1988 per pupil payment does not exceed 105 per centum of the fiscal year 1987 per pupil payment: Provided further, That payment with respect to entitlements under section 3(a) to any local educational agency whose children determined eligible under section 3(a) amount to at least 15 per centum but less than 20 per centum of such agency's total average daily attendance shall be at 75 per centum of entitlement, except that payments on behalf of children who reside on property which is described in section 403(1)(C) shall be at 11.25 per centum of entitlement and the fiscal year 1988 local contribution rate for such agency shall not exceed 105 per centum of such agency's fiscal year 1987 local contribution rate: Provided further, That payment with respect to entitlements under section 3(a) to any local educational agency whose children determined eligible under section 3(a) amount to less than 15 per centum of such agency's total average daily attendance shall be ratably reduced from 100 per centum of entitlement, except that payments on behalf of children who reside on property which is described in section 403(1)(C) of said Act shall be ratably reduced from 15 per centum of entitlement: Provided further, That the provisions of section 5(c) of said Act shall not apply to funds provided herein: Provided further, That payments with respect to entitlements under section 3(a) for any local educational agency that is described in section 3(d)(1)(A) and is coterminous with a military installation are not subject to limitations on increases in per pupil payments unless such agency's State aid payment is reduced as a result of its section 3 payment: Provided further, That the Secretary shall consider as timely filed requests for assistance filed after the applicable deadline and related to applications for assistance submitted under section 7 of said Act or section 16 of the Act of September 23, 1950, stemming from FEMA Disaster Number 753DR as declared on November 7, 1985: Provided further, That any payment made to a local educational agency for fiscal years prior to 1986 that is attributable to an incorrect determination under section 2(a)(1)(C) of such Act shall be deemed to have been made in accordance with such section, and any payment made to a local educational agency under section 3, for fiscal years prior to 1987, on behalf of children claimed by such agency for any such fiscal year who resided on or whose parents were employed on property that was housing assisted under section 8 of the United States Housing Act of 1937, as amended, shall stand, and such payments withheld or recovered shall be made or restored.

For carrying out the Act of September 23, 1950, as amended (20 U.S.C. ch. 19), $22,978,000 which shall remain available until expended, shall be for providing school facilities as authorized by said Act, of which $8,617,000 shall be for awards under section 10 of said Act, $10,053,000 shall be for awards under sections 14(a) and 14(b) of said Act, and $4,308,000 shall be for awards under sections 5, 9 and 14(c) of said Act: Provided further, That funds appropriated under the heading "School Assistance in Federally Affected Areas" in Public Law 98-8 that are available for obligation shall be available until expended for the purposes of sections 14(a) and 14(b).

SPECIAL PROGRAMS

For carrying out the consolidated programs and projects authorized under chapter 2 of the Education Consolidation and Improvement Act of 1981, as amended, $508,439,000, of which $29,739,000 shall be for programs and projects authorized under subchapter D of said Act, including $10,244,000 for programs and projects authorized under subsection 583(a)(1) of said Act; $4,308,000 shall be used for awards, which, except for educational television programming, are not to exceed a cumulative amount of $957,000 to any recipient for national impact demonstration or research projects; $7,659,000 for activities authorized under subsection 583(b)(1) of said Act; $3,315,000 for programs authorized under subsection 583(b)(2) of said Act; and $3,830,000 for activities authorized under subsection 583(b)(4) of said Act; and $383,000 for national school volunteer programs: Provided, That $478,700,000 to carry out the State block grant program authorized under chapter 2 of said Act shall become available for obligation on July 1, 1988, and shall remain available until September 30, 1989.

For grants to State educational agencies and desegregation assistance centers authorized under section 403 of the Civil Rights Act of 1964, $23,456,000.

For carrying out activities authorized under title IX, part C of the Elementary and Secondary Education Act, $3,351,000.

For carrying out activities authorized under section 1524 of the Education Amendments of 1978, $4,787,000.

For carrying out activities authorized under section 1525 of the Education Amendments of 1978, $1,915,000.

For carrying out activities authorized under Public Law 92-506, as amended, $2,394,000: Provided, That said sum shall become available on July 1, 1988, and shall remain available until September 30, 1989.

For carrying out activities authorized under the Drug-Free Schools and Communities Act of 1986, $229,776,000, of which $191,480,000 for grants to States and outlying areas shall be available beginning July 1, 1988, and shall remain available until September 30, 1989: Provided, That State educational agencies allot fiscal year 1988 funds to local and intermediate educational agencies and consortia under section 4124(a) of the Act on the basis of their relative enrollments in public and private nonprofit schools.

For carrying out the provisions of title VII of the Education for Economic Security Act, relating to magnet schools assistance, $71,805,000: Provided, That not more than $4,000,000 in the fiscal year may be paid to any single eligible local educational agency.

For carrying out the provisions of title II of the Education for Economic Security Act, $119,675,000 of which $108,904,000, for grants to States and outlying areas under section 204 shall become available on July 1, 1988, and shall remain available until September 30, 1989.

For carrying out the provisions of subpart 2 of part C of title V of the Higher Education Act, $8,222,000, to become available

July 1, 1988, and to remain available until September 30, 1989.

For carrying out the provisions of subpart 2 of part D of title V of the Higher Education Act, $1,915,000.

For carrying out the provisions of subtitle B of title VII of the Stewart B. McKinney Homeless Assistance Act, $4,787,000 to become available July 1, 1988, and remain available through September 30, 1989.

For carrying out activities authorized under the Follow Through Act, $7,133,000.

For carrying out activities authorized under section 137(c) of this joint resolution relating to dropout prevention, $23,935,000.

For carrying out activities authorized under section 137(b) of this joint resolution relating to workplace literacy, $9,574,000.

For carrying out activities authorized under section 137(a) of this joint resolution relating to Star Schools, $19,148,000: Provided, That grants under the Star Schools program shall be awarded through a competitive grant process.

BILINGUAL EDUCATION

For carrying out, to the extent not otherwise provided, title VII of the Elementary and Secondary Education Act, Refugee and entrant assistance activities authorized by title IV of the Immigration and Nationality Act, part B of title III of the Refugee Act of 1980, and title VI of the Education Amendments of 1984, $190,504,000, of which $101,198,000 shall be for part A, $9,928,000 shall be for part B, and $35,447,000 shall be for part C of title VII of the Elementary and Secondary Education Act and $28,722,000 shall be for the Emergency Immigrant Education Program authorized by title VI of the Education Amendments of 1984. Of the funds provided under this head in fiscal year 1987 in section 101(i) of Public Laws 99-500 and 99-591, for carrying out title VII of the Elementary and Secondary Education Act, which are unobligated, $1,247,000 are reappropriated to carry out title VI of the Education Amendments of 1984 to be used to fund the amended application from the State of Texas for the Emergency Immigrant Education Program: Provided, That the reappropriated funds shall be available until September 30, 1988.

EDUCATION FOR THE HANDICAPPED

For carrying out the Education of the Handicapped Act, $1,869,019,000, of which $1,431,737,000 for section 611, $201,054,000 for section 619, and $67,018,000 for section 685 shall become available for obligation on July 1, 1988, and shall remain available until September 30, 1989: Provided, That notwithstanding section 621(e) of the Education of the Handicapped Act, up to $479,000 may be used for section 621(d) of that Act: Provided further, That the amount appropriated for section 685 of the Education of the Handicapped Act in Public Laws 99-500 and 99-591, section 101(i), for fiscal year 1987 shall remain available for obligation by the States until September 30, 1989.

REHABILITATION SERVICES AND HANDICAPPED RESEARCH

For carrying out, to the extent not otherwise provided, the Rehabilitation Act of 1973 and the Helen Keller National Center Act, as amended, $1,590,400,000, of which $1,379,500,000 shall be for allotments under sections 100(b)(1) and 110(b)(3) of the Rehabilitation Act, $16,590,000 shall be for special demonstration programs under sections 311 (a), (b), and (c), and $4,800,000 shall be for the Helen Keller National Center: Provided, That $500,000 shall be available on a competitive basis for research and training for hearing loss assessments for native Hawaiian children under section 204 of such Act until September 30, 1989: Provided further, That the amount appropriated for title VI, part C of the Rehabilitation Act in Public Laws 99-500 and 99-591, section 101(i), for fiscal year 1987 shall remain available for obligation by the States until September 30, 1989.

VOCATIONAL AND ADULT EDUCATION

For carrying out, to the extent not otherwise provided, the Carl D. Perkins Vocational Education Act, and the Adult Education Act and the Stewart B. McKinney Homeless Assistance Act, $1,005,557,000 which shall become available for obligation on July 1, 1988, and shall remain available until September 30, 1989: Provided, That $25,658,000 shall be available for title IV of the Carl D. Perkins Vocational Education Act, of which $7,276,000 shall be for part A, including $5,744,000 for section 404, $14,792,000 shall be for part B, including $14,361,000 for section 411 and $3,590,000 shall be for part C of said title: Provided further, That $7,851,000 shall be available for State councils under section 112 of the Carl D. Perkins Vocational Education Act: Provided further, That $6,845,000 shall be made available to carry out title III-A and $32,791,000 shall be made available for title III-B of said Vocational Education Act: Provided further, That $3,734,000 shall be available for part E of title IV of the Carl D. Perkins Vocational Education Act: Provided further, That section 202 of the Carl D. Perkins Vocational Education Act is amended—

(1) by inserting (a) after the section designation, and

(2) by adding at the end thereof the following new subsection:

"(b) Funds provided for fiscal year 1988 and described in clause (4) of subsection (a) shall also be available for single pregnant women.".

STUDENT FINANCIAL ASSISTANCE

For carrying out subparts 1, 2, and 3 of part A and parts C and E of title IV of the Higher Education Act, as amended, $5,544,792,000, which shall remain available until September 30, 1989: Provided, That the maximum Pell grant that a student may receive in the 1988-89 award year shall be $2,200.

GUARANTEED STUDENT LOANS

For necessary expenses under title IV, part B of the Higher Education Act, $2,565,000,000, to remain available until expended.

HIGHER EDUCATION

For carrying out title III of the Higher Education Act of 1965, as amended, $152,370,000, of which up to $19,148,000 for section 332 of part C of title III of said Act shall remain available until expended: Provided, That $73,161,500 of funds appropriated for title III of said Act shall be available only to historically black colleges and universities.

For carrying out subparts 4 and 6 of part A of title IV; part B and subpart 1 of part D of title V; titles VI and VIII, parts A, B, C, D, E, and F of title IX, notwithstanding section 971(g); parts B and part D of title VII; subpart 1 of part B and parts A and C of title X; and sections 420A and 1204(c) of the Higher Education Act of 1965, as amended; title XIII, part H, subpart 1 of the Education Amendments of 1980, as amended; and section 102(b)(6) of the Mutual Educational and Cultural Exchange Act of 1961; $367,884,000, of which $28,244,000 for parts B and D of title VII shall remain available until expended: Provided, That $7,659,000 provided herein for carrying out subpart 6 of part A of title IV shall be available notwithstanding sections 419G(b) and 419I(a) of the Higher Education Act of 1965 (20 U.S.C. 1070d-37(b) and 1070d-39(a)): Provided further, That $239,000 of the amount provided for part B of title IX shall be competitively awarded to a consortium of historically black colleges and doctoral degree-granting institutions to provide supplemental need-based financial aid to students and faculty from historically black colleges who are pursuing doctoral studies.

For carrying out sections 772, 773, 775, and 776 of part G of title VII of the Higher Education Act, sections 1-5 of Public Law 99-608, and title III, section 303 of Public Law 98-480, $14,217,000 to remain available until expended.

Of any funds appropriated in fiscal year 1988 for a grant to an appropriate consortium of institutions of higher education for carrying out part B of title VII of the Higher Education Act, the limitations contained in sections 702(a) and 721(a)(2) shall not apply.

HIGHER EDUCATION FACILITIES LOANS AND INSURANCE

The Secretary is hereby authorized to make such expenditures, within the limits of funds available under this heading and in accord with law, and to make such contracts and commitments without regard to fiscal year limitation, as provided by section 104 of the Government Corporation Control Act (31 U.S.C. 9104), as may be necessary in carrying out the program set forth in the budget for the current fiscal year. For the fiscal year 1988, no new commitments for loans may be made from the fund established pursuant to title VII, section 733 of the Higher Education Act, as amended (20 U.S.C. 1132d-2).

COLLEGE CONSTRUCTION LOAN INSURANCE

For carrying out part E of title VII of the Higher Education Act of 1965, as amended, $19,148,000 to be available until expended.

COLLEGE HOUSING AND ACADEMIC FACILITIES LOANS

Pursuant to title VII, part F of the Higher Education Act, as amended, for necessary expenses of the college housing and academic facilities loans program, the Secretary shall make expenditures, contracts, and commitments without regard to fiscal year limitation using loan repayments and other resources available to this account: Provided, That during fiscal year 1988, gross commitments for the principal amount of direct loans shall be $62,231,000. Any unobligated balances remaining from fixed fees previously paid into this account pursuant to 12 U.S.C. 1749d, relating to payment of costs for inspections and site visits, shall be available for the operating expenses of this account.

Whenever the Secretary, pursuant to sections 762(c) or 783 of the Act, sells, exchanges, or otherwise transfers on a discounted basis obligations or securities held by the Secretary under title VII, part F of the Act, the outstanding balance remaining on the notes of the Secretary issued to the Secretary of the Treasury under section 761(d) of the Act shall be reduced by the amount of the discount. For such transactions occurring prior to the fiscal year 1988, such reduction is effective on September 30, 1987. For such transactions occurring in fiscal year 1988 or thereafter, such reduction is to be effective on the last day of the fiscal *year in which the discounted transaction occurs.*

EDUCATION RESEARCH AND STATISTICS

For necessary expenses to carry out sections 405 and 406 of the General Education Provisions Act, as amended, $67,526,000, of which $13,390,000 shall be used for the Center for Education Statistics, as authorized under section 406 of the General Education Provisions Act, and $7,563,000 shall be for the National Assessment of Educational Progress, as authorized under section 405(e)(1) of the General Education Provisions Act: Provided, That $3,830,000 of the sums appropriated shall be used to continue a rural education program by the nine regional laboratories.

LIBRARIES

For carrying out, to the extent not otherwise provided, titles I, II, III, IV, and VI of the Library Services and Construction Act (20 U.S.C., ch. 16), and title II, parts B, C, and D of the Higher Education Act, notwithstanding the provisions of section 221, $135,089,000: Provided, That $22,595,000 of the sums appropriated shall be used to carry out the provisions of title II of the Library Services and Construction Act and shall remain available until expended.

SPECIAL INSTITUTIONS

AMERICAN PRINTING HOUSE FOR THE BLIND

For carrying out the Act of March 3, 1879, as amended (20 U.S.C. 101-106), including provision of materials to adults undergoing rehabilitation on the same basis as provided in 1985, $5,266,000.

NATIONAL TECHNICAL INSTITUTE FOR THE DEAF

For the National Technical Institute for the Deaf under titles II and IV of the Education of the Deaf Act of 1986 (20 U.S.C. 4301 et seq.), $31,594,000, of which $191,000 shall be for the endowment program as authorized under section 408 and shall be available until expended: Provided, That none of the funds provided herein may be used to subsidize the tuition of foreign students.

GALLAUDET UNIVERSITY

For the Kendall Demonstration Elementary School, the Model Secondary School for the Deaf and the partial support of Gallaudet University under titles I and IV of the Education of the Deaf Act of 1986 (20 U.S.C. 4301 et seq.), including continuing education activities, existing extension centers and the National Center for Law and the Deaf, $62,195,000, of which $957,000 shall be for the endowment program as authorized under section 407 and shall be available until expended.

HOWARD UNIVERSITY

For partial support of Howard University (20 U.S.C. 121 et seq.), $172,203,000.

DEPARTMENTAL MANAGEMENT

SALARIES AND EXPENSES

For carrying out, to the extent not otherwise provided, the Department of Education Organization Act, including rental of conference rooms in the District of Columbia and hire of three passenger motor vehicles, $241,028,000.

OFFICE FOR CIVIL RIGHTS

For expenses necessary for the Office for Civil Rights, as authorized by section 203 of the Department of Education Organization Act, $40,530,000.

OFFICE OF THE INSPECTOR GENERAL

For expenses necessary for the Office of the Inspector General, as authorized by section 212 of the Department of Education Organization Act, $17,560,000.

GENERAL PROVISIONS

SEC. 301. None of the funds appropriated by this title for grants-in-aid of State agencies to cover, in whole or in part, the cost of operation of said agencies, including the salaries and expenses of officers and employees of said agencies, shall be withheld from the said agencies of any State which have established by legislative enactment and have in operation a merit system and classification and compensation plan covering the selection, tenure in office, and compensation of their employees, because of any disapproval of their personnel or the manner of their selection by the agencies of the said States, or the rates of pay of said officers or employees.

SEC. 302. Funds appropriated in this Act to the American Printing House for the Blind, Howard University, the National Technical Institute for the Deaf, and Gallaudet University shall be subject to audit by the Secretary of Education.

SEC. 303. No part of the funds contained in this title may be used to force any school or school district which is desegregated as that term is defined in title IV of the Civil Rights Act of 1964, Public Law 88-352, to take any action to force the busing of students; to force on account of race, creed or color the abolishment of any school so desegregated; or to force the transfer or assignment of any student attending any elementary or secondary school so desegregated to or from a particular school over the protest of his or her parents or parent.

SEC. 304. (a) No part of the funds contained in this title shall be used to force any school or school district which is desegregated as that term is defined in title IV of the Civil Rights Act of 1964, Public Law 88-352, to take any action to force the busing of students; to require the abolishment of any school so desegregated; or to force on account of race, creed or color the transfer of students to or from a particular school so desegregated as a condition precedent to obtaining Federal funds otherwise available to any State, school district or school.

(b) No funds appropriated in this Act may be used for the transportation of students or teachers (or for the purchase of equipment for such transportation) in order to overcome racial imbalance in any school or school system, or for the transportation of students or teachers (or for the purchase of equipment for such transportation) in order to carry out a plan of racial desegregation of any school or school system.

SEC. 305. None of the funds contained in this Act shall be used to require, directly or indirectly, the transportation of any student to a school other than the school which is nearest the student's home, except for a student requiring special education, to the school offering such special education, in order to comply with title VI of the Civil Rights Act of 1964. For the purpose of this section an indirect requirement of transportation of students includes the transportation of students to carry out a plan involving the reorganization of the grade structure of schools, the pairing of schools, or the clustering of schools, or any combination of grade restructuring, pairing or clustering. The prohibition described in this section does not include the establishment of magnet schools.

SEC. 306. No funds appropriated under this Act may be used to prevent the implementation of programs of voluntary prayer and meditation in the public schools.

This title may be cited as the "Department of Education Appropriations Act, 1988".

TITLE IV—RELATED AGENCIES

ACTION

OPERATING EXPENSES

For expenses necessary for Action to carry out the provisions of the Domestic Volunteer Service Act of 1973, as amended, $163,085,000.

CORPORATION FOR PUBLIC BROADCASTING

PUBLIC BROADCASTING FUND

For payment to the Corporation for Public Broadcasting, as authorized by the Communications Act of 1934, an amount which shall be available within limitations specified by that Act, for the fiscal year 1990, $232,648,000: Provided, That no funds made available to the Corporation for Public Broadcasting by this Act shall be used to pay for receptions, parties, or similar forms of entertainment for government officials or employees: Provided further, That none of the funds contained in this paragraph shall be available or used to aid or support any program or activity from which any person is excluded, or is denied benefits, or is discriminated against, on the basis of race, color, national origin, religion, or sex.

FEDERAL MEDIATION AND CONCILIATION SERVICE

SALARIES AND EXPENSES

For expenses necessary for the Federal Mediation and Conciliation Service to carry out the functions vested in it by the Labor-Management Relations Act, 1947 (29 U.S.C. 171-180, 182), including expenses of the Labor-Management Panel and boards of inquiry appointed by the President, hire of passenger motor vehicles, and rental of conference rooms in the District of Columbia; and for expenses necessary pursuant to Public Law 93-360 for mandatory mediation in health care industry negotiation disputes and for convening factfinding boards of inquiry appointed by the Director in the health care industry; and for expenses necessary for the Labor-Management Cooperation Act of 1978 (29 U.S.C. 125a); and for expenses necessary for the Service to carry out the functions vested in it by the Civil Service Reform Act, Public Law 95-454 (5 U.S.C. chapter 71), $24,510,000.

FEDERAL MINE SAFETY AND HEALTH REVIEW COMMISSION

SALARIES AND EXPENSES

For expenses necessary for the Federal Mine Safety and Health Review Commission (30 U.S.C. 801 et seq.), $3,906,000.

NATIONAL COMMISSION ON LIBRARIES AND INFORMATION SCIENCE

SALARIES AND EXPENSES

For necessary expenses for the National Commission on Libraries and Information Science, established by the Act of July 20, 1970 (Public Law 91-345), $718,000.

NATIONAL COMMISSION TO PREVENT INFANT MORTALITY

OPERATING EXPENSES

Funds appropriated for operating expenses of the National Commission to Prevent Infant Mortality in the Supplemental Appropriations Act, 1987 (Public Law 100-71) shall remain available until expended.

NATIONAL COUNCIL ON THE HANDICAPPED

SALARIES AND EXPENSES

For expenses necessary for the National Council on the Handicapped as authorized by section 405 of the Rehabilitation Act of 1973, as amended, $892,000.

NATIONAL LABOR RELATIONS BOARD

SALARIES AND EXPENSES

For expenses necessary for the National Labor Relations Board to carry out the functions vested in it by the Labor-Management Relations Act, 1947, as amended (29 U.S.C. 141-167), and other laws, $133,097,000: Provided, That no part of this appropriation shall be available to organize or assist in organizing agricultural laborers or used in connection with investigations, hearings, directives, or orders concerning bargaining units composed of agricultural laborers as referred to in section 2(3) of the Act of July 5, 1935 (29 U.S.C. 152), and as amended by the Labor-Management Relations Act, 1947, as amended, and as defined in section 3(f) of the Act of June 25, 1938 (29 U.S.C. 203), and including in said definition employees engaged in the maintenance and operation of ditches, canals, reservoirs, and waterways when maintained or operated on a mutual, nonprofit basis and at least 95 per centum of the water stored or supplied thereby is used for farming purposes.

NATIONAL MEDIATION BOARD

SALARIES AND EXPENSES

For expenses necessary to carry out the provisions of the Railway Labor Act, as amended (45 U.S.C. 151-188), including emergency boards appointed by the President, $7,004,000.

OCCUPATIONAL SAFETY AND HEALTH REVIEW COMMISSION

SALARIES AND EXPENSES

For the expenses necessary for the Occupational Safety and Health Review Commission (29 U.S.C. 661), $5,885,000.

PHYSICIAN PAYMENT REVIEW COMMISSION

SALARIES AND EXPENSES

For expenses necessary to carry out section 1845(a) of the Social Security Act, $2,997,000, to be transferred to this appropriation from the Federal Supplementary Medical Insurance Trust Fund.

PROSPECTIVE PAYMENT ASSESSMENT COMMISSION

SALARIES AND EXPENSES

For expenses necessary to carry out section 601 of Public Law 98-21, $3,592,000, to be transferred to this appropriation from the Federal Hospital Insurance and the Federal Supplementary Medical Insurance Trust Funds.

RAILROAD RETIREMENT BOARD

DUAL BENEFITS PAYMENTS ACCOUNT

For payment to the Dual Benefits Payments Account, authorized under section 15(d) of the Railroad Retirement Act of 1974, $352,323,000, all of which shall be credited to the account in 12 approximately equal amounts on the first day of each month in the fiscal year.

FEDERAL PAYMENTS TO THE RAILROAD RETIREMENT ACCOUNTS

For payment to the accounts established in the Treasury for the payment of benefits under the Railroad Retirement Act for unnegotiated checks, $3,100,000, to remain available through September 30, 1989, which shall be the maximum amount available for payments pursuant to section 417 of Public Law 98-76.

LIMITATION ON ADMINISTRATION

For necessary expenses for the Railroad Retirement Board, $57,860,000, to be derived from the railroad retirement accounts: Provided, That such portion of the foregoing amount as may be necessary shall be available for the payment of personnel compensation and benefits for not less than 1,254 full-time equivalent employees: Provided further, That $479,000 of the foregoing amount shall be available only to the extent necessary to process workloads not anticipated in the budget estimates and after maximum absorption of the costs of such workloads within the remainder of the existing limitation has been achieved: Provided further, That notwithstanding any other provision of law, no portion of this limitation shall be available for payments of standard level user charges pursuant to section 210(j) of the Federal Property and Administrative Services Act of 1949, as amended (40 U.S.C. 490(j); 45 U.S.C. 228a-r): Provided further, That not to exceed $2,500,000 of funds provided under this head in Public Law 99-591 shall remain available until September 30, 1988, only for retirement claims processing automation activities.

LIMITATION ON RAILROAD UNEMPLOYMENT INSURANCE ADMINISTRATION FUND

For further expenses necessary for the Railroad Retirement Board, for administration of the Railroad Unemployment Insurance Act, not less than $13,830,000 shall be apportioned for fiscal year 1988 from moneys credited to the railroad unemployment insurance administration fund: Provided, That such portion of the foregoing amount as may be necessary shall be available for the payment of personnel compensation and benefits for not less than 303 full-time equivalent employees.

LIMITATION ON REVIEW ACTIVITY

For expenses necessary for the Railroad Retirement Board for audit, investigatory and review activities, as authorized by section 418 of Public Law 98-76, not more than $2,212,000 to be derived from the railroad retirement accounts and railroad unemployment insurance account.

SOLDIERS' AND AIRMEN'S HOME

OPERATION AND MAINTENANCE

For maintenance and operation of the United States Soldiers' and Airmen's Home, to be paid from the Soldiers' and Airmen's Home permanent fund, $35,879,000: Provided, That this appropriation shall not be available for the payment of hospitalization of members of the Home in United States Army hospitals at rates in excess of those prescribed by the Secretary of the Army upon recommendation of the Board of Commissioners and the Surgeon General of the Army.

CAPITAL OUTLAY

For construction and renovation of the physical plant, to be paid from the Soldiers' and Airmen's Home permanent fund, $15,445,000, to remain available until expended.

UNITED STATES INSTITUTE OF PEACE

OPERATING EXPENSES

For necessary expenses of the United States Institute of Peace as authorized in the United States Institute of Peace Act, $4,308,000.

TITLE V—GENERAL PROVISIONS

SEC. 501. The expenditure of any appropriation under this Act for any consulting service through procurement contract, pursuant to 5 U.S.C. 3109, shall be limited to those contracts where such expenditures are a matter of public record and available for public inspection, except where otherwise provided under existing law, or under existing Executive order issued pursuant to existing law.

SEC. 502. No part of any appropriation contained in this Act shall be expended by any executive agency, as referred to in the Office of Federal Procurement Policy Act (41 U.S.C. 401 et seq.), pursuant to any obligation for services by contract, unless such executive agency has awarded and entered into such contract in full compliance with such Act and regulations promulgated thereunder.

SEC. 503. Appropriations contained in this Act, available for salaries and expenses, shall be available for services as authorized by 5 U.S.C. 3109 but at rates for individuals not to exceed the per diem rate equivalent to the rate for GS-18.

SEC. 504. Appropriations contained in this Act, available for salaries and expenses, shall be available for uniforms or allowances therefor as authorized by law (5 U.S.C. 5901-5902).

SEC. 505. Appropriations contained in this Act, available for salaries and expenses, shall be available for expenses of attendance at meetings which are concerned with the functions or activities for which the appropriation is made or which will contribute to improved conduct, supervision, or management of those functions or activities.

SEC. 506. No part of the funds appropriated under this Act shall be used to provide a loan, guarantee of a loan, a grant, the salary of or any remuneration whatever to any individual applying for admission, attending, employed by, teaching at, or doing research at an institution of higher education who has engaged in conduct on or after August 1, 1969, which involves the use of (or the assistance to others in the use of) force or the threat of force or the seizure of property under the control of an institution of higher education, to require or prevent the availability of certain curricula, or to prevent the faculty, administrative officials, or students in such institution from engaging in their duties or pursuing their studies at such institution.

SEC. 507. The Secretaries of Labor, Health and Human Services, and Education are authorized to transfer unexpended balances of prior appropriations to accounts corresponding to current appropriations provided in this Act: Provided, That such transferred balances are used for the same purpose, and for the same periods of time, for which they were originally appropriated.

SEC. 508. No part of any appropriation contained in this Act shall remain available for obligation beyond the current fiscal year unless expressly so provided herein.

SEC. 509. No part of any appropriation contained in this Act shall be used, other than for normal and recognized executive-legislative relationships, for publicity or propaganda purposes, for the preparation, distribution, or use of any kit, pamphlet, booklet, publication, radio, television, or film presentation designed to support or defeat legislation pending before the Congress, except in presentation to the Congress itself.

No part of any appropriation contained in this Act shall be used to pay the salary or expenses of any grant or contract recipient, or agent acting for such recipient, related to any activity designed to influence legislation or appropriations pending before the Congress.

SEC. 510. The Secretaries of Labor, Health and Human Services, and Education are each authorized to make available not to exceed $7,500 from funds available for salaries and expenses under titles I, II, and III, respectively, for official reception and representation expenses; the Director of the Federal Mediation and Conciliation Service is *authorized to make available for official reception and representation expenses not to exceed $2,500 from the funds available for "Salaries and expenses, Federal Mediation and Conciliation Service"; and the Chairman of the National Mediation Board is authorized to make available for official reception and representation expenses not to exceed $2,500 from funds available for "Salaries and expenses, National Mediation Board".*

Sec. 511. None of the funds appropriated by this Act shall be used to pay for any research program or project or any program, project, or course which is of an experimental nature, or any other activity involving human participants, which is determined by the Secretary or a court of competent jurisdiction to present a danger to the physical, mental, or emotional well-being of a participant or subject of such program, project, or course, without the written, informed consent of each participant or subject, or a participant's parents or legal guardian, if such participant or subject is under eighteen years of age. The Secretary shall adopt appropriate regulations respecting this section.

Sec. 512. (a)(1) In the cases of all appropriations accounts within this Act from which expenses for travel, transportation, and subsistence (including per diem allowances) are paid under chapter 57 of title 5, United States Code, there are hereby prohibited to be obligated under such accounts in fiscal year 1988 a uniform percentage of such amounts, as determined by the President in accordance with the provisions of paragraph (2), as, but for this subsection, would—

(A) be available for obligation in such accounts as of October 1, 1987,

(B) be planned to be obligated for such expenses after such date during fiscal year 1988, and

(C) result in total outlays of $23,600,000 in fiscal year 1988.

(2) Before making determinations under paragraph (1), the President shall obtain from the Director of the Office of Management and Budget and the Comptroller General of the United States recommendations for determinations with respect to (A) the identification of the accounts affected, (B) the amount in each such account available as of such date for obligation, (C) the amounts planned to be obligated for such expenses after such date in fiscal year 1988, and (D) the uniform percentage by which such amounts need to be reduced in order to comply with paragraph (1).

(b) Within 30 days after the date of enactment of this Act, the President shall prepare and transmit to the Congress a report specifying the determinations of the President under subsection (a).

(c) Sections 1341(a) and 1517 of title 31, United States Code, apply to each account for which a determination is made by the President under subsection (a).

Sec. 513. (a) Subject to subsection (b), none of the funds made available by this or any other Act may be used by the Secretary of Labor to withdraw approval of the California State occupational safety and health plan, or to exercise exclusive Federal safety and health authority in the State of California, under the Occupational Safety and Health Act of 1970 (29 U.S.C. 651 et seq.).

(b) The prohibition established in subsection (a) shall apply until the California Supreme Court has rendered a final disposition in the case of Ixta v. Rinaldi (Case No. 3 Civil C 002805).

Sec. 514. (a) Notwithstanding the matter under the heading "CENTERS FOR DISEASE CONTROL", none of the funds made available under this Act to the Centers for Disease Control shall be used to provide AIDS education, information, or prevention materials and activities that promote or encourage, directly, homosexual sexual activities.

(b) Education, information, and prevention activities and materials paid for with funds appropriated under this Act shall emphasize—

(1) abstinence from sexual activity outside a sexually monogamous marriage (including abstinence from homosexual sexual activities) and

(2) abstinence from the use of illegal intravenous drugs.

(c) The homosexual activity referred to in subsections (a) and (b) includes any sexual activity between two or more males as described in section 2256(2)(A) of title 18, United States Code.

(d) The illegal drugs referred to in subsection (b) include any controlled substance as defined in section 102(6) of the Controlled Substance Act (21 U.S.C. 802(6)).

(e) If the Secretary of Health and Human Services finds that a recipient of funds under this Act has failed to comply with this section, the Secretary shall notify the recipient, if the funds are paid directly to the recipient, or notify the State if the recipient receives the funds from the State, of such finding and that—

(1) no further funds shall be provided to the recipient;

(2) no further funds shall be provided to the State with respect to noncompliance by the individual recipient;

(3) further payment shall be limited to those recipients not participating in such noncompliance; and

(4) the recipient shall repay to the United States, amounts found not to have been expended in accordance with this section.

Sec. 515. In administering funds made available under this Act for research relating to the treatment of AIDS, the National Institutes of Health shall take all possible steps to ensure that all experimental drugs for the treatment of AIDS, particularly antivirals and immunomodulators, that have shown some effectiveness in treating individuals infected with the human immunodeficiency virus are tested in clinical trials as expeditiously as possible and with as many subjects as is scientifically acceptable.

This Act may be cited as the "Departments of Labor, Health and Human Services, and Education, and Related Agencies Appropriations Act, 1988".

And the Senate agree to the same.

Amendment numbered 10:

That the House recede from its disagreement to the amendment of the Senate numbered 10, and agree to the same with an amendment, as follows:

In lieu of the matter stricken and inserted by said amendment, insert the following:

(i) Such amounts as may be necessary for programs, projects or activities provided for in the Legislative Branch Appropriations Act, 1988, at a rate of operations and to the extent and in the manner provided for, the provisions of such Act to be effective as if it had been enacted into law as the regular appropriations Act, as follows:

AN ACT

Making appropriations for the Legislative Branch for the fiscal year ending September 30, 1988, and for other purposes.

TITLE I—CONGRESSIONAL OPERATIONS

SENATE

Mileage of the Vice President and Senators

For mileage of the Vice President and Senators of the United States, $60,000.

EXPENSE ALLOWANCES OF THE VICE PRESIDENT, THE PRESIDENT PRO TEMPORE, MAJORITY AND MINORITY LEADERS, MAJORITY AND MINORITY WHIPS, AND CHAIRMEN OF THE MAJORITY AND MINORITY CONFERENCE COMMITTEES

For expense allowances of the Vice President, $10,000; the President Pro Tempore of the Senate, $10,000; Majority Leader of the Senate, $10,000; Minority Leader of the Senate, $10,000; Majority Whip of the Senate, $5,000; Minority Whip of the Senate, $5,000; and Chairmen of the Majority and Minority Conference Committees, $3,000 for each Chairman; in all, $56,000.

REPRESENTATION ALLOWANCES FOR THE MAJORITY AND MINORITY LEADERS

For representation allowances of the Majority and Minority Leaders of the Senate, $10,000 for each such Leader, in all $20,000.

Salaries, Officers and Employees

For compensation of officers, employees, clerks to Senators, and others as authorized by law, including agency contributions, $196,196,700 which shall be paid from this appropriation without regard to the below limitations, as follows:

OFFICE OF THE VICE PRESIDENT

For the Office of the Vice President, $1,145,000.

OFFICE OF THE PRESIDENT PRO TEMPORE

For Office of the President Pro Tempore, $153,000.

OFFICE OF THE DEPUTY PRESIDENT PRO TEMPORE

For the Office of the Deputy President Pro Tempore, $90,000.

OFFICES OF THE MAJORITY AND MINORITY LEADERS

For Offices of the Majority and Minority Leaders, $1,388,000.

OFFICES OF THE MAJORITY AND MINORITY WHIPS

For Offices of the Majority and Minority Whips, $431,000.

CONFERENCE COMMITTEES

For the Conference of the Majority and the Conference of the Minority, at rates of compensation to be fixed by the Chairman of each such committee, $556,500 for each such committee; in all, $1,113,000.

OFFICES OF THE SECRETARIES OF THE CONFERENCE OF THE MAJORITY AND THE CONFERENCE OF THE MINORITY

For Offices of the Secretaries of the Conference of the Majority and the Conference of the Minority, $270,000.

OFFICE OF THE CHAPLAIN

For Office of the Chaplain, $115,000.

OFFICE OF THE SECRETARY

For Office of the Secretary, $8,005,000.

ADMINISTRATIVE, CLERICAL, AND LEGISLATIVE ASSISTANCE TO SENATORS

For administrative, clerical, and legislative assistance to Senators, $109,605,500.

OFFICE OF THE SERGEANT AT ARMS AND DOORKEEPER

For Office of the Sergeant at Arms and Doorkeeper, $44,161,000.

OFFICES OF THE SECRETARIES FOR THE MAJORITY AND MINORITY

For Offices of the Secretary for the Majority and the Secretary for the Minority, $918,000.

AGENCY CONTRIBUTIONS

For agency contributions for employee benefits, as authorized by law, $28,802,200.

Office of the Legislative Counsel of the Senate

For salaries and expenses of the Office of the Legislative Counsel of the Senate, $1,764,000: Provided, That the amounts appropriated to the Office of the Legislative Counsel of the Senate for fiscal year 1987 shall remain available until September 30, 1988.

Office of Senate Legal Counsel

For salaries and expenses of the Office of Senate Legal Counsel, $633,000.

Expense Allowances of the Secretary of the Senate, Sergeant at Arms and Doorkeeper of the Senate, and Secretaries for the Majority and Minority of the Senate

For expense allowances of the Secretary of the Senate, $3,000; Sergeant at Arms and Doorkeeper of the Senate, $3,000; Secretary for the Majority of the Senate, $3,000; Secretary for the Minority of the Senate, $3,000; in all, $12,000.

Contingent Expenses of the Senate

SENATE POLICY COMMITTEES

For salaries and expenses of the Majority Policy Committee and the Minority Policy Committee, $1,101,500 for each such committee; in all, $2,203,000.

INQUIRIES AND INVESTIGATIONS

For expenses of inquiries and investigations ordered by the Senate, or conducted pursuant to section 134(a) of Public Law 601, Seventy-ninth Congress, as amended, section 112 of Public Law 96-304 and Senate Resolution 281, agreed to March 11, 1980, $57,161,000.

EXPENSES OF UNITED STATES SENATE CAUCUS ON INTERNATIONAL NARCOTICS CONTROL

For expenses of the United States Senate Caucus on International Narcotics Control, as authorized by section 814 of the Foreign Relations Authorization Act passed by the Senate on July 31, 1985, $325,000.

SECRETARY OF THE SENATE

For expenses of the Office of the Secretary of the Senate, $666,300.

SERGEANT AT ARMS AND DOORKEEPER OF THE SENATE

For expenses of the Office of the Sergeant at Arms and Doorkeeper of the Senate, $68,021,000: Provided, That of the amounts appropriated under this head in the Legislative Branch Appropriations Act, 1986 (Public Law 99-151), $2,250,000 shall remain available until September 30, 1988.

MISCELLANEOUS ITEMS

For miscellaneous items, $10,183,000: Provided, That, from funds appropriated to the Conference of the Majority and from funds appropriated to the Conference of the Minority for any fiscal year, such Conference may utilize such amounts as it deems appropriate for the specialized training of professional staff, subject to such limitations, insofar as they are applicable, as are imposed by the Committee on Rules and Administration with respect to such training when provided to professional staff of standing committees of the Senate.

STATIONERY (REVOLVING FUND)

For stationery for the President of the Senate, $4,500, for officers of the Senate and the Conference of the Majority and Conference of the Minority of the Senate, $8,500; in all, $13,000.

Administrative Provisions

Sec. 1. (a) The table and the sentence immediately following such table in subsection (d)(1) of section 105 of the Legislative Branch Appropriation Act, 1968 (2 U.S.C. 61-1(d)(1)), is amended to read as follows:

"$740,000 if the population of his State is less than 1,000,000;

"$775,950 if such population is 1,000,000 but less than 2,000,000;

"$811,900 if such population is 2,000,000 but less than 3,000,000;

"$847,850 if such population is 3,000,000 but less than 4,000,000;

"$883,800 if such population is 4,000,000 but less than 5,000,000;

"$919,750 if such population is 5,000,000 but less than 6,000,000;

"$955,700 if such population is 6,000,000 but less than 7,000,000;

"$991,650 if such population is 7,000,000 but less than 8,000,000;

"$1,027,600 if such population is 8,000,000 but less than 9,000,000;

"$1,063,550 if such population is 9,000,000 but less than 10,000,000;

"$1,099,500 if such population is 10,000,000 but less than 11,000,000;

"$1,135,450 if such population is 11,000,000 but less than 12,000,000;

"$1,171,400 if such population is 12,000,000 but less than 13,000,000;

"$1,207,350 if such population is 13,000,000 but less than 14,000,000;

"$1,243,300 if such population is 14,000,000 but less than 15,000,000;

"$1,279,250 if such population is 15,000,000 but less than 16,000,000;

"$1,315,200 if such population is 16,000,000 but less than 17,000,000;

"$1,351,150 if such population is 17,000,000 but less than 18,000,000;

"$1,374,150 if such population is 18,000,000 but less than 19,000,000;

"$1,397,150 if such population is 19,000,000 but less than 20,000,000;

"$1,420,150 if such population is 20,000,000 but less than 21,000,000;

"$1,443,150 if such population is 21,000,000 but less than 22,000,000;

"$1,466,150 if such population is 22,000,000 but less than 23,000,000;

"$1,489,150 if such population is 23,000,000 but less than 24,000,000;

"$1,512,150 if such population is 24,000,000 but less than 25,000,000;

"$1,535,150 if such population is 25,000,000 but less than 26,000,000;

"$1,558,150 if such population is 26,000,000 but less than 27,000,000;

"$1,581,150 if such population is 27,000,000 but less than 28,000,000; and

"$1,604,150 if such population is 28,000,000 or more.

"For any fiscal year, the population of a State shall be deemed to be whichever of the following is the higher:

"(I) the population of such State (as determined for purposes of this paragraph) for the preceding fiscal year; or

"(II) the population of such State as of the first day of such fiscal year, as determined by the latest census (provisional or otherwise) conducted prior to such first day by the Bureau of the Census within the Department of Commerce.

"If the population of any State, as determined under the preceding sentence, is not evenly divisible by 1,000,000, the population of such State shall be deemed to be increased to the next higher multiple of 1,000,000.

"If, for any period after a fiscal year has begun, the census figures of the most recent census conducted prior to the first day of such year have not been officially released, then, for such period, in the administration of this paragraph, it shall be assumed that the population of each State is the same as such State's population (as determined for purposes of this paragraph) for the preceding fiscal year.

"In the event that the term of office of a Senator begins after the first month of a fiscal year or ends (except by reason of death, resignation, or expulsion) before the last month of a fiscal year, the aggregate amount available for gross compensation of employees in the office of such Senator for such year shall be the applicable amount contained in the preceding table, divided by 12, and multiplied by the number of months in such year which are included in the Senator's term of office, counting any fraction of a month as a full month.".

(b) The amendment made by this section shall be effective in the case of fiscal years beginning after September 30, 1987.

Sec. 2. (a) Effective with respect to pay periods beginning on or after the enactment of this Act, the Chaplain of the Senate shall be compensated at a rate equal to the annual rate of basic pay for level IV of the Executive Schedule under section 5315 of title 5, United States Code.

(b) The second proviso, under the headings "SENATE" and "Office of the Chaplain", of the Legislative Branch Appropriation Act, 1970 (Public Law 91-145) is amended to read as follows: "Provided further, That the Chaplain of the Senate may appoint and fix the compensation of a secretary".

Sec. 3. (a) Section 192 of title I, Chapter IX, of the Supplemental Appropriations Act, 1985 (Public Law 99-88; 99 Stat. 349; 2 U.S.C. 68-5) is amended—

(1) by striking out "and", where it appears immediately after "Minority Whip of the Senate,", and inserting in lieu thereof "one for the attending physician, one as authorized by Senate Resolution 90 of the 100th Congress"; and

(2) by inserting immediately before the period at the end of such section the following: ", and such additional number as is otherwise specifically authorized by law".

(b) The amendments made by subsection (a) shall be effective in the case of fiscal years ending after September 30, 1986.

Sec. 4. Section 151(a) of Public Law 99-591 (100 Stat. 3341-3355) is amended by striking out "during fiscal year 1987".

Sec. 5. Subsection (i) of section 814 of the Foreign Relations Authorization Act, fiscal years 1986 and 1987 (Public Law 99-93), as amended by Public law 99-151, is amended by striking out "1987" and inserting "1988".

Sec. 6. Effective in the case of fiscal years beginning after September 30, 1986, the first sentence of section 107(a) of the Supplemental Appropriations Act, 1979 (Public Law 96-38; 2 U.S.C. 69a), is amended by striking out "$2,000" and inserting in lieu thereof "$4,000".

Sec. 7. The Chairman of the Majority or Minority Conference Committee of the Senate may, during the fiscal year ending September 30, 1988, at his election, transfer not more than $50,000 from the appropriation account for salaries for the Conference of the Majority and the Conference of the Minority of the Senate, to the account, within the contingent fund of the Senate, from which expenses are payable under section 120 of Public Law 97-51 (2 U.S.C. 61g-6). Any transfer of funds under authority of the preceding sentence shall be made at such time or times as such chairman shall specify in writing to the Senate Disbursing Office. Any funds so transferred by the chairman of the Majority or Minority Conference Committee shall be available for expenditure by such committee in like manner and for the same purposes as are other moneys which are available for expenditure by such committee from the account, within the contingent fund of the Senate, from which expenses are payable under section 120 of Public Law 97-51 (2 U.S.C. 61g-6).

SEC. 8. (a) The Secretary of the Senate is authorized, with the approval of the Senate Committee on Appropriations, to transfer, during any fiscal year, from the appropriations account, within the contingent fund of the Senate, for expenses of the Office of the Secretary of the Senate, such sums as he shall specify to the Senate appropriations account, appropriated under the headings "Salaries, Officers and Employees" and "Office of the Secretary"; and any funds so transferred shall be available in like manner and for the same purposes as are other funds in the account to which the funds are transferred.

(b) The Sergeant at Arms and Doorkeeper of the Senate is authorized, with the approval of the Senate Committee on Appropriations, to transfer, during any fiscal year, from the appropriations account, within the contingent fund of the Senate, for expenses of the Office of the Sergeant at Arms and Doorkeeper of the Senate, such sums as he shall specify to the appropriations account, appropriated under the headings "Salaries, Officers and Employees" and "Office of the Sergeant at Arms and Doorkeeper"; and any funds so transferred shall be available in like manner and for the same purposes as are other funds in the account to which the funds are transferred.

SEC. 9. Section 114 of Public Law 95-94, as amended (2 U.S.C. 61-1a), is amended to read as follows:

"SEC. 114. Notwithstanding any other provision of law, appropriated funds are available for payment to an individual of pay from more than one position, each of which is either in the office of a Senator and the pay of which is disbursed by the Secretary of the Senate or is in another office and the pay of which is disbursed by the Secretary of the Senate out of an appropriation under the heading "SALARIES, OFFICERS, AND EMPLOYEES", if the aggregate gross pay from those positions does not exceed the maximum rate specified in section 105(d)(2) of the Legislative Appropriations Act of 1968, as amended and modified.".

HOUSE OF REPRESENTATIVES

PAYMENTS TO WIDOWS AND HEIRS OF DECEASED MEMBERS OF CONGRESS

For payment to Lucie C. McKinney, widow of Stewart B. McKinney, late a Representative from the State of Connecticut, $89,500.

MILEAGE OF MEMBERS

For mileage of Members, as authorized by law, $210,000.

HOUSE LEADERSHIP OFFICES

For salaries and expenses, as authorized by law, $3,456,000, including: Office of the Speaker, $798,000, including $18,000 for official expenses of the Speaker; Office of the Majority Floor Leader, $708,000, including $10,000 for official expenses of the Majority Leader; Office of the Minority Floor Leader, $789,000, including $10,000 for official expenses of the Minority Leader; Office of the Majority Whip, $621,000, including $5,000 for official expenses of the Majority Whip and not to exceed $149,950 for the Chief Deputy Majority Whip; Office of the Minority Whip, $540,000, including $5,000 for official expenses of the Minority Whip and not to exceed $79,150 for the Chief Deputy Minority Whip.

MEMBERS' CLERK HIRE

For staff employed by each Member in the discharge of his official and representative duties, $174,556,000.

COMMITTEE EMPLOYEES

For professional and clerical employees of standing committees, including the Committee on Appropriations and the Committee on the Budget, $49,102,000.

COMMITTEE ON THE BUDGET (STUDIES)

For salaries, expenses, and studies by the Committee on the Budget, and temporary personal services for such committee to be expended in accordance with sections 101(c), 606, 703, and 901(e) of the Congressional Budget Act of 1974, and to be available for reimbursement to agencies for services performed, $329,000.

CONTINGENT EXPENSES OF THE HOUSE

STANDING COMMITTEES, SPECIAL AND SELECT

For salaries and expenses of standing committees, special and select, authorized by the House, $52,418,000.

ALLOWANCES AND EXPENSES

(INCLUDING TRANSFER OF FUNDS)

For allowances and expenses as authorized by House resolution or law, $174,797,000, including: Official Expenses of Members, $81,523,000; supplies, materials, administrative costs and Federal tort claims, $16,719,000; furniture and furnishings, $1,005,000; stenographic reporting of committee hearings, $550,000; reemployed annuitants reimbursements, $1,118,000; Government contributions to employees' life insurance fund, retirement funds, Social Security fund, Medicare fund, health benefits fund, and worker's and unemployment compensation, $73,260,000; and miscellaneous items including, but not limited to, purchase, exchange, maintenance, repair and operation of House motor vehicles, restaurants, interparliamentary receptions and gratuities to heirs of deceased employees of the House, $622,000: Provided, That effective upon enactment of this Act, an amount not to exceed $132,000 shall be made available by transfer from the appropriation for "House office buildings, 1987, No year" for deposit in the account established by section 208 of the First Supplemental Civil Functions Appropriations Act, 1941 (40 U.S.C. 174k(b)).

Such amounts as are deemed necessary for the payment of allowances and expenses under this head may be transferred between the various categories within this appropriation, "Allowances and expenses", upon the approval of the Committee on Appropriations of the House of Representatives.

COMMITTEE ON APPROPRIATIONS (STUDIES AND INVESTIGATIONS)

For salaries and expenses, studies and examinations of executive agencies, by the Committee on Appropriations, and temporary personal services for such committee, to be expended in accordance with section 202(b) of the Legislative Reorganization Act, 1946, and to be available for reimbursement to agencies for services performed, $4,300,000.

SALARIES, OFFICERS AND EMPLOYEES

For compensation and expenses of officers and employees, as authorized by law, $54,529,000, including: Office of the Clerk, $14,917,000; Office of the Sergeant at Arms, including overtime, as authorized by law, $21,180,000; Office of the Doorkeeper, including overtime, as authorized by law, $7,915,000; Office of the Postmaster, $2,517,000, including $48,124 for employment of substitute messengers and extra services of regular employees when required at the salary rate of not to exceed $16,766 per annum each; Office of the Chaplain, $75,000; Office of the Parliamentarian, including the Parliamentarian and $2,000 for preparing the Digest of Rules, $716,000; for salaries and expenses of the Office for the Bicentennial of the House of Representatives, $243,000; for salaries and expenses of the Office of the Law Revision Counsel of the House, $870,000; for salaries and expenses of the Office of the Legislative Counsel of the House, $3,025,000; six minority employees, $447,000; the House Democratic Steering Committee and Caucus, $721,000; the House Republican Conference, $721,000; and other authorized employees, $1,182,000.

Such amounts as are deemed necessary for the payment of salaries of officers and employees under this head may be transferred between the various offices and activities within this appropriation, "Salaries, officers and employees", upon the approval of the Committee on Appropriations of the House of Representatives.

ADMINISTRATIVE PROVISIONS

SEC. 101. Of the amounts appropriated in fiscal year 1988 for the House of Representatives under the headings "Committee employees", "Standing committees, special and select", "Salaries, officers and employees", "Allowances and expenses", "House leadership offices", and "Members' clerk hire", such amounts as are deemed necessary for the payment of salaries and expenses may be transferred among the aforementioned accounts upon approval of the Committee on Appropriations of the House of Representatives.

SEC. 102. (a) One additional employee is authorized for each of the following:

(1) the House Democratic Steering and Policy Committee; and

(2) the House Republican Conference.

(b) The annual rate of pay for the positions established under subsection (a) shall not exceed 60 percent of the annual rate of pay payable from time to time for level V of the Executive Schedule under section 5316 of title 5, United States Code.

JOINT ITEMS

For joint committees, as follows:

CONTINGENT EXPENSES OF THE SENATE

JOINT ECONOMIC COMMITTEE

For salaries and expenses of the Joint Economic Committee, $3,179,000.

JOINT COMMITTEE ON PRINTING

For salaries and expenses of the Joint Committee on Printing, $1,037,000.

CONTINGENT EXPENSES OF THE HOUSE

JOINT COMMITTEE ON TAXATION

For salaries and expenses of the Joint Committee on Taxation, $4,219,000, to be disbursed by the Clerk of the House.

For other joint items, as follows:

OFFICE OF THE ATTENDING PHYSICIAN

For medical supplies, equipment, and contingent expenses of the emergency rooms, and for the Attending Physician and his assistants, including (1) an allowance of $1,000 per month to the Attending Physician; (2) an allowance of $600 per month to one Senior Medical Officer while on duty in the Attending Physician's office; (3) an allowance of $200 per month each to two medical officers while on duty in the Attending Physician's office; (4) an allowance of $200 *per month each to not to exceed twelve assistants on the basis heretofore provided for such assistance; and (5) $963,600 for reimbursement to the Department of the Navy for expenses incurred for staff and equipment assigned to the Office of the Attending Physician, such amount shall be advanced and credited to the applicable appropriation or appropriations from which such salaries, allowances, and other expenses are payable and shall be available for all the purposes thereof, $1,493,000, to be disbursed by the Clerk of the House.*

CAPITOL POLICE

GENERAL EXPENSES

For purchasing and supplying uniforms; the purchase, maintenance, and repair of police motor vehicles, including two-way police radio equipment; contingent expenses, including advance payment for travel for training or other purposes, and expenses associated with the relocation of instructor personnel to and from the Federal Law Enforcement Training Center as approved by the Chairman of the Capitol Police Board, and including $85 per month for extra services performed for the Capitol Police Board by such member of the staff of the Sergeant at Arms of the Senate or the House as may be designated by the Chairman of the Board, $1,734,000, to be disbursed by the Clerk of the House: Provided, That the funds used to maintain the petty cash fund referred to as "Petty Cash II" which is to provide for the prevention and detection of crime shall not exceed $4,000: Provided further, That the funds used to maintain the petty cash fund referred to as "Petty Cash III" which is to provide for the advance of travel expenses attendant to protective assignments shall not exceed $4,000: Provided further, That, notwithstanding any other provision of law, the cost involved in providing basic training for members of the Capitol Police at the Federal Law Enforcement Training Center for fiscal year 1988 shall be paid by the Secretary of the Treasury from funds available to the Treasury Department.

OFFICIAL MAIL COSTS

For expenses necessary for official mail costs, $82,163,000, to be disbursed by the Clerk of the House, to be available immediately upon enactment of this Act: Provided, That funds appropriated for such purpose for the fiscal year ending September 30, 1987, shall remain available until expended.

CAPITOL GUIDE SERVICE

For salaries and expenses of the Capitol Guide Service, $1,137,000, to be disbursed by the Secretary of the Senate: Provided, That none of these funds shall be used to employ more than thirty-three individuals: Provided further, That the Capitol Guide Board is authorized, during emergencies, to employ not more than two additional individuals for not more than one hundred twenty days each, and not more than ten additional individuals for not more than six months each, for the Capitol Guide Service.

STATEMENTS OF APPROPRIATIONS

For the preparation, under the direction of the Committees on Appropriations of the Senate and House of Representatives, of the statements for the first session of the One-hundredth Congress, showing appropriations made, indefinite appropriations, and contracts authorized, together with a chronological history of the regular appropriations bills as required by law, $19, 000, to be paid to the persons designated by the chairmen of such committees to supervise the work.

OFFICE OF TECHNOLOGY ASSESSMENT

SALARIES AND EXPENSES

For salaries and expenses necessary to carry out the provisions of the Technology Assessment Act of 1972 (Public Law 92-484), including reception and representation expenses (not to exceed $3,000 from the Trust Fund), and rental of space in the District of Columbia, and those necessary to carry out the duties of the Director of the Office of Technology Assessment under section 1886 of the Social Security Act as amended by section 601 of the Social Security Amendments of 1983 (Public Law 98-21), and those necessary to carry out the duties of the Director of the Office of Technology Assessment under part B of title XVIII of the Social Security Act as amended by section 9305 of the Consolidated Omnibus Reconciliation Act of 1985 (Public Law 99-272), $16,901,000: Provided, That none of the funds in this Act shall be available for salaries or expenses of any employee of the Office of Technology Assessment in excess of 143 staff employees: Provided further, That no part of this appropriation shall be available for assessments or activities not initiated and approved in accordance with section 3(d) of Public Law 92-484, except that funds shall be available for the assessment required by Public Law 96-151: Provided further, That none of the funds in this Act shall be available for salaries or expenses of employees of the Office of Technology Assessment in connection with any reimbursable study for which funds are provided from sources other than appropriations made under this Act, or be available for any other administrative expenses incurred by the Office of Technology Assessment in carrying out such a study, except that funds shall be available for and reimbursement can be accepted for salaries or expenses of the Office of Technology Assessment in connection with the assessment required by section 101(b) of Public Law 99-190.

BIOMEDICAL ETHICS BOARD

SALARIES AND EXPENSES

For the Biomedical Ethics Board and the Biomedical Ethics Advisory Committee, as authorized by section 381 of the Public Health Service Act (Public Law 99-158), $100,000: Provided, That of the amounts appropriated under this head in the Legislative Branch Appropriations Act, 1987 (as enacted by Public Law 99-500 and Public Law 99-591), shall remain available for obligation until September 30, 1988.

CONGRESSIONAL AWARD BOARD

CONGRESSIONAL AWARD PROGRAM

Notwithstanding any other provision of law, there is appropriated to the Congressional Award Board (established by Public Law 96-114; 2 U.S.C. 801) the sum of $189,000, to be disbursed by the Clerk of the House upon vouchers approved by the Chairman of the Congressional Award Board or another member of the Board as delegated by the Chairman, to remain available without fiscal year limitation: Provided, That notwithstanding any provision of such Public Law 96-114, such sum shall be used by the Congressional Award Board in the same manner and for the same purposes, and subject to the same limitations, as are funds donated to such Board by private individuals: Provided further, That these funds may only be used for routine operational purposes and may not be allocated for the payment of any debt outstanding as of the date of enactment of this Act.

CONGRESSIONAL BUDGET OFFICE

SALARIES AND EXPENSES

For salaries and expenses necessary to carry out the provisions of the Congressional Budget Act of 1974 (Public Law 93-344), $17,886,000: Provided, That none of these funds shall be available for the purchase or hire of a passenger motor vehicle: Provided further, That none of the funds in this Act shall be available for salaries or expenses of any employee of the Congressional Budget Office in excess of 226 staff employees: Provided further, That any sale or lease of property, supplies, or services to the Congressional Budget Office shall be deemed to be a sale or lease of such property, supplies, or services to the Congress subject to section 903 of Public Law 98-63.

ARCHITECT OF THE CAPITOL

OFFICE OF THE ARCHITECT OF THE CAPITOL

SALARIES

For the Architect of the Capitol; the Assistant Architect of the Capitol; the Executive Assistant; and other personal services; at rates of pay provided by law, $5,925,000.

TRAVEL

Appropriations under the control of the Architect of the Capitol shall be available for expenses of travel on official business not to exceed in the aggregate under all funds the sum of $10,000.

CONTINGENT EXPENSES

To enable the Architect of the Capitol to make surveys and studies, and to meet unforeseen expenses in connection with activities under his care, $48,000.

CAPITOL BUILDINGS AND GROUNDS

CAPITOL BUILDINGS

For all necessary expenses for the maintenance, care and operation of the Capitol Building and electrical substations of the Senate and House Office Buildings, under the jurisdiction of the Architect of the Capitol, including furnishings and office equipment; not to exceed $1,000 for official reception and representation expenses, to be expended as the Architect of the Capitol may approve; purchase or exchange, maintenance and operation of a passenger motor vehicle; for expenses of attendance, when specifically authorized by the Architect of the Capitol, at meetings or conventions in connection with subjects related to work under the Architect of the Capitol, and for security installations, which are approved by the Capitol Police Board, authorized by House Concurrent Resolution 550, Ninety-second Congress, agreed to September 19, 1972, the cost limitation of which is hereby further increased by $111,000, $12,793,000, of which $360,000 shall remain available until expended.

CAPITOL GROUNDS

For all necessary expenses for care and improvement of grounds surrounding the Capitol, the Senate and House Office Buildings, and the Capitol Power Plant, $3,404,000.

SENATE OFFICE BUILDINGS

For all necessary expenses for maintenance, care and operation of Senate Office Buildings; and furniture and furnishings, to be expended under the control and supervision of the Architect of the Capitol, $23,265,000, of which $3,943,000 shall remain available until expended: Provided, That $928,000 of funds provided under this head are for improvements to the Senate Restaurants kitchen in the Dirksen Building: Provided further, That no obligations can be made from this amount for improve-

ments to the Senate Restaurants kitchen in the Dirksen Building without the prior approval of the Committee on Appropriations of the United States Senate.

HOUSE OFFICE BUILDINGS

For all necessary expenses for the maintenance, care and operation of the House Office Buildings, including the position of Superintendent of Garages as authorized by law, $30,547,000, of which $8,010,000 shall remain available until expended.

CAPITOL POWER PLANT

For all necessary expenses for the maintenance, care and operation of the Capitol Power Plant; for lighting, heating, and power (including the purchase of electrical energy) for the Capitol, Senate and House Office Buildings, Congressional Library Buildings, and the grounds about the same, Botanic Garden, Senate garage, and for air conditioning refrigeration not supplied from plants in any of such buildings; for heating the Government Printing Office and Washington City Post Office and heating and chilled water for air conditioning for the Supreme Court Building, Union Station complex and the Folger Shakespeare Library, expenses for which shall be advanced or reimbursed upon request of the Architect of the Capitol and amounts so received shall be deposited into the Treasury to the credit of this appropriation; $24,583,000: Provided, That not to exceed $1,950,000 of the funds credited or to be reimbursed to this appropriation as herein provided shall be available for obligation during fiscal year 1988.

ADMINISTRATIVE PROVISIONS

SEC. 103. Notwithstanding any other provisions of law, the Architect of the Capitol is hereby authorized to (1) develop a pilot program to determine the economic feasibility and efficiency of centralizing certain maintenance functions, to assign and reassign, without increase or decrease in basic salary or wages, any person on the employment rolls of the Office of the Architect of the Capitol, for personal services in any buildings, facilities, or grounds under his jurisdiction for which appropriations have been made and are available; (2) maintain appropriate cost and productivity records for the program; and (3) report to appropriate authorities, including the Committees on Appropriations, on the results of the program, together with recommendations for continuation or expansion of the program.

SEC. 104. The Architect of the Capitol, under the direction of the Joint Committee on the Library, is authorized to accept donations to restore and display the Statue of Freedom model.

LIBRARY OF CONGRESS

CONGRESSIONAL RESEARCH SERVICE

SALARIES AND EXPENSES

For necessary expenses to carry out the provisions of section 203 of the Legislative Reorganization Act of 1946, as amended by section 321 of the Legislative Reorganization Act of 1970 (2 U.S.C. 166) and to revise and extend the Annotated Constitution of the United States of America, $43,022,000: Provided, That no part of this appropriation may be used to pay any salary or expense in connection with any publication, or preparation of material therefor (except the Digest of Public General Bills), to be issued by the Library of Congress unless such publication has obtained prior approval of either the Committee on House Administration or the Senate Committee on Rules and Administration: Provided further, That, notwithstanding any other provisions of law, the compensation of the Director of the Congressional Research Service, Library of Congress, shall be at an annual rate which is equal to the annual rate of basic pay for positions at level IV of the Executive Schedule under section 5315 of title 5, United States Code.

GOVERNMENT PRINTING OFFICE

CONGRESSIONAL PRINTING AND BINDING

For authorized printing and binding for the Congress; for printing and binding for the Architect of the Capitol; expenses necessary for preparing the semimonthly and session index to the Congressional Record, as authorized by law (44 U.S.C. 902); printing and binding of Government publications authorized by law to be distributed to Members of Congress; and for printing, binding, and distribution of Government publications authorized by law to be distributed without charge to the recipient, $70,359,000: Provided, That funds remaining from the unexpended balances from obligations made under prior year appropriations for this account shall be available for the purposes of the printing and binding account for the same fiscal year: Provided further, That this appropriation shall not be available for printing and binding part 2 of the annual report of the Secretary of Agriculture (known as the Yearbook of Agriculture) nor for copies of the permanent edition of the Congressional Record for individual Representatives, Resident Commissioners or Delegates authorized under 44 U.S.C. 906: Provided further, That, to the extent that funds remain from the unexpended balance of fiscal year 1984 and fiscal year 1985 funds obligated for the printing and binding costs of publications produced for the Bicentennial of the Congress, such remaining funds shall be available for the current year printing and binding cost of publications produced for the Bicentennial: Provided further, That this appropriation shall be available for the payment of obligations incurred under the appropriations for similar purposes for preceding fiscal years.

This title may be cited as the "Congressional Operations Appropriations Act, 1988".

TITLE II—OTHER AGENCIES

BOTANIC GARDEN

SALARIES AND EXPENSES

For all necessary expenses for the maintenance, care and operation of the Botanic Garden and the nurseries, buildings, grounds, and collections; purchase and exchange, maintenance, repair, and operation of a passenger motor vehicle; all under the direction of the Joint Committee on the Library, $2,221,000.

LIBRARY OF CONGRESS

SALARIES AND EXPENSES

For necessary expenses of the Library of Congress, not otherwise provided for, including the Speaker's Civic Achievement Awards Program, subject to authorization, development and maintenance of the Union Catalogs; custody, care and maintenance of the Library Buildings; special clothing; cleaning, laundering and repair of uniforms; preservation of motion pictures in the custody of the Library; operation and maintenance of the American Folklife Center in the Library; preparation and distribution of catalog cards and other publications of the Library; and expenses of the Library of Congress Trust Fund Board not properly chargeable to the income of any trust fund held by the Board, $143,866,000, of which not more than $5,000,000 shall be derived from collections credited to this appropriation during fiscal year 1988 under the Act of June 28, 1902, as amended (2 U.S.C. 150): Provided, That the total amount available for obligation shall be reduced by the amount by which collections are less than the $5,000,000: Provided further, That, of the total amount appropriated, $4,944,000 is to remain available until expended for acquisition of books, periodicals, and newspapers, and all other materials including subscriptions for bibliographic services for the Library, including $40,000 to be available solely for the purchase, when specifically approved by the Librarian, of special and unique materials for additions to the collections.

COPYRIGHT OFFICE

SALARIES AND EXPENSES

For necessary expenses of the Copyright Office, including publication of the decisions of the United States courts involving copyrights, $19,061,000, of which not more than $7,000,000 shall be derived from collections credited to this appropriation during fiscal year 1988 under 17 U.S.C. 708(c), and not more than $931,000 shall be derived from collections during fiscal year 1988 under 17 U.S.C. 111(d)(3) and 116(c)(1): Provided, That the total amount available for obligation shall be reduced by the amount by which collections are less than the $7,931,000: Provided further, That $150,000 of the unobligated balance of that part of the appropriation "Salaries and Expenses, Copyright Office" for the fiscal year 1987, for the acquisition of a stand-alone data system for the processing of cable television statements and jukebox registrations, shall remain available until September 30, 1988.

BOOKS FOR THE BLIND AND PHYSICALLY HANDICAPPED

SALARIES AND EXPENSES

For salaries and expenses to carry out the provisions of the Act approved March 3, 1931, as amended (2 U.S.C. 135a), $36,186,000.

FURNITURE AND FURNISHINGS

For necessary expenses for the purchase and repair of furniture, furnishings, office and library equipment, $5,816,000, of which $4,781,000 shall be available until expended only for the purchase and supply of furniture, shelving, furnishings, and related costs necessary for the renovation and restoration of the Thomas Jefferson and John Adams Library Buildings.

ADMINISTRATIVE PROVISIONS

SEC. 201. Appropriations in this Act available to the Library of Congress shall be available, in an amount not to exceed $101,390 of which $23,900 is for the Congressional Research Service, when specifically authorized by the Librarian, for expenses of attendance at meetings concerned with the function or activity for which the appropriation is made.

SEC. 202. (a) No part of the funds appropriated in this Act shall be used by the Library of Congress to administer any flexible or compressed work schedule which—

(1) applies to any manager or supervisor in a position the grade or level of which is equal to or higher than GS-15; and

(2) grants the manager or supervisor the right to not be at work for all or a portion of a workday because of time worked by the manager or supervisor on another workday.

(b) For purposes of this section, the term "manager or supervisor" means any management official or supervisor, as such terms *are defined in section 7103(a) (10) and (11) of title 5, United States Code.*

SEC. 203. Appropriated funds received by the Library of Congress from other Federal agencies to cover general and administrative overhead costs generated by performing reimbursable work for other agencies under the authority of 31 U.S.C. 1535 and 1536 shall not be used to employ more than 65 employees.

SEC. 204. No funds shall be expended by the Library of Congress for the purpose of providing long-term special study facilities for profit or non-profit business enterprises until guidelines for such use are approved by the Joint Committee on the Library.

ARCHITECT OF THE CAPITOL

LIBRARY BUILDINGS AND GROUNDS

STRUCTURAL AND MECHANICAL CARE

For all necessary expenses for the mechanical and structural maintenance, care and operation of the Library buildings and grounds, $6,741,000, of which $365,000 shall remain available until expended.

COPYRIGHT ROYALTY TRIBUNAL

SALARIES AND EXPENSES

For necessary expenses of the Copyright Royalty Tribunal, $662,000, of which $533,000 shall be derived by collections from the appropriation "Payments to Copyright Owners" for the reasonable costs incurred in proceedings involving distribution of royalty fees as provided by 17 U.S.C. 807.

GOVERNMENT PRINTING OFFICE

OFFICE OF SUPERINTENDENT OF DOCUMENTS

SALARIES AND EXPENSES

For necessary expenses of the Office of Superintendent of Documents, including compensation of all employees in accordance with the provisions of 44 U.S.C. 305; travel expenses (not to exceed $117,000); price lists and bibliographies; repairs to buildings, elevators, and machinery; and supplying publications to the Depository Library and International Exchange Programs, $24,662,000, of which $5,500,000 representing excess receipts from the sale of publications shall be derived from the Government Printing Office revolving fund: Provided, That $300,000 of this appropriation shall be apportioned for use pursuant to section 3679 of the Revised Statutes, as amended (31 U.S.C. 1512), with the approval of the Public Printer, only to the extent necessary to provide for expenses (excluding permanent personal services) for workload increases not anticipated in the budget estimates and which cannot be provided for by normal budgetary adjustments.

GOVERNMENT PRINTING OFFICE REVOLVING FUND

The Government Printing Office is hereby authorized to make such expenditures, within the limits of funds available and in accord with the law, and to make such contracts and commitments without regard to fiscal year limitations as provided by section 104 of the Government Corporation Control Act, as amended, as may be necessary in carrying out the programs and purposes set forth in the budget for the current fiscal year for the "Government Printing Office revolving fund": Provided, That not to exceed $5,000 may be expended on the certification of the Public Printer in connection with official representation and reception expenses: Provided further, That during the current fiscal year the revolving fund shall be available for the hire of eight passenger motor vehicles: Provided further, That expenditures in connection with travel expenses of the advisory councils to the Public Printer shall be deemed necessary to carry out the provisions of title 44, United States Code: Provided further, That the revolving fund shall be available for services as authorized by 5 U.S.C. 3109 but at rates for individuals not to exceed the per diem rate equivalent to the rate for grade GS-18: Provided further, That the revolving fund shall be available to acquire needed land, located in Northwest D.C., which is adjacent to the present Government Printing Office, and is bounded by Massachusetts Avenue and the southern property line of the Government Printing Office, between North Capitol Street and First Street. The land to be purchased is identified as Parcels 45-D, 45-E, 45-F, and 47-A in Square 625, and includes the alleys adjacent to these parcels, and G Street, N.W. from North Capitol Street to First Street: Provided further, That the revolving fund and the funds provided under the paragraph entitled "Office of Superintendent of Documents, Salaries and expenses" together may not be available for the full-time equivalent employment of more than 5,237 workyears.

ADMINISTRATIVE PROVISION

SEC. 205. Funds authorized to be expended by the Government Printing Office for fiscal year 1988, not to exceed $55,000, shall be available without regard to the 25 per centum limitation of section 322 of the Economy Act of June 30, 1932, as amended, for the repair, alteration, and improvement of rented premises.

GENERAL ACCOUNTING OFFICE

SALARIES AND EXPENSES

For necessary expenses of the General Accounting Office, including not to exceed $5,000 to be expended on the certification of the Comptroller General of the United States in connection with official representation and reception expenses; services as authorized by 5 U.S.C. 3109 but at rates for individuals not to exceed the per diem rate equivalent to the rate for grade GS-18; hire of one passenger motor vehicle; advance payments in foreign countries in accordance with 31 U.S.C. 3324; benefits comparable to those payable under sections 901(5), 901(6) and 901(8) of the Foreign Service Act of 1980 (22 U.S.C. 4081(5), 4081(6) and 4081(8), respectively); and under regulations prescribed by the Comptroller General of the United States, rental of living quarters in foreign countries and travel benefits comparable with those which are now or hereafter may be granted single employees of the Agency for International Development, including single Foreign Service personnel assigned to A.I.D. projects, by the Administrator of the Agency for International Development—or his designee—under the authority of section 636(b) of the Foreign Assistance Act of 1961 (22 U.S.C. 2396(b)); $329,847,000: Provided, That this appropriation and appropriations for administrative expenses of any other department or agency which is a member of the Joint Financial Management Improvement Program (JFMIP) shall be available to finance an appropriate share of JFMIP costs as determined by the JFMIP, including but not limited to the salary of the Executive Director and secretarial support: Provided further, That this appropriation and appropriations for administrative expenses of any other department or agency which is a member of the National Intergovernmental Audit Forum or a Regional Intergovernmental Audit Forum shall be available to finance an appropriate share of Forum costs as determined by the Forum, including necessary travel expenses of non-Federal participants. Payments hereunder to either the Forum or the JFMIP may be credited as reimbursements to any appropriation from which costs involved are initially financed: Provided further, That this appropriation and appropriations for administrative expenses of any other department or agency which is a member of the American Consortium on International Public Administration (ACIPA) shall be available to finance an appropriate share of ACIPA costs as determined by the ACIPA, including any expenses attributable to membership of ACIPA in the International Institute of Administrative Sciences: Provided further, That this appropriation shall be available to finance a portion, not to exceed $50,000 of the costs of the Governmental Accounting Standards Board: Provided further, That $50,000 of this appropriation shall be available for the expenses of planning the triennial Congress of the International Organization of Supreme Audit Institutions (INTOSAI) to be hosted by the United States General Accounting Office in Washington, D.C., in 1992, to the extent that such expenses cannot be met from the trust authorized below: Provided further, That the General Accounting Office is authorized to solicit and accept contributions (including contributions from INTOSAI), to be held in trust, which shall be available without fiscal year limitation for the planning, administration, and such other expenses as the Comptroller General deems necessary to act as the sponsor of the aforementioned triennial Congress of INTOSAI. Moneys in the trust not to exceed $10,000 shall be available upon the request of the Comptroller General to be expended for the purposes of the trust.

TITLE III—GENERAL PROVISIONS

SEC. 301. No part of the funds appropriated in this Act shall be used for the maintenance or care of private vehicles, except for emergency assistance and cleaning as may be provided under regulations relating to parking facilities for the House of Representatives issued by the Committee on House Administration or for the Senate issued by the Committee on Rules and Administration.

SEC. 302. No part of any appropriation contained in this Act shall remain available for obligation beyond the current fiscal year unless expressly so provided herein.

SEC. 303. Whenever any office or position not specifically established by the Legislative Pay Act of 1929 is appropriated for herein or whenever the rate of compensation or designation of any position appropriated for herein is different from that specifically established for such position by such Act, the rate of compensation and the designation of the position, or either, appropriated for or provided herein, shall be the permanent law with respect thereto: Provided, That the provisions herein for the various items of official expenses of Members, officers, and committees of the Senate and House, and clerk hire for Senators and Members shall be the permanent law with respect thereto.

SEC. 304. The expenditure of any appropriation under this Act for any consulting service through procurement contract, pursuant to 5 U.S.C. 3109, shall be limited to those contracts where such expenditures are a matter of public record and available for public inspection, except where otherwise provided under existing law, or under existing Executive order issued pursuant to existing law.

SEC. 305. (a) The Architect of the Capitol, in consultation with the heads of the agen-

cies of the legislative branch, shall develop an overall plan for satisfying the telecommunications requirements of such agencies, using a common system architecture for maximum interconnection capability and engineering compatibility. The plan shall be subject to joint approval by the Committee on House Administration of the House of Representatives and the Committee on Rules and Administration of the Senate, and, upon approval, shall be communicated to the Committee on Appropriations of the House of Representatives and the Committee on Appropriations of the Senate. No part of any appropriation in this Act or any other Act shall be used for acquisition of any new or expanded telecommunications system for an agency of the legislative branch, unless, as determined by the Architect of the Capitol, the acquisition is in conformance with the plan, as approved.

(b) As used in this section—

(1) the term "agency of the legislative branch" means, the office of the Architect of the Capitol, the Botanic Garden, the General Accounting Office, the Government Printing Office, the Library of Congress, the Office of Technology Assessment, and the Congressional Budget Office; and

(2) the term "telecommunications system" means an electronic system for voice, data, or image communication, including any associated cable and switching equipment.

Sec. 306. Hereafter, for purposes of the Balanced Budget and Emergency Deficit Control Act of 1985 (Public Law 99-177), as amended, the term "program, project, and activity" shall be synonymous with each appropriation account in this Act, except that the accounts under the general heading "House of Representatives" shall be considered one appropriation account and one "program, project, and activity", and the accounts under the general heading "Senate" shall be considered one appropriation account and one "program, project, and activity".

Sec. 307. (a) Notwithstanding section 105 of title 4, United States Code, or any other provision of law, no person shall be required to pay, collect, or account for any sales, use, or similar excise tax, or any personal property tax, with respect to an essential support activity or function conducted by a nongovernmental person in the Capitol, the House Office Buildings, the Senate Office Buildings, the Capitol Grounds, or any other location under the control of the Congress in the District of Columbia.

(b) As used in this section—

(1) the term "essential support activity or function" means a support activity or function so designated by the Committee on House Administration of the House of Representatives or the Committee on Rules and Administration of the Senate, acting jointly or separately, as appropriate;

(2) the term "personal property tax" means a tax of a State, a subdivision of a State, or any other authority of a State, that is levied on, levied with respect to, or measured by, the value of personal property;

(3) the term "sales, use, or similar excise tax" means a tax of a State, a subdivision of a State, or any other authority of a State, that is levied on, levied with respect to, or measured by, sales, receipts from sales, or purchases, or by storage, possession, or use of personal property; and

(4) the term "State" means a State of the United States, the District of Columbia, or a territory or possession of the United States.

(c) This section shall apply to any sale, receipt, purchase, storage, possession, use, or valuation taking place after December 31, 1986.

Sec. 308. (a) Notwithstanding any other provision of law, the pay for positions described in subsection (b) shall be the amounts specified for such positions in appropriations Acts.

(b) The positions referred to in subsection (a) are: (1) the two positions of assistant referred to in the proviso in the first undesignated paragraph under the center subheadings "Office of the Architect of the Capitol" and "Salaries" in the Legislative Branch Appropriation Act, 1971 (40 U.S.C. 164a), and (2) the seven positions provided for in the third and fourth undesignated paragraphs under the center subheadings "Office of the Architect of the Capitol" and "Salaries" in the Legislative Branch Appropriation Act, 1960 (40 U.S.C. 166b-3).

(c) The pay for each position described in subsection (b) shall be the pay payable for such position with respect to the last pay period before this section takes effect, subject to any applicable adjustment during fiscal year 1988 under, or by reference to any applicable adjustment during fiscal year 1988 under, subchapter I of chapter 53 of title 5, United States Code.

(d) This section shall apply in fiscal years beginning after September 30, 1987, with respect to pay periods beginning after the date of the enactment of this Act.

Sec. 309. (a) None of the funds appropriated for fiscal year 1988 by this Act or any other law may be obligated or expended by any entity of the executive branch for the procurement from commercial sources of any printing related to the production of Government publications (including forms), unless such procurement is by or through the Government Printing Office.

(b) Subsection (a) does not apply to (1) individual printing orders costing not more than $1,000, if the work is not of a continuing or repetitive nature, (2) printing for the Central Intelligence Agency, the Defense Intelligence Agency, or the National Security Agency, or (3) printing from commercial sources that is specifically authorized by law or is of a kind that has not been routinely procured by or through the Government Printing Office.

(c) As used in this section, the term "printing" means the process of composition, platemaking, presswork, binding, and microform, and the end items of such processes.

Sec. 310. The provision of law which was derived from section 80 of the Revised Statutes and which currently is carried as the second sentence of section 131 of title 2, United States Code, is hereby repealed.

Sec. 311. (a) The first sentence of section 4(a) of Public Law 91-656 (2 U.S.C. 60a-1) is amended by striking out the period at the end and inserting "and adjust the rates of such personnel by such amounts as necessary to restore the same pay relationships that existed on December 31, 1986, between personnel and Senators and between positions.".

(b) Section 4(b) of such public law is amended by striking out the period at the end and inserting ", except in cases in which it is necessary to restore and maintain the same pay relationships that existed on December 31, 1986, between personnel and Senators and between positions.".

(c) Notwithstanding any other provision of this Act or any other provision of law, subsections (a) and (b) of this section shall be effective in the case of pay orders issued by the President pro tempore of the Senate on or after January 1, 1988.

(d) Notwithstanding any other provison of this Act, or any other provison of law, rule, or regulation, hereafter each time the President pro tempore of the Senate exercises any authority pursuant to any of the amendments made by this section with respect to rates of pay or any other matters relating to personnel whose pay is disbursed by the Secretary of the Senate, the Speaker of the House of Representatives may, with respect to personnel whose pay is disbursed by the Clerk of the House of Representatives, exercise the same authority to the extent necessary to ensure parity of treatment between personnel of the respective Houses of Congress having comparable duties and responsibilities.

This Act may be cited as the "Legislative Branch Appropriations Act, 1988".

And the Senate agree to the same.

Amendment numbered 11:

That the House recede from its disagreement to the amendment of the Senate numbered 11, and agree to the same with an amendment, as follows:

In lieu of the matter stricken and inserted by said amendment, insert the following:

(j) Such amounts as may be necessary for programs, projects or activities provided for in the Military Construction Appropriations Act, 1988, at a rate of operations and to the extent and in the manner provided for, the provisions of such Act to be effective as if it had been enacted into law as the regular appropriations Act, as follows:

AN ACT

Making appropriations for military construction for the Department of Defense for the fiscal year ending September 30, 1988, and for other purposes.

Military Construction, Army

(including rescissions)

For acquisition, construction, installation, and equipment of temporary or permanent public works, military installations, facilities, and real property for the Army as currently authorized by law, and for construction and operation of facilities in support of the functions of the Commander-in-Chief, $977,590,000, to remain available until September 30, 1992: Provided, That of this amount, not to exceed $120,120,000 shall be available for study, planning, design, architect and engineer services, as authorized by law, unless the Secretary of Defense determines that additional obligations are necessary for such purposes and notifies the Committees on Appropriations of both Houses of Congress of his determination and the reasons therefor: Provided further, That of the funds appropriated for "Military Construction, Army" under Public Law 98-473, $6,800,000 is hereby rescinded: Provided further, That of the funds appropriated for "Military Construction, Army" under Public Law 99-173, $28,000,000 is hereby rescinded.

Military Construction, Navy

(including rescissions)

For acquisition, construction, installation, and equipment of temporary or permanent public works, naval installations, facilities, and real property for the Navy as currently authorized by law, including personnel in the Naval Facilities Engineering Command and other personal services necessary for the purposes of this appropriation, $1,417,311,000, to remain available until September 30, 1992: Provided, That of this amount, not to exceed $130,000,000 shall be available for study, planning, design, architect and engineer services, as authorized by law, unless the Secretary of Defense deter-

mines that additional obligations are necessary for such purposes and notifies the Committees on Appropriations of both Houses of Congress of his determination and the reasons therefor: Provided further, That of the funds appropriated for "Military Construction, Navy" under Public Law 98-473, $6,800,000 is hereby rescinded: Provided further, That of the funds appropriated for "Military Construction, Navy" under Public Law 99-173, $19,400,000 is hereby rescinded.

MILITARY CONSTRUCTION, AIR FORCE

(INCLUDING RESCISSIONS)

For acquisition, construction, installation, and equipment of temporary or permanent public works, military installations, facilities, and real property for the Air Force as currently authorized by law, $1,241,254,000, to remain available until September 30, 1992: Provided, That of this amount, not to exceed $115,000,000 shall be available for study, planning, design, architect and engineer services, as authorized by law, unless the Secretary of Defense determines that additional obligations are necessary for such purposes and notifies the Committees on Appropriations of both Houses of Congress of his determination and the reasons therefor: Provided further, That of the funds appropriated for "Military Construction, Air Force" under Public Law 98-473, $6,300,000 is hereby rescinded: Provided further, That of the funds appropriated for "Military Construction, Air Force" under Public Law 99-173, $18,500,000 is hereby rescinded: Provided further, That none of the funds appropriated for planning, design, or construction of military facilities or family housing may be used to support the relocation of the 401st Tactical Fighter Wing from Spain to another country.

MILITARY CONSTRUCTION, DEFENSE AGENCIES

(INCLUDING TRANSFER OF FUNDS)

(INCLUDING RESCISSIONS)

For acquisition, construction, installation, and equipment of temporary or permanent public works, installations, facilities, and real property for activities and agencies of the Department of Defense (other than the military departments), as currently authorized by law, $558,446,000, to remain available until September 30, 1992: Provided, That such amounts of this appropriation as may be determined by the Secretary of Defense may be transferred to such appropriations of the Department of Defense available for military construction as he may designate, to be merged with and to be available for the same purposes, and for the same time period, as the appropriation or fund to which transferred: Provided further, That of the amount appropriated, not to exceed $55,000,000 shall be available for study, planning, design, architect and engineer services, as authorized by law, unless the Secretary of Defense determines that additional obligations are necessary for such purposes and notifies the Committees on Appropriations of both Houses of Congress of his determination and the reasons therefor: Provided further, That of the funds appropriated for "Military Construction, Defense Agencies" under Public Law 98-473, $1,900,000 is hereby rescinded: Provided further, That of the funds appropriated for "Military Construction, Defense Agencies" under Public Law 99-173, $5,300,000 is hereby rescinded.

NORTH ATLANTIC TREATY ORGANIZATION INFRASTRUCTURE

(INCLUDING RESCISSION)

For the United States share of the cost of North Atlantic Treaty Organization Infrastructure programs for the acquisition and construction of military facilities and installations (including international military headquarters) and for related expenses for the collective defense of the North Atlantic Treaty Area as authorized in military construction Acts and section 2806 of title 10, United States Code, $381,000,000, to remain available until expended: Provided, That of the funds appropriated for "North Atlantic Treaty Organization Infrastructure" under Public Law 99-173, $8,000,000 is hereby rescinded.

MILITARY CONSTRUCTION, ARMY NATIONAL GUARD

(INCLUDING RESCISSION)

For construction, acquisition, expansion, rehabilitation, and conversion of facilities for the training and administration of the Army National Guard, and contributions therefor, as authorized by chapter 133 of title 10, United States Code, and military construction authorization Acts, $184,405,000, to remain available until September 30, 1992: Provided, That of the funds appropriated for "Military Construction, Army National Guard" under Public Law 99-173, $2,500,000 is hereby rescinded.

MILITARY CONSTRUCTION, AIR NATIONAL GUARD

(INCLUDING RESCISSIONS)

For construction, acquisition, expansion, rehabilitation, and conversion of facilities for the training and administration of the Air National Guard, and contributions therefor, as authorized by chapter 133 of title 10, United States Code, and military construction authorization Acts, $151,291,000, to remain available until September 30, 1992: Provided, That of the funds appropriated for "Military Construction, Air National Guard" under Public Law 98-473, $200,000 is hereby rescinded: Provided further, That of the funds appropriated for "Military Construction, Air National Guard" under Public Law 99-173, $3,300,000 is hereby rescinded.

MILITARY CONSTRUCTION, ARMY RESERVE

(INCLUDING RESCISSION)

For construction, acquisition, expansion, rehabilitation, and conversion of facilities for the training and administration of the Army Reserve as authorized by chapter 133 of title 10, United States Code, and military construction authorization Acts, $95,100,000, to remain available until September 30, 1992: Provided, That of the funds appropriated for "Military Construction, Army Reserve" under Public Law 99-173, $1,800,000 is hereby rescinded.

MILITARY CONSTRUCTION, NAVAL RESERVE

(INCLUDING RESCISSION)

For construction, acquisition, expansion, rehabilitation, and conversion of facilities for the training and administration of the reserve components of the Navy and Marine Corps as authorized by chapter 133 of title 10, United States Code, and military construction authorization Acts, $73,737,000, to remain available until September 30, 1992: Provided, That of the funds appropriated for "Military Construction, Naval Reserve" under Public Law 99-173, $1,200,000 is hereby rescinded.

MILITARY CONSTRUCTION, AIR FORCE RESERVE

(INCLUDING RESCISSIONS)

For construction, acquisition, expansion, rehabilitation, and conversion of facilities for the training and administration of the Air Force Reserve as authorized by chapter 133 of title 10, United States Code, and military construction authorization Acts, $79,300,000, to remain available until September 30, 1992: Provided, That of the funds appropriated for "Military Construction, Air Force Reserve" under Public Law 98-473, $200,000 is hereby rescinded: Provided further, That of the funds appropriated for "Military Construction, Air Force Reserve" under Public Law 99-173, $1,800,000 is hereby rescinded.

FAMILY HOUSING, ARMY

(INCLUDING RESCISSIONS)

For expenses of family housing for the Army for construction, including acquisition, replacement, addition, expansion, extension and alteration and for operation and maintenance, including debt payment, leasing, minor construction, principal and interest charges, and insurance premiums, as authorized by law, as follows: for Construction, $305,890,000; for Operation and maintenance, and for debt payment, $1,255,121,000; in all $1,561,011,000: Provided, That the amount provided for construction shall remain available until September 30, 1992: Provided further, That of the funds appropriated for "Family Housing, Army" under Public Law 98-473, $900,000 is hereby rescinded: Provided further, That of the funds appropriated for "Family Housing, Army" under Public Law 99-173, $19,400,000 is hereby rescinded.

FAMILY HOUSING, NAVY AND MARINE CORPS

(INCLUDING RESCISSIONS)

For expenses of family housing for the Navy and Marine Corps for construction, including acquisition, replacement, addition, expansion, extension and alteration and for operation and maintenance, including debt payment, leasing, minor construction, principal and interest charges, and insurance premiums, as authorized by law, as follows: for Construction, $237,914,000; for Operation and maintenance, and for debt payment, $530,028,000; in all $767,942,000: Provided, That the amount provided for construction shall remain available until September 30, 1992: Provided further, That of the funds appropriated for "Family Housing, Navy and Marine Corps" under Public Law 98-473, $400,000 is hereby rescinded: Provided further, That of the funds appropriated for "Family Housing, Navy and Marine Corps" under Public Law 99-173, $8,800,000 is hereby rescinded.

FAMILY HOUSING, AIR FORCE

(INCLUDING RESCISSIONS)

For expenses of family housing for the Air Force for construction, including acquisition, replacement, addition, expansion, extension and alteration and for operation and maintenance, including debt payment, leasing, minor construction, principal and interest charges, and insurance premiums, as authorized by law, as follows: for Construction, $152,310,000; for Operation and maintenance, and for debt payment, $691,983,000; in all $844,293,000: Provided, That the amount provided for construction shall remain available until September 30, 1992: Provided further, That of the funds appropriated for "Family Housing, Air Force" under Public Law 98-473, $2,400,000 is hereby rescinded: Provided further, That of the funds appropriated for "Family Housing, Air Force" under Public Law 99-173, $12,300,000 is hereby rescinded.

FAMILY HOUSING, DEFENSE AGENCIES

For expenses of family housing for the activities and agencies of the Department of Defense (other than the military depart-

ments) for construction, including acquisition, replacement, addition, expansion, extension and alteration and for operation and maintenance, leasing, and minor construction, as authorized by law, as follows: for Construction, $1,186,000; for Operation and maintenance, $19,514,000; in all $20,700,000: Provided, That the amount provided for construction shall remain available until September 30, 1992.

HOMEOWNERS ASSISTANCE FUND, DEFENSE

For use in the Homeowners Assistance Fund established pursuant to section 1013(d) of the Demonstration Cities and Metropolitan Development Act of 1966 (Public Law 89-754, as amended), $2,800,000.

FOREIGN CURRENCY FLUCTUATIONS, CONSTRUCTION, DEFENSE

For foreign currency fluctuations, construction, Defense, $85,000,000, to remain available until expended.

GENERAL PROVISIONS

SEC. 101. None of the funds appropriated in this Act shall be expended for payments under a cost-plus-a-fixed-fee contract for work, where cost estimates exceed $25,000, to be performed within the United States, except Alaska, without the specific approval in writing of the Secretary of Defense setting forth the reasons therefor.

SEC. 102. Funds herein appropriated to the Department of Defense for construction shall be available for hire of passenger motor vehicles.

SEC. 103. Funds appropriated to the Department of Defense for construction may be used for advances to the Federal Highway Administration, Department of Transportation, for the construction of access roads as authorized by section 210 of title 23, United States Code, when projects authorized therein are certified as important to the national defense by the Secretary of Defense.

SEC. 104. None of the funds appropriated in this Act may be used to begin construction of new bases inside the continental United States for which specific appropriations have not been made.

SEC. 105. No part of the funds provided in this Act shall be used for purchase of land or land easements in excess of 100 per centum of the value as determined by the Corps of Engineers or the Naval Facilities Engineering Command, except; (a) where there is a determination of value by a Federal court, or (b) purchases negotiated by the Attorney General or his designee, or (c) where the estimated value is less than $25,000, or (d) as otherwise determined by the Secretary of Defense to be in the public interest.

SEC. 106. None of the funds appropriated in this Act shall be used to (1) acquire land, (2) provide for site preparation, or (3) install utilities for any family housing, except housing for which funds have been made available in annual military construction appropriation Acts.

SEC. 107. None of the funds appropriated in this Act for minor construction may be used to transfer or relocate any activity from one base or installation to another, without prior notification to the Committees on Appropriations.

SEC. 108. No part of the funds appropriated in this Act may be used for the procurement of steel for any construction project or activity for which American steel producers, fabricators, and manufacturers have been denied the opportunity to compete for such steel procurement.

SEC. 109. No part of the funds appropriated in this Act for dredging in the Indian Ocean may be used for the performance of the work by foreign contractors: Provided, That the low responsive and responsible bid of a United States contractor does not exceed the lowest responsive and responsible bid of a foreign contractor by greater than 20 per centum.

SEC. 110. None of the funds available to the Department of Defense for military construction or family housing during the current fiscal year may be used to pay real property taxes in any foreign nation.

SEC. 111. No part of the funds appropriated in this Act may be used to pay the compensation of an officer of the Government of the United States or to reimburse a contractor for the employment of a person for work in the continental United States by any such person if such person is an alien who has not been lawfully admitted to the United States.

SEC. 112. The expenditure of any appropriation under this Act for any consulting service through procurement contract, pursuant to 5 U.S.C. 3109, shall be limited to those contracts where such expenditures are a matter of public record and available for public inspection, except where otherwise provided under existing law, or under existing Executive order issued pursuant to existing law.

SEC. 113. None of the funds in this Act may be used to initiate a new installation overseas without prior notification to the Committees on Appropriations.

SEC. 114. None of the funds appropriated in this Act may be obligated for architect and engineer contracts estimated by the Government to exceed $500,000 for projects to be accomplished in Japan or in any NATO member country, unless such contracts are awarded to United States firms or United States firms in joint venture with host nation firms.

SEC. 115. None of the funds appropriated in this Act for military construction in the United States territories and possessions in the Pacific and on Kwajalein Island may be used to award any contract estimated by the Government to exceed $1,000,000 to a foreign contractor: Provided, That this section shall not be applicable to contract awards for which the lowest responsive and responsible bid of a United States contractor exceeds the lowest responsive and responsible bid of a foreign contractor by greater than 20 per centum.

SEC. 116. The Secretary of Defense is to inform the Committees on Appropriations and Committees on Armed Services of the plans and scope of any proposed military exercise involving United States personnel 30 days prior to its occurring, if amounts expended for construction, either temporary or permanent, are anticipated to exceed $100,000.

(TRANSFER OF FUNDS)

SEC. 117. Unexpended balances in the Military Family Housing Management Account established pursuant to section 2831 of title 10, United States Code, as well as any additional amounts which would otherwise be transferred to the Military Family Housing Management Account during fiscal year 1988, shall be transferred to the appropriations for Family Housing provided in this Act, as determined by the Secretary of Defense, based on the sources from which the funds were derived, and shall be available for the same purposes, and for the same time period, as the appropriation to which they have been transferred.

SEC. 118. Not more than 20 per centum of the appropriations in this Act which are limited for obligation during the current fiscal year shall be obligated during the last two months of the fiscal year.

(TRANSFER OF FUNDS)

SEC. 119. Funds appropriated to the Department of Defense for construction in prior years are hereby made available for construction authorized for each such military department by the authorizations enacted into law during the first session of the One Hundredth Congress.

SEC. 120. The Secretary of Defense is to provide the Committees on Appropriations of the Senate and the House of Representatives with a report by February 15, 1988, containing details of the specific actions proposed to be taken by the Department of Defense during fiscal year 1988 to encourage other member nations of the North Atlantic Treaty Organization and Japan to assume a greater share of the common defense burden of such nations and the United States.

SEC. 121. For military construction or family housing projects that are being completed with funds otherwise expired or lapsed for obligation, expired or lapsed funds may be used to pay the cost of associated supervision, inspection, overhead, engineering and design on those projects and on subsequent claims, if any.

SEC. 122. Notwithstanding any other provision of law, the Secretary of the Air Force is required to maintain legislative liaison to the House and Senate Appropriations Subcommittees on Military Construction and budgetary and fiscal management of the Military Construction and Military Family Housing appropriations in a manner identical to the method employed as of September 30, 1986.

SEC. 123. Notwithstanding any other provision of law, including the certification requirements provided in section 210 of title 23, United States Code, the Secretary of Defense is directed to provide for the design of access roads for the New Cumberland Army Depot, Pennsylvania and for the Tobyhanna Army Depot, Pennsylvania, as well as design of replacement bridges at Broad Creek and at Gales Creek on North Carolina Highway 24, within funds provided in this Act.

SEC. 124. None of the funds appropriated in this Act for planning and design activities may be used to initiate design of the Pentagon Annex.

SEC. 125. None of the funds appropriated by this or any other Act for the Department of Defense may be obligated or expended for the National Test Bed Components of the National Test Facility at Falcon Air Station, Colorado, until the Strategic Defense Initiative Organization (SDIO) has begun the development of the Phase One Strategic Defense System (SDS) Architecture and the Follow-on Strategic Defense System Architecture and the Committees on Appropriations of the Senate and the House of Representatives have thereafter received an interim report from SDIO on the Phase One System Architecture and follow-on architecture that the National Test Facility will be testing and evaluating; and until SDIO has provided a detailed report to the Committees on Appropriations of the Senate and the House of Representatives on the capability of the National Test Facility and the other components of the National Test Bed to produce the simulation, evaluation, and demonstration data needed to determine whether a proposed ballistic missile defense system satisfies the criteria of technical feasibility, cost-effectiveness at the margin, and survivability: Provided, That, none of the *funds appropriated by this or any other Act for the National Test Facility or any other components of the National Test Bed may be used to provide any operational battle management, command, control or communications capabilities for an early deployment of a ballistic missile defense system: Provided further, That, the goal of the National Test Facility and other components of the National Test Bed shall be to simulate, evaluate, and demonstrate architectures and technologies that are technically feasible, cost effective at the margin, and survivable.*

SEC. 126. None of the funds appropriated in this Act may be obligated or expended for the purpose of transferring any equipment, operation, or personnel from the Edgewood Arsenal, Maryland, to any other facility during fiscal year 1988.

SEC. 127. In addition to the purposes for which it is now available, the property account established by section 12(b) of the Act of January 2, 1976, as amended (43 U.S.C. 1611 note) shall be available hereafter for purposes involving any public sale of property by any agency of the United States, including the Department of Defense, or any element thereof.

SEC. 128. Of the amounts appropriated by this Act for "Family Housing, Navy and Marine Corps", not to exceed $150,000 shall be available to liquidate obligations incurred for debt payment during fiscal year 1986.

SEC. 129. (a) Subject to subsections (b) through (d), the Secretary of the Army is authorized to convey to the city of New York, New York, all right, title, and interest of the United States in and to its 7 acre parcel of land in the Brooklyn Navy Yard, Brooklyn, New York.

(b) In consideration for the conveyance by the Secretary under subsection (a), the city of New York shall pay to the United States the fair market value, as determined by the Secretary, of the property to be conveyed.

(c) The Secretary shall include in the deed of conveyance a condition that the United States may reenter and use the property without compensation in the event of war or other national emergency declared by the President or Congress.

(d) The Secretary may require such additional terms and conditions under this section as the Secretary considers appropriate to protect the interests of the United States.

SEC. 130. (a) Subject to subsections (b) through (f), the Secretary of the Army (hereinafter in this section referred to as the "Secretary") is authorized to convey to the State of New Jersey (hereinafter in this section referred to as the "State"), and the city of Jersey City, New Jersey (hereinafter in this section referred to as the "City"), all right, title, and interest of the United States in and to a tract of land located in Jersey City, New Jersey, consisting of approximately 40 acres of unimproved real property, comprising a portion of the United States Army Reserve Center, Caven Point, New Jersey.

(b)(1) The conveyance authorized by subsection (a) shall be subject to the following conditions—

(A) that the City convey to the United States a tract of unimproved real property consisting of approximately 9 acres, located immediately adjacent to the Caven Point Army Reserve Center's northeast boundary;

(B) that the State and City stabilize approximately 30 acres of real property west of the proposed highway; and

(C) that the State and City remove and store the existing railroad track.

(2) If the fair market value (as determined by the Secretary) of the real property conveyed by the United States to the State and City under subsection (a) exceeds the sum of fair market values (as determined by the Secretary) of the real property conveyed by the City to the United States and the improvements made by the State and the City, the State and City shall pay the amount of the difference to the Secretary.

(c) The exact acreages and legal description of properties to be conveyed under subsections (a) and (b) shall be determined by surveys that are satisfactory to the Secretary. The cost of any surveys shall be borne by the State and City.

(d) The Secretary may require such additional terms and conditions as the Secretary considers appropriate to carry out the provisions of this section and to protect the interests of the United States.

(e)(1) The Secretary may use any funds paid to the Secretary by the State and City in accordance with subsection (b)(2) to repair, expand, and improve, or replace the United States Army Reserve Center facilities at Caven Point, New Jersey, whichever is most cost-effective.

(2) The Secretary shall deposit any remaining funds into miscellaneous receipts of the Treasury.

(f) This section shall be implemented in accordance with an agreement to be entered into by the Secretary, the State, and the City.

SEC. 131. (a) AUTHORITY TO CONVEY.—Subject to subsections (b) through (f), the Secretary of the Navy may convey to the City of San Diego, California, all right, title, and interest of the United States in and to three parcels of real property (including improvements thereon) comprising approximately 680 acres located in the Mission Trails Regional Park area of the City of San Diego, California.

(b) CONSIDERATION.—In consideration for the conveyance authorized by subsection (a), the City of San Diego shall pay to the United States the fair market value, as determined by the Secretary, of the property to be conveyed by the United States.

(c) USE OF FUNDS.—(1) The Secretary may use proceeds from the sale of property under this section solely for the purpose of acquiring suitable sites for military family housing or constructing military family housing units, or both, in the San Diego area.

(2) Any funds received by the Secretary under this section and not used for the acquisition of a site for military family housing or the construction of military family housing units within 60 months after the receipt of such funds shall be deposited into the general fund of the Treasury.

(d) LEGAL DESCRIPTION OF LAND.—The exact acreages and legal description of the property to be conveyed under this section shall be determined by surveys satisfactory to the Secretary. The cost of any such survey shall be borne by the city.

(e) NOTIFICATION.—The Secretary may not enter into any contract under this section to—

"(1) convey any property;

"(2) acquire a site for military family housing; or

"(3) construct housing,

until after the 21-day period beginning on the date on which the Secretary transmits to the Committees on Armed Services and the Committees on Appropriations of the Senate and House of Representatives a report of the details of the contract.

(f) ADDITIONAL TERMS AND CONDITIONS.—The Secretary may require such additional terms and conditions under this section as the Secretary considers appropriate to protect the interest of the United States.

(g) AMENDMENTS.—Section 833 of the Military Construction Authorization Act, 1986 (Public Law 99-167), is amended—

(1) in subsection (d)(1), by inserting the following before the period: "or constructing military family housing, or both";

(2) in subsection (d)(2), by striking out "within 30 months" and inserting in lieu thereof "or constructing military family housing within 60 months"; and

(3) by adding at the end the following new subsection:

"(g) NOTIFICATION.—After the date of the enactment of this subsection, the Secretary may not enter into any contract under this section to—

"(1) convey any property;

"(2) acquire a site for military family housing; or

"(3) construct housing,

until after the 21-day period beginning on the date on which the Secretary transmits to the Committees on Armed Services and the Committees on Appropriations of the Senate and House of Representatives a report of the details of the contract.".

(h) LIMITATION.—The total number of military family housing units constructed under this section and under section 833 of the Military Construction Authorization Act, 1986 (Public Law 99-167) shall not exceed 300 units.

SEC. 132. (a) AUTHORITY TO EXCHANGE REAL PROPERTY.—Subject to subsections (b) through (d), the Secretary of the Army may transfer to the City of Copperas Cove, Texas, approximately 112 acres of real property (including improvements thereon) at Fort Hood, Texas, in exchange for approximately 600 acres of real property (including improvements thereon) which are of at least equal value to the property being transferred by the Secretary.

(b) DESCRIPTION OF REAL PROPERTY.—The exact acreage and legal description of the property to be conveyed under subsection (a) shall be determined by surveys that are satisfactory to the Secretary. The cost of any such survey shall be borne by the City.

(c) REPORT.—The Secretary may not transfer any property under this section until after the 21-day period beginning on the date on which the Secretary transmits a report of the details of such transfer to the Committees on Armed Services and the Committees on Appropriations of the Senate and the House of Representatives.

(d) ADDITIONAL TERMS AND CONDITIONS.—The Secretary may require such additional terms and conditions as the Secretary considers appropriate to protect the interests of the United States in any transfer made under this section.

SEC. 133. (a) AUTHORITY TO CONVEY.—Subject to subsection (b), the Secretaries of the Army and Navy may convey, without consideration, to the State of North Carolina all right, title, and interest of the United States in and to—

(1) approximately 51 acres of real property, with improvements thereon, located in the FARTC area of Ft. Bragg, North Carolina; and

(2) approximately 50 acres of real property, with improvements thereon, located in the Montford Point/Camp Johnson area of Camp Lejeune, North Carolina.

(b) CONDITIONS.—(1) The conveyances authorized by subsection (a) shall be subject to the condition that the properties conveyed

by the Secretaries be used by the State to establish State veterans' cemeteries.

(2) If either of the properties conveyed pursuant to subsection (a) is not used for the purpose described in paragraph (1), all right, title, and interest in and to such property shall revert at no cost to the United States, which shall have the right of immediate entry thereon.

(c) LEGAL DESCRIPTION OF LAND.—The exact acreage and legal description of the properties to be conveyed under subsection (a) shall be determined by surveys that are satisfactory to the Secretaries. The cost of such surveys shall be borne by the State.

(d) ADDITIONAL TERMS AND CONDITIONS.—The Secretaries may require such other terms and conditions with respect to the conveyances authorized by this section as the Secretaries consider appropriate to protect the interests of the United States.

SEC. 134. Notwithstanding any other provision of this or of any other law, any limitation on the obligation or expenditure of funds appropriated for fiscal year 1987 for military construction for homeporting at Everett, Washington, shall not apply unless such limitation was expressly stated in a law which was enacted on or before September 30, 1987.

SEC. 135. (a) In addition to other military construction projects and land acquisition authorized by any other law for fiscal year 1988—

(1) the Secretary of the Navy may acquire real property and may increase military construction projects at Naval Air Station, Adak, Alaska, in the amount of $20,000,000;

(2) the Secretary of the Air Force may acquire real property and may carry out military construction projects at Hanscom Air Force Base, Massachusetts, in the amount of $15,000,000; and

(3) the Secretary of Defense may acquire real property and may carry out military construction projects at Falcon Air Force Station, Colorado, in the amount of $35,000,000.

(b) Funds are hereby authorized to be appropriated for fiscal year 1988 for the projects and land acquisitions described in subsection (a) of this section. The amount authorized for each such project and land acquisition is the amount listed for each in paragraphs (1), (2) and (3), respectively, of such subsection.

This Act may be cited as the "Military Construction Appropriations Act, 1988".

And the Senate agree to the same.

Amendment numbered 12:

That the House recede from its disagreement to the amendment of the Senate numbered 12, and agree to the same with an amendment, as follows:

In lieu of the matter stricken and inserted by said amendment, insert the following:

(k) Such amounts as may be necessary for programs, projects, or activities provided for in the Rural Development, Agriculture, and Related Agencies Appropriations Act, 1988, at a rate of operations and to the extent and in the manner provided for, the provisions of such Act to be effective as if it had been enacted into law as the regular appropriations Act, as follows:

AN ACT

Making appropriations for Rural Development, Agriculture, and Related Agencies programs for the fiscal year ending September 30, 1988, and for other purposes.

TITLE I—AGRICULTURAL PROGRAMS

PRODUCTION, PROCESSING AND MARKETING

OFFICE OF THE SECRETARY

For necessary expenses of the Office of the Secretary of Agriculture, including the direct supervision of the Soil Conservation Service and the Forest Service, and not to exceed $50,000 for employment under 5 U.S.C. 3109, $1,466,000: Provided, That not to exceed $8,000 of this amount shall be available for official reception and representation expenses, not otherwise provided for, as determined by the Secretary.

INVESTIGATION OF LARGE PAYMENTS

To enable the Secretary of Agriculture to investigate large payments made under the provisions of the Food Security Act of 1985, and other laws, as to accuracy and legality and to submit a detailed report on such payments to the appropriate committees of the Congress, $100,000.

OFFICE OF THE DEPUTY SECRETARY

For necessary expenses of the Office of the Deputy Secretary of Agriculture, including not to exceed $25,000 for employment under 5 U.S.C. 3109, $321,000: Provided, That not to exceed $3,000 of this amount shall be available for official reception and representation expenses, not otherwise provided for, as determined by the Deputy Secretary.

OFFICE OF THE ASSISTANT SECRETARY FOR SPECIAL SERVICES

For necessary salaries and expenses to continue the Office of the Assistant Secretary for purposes of providing special services to the Department, $416,000: Provided, That none of these funds shall be available for the supervision of Natural Resources and Environment activities, the Soil Conservation Service, or the Forest Service.

OFFICE OF THE ASSISTANT SECRETARY FOR ADMINISTRATION

For necessary expenses of the Office of the Assistant Secretary for Administration to carry out the programs funded in this Act, $498,000.

RENTAL PAYMENTS (USDA)

(INCLUDING TRANSFERS OF FUNDS)

For payment of space rental and related costs pursuant to Public Law 92-313 for programs and activities of the Department of Agriculture which are included in this Act, $49,665,000, of which $3,000,000 shall be retained by the Department of Agriculture for non-recurring repairs as determined by the Department of Agriculture: Provided, That in the event an agency within the Department of Agriculture should require modification of space needs, the Secretary of Agriculture may transfer a share of that agency's appropriation made available by this Act to this appropriation, or may transfer a share of this appropriation to that agency's appropriation, but such transfers shall not exceed 10 per centum of the funds made available for space rental and related costs to or from this account.

BUILDING OPERATIONS AND MAINTENANCE

For the operation, maintenance, and repair of Agriculture buildings pursuant to the delegation of authority from the Administrator of General Services authorized by 40 U.S.C. 486, $20,024,000, of which $3,245,000 is for one-time purchase of systems furniture.

ADVISORY COMMITTEES (USDA)

For necessary expenses for activities of Advisory Committees of the Department of Agriculture which are included in this Act, $1,308,000: Provided, That no other funds appropriated to the Department of Agriculture in this Act shall be available to the Department of Agriculture for support of activities of Advisory Committees.

HAZARDOUS WASTE MANAGEMENT

(INCLUDING TRANSFERS OF FUNDS)

For necessary expenses of the Department of Agriculture, except for expenses of the Commodity Credit Corporation, to comply with the requirement of section 107g of the Comprehensive Environmental Response, Compensation, and Liability Act, as amended, 42 U.S.C. 9607g, and section 6001 of the Resource Conservation and Recovery Act, as amended, 42 U.S.C. 6961, $2,000,000, to remain available until expended: Provided, That appropriations and funds available herein to the Department of Agriculture for hazardous waste management may be transferred to any agency of the Department for its use in meeting all requirements pursuant to the above Acts on Federal and non-Federal lands.

DEPARTMENTAL ADMINISTRATION

(INCLUDING TRANSFERS OF FUNDS)

For Budget and Program Analysis, $4,252,000; for Personnel, Finance and Management, Operations, Information Resources Management, Advocacy and Enterprise, and Administrative Law Judges and Judicial Officer, $20,642,000 and in addition, for payment of the USDA share of the National Communications System, $110,000; making a total of $25,004,000 for Departmental Administration to provide for necessary expenses for management support services to offices of the Department of Agriculture and for general administration and emergency preparedness of the Department of Agriculture, repairs and alterations, and other miscellaneous supplies and expenses not otherwise provided for and necessary for the practical and efficient work of the Department of Agriculture, including employment pursuant to the second sentence of section 706(a) of the Organic Act of 1944 (7 U.S.C. 2225), of which not to exceed $10,000 is for employment under 5 U.S.C. 3109: Provided, That this appropriation shall be reimbursed from applicable appropriations in this Act for travel expenses incident to the holding of hearings as required by 5 U.S.C. 551-558.

WORKING CAPITAL FUND

An amount of $5,708,000 is hereby appropriated to the Departmental Working Capital Fund to increase the Government's equity in this fund and to provide for the purchase of automated data processing, data communication, and other related equipment necessary for the provision of Departmental centralized services to the agencies.

OFFICE OF THE ASSISTANT SECRETARY FOR GOVERNMENTAL AND PUBLIC AFFAIRS

For necessary expenses of the Office of the Assistant Secretary for Governmental and Public Affairs to carry out the programs funded in this Act, $347,000.

PUBLIC AFFAIRS

For necessary expenses to carry on services relating to the coordination of programs involving public affairs, and for the dissemination of agricultural information and the coordination of information, work and programs authorized by Congress in the Department, $7,700,000, including employment pursuant to the second sentence of section 706(a) of the Organic Act of 1944 (7 U.S.C. 2225), of which not to exceed $10,000 shall be available for employment under 5 U.S.C. 3109, and not to exceed $2,000,000 *may be used for farmers' bulletins and not fewer than two hundred thirty-two thousand two hundred and fifty copies for the use of the Senate and House of Representatives of part 2 of the annual report of the Secretary (known as the Yearbook of Agriculture) as authorized by 44 U.S.C. 1301: Provided, That in the preparation of motion pictures or exhibits by the Department, this appropriation shall be available for employment pursuant to the second sentence of section 706(a) of the Organic Act of 1944 (7 U.S.C. 2225).*

CONGRESSIONAL RELATIONS

For necessary expenses for liaison with the Congress on legislative matters, $497,000.

INTERGOVERNMENTAL AFFAIRS

For necessary expenses for programs involving intergovernmental affairs and liaison within the executive branch, $476,000.

OFFICE OF THE INSPECTOR GENERAL

For necessary expenses of the Office of the Inspector General, including employment pursuant to the second sentence of section 706(a) of the Organic Act of 1944 (7 U.S.C. 2225), $48,795,000, including such sums as may be necessary for contracting and other arrangements with public agencies and private persons pursuant to section 6(a)(8) of the Inspector General Act of 1978 (Public Law 95-452), and including a sum not to exceed $50,000 for employment under 5 U.S.C. 3109; and including a sum not to exceed $95,000 for certain confidential operational expenses including the payment of informants, to be expended under the direction of the Inspector General pursuant to Public Law 95-452 and section 1337 of Public Law 97-98.

OFFICE OF THE GENERAL COUNSEL

For necessary expenses of the Office of the General Counsel, $18,734,000.

OFFICE OF THE ASSISTANT SECRETARY FOR ECONOMICS

For necessary expenses of the Office of the Assistant Secretary for Economics to carry out the programs funded in this Act, $484,000.

ECONOMIC RESEARCH SERVICE

For necessary expenses of the Economic Research Service in conducting economic research and service relating to agricultural production, marketing, and distribution, as authorized by the Agricultural Marketing Act of 1946 (7 U.S.C. 1621-1627), and other laws, including economics of marketing; analyses relating to farm prices, income and population, and demand for farm products, use of resources in agriculture, adjustments, costs and returns in farming, and farm finance; research relating to the economic and marketing aspects of farmer cooperatives; and for analyses of supply and demand for farm products in foreign countries and their effect on prospects for United States exports, progress in economic development and its relation to sales of farm products, assembly and analysis of agricultural trade statistics and analysis of international financial and monetary programs and policies as they affect the competitive position of United States farm products, $48,186,000; of which not less than $200,000 shall be available for investigation, determination and finding as to the effect upon the production of food and upon the agricultural economy of any proposed action affecting such subject matter pending before the Administrator of the Environmental Protection Agency for presentation, in the public interest, before said Administrator, other agencies or before the courts: Provided, That not less than $350,000 of the funds contained in this appropriation shall be available to continue to gather statistics and conduct a special study on the price spread between the farmer and the consumer: Provided further, That this appropriation shall be available for employment pursuant to the second sentence of section 706(a) of the Organic Act of 1944 (7 U.S.C. 2225): Provided further, That not less than $145,000 of the funds contained in this appropriation shall be available for analysis of statistics and related facts on foreign production and full and complete information on methods used by other countries to move farm commodities in world trade on a competitive basis.

NATIONAL AGRICULTURAL STATISTICS SERVICE

For necessary expenses of the National Agricultural Statistics Service in conducting statistical reporting and service work, including crop and livestock estimates, statistical coordination and improvements, and marketing surveys, as authorized by the Agricultural Marketing Act of 1946 (7 U.S.C. 1621-1627) and other laws, $61,176,000: Provided, That this appropriation shall be available for employment pursuant to the second sentence of section 706(a) of the Organic Act of 1944 (7 U.S.C. 2225), and not to exceed $40,000 shall be available for employment under 5 U.S.C. 3109.

WORLD AGRICULTURAL OUTLOOK BOARD

For necessary expenses of the World Agricultural Outlook Board to coordinate and review all commodity and aggregate agricultural and food data used to develop outlook and situation material within the Department of Agriculture, as authorized by the Agricultural Marketing Act of 1946 (7 U.S.C. 1622g), $1,730,000: Provided, That this appropriation shall be available for employment pursuant to the second sentence of section 706(a) of the Organic Act of 1944 (7 U.S.C. 2225).

OFFICE OF THE ASSISTANT SECRETARY FOR SCIENCE AND EDUCATION

For necessary salaries and expenses of the Office of the Assistant Secretary for Science and Education to administer the laws enacted by the Congress for the Agricultural Research Service, Cooperative State Research Service, Extension Service, and National Agricultural Library, $386,000.

AGRICULTURAL RESEARCH SERVICE

(INCLUDING TRANSFERS OF FUNDS)

For necessary expenses to enable the Agricultural Research Service to perform agricultural research and demonstration relating to production, utilization, marketing, and distribution (not otherwise provided for), home economics or nutrition and consumer use, and for acquisition of lands by donation, exchange, or purchase at a nominal cost not to exceed $100, $538,884,000: Provided, That appropriations hereunder shall be available for temporary employment pursuant to the second sentence of section 706(a) of the Organic Act of 1944 (7 U.S.C. 2225), and not to exceed $115,000 shall be available for employment under 5 U.S.C. 3109: Provided further, That funds appropriated herein can be used to provide financial assistance to the organizers of national and international conferences, if such conferences are in support of agency programs: Provided further, That appropriations hereunder shall be available for the operation and maintenance of aircraft and the purchase of not to exceed one for replacement only: Provided further, That uniform allowances for each uniformed employee of the Agricultural Research Service shall not be in excess of $400 annually: Provided further, That of the appropriations hereunder not less than $10,526,600 shall be available to conduct marketing research: Provided further, That appropriations hereunder shall be available pursuant to 7 U.S.C. 2250 for the construction, alteration, and repair of buildings and improvements, but unless otherwise provided the cost of constructing any one building shall not exceed $150,000, except for headhouses connecting greenhouses which shall each be limited to $500,000, and except for ten buildings to be constructed or improved at a cost not to exceed $275,000 each, and the cost of altering any one building during the fiscal year shall not exceed 10 per centum of the current replacement value of the building or $150,000 whichever is greater: Provided further, That the limitations on alterations contained in this Act shall not apply to a total of $250,000 for facilities at Beltsville, Maryland: Provided further, That the foregoing limitations shall not apply to replacement of buildings needed to carry out the Act of April 24, 1948 (21 U.S.C. 113a): Provided further, That the limitation on purchase of land shall not apply to the purchase of land at Fresno, California, or to the purchase of land at the Mahantango Research Watershed, Pennsylvania: Provided further, That not to exceed $190,000 of this appropriation may be transferred to and merged with the appropriation for the Office of the Assistant Secretary for Science and Education for the scientific review of international issues involving agricultural chemicals and food additives.

Special fund: To provide for additional labor, subprofessional, and junior scientific help to be employed under contracts and cooperative agreements to strengthen the work at Federal research installations in the field, $1,800,000.

BUILDINGS AND FACILITIES

(INCLUDING TRANSFERS OF FUNDS)

For acquisition of land, construction, repair, improvement, extension, alteration, and purchase of fixed equipment or facilities and for grants to States and other eligible recipients for such purposes, as necessary to carry out the agricultural research, extension and teaching programs of the Department of Agriculture, where not otherwise provided, $57,815,000, of which $7,500,000 shall not be obligated prior to fiscal year 1989: Provided, That these funds may be transferred to such other accounts in this Act as may be appropriate to carry out these purposes: Provided further, That facilities to house Bonsai collections at the National Arboretum may be constructed with funds accepted under the provisions of Public Law 94-129 (20 U.S.C. 195) and the limitation on construction contained in the Act of August 24, 1912 (40 U.S.C. 68) shall not apply to the construction of such facilities.

COOPERATIVE STATE RESEARCH SERVICE

For payments to agricultural experiment stations, for cooperative forestry and other research, for facilities, and for other expenses, including $155,545,000 to carry into effect the provisions of the Hatch Act approved March 2, 1887, as amended by the Act approved August 11, 1955 (7 U.S.C. 361a-361i), and further amended by Public Law 92-318 approved June 23, 1972, and further amended by Public Law 93-471 approved October 26, 1974, including administration by the United States Department of Agriculture, and penalty mail costs of agricultural experiment stations under section 6 of the

Hatch Act of 1887, as amended, and payments under section 1361(c) of the Act of October 3, 1980 (7 U.S.C. 301n.); $17,500,000 for grants for cooperative forestry research under the Act approved October 10, 1962 (16 U.S.C. 582a—582a-7), as amended by Public Law 92-318 approved June 23, 1972, including administrative expenses, and payments under section 1361(c) of the Act of October 3, 1980 (7 U.S.C. 301n.); $23,333,000 for payments to the 1890 land-grant colleges, including Tuskegee University, for research under section 1445 of the National Agricultural Research, Extension, and Teaching Policy Act of 1977 (Public Law 95-113), as amended, including administration by the United States Department of Agriculture, and penalty mail costs of the 1890 land-grant colleges, including Tuskegee University; $31,185,000 for contracts and grants for agricultural research under the Act of August 4, 1965, as amended (7 U.S.C. 450i); $42,372,000 for competitive research grants, including administrative expenses; $5,476,000 for the support of animal health and disease programs authorized by section 1433 of Public Law 95-113, including administrative expenses; $675,000 for supplemental and alternative crops and products as authorized by the National Agricultural Research, Extension, and Teaching Policy Act of 1977 (7 U.S.C. 3319d); $4,918,000 for grants for research and construction of facilities to conduct research pursuant to the Critical Agricultural Materials Act of 1984 (7 U.S.C. 178) and section 1472 of the Food and Agriculture Act of 1977, as amended (7 U.S.C. 3318), to remain available until expended; $475,000 for rangeland research grants as authorized by subtitle M of the National Agricultural Research, Extension, and Teaching Policy Act of 1977, as amended; $4,754,000 for higher education grants under section 1417(a) of Public Law 95-113, as amended (7 U.S.C. 3152(a)); $3,500,000 for grants as authorized by section 1475 of the National Agricultural Research, Extension, and Teaching Policy Act of 1977 and other Acts; $3,827,000 for grants to States for the establishment and operation of international trade development centers, as authorized by the National Agricultural Research, Extension, and Teaching Policy Act of 1977, as amended (7 U.S.C. 3292); $3,900,000 for low-input agriculture as authorized by the National Agricultural Research, Extension, and Teaching Policy Act of 1977 (7 U.S.C. 4701-4710); $2,100,000 for other grants as authorized by section 1472 of the Food and Agriculture Act of 1977 (7 U.S.C. 3318); and $4,094,000 for necessary expenses of Cooperative State Research Service activities, including coordination and program leadership for higher education work of the Department, administration of payments to State agricultural experiment stations, funds for employment pursuant to the second sentence of section 706(a) of the Organic Act of 1944 (7 U.S.C. 2225), and not to exceed $100,000 for employment under 5 U.S.C. 3109; in all, $303,654,000.

Extension Service

(INCLUDING TRANSFERS OF FUNDS)

Payments to States, Puerto Rico, Guam, the Virgin Islands, Micronesia, Northern Marianas and American Samoa: For payments for cooperative agricultural extension work under the Smith-Lever Act, as amended by the Act of June 26, 1953, the Act of August 11, 1955, the Act of October 5, 1962 (7 U.S.C. 341-349), section 506 of the Act of June 23, 1972, and the Act of September 29, 1977 (7 U.S.C. 341-349), as amended, and section 1361(c) of the Act of October 3, 1980 (7 U.S.C. 301n.), to be distributed under sections 3(b) and 3(c) of said Act, for retirement and employees' compensation costs for extension agents and for costs of penalty mail for cooperative extension agents and State extension directors, $241,594,000; payments for the nutrition and family education program for low-income areas under section 3(d) of the Act, $58,635,000, of which $39,627,000 shall be derived by transfer from the appropriation "Food Stamp Program" and merged with this appropriation; payments for the urban gardening program under section 3(d) of the Act, $3,329,000; payments for the pest management program under section 3(d) of the Act, $7,164,000; payments for the farm safety program under section 3(d) of the Act, $970,000; payments for the pesticide impact assessment program under section 3(d) of the Act, $1,633,000; grants to upgrade 1890 land-grant college extension facilities as authorized by section 1416 of Public Law 99-198, $9,508,000, to remain available until expended; payments for an integrated reproductive management program under section 3(d) of the Act, $47,000; payments for the rural development centers under section 3(d) of the Act, $903,000; payments for extension work under section 209(c) of Public Law 93-471, $935,000; payments for a financial management assistance program under section 3(d) of the Act, $1,427,000; payments for carrying out the provisions of the Renewable Resource Extension Act of 1978, $2,765,000; for special grants for financially stressed farmers and dislocated farmers as authorized by section 1440 of Public Law 99-198, $3,350,000; and payments for extension work by the colleges receiving the benefits of the second Morrill Act (7 U.S.C. 321-326, 328) and Tuskegee University, $18,291,000; in all, $350,551,000, of which not less than $79,400,000 is for Home Economics: Provided, That funds hereby appropriated pursuant to section 3(c) of the Act of June 26, 1953, and section 506 of the Act of June 23, 1972, as amended, shall not be paid to any State, Puerto Rico, Guam, or the Virgin Islands, Micronesia, Northern Marianas, and American Samoa prior to availability of an equal sum from non-Federal sources for expenditure during the current fiscal year.

Federal administration and coordination: For administration of the Smith-Lever Act, as amended by the Act of June 26, 1953, the Act of August 11, 1955, the Act of October 5, 1962, section 506 of the Act of June 23, 1972, section 209(d) of Public Law 93-471, and the Act of September 29, 1977 (7 U.S.C. 341-349), as amended, and section 1361(c) of the Act of October 3, 1980 (7 U.S.C. 301n.), and to coordinate and provide program leadership for the extension work of the Department and the several States and insular possessions, $7,412,000, of which not less than $2,300,000 is for Home Economics.

National Agricultural Library

For necessary expenses of the National Agricultural Library, $12,194,000: Provided, That this appropriation shall be available for employment pursuant to the second sentence of section 706(a) of the Organic Act of 1944 (7 U.S.C. 2225), and not to exceed $35,000 shall be available for employment under 5 U.S.C. 3109: Provided further, That not to exceed $575,000 shall be available pursuant to 7 U.S.C. 2250 for the alteration and repair of buildings and improvements: Provided further, That $370,000 shall be available for a grant pursuant to section 1472 of the National Agricultural Research, Extension, and Teaching Policy Act of 1977 (7 U.S.C. 3318).

Office of the Assistant Secretary for Marketing and Inspection Services

For necessary salaries and expenses of the Office of the Assistant Secretary for Marketing and Inspection Services to administer programs under the laws enacted by the Congress for the Animal and Plant Health Inspection Service, Food Safety and Inspection Service, Federal Grain Inspection Service, Agricultural Cooperative Service, Agricultural Marketing Service (including Office of Transportation) and Packers and Stockyards Administration, $363,000.

Animal and Plant Health Inspection Service

SALARIES AND EXPENSES

(INCLUDING TRANSFERS OF FUNDS)

For expenses, not otherwise provided for, including those pursuant to the Act of February 28, 1947, as amended (21 U.S.C. 114b-c), necessary to prevent, control, and eradicate pests and plant and animal diseases; to carry out inspection, quarantine, and regulatory activities; to discharge the authorities of the Secretary of Agriculture under the Act of March 2, 1931 (46 Stat. 1468; 7 U.S.C. 426-426b); and to protect the environment, as authorized by law, $329,330,000; of which $4,500,000 shall be available for the control of outbreaks of insects, plant diseases, animal diseases and for control of pest animals and birds to the extent necessary to meet emergency conditions: Provided, That $1,000,000 of the funds for control of the fire ant shall be placed in reserve for matching purposes with States which may come into the program: Provided further, That no funds shall be used to formulate or administer a brucellosis eradication program for the current fiscal year that does not require minimum matching by the States of at least 40 per centum: Provided further, That this appropriation shall be available for field employment pursuant to the second sentence of section 706(a) of the Organic Act of 1944 (7 U.S.C. 2225), and not to exceed $40,000 shall be available for employment under 5 U.S.C. 3109: Provided further, That this appropriation shall be available for the operation and maintenance of aircraft and the purchase of not to exceed two, of which one shall be for replacement only: Provided further, That uniform allowances for each uniformed employee of the Animal and Plant Health Inspection Service shall not be in excess of $400 annually: Provided further, That, in addition, in emergencies which threaten any segment of the agricultural production industry of this country, the Secretary may transfer from other appropriations or funds available to the agencies or corporations of the Department such sums as he may deem necessary, to be available only in such emergencies for the arrest and eradication of contagious or infectious diseases or pests of animals, poultry, or plants, and for expenses in accordance with the Act of February 28, 1947, as amended, and section 102 of the Act of September 21, 1944, as amended, and any unexpended balances of funds transferred for such emergency purposes in the next preceding fiscal year shall be merged with such transferred amounts: Provided further, That hereafter, the Secretary of Agriculture is authorized, except for urban rodent control, to conduct activities and to enter into agreements with States, local jurisdictions, individuals, and public and private agencies, organizations, and institutions in the control of nuisance mam-

mals and birds and those mammal and bird species that are reservoirs for zoonotic diseases, and to deposit any money collected under any such agreement into the appropriation accounts that incur the costs to be available immediately and to remain available until expended for Animal Damage Control activities.

BUILDINGS AND FACILITIES

For plans, construction, repair, improvement, extension, alteration, and purchase of fixed equipment or facilities, as authorized by 7 U.S.C. 2250, and acquisition of land as authorized by 7 U.S.C. 428a, $2,246,000.

FOOD SAFETY AND INSPECTION SERVICE

For necessary expenses to carry on services authorized by the Federal Meat Inspection Act, as amended, and the Poultry Products Inspection Act, as amended, $392,009,000: Provided, That this appropriation shall be available for field employment pursuant to section 706(a) of the Organic Act of 1944 (7 U.S.C. 2225), and not to exceed $75,000 shall be available for employment under 5 U.S.C. 3109: Provided further, That this appropriation shall be available pursuant to law (7 U.S.C. 2250) for the alteration and repair of buildings and improvements, but the cost of altering any one building during the fiscal year shall not exceed 10 per centum of the current replacement value of the building.

FEDERAL GRAIN INSPECTION SERVICE

SALARIES AND EXPENSES

For necessary expenses to carry out the provisions of the United States Grain Standards Act, as amended, and the standardization activities related to grain under the Agricultural Marketing Act of 1946, as amended, including field employment pursuant to section 706(a) of the Organic Act of 1944 (7 U.S.C. 2225), and not to exceed $20,000 for employment under 5 U.S.C. 3109, $7,020,000: Provided, That this appropriation shall be available pursuant to law (7 U.S.C. 2250) for the alteration and repair of buildings and improvements, but, unless otherwise provided, the cost of altering any one building during the fiscal year shall not exceed 10 per centum of the current replacement value of the building: Provided further, That none of the funds provided by this Act may be used to pay the salaries of any person or persons who require, or who authorize payments from fee-supported funds to any person or persons who require nonexport, nonterminal interior elevators to maintain records not involving official inspection or official weighing in the United States under Public Law 94-582 other than those necessary to fulfill the purposes of such Act.

INSPECTION AND WEIGHING SERVICES

LIMITATION ON INSPECTION AND WEIGHING SERVICES EXPENSES

Not to exceed $36,856,000 (from fees collected) shall be obligated during the current fiscal year for Inspection and Weighing Services.

AGRICULTURAL COOPERATIVE SERVICE

For necessary expenses to carry out the Cooperative Marketing Act of July 2, 1926 (7 U.S.C. 451-457), and for activities relating to the marketing aspects of cooperatives, including economic research and analysis and the application of economic research findings, as authorized by the Agricultural Marketing Act of 1946 (7 U.S.C. 1621-1627), and for activities with institutions or organizations throughout the world concerning the development and operation of agricultural cooperatives (7 U.S.C. 3291), $4,611,000; of which $99,000 shall be available for a field office in Hawaii: Provided, That this appropriation shall be available for employment pursuant to the second sentence of section 706(a) of the Organic Act of 1944 (7 U.S.C. 2225), and not to exceed $15,000 shall be available for employment under 5 U.S.C. 3109.

AGRICULTURAL MARKETING SERVICE

MARKETING SERVICES

For necessary expenses to carry on services related to consumer protection, agricultural marketing and distribution and regulatory programs as authorized by law, and for administration and coordination of payments to States; including field employment pursuant to section 706(a) of the Organic Act of 1944 (7 U.S.C. 2225), and not to exceed $70,000 for employment under 5 U.S.C. 3109, $32,409,000; of which not less than $1,591,000 shall be available for the Wholesale Market Development Program for the design and development of wholesale and farmer market facilities for the major metropolitan areas of the country: Provided, That this appropriation shall be available pursuant to law (7 U.S.C. 2250) for the alteration and repair of buildings and improvements, but, unless otherwise provided, the cost of altering any one building during the fiscal year shall not exceed 10 per centum of the current replacement value of the building.

LIMITATION ON ADMINISTRATIVE EXPENSES

Not to exceed $30,628,000 (from fees collected) shall be obligated during the current fiscal year for administrative expenses.

FUNDS FOR STRENGTHENING MARKETS, INCOME, AND SUPPLY (SECTION 32)

(INCLUDING TRANSFERS OF FUNDS)

Funds available under section 32 of the Act of August 24, 1935 (7 U.S.C. 612c) shall be used only for commodity program expenses as authorized therein, and other related operating expenses, except for: (1) transfers to the Department of Commerce as authorized by the Fish and Wildlife Act of August 8, 1956; (2) transfers otherwise provided in this Act; and (3) not more than $7,601,000 for formulation and administration of Marketing Agreements and Orders pursuant to the Agricultural Marketing Agreement Act of 1937, as amended, and the Agricultural Act of 1961.

PAYMENTS TO STATES AND POSSESSIONS

For payments to departments of agriculture, bureaus and departments of markets, and similar agencies for marketing activities under section 204(b) of the Agricultural Marketing Act of 1946 (7 U.S.C. 1623(b)), $942,000.

OFFICE OF TRANSPORTATION

For necessary expenses to carry on services related to agricultural transportation programs as authorized by law; including field employment pursuant to section 706(a) of the Organic Act of 1944 (7 U.S.C. 2225), and not to exceed $20,000 for employment under 5 U.S.C. 3109, $2,397,000: Provided, That this appropriation shall be available pursuant to law (7 U.S.C. 2250) for the alteration and repair of buildings and improvements, but, unless otherwise provided, the cost of altering any one building during the fiscal year shall not exceed 10 per centum of the current replacement value of the building.

PACKERS AND STOCKYARDS ADMINISTRATION

For necessary expenses for administration of the Packers and Stockyards Act, as authorized by law, and for certifying procedures used to protect purchasers of farm products, including field employment pursuant to section 706(a) of the Organic Act of 1944 (7 U.S.C. 2225), and not to exceed $5,000 for employment under 5 U.S.C. 3109, $9,402,000.

FARM INCOME STABILIZATION

OFFICE OF THE UNDER SECRETARY FOR INTERNATIONAL AFFAIRS AND COMMODITY PROGRAMS

For necessary salaries and expenses for the Office of the Under Secretary for International Affairs and Commodity Programs to administer the laws enacted by Congress for the Agricultural Stabilization and Conservation Service, Office of International Cooperation and Development, Foreign Agricultural Service, and the Commodity Credit Corporation, $524,000.

AGRICULTURAL STABILIZATION AND CONSERVATION SERVICE

SALARIES AND EXPENSES

(INCLUDING TRANSFERS OF FUNDS)

For necessary administrative expenses of the Agricultural Stabilization and Conservation Service, including expenses to formulate and carry out programs authorized by title III of the Agricultural Adjustment Act of 1938, as amended (7 U.S.C. 1301-1393); the Agricultural Act of 1949, as amended (7 U.S.C. 1421 et seq.); sections 7 to 15, 16(a), 16(f), and 17 of the Soil Conservation and Domestic Allotment Act, as amended and supplemented (16 U.S.C. 590g-590o, 590p(a), 590p(f), and 590q); sections 1001 to 1004, 1006 to 1008, and 1010 of the Agricultural Act of 1970 as added by the Agriculture and Consumer Protection Act of 1973 (16 U.S.C. 1501 to 1504, 1506 to 1508, and 1510); the Water Bank Act, as amended (16 U.S.C. 1301-1311); the Cooperative Forestry Assistance Act of 1978 (16 U.S.C. 2101); sections 202(c) and 205 of title II of the Colorado River Basin Salinity Control Act of 1974, as amended (43 U.S.C. 1592(c), 1595); sections 401, 402, and 404 to 406 of the Agricultural Credit Act of 1978 (16 U.S.C. 2201 to 2205); the United States Warehouse Act, as amended (7 U.S.C. 241-273); and laws pertaining to the Commodity Credit Corporation, not to exceed $565,000,000, to be derived by transfer from the Commodity Credit Corporation fund: Provided, That other funds made available to the Agricultural Stabilization and Conservation Service for authorized activities may be advanced to and merged with this account: Provided further, That these funds shall be available for employment pursuant to the second sentence of section 706(a) of the Organic Act of 1944 (7 U.S.C. 2225), and not to exceed $100,000 shall be available for employment under 5 U.S.C. 3109: Provided further, That no part of the funds made available under this Act shall be used (1) to influence the vote in any referendum; (2) to influence agricultural legislation, except as permitted in 18 U.S.C. 1913; or (3) for salaries or other expenses of members of county and community committees established pursuant to section 8(b) of the Soil Conservation and Domestic Allotment Act, as amended, for engaging in any activities other than advisory and supervisory duties and delegated program functions prescribed in administrative regulations.

DAIRY INDEMNITY PROGRAM

(INCLUDING TRANSFERS OF FUNDS)

For necessary expenses involved in making indemnity payments to dairy farmers for milk or cows producing such milk and manufacturers of dairy products who have been directed to remove their milk or dairy products from commercial markets because it contained residues of chemicals reg-

istered and approved for use by the Federal Government, and in making indemnity payments for milk, or cows producing such milk, at a fair market value to any dairy farmer who is directed to remove his milk from commercial markets because of (1) the presence of products of nuclear radiation or fallout if such contamination is not due to the fault of the farmer, or (2) residues of chemicals or toxic substances not included under the first sentence of the Act of August 13, 1968, as amended (7 U.S.C. 450j), if such chemicals or toxic substances were not used in a manner contrary to applicable regulations or labeling instructions provided at the time of use and the contamination is not due to the fault of the farmer, $95,000: Provided, That none of the funds contained in this Act shall be used to make indemnity payments to any farmer whose milk was removed from commercial markets as a result of his willful failure to follow procedures prescribed by the Federal Government: Provided, That this amount shall be transferred to the Commodity Credit Corporation: Provided further, That the Secretary is authorized to utilize the services, facilities, and authorities of the Commodity Credit Corporation for the purpose of making dairy indemnity disbursements.

CORPORATIONS

The following corporations and agencies are hereby authorized to make such expenditures, within the limits of funds and borrowing authority available to each such corporation or agency and in accord with law, and to make such contracts and commitments without regard to fiscal year limitations as provided by section 104 of the Government Corporation Control Act, as amended, as may be necessary in carrying out the programs set forth in the budget for the current fiscal year for such corporation or agency, except as hereinafter provided:

Federal Crop Insurance Corporation

ADMINISTRATIVE AND OPERATING EXPENSES

For administrative and operating expenses, as authorized by the Federal Crop Insurance Act, as amended (7 U.S.C. 1516), $200,000,000: Provided, That not to exceed $700 shall be available for official reception and representation expenses, as authorized by 7 U.S.C. 1506(i).

FEDERAL CROP INSURANCE CORPORATION FUND

For payments as authorized by section 508(b) of the Federal Crop Insurance Act, as amended, $228,523,000.

Commodity Credit Corporation

OPERATING EXPENSES

Notwithstanding any other provision of law, for operating expenses as authorized by the Charter of the Commodity Credit Corporation (15 U.S.C. 714) to be available for financing the Corporation's programs and activities only as follows:

Deficiency payments, $6,116,000,000;
Export guarantee loan claims, $711,386,000;
Commodity purchases, $1,150,875,000;
Crop insurance, $200,000,000;
Storage and handling payments, $1,343,166,000;
Transportation of commodities, $185,464,000;
Processing and packaging of commodities, $105,065,000;
Producer storage payments, $609,801,000;
Loan collateral settlements, $142,236,000;
Whole herd buy out payments (dairy termination program), $218,000,000;
Interest payments to the United States Treasury, $1,468,860,000;
Working capital, $1,500,000,000;
Prior year losses, $1,422,400,000;
Other expenses, $5,292,046,000;
Operating expenses, $541,691,000;
Special activities (wool program), $126,108,000;
Support of advisory committees or commissions, including travel or per diem expenses, $560,000;

Provided, That such provisions shall not interfere with the Commodity Credit Corporation's discharge of its corporate responsibilities: Provided further, That not to exceed 7 per centum of the funds made available for any program or activity may be transferred to another program or activity as provided by existing law: Provided further, That notwithstanding any other provision of law, the Commodity Credit Corporation shall pay an interest penalty, determined on the basis of the provisions of the Prompt Payment Act (31 U.S.C. 3901 et seq.), on the amount of all payments and price support loans which the Commodity Credit Corporation is obligated to make if payment is not made by the required payment date. This provision shall be applicable to all such payments for obligations incurred after January 1, 1988.

INCREASE IN BORROWING AUTHORITY

Section 4(i) of the Commodity Credit Corporation Charter Act (15 U.S.C. 714b(i)) is amended by striking out "$25,000,000,000" and inserting in lieu thereof "$30,000,000,000".

Section 4 of the Act of March 8, 1938 (15 U.S.C. 713a-4) is amended by striking out "$25,000,000,000" and inserting in lieu thereof "$30,000,000,000".

SHORT-TERM EXPORT CREDIT

The Commodity Credit Corporation shall make available not less than $5,000,000,000 in credit guarantees under its export credit guarantee program for short-term credit extended to finance the export sales of United States agricultural commodities and the products thereof, as authorized by section 1125(b) of the Food Security Act of 1985 (Public Law 99-198).

INTERMEDIATE EXPORT CREDIT

The Commodity Credit Corporation shall make available not less than $500,000,000 in credit guarantees under its export guarantee program for intermediate-term credit extended to finance the export sales of United States agricultural commodities and the products thereof, as authorized by section 1131(3)(B) of the Food Security Act of 1985 (Public Law 99-198).

GENERAL SALES MANAGER

(INCLUDING TRANSFERS OF FUNDS)

Not to exceed $7,157,000 may be transferred from the Commodity Credit Corporation funds to support the General Sales Manager, of which up to $4,000,000 shall be available only for the purpose of selling surplus agricultural commodities from Commodity Credit Corporation inventory in world trade at competitive prices for the purpose of regaining and retaining our normal share of world markets. The General Sales Manager shall report directly to the Secretary of Agriculture. The General Sales Manager shall obtain, assimilate, and analyze all available information on developments related to private sales, as well as those funded by the Corporation, including grade and quality as sold and as delivered, including information relating to the effectiveness of greater reliance by the General Sales Manager upon loan guarantees as contrasted to direct loans for financing commercial export sales of agricultural commodities out of private stocks on credit terms, as provided in titles I and II of the Agricultural Trade Act of 1978, Public Law 95-501, and shall submit quarterly reports to the appropriate committees of Congress concerning such developments.

TITLE II—RURAL DEVELOPMENT PROGRAMS

Rural Development Assistance

Office of the Under Secretary for Small Community and Rural Development

For necessary salaries and expenses for the Office of the Under Secretary for Small Community and Rural Development to administer programs under the laws enacted by the Congress for the Farmers Home Administration, Rural Electrification Administration, Federal Crop Insurance Corporation, and rural development activities of the Department of Agriculture, $440,000.

Farmers Home Administration

RURAL HOUSING INSURANCE FUND

From funds in the Rural Housing Insurance Fund, and for insured loans as authorized by title V of the Housing Act of 1949, as amended, $1,844,990,000, of which not less than $1,794,420,000 shall be for subsidized interest loans to low-income borrowers, as determined by the Secretary, and for subsequent loans to existing borrowers or to purchasers under assumption agreements or credit sales; and not to exceed $10,000,000 to enter into collection and servicing contracts pursuant to the provisions of section 3(f)(3) of the Federal Claims Act of 1966 (31 U.S.C. 3718).

For rental assistance agreements entered into or renewed pursuant to the authority under section 521(a)(2) of the Housing Act of 1949, as amended, total new obligations shall not exceed $275,310,000, to be added to and merged with the authority provided for this purpose in prior fiscal years: Provided, That of this amount not to exceed $109,918,000 is available for newly constructed units financed by section 515 of the Housing Act of 1949, as amended, and not less than $5,082,000 is for newly constructed units financed under sections 514 and 516 of the Housing Act of 1949: Provided further, That $160,310,000 is available for expiring agreements and for servicing of existing units without agreements: Provided further, That agreements entered into or renewed during fiscal year 1988 shall be funded for a five-year period, although the life of any such agreement may be extended to fully utilize amounts obligated: Provided further, That agreements entered into or renewed during fiscal years 1984, 1985, 1986, and 1987, may also be extended beyond five years to fully utilize amounts obligated.

For an additional amount to reimburse the Rural Housing Insurance Fund for interest subsidies and losses sustained in prior years, but not previously reimbursed, in carrying out the provisions of title V of the Housing Act of 1949, as amended (42 U.S.C. 1483, 1487(e), and 1490a(c)), including $2,185,000 as authorized by section 521(c) of the Act; $2,964,249,000. For an additional amount as authorized by section 521(c) of the Act such sums as may be necessary to reimburse the fund to carry out a rental assistance program under section 521(a)(2) of the Housing Act of 1949, as amended.

SELF-HELP HOUSING LAND DEVELOPMENT FUND

For direct loans pursuant to section 523(b)(1)(B) of the Housing Act of 1949, as amended (42 U.S.C. 1490c), $500,000 shall be available from funds in the Self-Help Housing Land Development Fund.

AGRICULTURAL CREDIT INSURANCE FUND

(INCLUDING TRANSFERS OF FUNDS)

For direct and guaranteed loans as authorized by 7 U.S.C. 1928–1929, to be available from funds in the Agricultural Credit Insurance Fund, as follows: farm ownership loans, $505,000,000, of which $390,000,000 shall be guaranteed loans; $14,000,000 for water development, use, and conservation loans, of which $3,000,000 shall be guaranteed loans; operating loans, $3,300,000,000, of which $2,400,000,000 shall be guaranteed loans; Indian tribe land acquisition loans as authorized by 25 U.S.C. 488, $2,000,000; and for emergency insured and guaranteed loans, $600,000,000 to meet the needs resulting from natural disasters, of which $12,000,000 shall be transferred to the Commodity Credit Corporation for payments to be made to cover the difference between the partial payment and the amount of the full claim under provisions of the Farm Disaster Assistance Act of 1987 (Public Law 100–45): Provided, That notwithstanding any provision of law the Secretary shall execute and deliver a quit claim deed to Tennessee State University for approximately ninety acres obtained by foreclosure and recorded in book 233, page 56 of the register of deeds of Warren County, Tennessee.

For an additional amount to reimburse the Agricultural Credit Insurance Fund for interest subsidies and losses sustained in prior years, but not previously reimbursed, in carrying out the provisions of the Consolidated Farm and Rural Development Act, as amended (7 U.S.C. 1988(a)), $3,627,153,000.

RURAL DEVELOPMENT INSURANCE FUND

For direct and guaranteed loans as authorized by 7 U.S.C. 1928 and 86 Stat. 661–664, to be available from funds in the Rural Development Insurance Fund, as follows: insured water and sewer facility loans, $330,380,000; guaranteed industrial development loans, $95,700,000; and insured community facility loans, $95,700,000.

For an additional amount to reimburse the Rural Development Insurance Fund for interest subsidies and losses sustained in prior years, but not previously reimbursed, in carrying out the provisions of the Consolidated Farm and Rural Development Act, as amended (7 U.S.C. 1988(a)), $842,682,000.

RURAL DEVELOPMENT LOAN FUND

For direct loans to intermediary borrowers, $14,000,000, as authorized under the Rural Development Loan Fund (42 U.S.C. 9812(a)), to be available from funds in the Rural Development Loan Fund, $6,500,000 and from funds transferred from the Rural Development Insurance Fund, $7,500,000: Provided, That such funds be made available within six months of enactment and that a priority be given applications serving rural communities in economic distress or from organizations experienced in administering rural economic development programs.

RURAL WATER AND WASTE DISPOSAL GRANTS

For grants pursuant to sections 306(a)(2) and 306(a)(6) of the Consolidated Farm and Rural Development Act, as amended (7 U.S.C. 1926), $109,395,000, to remain available until expended, pursuant to section 306(d) of the above Act.

VERY LOW-INCOME HOUSING REPAIR GRANTS

For grants to the very low-income elderly for essential repairs to dwellings pursuant to section 504 of the Housing Act of 1949, as amended, $12,500,000.

RURAL HOUSING FOR DOMESTIC FARM LABOR

For financial assistance to eligible nonprofit organizations for housing for domestic farm labor, pursuant to section 516 of the Housing Act of 1949, as amended (42 U.S.C. 1486), $9,513,000.

MUTUAL AND SELF-HELP HOUSING

For grants and contracts pursuant to section 523(b)(1)(A) of the Housing Act of 1949 (42 U.S.C. 1490c), $8,000,000.

RURAL COMMUNITY FIRE PROTECTION GRANTS

For grants pursuant to section 7 of the Cooperative Forestry Assistance Act of 1978 (Public Law 95–313), $3,091,000 to fund up to 50 per centum of the cost of organizing, training, and equipping rural volunteer fire departments.

COMPENSATION FOR CONSTRUCTION DEFECTS

For compensation for construction defects as authorized by section 509(c) of the Housing Act of 1949, as amended, $713,000.

RURAL HOUSING PRESERVATION GRANTS

For grants for rural housing preservation as authorized by section 552 of the Housing and Urban-Rural Recovery Act of 1983 (Public Law 98–181), $19,140,000.

RURAL DEVELOPMENT GRANTS

For grants authorized under section 310(B)(c) (7 U.S.C. 1932) to any qualified public or private nonprofit organization, $6,500,000: Provided, That such funds shall be made available within six months of date of enactment and that a priority be given to applications from rural areas in economic distress or from organizations with previous experience in administering rural economic development programs: Provided further, That $3,000,000 shall be available for planning and construction costs in connection with establishment of a rural industrialization technology center in Pontotoc County, Oklahoma.

OFFICE OF THE ADMINISTRATOR

For necessary salaries and expenses of the Office of the Administrator of the Farmers Home Administration, $600,000: Provided, That no other funds in this Act shall be available for this Office.

SALARIES AND EXPENSES

(INCLUDING TRANSFERS OF FUNDS)

For necessary expenses of the Farmers Home Administration, not otherwise provided for, in administering the programs authorized by the Consolidated Farm and Rural Development Act (7 U.S.C. 1921–2000), as amended; title V of the Housing Act of 1949, as amended (42 U.S.C. 1471–1490o); the Rural Rehabilitation Corporation Trust Liquidation Act, approved May 3, 1950 (40 U.S.C. 440–444), for administering the loan program authorized by title III A of the Economic Opportunity Act of 1964 (Public Law 88–452 approved August 20, 1964), as amended, and such other programs which the Farmers Home Administration has the responsibility for administering, $407,634,000, together with not more than $3,000,000 of the charges collected in connection with the insurance of loans as authorized by section 309(a) of the Consolidated Farm and Rural Development Act, as amended, and section 517(i) of the Housing Act of 1949, as amended, or in connection with charges made on borrowers under section 502(a) of the Housing Act of 1949, as amended: Provided, That, in addition, not to exceed $1,000,000 of the funds available for the various programs administered by this agency may be transferred to this appropriation for temporary field employment pursuant to the second sentence of section 706(a) of the Organic Act of 1944 (7 U.S.C. 2225), to meet unusual or heavy workload increases: Provided further, that not to exceed $500,000 of this appropriation may be used for employment under 5 U.S.C. 3109: Provided further, That not to exceed $2,675,000 of this appropriation shall be available for contracting with the National Rural Water Association or other equally qualified national organization for a circuit rider program to provide technical assistance for rural water systems: Provided further, That, in addition to any other authority that the Secretary may have to defer principal and interest and forego foreclosure, the Secretary may permit, at the request of the borrower, the deferral of principal and interest on any outstanding loan made, insured, or held by the Secretary under this title, or under the provisions of any other law administered by the Farmers Home Administration, and may forego foreclosure of any such loan, for such period as the Secretary deems necessary upon a showing by the borrower that due to circumstances beyond the borrower's control, the borrower is temporarily unable to continue making payments of such principal and interest when due without unduly impairing the standard of living of the borrower. The Secretary may permit interest that accrues during the deferral period on any loan deferred under this section to bear no interest during or after such period: Provided, That, if the security instrument securing such loan is foreclosed, such interest as is included in the purchase price at such foreclosure shall become part of the principal and draw interest from the date of foreclosure at the rate prescribed by law.

CITY OF LINCOLN

The area within the present city limits of the city of Lincoln, Burleigh County, State of North Dakota, and the southeast quarter (SE¼) of section eighteen (18), township one hundred thirty-eight (138) north, range seventy-nine (79) west, Burleigh County, North Dakota, shall continue to be eligible for loans and payments administered by the Farmers Home Administration through the Rural Housing Insurance Fund.

RURAL ELECTRIFICATION ADMINISTRATION

To carry into effect the provisions of the Rural Electrification Act of 1936, as amended (7 U.S.C. 901–950(b)), as follows:

RURAL ELECTRIFICATION AND TELEPHONE REVOLVING FUND LOAN AUTHORIZATIONS

Insured loans pursuant to the authority of section 305 of the Rural Electrification Act of 1936, as amended (7 U.S.C. 935), shall be made as follows: rural electrification loans, not less than $622,050,000 nor more than $933,075,000; and rural telephone loans, not less than $239,250,000 nor more than $311,025,000; to remain available until expended: Provided, That loans made pursuant to section 306 of that Act are in addition to these amounts but during fiscal year 1988 total commitments to guarantee loans pursuant to section 306 shall be not less than $933,075,000 nor more than $2,100,615,000 of contingent liability for total loan principal: Provided further, That as a condition of approval of insured electric loans during fiscal year 1988, borrowers shall obtain concurrent supplemental financing in accordance with the applicable criteria and ratios in effect as of July 15, 1982: Provided further, That no funds appropriated in this Act may be used to deny or reduce loans or loan advances based upon a borrower's level of general funds.

REIMBURSEMENT TO THE RURAL ELECTRIFICATION AND TELEPHONE REVOLVING FUND

For an additional amount to reimburse the rural electrification and telephone revolving fund for interest subsidies and losses sustained in prior years, but not previously reimbursed, in carrying out the provisions of the Rural Electrification Act of 1936, as amended (7 U.S.C. 901-950(b)), $327,675,000.

RURAL TELEPHONE BANK

For the purchase of Class A stock of the Rural Telephone Bank, $28,710,000, to remain available until expended (7 U.S.C. 901-950(b)).

The Rural Telephone Bank is hereby authorized to make such expenditures, within the limits of funds and borrowing authority available to such corporation in accord with law, and to make such contracts and commitments without regard to fiscal year limitations as provided by section 104 of the Government Corporation Control Act, as amended, as may be necessary in carrying out its authorized programs for the current fiscal year. During fiscal year 1988, and within the resources and authority available, gross obligations for the principal amount of direct loans shall be not less than $177,045,000 nor more than $210,540,000.

RURAL COMMUNICATION DEVELOPMENT FUND

To reimburse the Rural Communication Development Fund for interest subsidies and losses sustained in prior years, but not previously reimbursed, in making Community Antenna Television loans and loan guarantees under sections 306 and 310B of the Consolidated Farm and Rural Development Act, as amended, $1,309,000.

OFFICE OF THE ADMINISTRATOR

For necessary salaries and expenses of the Office of the Administrator of the Rural Electrification Administration, $155,000: Provided, That no other funds in this Act shall be available for this Office.

SALARIES AND EXPENSES

For administrative expenses to carry out the provisions of the Rural Electrification Act of 1936, as amended (7 U.S.C. 901-950(b)), and to administer the loan and loan guarantee programs for Community Antenna Television facilities as authorized by the Consolidated Farm and Rural Development Act (7 U.S.C. 1921-1995), and for which commitments were made prior to fiscal year 1988, including not to exceed $7,000 for financial and credit reports, funds for employment pursuant to the second sentence of section 706(a) of the Organic Act of 1944 (7 U.S.C. 2225), and not to exceed $103,000 for employment under 5 U.S.C. 3109, $30,713,000.

CONSERVATION

SOIL CONSERVATION SERVICE

CONSERVATION OPERATIONS

For necessary expenses for carrying out the provisions of the Act of April 27, 1935 (16 U.S.C. 590a-590f) including preparation of conservation plans and establishment of measures to conserve soil and water (including farm irrigation and land drainage and such special measures for soil and water management as may be necessary to prevent floods and the siltation of reservoirs and to control agricultural related pollutants); operation of conservation plant materials centers; classification and mapping of soil; dissemination of information; acquisition of lands by donation, exchange, or purchase at a nominal cost not to exceed $100; purchase and erection or alteration or improvement of permanent and temporary buildings; and operation and maintenance of aircraft, $398,670,000, of which not less than $5,379,000 is for snow survey and water forecasting and not less than $4,856,000 is for operation and establishment of the plant materials centers: Provided, That of the foregoing amounts not less than $310,000,000 is for personnel compensation and benefits: Provided further, That the Chief of the Soil Conservation Service shall report directly to the Secretary of Agriculture: Provided further, That the cost of any permanent building, purchased, erected, or as improved, exclusive of the cost of constructing a water supply or sanitary system and connecting the same to any such building and with the exception of buildings acquired in conjunction with land being purchased for other purposes, shall not exceed $10,000, except for one building to be constructed at a cost not to exceed $100,000 and eight buildings to be constructed or improved at a cost not to exceed $50,000 per building and except that alterations or improvements to other existing permanent buildings costing $5,000 or more may be made in any fiscal year in an amount not to exceed $2,000 per building: Provided further, That when buildings or other structures are erected on non-Federal land that the right to use such land is obtained as provided in 7 U.S.C. 2250a: Provided further, That no part of this appropriation may be expended for soil and water conservation operations under the Act of April 27, 1935 (16 U.S.C. 590a-590f) in demonstration projects: Provided further, That this appropriation shall be available for employment pursuant to the second sentence of section 706(a) of the Organic Act of 1944 (7 U.S.C. 2225) and not to exceed $25,000 shall be available for employment under 5 U.S.C. 3109: Provided further, That qualified local engineers may be temporarily employed at per diem rates to perform the technical planning work of the Service (16 U.S.C. 590e-2): Provided further, That none of the funds in this Act shall be used for the purpose of consolidating equipment, personnel, or services of the Soil Conservation Service's national technical centers in Portland, Oregon; Lincoln, Nebraska; Chester, Pennsylvania; and Fort Worth, Texas, into a single national technical center.

RIVER BASIN SURVEYS AND INVESTIGATIONS

For necessary expenses to conduct research, investigations, and surveys of the watersheds of rivers and other waterways, in accordance with section 6 of the Watershed Protection and Flood Prevention Act approved August 4, 1954, as amended (16 U.S.C. 1006-1009), $12,051,000: Provided, That this appropriation shall be available for field employment pursuant to the second sentence of section 706(a) of the Organic Act of 1944 (7 U.S.C. 2225), and not to exceed $60,000 shall be available for employment under 5 U.S.C. 3109.

WATERSHED PLANNING

For necessary expenses for small watershed investigations and planning, in accordance with the Watershed Protection and Flood Prevention Act, as amended (16 U.S.C. 1001-1008), $8,651,000: Provided, That this appropriation shall be available for field employment pursuant to the second sentence of section 706(a) of the Organic Act of 1944 (7 U.S.C. 2225), and not to exceed $50,000 shall be available for employment under 5 U.S.C. 3109.

WATERSHED AND FLOOD PREVENTION OPERATIONS

For necessary expenses to carry out preventive measures, including but not limited to research, engineering operations, methods of cultivation, the growing of vegetation, rehabilitation of existing works and changes in use of land, in accordance with the Watershed Protection and Flood Prevention Act approved August 4, 1954, as amended (16 U.S.C. 1001-1005, 1007-1009), the provisions of the Act of April 27, 1935 (16 U.S.C. 590a-f), and in accordance with the provisions of laws relating to the activities of the Department, $165,873,000 (of which $26,271,000 shall be available for the watersheds authorized under the Flood Control Act approved June 22, 1936 (33 U.S.C. 701, 16 U.S.C. 1006a), as amended and supplemented): Provided, That this appropriation shall be available for field employment pursuant to the second sentence of section 706(a) of the Organic Act of 1944 (7 U.S.C. 2225), and not to exceed $3,500,000 shall be available for emergency measures as provided by sections 403-405 of the Agricultural Credit Act of 1978 (16 U.S.C. 2203-2205), and not to exceed $200,000 shall be available for employment under 5 U.S.C. 3109: Provided further, That $7,949,000 in loans may be insured, or made to be sold and insured, under the Agricultural Credit Insurance Fund of the Farmers Home Administration (7 U.S.C. 1931): Provided further, That not to exceed $1,000,000 of this appropriation is available to carry out the purposes of the Endangered Species Act of 1973 (Public Law 93-205), as amended, including cooperative efforts as contemplated by that Act to relocate endangered or threatened species to other suitable habitats as may be necessary to expedite project construction.

RESOURCE CONSERVATION AND DEVELOPMENT

For necessary expenses in planning and carrying out projects for resource conservation and development and for sound land use pursuant to the provisions of section 32(e) of title III of the Bankhead-Jones Farm Tenant Act, as amended (7 U.S.C. 1010-1011; 76 Stat. 607), and the provisions of the Act of April 27, 1935 (16 U.S.C. 590a-f), and the provisions of the Agriculture and Food Act of 1981 (16 U.S.C. 3451-3461), $25,120,000: Provided, That $1,207,000 in loans may be insured, or made to be sold and insured, under the Agricultural Credit Insurance Fund of the Farmers Home Administration (7 U.S.C. 1931): Provided further, That this appropriation shall be available for field employment pursuant to the second sentence of section 706(a) of the Organic Act of 1944 (7 U.S.C. 2225), and not to exceed $50,000 shall be available for employment under 5 U.S.C. 3109.

GREAT PLAINS CONSERVATION PROGRAM

For necessary expenses to carry into effect a program of conservation in the Great Plains area, pursuant to section 16(b) of the Soil Conservation and Domestic Allotment Act, as added by the Act of August 7, 1956, as amended (16 U.S.C. 590p(b)), $20,474,000, to remain available until expended (16 U.S.C. 590p(b)(7)).

AGRICULTURAL STABILIZATION AND CONSERVATION SERVICE

AGRICULTURAL CONSERVATION PROGRAM

(INCLUDING TRANSFERS OF FUNDS)

For necessary expenses to carry into effect the program authorized in sections 7 to 15, 16(a), 16(f), and 17 of the Soil Conservation and Domestic Allotment Act approved February 29, 1936, as amended and supplemented (16 U.S.C. 590g-590o, 590p(a), 590p(f), and 590q), and sections 1001-1004, 1006-1008, and 1010 of the Agricultural Act of 1970, as added by the Agriculture and Consumer Protection Act of 1973 (16 U.S.C.

1501-1504, 1506-1508, and 1510), and including not to exceed $15,000 for the preparation and display of exhibits, including such displays at State, interstate, and international fairs within the United States, $176,935,000, to remain available until expended (16 U.S.C. 590o) for agreements, excluding administration but including technical assistance and related expenses, except that no participant in the Agricultural Conservation Program shall receive more than $3,500 per year, except where the participants from two or more farms or ranches join to carry out approved practices designed to conserve or improve the agricultural resources of the community, or where a participant has a long-term agreement, in which case the total payment shall not exceed the annual payment limitation multiplied by the number of years of the agreement: Provided, That no portion of the funds for the current year's program may be utilized to provide financial or technical assistance for drainage on wetlands now designated as Wetlands Types 3 (III) through 20 (XX) in United States Department of the Interior, Fish and Wildlife Circular 39, Wetlands of the United States, 1956: Provided further, That such amounts shall be available for the purchase of seeds, fertilizers, lime, trees, or any other conservation materials, or any soil-terracing services, and making grants thereof to agricultural producers to aid them in carrying out approved farming practices as authorized by the Soil Conservation and Domestic Allotment Act, as amended, as determined and recommended by the county committees, approved by the State committees and the Secretary, under programs provided for herein: Provided further, That such assistance will not be used for carrying out measures and practices that are primarily production-oriented or that have little or no conservation or pollution abatement benefits: Provided further, That not to exceed 5 per centum of the allocation for the current year's program for any county may, on the recommendation of such county committee and approval of the State committee, be withheld and allotted to the Soil Conservation Service for services of its technicians in formulating and carrying out the Agricultural Conservation Program in the participating counties, and shall not be utilized by the Soil Conservation Service for any purpose other than technical and other assistance in such counties, and in addition, on the recommendation of such county committee and approval of the State committee, not to exceed 1 per centum may be made available to any other Federal, State, or local public agency for the same purpose and under the same conditions: Provided further, That for the current year's program $2,500,000 shall be available for technical assistance in formulating and carrying out rural environmental practices: Provided further, That no part of any funds available to the Department, or any bureau, office, corporation, or other agency constituting a part of such Department, shall be used in the current fiscal year for the payment of salary or travel expenses of any person who has been convicted of violating the Act entitled "An Act to prevent pernicious political activities" approved August 2, 1939, as amended, or who has been found in accordance with the provisions of title 18 U.S.C. 1913 to have violated or attempted to violate such section which prohibits the use of Federal appropriations for the payment of personal services or other expenses designed to influence in any manner a Member of Congress to favor or oppose any legislation or appropriation by Congress except upon request of any Member or through the proper official channels.

FORESTRY INCENTIVES PROGRAM

For necessary expenses, not otherwise provided for, to carry out the program of forestry incentives, as authorized in the Cooperative Forestry Assistance Act of 1978 (16 U.S.C. 2101), including technical assistance and related expenses, $11,891,000, to remain available until expended, as authorized by that Act.

WATER BANK PROGRAM

For necessary expenses to carry into effect the provisions of the Water Bank Act (16 U.S.C. 1301-1311), $8,371,000, to remain available until expended.

EMERGENCY CONSERVATION PROGRAM

For necessary expenses to carry into effect the program authorized in sections 401, 402, and 404 of title IV of the Agricultural Credit Act of 1978 (16 U.S.C. 2201-2205), $1,000,000, to remain available until expended, as authorized by 16 U.S.C. 2204.

COLORADO RIVER BASIN SALINITY CONTROL PROGRAM

For necessary expenses for carrying out the purposes of section 202 of title II of the Colorado River Basin Salinity Control Act, as amended (43 U.S.C. 1592), to be used to reduce salinity in the Colorado River and to enhance the supply and quality of water available for use in the United States and the Republic of Mexico, $4,904,000, for investigations and surveys, for technical assistance in developing conservation practices and in the preparation of salinity control plans, for the establishment of on-farm irrigation management systems, including related lateral improvement measures, for making cost-share payments to agricultural landowners and operators, Indian tribes, irrigation districts and associations, local governmental and nongovernmental entities, and other landowners to aid them in carrying out approved conservation practices as determined and recommended by the county committees, approved by the State committees and the Secretary, and for associated costs of program planning, information and education, and program monitoring and evaluation: Provided, That the Soil Conservation Service shall provide technical assistance and the Agricultural Stabilization and Conservation Service shall provide administrative services for the program, including but not limited to, the negotiation and administration of agreements and the disbursement of payments: Provided further, That such program shall be coordinated with the regular Agricultural Conservation Program and with research programs of other agencies.

CONSERVATION RESERVE PROGRAM

(INCLUDING TRANSFERS OF FUNDS)

For necessary expenses to carry out the Conservation Reserve Program pursuant to the Food Security Act of 1985 (16 U.S.C. 3881-3845), $1,131,000,000, to remain available until expended, to be used for Commodity Credit Corporation expenditures for cost-share assistance for the establishment of conservation practices, for annual rental payments, and for technical assistance: Provided, That 4 per centum of the funds available for the conservation reserve program in this Act shall be transferred to the conservation operations account of the Soil Conservation Service for services of its technicians in carrying out the conservation programs of the Food Security Act of 1985: Provided further, That none of the funds in this Act may be used to enter into new contracts that are in excess of the prevailing local rental rates for an acre of comparable land: Provided further, That funds appropriated by this Act for the Conservation Reserve Program shall be used to the extent necessary to reimburse fully the Commodity Credit Corporation for conservation reserve costs financed by the Corporation during the period of the Continuing Resolutions, Public Laws 100-120 and 100-162.

TITLE III—DOMESTIC FOOD PROGRAMS

OFFICE OF THE ASSISTANT SECRETARY FOR FOOD AND CONSUMER SERVICES

For necessary salaries and expenses of the Office of the Assistant Secretary for Food and Consumer Services to administer the laws enacted by the Congress for the Food and Nutrition Service and the Human Nutrition Information Service, $365,000.

FOOD AND NUTRITION SERVICE

CHILD NUTRITION PROGRAMS

(INCLUDING TRANSFERS OF FUNDS)

For necessary expenses to carry out the National School Lunch Act (42 U.S.C. 1751-1769b, except 1766(i)), and the applicable provisions other than sections 3, 17, 18, and 19 of the Child Nutrition Act of 1966 (42 U.S.C. 1773-1785, and 1788-1789); $4,497,629,000, to remain available through September 30, 1989, of which $679,826,000 is hereby appropriated and $3,817,803,000 shall be derived by transfer from funds available under section 32 of the Act of August 24, 1935 (7 U.S.C. 612c): Provided, That funds appropriated for the purpose of section 7 of the Child Nutrition Act of 1966 shall be allocated among the States but the distribution of such funds to an individual State is contingent upon that State's agreement to participate in studies and surveys of programs authorized under the National School Lunch Act and the Child Nutrition Act of 1966, when such studies and surveys have been directed by the Congress and requested by the Secretary of Agriculture: Provided further, That if the Secretary of Agriculture determines that a State's administration of any program under the National School Lunch Act or the Child Nutrition Act of 1966 (other than section 17), or the regulations issued pursuant to these Acts, is seriously deficient, and the State fails to correct the deficiency within a specified period of time, the Secretary may withhold from the State some or all of the funds allocated to the State under section 7 of the Child Nutrition Act of 1966 and under section 13(k)(1) of the National School Lunch Act; upon a subsequent determination by the Secretary that the programs are operated in an acceptable manner some or all of the funds withheld may be allocated: Provided further, That only final reimbursement claims for service of meals, supplements, and milk submitted to State agencies by eligible schools, summer camps, institutions, and service institutions within sixty days following the month for which the reimbursement is claimed shall be eligible for reimbursement from funds appropriated under this Act. States may receive program funds appropriated under this Act for meals, supplements, and milk served during any month only if the final program operations report for such month is submitted to the Department within ninety days following that month. Exceptions to these claims or reports submission requirements may be made at the discretion of the Secretary.

SPECIAL MILK PROGRAM

For necessary expenses, to carry out the special milk program, as authorized by section 3 of the Child Nutrition Act of 1966 (42 U.S.C. 1772), $21,500,000, to remain available through September 30, 1989. Only final reimbursement claims for milk submitted to State agencies within sixty days following the month for which the reimbursement is claimed shall be eligible for reimbursement from funds appropriated under this Act. States may receive program funds appropriated under this Act only if the final program operations report for such month is submitted to the Department within ninety days following that month. Exceptions to these claims or reports submission requirements may be made at the discretion of the Secretary.

SPECIAL SUPPLEMENTAL FOOD PROGRAM FOR WOMEN, INFANTS, AND CHILDREN (WIC)

For necessary expenses to carry out the special supplemental food program as authorized by section 17 of the Child Nutrition Act of 1966 (42 U.S.C. 1786), $1,802,363,000, to remain available through September 30, 1989.

STUDY OF MEDICAID SAVINGS FOR NEWBORNS FROM WIC PROGRAM

(a) Study.—The Secretary of Agriculture shall conduct a national study of savings in the amount of assistance provided to families with newborns under State plans for medical assistance approved under title XIX of the Social Security Act (42 U.S.C. 1396 et seq.) and State indigent health care programs, during the first 60-day period after birth, as the result of the prenatal participation of mothers in the special supplemental food program authorized under section 17 of the Child Nutrition Act of 1966 (42 U.S.C. 1786).

(b) Report.—Not later than February 1, 1990, the Secretary shall submit to Congress a report that describes the results of the study conducted under subsection (a).

(c) Funding.—This section shall be carried out using funds made available under section 17(g)(3) of the Child Nutrition Act of 1966.

COMMODITY SUPPLEMENTAL FOOD PROGRAM

For necessary expenses to carry out the commodity supplemental food program as authorized by section 4(a) of the Agriculture and Consumer Protection Act of 1973 (7 U.S.C. 612c (note)), including not less than $8,000,000 for the projects in Detroit, New Orleans, and Des Moines, $50,000,000: Provided, That funds available above those needed to serve 145,000 women, infants, and children and 80,000 elderly persons in States operating projects in 1987 shall be used to fund additional women, infants, and children in projects in States without projects in 1987: Provided further, That funds provided herein shall remain available through September 30, 1989: Provided further, That none of these funds shall be available to reimburse the Commodity Credit Corporation for commodities donated to the program.

FOOD STAMP PROGRAM

For necessary expenses to carry out the Food Stamp Act (7 U.S.C. 2011–2027, 2028, 2029), $13,557,757,000: Provided, That funds provided herein shall remain available through September 30, 1988 in accordance with section 18(a) of the Food Stamp Act: Provided further, That up to 5 per centum of the foregoing amount may be placed in reserve to be apportioned pursuant to section 3679 of the Revised Statutes, as amended, for use only in such amounts and at such times as may become necessary to carry out program operations: Provided further, That funds provided herein shall be expended in accordance with section 16 of the Food Stamp Act: Provided further, That this appropriation shall be subject to any work registration or workfare requirements as may be required by law: Provided further, That $345,000,000 of the funds provided herein shall be available only to the extent necessary after the Secretary has employed the regulatory and administrative methods available to him under the law to curtail fraud, waste, and abuse in the program: Provided further, That $879,250,000 of the foregoing amount shall be available for Nutrition Assistance for Puerto Rico as authorized by 7 U.S.C. 2028.

FOOD DONATIONS PROGRAMS FOR SELECTED GROUPS

For necessary expenses to carry out section 4(a) of the Agriculture and Consumer Protection Act of 1973 (7 U.S.C. 612c (note)), section 4(b) of the Food Stamp Act (7 U.S.C. 2013), and section 311 of the Older Americans Act of 1965, as amended (42 U.S.C 3030a(a)), $194,108,000.

TEMPORARY EMERGENCY FOOD ASSISTANCE PROGRAM

For necessary expenses to carry out the Temporary Emergency Food Assistance Act of 1983, as amended, $50,000,000: Provided, That, in accordance with section 202 of Public Law 98-92, these funds shall be available only if the Secretary determines the existence of excess commodities.

FOOD PROGRAM ADMINISTRATION

For necessary administrative expenses of the Domestic Food Programs funded under this Act, $85,828,000; of which $5,000,000 shall be available only for simplifying procedures, reducing overhead costs, tightening regulations, improving food stamp coupon handling, and assistance in the prevention, identification, and prosecution of fraud and other violations of law: Provided, That this appropriation shall be available for employment pursuant to the second sentence of section 706(a) of the Organic Act of 1944 (7 U.S.C. 2225), and not to exceed $150,000 shall be available for employment under 5 U.S.C. 3109.

Human Nutrition Information Service

For necessary expenses to enable the Human Nutrition Information Service to perform applied research and demonstrations relating to human nutrition and consumer use and economics of food utilization, $8,623,000: Provided, That this appropriation shall be available for employment pursuant to the second sentence of section 706(a) of the Organic Act of 1944 (7 U.S.C. 2225).

TITLE IV—INTERNATIONAL PROGRAMS

Foreign Agricultural Service

For necessary expenses of the Foreign Agricultural Service, including carrying out title VI of the Agricultural Act of 1954, as amended (7 U.S.C. 1761–1768), market development activities abroad, and for enabling the Secretary to coordinate and integrate activities of the Department in connection with foreign agricultural work, including not to exceed $110,000 for representation allowances and for expenses pursuant to section 8 of the Act approved August 3, 1956 (7 U.S.C. 1766), $92,017,000: Provided, That not less than $255,000 of this appropriation shall be available to obtain statistics and related facts on foreign production and full and complete information on methods used by other countries to move farm commodities in world trade on a competitive basis: Provided further, That, hereafter, notwithstanding any other provision of law, upon the request of the Secretary of Agriculture, the Secretary of State shall accord the diplomatic title of Minister-Counselor to the senior Foreign Agricultural Service Officer assigned to any United States mission abroad: Provided further, That the number of Agricultural Counselors accorded such diplomatic title at any time shall not exceed eight: Provided further, That funds available to the Foreign Agricultural Service under this and subsequent appropriations Acts shall be available to contract with individuals for services to be performed outside the United States as determined by the Service to be necessary or appropriate for carrying out programs and activities abroad. Such individuals shall not be regarded as officers or employees of the United States under any law, including any law administered by the Office of Personnel Management.

Public Law 480

(INCLUDING TRANSFERS OF FUNDS)

For expenses during the current fiscal year, not otherwise recoverable, and unrecovered prior years' costs, including interest thereon, under the Agricultural Trade Development and Assistance Act of 1954, as amended (7 U.S.C. 1691, 1701–1715, 1721–1726, 1727–1727f, 1731–1736g), as follows: (1) financing the sale of agricultural commodities for convertible foreign currencies and for dollars on credit terms pursuant to titles I and III of said Act, or for convertible foreign currency for use under 7 U.S.C. 1708, and for furnishing commodities to carry out the Food for Progress Act of 1985, not more than $852,000,000, of which $429,596,000 is hereby appropriated and the balance derived from proceeds from sales of foreign currencies and dollar loan repayments, repayments on long-term credit sales, carryover balances and commodities made available from the inventories of the Commodity Credit Corporation by the Secretary of Agriculture pursuant to sections 102 and 403(b) of said Act, and (2) commodities supplied in connection with dispositions abroad, pursuant to title II of said Act, not more than $630,000,000, of which $630,000,000 is hereby appropriated: Provided, That not to exceed 10 per centum of the funds made available to carry out any title of this paragraph may be used to carry out any other title of this paragraph.

Office of International Cooperation and Development

(INCLUDING TRANSFERS OF FUNDS)

For necessary expenses of the Office of International Cooperation and Development to coordinate, plan, and direct activities involving international development, technical assistance and training, and international scientific and technical cooperation in the Department of Agriculture, including those authorized by the Food and Agriculture Act of 1977 (7 U.S.C. 3291), $5,295,000: Provided, That in addition, funds available to the Department of Agriculture shall be available to assist an international organization in meeting the costs, including salaries, fringe benefits and other associated costs, related to the employment by the organization of Federal personnel that may transfer to the organization under the provisions of 5 U.S.C. 3581–3584, or of other well-qualified United States citizens, for the performance of activities that contribute to increased understanding of international agricultural issues, with transfer of funds for this purpose from one appropria-

tion to another or to a single account authorized, such funds remaining available until expended: Provided further, That the Office may utilize advances of funds, or reimburse this appropriation for expenditures made on behalf of Federal agencies, public and private organizations and institutions under agreements executed pursuant to the agricultural food production assistance programs (7 U.S.C. 1736) and the foreign assistance programs of the International Development Cooperation Administration (22 U.S.C. 2392).

SCIENTIFIC ACTIVITIES OVERSEAS (FOREIGN CURRENCY PROGRAM)

For payments in foreign currencies owed to or owned by the United States for market development research authorized by section 104(b)(1) and for agricultural and forestry research and other functions related thereto authorized by section 104(b)(3) of the Agricultural Trade Development and Assistance Act of 1954, as amended (7 U.S.C. 1704(b)(1), (3)), $1,500,000: Provided, That this appropriation shall be available, in addition to other appropriations for these purposes, for payments in the foregoing currencies: Provided further, That funds appropriated herein shall be used for payments in such foreign currencies as the Department determines are needed and can be used most effectively to carry out the purposes of this paragraph: Provided further, That not to exceed $25,000 of this appropriation shall be available for payments in foreign currencies for expenses of employment pursuant to the second sentence of section 706(a) of the Organic Act of 1944 (7 U.S.C. 2225), as amended by 5 U.S.C. 3109.

TITLE V—RELATED AGENCIES

FOOD AND DRUG ADMINISTRATION

SALARIES AND EXPENSES

For necessary expenses of the Food and Drug Administration; for rental of special purpose space in the District of Columbia or elsewhere; and for miscellaneous and emergency expenses of enforcement activities, authorized and approved by the Secretary and to be accounted for solely on the Secretary's certificate, not to exceed $25,000; $450,504,000: Provided, That none of these funds shall be used to develop, establish, or operate any program of user fees authorized by 31 U.S.C. 9701.

BUILDINGS AND FACILITIES

For plans, construction, repair, improvement, extension, alteration, and purchase of fixed equipment or facilities of or used by the Food and Drug Administration, where not otherwise provided, $1,450,000.

RENTAL PAYMENTS (FDA)

(INCLUDING TRANSFERS OF FUNDS)

For payment of space rental and related costs pursuant to Public Law 92-313 for programs and activities of the Food and Drug Administration which are included in this Act, $25,612,000: Provided, That in the event the Food and Drug Administration should require modification of space needs, a share of the salaries and expenses appropriation may be transferred to this appropriation, or a share of this appropriation may be transferred to the salaries and expenses appropriation, but such transfers shall not exceed 10 per centum of the funds made available for rental payments (FDA) to or from this account.

COMMODITY FUTURES TRADING COMMISSION

For necessary expenses to carry out the provisions of the Commodity Exchange Act, as amended (7 U.S.C. 1 et seq.), including the purchase and hire of passenger motor vehicles; the rental of space (to include multiple year leases) in the District of Columbia and elsewhere; and not to exceed $25,000 for employment under 5 U.S.C. 3109; $32,813,000, including not to exceed $700 for official reception and representation expenses.

FARM CREDIT ADMINISTRATION

LIMITATION ON REVOLVING FUND FOR ADMINISTRATIVE EXPENSES

Notwithstanding any provision of The Farm Credit Act Amendments of 1987 (H.R. 3030), or any similar bill, if enacted into law, not to exceed $35,000,000 (from assessments collected from farm credit system banks), of which not to exceed $1,500 shall be available for official reception and representation expenses, shall be obligated during the current fiscal year for administrative expenses as authorized under 12 U.S.C. 2249.

TITLE VI—GENERAL PROVISIONS

SEC. 601. The expenditure of any appropriation under this Act for any consulting service through procurement contract, pursuant to 5 U.S.C. 3109, shall be limited to those contracts where such expenditures are a matter of public record and available for public inspection, except where otherwise provided under existing law, or under existing Executive Order issued pursuant to existing law.

SEC. 602. Within the unit limit of cost fixed by law, appropriations and authorizations made for the Department of Agriculture for the fiscal year 1988 under this Act shall be available for the purchase, in addition to those specifically provided for, of not to exceed seven hundred and fifty-four (754) passenger motor vehicles, of which seven hundred and forty-six (746) shall be for replacement only, and for the hire of such vehicles.

SEC. 603. Funds in this Act available to the Department of Agriculture shall be available for uniforms or allowances therefore as authorized by law (5 U.S.C. 5901-5902).

SEC. 604. Not less than $1,500,000 of the appropriations of the Department of Agriculture in this Act for research and service work authorized by the Acts of August 14, 1946 and July 28, 1954, and (7 U.S.C. 427, 1621-1629), and by chapter 63 of title 31, United States Code, shall be available for contracting in accordance with said Acts and chapter.

SEC. 605. No part of the funds contained in this Act may be used to make production or other payments to a person, persons, or corporations upon a final finding by court of competent jurisdiction that such party is guilty of growing, cultivating, harvesting, processing or storing marijuana, or other such prohibited drug-producing plants on any part of lands owned or controlled by such persons or corporations.

SEC. 606. Advances of money to chiefs of field parties from any appropriation in this Act for the Department of Agriculture may be made by authority of the Secretary of Agriculture.

SEC. 607. The cumulative total of transfers to the Working Capital Fund for the purpose of accumulating growth capital for data services and National Finance Center operations shall not exceed $2,000,000: Provided, That no funds in this Act appropriated to an agency of the Department shall be transferred to the Working Capital Fund without the approval of the agency administrator.

SEC. 608. New obligational authority provided for the following appropriation items in this Act shall remain available until expended: Public Law 480; Mutual and Self-Help Housing; Watershed and Flood Prevention Operations; Resource Conservation and Development; Colorado River Basin Salinity Control Program; Animal and Plant Health Inspection Service, $4,500,000 for the contingency fund to meet emergency conditions, and buildings and facilities; Agricultural Stabilization and Conservation Service, salaries and expenses funds made available to county committees; the Federal Crop Insurance Corporation Fund; Rural Housing for Domestic Farm Labor; Agricultural Research Service, buildings and facilities; Scientific Activities Overseas (Foreign Currency Program); Dairy Indemnity Program; $5,000,000 for the grasshopper and Mormon cricket control program, Animal and Plant Health Inspection Service; $2,852,000 for higher education training grants under section 1417(a)(3)(B) of Public Law 95-113, as amended (7 U.S.C. 3152(a)(3)(B)); and buildings and facilities, Food and Drug Administration.

SEC. 609. No part of any appropriation contained in this Act shall remain available for obligation beyond the current fiscal year unless expressly so provided herein.

SEC. 610. Not to exceed $50,000 of the appropriation available to the Department of Agriculture in this Act shall be available to provide appropriate orientation and language training pursuant to Public Law 94-449.

SEC. 611. Notwithstanding any other provision of law, employees of the agencies of the Department of Agriculture, including employees of the Agricultural Stabilization and Conservation county committees, may be utilized to provide part-time and intermittent assistance to other agencies of the Department, without reimbursement, during periods when they are not otherwise full utilized, and ceilings on full-time equivalent staff years established for or by the Department of Agriculture shall exclude overtime as well as staff years expended as a result of carrying out programs associated with natural disasters, such as forest fires, droughts, floods, and other acts of God.

SEC. 612. Funds provided by this Act for personnel compensation and benefits shall be available for obligation for that purpose only.

SEC. 613. No part of any appropriation contained in this Act shall be expended by any executive agency, as referred to in the Office of Federal Procurement Policy Act (41 U.S.C. 401 et seq.), pursuant to any obligation for services by contract, unless such executive agency has awarded and entered into such contract as provided by law.

SEC. 614. None of the funds appropriated or otherwise made available by this Act shall be available to implement, administer, or enforce any regulation which has been disapproved pursuant to a resolution of disapproval duly adopted in accordance with the applicable law of the United States.

SEC. 615. Certificates of beneficial ownership sold by the Farmers Home Administration in connection with the Agricultural Credit Insurance Fund, Rural Housing Insurance Fund, and the Rural Development Insurance Fund shall be not less than 65 per centum of the value of the loans closed during the fiscal year.

SEC. 616. No funds appropriated by this Act may be used to pay negotiated indirect cost rates on cooperative agreements or similar arrangements between the United States Department of Agriculture and nonprofit institutions in excess of 10 per centum of the total direct cost of the agreement when the purpose of such cooperative *arrangements is to carry out programs of mutual interest between the two parties. This does not preclude appropriate payment of indirect costs on grants and contracts with such institutions when such indirect costs are computed on a similar basis for all agencies for which appropriations are provided in this Act.*

SEC. 617. None of the funds in this Act shall be used to carry out any activity related to phasing out the Resource Conservation and Development Program.

SEC. 618. None of the funds in this Act shall be used to prevent or interfere with the right and obligation of the Commodity Credit Corporation to sell surplus agricultural commodities in world trade at competitive prices as authorized by law.

SEC. 619. Notwithstanding any other provision of this Act, commodities acquired by the Department in connection with Commodity Credit Corporation and section 32 price support operations may be used, as authorized by law (15 U.S.C. 714c and 7 U.S.C. 612c), to provide commodities to individuals in cases of hardship as determined by the Secretary of Agriculture.

SEC. 620. During fiscal year 1988, notwithstanding any other provision of law, no funds may be paid out of the Treasury of the United States or out of any fund of a Government corporation to any private individual or corporation in satisfaction of any assurance agreement or payment guarantee or other form of loan guarantee entered into by any agency or corporation of the United States Government with respect to loans made and credits extended to the Polish People's Republic, unless the Polish People's Republic has been declared to be in default of its debt to such individual or corporation or unless the President has provided a monthly written report to the Speaker of the House of Representatives and the President of the Senate explaining the manner in which the national interest of the United States has been served by any payments during the previous month under loan guarantee or credit assurance agreement with respect to loans made or credits extended to the Polish People's Republic in the absence of a declaration of default.

SEC. 621. None of the funds in this Act shall be available to reimburse the General Services Administration for payment of space rental and related costs in excess of the amounts specified in this Act; nor shall this or any other provision of law require a reduction in the level of rental space or services below that of fiscal year 1987 or prohibit an expansion of rental space or services with the use of funds otherwise appropriated in this Act.

SEC. 622. In fiscal year 1988, the Secretary of Agriculture shall initiate construction on not less than twenty new projects under the Watershed Protection and Flood Prevention Act (Public Law 566) and not less than five new projects under the Flood Control Act (Public Law 534).

SEC. 623. Funds provided by this Act may be used for translation of publications of the Department of Agriculture into foreign languages when determined by the Secretary to be in the public interest.

SEC. 624. None of the funds appropriated by this or any other Act may be used to relocate the Hawaii State Office of the Farmers Home Administration from Hilo, Hawaii, to Honolulu, Hawaii.

SEC. 625. Provisions of law prohibiting or restricting personal services contracts shall not apply to veterinarians employed by the Department to take animal blood samples, test and vaccinate animals, and perform branding and tagging activities on a fee-for-service basis.

SEC. 626. None of the funds provided in this Act may be used to reduce programs by establishing an end-of-year employment ceiling on full-time equivalent staff years below the level set herein for the following agencies: Farmers Home Administration, 12,675; Agricultural Stabilization and Conservation Service, 2,550; Rural Electrification Administration, 550; and Soil Conservation Service, 14,177.

SEC. 627. Funds provided in this act may be used for one-year contracts which are to be performed in two fiscal years so long as the total amount for such contracts is obligated in the year for which the funds are appropriated.

SEC. 628. Funds appropriated by this Act shall be applied only to the objects for which appropriations were made except as otherwise provided by law, as required by 31 U.S.C. 1301.

SEC. 629. None of the funds in this Act shall be available to restrict the authority of the Commodity Credit Corporation to lease space for its own use or to lease space on behalf of other agencies of the Department of Agriculture when such space will be jointly occupied.

SEC. 630. None of the funds provided in this Act may be expended to release information acquired from any handler under the Agricultural Marketing Agreement Act of 1937, as amended: Provided, That this provision shall not prohibit the release of information to other Federal agencies for enforcement purposes: Provided further, That this provision shall not prohibit the release of aggregate statistical data used in formulating regulations pursuant to the Agricultural Marketing Agreement Act of 1937, as amended: Provided further, That this provision shall not prohibit the release of information submitted by milk handlers.

SEC. 631. Unless otherwise provided in this Act, none of the funds appropriated or otherwise made available in this Act may be used by the Farmers Home Administration to employ or otherwise contract with private debt collection agencies to collect delinquent payments from Farmers Home Administration borrowers.

SEC. 632. During fiscal year 1988 and each succeeding fiscal year, the Secretary of Agriculture shall permit each district office of the Farmers Home Administration to exempt any existing dwelling from any limitation established by the Secretary on the number of square feet of living area that may be contained in a dwelling to be eligible for a loan under section 502 of the Housing Act of 1949, if the dwelling is modest in design, size, and cost for the area in which it is located.

SEC. 633. Hereafter, notwithstanding section 306A (c), (d), and (e) of the Rural Electrification Act of 1936, as amended, a borrower of a loan made by the Federal Financing Bank and guaranteed under section 306 of such Act (7 U.S.C. 936) may, at the option of the borrower, prepay such loan (or any loan advance thereunder) in accordance with section 306A (a) and (b) of such Act: Provided, That any prepayment in excess of $2,500,000,000 shall be subject to the approval of the Secretary of the Treasury.

SEC. 634. None of the funds appropriated in this Act or any other Act shall be used to alter the method of computing normalized prices for agricultural commodities for use by any Federal agency in evaluating water resources development projects to be undertaken in whole or in part with Federal funds that was in effect as of January 1, 1986.

SEC. 635. None of the funds in this Act, or otherwise made available by this Act, shall be used to sell loans made by the Agricultural Credit Insurance Fund.

SEC. 636. (a) Section 1323(a)(1) of the Food Security Act of 1985 is amended by striking out "For the fiscal year ending September 30, 1987" and inserting in lieu thereof "Prior to September 30, 1988", and

(b) Section 1323(a)(5) of such Act is amended by striking out "September 30, 1987" and inserting in lieu thereof "September 30, 1988", and

(c) Section 1323(b)(1) of such Act is amended by striking out "For the fiscal year ending September 30, 1987" and inserting in lieu thereof "Prior to September 30, 1988".

SEC. 637. $10,000,000 of Section 32 funds shall be used to purchase sunflower oil, such purchases to facilitate additional sales of sunflower oil in World Markets at competitive prices, so as to compete with other countries in fiscal years 1988 and 1989.

SEC. 638. Section 201(d)(2) of the Agricultural Act of 1949 (7 U.S.C. 1446(d)(2)) is amended—

(1) in subparagraph (A) by striking out "During the period beginning on April 1, 1986, and ending on September 30, 1987," and inserting in lieu thereof "Beginning after March 31, 1986,";

(2) in subparagraph (B) by striking out "subparagraph (E)" and inserting in lieu thereof "subparagraphs (E) and (F)"; and

(3) by adding at the end thereof the following new subparagraph:

"(F)(i) The Secretary—

"(I) notwithstanding the Balanced Budget and Emergency Deficit Control Act of 1985 and any order issued by the President under section 252 of such Act for a fiscal year; and

"(II) in lieu of making any reduction in payments for the purchase of milk or the products of milk under this subsection during such fiscal year under any such order;

shall provide for the reduction (measured in cents per hundredweight of milk marketed) under subparagraph (A) during the period beginning on October 1 and ending on September 30 of such fiscal year as the sole means of achieving any reduction in budget outlays under the milk price-support program that otherwise would be required under either such order and only for the purpose of substituting for any reduction in payments made by the Secretary for the purchase of milk or the products of milk under either such order.

"(ii) The aggregate amount of any reduction under subparagraph (A) resulting from the operation of clause (i) may not exceed the aggregate amount of the reduction in budget outlays under the milk price-support program, as estimated by the Secretary, that otherwise would have been achieved under either such order by reducing payments made by the Secretary for the purchase of milk or the products of milk under this subsection during such fiscal year.".

SEC. 639. Section 1581(b) of the Food Security Act of 1985 (Public Law 99-198) is amended by striking out "June 30, 1987," and inserting in lieu thereof "June 30, 1988,".

This Act may be cited as the "Rural Development, Agriculture, and Related Agencies Appropriations Act, 1988".

And the Senate agree to the same.

Amendment numbered 13:

That the House recede from its disagreement to the amendment of the Senate numbered 13, and agree to the same with an amendment, as follows:

In lieu of the matter stricken and inserted by said amendment, insert the following:

(1) Such amounts as may be necessary for programs, projects, or activities provided for in the Department of Transportation and Related Agencies Appropriations Act, 1988, at a rate of operations and to the extent and in the manner provided for, the provisions of such Act to be effective as if it had been enacted into law as the regular appropriations Act, as follows:

AN ACT

Making appropriations for the Department of Transportation and related agencies for the fiscal year ending September 30, 1988, and for other purposes.

TITLE I—DEPARTMENT OF TRANSPORTATION

OFFICE OF THE SECRETARY

SALARIES AND EXPENSES

(INCLUDING TRANSFER OF FUNDS)

For necessary expenses of the Office of the Secretary of Transportation, including not to exceed $30,000 for allocation within the Department of official reception and representation expenses as the Secretary may determine; $1,050,000 for the Immediate Office of the Secretary; $451,000 for the Immediate Office of the Deputy Secretary; $5,785,000 for the Office of the General Counsel; $7,796,000 for the Office of the Assistant Secretary for Policy and International Affairs; $2,105,000 for the Office of the Assistant Secretary for Budget and Programs; $2,367,000 for the Office of the Assistant Secretary for Governmental Affairs; $22,099,000, of which $15,360,000 shall be derived from unobligated balances of "Payments to air carriers", for the Office of the Assistant Secretary for Administration; $1,459,000 for the Office of the Assistant Secretary for Public Affairs; $798,000 for the Executive Secretariat; $430,000 for the Contract Appeals Board; $1,244,000 for the Office of Civil Rights; $384,000 for the Office of Commercial Space Transportation; $1,700,000 for the Office of Essential Air Service; $642,000 for Regional Representatives; and $3,042,000 for the Office of Small and Disadvantaged Business Utilization, of which $2,229,000 shall remain available for the purposes of the Minority Business Resource Center as authorized by 49 U.S.C. 332: Provided, That, notwithstanding any other provision of law, funds available for the purposes of the Minority Business Resource Center in this or any other Act may be used for business opportunities related to any mode of transportation: Provided further, That 5 per centum of each sum provided under this head for the Immediate Office of the Secretary, the Immediate Office of the Deputy Secretary, and the Office of the General Counsel shall not be available for obligation until on or after the date that final rules are issued by the Department of Transportation that: (1) expand existing requirements for installation and carriage of cockpit voice recorders and flight data recorders to smaller sizes of commuter air carrier aircraft and to require cockpit voice recorder and flight data recorder retrofits on certain types of existing commuter air carrier aircraft to be determined by the Federal Aviation Administration; and (2) require installation and carriage of operating altitude-encoding radar transponders for all aircraft operating in terminal airspace where air traffic control service is provided and in all controlled airspace above a minimum altitude to be determined by the Federal Aviation Administration.

TRANSPORTATION PLANNING, RESEARCH, AND DEVELOPMENT

(TRANSFERS OF FUNDS)

For necessary expenses for conducting transportation planning, research, and development activities, including the collection of national transportation statistics, and university research and internships, to remain available until expended, $4,987,000 of which $4,750,000, shall be derived from "Payments to air carriers" and $237,000 shall be derived from "Expressway gap closing demonstration project".

WORKING CAPITAL FUND

Necessary expenses for operating costs and capital outlays of the Department of Transportation Working Capital Fund not to exceed $127,801,000 shall be paid, in accordance with law, from appropriations made available by this Act and prior appropriation Acts to the Department of Transportation, together with advances and reimbursements received by the Department of Transportation; for necessary expenses associated with the development of the Departmentwide Accounting and Information System, $1,601,000, to remain available until expended; and for the Department of Transportation office space reduction initiative, $204,000.

PAYMENTS TO AIR CARRIERS

For payments to air carriers of so much of the compensation fixed and determined under section 419 of the Federal Aviation Act of 1958, as amended (49 U.S.C. 1389), as is payable by the Department of Transportation, $28,500,000, to remain available until expended.

COAST GUARD

OPERATING EXPENSES

For necessary expenses for the operation and maintenance of the Coast Guard, not otherwise provided for; purchase of not to exceed eight passenger motor vehicles for replacement only; and recreation and welfare, $1,789,106,000, of which $21,600,000 shall be expended from the Boat Safety Account: Provided, That, of the funds available under this head, not less than $429,120,000 shall be available for drug enforcement activities: Provided further, That the number of aircraft on hand at any one time shall not exceed two hundred and fourteen, exclusive of planes and parts stored to meet future attrition: Provided further, That none of the funds appropriated in this or any other Act shall be available for pay or administrative expenses in connection with shipping commissioners in the United States: Provided further, That none of the funds provided in this Act shall be available for expenses incurred for yacht documentation under 46 U.S.C. 12109 except to the extent fees are collected from yacht owners and credited to this appropriation.

ACQUISITION, CONSTRUCTION, AND IMPROVEMENTS

For necessary expenses of acquisition, construction, rebuilding, and improvement of aids to navigation, shore facilities, vessels, and aircraft, including equipment related thereto, to remain available until September 30, 1992, $247,000,000: Provided, That the Secretary of Transportation shall issue regulations requiring that written warranties shall be included in all contracts with prime contractors for major systems acquisitions of the Coast Guard: Provided further, That any such written warranty shall not apply in the case of any system or component thereof that has been furnished by the Government to a contractor: Provided further, That the Secretary of Transportation may provide for a waiver of the requirements for a warranty where: (1) the waiver is necessary in the interest of the national defense or the warranty would not be cost effective; and (2) the Committees on Appropriations of the Senate and the House of Representatives, the Committee on Commerce, Science, and Transportation of the Senate, and the Committee on Merchant Marine and Fisheries of the House of Representatives are notified in writing of the Secretary's intention to waive and reasons for waiving such requirements: Provided further, That the requirements for such written warranties shall not cover combat damage.

ALTERATION OF BRIDGES

For necessary expenses for alteration or removal of obstructive bridges, $940,000, to remain available until expended.

RETIRED PAY

For retired pay, including the payment of obligations therefor otherwise chargeable to lapsed appropriations for this purpose, and payments under the Retired Serviceman's Family Protection and Survivor Benefits Plans, and for payments for medical care of retired personnel and their dependents under the Dependents Medical Care Act (10 U.S.C., ch. 55), $386,700,000.

RESERVE TRAINING

For all necessary expenses for the Coast Guard Reserve, as authorized by law; maintenance and operation of facilities; and supplies, equipment, and services, $62,880,000.

RESEARCH, DEVELOPMENT, TEST, AND EVALUATION

For necessary expenses, not otherwise provided for, for basic and applied scientific research, development, test, and evaluation; maintenance, rehabilitation, lease and operation of facilities and equipment, as authorized by law, $19,000,000, to remain available until expended: Provided, That there may be credited to this appropriation funds received from State and local governments, other public authorities, private sources and foreign countries, for expenses incurred for research, development, testing, and evaluation.

OFFSHORE OIL POLLUTION COMPENSATION FUND

The Secretary of Transportation is authorized to issue to the Secretary of the Treasury notes or other obligations in such amounts and at such times as may be necessary to the extent that appropriations are not adequate to meet the obligations of the Fund: Provided, That none of the funds in this Act shall be available for the implementation or execution of programs the obligations for which are in excess of $57,000,000 in fiscal year 1988 for the "Offshore Oil Pollution Compensation Fund".

DEEPWATER PORT LIABILITY FUND

The Secretary of Transportation is authorized to issue, and the Secretary of the Treasury is authorized to purchase, without fiscal year limitation, notes or other obligations in such amounts and at such times as may be necessary to the extent that available appropriations are not adequate to meet the obligations of the Fund: Provided, That none of the funds in this Act shall be available for the implementation or execution of programs the obligations for which are in excess of $47,500,000 in fiscal year 1988 for the "Deepwater Port Liability Fund".

BOAT SAFETY

(LIQUIDATION OF CONTRACT AUTHORIZATION)

For payment of obligations incurred for recreational boating safety assistance under Public Law 92-75, as amended, $22,500,000, to be derived from the Boat Safety Account and to remain available until expended: Provided, That none of the funds in this Act shall be available for the planning or execution of programs the obligations for which are in excess of $21,375,000 in fiscal year 1988 for recreational boating safety assistance.

FEDERAL AVIATION ADMINISTRATION

HEADQUARTERS ADMINISTRATION

For necessary expenses, not otherwise provided for, of providing administrative services at the headquarters location of the Federal Aviation Administration, including but not limited to accounting, budgeting, legal, public affairs, and executive direction services for the Federal Aviation Administration, $35,520,000.

OPERATIONS

(INCLUDING TRANSFER OF FUNDS)

For necessary expenses of the Federal Aviation Administration, not otherwise provided for, including administrative expenses for research and development, and for establishment of air navigation facilities, and carrying out the provisions of the Airport and Airway Development Act, as amended, or other provisions of law authorizing the obligation of funds for similar programs of airport and airway development or improvement, purchase of four passenger motor vehicles for replacement only, $3,148,520,000, of which not to exceed $825,955,000 shall be derived from the Airport and Airway Trust Fund: Provided, That there may be credited to this appropriation funds received from States, counties, municipalities, other public authorities, and private sources, for expenses incurred in the maintenance and operation of air navigation facilities: Provided further, That none of these funds shall be available for new applicants for the second career training program or for a pilot test of contractor maintenance: Provided further, That the immediately preceding proviso shall not prohibit the augmentation of the existing field maintenance work force if it is determined to be essential for the safe operation of the air traffic control system: Provided further, That section 5532(f)(2) of title V, United States Code, is amended by striking "December 31, 1987" and inserting "December 31, 1988" in lieu thereof: Provided further, That section 8344(h) of title V, United States Code, is amended by striking "April 1, 1986" in paragraph (2) and inserting "December 31, 1986" in lieu thereof: Provided further, That in the event that the Federal Aviation Administrator employs annuitants subject to section 8344(h) of title V, United States Code, not to exceed $9,700,000, to be derived from the unobligated balance of any appropriation available for obligation by the Federal Aviation Administration as of the effective date of this Act, shall be available through December 31, 1988, for the purpose of funding such employment: Provided further, That any such funding shall be reported to the Committees on Appropriations of the Senate and the House of Representatives.

FACILITIES AND EQUIPMENT

(AIRPORT AND AIRWAY TRUST FUND)

For necessary expenses, not otherwise provided for, for acquisition, establishment, and improvement by contract or purchase, and hire of air navigation and experimental facilities, including initial acquisition of necessary sites by lease or grant; engineering and service testing including construction of test facilities and acquisition of necessary sites by lease or grant; construction and furnishing of quarters and related accommodations of officers and employees of the Federal Aviation Administration stationed at remote localities where such accommodations are not available; and the lease or purchase of one aircraft; to be derived from the Airport and Airway Trust Fund and to remain available until September 30, 1992, $1,108,056,000: Provided, That there may be credited to this appropriation funds received from States, counties, municipalities, other public authorities, and private sources, for expenses incurred in the establishment and modernization of air navigation facilities: Provided further, That of the funds available under this head, $5,225,000 shall be available for the Secretary of Transportation to enter into grant agreements with universities or colleges having an airway science curriculum recognized by the Federal Aviation Administration, to conduct demonstration projects in the development, advancement, or expansion of airway science curriculum programs, and such funds, which shall remain available until expended, shall be made available under such terms and conditions as the Secretary of Transportation may prescribe, to such universities or colleges for the purchase or lease of buildings and associated facilities, instructional materials, or equipment to be used in conjunction with airway science curriculum programs, but, notwithstanding any other provision of law, beginning in fiscal year 1989 and thereafter, in no event shall the total Federal share provided for any airway science construction project exceed 50 percent of the total cost of such project.

RESEARCH, ENGINEERING, AND DEVELOPMENT

(AIRPORT AND AIRWAY TRUST FUND)

For necessary expenses, not otherwise provided for, for research, engineering, and development, in accordance with the provisions of the Federal Aviation Act (49 U.S.C. 1301-1542), including construction of experimental facilities and acquisition of necessary sites by lease or grant, $153,425,000, to be derived from the Airport and Airway Trust Fund and to remain available until expended: Provided, That there may be credited to this appropriation funds received from States, counties, municipalities, other public authorities, and private sources, for expenses incurred for research, engineering, and development.

GRANTS-IN-AID FOR AIRPORTS

(LIQUIDATION OF CONTRACT AUTHORIZATION)

(AIRPORT AND AIRWAY TRUST FUND)

For liquidation of obligations incurred for airport planning and development under section 14 of Public Law 91-258, as amended, and under other law authorizing such obligations, and obligations for noise compatibility planning and programs, $1,063,000,000, to be derived from the Airport and Airway Trust Fund and to remain available until expended: Provided, That none of the funds in this Act shall be available for the planning or execution of programs the commitments for which are in excess of $1,268,725,000 in fiscal year 1988 for grants-in-aid for airport planning and development, and noise compatibility planning and programs, notwithstanding section 506(e)(4) of the Airport and Airway Improvement Act of 1982.

AVIATION INSURANCE REVOLVING FUND

The Secretary of Transportation is hereby authorized to make such expenditures and investments, within the limits of funds available pursuant to section 1306 of the Act of Au-gust 23, 1958, as amended (49 U.S.C. 1536), and in accordance with section 104 of the Government Corporation Control Act, as amended (31 U.S.C. 9104), as may be necessary in carrying out the program set forth in the budget for the current fiscal year for aviation insurance activities under said Act.

AIRCRAFT PURCHASE LOAN GUARANTEE PROGRAM

The Secretary of Transportation may hereafter issue notes or other obligations to the Secretary of the Treasury, in such forms and denominations, bearing such maturities, and subject to such terms and conditions as the Secretary of the Treasury may prescribe. Such obligations may be issued to pay any necessary expenses required pursuant to any guarantee issued under the Act of September 7, 1957, Public Law 85-307, as amended (49 U.S.C. 1324 note). None of the funds in this Act shall be available for the implementation or execution of programs under this head, the obligations for which are in excess of $57,000,000 during fiscal year 1988. Such obligations shall be redeemed by the Secretary from appropriations authorized by this section. The Secretary of the Treasury shall purchase any such obligations, and for such purpose he may use as a public debt transaction the proceeds from the sale of any securities issued under the Second Liberty Bond Act, as now or hereafter in force. The purposes for which securities may be issued under such Act are extended to include any purchase of notes or other obligations issued under the subsection. The Secretary of the Treasury may sell any such obligations at such times and price and upon such terms and conditions as he shall determine in his discretion. All purchases, redemptions, and sales of such obligations by such Secretary shall be treated as public debt transactions of the United States.

FEDERAL HIGHWAY ADMINISTRATION

LIMITATION ON GENERAL OPERATING EXPENSES

Necessary expenses for administration, operation, and research of the Federal Highway Administration, not to exceed $206,736,000, shall be paid, in accordance with law, from appropriations made available by this Act to the Federal Highway Administration together with advances and reimbursements received by the Federal Highway Administration: Provided, That not to exceed $37,566,000 of the amount provided herein shall remain available until expended: Provided further, That, notwithstanding any other provision of law, there may be credited to this account funds received from States, counties, municipalities, other public authorities and private sources, for training expenses incurred for non-Federal employees.

HIGHWAY SAFETY RESEARCH AND DEVELOPMENT

(HIGHWAY TRUST FUND)

For necessary expenses in carrying out provisions of sections 307(a) and 403 of title 23, United States Code, to be derived from the Highway Trust Fund and to remain available until expended, $6,650,000.

Highway-Related Safety Grants
(Liquidation of Contract Authorization)
(Highway Trust Fund)

For payment of obligations incurred in carrying out the provisions of title 23, United States Code, section 402, administered by the Federal Highway Administration, to remain available until expended, $9,900,000, to be derived from the Highway Trust Fund: Provided, That not to exceed $100,000 of the amount appropriated herein shall be available for "Limitation on general operating expenses": Provided further, That none of the funds in this Act shall be available for the planning or execution of programs the obligations for which are in excess of $9,405,000 in fiscal year 1988 for "Highway-related safety grants".

Railroad-Highway Crossings Demonstration Projects

For necessary expenses of certain railroad-highway crossings demonstration projects as authorized by section 163 of the Federal-Aid Highway Act of 1973, as amended, to remain available until expended, $7,790,000, of which $5,193,333 shall be derived from the Highway Trust Fund.

Federal-Aid Highways
(Limitation on Obligations)
(Highway Trust Fund)

None of the funds in this Act shall be available for the implementation or execution of programs the obligations for which are in excess of $11,780,000,000 for Federal-aid highways and highway safety construction programs for fiscal year 1988.

Federal-Aid Highways
(Liquidation of Contract Authorization)
(Highway Trust Fund)

For carrying out the provisions of title 23, United States Code, that are attributable to Federal-aid highways, including the National Scenic and Recreational Highway as authorized by 23 U.S.C. 148, not otherwise provided, including reimbursements for sums expended pursuant to the provisions of 23 U.S.C. 308, $13,400,000,000 or so much thereof as may be available in and derived from the Highway Trust Fund, to remain available until expended.

Right-of-Way Revolving Fund
(Limitation on Direct Loans)
(Highway Trust Fund)

During fiscal year 1988 and with the resources and authority available, gross obligations for the principal amount of direct loans shall not exceed $45,457,000.

Motor Carrier Safety

For necessary expenses to carry out the motor carrier safety functions of the Secretary as authorized by the Department of Transportation Act (80 Stat. 939-940), $22,790,000, of which $1,920,000 shall remain available until expended, and not to exceed $300,000 shall be available for "Limitation on general operating expenses".

Motor Carrier Safety Grants
(Liquidation of Contract Authorization)
(Highway Trust Fund)

For payment of obligations incurred in carrying out the provisions of section 402 of Public Law 97-424, $50,000,000, to be derived from the Highway Trust Fund and to remain available until expended: Provided, That none of the funds in this Act shall be available for the implementation or execution of programs the obligations for which are in excess of $46,992,000 for "Motor carrier safety grants".

Access Highways to Public Recreation Areas on Certain Lakes

Notwithstanding any other provision of law, there is appropriated $1,786,000 for necessary expenses of certain access highway projects, as authorized by section 155, title 23, United States Code, to remain available until expended.

Baltimore-Washington Parkway
(Highway Trust Fund)

For necessary expenses, not otherwise provided, to carry out the provisions of the Federal-Aid Highway Act of 1970, for the Baltimore-Washington Parkway, to remain available until expended, $14,250,000, to be derived from the Highway Trust Fund and to be withdrawn therefrom at such times and in such amounts as may be necessary.

Waste Isolation Pilot Project Roads

For necessary expenses in connection with the upgrading of certain highways for the transportation of nuclear waste generated during defense-related activities, not otherwise provided for, $15,504,000, to remain available until expended.

Expressway Gap Closing Demonstration Project

For necessary expenses to carry out a highway construction project along State Route 113 in north-central California that demonstrates methods of reducing motor vehicle congestion and increasing employment, $7,885,000, to remain available until expended.

Intermodal Urban Demonstration Project
(Highway Trust Fund)

For necessary expenses to carry out the provisions of section 124 of the Federal-Aid Highway Amendments of 1974, $9,500,000, to be derived from the Highway Trust Fund and to remain available until expended.

Highway Safety and Economic Development Demonstration Projects
(Highway Trust Fund)

For necessary expenses to carry out construction projects as authorized by Public Law 99-500 and Public Law 99-591, $9,500,000, to be derived from the Highway Trust Fund and to remain available until expended: Provided, That, notwithstanding any other provision of law, funds appropriated for this project shall not be included in any calculations made under section 157 of title 23, United States Code, for fiscal year 1988 and each fiscal year thereafter.

Highway Safety Improvement
Demonstration Project
(Highway Trust Fund)

For the purpose of carrying out a coordinated project of highway improvements in the vicinity of Pontiac and East Lansing, Michigan, that demonstrates methods of enhancing safety and promoting economic development through widening and resurfacing of highways on the Federal-aid primary system and on roads on the Federal-aid urban system, as authorized by Public Law 99-500 and Public Law 99-591, $1,900,000, to be derived from the Highway Trust Fund and to remain available until expended.

Highway-Railroad Grade Crossing Safety
Demonstration Project
(Highway Trust Fund)

For the purpose of carrying out a coordinated project of highway-railroad grade crossing separations in Mineola, New York, that demonstrates methods of enhancing highway-railroad grade crossing safety while minimizing surrounding environmental effects, as authorized by Public Law 99-500 and Public Law 99-591, $9,500,000, to be derived from the Highway Trust Fund and to remain available until expended.

Bridge Improvement Demonstration Project

For 80 percent of the expenses necessary to carry out a highway project in the vicinity of Jacksonville, Florida, for the purpose of demonstrating methods of reducing traffic congestion and improving efficiency in the trans-shipment of military and civilian cargo, by construction of a bridge to Blount Island, widening State Highway 105 (Heckscher Drive) and constructing an interchange at the intersection of Heckscher Drive and the new Blount Island Bridge, $4,750,000, to remain available until expended.

Vehicular and Pedestrian Safety Demonstration Project
(Highway Trust Fund)

For the purpose of carrying out a demonstration of methods of improving vehicular and pedestrian safety on roads on the Federal-aid urban and Federal-aid secondary systems, involving Route 66 in Northampton and Huntington, Massachusetts, $6,650,000, to be derived from the Highway Trust Fund and to remain available until expended: Provided, That all funds appropriated under this head shall be exempt from any limitation on obligations for Federal-aid highways and highway safety construction programs.

Highway Bridge Relocation Demonstration Project

For 80 percent of the expenses necessary to carry out a highway project involving the relocation of U.S. Highway 101 and the Queets River Bridge in the State of Washington that demonstrates methods of improving highway safety, $2,470,000, to remain available until expended.

Highway Bypass Demonstration Project

For 80 percent of the expenses necessary to carry out a highway project in the vicinity of Prunedale, California, that demonstrates methods of accelerating the environmental studies and preliminary engineering for the construction of a highway bypass, $1,900,000, to remain available until expended.

Highway Widening and Improvement Demonstration Project

For 80 percent of the expenses necessary to carry out a highway project between Paintsville and Prestonsburg, Kentucky, that demonstrates the safety and economic benefits of widening and improving highways in mountainous areas, $2,375,000, to remain available until expended.

Corridor Safety Improvement Project
(Highway Trust Fund)

For the purpose of carrying out a demonstration of methods of improving vehicular and pedestrian safety on roads on the Federal-aid primary and Federal-aid secondary systems, involving Route 1 in New Jersey, there is hereby authorized to be appropriated $50,000,000, to be derived from the Highway Trust Fund and to remain available until expended, of which $4,702,000 is hereby appropriated and to remain available until expended: Provided, That all funds appropriated under this head shall be exempted from any limitation on obligations for Federal-aid highways and highway safety construction programs.

BRIDGE CAPACITY IMPROVEMENTS
(HIGHWAY TRUST FUND)

For the purpose of carrying out the Nashua River Bridge and Broad Street Parkway project in Nashua, New Hampshire, that crosses the Nashua River, there is hereby authorized to be appropriated $8,000,000, to be derived from the Highway Trust Fund and to remain available until expended, of which $237,000 is hereby appropriated, to remain available until expended. All funds appropriated under this head shall be exempted from any limitation on obligations for Federal-aid highways and highway safety construction programs.

TRAFFIC IMPROVEMENT DEMONSTRATION PROJECT

For 80 percent of the expenses necessary to carry out a highway bypass project in the vicinity of Petoskey, Michigan, that demonstrates methods of improving economic development and regional transportation, there is authorized to be appropriated $28,000,000, to remain available until expended, of which $475,000 is hereby appropriated, to remain available until expended: Provided, That all funds appropriated under this head shall be exempt from any limitation on obligations for Federal-aid highways and highway safety construction programs.

NATIONAL HIGHWAY TRAFFIC SAFETY ADMINISTRATION

OPERATIONS AND RESEARCH

For expenses necessary to discharge the functions of the Secretary with respect to traffic and highway safety under the Motor Vehicle Information and Cost Savings Act (Public Law 92-513, as amended), and the National Traffic and Motor Vehicle Safety Act, $62,534,000, of which $29,331,000 shall remain available until expended: Provided, That, of the funds available under this head, $6,480,000 shall be available to implement the recommendations of the 1985 National Academy of Sciences report on trauma research.

OPERATIONS AND RESEARCH
(HIGHWAY TRUST FUND)

For expenses necessary to discharge the functions of the Secretary with respect to traffic and highway safety under chapter 4, title 23, United States Code, to be derived from the Highway Trust Fund, $30,346,000, to remain available until expended: Provided, That, of the funds available under this head, $1,680,000 shall be available for light truck and van safety research and analysis.

HIGHWAY TRAFFIC SAFETY GRANTS
(LIQUIDATION OF CONTRACT AUTHORIZATION)
(HIGHWAY TRUST FUND)

For payment of obligations incurred carrying out the provisions of 23 U.S.C. 402, 406, and 408, and section 209 of Public Law 95-599, as amended, to remain available until expended, $135,000,000, to be derived from the Highway Trust Fund: Provided, That none of the funds in this Act shall be available for the planning or execution of programs the total obligations for which are in excess of $114,950,000 in fiscal year 1988 for "State and community highway safety grants" authorized under 23 U.S.C. 402: Provided further, That none of these funds shall be used for construction, rehabilitation or remodeling costs, or for office furnishings and fixtures for State, local, or private buildings or structures: Provided further, That none of the funds in this Act shall be available for the planning or execution of programs the total obligations for which are in excess of $13,533,000 for "Alcohol safety incentive grants" authorized under 23 U.S.C. 408: Provided further, That not to exceed $4,656,000 shall be available for administering the provisions of 23 U.S.C. 402: Provided further, That notwithstanding any other provision of law, none of the funds in this Act shall be available for the planning or execution of programs authorized under section 209 of Public Law 95-599, as amended, the total obligations for which are in excess of $4,750,000 in fiscal years 1982, 1983, 1984, 1985, 1986, 1987, and 1988.

FEDERAL RAILROAD ADMINISTRATION

OFFICE OF THE ADMINISTRATOR
(INCLUDING TRANSFER OF FUNDS)

For necessary expenses of the Federal Railroad Administration, not otherwise provided for, $22,877,000, together with $1,900,000 to be derived from unobligated balances of "Airport access demonstration project", of which $15,024,000 shall remain available until expended; and in addition, all unexpended balances in "Rail service assistance" after September 30, 1987, shall be transferred to this account, to remain available until expended: Provided, That none of the funds in this Act shall be available for the planning or execution of a program making commitments to guarantee new loans under the Emergency Rail Services Act of 1970, as amended, and that no new commitments to guarantee loans under section 211(a) or 211(h) of the Regional Rail Reorganization Act of 1973, as amended, shall be made: Provided further, That none of the funds in this Act shall be available for the acquisition, sale, or transference of Washington Union Station without the prior approval of the Committees on Appropriations of the Senate and the House of Representatives: Provided further, That, notwithstanding any other provision of law, of the funds available under this head, $9,600,000 shall be available for necessary expenses for rail assistance authorized by section 5(q) of the Department of Transportation Act, as amended, to remain available until expended: Provided further, That $7,200,000 of the fiscal year 1988 funds made available under section 5(h) shall be made available for use directly under sections 5(h)(3)(B)(ii) and 5(h)(3)(C) of the Department of Transportation Act, as amended, notwithstanding any provisions therein to the contrary: Provided further, That each State shall be entitled to, and no more than, $48,000 under the combined provisions of section 5(h)(2) and section 5(i), notwithstanding any provisions therein to the contrary: Provided further, That no State may apply for fiscal year 1988 funds available under section 5(h)(2) until such State has obligated all funds granted to it under section 5(h)(2) in the fiscal years prior to the beginning of fiscal year 1983, other than funds not expended due to pending litigation: Provided further, That a State denied funding by reason of the preceding proviso may still apply for and receive funds for planning purposes.

RAILROAD SAFETY

For necessary expenses in connection with railroad safety, not otherwise provided for, $27,968,000, of which $2,090,000 shall remain available until expended.

RAILROAD RESEARCH AND DEVELOPMENT

For necessary expenses for railroad research and development, $9,286,000, to remain available until expended.

NORTHEAST CORRIDOR IMPROVEMENT PROGRAM
(INCLUDING TRANSFER OF FUNDS)

For necessary expenses for improvements to the Communication and Signal Systems at locations between Wilmington, Delaware, and Boston, Massachusetts, on the Northeast Corridor main line and between Philadelphia, Pennsylvania, and Harrisburg, Pennsylvania, on the Harrisburg line; improvements to the Electric Traction System between Wilmington, Delaware, and Newark, New Jersey; installation of baggage rack restraints, seat back guards and seat lock devices on 348 passenger cars operating within the Northeast Corridor; installation of 44 event recorders and 10 electronic warning devices on locomotives operating within the Northeast Corridor; acquisition of cab signal test boxes and installation of 9 wayside loop code transmitters for use on the Northeast Corridor; North Philadelphia Station platform refurbishments, building renovations, and site improvements; and necessary mechanical, electrical, and structural repair work on the North Tunnel; $26,600,000, together with $950,000 to be derived from unobligated balances of "Airport access demonstration project", to remain available until expended.

GRANTS TO THE NATIONAL RAILROAD PASSENGER CORPORATION

To enable the Secretary of Transportation to make grants to the National Railroad Passenger Corporation for operating losses incurred by the Corporation, capital improvements, and labor protection costs authorized by 45 U.S.C. 565, to remain available until expended, $580,800,000: Provided, That none of the funds herein appropriated shall be used for lease or purchase of passenger motor vehicles or for the hire of vehicle operators for any officer or employee, other than the president of the Corporation, excluding the lease of passenger motor vehicles for those officers or employees while in official travel status: Provided further, That the Secretary shall make no commitments to guarantee new loans or loans for new purposes under 45 U.S.C. 602 in fiscal year 1988: Provided further, That the incurring of any obligation or commitment by the Corporation for the purchase of capital improvements prohibited by this Act or not expressly provided for in an appropriation Act shall be deemed a violation of 31 U.S.C. 1341: Provided further, That no funds are required to be expended or reserved for expenditure pursuant to 45 U.S.C. 601(e): Provided further, That none of the funds in this or any other Act shall be made available to finance the rehabilitation and other improvements (including upgrading track and the signal system, ensuring safety at public and private highway and pedestrian crossings by improving signals or eliminating such crossings, and the improvement of operational portions of stations related to intercity rail passenger service) on the main line track between Atlantic City, New Jersey, and the main line of the Northeast Corridor, unless the Secretary of Transportation certifies that not less than 40 per centum of the costs of such improvements shall be derived from non-Federal sources: Provided further, That, notwithstanding any other provision of law, the National Railroad Passenger Corporation shall not operate rail passenger service between Atlantic City, New Jersey, and the Northeast Corridor main line unless the Corporation's Board of Directors determines that revenues from such service have covered or exceeded 80 per centum of the short term avoidable costs of operating such service in the first year of operation and 100 per centum of the short term avoidable operating costs for each year thereafter: Provided further, That none of the funds provided in *this or any other Act shall be made available to finance the acquisition and rehabilitation of a line, and construction necessary to facilitate improved rail passenger service, between Spuyten Duyvil, New York, and the main line of the Northeast Corridor unless the Secretary of Transportation certifies that not less than 40 per centum of the costs of such improvements shall be derived from non-Amtrak sources.*

RAILROAD REHABILITATION AND IMPROVEMENT FINANCING FUNDS

The Secretary of Transportation is authorized to issue to the Secretary of the Treasury notes or other obligations pursuant to section 512 of the Railroad Revitalization and Regulatory Reform Act of 1976 (Public Law 94-210), as amended, in such amounts and at such times as may be necessary to pay any amounts required pursuant to the guarantee of the principal amount of obligations under sections 511 through 513 of such Act, such authority to exist as long as any such guaranteed obligation is outstanding: Provided, That no new loan guarantee commitments shall be made during fiscal year 1988: Provided further, That, notwithstanding any other provision of law, the Secretary of Transportation shall sell all securities or promissory notes held by the Department of Transportation under authority of sections 502, 505-507, 509, and 511-513 of the Railroad Revitalization and Regulatory Reform Act of 1976 (Public Law 94-210), as amended: Provided further, That such securities or promissory notes authorized to be sold in the immediately preceding proviso shall be sold only for amounts greater than or equal to the net present value to the Government of each loan as determined by the Secretary of Transportation in consultation with the Secretary of the Treasury: Provided further, That the Secretary of Transportation shall transmit a written certification to the Committees on Appropriations of the Senate and House of Representatives for approval before the consummation of each sale certifying that the amount to be realized is equal to or greater than the net present value to the Government of each loan: Provided further, That, notwithstanding any other provision of law, all amounts realized from the sale of notes or securities sold under authority of this section shall be considered as domestic discretionary outlay offsets and not as "asset sales" or "loan prepayments" as defined by section 257(12) of the Balanced Budget and Emergency Deficit Control Act of 1985, as amended.

SETTLEMENTS OF RAILROAD LITIGATION

For the settlement of promissory notes pursuant to section 210(f) of the Regional Rail Reorganization Act of 1973 (Public Law 93-236), as amended, $38,950,246, to be derived from the proceeds of settlements of railroad litigation, to remain available until expended.

URBAN MASS TRANSPORTATION ADMINISTRATION

ADMINISTRATIVE EXPENSES

For necessary administrative expenses of the urban mass transportation program authorized by the Urban Mass Transportation Act of 1964, as amended (49 U.S.C. 1601 et seq.), and 23 U.S.C. chapter 1, in connection with these activities, including hire of passenger motor vehicles and services as authorized by 5 U.S.C. 3109, $31,882,000, of which not to exceed $600,000 shall be available for the Office of the Administrator.

RESEARCH, TRAINING, AND HUMAN RESOURCES

For necessary expenses for research, training, and human resources as authorized by the Urban Mass Transportation Act of 1964, as amended (49 U.S.C. 1601 et seq.), to remain available until expended, $12,217,000: Provided, That there may be credited to this appropriation funds received from States, counties, municipalities, other public authorities, and private sources, for expenses incurred for training.

FORMULA GRANTS

For necessary expenses to carry out the provisions of sections 9 and 18 of the Urban Mass Transportation Act of 1964, as amended (49 U.S.C. 1601 et seq.), $1,731,703,000, together with $4,750,000 to carry out the provisions of section 18(h) of the Urban Mass Transportation Act, as amended, to remain available until expended: Provided, That notwithstanding any other provision of law, before apportionment of these funds, $12,350,000 shall be made available for the purposes of section 18 of the Urban Mass Transportation Act of 1964, as amended: Provided further, That, notwithstanding any other provision of law, of the funds provided under this Act for formula grants, no more than $804,691,892 may be used for operating assistance under section 9(k)(2) of the Urban Mass Transportation Act of 1964, as amended.

DISCRETIONARY GRANTS

(LIMITATION ON OBLIGATIONS)

(HIGHWAY TRUST FUND)

None of the funds in this Act shall be available for the implementation or execution of programs in excess of $1,130,500,000, in fiscal year 1988 for grants under the contract authority authorized in section 21(a)(2) and (b) of the Urban Mass Transportation Act of 1964, as amended (49 U.S.C. 1601 et seq.).

MASS TRANSIT CAPITAL FUND

(LIQUIDATION OF CONTRACT AUTHORIZATION)

(HIGHWAY TRUST FUND)

For payment of obligations incurred in carrying out section 21(a)(2) and (b) of the Urban Mass Transportation Act of 1964, as amended (49 U.S.C. 1601 et seq.), administered by the Urban Mass Transportation Administration, $1,100,000,000, to be derived from the Highway Trust Fund and to remain available until expended.

INTERSTATE TRANSFER GRANTS—TRANSIT

For necessary expenses to carry out the provisions of 23 U.S.C. 103(e)(4) related to transit projects, $123,500,000, to remain available until expended.

WASHINGTON METRO

For necessary expenses to carry out the provisions of section 14 of Public Law 96-184, $180,500,000, to remain available until expended.

SAINT LAWRENCE SEAWAY DEVELOPMENT CORPORATION

The Saint Lawrence Seaway Development Corporation is hereby authorized to make such expenditures, within the limits of funds and borrowing authority available to the Corporation, and in accord with law, and to make such contracts and commitments without regard to fiscal year limitations as provided by section 104 of the Government Corporation Control Act, as amended, as may be necessary in carrying out the programs set forth in the Corporation's budget for the current fiscal year except as hereinafter provided in the "Limitation on administrative expenses".

LIMITATION ON ADMINISTRATIVE EXPENSES

Not to exceed $2,016,000 shall be available for administrative expenses, which shall be computed on an accrual basis, including not to exceed $3,000 for official entertainment expenses to be expended upon the approval or authority of the Secretary of Transportation: Provided, That Corporation funds shall be available for the hire of passenger motor vehicles and aircraft, operation and maintenance of aircraft, uniforms or allowances therefor for operation and maintenance personnel, as authorized by law (5 U.S.C. 5901-5902), and $15,000 shall be available for services as authorized by 5 U.S.C. 3109.

OPERATIONS AND MAINTENANCE

(HARBOR MAINTENANCE TRUST FUND)

For necessary expenses for operation and maintenance of those portions of the Saint Lawrence Seaway operated and maintained by the Saint Lawrence Seaway Development Corporation, $10,806,000, to be derived from the Harbor Maintenance Trust Fund, pursuant to Public Law 99-662.

RESEARCH AND SPECIAL PROGRAMS ADMINISTRATION

RESEARCH AND SPECIAL PROGRAMS

For expenses necessary to discharge the functions of the Research and Special Programs Administration, and for expenses for conducting research and development, $12,832,000, of which $1,939,000 shall remain available until expended: Provided, That there may be credited to this appropriation funds received from States, counties, municipalities, other public authorities, and private sources for expenses incurred for training.

PIPELINE SAFETY

(PIPELINE SAFETY FUND)

For expenses necessary to conduct the functions of the pipeline safety program and for grants-in-aid to carry out a pipeline safety program, as authorized by section 5 of the Natural Gas Pipeline Safety Act of 1968 and the Hazardous Liquid Pipeline Safety Act of 1979, $8,550,000, to be derived from the Pipeline Safety Fund, of which $4,892,000 shall remain available until expended.

OFFICE OF THE INSPECTOR GENERAL

SALARIES AND EXPENSES

For necessary expenses of the Office of the Inspector General in carrying out the provisions of the Inspector General Act of 1978, $27,898,000.

TITLE II—RELATED AGENCIES

ARCHITECTURAL AND TRANSPORTATION BARRIERS COMPLIANCE BOARD

SALARIES AND EXPENSES

For expenses necessary for the Architectural and Transportation Barriers Compliance Board, as authorized by section 502 of the Rehabilitation Act of 1973, as amended, $1,891,000.

NATIONAL TRANSPORTATION SAFETY BOARD

SALARIES AND EXPENSES

For necessary expenses of the National Transportation Safety Board, including hire of passenger motor vehicles and aircraft; services as authorized by 5 U.S.C. 3109, but at rates for individuals not to exceed the per diem rate equivalent to the rate for a GS-18; uniforms, or allowances therefor, as authorized by law (5 U.S.C. 5901-5902), $24,000,000, of which not to exceed $500 may be used for official reception and representation expenses.

INTERSTATE COMMERCE COMMISSION

SALARIES AND EXPENSES

For necessary expenses of the Interstate Commerce Commission, including services as authorized by 5 U.S.C. 3109, and not to exceed $1,500 for official reception and representation expenses, $44,294,000: Provided, That joint board members and cooperating State commissioners may use Government transportation requests when traveling in connection with their official duties as such.

PAYMENTS FOR DIRECTED RAIL SERVICE

(LIMITATION ON OBLIGATIONS)

None of the funds provided in this Act shall be available for the execution of programs the obligations for which can reasonably be expected to exceed $475,000 for directed rail service authorized under 49 U.S.C. 11125 or any other Act.

PANAMA CANAL COMMISSION

Operating Expenses

For operating expenses necessary for the Panama Canal Commission, including hire of passenger motor vehicles and aircraft; uniforms or allowances therefor, as authorized by law (5 U.S.C. 5901-5902); not to exceed $10,000 for official reception and representation expenses of the Board; operation of guide services; residence for the Administrator, disbursements by the Administrator for employee and community projects; not to exceed $4,000 for official reception and representation expenses of the Secretary; not to exceed $25,000 for official reception and representation expenses of the Administrator; and to employ services as authorized by law (5 U.S.C. 3109); $407,088,000, to be derived from the Panama Canal Commission Fund: Provided, That there may be credited to this appropriation funds received from the Panama Canal Commission's capital outlay account for expenses incurred for supplies and services provided for capital projects.

CAPITAL OUTLAY

For acquisition, construction, replacement, and improvement of facilities, structures, and equipment required by the Panama Canal Commission, including the purchase of not to exceed 42 passenger motor vehicles for replacement only (including large heavy-duty vehicles used to transport Commission personnel across the Isthmus of Panama, the purchase price of which shall not exceed $14,000 per vehicle); and to employ services authorized by law (5 U.S.C. 3109); $33,715,000, to be derived from the Panama Canal Commission Fund and to remain available until expended.

DEPARTMENT OF THE TREASURY

REBATE OF SAINT LAWRENCE SEAWAY TOLLS

(HARBOR MAINTENANCE TRUST FUND)

For rebate of the United States' portion of tolls paid for use of the St. Lawrence Seaway, pursuant to Public Law 99-662, $9,880,000, to remain available until expended and to be derived from the Harbor Maintenance Trust Fund, of which not to exceed $285,000 shall be available for expenses of administering the rebates.

WASHINGTON METROPOLITAN AREA TRANSIT AUTHORITY

INTEREST PAYMENTS

For necessary expenses for interest payments, to remain available until expended, $49,080,000: Provided, That these funds shall be disbursed pursuant to terms and conditions established by Public Law 96-184 and the Initial Bond Repayment Participation Agreement.

TITLE III—GENERAL PROVISIONS

SEC. 301. During the current fiscal year applicable appropriations to the Department of Transportation shall be available for maintenance and operation of aircraft; hire of passenger motor vehicles and aircraft; purchase of liability insurance for motor vehicles operating in foreign countries on official department business; and uniforms, or allowances therefor, as authorized by law (5 U.S.C. 5901-5902).

SEC. 302. Funds appropriated for the Panama Canal Commission may be apportioned notwithstanding section 3679 of the Revised Statutes, as amended (31 U.S.C. 1341), to the extent necessary to permit payment of such pay increases for officers or employees as may be authorized by administrative action pursuant to law that are not in excess of statutory increases granted for the same period in corresponding rates of compensation for other employees of the Government in comparable positions.

SEC. 303. Funds appropriated under this Act for expenditures by the Federal Aviation Administration shall be available (1) except as otherwise authorized by the Act of September 30, 1950 (20 U.S.C. 236-244), for expenses of primary and secondary schooling for dependents of Federal Aviation Administration personnel stationed outside the continental United States at costs for any given area not in excess of those of the Department of Defense for the same area, when it is determined by the Secretary that the schools, if any, available in the locality are unable to provide adequately for the education of such dependents, and (2) for transportation of said dependents between schools serving the area that they attend and their places of residence when the Secretary, under such regulations as may be prescribed, determines that such schools are not accessible by public means of transportation on a regular basis.

SEC. 304. Appropriations contained in this Act for the Department of Transportation shall be available for services as authorized by 5 U.S.C. 3109, but at rates for individuals not to exceed the per diem rate equivalent to the rate for a GS-18.

SEC. 305. None of the funds appropriated in this Act for the Panama Canal Commission may be expended unless in conformance with the Panama Canal Treaties of 1977 and any law implementing those treaties.

SEC. 306. None of the funds in this Act shall be used for the planning or execution of any program to pay the expenses of, or otherwise compensate, non-Federal parties intervening in regulatory or adjudicatory proceedings funded in this Act.

SEC. 307. None of the funds appropriated in this Act shall remain available for obligation beyond the current fiscal year nor may any be transferred to other appropriations unless expressly so provided herein.

SEC. 308. None of the funds in this or any previous or subsequent Act shall be available for the planning or implementation of any change in the current Federal status of the Transportation Systems Center; and none of the funds in this Act shall be available for the implementation of any change in the current Federal status of the Turner-Fairbank Highway Research Center.

SEC. 309. The expenditure of any appropriation under this Act for any consulting service through procurement contract, pursuant to section 3109 of title 5, United States Code, shall be limited to those contracts where such expenditures are a matter of public record and available for public inspection, except where otherwise provided under existing law, or under existing Executive Order issued pursuant to existing law.

SEC. 310. (a) For fiscal year 1988 the Secretary of Transportation shall distribute the obligation limitation for Federal-aid highways by allocation in the ratio which sums authorized to be appropriated for Federal-aid highways and highway safety construction that are apportioned or allocated to each State for such fiscal year bear to the total of the sums authorized to be appropriated for Federal-aid highways and highway safety construction that are apportioned or allocated to all the States for such fiscal year.

(b) During the period October 1 through December 31, 1987, no State shall obligate more than 35 per centum of the amount distributed to such State under subsection (a), and the total of all State obligations during such period shall not exceed 25 per centum of the total amount distributed to all States under such subsection.

(c) Notwithstanding subsections (a) and (b), the Secretary shall—

(1) provide all States with authority sufficient to prevent lapses of sums authorized to be appropriated for Federal-aid highways and highway safety construction that have been apportioned to a State, except in those instances in which a State indicates its intention to lapse sums apportioned under section 104(b)(5)(A) of title 23, United States Code;

(2) after August 1, 1988, revise a distribution of the funds made available under subsection (a) if a State will not obligate the amount distributed during that fiscal year and redistribute sufficient amounts to those States able to obligate amounts in addition to those previously distributed during that fiscal year giving priority to those States having large unobligated balances of funds apportioned under section 104 of title 23, United States Code, and giving priority to those States which, because of statutory changes made by the Surface Transportation Assistance Act of 1982 and the Federal-Aid Highway Act of 1981, have experienced substantial proportional reductions in their apportionments and allocations; and

(3) not distribute amounts authorized for administrative expenses, the Federal lands highway program, the strategic highway research program and amounts made available under sections 149(d), 158, 159, 164, 165, and 167 of Public Law 100-17.

(d) The limitation on obligations for Federal-aid highways and highway safety construction programs for fiscal year 1988 shall not apply to obligations for emergency relief under section 125 of title 23, United States Code, obligations under section 157 of title 23, United States Code, projects covered under section 147 of the Surface Transportation Assistance Act of 1978, section 9 of the Federal-Aid Highway Act of 1981, subsections 131 (b) and (j) of Public Law 97-424, section 118 of the National Visitors Center Facilities Act of 1968, section 320 of title 23, United States Code, projects authorized by Public Law 99-500 and Public Law 99-591, or projects covered under subsections 149 (b) and (c) of Public Law 100-17.

(e) Subject to paragraph (c)(2) of this General Provision, a State which after August 1 and on or before September 30 of fiscal year 1988 obligates the amount distributed to such State in that fiscal year under paragraphs (a) and (c) of this General Provision may obligate for Federal-aid highways and highway safety construction on or before September 30, 1988, an additional amount

not to exceed 5 percent of the aggregate amount of funds apportioned or allocated to such State—

(1) under sections 104, 130, 144, and 152 of title 23, United States Code, and

(2) for highway assistance projects under section 104(e)(4) of such title,

which are not obligated on the date such State completes obligation of the amount so distributed;

(f) During the period August 2 through September 30, 1988, the aggregate amount which may be obligated by all States pursuant to paragraph (e) shall not exceed 2.5 percent of the aggregate amount of funds apportioned or allocated to all States—

(1) under sections 104, 130, 144, and 152 of title 23, United States Code, and

(2) for highway assistance projects under section 104(e)(4) of such title,

which would not be obligated in fiscal year 1988 if the total amount of the obligation limitation provided for such fiscal year in this Act were utilized; and

(g) Paragraph (e) shall not apply to any State which on or after August 1, 1988, has the amount distributed to such State under paragraph (a) for fiscal year 1988 reduced under paragraph (c)(2).

SEC. 311. None of the funds in this Act shall be available for salaries and expenses of more than one hundred thirty-eight political and Presidential appointees in the Department of Transportation.

SEC. 312. Not to exceed $665,000 of the funds provided in this Act for the Department of Transportation shall be available for the necessary expenses of advisory committees.

SEC. 313. None of the funds in this or any other Act shall be made available for the proposed Woodward light rail line in the Detroit, Michigan, area until a source of operating funds has been approved in accordance with Michigan law: Provided, That this limitation shall not apply to alternatives analysis studies under section 21(a)(2) of the Urban Mass Transportation Act of 1964, as amended.

SEC. 314. The limitation on obligations for the Discretionary Grants program of the Urban Mass Transportation Administration shall not apply to any authority under section 21(a)(2) of the Urban Mass Transportation Act of 1964, as amended, previously made available for obligation.

SEC. 315. Notwithstanding any other provision of law, none of the funds in this Act shall be available for the construction of, or any other costs related to, the Central Automated Transit System (Downtown People Mover) in Detroit, Michigan.

SEC. 316. None of the funds in this Act shall be used to implement section 404 of title 23, United States Code.

SEC. 317. (a) SAFETY ENFORCEMENT PROGRAM PERFORMANCE.—The Secretary of Transportation shall on or before January 1 of each year transmit to the Congress a comprehensive report on the Federal Aviation Administration's prior fiscal year safety enforcement activities. The report shall include:

(1) a comparison of end-of-year staffing levels by inspector category (operations, maintenance, avionics) to staffing goals and a statement as to how staffing standards were applied to make allocations between air carrier and general aviation operations, maintenance and avionics inspectors;

(2) schedules showing the range of inspector experience by various inspector work force categories, and the number of inspectors in each of the categories who are considered fully qualified;

(3) schedules showing the number and percentage of inspectors who have received mandatory training by individual course, and the number of inspectors, by work force categories, who have received all mandatory training;

(4) a description of the criteria used to set annual work programs, an explanation of how these criteria differ from criteria used in the prior fiscal year and how the annual work programs ensure compliance with appropriate Federal regulations and safe operating practices;

(5) a comparison of actual inspections performed during the fiscal year to the annual work programs disaggregated to the field locations and, for any field location completing less than 80 percent of its planned number of inspections, an explanation as to why annual work program plans were not met;

(6) a statement of the adequacy of Federal Aviation Administration internal management controls available to ensure that field managers are complying with Federal Aviation Administration policies and procedures including those regarding inspector priorities, district office coordination, minimum inspection standards, and inspection follow-up;

(7) the status of the Federal Aviation Administration's efforts to update inspector guidance documents and Federal regulations to include technological, management, and structural changes taking place within the aviation industry, including a listing of the backlog of all proposed regulatory changes;

(8) a list of the specific operational measures of effectiveness—"best proxies" standing between the ultimate goal of accident prevention and ongoing program activities—that are being used to evaluate progress in meeting program objectives, the quality of program delivery, and the nature of emerging safety problems;

(9) a schedule showing the number of civil penalty cases closed during the two prior fiscal years, including total initial assessments, total final assessments, total dollar amount collected, range of dollar amount collected, average case processing time, and range of case processing time;

(10) a schedule showing the number of enforcement actions taken, excluding civil penalties, during the two prior fiscal years, including total number of violations cited, and the number of cited violation cases closed by certificate suspension, certification revocations, warnings, and no action taken; and

(11) schedules showing the aviation industry's safety record during the fiscal year for air carriers and general aviation, including the number of inspections performed where deficiencies were identified compared with inspections where no deficiencies were found and the frequency of safety deficiencies per carrier as well as an analysis based on the data of the general status of air carrier and general aviation compliance with Federal Aviation Regulations.

(b) LONG-RANGE NATIONAL TRANSPORTATION STRATEGIC PLANNING STUDY.—The Department of Transportation shall undertake a long-range, multi-modal national transportation strategic planning study. This study shall forecast long-term needs and costs for developing and maintaining facilities and services to achieve a desired national transportation program for moving people and goods in the year 2015. The study shall include detailed analyses of transportation needs within six to nine metropolitan areas that have diverse population, development, and demographic patterns, including at least one interstate metropolitan area. This study shall be submitted to Congress on or before October 1, 1989.

SEC. 318. Within seven calendar days of the obligation date, the Urban Mass Transportation Administration shall publish in the Federal Register an announcement of each grant obligated pursuant to sections 3 and 9 of the Urban Mass Transportation Act of 1964, as amended, including the grant number, the grant amount, and the transit property receiving each grant.

SEC. 319. None of the funds appropriated in this Act may be used to prescribe, implement, or enforce a national policy specifying that only a single type of visual glideslope indicator can be funded under the facilities and equipment account or through the airport improvement program: Provided, That this prohibition shall not apply in the case of airports that are certified under part 139 of the Federal Aviation Regulations.

SEC. 320. (a) The Federal Aviation Administration shall satisfy the following air traffic controller work force staffing requirements by September 30, 1988:

(1) total air traffic controller work force level of not less than 15,900;

(2) total full performance level air traffic controllers of not less than 10,450; and

(3) at least 70 percent of the air traffic controller work force, excluding common screen students, at each center and level 3 and above terminal shall have achieved operational controller status.

(b) The Secretary may waive any requirement of this section by certifying that such requirement would adversely affect aviation safety: Provided, That such a waiver shall become effective 30 days after the Committees on Appropriations of the Senate and the House of Representatives are notified in writing of the Secretary's intention to waive and reasons for waiving such requirement.

SEC. 321. Notwithstanding any other provision of law, funds appropriated in this or any other Act intended for studies, reports, or research, and related costs thereof including necessary capital expenses, are available for such purposes to be conducted through contracts or financial assistance agreements with the educational institutions that are specified in such Acts or in any report accompanying such Acts.

SEC. 322. The Secretary of Transportation shall permit the obligation of not to exceed $4,000,000, apportioned under title 23, United States Code, section 104(b)(5)(B) for the State of Florida for operating expenses of the Tri-County Commuter Rail Project in the area of Dade, Broward, and Palm Beach Counties, Florida, during each year that Interstate 95 is under reconstruction in such area.

SEC. 323. Notwithstanding any provision of this or any other law, none of the funds provided by this Act for appropriation shall be available for payment to the General Services Administration for rental space and services at rates per square foot in excess of 100 percent of the rates paid during fiscal year 1987; nor shall this or any other provision of law require a reduction in the level of rental space or services below that of fiscal year 1987 or prohibit an expansion of rental space or services with the use of funds otherwise appropriated in this Act.

SEC. 324. Notwithstanding any other provision of law, section 144(g)(2) of title 23, *United States Code, shall not apply to the Virginia Street Bridge in Charleston, West Virginia.*

SEC. 325. The portion of Oklahoma State Route 99 between the United States Highway 377 and Interstate Route I-44 which portion is on the Federal-aid primary system shall hereafter be designated as "United States Highway 377". Any reference in a law, map, regulation, document, record or other paper of the United States to such highway shall be held to be a reference to "United States Highway 377".

SEC. 326. Within 12 months of enactment, the Federal Aviation Administration shall adopt regulations requiring the installation and carriage of operating automatic altitude reporting equipment for all aircraft operating in terminal airspace where air traffic control radar service is provided, and in all controlled airspace above a minimum altitude to be determined by the Federal Aviation Administration. This regulation shall be effective on the earliest feasible date.

SEC. 327. None of the funds appropriated or made available by this Act or any other Act shall be made available to the New York Metropolitan Transportation Authority unless, within 90 days after the date of enactment of this Act, such authority prohibits all smoking on the Long Island Railroad.

SEC. 328. (a) Section 404 of the Federal Aviation Act of 1958 (49 U.S.C. 1374) is amended by adding at the end thereof the following subsection:

"PROHIBITION AGAINST SMOKING ON SCHEDULED FLIGHTS AND TAMPERING WITH SMOKE ALARM DEVICES

"(d)(1)(A) On and after the date of expiration of the 4-month period following the date of the enactment of this subsection, it shall be unlawful to smoke in the passenger cabin or lavatory on any scheduled airline flight in intrastate, interstate, or overseas air transportation, if such flight is scheduled for 2 hours or less in duration.

"(B) The Secretary of Transportation shall issue such regulations as may be necessary to carry out the provisions of this subsection.

"(C) The provisions of paragraph (1) of this subsection are repealed effective on the expiration of the 28-month period following the date of enactment of this subsection.

"(2) Any passenger who tampers with, disables, or destroys any smoke alarm device located in any lavatory aboard an aircraft engaged in air transportation or intrastate air transportation shall be subject to a civil penalty in accordance with section 901, except that such civil penalty may be imposed in an amount up to $2,000.".

(b) That portion of the table of contents of the Federal Aviation Act of 1958 under the heading:

"Sec. 404. Rates for carriage of persons and property; duty to provide service, rates, and divisions; foreign air transportation rates; discrimination;"

is amended by adding at the end thereof the following:

"(d) Prohibition against smoking on scheduled flights and tampering with smoke alarm devices.".

DEMONSTRATION PROGRAM FOR SIXTY-FIVE MPH SPEED LIMIT

SEC. 329. (a) Any project approval under section 106 of title 23, United States Code, shall not be withheld under sections 154(a) and 141(a) of title 23, United States Code, in fiscal years 1988, 1989, 1990, and 1991 with respect to a highway located in a State eligible under subsection (b), having a maximum speed limit of not more than sixty-five miles per hour and located outside an urbanized area of fifty thousand population, which is—

(1) constructed to interstate standards in accordance with section 109(b) of title 23, United States Code and connected to an Interstate highway posted at sixty-five miles per hour;

(2) a divided four-lane fully controlled access highway designed or constructed to connect to an Interstate highway posted at sixty-five miles per hour and constructed to design and construction standards as determined by the Secretary of Transportation which provide a facility adequate for a speed limit of sixty-five miles per hour; or

(3) constructed to the geometric and construction standards adequate for current and probable future traffic demands and for the needs of the locality and is designated by the Secretary of Transportation as part of the Interstate System in accordance with section 139(c) of title 23, United States Code.

(b) Participation in the demonstration program authorized by this section is available only to the first twenty States that post maximum speed limits of sixty-five miles per hour before July 1, 1988, in accordance with the requirements of subsection (a).

SEC. 330. Sums authorized under section 17(f) of the Urban Mass Transportation Act, as amended, shall also be used to cover costs incurred since 1978 by such States, bodies, and agencies as a result of the discontinuation of Conrail commuter rail services under section 1136 of the Northeast Rail Services Act of 1981. Eligible cost shall include but not be limited to additional costs incurred as a result of the assumption of commuter rail service and all liabilities assumed by such States, bodies, and agencies as a result of agreements with Conrail. The Federal share of any cost covered under this provision shall be 100 percent.

SEC. 331. Section 149(b)(82) of the Surface Transportation and Uniform Relocation Assistance Act of 1987 is amended to read as follows: "(82) subsections (a)(82) and (a)(83) $2,300,000;". Section 149(b)(83) of such Act is repealed, and succeeding paragraphs are renumbered accordingly.

SEC. 332. The portion of the Union Canal, also known as the Union Ship Canal, an appendage of the Buffalo Outer Harbor, located in the City of Buffalo, State of New York, is declared to be a nonnavigable waterway of the United States within the meaning of the General Bridge Act of 1946 (33 U.S.C. 525, et seq.) from a point two hundred feet west of Fuhrmann Boulevard east to its terminus.

SEC. 333. The Secretary of Transportation is authorized to transfer appropriated funds under "Office of the Secretary, Salaries and expenses": Provided, That no appropriation shall be increased or decreased by more than 2½ per centum by all such transfers: Provided further, That any such transfer shall be submitted for approval to the House and Senate Committees on Appropriations.

SEC. 334. (a) Notwithstanding any other provision of law, with regard to the Atlantic City Airport, at Pomona, New Jersey, the Federal Aviation Administration shall not transfer any property to any municipality or any other entity operating such airport, nor shall any funds made available by this Act be available to such municipality or entity for any planning, study, design, engineering, or construction of a runway extension, new runway, new passenger terminal, or improvements to or expansion of the existing passenger terminal at such Airport, until such time as—

(1) the Master Plan Update for Atlantic City Airport and Bader Field, prepared pursuant to Federal Aviation Administration Contract FA-EA-2656, is completed and released; and

(2) the Administrator of the Federal Aviation Administration finds that a public entity has been created to operate and manage the Atlantic City Airport, which entity has the following characteristics:

(A) the authority to enter into contracts and other agreements, including contracts, leases, cooperative agreements, or other transactions with any agency or instrumentality of the United States;

(B) the standing to sue and be sued in its own name;

(C) the authority to hire and dismiss officers and employees;

(D) the power to adopt, amend and repeal bylaws, rules, and regulations governing the manner in which its business may be conducted and the powers vested in it may be exercised;

(E) the authority to acquire, in its own name, an interest in such real or personal property as is necessary or appropriate for the operation and maintenance of the airport;

(F) the power to acquire property by the exercise of the right of eminent domain;

(G) the power to borrow money by issuing marketable obligations, or such other means as is permissible for public authorities under the laws of the State of New Jersey;

(H) adequate existing capitalization to carry out all activities which are ordinarily necessary and appropriate to operate and maintain an airport;

(I) a governing board which includes voting representatives of the City of Atlantic City, the County of Atlantic, and the townships which are adjacent to or are directly impacted by the airport;

(J) a charter which includes (i) a requirement that members of the governing board have expertise in transportation, finance, law, public administration, aviation, or such other fields or disciplines as would be necessary or appropriate for the operation of an airport; and (ii) procedures which protect the research and development mission of the Federal Aviation Technical Center at Pomona, New Jersey, and the defense functions of the Air National Guard; and

(K) the authority to carry out comprehensive transportation planning to minimize traffic congestion and facilitate access to and from the airport.

(b) The limitation on funds set forth in subsection (a) shall not apply to any expenditure which the Administrator of the Federal Aviation Administration determines is needed for safety purposes.

(c) Notwithstanding any other provision of law, the funds restricted under subsection (a) shall become available at such time as the conditions set forth in subsection (a) are satisfied.

SEC. 335. Notwithstanding section 127 of title 23, United States Code, the State of Wyoming may permit the use of the National System of Interstate and Defense Highways located in Wyoming by vehicles in excess of 80,000 pounds gross weight, but meeting axle and bridge formula specifications in section 127 of title 23, United States Code, through September 30, 1991. Additionally, the Secretary of Transportation shall report, by September 30, 1990, to the Senate and House Appropriations Committees, and to the Com-

mittee on Public Works and Transportation of the House of Representatives and the Committee on Environment and Public Works of the United States Senate, on the productivity and economic benefits, the safety performance, and the effects of such vehicles on the condition of the highways over which they were operated.

SEC. 336. TRANSFER OF SECTION 9 FUNDS.—The Governor of Louisiana, after consultation with all urbanized areas within Louisiana, may transfer not to exceed $5,000,000 of unused apportionments under section 9 of the Urban Mass Transportation Act of 1964 to any other urbanized area for use for urban mass transportation purposes. The authority to transfer these funds expires on October 1, 1988.

SEC. 337. Section 149(a)(89) of the Surface Transportation and Uniform Relocation Assistance Act of 1987 is amended by striking the language therein and inserting in lieu thereof:

"The Secretary is authorized to carry out a project to construct a full-diamond interchange to connect Louisiana Highway 354 to Interstate Route I-10 in East Lafayette, Louisiana.".

SEC. 338. Notwithstanding any other provision of this joint resolution or of any other law, section 149 of the Surface Transportation and Uniform Relocation Assistance Act of 1987 (101 Stat. 181) is amended by adding after subsection (k) the following new subsection (1).

"(1) REQUEST FOR REALLOCATION.—If, in any fiscal year amounts allocated to the State of Nevada under subsections (b) and (d) to carry out subsection (a)(68), (a)(105), or (a)(106), are not sufficient to complete any project authorized by such subsections, such State may request the Secretary to reallocate all or any portion of such funds for another of such projects.

"(2) GRANTING OF REQUESTS.—The Secretary shall grant a request made under paragraph (1) if the respective local officials having jurisdiction over the area in which the concerned projects are located consent to such request.

"(3) ADJUSTMENT OF ALLOCATION.—If any funds allocated for a project are reallocated to another project pursuant to this subsection, the amount of funds allocated for such projects in succeeding fiscal years shall be adjusted so that the aggregate amount of funds allocated for each of such projects under this section for fiscal years 1987 through 1991 is equal to the aggregate amount of funds allocated for such projects for such fiscal years by subsections (b) and (d) of this section.".

SEC. 339. Notwithstanding any other provision of law, the Secretary shall make available $250,000 per year for a national public information program to educate the public of the inherent hazard at railway-highway crossings. Such funds shall be made available out of funds authorized to be appropriated out of the Highway Trust Fund, pursuant to section 130 of title 23, United States Code.

SEC. 340. Section 149 of the Surface Transportation and Uniform Relocation Assistance Act of 1987 is amended (1) by striking in subsection (b)(111)(H) "$80,000" and inserting in lieu thereof "$100,000" and (2) in subsection (b)(111)(I) by striking "$100,000" and inserting in lieu thereof "$80,000".

SEC. 341. Section 149(a) of the Surface Transportation and Uniform Relocation Assistance Act of 1987 is amended by striking subsections 111 (A) and (B) and inserting in lieu thereof the following:

"(A)(1) MORTON COUNTY.—The Secretary is authorized to carry out a project to obtain easements for and construct an access road in Morton County FAS, Route 3020 from 11 miles south of Sweet Briar Lake, 1½ miles south of Fish Creek Lake, then easterly 8 miles to Morton County FAS Route 3047.

"(2) MORTON COUNTY.—The Secretary is authorized to carry out a project to construct an access road in Morton County, FAS Route 3002 from 6 miles north of Crown Butte Road, then easterly 2 miles to North Dakota State Highway 1806.

"(3) MORTON COUNTY.—The Secretary is authorized to carry out a project to construct an access road in Morton County, FAS Route 3039 from Sweet Briar Lake, north 7 miles to the Oliver County line.

"(B)(1) MERCER COUNTY.—The Secretary is authorized to carry out a project to construct an access road in Mercer County, FAS Route 2927 from 4 miles north of Hazen, North Dakota; north 8 miles to Hazen Bay, Lake Sakakawea or from 4 miles north of Hazen, North Dakota; then 3 miles north and 6 miles east to intersection of N.D. 200 and Mercer County Route 37; then in a southeasterly direction approximately 10 miles to the north corporate limits of the City of Stanton, North Dakota.

"(2) MERCER COUNTY.—The Secretary is authorized to carry out a project to construct an access road in Mercer County, County FAS Route 2927 from 4 miles north of Hazen, North Dakota north 8 miles to Hazen Bay, Lake Sakakawea or from 4 miles north of Hazen, North Dakota then 8 miles north to the intersection of North Dakota 1806; then east to the intersection of North Dakota 200; then south 5 miles to Mercer County, Route 37; then in a southeasterly direction approximately 10 miles to the north corporate limits of the City of Stanton, North Dakota.

"(3) MERCER COUNTY.—The Secretary is authorized to carry out a project to construct an access road in Mercer County, County FAS Route 2927 from 4 miles north of Hazen, North Dakota, north 8 miles to Hazen Bay, Lake Sakakawea, or 7 miles north of the junction with North Dakota 200 and 200 A; then east 3 miles, south 2 miles, east 2 miles, and south 3 miles to the north corporate limits of the City of Stanton, North Dakota.

"(4) MERCER COUNTY.—The Secretary is authorized to carry out a project to construct an access road in Mercer County, County FAS Route 2927, from 4 miles north of Hazen, North Dakota, north 8 miles to Hazen Bay, Lake Sakakawea, or Knife River Indian Village Historic Site access road.".

SEC. 342. The Surface Transportation and Uniform Relocation Assistance Act of 1987 is amended by inserting at the end of section 149 a new subsection to read as follows:

"The State of North Dakota may elect to utilize the total amount of funds authorized for such State under section 149 (b) and (d) in any given year for any project or projects in the State of North Dakota as authorized under section 149. The total amount of Federal funds obligated for any project under section 149 shall not exceed the total 5 year authorization for such project.".

SEC. 343. (a) Notwithstanding any other provision of law, the Secretary of Transportation shall provide not to exceed $20,000,000 out of the emergency relief fund authorized under section 125 of title 23, United States Code, to pay the expenses incurred in the reconstruction or repair of the bridge over Schoharie Creek in the State of New York that is on Interstate Route 90, including any expenses incurred in conducting the investigation of the cause of the collapse of the bridge and the expenses incurred in detouring traffic around the site of the bridge until the reconstruction or repair is completed.

(b) No payment of an expense may be made by reason of subsection (a) if such expense is paid or reimbursed—

(1) under any Federal program other than section 125 of title 23, United States Code, or

(2) under any insurance policy covering the bridge described in subsection (a).

(c) The provisions of section 125 of title 23, United States Code, and any regulations prescribed under such section, regarding the expenditure of funds provided under such section shall apply to any funds provided by reason of subsection (a) to the extent such provisions and regulations are consistent with the provisions and purposes of this joint resolution.

SEC. 344. Section 165 of the Federal-Aid Highway Act of 1987 (Public Law 100-17) relating to a cost effectiveness study of upgrading of Route 219 is amended as follows:

(1) Subparagraph (B) of subsection (a)(1) is amended to read as follows:

"(B) between Springville, New York, and its intersection with the New York-Pennsylvania State line;".

(2) Subsection (b) is amended by striking "1 year" and inserting "18 months".

SEC. 345. Paragraph (72) of section 149(a) of the Surface Transportation and Uniform Relocation Assistance Act of 1987 (101 Stat. 192) is amended to read as follows:

"(72) DOUGLAS COUNTY, KANSAS.—The Secretary shall carry out a highway project in Douglas County, Kansas, to demonstrate methods of reducing traffic congestion and facilitating the usage by motorists on the Interstate System of recreational facilities by construction of a limited access road of approximately 14 miles in length which, at its western terminus, will provide access from an east-west Interstate highway route to a reservoir and a university research park, will proceed easterly around the southern portion of the City of Lawrence and, at its eastern terminus, will provide access to a business park and a limited access east-west State highway.".

SEC. 346. Section 163(n) of the Federal-Aid Highway Act of 1973 (23 U.S.C. 130 note) is amended by adding "except those railroad-highway crossings segments which are already engaged in or have completed the preparation of the plans, specifications and estimates (PS&E) for the construction of the segment involved shall retain the Federal share as specified in subsection 163(n) as amended by section 134 of the Surface Transportation Assistance Act of 1978.

TECHNICAL AMENDMENTS TO TITLE 23

SEC. 347. (a) SECTION 104.—Section 104(g) of title 23, United States Code, is amended—

(1) in the first sentence by striking out "sections 144, 152, and 153 of this title, or section 203(d) of the Highway Safety Act of 1973," and inserting in lieu thereof "sections 130, 144, and 152 of this title"; and

(2) by striking out the third sentence.

(b) SECTION 119.—Section 119(f)(2)(B) of such title is amended by striking out "equal to" and inserting in lieu thereof "not to exceed".

(c) SECTION 127.—Section 127(a) of such title is amended by striking out "September 1, 1988" each place it appears and inserting in lieu thereof "September 1, 1989".

(d) Section 129.—(1) Section 129(j)(1) of such title is amended by striking out "(7)" and inserting in lieu thereof "(8)".

(2) Section 129(j)(3) of such title is amended—

(A) by striking out "(7)" and inserting in lieu thereof "(8)";

(B) by striking out "State of Pennsylvania" and inserting in lieu thereof "States of Pennsylvania and West Virginia";

(C) by inserting "State of Georgia," after "State of Florida,"; and

(D) by adding at the end thereof the following new sentence: "The toll facility in Orange County, California, may be located in more than 1 highway corridor to relieve congestion on existing interstate routes in such County.".

Technical Amendments to Surface Transportation and Uniform Relocation Assistance Act

Sec. 348. (a) Section 134.—Section 134 of the Surface Transportation and Uniform Relocation Assistance Act of 1987 (23 U.S.C. 202 note) is amended by striking out "and 1990," and inserting in lieu thereof "1990, and 1991,".

(b) Section 149(a).—(1) Section 149(a)(5)(B) of such Act is amended—

(A) by striking out "reconstructing 2" and inserting in lieu thereof "rehabilitating 3"; and

(B) by striking out "and Bagley" and inserting in lieu thereof ", Bagley, and Shevlin".

(2) Section 149(a)(15) of such Act is amended by striking out "a highway project for construction of a grade separation on a route" and inserting in lieu thereof "highway projects for construction of grade separations on routes".

(3) Section 149(a)(16) of such Act is amended by striking out "project to demonstrate" and all that follows through "the effectiveness" and inserting in lieu thereof "projects to demonstrate methods by which railroad relocation and construction of grade separations for railroad crossings of highways and streets enhances urban redevelopment".

(4) Section 149(a)(46) of such Act is amended—

(A) by inserting "and Andover" after "in Lawrence"; and

(B) by striking out "under construction" and all that follows through the period at the end of such section and inserting in lieu thereof "by providing access between an interstate route and Merrimack Street.".

(5) Section 149(a)(81) of such Act is amended by inserting "(A)" after "carry out" and by inserting "and (B) construction of such project," after "Florida,".

(6) Section 149(a)(102) of such Act is amended by striking out "for the design and site location".

(7) Section 149(a)(121) of such Act is amended by striking out "Virginia" and inserting in lieu thereof "Virginia)" and by striking out "Service)" and inserting in lieu thereof "Service".

(c) Section 149(b).—(1) Section 149(b)(57) of such Act is amended by striking out "land acquisition under".

(2) Section 149(b)(64) of such Act is amended by striking out "preliminary engineering and design under".

(3) Section 149(b)(70) of such Act is amended by striking out "preliminary engineering and design under".

(d) Section 149(i).—

(1) Amendment.—Section 149(i) of such Act is amended by adding at the end thereof the following new sentence: "50 percent of the funds allocated under subsections (b) and (d) to carry out subsection (a)(104) shall be allocated to the State of Nebraska, and the other 50 percent of such funds shall be allocated to the State of Iowa.".

(2) Effective date.—The amendment made by paragraph (1) shall take effect April 2, 1987.

(e) Section 149(k).—Section 149(k)(2) of such Act is amended by striking out "104(b)(5)(A))" and inserting in lieu thereof "subsection (b)(5)(A))".

(f) Section 167.—Section 167(b) of such Act is amended by striking out "9 months" and inserting in lieu thereof "3 years".

(g) Section 202.—Section 202(c) of such Act is amended by striking out "(a)(3)" and inserting in lieu thereof "(a)(1)".

(h) Section 208.—Section 208(a) of such Act is amended by striking out "Not later than 30 months after the date of the enactment of this Act, the" and inserting in lieu thereof "The".

Cumberland Gap

Sec. 349. Section 104(a)(8) of the Federal-Aid Highway Act of 1978 is amended by adding at the end thereof the following new sentence: "Funds may be appropriated under an authorization contained in this paragraph in the fiscal year authorized and any fiscal year thereafter.".

Highway Feasibility Studies

Sec. 350. (a) Illinois and Missouri.—The Secretary of Transportation, in cooperation with the States of Illinois and Missouri, shall study the feasibility and necessity of constructing a toll expressway between Chicago, Illinois, and Kansas City, Missouri.

(b) Alabama.—The Secretary of Transportation shall study the feasibility and necessity of completing a beltway around the city of Birmingham, Alabama.

(c) Federal Share.—The Federal share of the cost of conducting each study under this section shall be 65 percent.

(d) Reports.—Not later than 1 year after the date of the enactment of this section, the Secretary of Transportation shall transmit to the Committee on Environment and Public Works of the Senate and the Committee on Public Works and Transportation of the House of Representatives a report on the results of the studies conducted under this section.

(e) Amendments to New York Feasibility Study.—Section 168 of the Surface Transportation and Uniform Relocation Assistance Act of 1987 is amended—

(1) by inserting at the end of subsection (a) the following new sentence: "Such study shall include environmental assessment, economic analysis, economic impact, engineering, and rail rationalization studies."; and

(2) in subsection (c) by striking out "one year" and inserting in lieu thereof "2 years".

Exemption From Certain Procedural Requirements

Sec. 351. Notwithstanding any other provision of law, the withdrawal of Interstate Route I-420 in the State of Georgia shall be exempt from the procedural requirements of section 103(e)(4) of title 23, United States Code, including the regulations issued under such section.

Highway Widening Demonstration Project

Sec. 352. (a) Project Description.—The Secretary of Transportation is authorized to carry out a demonstration project to improve United States Route 202 between I-76 and Pennsylvania State Route 252 in the vicinity of King of Prussia, Pennsylvania.

(b) Authorization of Appropriations.—There is authorized to be appropriated $19,000,000 to carry out this section. Any funds appropriated pursuant to this section shall remain available until expended and shall be exempt from any limitation on obligations for Federal-aid highways and highway safety construction programs.

(c) Federal Share.—The Federal share of the cost of the project authorized by this section shall not exceed 80 percent.

This Act may be cited as the "Department of Transportation and Related Agencies Appropriations Act, 1988".

And the Senate agree to the same.

Amendment numbered 14:

That the House recede from its disagreement to the amendment of the Senate numbered 14, and agree to the same with an amendment, as follows:

In lieu of the matter stricken and inserted by said amendment, insert the following:

(m) Such amounts as may be necessary for programs, projects or activities provided for in the Treasury, Postal Service and General Government Appropriations Act, 1988, at a rate of operations and to the extent and in the manner provided for, the provisions of such Act to be effective as if it had been enacted into law as the regular appropriations Act, as follows:

AN ACT

Making appropriations for the Treasury Department, the United States Postal Service, the Executive Office of the President, and certain Independent Agencies, for the fiscal year ending September 30, 1988, and for other purposes.

TITLE I—DEPARTMENT OF THE TREASURY

Office of the Secretary

SALARIES AND EXPENSES

For necessary expenses of the Office of the Secretary including operation and maintenance of the Treasury Building and Annex; hire of passenger motor vehicles; not to exceed $22,000 for official reception and representation expenses; not to exceed $200,000 for unforeseen emergencies of a confidential nature, to be allocated and expended under the direction of the Secretary of the Treasury and to be accounted for solely on his certificate; not to exceed $573,000, to remain available until expended, for repairs and improvements to the Main Treasury Building and Annex; $55,681,000.

INTERNATIONAL AFFAIRS

For necessary expenses of the international affairs function of the Office of the Secretary, hire of passenger motor vehicles; maintenance, repairs, and improvements of, and purchase of commercial insurance policies for, real properties leased or owned overseas, when necessary for the performance of official business; not to exceed $2,000,000 for official travel expenses; and not to exceed $73,000 for official reception and representation expenses; $23,422,000.

Federal Law Enforcement Training Center

SALARIES AND EXPENSES

For necessary expenses of the Federal Law Enforcement Training Center, as a bureau of the Department of the Treasury, including purchase (not to exceed eight for police-type use); and hire of passenger motor vehicles; for expenses for student athletic and related activities; uniforms without regard to the general purchase price limitation for the current fiscal year; the conducting of and participating in firearms matches and presentation of awards; not to exceed $3,000,000 *for major maintenance and facility improvements, and related equipment for the Federal Law Enforcement Training Center facility to remain available until expended; not to exceed $200,000 for the development of a Master Plan for future land and facility use at Glynco, Georgia, to remain available until expended; not to exceed $5,000 for official reception and representation expenses; and services as authorized by 5 U.S.C. 3109: Provided, That funds appropriated in this account shall be available for State and local government law enforcement training on a space-available basis; training of foreign law enforcement officials on a space-available basis with reimbursement of actual costs to this appropriation; acceptance of gifts; training of private sector security officials on a space available basis with reimbursement of actual costs to this appropriation; travel expenses of non-Federal personnel to attend State and local course development meetings at the Center: Provided further, That the Federal Law Enforcement Training Center shall hire and maintain an average of not less than 325 direct full-time equivalent positions for fiscal year 1988: Provided further, That the new residential facility at the Federal Law Enforcement Training Center at Glynco, Georgia, shall be designated as the "Aubrey A. 'Tex' Gunnels Dormitory Complex"; $28,672,000.*

FINANCIAL MANAGEMENT SERVICE

SALARIES AND EXPENSES

For necessary expenses of the Financial Management Service, $265,000,000, of which not to exceed $7,213,000 shall remain available until expended for systems modernization initiatives.

BUREAU OF ALCOHOL, TOBACCO AND FIREARMS

SALARIES AND EXPENSES

For necessary expenses of the Bureau of Alcohol, Tobacco and Firearms, including purchase of not to exceed five hundred vehicles for police-type use for replacement only; and hire of passenger motor vehicles; hire of aircraft; and services of expert witnesses at such rates as may be determined by the Director; not to exceed $5,000 for official reception and representation expenses; for training of State and local law enforcement agencies with or without reimbursement; provision of laboratory assistance to State and local agencies, with or without reimbursement; $217,531,000, of which $15,000,000 shall be available solely for the enforcement of the Federal Alcohol Administration Act during fiscal year 1988, and of which not to exceed $1,000,000 shall be available for the payment of attorneys' fees as provided by 18 U.S.C. 924(d)(2): Provided, That no funds appropriated herein shall be available for administrative expenses in connection with consolidating or centralizing within the Department of the Treasury the records of receipts and disposition of firearms maintained by Federal firearms licensees or for issuing or carrying out any provisions of the proposed rules of the Department of the Treasury, Bureau of Alcohol, Tobacco and Firearms, on Firearms Regulations, as published in the Federal Register, volume 43, number 55, of March 21, 1978: Provided further, That none of the funds appropriated herein shall be available for explosive identification or detection tagging research, development, or implementation: Provided further, That not to exceed $300,000 shall be available for research and development of an explosive identification and detection device: Provided further, That funds made available under this Act shall be used to maintain a base level of 3,451 full-time equivalent positions for fiscal year 1988.

UNITED STATES CUSTOMS SERVICE

SALARIES AND EXPENSES

For necessary expenses of the United States Customs Service, including purchase of up to seven hundred motor vehicles for replacement only, including six hundred eighty for police-type use and commercial operations; for additional purchase of up to two hundred fifty new passenger motor vehicles for police-type use and commercial operations; hire of passenger motor vehicles; not to exceed $10,000 for official reception and representation expenses; and awards of compensation to informers, as authorized by any Act enforced by the United States Customs Service; $966,000,000, of which not to exceed $150,000 shall be available for payment for rental space in connection with preclearance operations, and not to exceed $4,000,000, to remain available until expended, for research: Provided, That uniforms may be purchased without regard to the general purchase price limitation for the current fiscal year: Provided further, That none of the funds made available by this Act shall be available for administrative expenses to pay any employee overtime pay in an amount in excess of $25,000: Provided further, That the Commissioner or his designee may waive this limitation in individual cases in order to prevent excessive costs or to meet emergency requirements of the Service: Provided further, That none of the funds made available by this Act may be used for administrative expenses in connection with the proposed redirection of the Equal Employment Opportunity Program: Provided further, That none of the funds made available by this Act shall be available for administrative expenses to reduce the number of Customs Service regions below seven during fiscal year 1988: Provided further, That the United States Customs Service shall hire and maintain an average of not less than 16,099 full-time equivalent positions in fiscal year 1988: Provided further, That none of the funds made available in this or any other Act may be used to fund more than nine hundred positions in the Headquarters staff of the United States Customs Service in the fiscal year ending September 30, 1988: Provided further, That no funds appropriated by this Act may be used to reduce to single eight hour shifts at airports and that all current services as provided by the Customs Service shall continue through September 30, 1988: Provided further, That not less than $300,000 shall be expended for additional part-time and temporary positions in the Honolulu Customs District: Provided further, That $600,000 shall be available only for the purchase of 6 additional mobile X-Ray Systems for the United States Customs Service.

OPERATION AND MAINTENANCE, AIR INTERDICTION PROGRAM

For expenses, not otherwise provided for, necessary for the hire, lease, acquisition (transfer or acquisition from any other agency), operation and maintenance of aircraft, and other related equipment of the Air Program; $140,000,000 to remain available until expended, of which $2,000,000 shall be available for construction of a hangar and administrative complex for the Customs Aviation Branch located in Albuquerque, New Mexico: Provided, That no aircraft or other related equipment, shall be transferred on a permanent basis to any other Federal agency, Department, or office outside of the Department of the Treasury during fiscal year 1988.

CUSTOMS FORFEITURE FUND

(LIMITATION ON AVAILABILITY OF DEPOSITS)

For necessary expenses of the Customs Forfeiture Fund, not to exceed $10,000,000, as authorized by Public Law 98-473 and Public Law 98-573; to be derived from deposits in the Fund.

CUSTOMS SERVICES AT SMALL AIRPORTS

(TO BE DERIVED FROM FEES COLLECTED)

Such sums as may be necessary, not to exceed $486,000, for expenses for the provision of Customs services at certain small airports designated by the Secretary of the Treasury, including expenditures for the salaries and expenses of individuals employed to provide such services, to be derived from fees collected by the Secretary of the Treasury pursuant to section 236 of Public Law 98-573 for each of these airports, and to remain available until expended.

PAYMENT TO THE GOVERNMENT OF PUERTO RICO

For payment of a grant to the Government of Puerto Rico, $7,800,000 to remain available until expended, for the purchase and installation of an aerostat radar drug interdiction surveillance system.

UNITED STATES MINT

SALARIES AND EXPENSES

For necessary expenses of the United States Mint; $42,000,000, of which $965,000 shall remain available until expended for research and development projects and of which $75,000 may be used to host the International Mint Directors' Conference in the United States in 1988, including but not limited to reception and representation expenses: Provided, That such fees as are collected from participants at the International Mint Directors' Conference shall be merged with and credited to this account, notwithstanding the provisions of 31 U.S.C. 3302.

BUREAU OF THE PUBLIC DEBT

ADMINISTERING THE PUBLIC DEBT

For necessary expenses connected with any public-debt issues of the United States; $215,000,000.

PAYMENT OF GOVERNMENT LOSSES IN SHIPMENT

For payment of Government losses in shipment, in accordance with section 2 of the Act approved July 8, 1937 (40 U.S.C. 722) $400,000, to remain available until expended.

INTERNAL REVENUE SERVICE

SALARIES AND EXPENSES

For necessary expenses of the Internal Revenue Service, not otherwise provided; for executive direction and management services, and hire of passenger motor vehicles (31 U.S.C. 1343(b)); and services as authorized by 5 U.S.C. 3109, at such rates as may be determined by the Commissioner; $87,165,000, of which not to exceed $25,000 for official reception and representation expenses and of which not to exceed $500,000 shall remain available until expended, for research.

PROCESSING TAX RETURNS

For necessary expenses of the Internal Revenue Service not otherwise provided for; including processing tax returns; revenue accounting; computer services; and hire of passenger motor vehicles (31 U.S.C. 1343(b)); and services as authorized by 5 U.S.C. 3109, at such rates as may be deter- mined by the Commissioner; $1,691,076,000, of which not to exceed $80,000,000 shall remain available until expended for systems modernization *initiatives: Provided, That of the total amount appropriated under this heading, $17,800,000 shall be available for the Statistics of Income Program in fiscal year 1988.*

EXAMINATIONS AND APPEALS

For necessary expenses of the Internal Revenue Service for determining and establishing tax liabilities; employee plans and exempt organizations; tax litigation; hire of passenger motor vehicles (31 U.S.C. 1343(b)); and services as authorized by 5 U.S.C. 3109, at such rates as may be determined by the Commissioner; $1,849,581,000.

INVESTIGATION, COLLECTION, AND TAXPAYER SERVICE

For necessary expenses of the Internal Revenue Service for investigation and enforcement activities; including purchase (not to exceed four hundred and fifty-one for replacement only, for police-type use) and hire of passenger motor vehicles (31 U.S.C. 1343(b)); securing unfiled tax returns; collecting unpaid accounts; examining selected employment and excise tax returns; technical rulings; enforcement litigation; providing assistance to taxpayers; and services as authorized by 5 U.S.C. 3109, at such rates as may be determined by the Commissioner: Provided, That notwithstanding any other provision of this Act, none of the funds made available by this Act shall be used to reduce the number of positions allocated to taxpayer service activities below fiscal year 1984 levels, or to reduce the number of positions allocated to any other direct taxpayer assistance functions below fiscal year 1984 levels, including, but not limited to Internal Revenue Service toll-free telephone tax law assistance and walk-in assistance available at Internal Revenue Service field offices: Provided further, That the Internal Revenue Service shall fund the Tax Counseling for the Elderly Program at $2,650,000. The Internal Revenue Service shall absorb within existing funds the administrative costs of the program in order that the full $2,650,000 can be devoted to program requirements; $1,431,058,000.

ADMINISTRATIVE PROVISIONS—INTERNAL REVENUE SERVICE

SECTION 1. Not to exceed 4 per centum of any appropriation made available to the Internal Revenue Service for the current fiscal year by this Act may be transferred to any other Internal Revenue Service appropriation.

SEC. 2. Not to exceed 15 per centum, or $15,000,000, whichever is greater, of any appropriation made available to the Internal Revenue Service for document matching for the current fiscal year by this Act may be transferred to any other Internal Revenue Service appropriation for document matching.

UNITED STATES SECRET SERVICE

SALARIES AND EXPENSES

For necessary expenses of the United States Secret Service, including purchase (not to exceed three hundred and forty-three vehicles for police-type use for replacement only and hire of passenger motor vehicles; hire of aircraft; training and assistance requested by State and local governments, which may be provided without reimbursement; services of expert witnesses at such rates as may be determined by the Director; rental of buildings in the District of Columbia, and fencing, lighting, guard booths, and other facilities on private or other property not in Government ownership or control, as may be necessary to perform protective functions; the conducting of and participating in firearms matches and presentation of awards and for travel of Secret Service employees on protective missions without regard to the limitations on such expenditures in this or any other Act: Provided, That approval is obtained in advance from the House and Senate Committees on Appropriations; for repairs, alterations, and minor construction at the James J. Rowley Secret Service Training Center; for research and development; for making grants to conduct behavioral research in support of protective research and operations; not to exceed $12,500 for official reception and representation expenses; for payment in advance for commercial accommodations as may be necessary to perform protective functions in fiscal year 1988; and for uniforms without regard to the general purchase price limitation for the current fiscal year; $367,000,000, of which $5,000,000 shall remain available until expended for continued construction at the James J. Rowley Secret Service Training Center, and of which $29,911,000 shall be available for Presidential candidate protective activities pursuant to 18 U.S.C. 3056(a)(7).

DEPARTMENT OF THE TREASURY—GENERAL PROVISIONS

SECTION 101. Appropriations to the Treasury Department in this Act shall be available for uniforms or allowances therefor, as authorized by law (5 U.S.C. 5901), including maintenance, repairs, and cleaning; purchase of insurance for official motor vehicles operated in foreign countries; entering into contracts with the Department of State for the furnishing of health and medical services to employees and their dependents serving in foreign countries; and services as authorized by 5 U.S.C. 3109.

SEC. 102. None of the funds appropriated by this title shall be used in connection with the collection of any underpayment of any tax imposed by the Internal Revenue Code of 1954 unless the conduct of officers and employees of the Internal Revenue Service in connection with such collection complies with subsection (a) of section 805 (relating to communication in connection with debt collection), and section 806 (relating to harassment or abuse), of the Fair Debt Collection Practices Act (15 U.S.C. 1692).

SEC. 103. Not to exceed 2 per centum of any appropriations in this title for the Department of the Treasury may be transferred between such appropriations. However, no such appropriation shall be increased or decreased by more than 1 per centum and any such proposed transfers shall be approved in advance by the Committees on Appropriations of the House and Senate.

SEC. 104. None of the funds made available by this title may be used to place the United States Secret Service, the United States Customs Service, or the Bureau of Alcohol, Tobacco and Firearms under the operation, oversight, or jurisdiction of the Inspector General of the Department of the Treasury.

SEC. 105. The Department of the Treasury shall undertake a study analyzing the economic impact and administrative complexity resulting from section 453C of the Internal Revenue Code, and recommending revenue-neutral alternatives to this section which would minimize that impact and complexity. The study shall also analyze the impact of the effective date of section 453C on fiscal year taxpayers. The study shall be completed as soon as practicable but no later than August 15, 1988.

SEC. 106. Section 613b of the Tariff Act of 1930, as amended (19 U.S.C. 1613b) is amended by inserting the following between subsection (a)(5)(iv) and subsection (b):

"(v) the equipping for law enforcement functions of any vessel, vehicle, equipment, or aircraft available for official use by a State or local law enforcement agency if the conveyance will be used in joint law enforcement operations with the Customs Service.

"(vi) the payment of overtime salaries, travel, fuel, training, equipment, and other similar costs of State and local law enforcement officers that are incurred in joint operations with the Customs Service.".

This title may be cited as the "Treasury Department Appropriations Act, 1988".

TITLE II—UNITED STATES POSTAL SERVICE

PAYMENT TO THE POSTAL SERVICE FUND

For payment to the Postal Service Fund for revenue forgone on free and reduced rate mail, pursuant to subsection (c) of section 2401 of title 39, United States Code; $517,000,000: Provided, That mail for overseas voting and mail for the blind shall continue to be free: Provided further, That six-day delivery and rural delivery of mail shall continue at the 1983 level: Provided further, That none of the funds made available to the Postal Service by this Act shall be used to implement any rule, regulation, or policy of charging any officer or employee of any State or local child support enforcement agency, or any individual participating in a State or local program of child support enforcement, a fee for information requested or provided concerning an address of a postal customer: Provided further, That none of the funds provided in this Act shall be used to consolidate or close small rural and other small post offices in the fiscal year ending on September 30, 1988.

PAYMENT TO THE POSTAL SERVICE FUND FOR NONFUNDED LIABILITIES

For payment to the Postal Service Fund for meeting the liabilities of the former Post Office Department to the Employees' Compensation Fund pursuant to 39 U.S.C. 2004, $1,000.

UNITED STATES POSTAL SERVICE—ADMINISTRATIVE PROVISIONS

SECTION 1. None of the funds appropriated in this Act or made available by 39 U.S.C. 2401(a) shall be used by the United States Postal Service or any other governmental agency for the purpose of locating a regional mail distribution center in the Westchester Business Park on Westpark Drive in the Town of North Castle, New York, for a period of one hundred and eighty days.

SEC. 2. Funds made available to the United States Postal Service pursuant to section 2401(a) of title 39, United States Code, shall be used hereafter to continue full postal service to the people of Holly Springs proper, including upgrading, remodeling, and improving the United States Post Office building located at 110 North Memphis Street, Holly Springs, Mississippi.

This title may be cited as the "Postal Service Appropriation Act, 1988".

TITLE III—EXECUTIVE OFFICE OF THE PRESIDENT

COMPENSATION OF THE PRESIDENT

For compensation of the President, including an expense allowance at the rate of $50,000 per annum as authorized by 3 U.S.C. 102; $250,000: Provided, That none of the funds made available for official expenses shall be expended for any other purpose and any unused amount shall revert to the Treasury pursuant to section 1552 of title 31 of the United States Code: Provided further, That none of the funds made available for *official expenses shall be considered as taxable to the President.*

Office of Administration

SALARIES AND EXPENSES

For necessary expenses of the Office of Administration; $16,000,000 including services as authorized by 5 U.S.C. 3109 and 3 U.S.C. 107, and hire of passenger motor vehicles.

White House Conference for a Drug Free America

SALARIES AND EXPENSES

For necessary expenses of the White House Conference for a Drug Free America, $2,500,000.

The White House Office

SALARIES AND EXPENSES

For necessary expenses for the White House as authorized by law, including not to exceed $3,850,000 for services as authorized by 5 U.S.C. 3109 and 3 U.S.C. 105; including subsistence expenses as authorized by 3 U.S.C. 105, which shall be expended and accounted for as provided in that section; hire of passenger motor vehicles, newspapers, periodicals, teletype news service, and travel (not to exceed $100,000 to be expended and accounted for as provided by 3 U.S.C. 103); not to exceed $20,000 for official entertainment expenses, to be available for allocation within the Executive Office of the President; $26,426,000.

Executive Residence at the White House

OPERATING EXPENSES

For the care, maintenance, repair and alteration, refurnishing, improvement, heating and lighting, including electric power and fixtures, of the Executive Residence at the White House and official entertainment expenses of the President; $7,403,000, of which $2,400,000 for the repair of the face of the Executive Residence shall remain available until expended, to be expended and accounted for as provided by 3 U.S.C. 105, 109–110, 112–114.

Official Residence of the Vice President

OPERATING EXPENSES

For the care, maintenance, repair and alteration, refurnishing, improvement, heating and lighting, including electric power and fixtures, of the official residence of the Vice President, the hire of passenger motor vehicles, and not to exceed $75,000 for official entertainment expenses of the Vice President, to be accounted for solely on his certificate; $258,000: Provided, That advances or repayments or transfers from this appropriation may be made to any department or agency for expenses of carrying out such activities.

Special Assistance to the President

SALARIES AND EXPENSES

For necessary expenses to enable the Vice President to provide assistance to the President in connection with specially assigned functions, services as authorized by 5 U.S.C. 3109 and 3 U.S.C. 106, including subsistence expenses as authorized by 3 U.S.C. 106, which shall be expended and accounted for as provided in that section; and hire of passenger motor vehicles; $2,163,000.

Council of Economic Advisers

SALARIES AND EXPENSES

For necessary expenses of the Council in carrying out its functions under the Employment Act of 1946 (15 U.S.C. 1021); $2,500,000.

Office of Policy Development

SALARIES AND EXPENSES

For necessary expenses of the Office of Policy Development, including services as authorized by 5 U.S.C. 3109, and 3 U.S.C. 107; $3,000,000.

National Critical Materials Council

SALARIES AND EXPENSES

For necessary expenses of the National Critical Materials Council, including activities as authorized by Public Law 98-373; $350,000.

National Security Council

SALARIES AND EXPENSES

For necessary expenses of the National Security Council, including services as authorized by 5 U.S.C. 3109; $5,000,000.

Office of Management and Budget

SALARIES AND EXPENSES

For necessary expenses of the Office of Management and Budget, including hire of passenger motor vehicles, services as authorized by 5 U.S.C. 3109; $39,000,000 of which not to exceed $4,500,000 shall be available to carry out the provisions of 44 U.S.C., chapter 35: Provided, That, as provided in 31 U.S.C. 1301(a), appropriations shall be applied only to the objects for which appropriations were made except as otherwise provided by law: Provided further, That none of the funds appropriated in this Act for the Office of Management and Budget may be used for the purpose of reviewing any agricultural marketing orders or any activities or regulations under the provisions of the Agricultural Marketing Agreement Act of 1937 (7 U.S.C. 601 et seq.): Provided further, That none of the funds made available for the Office of Management and Budget by this Act may be expended for the review of the transcript of actual testimony of witnesses, except for testimony of officials of the Office of Management and Budget, before the Committee on Appropriations or the Committee on Veterans' Affairs or their subcommittees: Provided further, That this proviso shall not apply to printed hearings released by the Committee on Appropriations or the Committee on Veterans' Affairs: Provided further, That none of the funds made available by this Act or any other Act shall be used to reduce the scope or publication frequency of statistical data relative to the operations and production of the alcoholic beverage and tobacco industries below fiscal year 1985 levels: Provided further, That none of the funds appropriated by this Act shall be available to the Office of Management and Budget for revising, curtailing or otherwise amending the administrative and/or regulatory methodology employed by the Bureau of Alcohol, Tobacco and Firearms to assure compliance with section 205, title 27 of the United States Code (Federal Alcohol Administration Act) or with regulations, rulings or forms promulgated thereunder.

Office of Federal Procurement Policy

SALARIES AND EXPENSES

For expenses of the Office of Federal Procurement Policy, including services as authorized by 5 U.S.C. 3109; $2,300,000.

Unanticipated Needs

For expenses necessary to enable the President to meet unanticipated needs, in furtherance of the national interest, security, or defense which may arise at home or abroad during the current fiscal year; $1,000,000.

This title may be cited as the "Executive Office Appropriations Act, 1988".

TITLE IV—INDEPENDENT AGENCIES

Administrative Conference of the United States

SALARIES AND EXPENSES

For necessary expenses of the Administrative Conference of the United States, established by the Administrative Conference Act, as amended (5 U.S.C. 571 et seq.) including not to exceed $1,000 for official reception and representation expenses; $1,865,000.

Advisory Commission on Intergovernmental Relations

SALARIES AND EXPENSES

For expenses necessary to carry out the provisions of the Advisory Commission on Intergovernmental Relations Act of 1959, as amended, 42 U.S.C. 4271–79; $1,378,000, and additional amounts not to exceed $200,000, collected from the sale of publications shall be credited to and used for the purposes of this appropriation.

Advisory Committee on Federal Pay

SALARIES AND EXPENSES

For necessary expenses of the Advisory Committee on Federal Pay, established by 5 U.S.C. 5306; $200,000.

Committee for Purchase from the Blind and Other Severely Handicapped

SALARIES AND EXPENSES

For necessary expenses of the Committee for Purchase From the Blind and Other Severely Handicapped established by the Act of June 23, 1971, Public Law 92-28, $850,000.

Federal Election Commission

SALARIES AND EXPENSES

For necessary expenses to carry out the provisions of the Federal Election Campaign Act of 1971, as amended, $14,174,000.

GENERAL SERVICES ADMINISTRATION

Federal Buildings Fund

LIMITATIONS ON AVAILABILITY OF REVENUE

The revenues and collections deposited into the Fund established pursuant to section 210(f) of the Federal Property and Administrative Services Act of 1949, as amended (40 U.S.C. 490(f)), shall be available for necessary expenses of real property management and related activities not otherwise provided for, including operation, maintenance, and protection of federally owned and leased buildings; rental of buildings in the District of Columbia; restoration of leased premises; moving Government agencies (including space adjustments) in connection with the assignment, allocation and transfer of space; contractual services incident to cleaning or servicing buildings and moving; repair and alteration of federally owned buildings, including grounds, approaches and appurtenances; care and safeguarding of sites; maintenance, preservation, demolition, and equipment; acquisition of buildings and sites by purchase, condemnation, or as otherwise authorized by law; conversion and extension of federally owned buildings; preliminary planning and design of projects by contract or otherwise; construction of new buildings (including equipment for such buildings); and payment of principal, interest, taxes, and any other obligations for public buildings acquired by purchase contract, in the aggregate amount of $2,854,052,000 of which (1) not to exceed $115,036,000 shall remain available until expended for construction of additional projects at locations and at maximum construction improvement costs (including funds for sites and expenses) as follows:

New Construction:

Arizona:

Tucson, Federal Law Enforcement Building, Site acquisition only, $1,500,000
District of Columbia:
International Cultural and Trade Center, Design, $3,700,000 (to be transferred to the Pennsylvania Avenue Development Corporation for reimbursement)
Louisiana:
Baton Rouge, Federal Building and Courthouse, Design, $3,000,000
Michigan:
Detroit, Ambassador Bridge Cargo Inspection Facility, Site, $3,800,000
New Jersey:
Camden, Federal Building, Courthouse Annex, Site and Design, $1,486,000
Virgin Islands:
St. Croix, Federal Building, Courthouse, Site, $550,000
Construction Projects, less than $500,000, $1,000,000:

Other Selected Purchases including options to purchase, $100,000,000: Provided, That each of the immediately foregoing limits of costs on new construction projects may be exceeded to the extent that savings are effected in other such projects, but by not to exceed 10 per centum: Provided further, That all funds for direct construction projects shall expire on September 30, 1989, and remain in the Federal Buildings Fund except funds for projects as to which funds for design or other funds have been obligated in whole or in part prior to such date: Provided further, That claims against the Government of less than $50,000 arising from direct construction projects, acquisitions of buildings and purchase contract projects pursuant to Public Law 92-313, be liquidated with prior notification to the Committees on Appropriations of the House and Senate to the extent savings are effected in other such projects; (2) not to exceed $472,945,000 which shall remain available until expended, for repairs and alterations: Provided further, That funds in the Federal Buildings Fund for Repairs and Alterations shall, for prospectus projects, be limited to the amount by project as follows, except each project may be increased by an amount not to exceed 10 per centum unless advance approval is obtained from the Committees on Appropriations of the House and Senate for a greater amount:

Repairs and Alterations:
Alabama:
Birmingham, Federal Building, Courthouse, $3,899,000
California:
Fresno, Sisk Federal Building, Courthouse, $2,879,000
Los Angeles, Federal Building, $10,422,000
San Francisco, Federal Building, Courthouse, $16,962,000
District of Columbia:
Central Heating Plant, $15,500,000
West Heating Plant, $9,201,000
Elevator Replacement, $26,700,000
Forrestal Building, $2,578,000
GSA Regional Office Building, $1,036,000
Agriculture Administration Building, $530,000
Agriculture South Building, $3,360,000
Courthouse, $1,887,000
Perkins Federal Building, $1,644,000
GSA Headquarters, $929,000
Hoover Federal Building, $1,627,000
Department of the Interior, $1,858,000
New Post Office, $1,006,000
Veterans Administration, $1,355,000
Florida:
Miami, Federal Building, $11,481,000
West Palm Beach, Post Office, $2,900,000
Georgia:
Atlanta, Federal Annex, $2,400,000
East Point, Federal Archives and Records Center, $1,102,000
Illinois:
Chicago, Dirksen Federal Building, Courthouse, $7,334,000
East St. Louis, Post Office, Courthouse, $3,762,000
Iowa:
Des Moines, Federal Building, $1,300,000
Louisiana:
Maryland:
Baltimore, Appraisers Stores, $2,668,000
Bethesda, Federal Building, $700,000
Massachusetts:
Boston, McCormack Post Office, Courthouse, $2,200,000
Missouri:
St. Louis, Mart Federal Building, $28,964,000
St. Louis, Federal Center #104, $8,983,000
New Jersey:
Trenton, Post Office, Courthouse, $2,823,000
New York:
Brooklyn, Federal Building No. 2, $11,472,000
New York, Foley Square Courthouse, $4,655,000
New York, 201 Varick Street, $14,475,000
North Carolina:
Raleigh, Federal Building, Post Office, Courthouse, $9,640,000
Pennsylvania:
Philadelphia, Byrne Courthouse, $6,875,000
Pittsburgh, Post Office, Courthouse, $16,572,000
Texas:
San Antonio, Post Office, Courthouse, $8,154,000
Virginia:
Arlington, Federal Building No. 2, $4,080,000
Arlington, Pentagon, $8,080,000
Minor Repairs and Alterations, $167,427,000
Capital Improvements of United States-Mexico Border Facilities:
Nogales, AZ
Mariposa, $174,330
Grand Ave., $375,310
Morley Gate, $64,000
Calexico, CA
New Station, $1,000,000
New Dock/Office, $411,320
R&A, $274,430
El Paso, TX
Ysleta, $2,651,320
Bridge of the Americas, $442,200
Paso del Norte, $2,850,000
Laredo, TX
Juarez-Lincoln Bridge, $5,745,000
Replace RR Bldg., $118,000
Convent St., $151,710
Brownsville, TX
Gateway:
Security, $14,661
Expand Lanes, $46,135
R&A, $67,204
B&M Bridge, $1,173,000
Los Indios Bridge, $510,000
San Ysidro/Otay Mesa, CA
Virginia St., $75,000
Safety Work, $1,601,000
R&A, $612,000
Improve Commercial Lot, $456,950
Firearms Range, $350,000
Reconfigure Lanes, $310,000
Signs/Security, $517,000
Andrade, CA, $143,000
Antelope Wells, NM, $14,000
Columbus, NM, $100,000
Fabens, TX, $100,000
Fort Hancock, TX, $100,000
Lukeville, AZ, $148,000
Marathon, TX, $50,000
Naco, AZ, $65,000
Presidio, TX, $100,000
Progresso, TX, $100,000
Roma, TX, $100,000
San Luis, AZ, $79,000
Del Rio, TX
Expand Lanes, $270,000
Security, $250,000
Replace Station, $3,640,000
Los Ebanos, TX, $520,000
Douglas, AZ, $228,000
Eagle Pass, TX, $480,000
Rio Grande City, TX, $510,000
Tecate, CA, $338,000
Hildago, TX, $289,510
Falcon Dam, TX, $400,000
Santa Teresa, NM, $663,000:

Provided, That by no later than July 30, 1988, the Administrator of General Services shall assess the level of unobligated balances, if any, in the Federal Buildings Fund and request reprogramming of such balances, not to exceed $12,000,000, to provide additional funding for the United States-Mexico Border Facility projects in this Act: Provided further, That additional projects for which prospectuses have been fully approved may be funded under this category only if advance approval is obtained from the Committees on Appropriations of the House and Senate: Provided further, That all funds for repairs and alterations prospectus projects shall expire on September 30, 1989, and remain in the Federal Buildings Fund except funds for projects as to which funds for design or other funds have been obligated in whole or in part prior to such date; (3) not to exceed $133,105,000 for payment on purchase contracts entered into prior to July 1, 1975; (4) not to exceed $1,169,532,000 for rental of space; (5) not to exceed $805,384,000 for real property operations; (6) not to exceed $48,014,000 for program direction and centralized services; and (7) not to exceed $110,036,000 for design and construction services which shall remain available until expended: Provided further, That the Administrator of General Services is hereby directed to enter into a contract for construction of a building in Oakland, California, on a site donated by the city of Oakland. The contract shall provide, by lease or installment payments over a period not to exceed 30 years, for the payment of the purchase price, which shall not exceed $141,700,000, and reasonable interest thereon. The contract shall further provide that title to the building shall vest in the United States at or before the expiration of the contract term upon fulfillment of the terms and conditions of the contract: Provided further, That the Administrator of the GSA is hereby directed to enter into an agreement, pursuant to a competitive selection process, for the lease-purchase of a building in San Francisco, California, during fiscal year 1988 of approximately 430,000 office occupiable square feet on a site donated by that city: Provided further, That the agreement shall provide for annual lease or installment payments from funds available for the rental of space in the Federal Buildings Fund over a period not to exceed 30 years for the payment of the purchase price of such building, and shall provide for title to the building to vest in the United States on or before the expiration of the contract term upon fulfillment of the terms and conditions of the agreement: Provided further, That additional space may be acquired if the Administrator finds such space to be in the *public interest and will not reduce the occupiable Federal space to be available in the Oakland Federal Building. The Oakland Building shall, when completed be fully occupied by federal agencies and continued full occupancy shall have the highest priority consistent with the federal interest: Provided further, That for the purposes of this authorization, buildings constructed pursuant to the Public Buildings Purchase Contract Act of 1954 (40 U.S.C. 356), the Public Buildings Amendments of 1972 (40 U.S.C. 490), and buildings under the control of another department or agency where alterations of such buildings are required in connection with the moving of such other department or agency from buildings then, or thereafter to be, under the control of the General Services Administration shall be considered to be federally owned buildings: Provided further, That none of the funds available to the General Services Administration with the exception of those for Capital Improvements for United States-Mexico Border Facilities; Other Approved Border Facility projects; and the San Francisco, California Federal building project, shall be available for expenses in connection with any construction, repair, alteration, and acquisition project for which a prospectus, if required by the Public Buildings Act of 1959, as amended, has not been approved, except that necessary funds may be expended for each project for required expenses in connection with the development of a proposed prospectus: Provided further, That notwithstanding any other provision of law, the Administrator of General Services is authorized, under section 210(h) of the Federal Property and Administrative Services Act of 1949, to acquire the building in Chicago, Illinois, approved under this heading in fiscal year 1987, from any commercial or private entity, through a lease to ownership transaction. Said lease shall not exceed 30 years, on such terms and conditions as he deems appropriate. These terms and conditions may include an option to permit the Federal Government, if the Administrator deems that it is in the best interest of the Federal Government, to execute a succeeding lease: Provided further, That funds available in the Federal Buildings Fund may be expended for emergency repairs when advance approval is obtained from the Committees on Appropriations of the House and Senate: Provided further, That not later than 60 days after the date of the enactment of this Act, the Administrator of General Services shall submit under the Public Buildings Act of 1959, a prospectus for acquiring by purchase or lease-purchase (1) a building which is not to exceed 1,400,000 occupiable square feet for the Environmental Protection Agency in the Washington metropolitan area, and (2) a building which is not to exceed 1,800,000 occupiable square feet for the Department of Transportation. The lease-purchase shall provide for annual lease or installment payments from funds available for the rental of space in the Federal Buildings Fund over a period not to exceed 30 years for the payment of the purchase price of such building and reasonable interest thereon and shall provide for title to the building to vest in the United States on or before the last day of the term of the lease-purchase transaction. If a lease-purchase prospectus for a building described in this paragraph is approved under the Public Buildings Act of 1959, the Administrator of General Services may enter into a transaction for the lease-purchase of such building in accordance with the terms specified in such approved prospectus and applicable provisions of law and may make annual lease or installment payments from funds available for the rental of space in such fund: Provided further, That amounts necessary to provide reimbursable special services to other agencies under section 210(f)(6) of the Federal Property and Administrative Services Act of 1949, as amended (40 U.S.C. 490(f)(6)) and amounts to provide such reimbursable fencing, lighting, guard booths, and other facilities on private or other property not in Government ownership or control as may be appropriate to enable the United States Secret Service to perform its protective functions pursuant to 18 U.S.C. 3056, as amended, shall be available from such revenues and collections: Provided further, That revenues and collections and any other sums accruing to this fund during fiscal year 1988 excluding reimbursements under section 210(f)(6) of the Federal Property and Administrative Services Act of 1949 (40 U.S.C. 490(f)(6)) in excess of $2,854,052,000 shall remain in the Fund and shall not be available for expenditure except as authorized in appropriation Acts.*

FEDERAL SUPPLY SERVICE

OPERATING EXPENSES

For expenses authorized by law, not otherwise provided for, necessary for property management activities, utilization of excess and disposal of surplus personal property, rehabilitation of personal property, transportation management activities, transportation audits by in-house personnel, procurement, and other related supply management activities through September 30, 1988, and supply distribution (including contractual services incident to receiving, handling and shipping supply items), procurement (including royalty payments), inspection, standardization, and related supply operations activities not later than March 31, 1987, including services as authorized by 5 U.S.C. 3109; $69,600,000: Provided, That notwithstanding any other provisions of law, costs incurred during the period October 1, 1987, through March 31, 1987, directly related to supply operations activities, not covered by this appropriation, shall be recorded as costs in the General Supply Fund, General Services Administration: Provided further, That the annual limitation of $5,200,000 through September 30, 1989, in the Supplemental Appropriations Act, 1985, Public Law 99-88, payable from overcharges collected, for expenses of transportation audit contracts and contract administration, is hereby superseded by Public Law 99-627 establishing permanent authority for these expenses at not to exceed 40 percent of the overpayments collected annually.

FEDERAL PROPERTY RESOURCES SERVICE

OPERATING EXPENSES

(INCLUDING TRANSFER OF FUNDS)

For expenses, not otherwise provided for, necessary for carrying out the functions of the Administrator with respect to utilization of excess real property; the disposal of surplus real property, the utilization survey, deed compliance inspection, appraisal, environmental and cultural analysis, and land use planning functions pertaining to excess and surplus real property; the National Defense Stockpile established by the Strategic and Critical Materials Stock Piling Act, as amended (50 U.S.C. 98 et seq.), the Defense Production Act of 1950, as amended (50 U.S.C. App. 2061 et seq.) including services as authorized by 5 U.S.C. 3109 and reimbursement for recurring security guard service; $12,000,000 to be derived from proceeds from transfers of excess real property and disposal of surplus real property and related personal property, subject to the provisions of the Land and Water Conservation Fund Act of 1965, as amended (16 U.S.C. 4601-5), and in addition, $30,000,000 for the transportation, processing, refining, storage, security, maintenance, rotation, and disposal of materials contained in or acquired for the stockpile by reimbursement from the National Defense Stockpile Transaction Fund.

NATIONAL DEFENSE STOCKPILE TRANSACTION FUND

SEC. 1. During the fiscal year ending September 30, 1988, not to exceed $35,000,000, in addition to amounts previously appropriated, all to remain available until expended, may be obligated from amounts in the National Defense Stockpile Transaction Fund, for the acquisition and upgrading of strategic and critical materials under section 6(a) (1) and (3) of the Strategic and Critical Materials Stock Piling Act (50 U.S.C. 98e(a) (1) and (3)), transportation, storage, and other incidental expenses related to such acquisition and upgrades, development of current specifications of stockpile materials and the upgrading of existing stockpile materials to meet current specifications (including transportation, when economical, related to such upgrading), testing and quality studies of stockpile materials, studying future material and mobilization requirements for the stockpile and other reasonable requirements for management of the stockpile, including relocation, operating, and management expenses incident to operating the stockpile, are hereby authorized to the extent provided in Appropriations Acts.

SEC. 2. For the fiscal year ending September 30, 1988, in addition to the funds previously appropriated for the National Defense Stockpile Transaction Fund, notwithstanding the provisions of 50 U.S.C. 98h, there are hereby appropriated $10,000,000 under this heading and $9,000,000 in section 101(b) of this joint resolution, to remain available until expended, the amounts to be allocated for the following projects:

University of Hawaii at Manoa pursuant to 50 U.S.C. 98a and 98g(a), for a grant for construction of a strategic materials research facility, $5,000,000;

University of Utah pursuant to 50 U.S.C. 98a and 98g(a)(2)(C) for a grant to pay the Federal share of the cost of construction and equipment for a Center for Biomedical Polymers, $4,000,000;

University of Massachusetts at Amherst pursuant to 50 U.S.C. 98a and 98g(a) for a grant for continued construction of a strategic materials research facility, $5,000,000;

University of Arizona pursuant to 50 U.S.C. 98a and 98g(a)(2)(C) for a grant to pay the Federal share of the cost of construction and equipment for a Center for Advanced Studies for Copper Recovery and Utilization, $4,000,000; and

University of New Mexico pursuant to 50 U.S.C. 98 a and g for a grant to study replacements for metallic alloys that use critical materials, $1,000,000.

GENERAL MANAGEMENT AND ADMINISTRATION

SALARIES AND EXPENSES

For necessary expenses of agency management of activities under the control of the General Services Administration, and general administrative and staff support services not otherwise provided for; for providing accounting, records management, and other support incident to adjudication of Indian

Tribal Claims by the United States Court of Claims, and services authorized by 5 U.S.C. 3109; $122,500,000, of which $800,000 shall be available only for, and is hereby specifically earmarked for personnel and associated costs in support of Congressional District and Senate State offices: Provided, That this appropriation shall be available, subject to reimbursement by the applicable agency, for services performed for other agencies pursuant to subsections (a) and (b) of section 1535 of title 31, United States Code.

Real Property Relocation

For expenses not otherwise provided for, $5,000,000, to remain available until expended, necessary for carrying out the functions of the Administrator with respect to relocation of Federal agencies from property which has been determined by the Administrator to be other than optimally utilized under the provisions of section 210(e) of the Federal Property and Administrative Services Act of 1949, as amended: Provided, That such relocations shall only be undertaken when the estimated proceeds from the disposition of the original facilities approximate the appraised fair market value of such new facilities and exceed the estimated costs of relocation. Relocation costs include expenses for and associated with acquisition of sites and facilities, and expenses of moving or repurchasing equipment and personal property. These funds may be used for payments to other Federal entities to accomplish the relocation functions: Provided further, That nothing in this paragraph shall be construed as relieving the Administrator of General Services or the head of any other Federal agency from any obligation or restriction under the Public Buildings Act of 1959 (including any obligation concerning submission and approval of a prospectus), the Federal Property and Administrative Services Act of 1949, as amended, or any other Federal law, or as authorizing the Administrator of General Services or the head of any other Federal agency to take actions inconsistent with statutory obligations or restrictions placed upon the Administrator of General Services or such agency head with respect to authority to acquire or dispose of real property.

Information Resources Management Service

operating expenses

For expenses authorized by law, not otherwise provided for, necessary for carrying out Government-wide and internal responsibilities relating to automated data management, telecommunications, information resources management, and related activities, including services as authorized by 5 U.S.C. 3109; and for the Information Security Oversight Office established pursuant to Executive Order 12356; $31,193,000.

Office of Inspector General

For necessary expenses of the Office of Inspector General; $24,334,000: Provided, That not to exceed $10,000 shall be available for payment for information and detection of fraud against the Government, including payment for recovery of stolen Government property.

Allowances and Office Staff for Former Presidents

For carrying out the provisions of the Act of August 25, 1958, as amended (3 U.S.C. 102 note), and Public Law 95-138; $1,198,000: Provided, That the Administrator of General Services shall transfer to the Secretary of the Treasury such sums as may be necessary to carry out the provisions of such Acts.

General Services Administration—General Provisions

Section 1. The appropriate appropriation or fund available to the General Services Administration shall be credited with the cost of operation, protection, maintenance, upkeep, repair, and improvement, included as part of rentals received from Government corporations pursuant to law (40 U.S.C. 129).

Sec. 2. Funds available to the General Services Administration shall be available for the hire of passenger motor vehicles.

Sec. 3. Not to exceed 1 per centum of funds made available in appropriations for operating expenses and salaries and expenses, during the current fiscal year, may be transferred between such appropriations for mandatory program requirements. Any transfers proposed shall be submitted promptly to the Committees on Appropriations of the House and Senate for approval.

Sec. 4. Funds in the Federal Buildings Fund made available for fiscal year 1988 for Federal Buildings Fund activities may be transferred between such activities only to the extent necessary for mandatory program requirements. Any transfers proposed shall be submitted promptly to the Committees on Appropriations of the House and Senate for approval.

Sec. 5. Funds hereafter made available to the General Services Administration for the payment of rent shall be available for the purpose of leasing, for periods not to exceed thirty years, space in buildings erected on land owned by the United States.

Sec. 6. The Bureau of Mines should completely vacate all space at the Columbia Plaza building no later than September 30, 1988. In the event that it becomes necessary to acquire leased space for the Bureau of Mines, the Administrator of General Services shall competitively acquire space for the Bureau of Mines and select quality space at the lowest possible cost in the Washington Metropolitan Area. If such space is acquired by GSA, the Bureau of Mines shall immediately relocate to the space acquired by the GSA.

Sec. 7. (a) The General Accounting Office shall, within 60 days after the date of enactment of this Act, submit an estimate of the fair market value of the main post office in Denver, Colorado, located at 1823 Stout Street to the General Services Administration, the Congress of the United States, the United States Postal Service, and the Administrative Office of the United States Courts.

(b) Within 30 days after obtaining the estimate made pursuant to subsection (a) the United States Postal Service shall transfer the use and benefit of the lot on which the main post office in Denver is located along with such post office building, improvements and any other structures on such lot to the General Services Administration, and from such date such lot and structures shall be considered to be held for the use and benefit of the United States courts for the Tenth Circuit.

(c) In making the transfer pursuant to subsection (b), the General Services Administration and the United States Postal Service shall use, as the market value of such property, the estimate submitted by the General Accounting Office pursuant to this section and the United States Postal Service shall receive as compensation therefor, the fair market value of such lot, buildings and improvements, as determined by the General Accounting Office.

(d) The United Postal Service shall surrender possession of the second, third and fourth floors of such post office building to the General Services Administration not later than 1 year after the date of the transfer thereof as provided in this section and, except as provided in subsection (e), shall surrender possession of the balance of such post office building not later than 2 years after such date.

(e) The General Services Administration shall permit the United States Postal Service to continue to occupy such area on the first floor of such main post office building not in excess of 18,000 square feet as shall be determined by the General Services Administration after consultation with the Administrative Office of the United States Courts and the United States Postal Service.

(f) Pursuant to section 210(f) of the Federal Property and Administrative Service Act of 1949, the Administrator of General Services is authorized to charge the United States Postal Service for all space and services furnished to the United States Postal Service in such main post office building after the date of the conveyance provided in this section.

(g) Notwithstanding any other provision of law, the General Services Administration is hereby authorized to sell, at competitive bid, block 111, located at 20th and Curtis Streets in Denver, Colorado, and to deposit such sale proceeds into the Federal Buildings Fund.

(h) There are authorized to be appropriated such sums as are necessary to cover the costs of obtaining such post office building for the courts for the Tenth Circuit. Such costs shall include—

(1) amounts necessary to transfer the lot, main post office building, improvements and any other structures on such lot pursuant to subsection (b);

(2) appropriate renovations of such post office building for the Tenth Circuit to use such building as the principal office of such courts; and

(3) the transfer of such courts from their current building to such post office building.

(i) There are hereby appropriated, out of the Federal Buildings Fund, such sums as may be necessary to carry out the purposes of subsection (h).

Sec. 8. The Administrator of General Services is hereby directed to submit a prospectus to the Congress within 60 days to enable the Administrator to contract for construction of two buildings not to exceed a total of 1,600,000 gross square feet of office space, plus additional parking and retail space, in New York City on sites to be acquired from the city of New York. The contracts shall provide, by lease or installment payments over a period not to exceed 30 years, from funds available for the rental of space in the Federal Buildings Fund for the payment of the purchase price, and reasonable interest thereon. The contracts shall further provide that title to the buildings shall vest in the United States at or before expiration of the contract term upon fulfillment of the terms and conditions of the contracts. If a lease-purchase prospectus for a building described in this paragraph is approved under the Public Buildings Act of 1959, the Administrator of General Services may enter into a transaction for the lease-purchase of such building in accordance with the terms specified in such approved prospectus and applicable provisions of law and may make annual lease or installment payments from the funds available for the rental of space in such Fund. The General Services Administration shall lease up to 400,000 square feet *of office space and associated parking to the city of New York at rates that reflect an appropriate portion of the construction and related costs of the projects, adjusted for the value of the land acquired from the city. In addition, income accrued by the General Services Administration from the outlease of office space to the city as well as retail and related space to private organizations shall be used to offset GSA's installment payments for the cost of the facilities. Obligations of funds under these transactions shall be limited to the current fiscal year for which payments are due without regard to 31 U.S.C. 1341(a)(1)(B).*

SEC. 9. The Administrator of General Services shall proceed with the site selection and design for construction of a facility of not less than 182,000 usable square feet for the Social Security Administration in Wilkes-Barre, Pennsylvania, pursuant to section 115 of the joint resolution entitled, "A Joint Resolution making continuing appropriations for the fiscal year 1987 and for other purposes", approved October 30, 1986 (100 Stat. 3341-949; Public Law 99-591).

NATIONAL ARCHIVES AND RECORDS ADMINISTRATION

OPERATING EXPENSES

For necessary expenses in connection with National Archives and Records Administration and related activities, as provided by law, and for expenses necessary for the review and declassification of documents, and for the hire of passenger motor vehicles, $116,000,000 of which $4,000,000 for allocations and grants for historical publications and records as authorized by 44 U.S.C. 2504, as amended, shall remain available until expended, and of which $6,000,000 for design and planning of a new archival facility in Maryland shall remain available until expended.

OFFICE OF PERSONNEL MANAGEMENT

SALARIES AND EXPENSES

(INCLUDING TRANSFER OF TRUST FUNDS)

For necessary expenses to carry out functions of the Office of Personnel Management pursuant to Reorganization Plan Numbered 2 of 1978 and the Civil Service Reform Act of 1978, including services as authorized by 5 U.S.C. 3109, medical examinations performed for veterans by private physicians on a fee basis, rental of conference rooms in the District of Columbia and elsewhere, hire of passenger motor vehicles, not to exceed $2,500 for official reception and representation expenses, and advances for reimbursements to applicable funds of the Office of Personnel Management and the Federal Bureau of Investigation for expenses incurred under Executive Order 10422 of January 9, 1953, as amended; $101,834,000 in addition to $67,746,000 for administrative expenses for the retirement and insurance programs to be transferred from the appropriate trust funds of the Office of Personnel Management in the amounts determined by the Office of Personnel Management without regard to other statutes: Provided, That the provisions of this appropriation shall not affect the authority to use applicable trust funds as provided by section 8348(a)(1)(B) of title 5, U.S.C.: Provided further, That no part of this appropriation shall be available for salaries and expenses of the Legal Examining Unit of the Office of Personnel Management established pursuant to Executive Order 9358 of July 1, 1943, or any successor unit of like purpose: Provided further, That the President's Commission on White House Fellows, established by Executive Order 11183 of October 3, 1964, may, during the fiscal year ending September 30, 1988, accept donations of money, property, and personal services in connection with the development of a publicity brochure to provide information about the White House Fellows, except that no such donations shall be accepted for travel or reimbursement of travel expenses, or for the salaries of employees of such Commission.

REVOLVING FUND

Pursuant to section 4109(d)(1) of title 5, United States Code, costs for entertainment expenses of the President's Commission on Executive Exchange shall not exceed $12,000.

GOVERNMENT PAYMENT FOR ANNUITANTS, EMPLOYEES HEALTH BENEFITS

For payment of Government contributions with respect to retired employees, as authorized by chapter 89 of title 5, United States Code, and the Retired Federal Employees Health Benefits Act (74 Stat. 849), as amended, $1,788,931,000, to remain available until expended.

PAYMENT TO CIVIL SERVICE RETIREMENT AND DISABILITY FUND

For financing the unfunded liability of new and increased annuity benefits becoming effective on or after October 20, 1969, as authorized by 5 U.S.C. 8348, and annuities under special Acts to be credited to the Civil Service Retirement and Disability Fund, $4,720,913,000: Provided, That annuities authorized by the Act of May 29, 1944, as amended (22 U.S.C. 3682(e)), August 19, 1950, as amended (33 U.S.C. 771-75), may hereafter be paid out of the Civil Service Retirement and Disability Fund.

MERIT SYSTEMS PROTECTION BOARD

SALARIES AND EXPENSES

(INCLUDING TRANSFER OF FUNDS)

For necessary expenses to carry out functions of the Merit Systems Protection Board pursuant to Reorganization Plan Numbered 2 of 1978 and the Civil Service Reform Act of 1978, including services as authorized by 5 U.S.C. 3109, rental of conference rooms in the District of Columbia and elsewhere, hire of passenger motor vehicles; $20,957,000, together with not to exceed $1,200,000 for administrative expenses to adjudicate retirement appeals to be transferred from the Civil Service Retirement and Disability Fund in amounts determined by the Merit Systems Protection Board.

OFFICE OF SPECIAL COUNSEL

SALARIES AND EXPENSES

For necessary expenses to carry out functions of the Office of the Special Counsel pursuant to Reorganization Plan Numbered 2 of 1978 and the Civil Service Reform Act of 1978 (Public Law 95-454), including services as authorized by 5 U.S.C. 3109, payment of fees and expenses for witnesses, rental of conference rooms in the District of Columbia and elsewhere, and hire of passenger motor vehicles; $4,673,000

FEDERAL LABOR RELATIONS AUTHORITY

SALARIES AND EXPENSES

For necessary expenses to carry out functions of the Federal Labor Relations Authority, pursuant to Reorganization Plan Numbered 2 of 1978, and the Civil Service Reform Act of 1978, including services as authorized by 5 U.S.C. 3109, including hire of experts and consultants, hire of passenger motor vehicles, rental of conference rooms in the District of Columbia and elsewhere; $17,576,000: Provided, That public members of the Federal Service Impasses Panel may be paid travel expenses and per diem in lieu of subsistence as authorized by law (5 U.S.C. 5703) for persons employed intermittently in the Government Service, and compensation as authorized by 5 U.S.C 3109.

UNITED STATES TAX COURT

SALARIES AND EXPENSES

For necessary expenses, including contract reporting and other services as authorized by 5 U.S.C. 3109; $27,500,000: Provided, That travel expenses of the judges shall be paid upon the written certificate of the judge.

This title may be cited as the "Independent Agencies Appropriations Act, 1988".

TITLE V—GENERAL PROVISIONS

THIS ACT

SECTION 501. Where appropriations in this Act are expendable for travel expenses of employees and no specific limitation has been placed thereon, the expenditures for such travel expenses may not exceed the amount set forth therefor in the budget estimates submitted for the appropriations: Provided, That this section shall not apply to travel performed by uncompensated officials of local boards and appeal boards of the Selective Service System; to travel performed directly in connection with care and treatment of medical beneficiaries of the Veterans' Administration; to travel of the Office of Personnel Management in carrying out its observation responsibilities of the Voting Rights Act; or to payments to interagency motor pools where separately set forth in the budget schedules.

SEC. 502. No part of any appropriation contained in this Act shall be available to pay the salary of any person filling a position, other than a temporary position, formerly held by an employee who has left to enter the Armed Forces of the United States and has satisfactorily completed his period of active military or naval service and has within ninety days after his release from such service or from hospitalization continuing after discharge for a period of not more than one year made application for restoration to his former position and has been certified by the Office of Personnel Management as still qualified to perform the duties of his former position and has not been restored thereto.

SEC. 503. No part of any appropriation made available in this Act shall be used for the purchase or sale of real estate or for the purpose of establishing new offices inside or outside the District of Columbia: Provided, That this limitation shall not apply to programs which have been approved by the Congress and appropriations made therefor.

SEC. 504. No part of any appropriation contained in this Act shall remain available for obligation beyond the current fiscal year unless expressly so provided herein.

SEC. 505. The expenditure of any appropriation under this Act for any consulting service through procurement contract, pursuant to 5 U.S.C. 3109, shall be limited to those contracts where such expenditures are a matter of public record and available for public inspection, except where otherwise provided under existing law, or under existing Executive order issued pursuant to existing law.

SEC. 506. No part of any appropriation contained in this Act shall be available for the procurement of, or for the payment of, the salary of any person engaged in the procurement of any hand or measuring tool(s) not produced in the United States or its possessions except to the extent that the Administrator of General Services or his designee shall determine that a satisfactory quality *and sufficient quantity of hand or measuring tools produced in the United States or its possessions cannot be procured as and when needed from sources in the United States and its possessions, or except in accordance with procedures prescribed by section 6-104.4(b) of Armed Services Procurement Regulation dated January 1, 1969, as such regulation existed on June 15, 1970: Provided, That a factor of 75 per centum in lieu of 50 per centum shall be used for evaluating foreign source end products against a domestic source end product. This section shall be applicable to all solicitations for bids opened after its enactment.*

SEC. 507. None of the funds made available to the General Services Administration pursuant to section 210(f) of the Federal Property and Administrative Services Act of 1949 shall be obligated or expended after the date of enactment of this Act for the procurement by contract of any service which, before such date, was performed by individuals in their capacity as employees of the General Services Administration in any position of guards, elevator operators, messengers, and custodians, except that such funds may be obligated or expended for the procurement by contract of the covered services with sheltered workshops employing the severely handicapped under Public Law 92-28.

SEC. 508. No funds appropriated in this Act shall be available for administrative expenses in connection with implementing or enforcing any provisions of the rule TD ATF-66 issued June 13, 1980, by the Department of the Treasury, Bureau of Alcohol, Tobacco and Firearms on labeling and advertising of wine, distilled spirits and malt beverages, except if the expenditure of such funds is necessary to comply with a final order of the Federal court system.

SEC. 509. None of the funds appropriated or made available by this Act shall be used to competitively procure electric utility service, except where such procurement is expressly authorized by the Federal Power Act or by State law or regulation.

SEC. 510. None of the funds appropriated in this Act may be used for administrative expenses to close the Federal Information Center of the General Services Administration located in Sacramento, California.

SEC. 511. None of the funds made available by this Act for the Department of the Treasury may be used for the purpose of eliminating any existing requirement for sureties on customs bonds.

SEC. 512. None of the funds made available by this Act shall be available for any activity or for paying the salary of any government employee where funding an activity or paying a salary to a government employee would result in a decision, determination, rule, regulation, or policy that would prohibit the enforcement of section 307 of the 1930 Tariff Act.

SEC. 513. None of the funds made available by this Act shall be available for the purpose of transferring control over the Federal Law Enforcement Training Center located at Glynco, Georgia, out of the Treasury Department.

SEC. 514. No part of any appropriation contained in this Act shall be used for publicity or propaganda purposes within the United States not heretofore authorized by the Congress.

SEC. 515. No part of any appropriation contained in this Act shall be available for the payment of the salary of any officer or employee of the United States Postal Service, who—

(1) prohibits or prevents, or attempts or threatens to prohibit or prevent, any officer or employee of the United States Postal Service from having any direct oral or written communication or contact with any member or committee of Congress in connection with any matter pertaining to the employment of such officer or employee or pertaining to the United States Postal Service in any way, irrespective of whether such communication or contact is at the initiative of such officer or employee or in response to the request or inquiry of such member or committee; or

(2) removes, suspends from duty without pay, demotes, reduces in rank, seniority, status, pay, or performance of efficiency rating, denies promotion to, relocates, reassigns, transfers, disciplines, or discriminates in regard to any employment right, entitlement, or benefit, or any term or condition of employment of, any officer or employee of the United States Postal Service, or attempts or threatens to commit any of the foregoing actions with respect to such officer or employee, by reason of any communication or contact of such officer or employee with any member or committee of Congress as described in paragraph (1) of this subsection.

SEC. 516. Except for vehicles provided to the President, Vice President and their families, or to the United States Secret Service, none of the funds provided in this Act to any Department or Agency shall be obligated or expended to procure passenger automobiles as defined in 15 U.S.C. 2001 with an EPA estimated miles per gallon average of less than twenty-two miles per gallon. The requirements of this section may be waived by the Administrator of the General Services Administration for special purpose or special mission automobiles.

SEC. 517. No funds appropriated by this Act shall be available to pay for an abortion, or the administrative expenses in connection with any health plan under the Federal employees health benefit program which provides any benefits or coverages for abortions.

SEC. 518. The provision of section 517 shall not apply where the life of the mother would be endangered if the fetus were carried to term.

SEC. 519. No later than October 1, 1989, the Administrator of General Services, or any Federal officer assuming the Administrator's responsibilities with respect to management of the stockpile, shall use all funds authorized and appropriated before January 1, 1985 from the National Defense Stockpile Transaction Fund to evaluate, test, relocate, upgrade or purchase stockpile materials to meet National Defense Stockpile goals and specifications in effect on October 1, 1984.

SEC. 520. No part of any appropriation contained in this Act shall be available for the procurement of, or for the payment of, the salary of any person engaged in the procurement of stainless steel flatware not produced in the United States or its possessions, except to the extent that the Administrator of General Services or his designee shall determine that a satisfactory quality and sufficient quantity of stainless steel flatware produced in the United States or its possessions, cannot be procured as and when needed from sources in the United States or its possessions or except in accordance with procedures provided by section 6-104.4(b) of Armed Services Procurement Regulations, dated January 1, 1969. This section shall be applicable to all solicitations for bids issued after its enactment.

SEC. 521. None of the funds appropriated by this Act may be used to establish on a permanent basis any test or program of the "port of arrival immediate release and enforcement determination."

SEC. 522. None of the funds appropriated by this Act may be used to solicit bids, lease space, or enter into any contract to close or consolidate executive seminar centers for the Office of Personnel Management.

SEC. 523. None of the funds appropriated by this Act or any other Act in any fiscal year may be obligated or expended in any way for the purpose of the sale, lease, rental, excessing, surplusing, or disposal of any portion of land on which the Beltsville Agricultural Research Center is located at Beltsville, Maryland, without the specific approval of Congress: Provided, That such land may be sold, for fair market value, to the Washington Metropolitan Area Transit Authority and any proceeds from the sale of such land shall be placed in an escrow account to be available hereafter for use in the renovation and restoration of the Beltsville Agricultural Research Center, to be released as specified in advance in appropriations Acts.

SEC. 524. Not later than October 1, 1988, of the amounts made available pursuant to Section 519 of the Treasury, Postal Service and General Government Appropriations Act, 1987, as incorporated in Section 101(m) of Public Laws 99-500 and 99-591, not less than $1,000,000 shall be obligated for a pilot project to upgrade technologically obsolete cobalt deposited in the National Defense Stockpile. The funds used in this section for upgrading shall not exceed $2,000,000.

SEC. 525. None of the funds appropriated by this Act may be obligated or expended in any way for the purpose of the sale, lease, rental, excessing, surplusing or disposal of any portion of land on which the Phoenix Indian School is located at Phoenix, Arizona without the specific approval of Congress.

SEC. 526. None of the funds appropriated by this Act may be obligated or expended in any way for the purpose of the sale, excessing, surplusing or disposal of lands in the vicinity of Bull Shoals Lake, Arkansas administered by the Corps of Engineers, Department of the Army without the specific approval of Congress.

SEC. 527. The Administrator of General Services under section 210(h) of the Federal Property and Administrative Services Act of 1949, as amended, shall acquire, by means of a lease of up to 30 years duration, space for the United States Courts in Tacoma, Washington, at the site of Union Station, Tacoma, Washington.

SEC. 528. Funds under this Act shall be available as authorized by sections 4501-4506 of title 5, United States Code, when the achievement involved is certified, or when an award for such achievement is otherwise payable, in accordance with such sections. Such funds may not be used for any purpose with respect to which the preceding sentence relates beyond fiscal year 1988.

SEC. 529. (a) Notwithstanding any other provision of law, during fiscal year 1988, the authority to establish higher rates of pay under section 5303 of title 5, United States Code, may—

(1) in addition to positions paid under any of the pay systems referred to in subsection (a) of section 5303 of title 5, U.S.C., be exercised with respect to positions paid under any other pay system established by or under Federal statute for positions within the executive branch of the Government; and

(2) in addition to the circumstance described in the first sentence of subsection (a) of section 5303 of title 5, U.S.C., be exercised based on—

(A) pay rates for the positions involved being generally less than the rates payable for similar positions held—

(i) by individuals outside the Government; or

(ii) by other individuals within the executive branch of the Government;

(B) the remoteness of the area or location involved;

(C) the undesirability of the working conditions or the nature of the work involved, including exposure to toxic substances or other occupational hazards; or

(D) any other circumstance which the President (or an agency duly authorized or designated by the President in accordance with the last sentence of section 5303(a) of title 5, U.S.C., for purposes of this subparagraph) may identify.

Nothing in paragraph (2) shall be considered to permit the exercise of any authority based on any of the circumstances under such paragraph without an appropriate finding that such circumstance is significantly handicapping the Government's recruitment or retention efforts.

(b)(1) A rate of pay established during fiscal year 1988 through the exercise of any additional authority under subsection (a) of section 5303 of title 5, U.S.C.,

(A) shall be subject to revision or adjustment,

(B) shall be subject to reduction or termination (including pay retention), and

(C) shall otherwise be treated,

in the same manner as generally applies with respect to any rate otherwise established under section 5303 of title 5, United States Code.

(2) The President (or an agency duly authorized or designated by the President in accordance with the last sentence of section 5303(a) of title 5, United States Code, for purposes of this subsection) may prescribe any regulations necessary to carry out this subsection.

(c) Any additional authority under this section may, during fiscal year 1988, be exercised only to the extent that amounts otherwise appropriated under this Act for purposes of section 5303 of title 5, United States Code, are available.

SEC. 530. The Director of the Office of Management and Budget shall include in the area designated as the St. Louis Metropolitan Statistical Area, the City of Sullivan, Missouri.

TITLE VI—GENERAL PROVISIONS

DEPARTMENTS, AGENCIES, AND CORPORATIONS

SEC. 601. Unless otherwise specifically provided, the maximum amount allowable during the current fiscal year in accordance with section 16 of the Act of August 2, 1946 (60 Stat. 810), for the purchase of any passenger motor vehicle (exclusive of buses and ambulances), is hereby fixed at $6,600 except station wagons for which the maximum shall be $7,600: Provided, That these limits may be exceeded by not to exceed $2,700 for police-type vehicles, and by not to exceed $4,000 for special heavy-duty vehicles: Provided further, That the limits set forth in this section shall not apply to electric or hybrid vehicles purchased for demonstration under the provisions of the Electric and Hybrid Vehicle Research, Development, and Demonstration Act of 1976.

SEC. 602. Appropriations of the executive departments and independent establishments for the current fiscal year available for expenses of travel or for the expenses of the activity concerned, are hereby made available for quarters allowances and cost-of-living allowances, in accordance with 5 U.S.C. 5922–24.

SEC. 603. Unless otherwise specified during the current fiscal year no part of any appropriation contained in this or any other Act shall be used to pay the compensation of any officer or employee of the Government of the United States (including any agency the majority of the stock of which is owned by the Government of the United States) whose post of duty is in the continental United States unless such person (1) is a citizen of the United States, (2) is a person in the service of the United States on the date of enactment of this Act, who, being eligible for citizenship, has filed a declaration of intention to become a citizen of the United States prior to such date and is actually residing in the United States, (3) is a person who owes allegiance to the United States, (4) is an alien from Cuba, Poland, South Vietnam, or the Baltic countries lawfully admitted to the United States for permanent residence, or (5) South Vietnamese, Cambodian, and Laotian refugees paroled in the United States after January 1, 1975: Provided, That for the purpose of this section, an affidavit signed by any such person shall be considered prima facie evidence that the requirements of this section with respect to his status have been complied with: Provided further, That any person making a false affidavit shall be guilty of a felony, and, upon conviction, shall be fined no more than $4,000 or imprisoned for not more than one year, or both: Provided further, That the above penal clause shall be in addition to, and not in substitution for any other provisions of existing law: Provided further, That any payment made to any officer or employee contrary to the provisions of this section shall be recoverable in action by the Federal Government. This section shall not apply to citizens of Ireland, Israel, the Republic of the Philippines or to nationals of those countries allied with the United States in the current defense effort, or to temporary employment of translators, or to temporary employment in the field service (not to exceed sixty days) as a result of emergencies.

SEC. 604. Appropriations available to any department or agency during the current fiscal year for necessary expenses, including maintenance or operating expenses, shall also be available for payment to the General Services Administration for charges for space and services and those expenses of renovation and alteration of buildings and facilities which constitute public improvements performed in accordance with the Public Buildings Act of 1959 (73 Stat. 749), the Public Buildings Amendments of 1972 (86 Stat. 216), or other applicable law.

SEC. 605. Funds made available by this or any other Act for administrative expenses in the current fiscal year of the corporations and agencies subject to chapter 91 of title 31, United States Code, shall be available, in addition to objects for which such funds are otherwise available, for rent in the District of Columbia; services in accordance with 5 U.S.C. 3109; and the objects specified under this head, all the provisions of which shall be applicable to the expenditure of such funds unless otherwise specified in the Act by which they are made available: Provided, That in the event any functions budgeted as administrative expenses are subsequently transferred to or paid from other funds, the limitations on administrative expenses shall be correspondingly reduced.

SEC. 606. No part of any appropriation for the current fiscal year contained in this or any other Act shall be paid to any person for the filling of any position for which he or she has been nominated after the Senate has voted not to approve the nomination of said person.

SEC. 607. Pursuant to section 1415 of the Act of July 15, 1952 (66 Stat. 662), foreign credits (including currencies) owed to or owned by the United States may be used by Federal agencies for any purpose for which appropriations are made for the current fiscal year (including the carrying out of Acts requiring or authorizing the use of such credits), only when reimbursement therefor is made to the Treasury from applicable appropriations of the agency concerned: Provided, That such credits received as exchanged allowances or proceeds of sales of personal property may be used in whole or part payment for acquisition of similar items, to the extent and in the manner authorized by law, without reimbursement to the Treasury.

SEC. 608. No part of any appropriation contained in this or any other Act, shall be available for interagency financing of boards, commissions, councils, committees, or similar groups (whether or not they are interagency entities) which do not have a prior and specific statutory approval to receive financial support from more than one agency or instrumentality.

SEC. 609. Funds made available by this or any other Act to (1) the General Services Administration, including the fund created by the Public Building Amendments of 1972 (86 Stat. 216), and (2) the "Postal Service Fund" (39 U.S.C. 2003), shall be available for employment of guards for all buildings and areas owned or occupied by the United States or the Postal Service and under the charge and control of the General Services Administration or the Postal Service, and such guards shall have, with respect to such property, the powers of special policemen provided by the first section of the Act of June 1, 1948 (62 Stat. 281; 40 U.S.C. 318), but shall not be restricted to certain Federal property as otherwise required by the proviso contained in said section and, as to property owned or occupied by the Postal Service, the Postmaster General may take the same actions as the Administrator of General Services may take under the provisions of sections 2 and 3 of the Act of June 1, 1948 (62 Stat. 281; 40 U.S.C. 318a, 318b), attaching thereto penal consequences under the authority and within the limits provided in section 4 of the Act of June 1, 1948 (62 Stat. 281; 40 U.S.C. 318c): Provided, That when the Administrator of General Services delegates responsibility to protect property under his charge and control to the head of another Federal agency, that agency may employ guards to protect the property who shall have the same powers of special policemen in same manner as the foregoing.

SEC. 610. None of the funds available under this or any other Act shall be available for administrative expenses in connection with the designation for construction, arranging for financing, or execution of contracts or agreements for financing or construction of any additional purchase contract projects pursuant to section 5 of the Public Building Amendments of 1972 (Public Law 92-313) during the period beginning October 1, 1976, and ending September 30, 1988.

SEC. 611. None of the funds made available pursuant to the provisions of this Act shall be used to implement, administer, or enforce *any regulation which has been disapproved pursuant to a resolution of disapproval duly adopted in accordance with the applicable law of the United States.*

SEC. 612. *No part of any appropriation contained in, or funds made available by this or any other Act, shall be available for any agency to pay to the Administrator of the General Services Administration a higher rate per square foot for rental of space and services (established pursuant to section 210(j) of the Federal Property and Administrative Services Act of 1949, as amended) than the rate per square foot established for the space and services by the General Services Administration for the fiscal year for which appropriations were granted.*

SEC. 613. *(a)(1) Notwithstanding any other provision of law, and except as otherwise provided in this section, no part of any of the funds appropriated for the fiscal years ending September 30, 1988, or September 30, 1989, by this Act or any other Act, may be used to pay any prevailing rate employee described in section 5342(a)(2)(A) of title 5, United States Code, or any employee covered by section 5348 of that title—*

(1) during the period from the date of expiration of the limitation imposed by section 613 of the Treasury, Postal Service, and General Government Appropriations Act, 1987, as incorporated in section 101(m) of Public Laws 99-500 and 99-591, until the first day of the first applicable pay period that begins not less than ninety days after that date, in an amount that exceeds the rate payable for the applicable grade and step of the applicable wage schedule in accordance with such section 613; and

(2) during the period consisting of the remainder, if any, of fiscal year 1988, and that portion of fiscal year 1989, that precedes the normal effective date of the applicable wage survey adjustment that is to be effective in fiscal year 1989, in an amount that exceeds, as a result of a wage survey adjustment, the rate payable under paragraph (1) of this subsection by more than the overall average percentage adjustment in the General Schedule during fiscal year 1988.

(b) Notwithstanding any other provision of law, no prevailing rate employee described in subparagraph (B) or (C) of section 5342(a)(2) of title 5, United States Code, may be paid during the periods for which subsection (a) of this section is in effect at a rate that exceeds the rates that would be payable under subsection (a) were subsection (a) applicable to such employee.

(c) For the purpose of this section, the rates payable to an employee who is covered by this section and who is paid from a schedule that was not in existence on September 30, 1987, shall be determined under regulations prescribed by the Office of Personnel Management.

(d) Notwithstanding any other provision of law, rates of premium pay for employees subject to this section may not be changed from the rates in effect on September 30, 1987, except to the extent determined by the Office of Personnel Management to be consistent with the purpose of this section.

(e) The provisions of this section shall apply with respect to pay for services performed by any affected employee on or after October 1, 1987.

(f) For the purpose of administering any provision of law, including section 8431 of title 5, United States Code, or any rule or regulation that provides premium pay, retirement, life insurance, or any other employee benefit, that requires any deduction or contribution, or that imposes any requirement or limitation, on the basis of a rate of salary or basic pay, the rate or salary or basic pay payable after the application of this section shall be treated as the rate of salary or basic pay.

(g) Nothing in this section may be construed to permit or require the payment to any employee covered by this section at a rate in excess of the rate that would be payable were this section not in effect.

(h) The Office of Personnel Management may provide for exceptions to the limitations imposed by this section if the Office determines that such exceptions are necessary to ensure the recruitment or retention of qualified employees.

SEC. 614. *None of the funds made available in this Act may be used to plan, implement, or administer (1) any reduction in the number of regions, districts or entry processing locations of the United States Customs Service; or (2) any consolidation or centralization of duty assessment or appraisement functions of any offices in the United States Customs Service.*

SEC. 615. *During the period in which the head of any department or agency, or any other officer or civilian employee of the Government appointed by the President of the United States, holds office, no funds may be obligated or expended in excess of $5,000 to renovate, remodel, furnish, or redecorate the office of such department head, agency head, officer, or employee, or to purchase furniture or make improvements for any such office, unless advance notice of such renovation, remodeling, furnishing, or redecoration is expressly approved by the Committees on Appropriations of the House and Senate.*

SEC. 616. *(a) If any individual or entity which provides or proposes to provide child care services for Federal employees during fiscal year 1988 or any fiscal year thereafter, applies to the officer or agency of the United States charged with the allotment of space in the Federal buildings in the community or district in which such individual or entity provides or proposes to provide such service, such officer or agency may allot space in such a building to such individual or entity if—*

(1) such space is available;

(2) such officer or agency determines that such space will be used to provide child care services to a group of individuals of whom at least 50 percent are Federal employees; and

(3) such officer or agency determines that such individual or entity will give priority for available child care services in such space to Federal employees.

(b)(1) If an officer or agency allots space during fiscal year 1988 or any fiscal year thereafter, to an individual or entity under subsection (a), such space may be provided to such individual or entity without charge for rent or services.

(2) If there is an agreement for the payment of costs associated with the provision of space allotted under subsection (a) or services provided in connection with such space, nothing in title 31, United States Code, or any other provision of law, shall be construed to prohibit or restrict payment by reimbursement to the miscellaneous receipts or other appropriate account of the Treasury.

(3) For the purpose of this section, the term "services" includes the providing of lighting, heating, cooling, electricity, office furniture, office machines and equipment, telephone service (including installation of lines and equipment and other expenses associated with telephone service), and security systems (including installation and other expenses associated with security systems).

SEC. 617. *Funds appropriated in this or any other Act may be used to pay travel to the United States for the immediate family of employees serving abroad in cases of death or life threatening illness of said employee.*

SEC. 618. *(a) None of the funds appropriated by this Act, or any other Act in this or any fiscal year hereafter, may be used in preparing, promulgating, or implementing any regulations relating to the Combined Federal Campaign if such regulations are not in conformance with subsection (b).*

(b)(1)(A) Any requirements for eligibility to receive contributions through the Combined Federal Campaign shall not, to the extent that such requirements relate to litigation, public-policy advocacy, or attempting to influence legislation, be any more restrictive than any requirements established with respect to those subject matters under section 501(c)(3) or 501(h) of the Internal Revenue Code of 1986.

(B) Any requirements for eligibility to receive contributions through the Combined Federal Campaign shall, to the extent that such requirements relate to any subject matter other than one referred to in subparagraph (A), remain the same as the criteria in the 1984 regulations, except as otherwise provided in this section.

(C) Notwithstanding any requirement referred to in subparagraph (A) or (B), for purposes of any Combined Federal Campaign—

(i) any voluntary agency or federated group which was a named plaintiff as of September 1, 1987, in a case brought in the United States District Court for the District of Columbia, and designated as Civil Action No. 83-0928 or 86-1367, and

(ii) The Federal Employee Education and Assistance Fund,

shall be considered to have national eligibility.

(D) Public accountability standards shall remain similar to the standards which were by regulation established with respect to the 1984-1987 Combined Federal Campaigns, except that the Office of Personnel Management shall prescribe regulations under which a voluntary agency or federated group which does not exceed a certain size (as established under such regulations) may submit a copy of an appropriate Federal tax return, rather than complying with any independent auditing requirements which would otherwise apply.

(2)(A) A voluntary agency or federated group shall, for purposes of any Combined Federal Campaign in any year, be considered to have national eligibility if such agency or group—

(i) complies with all requirements for eligibility to receive contributions through the Combined Federal Campaign, without regard to any requirements relating to "local presence"; and

(ii) demonstrates that it provided services, benefits, or assistance, or otherwise conducted program activities, in—

(I) 15 or more different States over the 3-year period immediately preceding the start of the year involved; or

(II) several foreign countries or several parts of a foreign country.

For purposes of this subparagraph, an agency or federated group shall be considered to have conducted program activities *in the required number of States, countries, or parts of a country, over the period of years involved, if such agency or group conducted program activities in such number of States, countries, or parts either in any single year during such period or in the aggregate over the course of such period, provided that no State, country, or part of a country is counted more than once.*

(B) Notwithstanding any other provisions, eligibility requirements relating to International Services Agencies shall remain at least as inclusive as existing requirements. Any voluntary agency or federated group which attains national eligibility under subparagraph (A), and any voluntary agency which is a member of the International Services Agencies, shall be considered to have satisfied any requirements relating to "local presence".

(3)(A) If a federated group is eligible to receive donations in a Combined Federal Campaign, whether on a national level (pursuant to certification by the Office) or a local level (pursuant to certification by the local Federal coordinating committee), each voluntary agency which is a member of such group may, upon certification by the federated group, be considered eligible to participate on such national or local level, as the case may be.

(B) Notwithstanding any provision of subparagraph (A)—

(i) the Office may require a voluntary agency to provide information to support any certification submitted by a federated group with respect to such agency under subparagraph (A); and

(ii) if a determination is made, in writing after notice and opportunity to submit written comments, that the information submitted by the voluntary agency does not satisfy the applicable eligibility requirements, such agency may be barred from participating in the Combined Federal Campaign on a national or local level, as the case may be, for a period not to exceed 1 campaign year.

(4) The Office shall exercise oversight responsibility to ensure that—

(A) regulations are uniformly and equitably implemented in all local combined Federal campaigns;

(B) federated groups participating in a local combined Federal campaign are allowed to compete fairly for the role of principal combined fund organization;

(C) federated groups participating in a local combined Federal campaign are afforded—

(i) adequate opportunity to consult with the PCFO for the area involved before any plans are made final relating to the design or conduct of such campaign (including plans pertaining to any materials to be printed as part of the campaign);

(ii) adequate opportunity to participate in campaign events and other related activities; and

(iii) timely access to all reports, budgets, audits, and other records in the possession of, or under the control of, the PCFO for the areas involved; and

(D) a federated group or voluntary agency found by the Office, by a written decision issued after notice and opportunity to submit written comments, to have violated the regulations may be barred from serving as a PCFO for not to exceed 1 campaign year.

(5) The Office shall prescribe regulations to ensure that PCFOs do not make inappropriate delegations of decisionmaking authority.

(6)(A) The Office shall, in consultation with federated groups, establish a formula under which any undesignated contributions received in a local combined Federal campaign shall be allocated in any year.

(B) Under the formula for the 1990 Combined Federal Campaign, all undesignated contributions received in a local campaign shall be allocated as follows:

(i) 82 percent shall be allocated to the United Way.

(ii) 7 percent shall be allocated to the International Services Agencies.

(iii) 7 percent shall be allocated to the National Voluntary Health Agencies.

(iv) 4 percent shall, after fair and careful consideration of all eligible federated groups and agencies, be allocated by the local Federal coordinating committee among any or all of the following:

(I) National federated groups (other than any identified in clauses (i), (ii), or (iii)), except that a national federated group shall not be eligible under this subclause unless there are at least 15 members of such group participating in the local campaign, unless the members of such group collectively receive at least 4 percent of the designated contributions in the local campaign, and unless such group was granted national eligibility status for the 1987, 1988, 1989, or 1990 Combined Federal Campaign.

(II) Local federated groups.

(III) Any local, non-affiliated voluntary agency which receives at least 4 percent of the designated contributions in the local campaign.

(C) The formula set forth in subparagraph (B)—

(i) shall be phased in over the course of the 1988 and 1989 Combined Federal Campaigns;

(ii) shall be fully implemented with respect to the 1990 Combined Federal Campaigns; and

(iii) shall, with respect to any Combined Federal Campaign thereafter, be adjusted based on the experience gained in the Combined Federal Campaigns referred to in clauses (i) and (ii).

(D) Nothing in this paragraph shall apply with respect to any campaign conducted in a foreign country.

(E) All appropriate steps shall be taken to encourage donors to make designated contributions.

(7) The option for a donor to write in the name of a voluntary agency or federated group not listed in the campaign brochure to receive that individual's contribution in a local campaign shall be eliminated.

(8) The name of any individual making a designated contribution in a campaign shall, upon request of the recipient voluntary agency or federated group, be released to such agency or group, unless the contributor indicates that his or her name is not to be released. Under no circumstance may the names of contributors be sold or otherwise released by such agency or group.

(9)(A) The name of each participating voluntary agency and federated group, together with a brief description of their respective programs, shall be published in any information leaflet distributed to employees in a local combined Federal campaign. Agencies shall be arranged by federated group, with combined Federal campaign organization code numbers corresponding to each such agency and group.

(8) The requirement under subparagraph (A) relating to the inclusion of program descriptions may, at the discretion of a local Federal coordinating committee, be waived for a local campaign in any year if, in the immediately preceding campaign year, contributions received through the local campaign totalled less than $100,000.

(10) Employee coercion is not to be tolerated in the Combined Federal Campaign, and protections against employee coercion shall be strengthened and clarified.

(11) The Office—

(A) may not, after the date of the enactment of this Act, grant national eligibility status to any federated group unless such group has at least 15 member voluntary agencies, each of which meets the requirements for national eligibility under paragraph (2)(A); and

(B) may withdraw federation status from any federated group for a period of not to exceed 1 campaign year if it is determined, on the record after opportunity for a hearing, that the federated group has not complied with the regulatory requirements.

(12) The Office may bar from participation in the Combined Federal Campaign, for a period not to exceed 1 campaign year, any voluntary agency which the Office determines, in writing, and after notice and opportunity to submit written comments, did not comply with a reasonable request by the Office to furnish it with information relating to such agency's campaign accounting and auditing practices.

(c) For purposes of this section, a voluntary agency or federated group having "national eligibility" is one which is eligible to participate in each local domestic combined Federal campaign.

INDUSTRIAL FUNDING OF THE GENERAL SUPPLY FUND

SEC. 619. Industrial Funding.

SUBSECTION 1. PERMISSIBLE USES OF GENERAL SUPPLY FUND.

The last sentence of section 109(a) of the Federal Property and Administrative Services Act of 1949 (40 U.S.C. 756(a)) is amended—

(1) by striking out "and" at the end of clause (1); and

(2) by inserting before the period at the end of clause (2) the following: ", and (3) for paying other direct costs of, and indirect costs that are reasonably related to, contracting, procurement, inspection, storage, management, distribution, and accountability of property and nonpersonal services provided by the General Services Administration or by special order through such Administration".

SUBSEC. 2. COLLECTION OF PAYMENTS FOR DEPOSIT IN FUND.

Section 109(b) of the Federal Property and Administrative Services Act of 1949 (40 U.S.C. 756(b)) is amended by inserting after the second sentence the following new sentence: "Such prices shall also include an additional charge to recover properly allocable costs payable by the General Supply Fund under subsection (a)(3) with respect to the supplies or services concerned.".

SUBSEC. 3. IMPLEMENTATION PLAN.

Not later than February 15, 1988, the Administrator of General Services shall submit to the appropriate committees of the Congress a plan for the implementation of the amendments made by this Act. Such plan shall (1) fully describe and explain the accounting system (including the pricing and cost allocation methodology for supplies and services) to be used for such implementation, and (2) contain a schedule for completing actions necessary for such implementation.

SUBSEC. 4. EFFECTIVE DATE.

The amendments made by this Act shall take effect not later than April 1, 1988.

SEC. 620. Section 1202(b) of title 5, United States Code, is amended by adding a new sentence as follows: "Any new member serving only a portion of a seven-year term in office may continue to serve until a successor is appointed and has qualified, except that such member may not continue to serve for more than one year after the date on which the term of the member would otherwise expire, unless reappointed.".

SEC. 621. (a) Notwithstanding the provisions of sections 112 and 113 of title 3, United States Code, each Executive agency detailing any personnel shall submit a report on an annual basis in each fiscal year to the Senate and House Committees on Appropriations on all employees or members of the armed services detailed to Executive agencies, listing the grade, position, and offices of each person detailed and the agency to which each such person is detailed.

(b) The provisions of this section shall not apply to Federal employees or members of the armed services detailed to or from—

(1) the Central Intelligence Agency;

(2) the National Security Agency;

(3) the Defense Intelligence Agency;

(4) the offices within the Department of Defense for the collection of specialized national foreign intelligence through reconnaissance programs;

(5) the Bureau of Intelligence and Research of the Department of State;

(6) any agency, office, or unit of the Army, Navy, Air Force, and Marine Corps, the Federal Bureau of Investigation and the Drug Enforcement Administration of the Department of Justice, the Department of the Treasury, and the Department of Energy performing intelligence functions; and

(7) the Director of Central Intelligence.

(c) The exemptions in part (b) of this section are not intended to apply to information on the use of personnel detailed to or from the intelligence agencies which is currently being supplied to the Senate and House Intelligence and Appropriations Committees by the executive branch through budget justification materials and other reports.

(d) For the purposes of this section, the term 'Executive agency' has the same meaning as defined under section 105 of title 5, United States Code (except that the provisions of section 104(2) of title 5, United States Code shall not apply) and includes the White House Office, the Executive Residence, and any office, council, or organizational unit of the Executive Office of the President.

SEC. 622. (a) None of the funds made available by this or any other Act with respect to any fiscal year may be used to make a contract for the manufacture of distinctive paper for United States currency and securities pursuant to section 5114 of title 31, United States Code, with any corporation or other entity owned or controlled by persons not citizens of the United States, or for the manufacture of such distinctive paper outside of the United States or its possessions. This subsection shall not apply if the Secretary of the Treasury determines that no domestic manufacturer of distinctive paper for United States currency or securities exists with which to make a contract and if the Secretary of the Treasury publishes in the Federal Register a written finding stating the basis for the determination.

(b) None of the funds made available by this or any other Act with respect to any fiscal year may be used to procure paper for passports granted or issued pursuant to the first section of the Act entitled "An Act to regulate the issue and validity of passports, and for other purposes", approved July 3, 1926 (22 U.S.C. 211a), if such paper is manufactured outside of the United States or its possessions or is procured from any corporation or other entity owned or controlled by persons not citizens of the United States. This subsection shall not apply if no domestic manufacturer for passport paper exists.

SEC. 623. INTEREST ON BACK PAY FOR FEDERAL EMPLOYEES.—(a) IN GENERAL.—Section 5596(b) of title 5, United States Code, is amended—

(1) by redesignating paragraphs (2) and (3) as paragraphs (3) and (4), respectively; and

(2) by adding after paragraph (1) the following:

"(2)(A) An amount payable under paragraph (1)(A)(i) of this subsection shall be payable with interest.

"(B) Such interest—

"(i) shall be computed for the period beginning on the effective date of the withdrawal or reduction involved and ending on a date not more than 30 days before the date on which payment is made;

"(ii) shall be computed at the rate or rates in effect under section 6621(a)(1) of the Internal Revenue Code of 1986 during the period described in clause (i); and

"(iii) shall be compounded daily.

"(C) Interest under this paragraph shall be paid out of amounts available for payments under paragraph (1) of this subsection.".

(b) EFFECTIVE DATE.—

(1) GENERALLY.—Except as provided in paragraph (2), the amendments made by subsection (a) shall take effect on the date of the enactment of this Act, and shall apply with respect to any employee found, in a final judgment entered or a final decision otherwise rendered on or after such date, to have been the subject of an unjustified or unwarranted personnel action, the correction of which entitles such employee to an amount under section 5596(b)(1)(A)(i) of title 5, United States Code.

(2) EXCEPTION.—

(A) CASES IN WHICH A RIGHT TO INTEREST WAS RESERVED.—The amendments made by subsection (a) shall also apply with respect to any claim which was brought under section 5596 of title 5, United States Code, and with respect to which a final judgment was entered or a final decision was otherwise rendered before the date of the enactment of this Act, if, under terms of such judgment or decision, a right to interest was specifically reserved, contingent on the enactment of a statute authorizing the payment of interest on claims brought under such section 5596.

(B) METHOD OF COMPUTING INTEREST.—The amount of interest payable under this paragraph with respect to a claim shall be determined in accordance with section 5596(b)(2)(B) of title 5, United States Code (as amended by this section).

(C) SOURCE.—An amount payable under this paragraph shall be paid from the appropriation made by section 1304 of title 31, United States Code, notwithstanding section 5596(b)(2)(C) of title 5, United States Code (as amended by this section) or any other provision of law.

(D) DEADLINE.—An application for a payment under this paragraph shall be ineffective if it is filed after the end of the 1-year period beginning on the date of the enactment of this Act.

(E) LIMITATION ON PAYMENTS.—Payments under this paragraph may not be made before October 1, 1988, except that interest shall continue to accrue in accordance with 5596(b)(2)(B) of title 5, United States Code.

SEC. 624. (a) Section 7701(j) of title 26, United States Code, is amended—

(1) by deleting from paragraph (1)(c) the words "the provisions of paragraph (2) and" following the words "subject to"; and

(2) by deleting paragraph (2) in its entirety and substituting in lieu thereof the following language: "NONDISCRIMINATION REQUIREMENTS.—Notwithstanding any other provision of law, the Thrift Savings Fund is not subject to the nondiscrimination requirements applicable to arrangements described in section 401(k) or to matching contributions (as described in section 401(m)), so long as it meets the requirements of this section.".

(b) Section 8440 of title 5, United States Code, is amended—

(1) by deleting from paragraph (a)(3) the words "the provisions of subsection (b) and" following the words "subject to"; and

(2) by deleting subsection (b) in its entirety and by substituting in lieu thereof the following language: "NONDISCRIMINATION REQUIREMENTS.—Notwithstanding any other provision of law, the Thrift Savings Fund is not subject to the nondiscrimination requirements applicable to arrangements described in section 401(k) of title 26, United States Code, or to matching contributions (as described in section 401(m) of title 26, United States Code), so long as it meets the requirements of this section.".

SEC. 625. TEMPORARY AUTHORITY TO TRANSFER LEAVE.—In order to ensure that the experimental use of voluntary leave transfers established under Public Laws 99-500 and 99-591 may continue and may cover additional employees in fiscal year 1988, the Office of Personnel Management shall establish by regulation, notwithstanding chapter 63 of title 5, United States Code, a program under which the unused accrued annual leave of officers or employees of the Federal Government may be transferred for use by other officers or employees who need such leave due to a personal emergency as defined in the regulations. The Veterans' Administration shall establish a similar program for employees subject to section 4108 of title 5, United States Code. The programs established by this section shall expire at the end of fiscal year 1988, but any leave that has been transferred to an officer or employee under the programs shall remain available for use until the personal emergency has ended, and any remaining unused transferred leave shall, to the extent administratively feasible, be restored to the leave accounts of the officers or employees from whose accounts it was originally transferred.

SEC. 626. Subsection 8902 of title 5, United States Code, is amended—

(1) by inserting in subsection (k)(1), after "as applicable," the following: "or by a qualified clinical social worker as defined in section 8901(11),";

(2) by inserting in subsection (k)(1), after "such a clinical psychologist" the following: ", qualified clinical social worker";

(3) by striking out all of subsection (k)(2) and by redesignating subsection (k)(3) as subsection (k)(2); and

(4) by striking out the last sentence in subsection (m)(2)(A).

SEC. 627. (a) Section 5 of Public Law 99-87, relating to the use of official mail in the location of missing children, is amended by striking out "two and one-half years after the date of the enactment of this Act" and inserting in lieu thereof "after December 31, 1992".

(b) Section 3(a) of Public Law 99-87 is amended by striking out "Not later than two years after the date of enactment of this Act," and inserting in lieu thereof "Not later than June 30, 1992,".

Sec. 628. Sale of Residence of Transferred Federal Employees and Transportation Expenses.—

(a) Reimbursement of Expenses of Sale and Purchase of a Residence Upon the Transfer of a Federal Employee.—

(1) Reimbursement of expenses.—Section 5724a(a)(4)(A) of title 5, United States Code, is amended—

(A) by inserting before the period at the end of the first sentence the following: "; and expenses, required to be paid by the employee, (i) of the sale of the residence (or the settlement of an unexpired lease) of the employee at the official station from which the employee was transferred when he was assigned to a post of duty located outside the United States, its territories or possessions, the Commonwealth of Puerto Rico, or areas and installations in the Republic of Panama made available to the United States pursuant to the Panama Canal Treaty of 1977 and related agreements (as described in section 3(a) of the Panama Canal Act of 1979) and (ii) of the purchase of a residence at the new official station when the employee is transferred in the interest of the Government from a post of duty located outside the United States, its territories or possessions, the Commonwealth of Puerto Rico, or areas and installations in the Republic of Panama made available to the United States pursuant to the Panama Canal Treaty of 1977 and related agreements (as described in section 3(a) of the Panama Canal Act of 1979), to an official station (other than the official station from which he was transferred when assigned to the foreign tour of duty) within the United States, its territories or possessions, the Commonwealth of Puerto Rico, or such areas and installations in the Republic of Panama"; and

(B) by adding at the end thereof the following new sentence: "Reimbursement of expenses prescribed under this paragraph in connection with transfers from a post of duty located outside the United States, its territories or possessions, the Commonwealth of Puerto Rico, or the areas and installations in the Republic of Panama made available to the United States pursuant to the Panama Canal Treaty of 1977 and related agreements (as described in section 3(a) of the Panama Canal Act of 1979), shall not be allowed for any sale or settlement of unexpired lease or purchase transaction that occurs prior to official notification that the employee's return to the United States would be to an official station other than the official station from which the employee was transferred when assigned to the foreign post of duty.".

(2) Effective date.—The amendments made by paragraph (2) shall be applicable with respect to any employee transferred to or from a post of duty on or after 60 days after the date of enactment of this section.

(b) Funds for Implementation.—The amendments made by subsection (a) shall be carried out by agencies by the use of funds appropriated or otherwise available for the administrative expenses of each of such respective agencies. The amendments made by such subsections do not authorize the appropriation of funds in amounts exceeding the sums already authorized to be appropriated for such agencies.

Sec. 629. Notwithstanding 31 U.S.C. 1346 or section 607 of this Act, funds made available for fiscal year 1988 by this or any other Act shall be available for the interagency funding of national security and emergency preparedness telecommunications initiatives which benefit multiple Federal departments, agencies, or entities, as provided in Executive order Number 12472 (April 3, 1984).

Employee Disclosure Agreements

Sec. 630. No funds appropriated in this or any other Act for fiscal year 1988 may be used to implement or enforce the agreements in Standard Forms 189 and 4193 of the Government or any other nondisclosure policy, form or agreement if such policy, form or agreement:

(1) concerns information other than that specifically marked as classified; or, unmarked but known by the employee to be classified; or, unclassified but known by the employee to be in the process of a classification determination;

(2) contains the terms "classifiable";

(3) directly or indirectly obstructs, by requirement of prior written authorization, limitation of authorized disclosure, or otherwise, the right of any individual to petition or communicate with Members of Congress in a secure manner as provided by the rules and procedures of the Congress;

(4) interferes with the right of the Congress to obtain executive branch information in a secure manner as provided by the rules and procedures of the Congress;

(5) imposes any obligations or invokes any remedies inconsistent with statutory law:

Provided, That nothing in this section shall affect the enforcement of those aspects of such nondisclosure policy, form or agreement that do not fall within subsections (1)-(5) of this section

This Act may be cited as the "Treasury, Postal Service and General Government Appropriations Act, 1988".

And the Senate agree to the same.

Amendment numbered 15:

That the House recede from its disagreement to the amendment of the Senate numbered 15, and agree to the same with an amendment, as follows:

In lieu of the matter stricken and the matter inserted by said amendment, insert the following:

(n)(1) Upon the enactment of this resolution enrolled as a hand enrollment, the Clerk of the House of Representatives shall prepare a printed enrollment of this resolution as in the case of a bill or joint resolution to which sections 106 and 107 of title 1, United States Code, apply. Such enrollment shall be a correct enrollment of this resolution as enrolled in the hand enrollment.

(2) A printed enrollment prepared pursuant to subsection (n)(1) may, in order to conform to customary style for printed laws, include corrections in spelling, punctuation, indentation, type face, and type size and other necessary stylistic corrections to the hand enrollment. Such a printed enrollment shall include notations (in the margins or as otherwise appropriate) of all such corrections.

(3) A printed enrollment prepared pursuant to subsection (n)(1) shall be signed by the presiding officers of both Houses of Congress as a correct printing of the hand enrollment of this resolution and shall be transmitted to the President.

(4) Upon certification by the President that a printed enrollment transmitted pursuant to subsection (n)(3) is a correct printing of the hand enrollment of this resolution, such printed enrollment shall be considered for all purposes as the original enrollment of this resolution and as valid evidence of the enactment of this resolution.

(5) A printed enrollment certified by the President under subsection (n)(4) shall be transmitted to the Archivist of the United States, who shall preserve it with the hand enrollment. In preparing this resolution for publication in slip form and in the United States Statutes at Large pursuant to section 112 of title 1, United States Code, the Archivist of the United States shall use the printed enrollment certified by the President under subsection (n)(4) in lieu of the hand enrollment.

(6) As used in this section, the term "hand enrollment" means enrollment in a form other than the printed form required by sections 106 and 107 of title 1, United States Code, as authorized by the joint resolution entitled "Joint resolution authorizing the hand enrollment of the budget reconciliation bill and of the full-year continuing resolution for fiscal year 1988", approved December 1987 (H.J. Res. 426 of the 100th Congress).

(o) Federal employees furloughed as the result of any lapse in appropriations prior to the enactment of this Resolution shall be compensated at their standard rate of compensation for the period during which there was a lapse in appropriations.

All obligations incurred in anticipation of the appropriations made and authority granted by this Resolution for the purpose of maintaining the essential level of activity to protect life and property and bring about the orderly termination of government functions are hereby ratified and approved if otherwise in accord with the provisions of this Resolution.

And the Senate agree to the same.

Amendment numbered 17:

That the House recede from its disagreement to the amendment of the Senate numbered 17, and agree to the same with an amendment, as follows:

In lieu of the matter stricken and the matter inserted by said amendment, insert the following: *December 21, 1987*

And the Senate agree to the same.

Amendment numbered 18:

That the House recede from its disagreement to the amendment of the Senate numbered 18, and agree to the same with an amendment, as follows:

In lieu of the matter stricken and the matter inserted by said amendment, insert the following:

House and the Senate and in the Joint Explanatory Statement of the Conference accompanying this Joint Resolution

And the Senate agree to the same.

Amendment numbered 44:

That the House recede from its disagreement to the amendment of the Senate numbered 44, and agree to the same with an amendment, as follows:

Restore the matter stricken by said amendment amended to read as follows:

Sec. 108. (a) Notwithstanding any other provision of this Resolution or any other law, no adjustment in rates of pay under section 5305 of title 5, United States Code, which becomes effective on or after October 1, 1987, and before October 1, 1988, shall have the effect of increasing the rate of salary or basic pay for any office or position in the legislative, executive, or judicial branch or in the government of the District of Columbia—

(1) if the rate of salary or basic pay payable for that office or position as of September 30, 1987, was equal to or greater than the rate of basic pay then payable for level V of

the Executive Schedule under section 5316 of title 5, United States Code; or

(2) to a rate exceeding the rate of basic pay payable for level V of the Executive Schedule under such section 5316 as of September 30, 1987, if, as of that date, the rate of salary or basic pay for that office or position was less than the rate of basic pay then payable for such level V.

(b) For purposes of subsection (a), the rate of salary or basic pay payable as of September 30, 1987, for any office or position which was not in existence on such date shall be deemed to be the rate of salary or basic pay payable to individuals in comparable offices or positions on such date, as determined under regulations prescribed—

(1) by the President, in the case of any office or position within the executive branch or in the government of the District of Columbia;

(2) jointly by the Speaker of the House of Representatives and the President pro tempore of the Senate, in the case of any office or position within the legislative branch; or

(3) by the Chief Justice of the United States, in the case of any office or position within the judicial branch.

And the Senate agree to the same.

Amendment numbered 49:

That the House recede from its disagreement to the amendment of the Senate numbered 49, and agree to the same with an amendment, as follows:

Restore the matter stricken by said amendment amended to read as follows:

Sec. 109. (a) None of the funds appropriated for fiscal year 1988 by this Resolution or any other law may be obligated or expended to enter into any contract for the construction, alteration, or repair of any public building or public work in the United States or any territory or possession of the United States with any contractor or subcontractor of a foreign country, or any supplier of products of a foreign country, during any period in which such foreign country is listed by the United States Trade Representative under subsection (c) of this section.

(2) The President or the head of a Federal agency administering the funds for the construction, alteration, or repair may waive the restrictions of paragraph (1) of this subsection with respect to an individual contract if the President or the head of such agency determines that such action is necessary in the public interest. The authority of the President or the head of a Federal agency under this paragraph may not be delegated. The President or the head of a Federal agency waiving such restrictions shall, within 10 days, publish a notice thereof in the Federal Register describing in detail the contract involved and the reason for granting the waiver.

(b)(1) Not later than 30 days after the date of enactment of this Resolution, the United States Trade Representative shall make a determination with respect to each foreign country of whether such foreign country—

(A) denies fair and equitable market opportunities for products and services of the United States in procurement, or

(B) denies fair and equitable market opportunties for products and services of the United States in bidding.

for construction projects that cost more than $500,000 and are funded (in whole or in part) by the government of such foreign country or by an entity controlled directly or indirectly by such foreign country.

(2) In making determinations under paragraph (1), the United States Trade Representative shall take into account information obtained in preparing the report submitted under section 181(b) of the Trade Act of 1974 and such other information or evidence concerning discrimination in construction projects against United States products and services that are available.

(c)(1) The United States Trade Representative shall maintain a list of each foreign country which—

(A) denies fair and equitable market opportunities for products and services of the United States in procurement, or

(B) denies fair and equitable market opportunities for products and services of the United States in bidding,

for construction projects that cost more than $500,000 and are funded (in whole or in part) by the government of such foreign country or by an entity controlled directly or indirectly by such foreign country.

(2) Such list shall include—

(A) each foreign country with respect to which an affirmative determination is made under subsection (b); and

(B) the country of Japan and any other country which has expressed a policy of denying fair and equitable market opportunities for products and services of the United States in procurement or bidding for projects described in paragraph (1) of this subsection.

(3) Any foreign country that is initially listed or that is added to the list maintained under paragraph (1) shall remain on the list until—

(A) such country removes the barriers in construction projects to United States products and services;

(B) such country submits to the President of the United States Trade Representative evidence demonstrating that such barriers have been removed; and

(C) the United States Trade Representative conducts an investigation to verify independently that such barriers have been removed and submits, at least 30 days before granting any such waiver, a report to each House of the Congress identifying the barriers and describing the actions taken to remove them.

(4) The United States Trade Representative shall publish in the Federal Register the entire list required under paragraph (1) and shall publish in the Federal Register any modifications to such list that are made after publication of the original list.

(d) For purposes of this section—

(1) each foreign instrumentality, and each territory or possession of a foreign country that is administered separately for customs purposes, shall be treated as a separate foreign country;

(2) any contractor or subcontractor that is a citizen or national of a foreign country, or is controlled directly or indirectly by citizens or nationals of a foreign country, shall be considered to be a contractor or subcontractor of such foreign country;

(3) subject to paragraph (4), any product that is produced or manufactured (in whole or in substantial part) in a foreign country shall be considered to be a product of such foreign country;

(4) the restrictions of subsection (a)(1) shall not prohibit the use, in the construction, alteration, or repair of a public building or public work, of vehicles or construction equipment of a foreign country; and

(5) the terms "contractor" and "subcontractor" include any person performing any architectural, engineering, or other services directly related to the preparation for or performance of the construction, alteration, or repair.

(e) Paragraph (a)(1) of this section shall not apply to contracts entered into prior to the date of enactment of this Resolution.

(f) The provisions of this section are in addition to, and do not limit or supersede, any other restrictions contained in any other Federal law.

And the Senate agree to the same.

Amendment numbered 51:

That the House recede from its disagreement to the amendment of the Senate numbered 51, and agree to the same with an amendment, as follows:

In lieu of the matter proposed by said amendment insert:

Sec. 110. (a) Adjustments for Employees Under Statutory Pay Systems.—

(1) Two-percent increase.—Notwithstanding any other provision of law, in the case of fiscal year 1988, the overall percentage of the adjustment under section 5305 of title 5, United States Code, in the rates of pay under the General Schedule, and in the rates of pay under the other statutory pay systems (as defined by section 5301(c) of such title), shall be an increase of 2 percent.

(2) Uniform adjustments; delayed effective date.—Each increase in a pay rate or schedule which takes effect pursuant to paragraph (1) shall, to the maximum extent practicable, be of the same percentage and shall take effect as of the beginning of the first applicable pay period beginning on or after January 1, 1988.

(b) Two Percent Military Pay Raise for Fiscal Year 1988.—Section 601 of the National Defense Authorization Act for Fiscal Years 1988 and 1989 (Public Law 100-180) is amended by striking out subsections (b), (c), and (d) and inserting in lieu thereof the following:

"(b) Two Percent Increase in Basic Pay, BAQ, and BAS.—The rates of basic pay, basic allowance for quarters, and basic allowance for subsistence of members of the uniformed services are increased by 2 percent effective on January 1, 1988.

"(c) Two Percent Increase in Cadet and Midshipman Pay.—Effective on January 1, 1988, section 203(c)(1) of title 37, United States Code, is amended by striking out '$494.40' and inserting in lieu thereof '$504.30'.".

And the Senate agree to the same.

Amendment numbered 57:

That the House recede from its disagreement to the amendment of the Senate numbered 57, and agree to the same with an amendment, as follows:

In lieu of the matter proposed by said amendment insert:

ASSISTANCE TO THE NICARAGUAN DEMOCRATIC RESISTANCE

Sec. 111. (a) There are hereby transferred to the President $3,600,000 of unobligated funds, from such accounts for which appropriations were made by Department of Defense appropriations acts for the fiscal year 1987 or prior years, as the President shall designate, to provide humanitarian assistance to the Nicaraguan democratic resistance consistent with this section, to remain available through February 29, 1988.

(b)(1) The President is authorized to transfer or reprogram $4,500,000 of unobligated funds from such accounts for which appropriations were made by Department of Defense appropriations acts for the fiscal year 1987 or prior fiscal years, as the President shall designate, to provide transportation of humanitarian and other assistance previously, specifically authorized by law to the

Military health care				
Grand total, operation and maintenance	86,064,694	80,675,318	80,684,634	80,337,490

The following items represent agreements of the conferees:

CIVILIAN PERSONNEL

The House reduced $226,000,000 for acquisition personnel. The Senate reduced $109,000,000 due to the overstatement of the civilian workyear and end strength funding base, and $94,640,000 from the Defense Agencies due to implementation of the Goldwater-Nichols reorganization legislation. The conferees agree to a reduction of $188,320,000 distributed as follows:

Army	−$28,000,000
Navy	−53,000,000
Air Force	−60,000,000
Defense agencies	−47,320,000
Total	−188,320,000

The conferees agree that these reductions are not made to any specific category of civilian personnel, in order to maximize flexibility for the Department. However, the Department should target reductions to the area of acquisition personnel as recommended by the Packard Commission. The conferees expect that the Defense Department will take every step to fully accomplish acquisition reorganization and process streamlining by reducing redundancy in requirements determination, relying more on industry to provide innovative solutions for Defense needs, and eliminating overlap in contract audit functions. Key to accomplishing meaningful acquisition reform is the use of performance specifications and increased reliance on industry.

The conferees further agree with the House requirements for an independent study to precisely define the individuals, both civilian and military, in the Defense acquisition system and for enhanced information in annual budget submissions to Congress on this subject. The Defense Department must be able in future budgets to demonstrate that it has truly implemented the Packard Commission recommendations and that significant streamlining has been accomplished. In applying the above reductions as well as in defining which organizations and individuals are in the Defense acquisition system, no organization should be overlooked, including: the Office of the Secretary of Defense, each Defense Agency, Service headquarters, transportation commands, communications and information systems commands, and operating commands as appropriate. The study should be submitted to the Armed Services and Appropriations Committees of Congress by June 1, 1988.

The amounts above for Defense Agencies relate to both Goldwater-Nichols Reorganization Act reductions proposed by the Senate and acquisition personnel reductions proposed by the House. In allocating these Defense Agency reductions, the conferees agree with the Senate position that reductions should be, but do not have to be, assessed against civilian personnel costs. The conferees also agree that this reduction should be directed toward all the agencies and that not more than half the Defense Agency reduction can be allocated to the Defense Logistic Agency. The Department should provide a breakout of how the $47,220,000 reduction has been distributed to each Agency to the Appropriations committees by February 1, 1988.

The conferees are aware that the Office of the Secretary of Defense has been analyzing how the full savings and personnel reductions required under the Goldwater-Nichols Act should be allocated among specific Defense agencies. The Committee requests that this analysis be transmitted to the House and Senate Appropriations Committees by March 15, 1988.

BUDGET JUSTIFICATION

The conferees agree to the requirements in both the House and Senate reports dealing with improved budget justification material for the operation and maintenance appropriations, stock funds, and industrial funds. The conferees also agree to the reporting requirements from both the House and Senate. In particular, the Comptroller of the Defense Department should ensure that Air Force justification material is responsive to the needs of the Congress. The stock fund overview as detailed in the Senate report must be submitted annually starting with the fiscal year 1989 budget or amended budget submission.

FOREIGN CURRENCY

The conferees agree to the Senate recommendation to make no reduction for foreign currency financing. The Department should use the exchange rates published in the Senate report for budget execution purposes in fiscal year 1988.

EXPENSE INVESTMENT CRITERIA

The conferees have provided funds required for the $15,000 threshold enacted in the fiscal year 1988 Defense Authorization Act. As stated in the House report, the conferees expect that the Department will enforce policies to ensure that this higher level of operation and maintenance funding is not used by local commanders for uneconomical leasing of equipment.

TRAVEL/TRANSPORTATION

The conferees agree to the transportation reductions proposed by the House and the travel reductions proposed by the Senate.

MANPOWER SAVINGS

The conferees have reduced the operation and maintenance accounts by $117,000,000 for manpower savings. The conferees believe these savings will be experienced as efficiency and productivity studies, organizational analyses and other cost containment activities are implemented during fiscal year 1988.

Army	−$52,000,000
Navy	−31,600,000
Marine Corps	−8,600,000
Air Force	−24,800,000
Total	−117,000,000

FUNDING FLOORS

The conferees agree to the Senate recommendation to have no annual floors on depot and real property maintenance. However, the conferees designate these areas to be Congressional interest items which should be shown annually on DD Form 1414, Base for Reprogrammings. Any reprogramming of funds out of either real property or depot maintenance funds requires prior approval of the Appropriations Committee of Congress.

ENVIRONMENTAL PROGRAMS

On the subject of hazardous waste cleanup, the conferees support the Senate direction on Hamilton Air Force Base, California, and the House direction on Castner Range, Fort Bliss, Texas; Northbrook Park District, Northbrook, Illinois; Ardmore Regional Industrial Airpark, Oklahoma; and Santa Rosa Island, Channel Islands National Park, California.

JAPANESE DEFENSE CONTRIBUTION

The conferees agree to a reduction of $120,365,000 as proposed by the Senate, recognizing that Japan should assume a greater share of the cost of stationing U.S. troops and units in that nation.

SPECIAL OPERATIONS FORCES

The conferees agree with the House language contained in a classified letter to the Secretary of Defense dated October 15, 1987 concerning the availability of Operation and Maintenance, Air Force funds for certain Special Operations Forces activities during fiscal year 1988.

OVERSEAS WORKYEAR CEILING

The conferees agree to a provision that continues an overseas civilian workyears ceiling at the level of workyears used in fiscal year 1986. The conferees have set the limitation at 188,496 workyears as was certified by the Assistant Secretary of Defense (Force Management and Personnel) in a June 5, 1987 letter to the House and Senate Committee on Appropriations.

The conferees are concerned that the Department's estimate of overseas workyear is overstated. The Department's fiscal year 1988 Manpower Requirements Report, for example, states that the number of overseas workyears consumed in fiscal year 1986 was 184,222, 4,274 workyears less than the Assistant Secretary's certification. Accordingly, the conferees request the General Accounting Office to audit the Department's estimates for overseas civilian workyears used in fiscal year 1986, by service, and report to the House and Senate Appropriations Committees by May 15, 1988.

CIVILIAN PAY CEILING

The conferees agree to the House position and have not included a civilian payroll ceiling as proposed by the Senate. The conferees remain interested in the Department's expenditures for civilian payroll costs, and changes from the payroll cost estimates identified in the budget submission.

Accordingly, the conferees expect the Department to provide payroll estimates by service with any amendments to the 1989 budget submission. The Department should provide quarterly reports to the Committees on Appropriations of the House and Senate detailing payroll expenditures by service and appropriation account.

PAY RAISE

The conferees agree to provide $875,000,000 to fund the cost of the military pay raise with the remaining balance to partially fund civilian pay costs. The conferees recognize that no additional funds can be provided for pay raise costs in accord with outlay limitations stipulated in the budget summit agreement. Therefore, the conferees will not entertain a supplemental appropriations request to cover increased pay or related costs for either military or civilian personnel.

MEDICAL PROGRAMS

Health care demonstration projects

The conferees have amended the House provision, section 8095, which will allow the Department of Defense to amend up to two fiscal intermediary contracts. Furthermore, the conferees have included a new proviso directing the Department of Defense to conduct a health care demonstration project in New Orleans, Louisiana. The conferees direct that the Office of the Civilian Health and Medical Program of the Uniformed Services (OCHAMPUS) in conjunction with the Assistant Secretary of Defense for Health Affairs (ASD(HA)), shall be responsible for this project and shall report to the Senate and House Committee on Appropriations by April 1, 1988, on a plan for implementation with a start up of services no later than September 30, 1988.

The conferees do not want the Department to award a contract that is not in the best interest of the government. For purposes of clarification, the best interests of the government include: (1) costs should be no greater than the current cost of CHAMPUS in New Orleans, with consideration given to price increases and other growth factors: (2) the program should offer at least the current benefits which are covered under CHAMPUS. The best interests of the government should not be determined on the basis that the Department is simply not interested in implementing this project.

Physician special incentive pay

The conferees agree with the Senate position on physician special incentive pay and support the use of special pay for those specialties needed in wartime. The conferees are pleased with the efforts of the ASD(HA) in this matter.

Physicians in administrative positions

The conferees agree with the intent of the House position to reduce the number of physicians in administrative positions. However, the conferees note that teaching and research positions, which are administrative in nature, should be exempt from this reduction. Furthermore, the reporting requirements of the House report are agreed to be the conferees.

Peer review

The conferees direct the Department to determine the most effective and cost efficient way of conducting peer review. The conferees are concerned about whether it is necessary and cost effective to contract through the Department of Health and Human Services for peer review. The conferees plan to address this issue in hearings for the fiscal year 1989 budget.

Fort Bragg mental health demonstration project

The conferees agree with the Senate position and endorse the federal-state partnership between the Department of Defense and the state of North Carolina which was developed to conduct the mental health demonstration project at Ft. Bragg. The Department is directed to award this contract and begin the demonstration as soon as is practical.

CHAMPUS reform initiative

The conferees wish to restate their support for the CHAMPUS Reform Initiative (CRI). The staggering shortfalls experienced by CHAMPUS this past year underscore the need for dramatic changes in the structure and administration of the program and CRI offers an intriguing and promising alternative. Nonetheless, the Department must not rush toward implementation at any cost. Congress has been repeatedly assured by the ASD(HA) that no contract will be awarded unless it will clearly contain growth. To underscore this point, the conferees have included a general provision which limits CRI to the fiscal year 1987 cost for California and Hawaii plus inflation and growth. The conferees amended the provision by including a clause which makes a technical adjustment to the federal preemption clause contained in the fiscal year 1988 DOD Authorization Act.

For purposes of definition, fiscal year 1987 costs are defined as total costs for care provided during fiscal year 1987. Normal and reasonable price growth is considered to be health care inflation experienced within CRI test states. Finally, normal and reasonable program growth would include growth attributable changes in utilization and scope of services delivered.

Additionally, the conferees are very concerned about the amount of time DOD has taken to make a decision regarding the award of the CRI contract. CRI offers an opportunity to change the structure and administration of the runaway CHAMPUS program. Therefore, the conferees direct that, if it is in the best interest of the government, the Department should award the CRI contract as soon as possible.

CHAMPUS funding

The conferees agree to the following amounts for the CHAMPUS program. Furthermore, the conferees agree with the House position that these funds are only to be used for CHAMPUS claims, CHAMPUS approved demonstration projects such as the ongoing projects like the Tidewater mental health demonstration project and the Bone Marrow Transplant demonstration project and CRI contract costs. The conferees do agree with the interest the services have in developing catchment area demonstration projects to reduce CHAMPUS costs and would be willing to look at funding these projects with CHAMPUS funds when willing to look at funding these projects with CHAMPUS funds when the projects are ready for implementation, if funding is available with the amounts designated for CHAMPUS.

[In thousands of dollars]

	Request		Reduction		Appropriated
	Claims	Dental	Claims	Dental	
Army	693,500	40,000	−44,200	−10,700	−678,600
Navy	811,100	46,800	−50,700	−11,000	−796,200
Air Force	559,300	32,200	−35,100	−4,500	−551,900
	2,063,900	119,000	−130,000	−26,200	−2,026,700

Flush year 1988 funding for medical programs:

The conferees agree to the following reductions for medical programs:

[In thousands of dollars]

	DRGs	Dental	Other	Total
Army	−44,200	−10,700	−8,400	−63,300
Navy	−50,700	−11,000	−13,200	−74,900
Air Force	−35,100	−4,500	−22,500	−62,100
	−130,000	−26,200	−44,100	−200,300

Nonphysican health care providers

The conferees agree with the Senate position on the establishment of separate Department of Psychology at an Army and Air Force installation in addition to the Department of Psychology at the Bethesda Naval Hospital. Additionally, the conferees agree with the Senate position on professional nurses and clinical autonomy.

The conferees agree that the Department of Defense should test the concept of a separate Department of Optometry within the services. However, the conferees agree that it should first be tested by one service with the understanding that if this is a success the other services would follow. The Department of Defense should notify the House and Senate Committees on Appropriations of which service shall take the lead on this project and when it will be implemented.

Management of health affairs

The conferees are concerned about the management of certain programs by the Office of the ASD (HA). In the case of CHAMPUS oversight and health care budgeting, the conferees are concerned that the ASD (HA) has overlapping program management and unnecessary staffing levels. The conferees agree that these issues are best addressed in a congressional hearing format and plan to do so in the future.

Health professions initiatives

The conferees agree with the House provision allowing the waiver of wage rates for certain health professions.

PRIMUS/NAVCARE user fees

The conferees agree to the Senate's position concerning the imposition of user fees at PRIMUS and NAVCARE facilities and no fees will be imposed in fiscal year 1988. Additionally, the conferees agree to the House position on funding and have not made an offsetting reduction in the military personnel accounts for this new benefit. However, the conferees are very concerned about the cost of this program, especially the cost overruns and the overutilization of these clinics.

Therefore, the conferees agree to a provision which directs the Department of Defense Inspector General (DOD(IG))a to conduct an inspection, audit and evaluation of the current and proposed PRIMUS and NAVCARE facilities and contracts. The conferees would like the DOD IG to inspect the facilities and evaluate both the management of these facilities and the management of the contracting process, with recommendations for improvement. Additionally, the DOD IG should audit the budgeted and actual costs of the clinics, the cost comparison of this care with CHAMPUS, and provide guidance on how to ensure reasonable cost expenditures for the clinics. Finally, the DOD IG should evaluate the level of care offered by these clinics and contracts, and provide recommendations on the most cost effective method of providing this level of care.

The conferees request the DOD IG is to keep the Committees on Appropriations of the House and Senate informed as items of interest are audited or evaluated, and submit a final report by August 1, 1988.

OPERATION AND MAINTENANCE, ARMY

The conferees agree to provide $20,853,205,000 instead of $20,683,277,000 as recommended by the House and $20,941,050,000 as recommended by the Senate. Details of the adjustments are as follows:

[In thousands of dollars]

DEPOT MAINTENANCE

The conferees agree to provide an increase of $150,000,000 above the budget as was authorized. The conferees also agree to the reporting requirements in the House report.

AUTOMATIC DATA PROCESSING

The conferees agree to a reduction of $75,000,000 in the following areas:

Corporate data base	−$12,300,000
Commodity control standard system	−9,400,000
Studies	−30,000,000
Maintenance contracts	−20,000,000
Supplies	−3,300,000

SAVINGS

The conferees agree to a reduction of $43,300,000 due to fielding of ADP systems (−$20,000,000), Japan base labor contracts (−$17,600,000), and battery management (−5,700,000).

OPERATION AND MAINTENANCE, NAVY

The conferees agree to provide $23,601,462,000 instead of $23,901,188,000 as recommended by the House and $23,791,997,000 as recommended by the Senate. Details of the adjustments are as follows:

[In thousands of dollars]

MEMPHIS NAVAL AIR STATION

The Memphis Naval Air Station at Millington, Tennessee is, and has been for years an important United States Naval facility that cannot be duplicated. The facility has provided and continues to provide flight operations, medical facilities, important training programs, and many other vital support functions that are needed to perform the overall defense mission.

Therefore, it is of concern to the conferees that efforts are being taken to transfer some of the functions which have been performed at the Memphis Naval Air Station to other locations, thus weakening this vital defense mission. Over the years, similar efforts have been made to transfer functions from the Memphis Naval Air Station for questionable reasons. This issue was considered in 1984 at which time it was settled that the Station would continue its activities in place then.

The conferees find any effort to reduce civilian and military personnel levels, to reduce, transfer, downgrade or downsize current activities or facilities at the Memphis Naval Complex totally unacceptable. Therefore, the conferees direct the Department of the Navy to maintain civilian and military personnel levels and facilities at the fiscal year 1984 levels.

The conferees specifically intend that the Naval Medical facilities at Millington not only be maintained at the fiscal year 1984 personnel levels but that these personnel slots be filled and fully manned.

DEPOT MAINTENANCE

The conferees agree to a reduction of $285,000,000 in the following areas:

Unnecessary voyage repairs	−$21,651,000
Inactive ship upgrades	−17,990,000
Aircraft maintenance	−36,700,000
Overhauls accomplished with 1987 funds	−190,663,000
Other rescheduling changes	−17,996,000

The conferees also agree to the Senate recommendation that funds previously programmed for overhaul and operation of the U.S.S. *Andrew Jackson*, SSBN-619, should be applied to other planned overhauls and emergent work packages in 1988, including specific actions to alleviate manpower reductions and disruption in efficient workload scheduling at Charleston Navy Ship Yard related to the decision on the U.S.S. *Andrew Jackson*. The conferees expect that specific actions with respect to the U.S.S. *Andrew Jackson* be consistent with the provisions of Public Law 100-180.

RETIREMENT OF THE U.S.S. *MIDWAY*

The conferees do not agree with the Senate recommendation to decommission the U.S.S. *Midway* in fiscal year 1988. The conferees are concerned, however, about the viability of operating the U.S.S. *Midway* beyond the fiscal year 1989-1990 timeframe. The conferees recommend a reduction of $25,000,000 and direct that no major overhaul work be done on the U.S.S. *Midway* without prior Congressional approval. The fiscal year 1989 budget should clearly justify future Navy plans for the U.S.S. *Midway*.

READY RESERVE FLEET

The conferees do not agree to the Senate bill language which transfers funding responsibility for maintenance of the Nation's Ready Reserve Fleet from the Navy to the Maritime Administration. However, it is evident that the current financial arrangement between the two Agencies is inadequate, since funding and program responsibility are disjointed. The conferees believe that it should be the responsibility of the executive branch to solve the management problems and territorial disputes that have evolved since 1982 when the Office of Management and Budget changed the financial arrangement that had existed prior to that time. The conferees have included bill language which requires the executive branch to recommend a resolution to this issue in the fiscal year 1989 budget submitted to the Congress. Then Legislative and Appropriations Committees will have ample time to conduct formal hearings and to recommend further legislative proposals if required at that time.

Further, the Committee directs the Department of the Navy and the Department of Transportation to collaborate equally to perform a study of the feasibility of various alternatives for manning government-owned reserve sealift ships during military surge sealift. The alternatives examined should include assignment of manning responsibility to the Naval Reserve and the increased use of reserve sealift ships for the training of Naval Reservists. The study should examine the feasibility, costs, and benefits of recruitment of private sector merchant marine manpower into the Naval Reserve. The Committee directs completion of this study from the Department of Defense and the Department of Transportation by May 1, 1988.

Vessels in the Ready Reserve Fleet may not be used to carry Department of Defense cargoes or to substitute for or displace privately-owned U.S. flag vessels except in case of a sealift surge capacity requirement, exercise or emergency, or activities incidental to Ready Reserve Fleet use by Naval Reservists in training.

U.S.S. *STARK* "LESSONS LEARNED"

The conferees have provided $38,000,000 for additional firefighting and other equipment and supplies on Navy ships in light of lessons learned from the attack on the U.S.S. *Stark*.

SUBMARINE SILENCING EQUIPMENT

The conferees recommend $24,900,000 for the Special Hull Treatment Program. The recommended addition is intended for special hull treatment of three SSN 637 class submarines during scheduled overhauls in fiscal year 1988 to enhance operating quietness.

BONE MARROW REGISTRY

The conferees agree to provide $2,100,000 for the national bone marrow registry as recommended by the House, but in the Research, Development, Test and Evaluation Navy appropriation rather than Operation and Maintenance.

SHORT-TERM NAVAL VESSEL REPAIR WORK

The conferees did not include the general provision proposed by the House concerning short-term naval vessel repair work because identical legislation has been enacted in the Department of Defense Authorization Act for fiscal year 1988. Therefore, as stated in the House Report, no Naval Reserve vessels homeported on the West Coast may be reserved to their homeports for the purpose of short-term repair work of less than six months duration.

COAST GUARD

The conferees have included a general provision which requires the Secretary of Defense to make available to the U.S. Coast Guard without reimbursement not less than $105,000,000 in commodities, training, maintenance, and other operational support needed for that Agency's defense mission. The conferees understand that currently the Coast Guard obtains many critical supplies and equipment, such as fuel and other operational support, from the Department of Defense. Through this provision the Coast Guard and the Department of Defense will negotiate this transfer of supplies and equipment to the Coast Guard from defense stocks with no administrative cost charged to the Coast Guard. The conferees believe that the economies of scale realized due to combined purchasing by the Department of Defense for such items will maximize the return of this credit, further enhancing the defense readiness posture of the Coast Guard. The Commandant of the Coast Guard should report to the House and Senate Committees on Appropriations the details of this commodity and supply transfer no later than March 31, 1988.

The general provision also makes available $33,000,000 for certain purposes in order to facilitate execution of drug interdiction programs funded in the FY 1987 Omnibus Drug Supplemental Appropriation Act.

NEW THREAT UPGRADE

The conferees have included bill language which requires one overhaul in fiscal year 1988 to be accomplished in the Philadelphia Naval Shipyard, and for remaining overhauls in the new threat upgrade program to utilize full and open competition among public and private shipyards qualified for overhaul work.

RAST HELICOPTER RECOVERY SYSTEMS

The conferees do not agree to the bill language recommended by the House which prohibits the installation of single RAST helicopter systems during destroyer overhauls. The conferees do, however, agree that after September 30, 1988 only dual-RAST helicopter recovery systems shall be installed on DD-963 class destroyers. The conferees expect the Department to expeditiously comply with this direction in order to avoid future legislative requirements. It should be noted that these issues will be discussed in detail during the upcoming budget hearings.

INTERPORT DIFFERENTIAL

The conferees agree to retain the general provision on interport differentials, which was enacted into law in fiscal year 1987, this year. It precludes use of an interport differential factor in evaluation of bids on contracts for overhauls on the West Coast of the United States.

OPERATION AND MAINTENANCE, MARINE CORPS

The conferees agree to provide $1,819,188,000 instead of $1,840,992,000 as recommended by the House and $1,799,714,000 as recommended by the Senate. Details of the adjustments are as follows:

[In thousands of dollars]

	House	Senate	Conference
OPERATION AND MAINTENANCE, MARINE CORPS			
Expense investment criteria		−7,300	−3,500

FUNDING PRIORITIES

The Senate reluctantly agreed to the House and authorized level for flying hours, a reduction of $167,200,000 from the budget request. The conferees agreed to fund Air Force deport maintenance at the President's budget request level, rather than a reduction of $126,765,000 as proposed by the Senate or an increase of $75,000,000 as proposed by the House.

The current budget situation, unfortunately, requires choices to be made between programs that only a few years ago would have been fully funded at the budget request level. Recognizing such priorities must be made, the Senate proposed largely protecting operating tempos and reducing depot maintenance, while the House proposed protecting depot maintenance and reducing operating tempos. Since passage of the Senate bill, the Air Force logistics community impressed upon the conferees the importance of fully funding depot maintenance and logistics support as a top priority. The conference agreement recognizes this tradeoff.

VANDENBERG SPACE SHUTTLE FACILITY

The conferees agree to provide $40,000,000, a reduction of $10,000,000 from the budget request. The Air Force should not expect that the Congress will continue to make annual expenditures of this magnitude for the Vandenberg shuttle complex in future years simply because it might potentially be needed in the late 1990s. The Air Force should take expeditious action to allocate any useful facilities to other programs, such as the Strategic Defense Initiative, Advanced Launch System, Titan, or NASA programs and to mothball those which serve no useful purpose in the foreseeable future. The conferees expect that the Fiscal Year 1989 budget submitted to the Congress will contain an audit trail that clearly tracks such financial allocations.

The conferees further request the Secretary of Defense to provide a report by June 1, 1988 that specifies uses within the next five years for each of the Vandenberg shuttle facilities.

C-130 AIRCRAFT

The conferees direct that an eight C-130E unit be maintained at McChord, Washington and have included bill language for its financing in fiscal year 1988. In addition, the conferees direct that the Air Force proceed with its current plans to transfer C-130E aircraft to Reserve Component units at Rickenbacker AFB, Ohio and K.I. Sawyer AFB, Michigan.

LEATHER JACKETS

The conferees agree to the House funding recommendation which provided no reduction to the budget request. The Air Force may obligate funds as needed without prior advance notification.

AUTOMATIC DATA PROCESSING SYSTEMS

Based upon the three revised budget exhibits for the Department's central design activities and other recently provided information, it is apparent that the Comptroller of the Defense Department is taking the actions necessary to improve the quality of future submissions. Therefore, the conferees do not see a need to cap the funding for the central design activities at this time.

The conferees recognize that the Department is currently undertaking a number of initiatives to streamline its ADP management processes. Since these ongoing efforts could impact the substance of the OSD master plan required by the House, the conferees agree to waive a reporting requirement at this time.

Concerning the Reserve Components Automation System, the conferees agree to the House bill and report language except on the single issue concerning moving the ADP contracting activity to the Army Materiel Command. Concerning the Composite Health Care System, the conferees agree to the language in the Senate report.

In addition, the conferees have included a general provision on supercomputers which modifies the House language to change the term "leading-edge, advanced scientific main-frame computer" to "supercomputer" to make it perfectly clear that this limitation covers supercomputers only and does not apply to other main-frame computers. The conferees can find no reason to believe that the recent procurement of a Japanese-made advanced scientific computer for its Military Airlift Command Deployment Flow Computer System was improper.

OPERATION AND MAINTENANCE, DEFENSE AGENCIES

The conferees agree to provide $7,112,951,000 instead of $7,044,011,000 as proposed by the House and $7,176,276,000 as proposed by the Senate. Details of the adjustments are as follows:

[In thousands of dollars]

	House	Senate	Conference
Inflation	−17,600	−17,600	−17,600
Base operating support	−22,900	−22,900	−22,900

Nerve gas agent antidotes

The conferees expect the Defense Logistics Agency to maintain adequate supplies and suppliers of nerve agent antidotes. The conferees understand that the Defense Logistics Agency anticipates procuring $12,900,000 of nerve gas antedote and antedote injectors in 1988.

Economic adjustment planning assistance

Both the House and Senate included bill language making $800,000 available to the Office of Economic Adjustment to conduct community planning assistance grants for installation realignment impacts and for mitigation of operational impacts from encroachment. The House provided additional funds for this purpose, while the Senate provided this funding within total appropriations for Operation and Maintenance, Defense Agencies. The Senate recedes and agrees that such funds be additive and not come from within existing appropriations. Both the House and Senate provided for economic adjustment assistance in Southwestern Louisiana.

In recognition of the importance of community adjustment assistance during a period of budget constraints, the conferees recommend that $900,000 be made available for economic adjustment planning grants. The conferees expect the Department of Defense Comptroller to ensure that these funds are provided in addition to OEA's budget for salaries, expenses and contract planning assistance.

National defense stockpile

The conferees have included an additional $9,000,000 to meet the requirements of the National Defense Stockpile Transaction Fund as provided for in section 101(m) of this Resolution. These funds will continue strategic materials and defense-related research objectives.

OPERATION AND MAINTENANCE, ARMY RESERVE

The conferees agree to provide $857,540,000 instead of $844,851,000 as proposed by the House and $859,703,000 as proposed by the Senate. Details of the adjustments are as follows:

[In thousands of dollars]

	House	Senate	Conference
Inflation	−1,700	−1,700	−1,700

Total	−3,423	−2,740	−1,861

OPERATION AND MAINTENANCE, AIR FORCE RESERVE

The conferees agree to provide $1,000,981,000 instead of $994,767,000 as proposed by the House and $997,391,000 as proposed by the Senate. Details of the adjustments are as follows:

[In thousands of dollars]

	House	Senate	Conference
Inflation	−1,000	−1,000	−1,000
Base operating support	−6,600	−6,600	−6,600
Expense/investment		−500	−300

WC-130 augmentation	+2,524	+2,624	+2,624
FERS economic adjustment	−6,395		
FERS population adjustment	−3,777		
Work-year pricing		−3,871	−10,172
Full-time support (AGR)	−3		
Paid drill strength	−1,488		
Civilian technician growth		−10,989	
Total	−23,490	−20,866	−17,276

WC-130 Augmentation/Hurricane Reconnaissance. Report language was included in the Supplemental Appropriations Act, 1987, which permitted the conversion of the 815th Air Force Reserve Squadron provided that actions were taken to guarantee sufficient hurricane reconnaissance. Four additional WC-130s were provided the Air Force Reserve to create a twelve aircraft squadron and resulted in a combined active and reserve Air Force flying hour program of 1,600 hours in support of hurricane reconnaissance coverage.

Because the House was still concerned that the Department was not maintaining sufficient weather reconnaissance capability and trained personnel to provide such coverage for its installations and populations, the House directed the Air Force to convert four additional aircraft of the 815th to a dual mission weather reconnaissance and tactical airlift capability. Further, the House directed the Air Force to man these dual capable aircraft resulting in the 815th squadron retaining its trained weather reconnaissance personnel as well as providing needed tactical airlift support. The Senate supported the action taken in the fiscal year 1987 supplemental which supports the one active weather squadron augmented by four reserve weather aircraft.

The conferees agree to the Senate position provided that actions are taken to guarantee additional hurricane reconnaissance is available if required. The Air Force is directed to retain sufficient 815th weather reconnaissance personnel and equipment to the level necessary to protect Defense installations and the population living in the East and Gulf Coast areas of the United States.

Additional funds are provided in the Military Personnel, Operation and Maintenance, and Guard and Reserve equipment (for the Improved Weather Reconnaissance System) appropriations to fully support the personnel and equipment of the Air Force Reserve portion of the hurricane reconnaissance mission. It is the conferees' intent that the Air Force fully man the 815th four weather reconnaissance aircraft.

The conferees also support the House position which directs the Department of Defense to conduct a joint Air Force, Navy, and Department of Commerce study to evaluate operational uses of aircraft reconnaissance data with the primary goal of deciding the complementary versus redundancy roles of aircraft and remote sensing platforms; examine the military requirements for aircraft derived meteorological data including tactical and theater reconnaissance and the role of precise weather intelligence in control of low level conflicts; and to evaluate the vulnerability of satellite platforms performing atmospheric data collection.

OPERATION AND MAINTENANCE, ARMY NATIONAL GUARD

The conferees agree to provide $1,856,542,000 instead of $1,855,978,000 as proposed by the House and $1,838,951,000 as proposed by the Senate. Details of the adjustments are as follows:

[In thousands of dollars]

	House	Senate	Conference
Inflation	−3,700	−3,700	−3,700
Based operating support	−2,700	−2,700	−2,700
Expense/investment		−300	
Travel	−7,021	−3,018	7,588
Recruiting/advertising	−500		−250
FERS economic adjustment	−7,026		
FERS population adjustment	−4,149		
Work-year pricing		−6,962	−11,175
Armories	+12,500		+12,500
Full-time support (AGR)	−881		
Civilian technicians	+7,303	−6,521	+7,303
Total	−6,174	−23,201	−5,610

Armories. The conferees agree to provide $12,500,000 for federal funding for modifying, repairing, or renovating armories. Since keeping these armories in adequate condition is essential to the morale of the Guard members and the mission of the Guard, the conferees support the House position in encouraging the Defense Department to budget for the federal portion to upgrade Army National Guard armories.

OPERATION AND MAINTENANCE, AIR NATIONAL GUARD

The conferees agree to provide $1,958,063,000 instead of $1,950,191,000 as proposed by the House and $1,958,737,000 as proposed by the Senate. Details of the adjustments are as follows:

[In thousands of dollars]

	House	Senate	Conference
Inflation	−2,800	−2,800	−2,800
Expense/investment		−3,500	−1,200
Travel	−218	−1,102	−818
Stock fund refund	−6,300		
Recruiting/advertising	1,323		−661
T-33 contract	+5,000		+5,000
Minot AFB		+2,400	+2,400

FERS population adjustment	−8,076		
Work-year pricing		−7,490	−21,749
Full-time support (AGR)	−13		
Paid-drill strength	−297		
Civilian technicians	+4,899	−1,763	+4,899
Total	−22,801	−14,255	−14,929

Minot Air Force Base. The conferees agreed to the Senate position to support a new Air National Guard civil engineering unit at Minot Air Force Base, North Dakota.

NATIONAL BOARD FOR THE PROMOTION OF RIFLE PRACTICE, ARMY

The conferees agree to provide $4,099,000 as proposed by the Senate instead of $4,095,000 as proposed by the House.

CLAIMS, DEFENSE

The conferees agree to provide $193,574,000, the authorization level, instead of $273,574,000 as proposed by the House. The Senate abolished this appropriation, reduced the funds and included bill language to transfer responsibility to the services. The Senate also recommended that claims be paid by the Service that generates such a claim.

Because the House was concerned that the adjudicated NATO-SOFA maneuver damage claims were not being paid in a timely manner, it earmarked funds in the bill to be used only for this purpose.

The conferees instruct the Defense Department to bring this backlog of NATO-SOFA maneuver damage claims under control in fiscal year 1988. Transfer authority available to the Defense Department is available and should be utilized to pay all outstanding claims. If these claims are not paid as they are adjudicated, the Congress will take action, probably in line with the House or Senate actions this year, during its consideration of the fiscal year 1989 budget request.

The conferees also support the House position and request that a report on the status of these claims be submitted to the Appropriations Committees by March 31, 1988.

COURT OF MILITARY APPEALS

The conferees agree to provide $3,241,000 as proposed by the House and Senate. The conferees agree to the reduction breakdown as proposed by the Senate.

ENVIRONMENTAL RESTORATION, DEFENSE

The conferees agree to provide $402,800,000 as proposed by the Senate instead of $392,800,000 as proposed by the House.

HUMANITARIAN ASSISTANCE

The conferees agree to provide $13,000,000 as proposed by the Senate instead of $10,000,000 as proposed by the House. The conferees further agree to the Senate bill language which extends the appropriation availability for one year and requires the Department of Defense to notify the Appropriations Committees 21 days prior to the shipment of humanitarian relief transported and distributed to countries not previously authorized by Congress.

TITLE III—PROCUREMENT

The conferees agree to the following amounts for the Procurement accounts:

[In thousands of dollars]

	Budget	House	Senate	Conference
Army:

Defense Production Act purchases	30,800	13,000	13,000	13,000
Total Procurement	83,886,671	73,923,483	83,194,015	84,195,392

POLYACRYLONITRILE (PAN) CARBON FIBERS

The conferees strongly support the initiative of the Secretary of Defense to ensure that defense contractors of the United States expand procurement of polyacrylonitrile (PAN) from domestic sources. Given the importance of PAN carbon fibers in present and future defense programs, it is imperative that the United States becomes self-sufficient in meeting critical defense needs as soon as possible. The conferees, therefore, recommend bill language that requires the Department of Defense to achieve 15 percent of the total Department of Defense domestic sourcing of PAN by 1988, 15 percent by 1989, 20 percent by 1990, 25 percent by 1991; and 50 percent by 1992.

The conferees further believe that the Department of Defense methodology of selecting high technology programs and designating them for domestic PAN carbon fiber use is the correct approach. The conferees accordingly recommend that this current policy be expanded to include all new programs utilizing PAN carbon fibers until the domestic source requirement is met.

INDUSTRIAL SPACE FACILITY

The conferees agree that the report directed by the House should be submitted by the Department of Defense by March 21, 1988.

PRECISION OPTICAL COMPONENTS

The conferees are concerned about recent actions by the Army that overturn guidance issued by the Office of the Secretary of Defense relating to procurement of precision optical components from the United States industrial base. The conferees recommend that the proposed Army action be deferred pending a thorough review of the availability of precision opticals from United States suppliers; issuance of a Department of Defense-wide policy governing such acquisitions; and submission of a report to the Committees on Appropriations on the findings and policy recommendations of the Department.

AIRCRAFT PROCUREMENT, ARMY

The conferees agree to the following amounts for the Aircraft Procurement, Army, account:

AH-64 APACHE AIRCRAFT

The conferees agree that 18 AH-64 Apache attack aircraft shall be assigned to the National Guard, as proposed by the Senate.

OV-1 SURVEILLANCE AIRCRAFT MODIFICATIONS

The Senate bill included $17,484,000, the budget request, for OV-1 modifications. The House bill denied the entire request based on violation of full funding and premature procurement.

The conference agreement provides the budget request. Of the total, $6,184,000 is provided on a new advance procurement line for the Block II mod program. Before obligating these funds, the Army is directed to submit a complete Block II program profile, properly funded in accordance with Departmental policies and procedures. The submission shall include a justification for the use of long lead funding, program milestones, delivery schedule, and results of tests to date.

The remaining $11,300,000 for the UPD-7 upgrade may be obligated only after the Army has submitted a complete program plan and profile, including milestones and results of tests to date.

OH-58 MODIFICATION

The conferees agree to provide $27,011,000 for OH-58 modifications, as proposed by the House. The conferees direct that these funds be used for no other purpose than that for which they were budgeted and justified to Congress.

SPECIAL OPERATIONS FORCES MODIFICATIONS

The conferees agree to $54,900,000 for special operations forces modifications, including $11,200,000 for FLIR's for previously modified aircraft. The conferees direct the Army to submit for approval an allocation of the remaining amount. If the Army proposes to use a portion of the funds for advance procurement, a reprogramming shall be submitted to establish a new P-1 line.

MISSILE PROCUREMENT, ARMY

The conferees agree to the following amounts for Missile Procurement, Army:

[In thousands of dollars]

	Budget	House	Senate	Conference
MISSILE PROCUREMENT, ARMY				
Other missiles:				
Surface-to-Air Missile System:				
Chaparral	34,189	30,189	30,189	30,189

Total, Missile Procurement, Army	2,458,466	2,263,628	2,358,150	2,332,237

CHAPARRAL

The conferees agree to provide $30,189,000 for initial procurement of Rosette Scan Seeker (RSS) Chaparral missiles, to rescind $13,000,000 of fiscal year 1986 funds as proposed by the Senate, and to refrain from rescinding $28,500,000 of unused fiscal year 1987 funds. The conferees also agree to provide $31,228,000 for Chaparral Modifications, of which $17,900,000 is for new RSS units for retrofitting onto inventory missiles. The sum of fiscal year 1987 and funds thus made available for RSS initial production is $76,589,000.

Both the House and Senate stated their disagreement with the Army's proposed acquisition plan, based on the lack of a proven technical data package (TDP) and on the inadequate time allowed to select and facilitize a second source. The conferees direct the Army to modify that plan to incorporate the following points: $70,237,000 of the funds available are to be used to procure a negotiated initial Lot I buy from the developer, with stringent requirements for ensuring the validity of the TDP; the remaining $6,352,000 are to be used to competitively select and begin facilitization of a second source; fiscal year 1989 funds are to be requested for Lot IIA, for completing second source facilitization, and for an educational Lot IIB buy from the second source, which will have been provided a validated TDP; full head-to-head competition is to take place beginning with Lot III fiscal year 1990 procurement. Given the urgency which the Army assigns to upgrading its air defenses, the contract for Lot I production is to be awarded not later than April 1, 1988. A revised program acquisition plan for RSS Chaparral is to be submitted with the fiscal year 1989 budget request.

FORWARD AREA AIR DEFENSE

LINE-OF-SIGHT FORWARD-HEAVY

The conferees agree to provide for Line-of-Sight Forward-Heavy the sums of $33,500,000 for advance procurement and $99,000,000 for RDT&E. Included in RDT&E are funds for purchase and operational test of the pre-production fire units.

The conferees extend their sincere congratulations to the Army for the speed and thoroughness with which candidates were evaluated and a winner chosen. Last year, the conferees directed a date certain for selection, based on the extreme urgency of fielding an adequate air defense system. That urgency remains, and immediate steps must be taken to begin production of units which will meet the near term requirements, while operational testing proceeds in parellel. Accordingly, the conferees agree to delete Senate report language which restricts obligation of advance procurement funds, to delete Senate bill language which restricts obligation of procurement funds, and to set aside the restrictions contained in Section 111(d) of the National Defense Authorization act for Fiscal Years 1988 and 1989. The conferees agree that prior to awarding a contract for procurement of the full objective system, the Army is to submit a report to the Congress which outlines acquisition strategy, cost data, and performance warranties by the contractor, and an operation test plan approved by the Director for Operational Test and Evaluation.

TOW 2

The conferees agree to provide $131,239,000 for procurement of 9,416 TOW 2 missiles. The conferees also agree to provide an additional $28,500,000 for an additional 2,500 missiles, subject to authorization.

The most recent proposal by the Army is that it be allowed to award a multi-year procurement (MYP) contract to the current sole source producer. Previously, the Army had wished to pursue a second source strategy. The conferees agree that the documentation submitted by the Army is flawed, and that its economic analysis is inadequate to support making a choice between the two approaches. On the other hand, if an MYP turns out to be justified, much time would be lost if MYP authority has not been provided in the fiscal year 1988 appropriation. The conferees have therefore provided bill language which allows MYP of TOW 2, provided that the Secretary of Defense first certifies that a valid economic analysis has established that MYP is less costly than second source competition.

LASER HELLFIRE

The conferees agree to provide $168,358,000 for procurement of 5,000 Laser Hellfire missiles. The conferees also agree to provide an additional $35,000,000 for an additional 1,000 missiles, subject to authorization. The conferees direct the Army to budget for at least 6,000 missiles per year over the next five years, starting with the fiscal year 1989 budget.

PROCUREMENT OF WEAPONS AND TRACKED COMBAT VEHICLES, ARMY

The conferees agree to the following amounts for the Procurement of Weapons and Tracked Combat Vehicles, Army, account:

[in thousands of dollars]

	Budget	House	Senate	Conference
PROCUREMENT OF W&TCV, ARMY				
Tracked Combat Vehicles:				
Bradley Fighting Vehicles (MYP)	699,400	684,400	681,000	681,000

ARMORED RECOVERY VEHICLE

The conferees agree to provide $24,100,000 for advance procurement of the M88A2 armored recovery vehicle. The conferees further agree that these funds may be obligated for long lead items that are common with the M88A1 recovery vehicle currently in production to the maximum extent possible.

The conferees agree with the Senate's concern with the potential weight growth of the M-1 series tank and therefore jointly direct the Secretary of the Army to (1) certify to the Committees on Appropriations the maximum weight growth of the M1 series tank and (2) conduct all testing of follow-on recovery candidates systems, including the M88A2, at that maximum weight.

The conferees fully expect that the ARV-90 candidate system shall be fully tested and a side-by-side analysis conducted of the M88A2 and the ARV-90. The results of these tests shall be submitted to the Secretary of Defense who shall certify that the tests were adequate, that the results are accurate, and that the chosen system is the more cost-effective. The certification shall be submitted prior to entering a low rate initial production contract.

The Army shall take no contract action that would prevent either candidate system from being selected as the follow-on armored recovery vehicle.

PROCUREMENT OF AMMUNITION, ARMY

The conferees agree to the following amounts for the Procurement of Ammunition, Army, account:

MORTAR TIME FUZES

The conferees agree with House report language which encouraged the Army to expedite the testing of electronic time fuzes for mortar projectiles and report on its overall procurement strategy. The conferees further agree that the Army shall complete conversion of the technical data package to American engineering standards for the M772 fuze.

155MM ARTILLERY AMMUNITION

The conference agreement provides the higher House-proposed funding level for the M731 ADAM projectile and the M718 RAAMS projectile. The conferees direct the Army to report to the House and Senate Committees on Appropriations on the production status of these rounds, and address how the Army is responding to production and load-assemble-pack difficulties with these rounds. This report should be provided no later than March 1, 1988. The conferees further direct the Army to report to the House and Senate Committees on Appropriations on the fiscal year 1988 unit costs of the M483 ICM, the ADAM, and the RAAMS, by March 1, 1988, explaining any changes from budget estimates submitted to Congress for fiscal year 1988. This information will be valuable to the Committees in evaluation of the fiscal year 1989 Army production plan and budget. No additional approval is necessary for the Army to proceed with production of these rounds.

COPPERHEAD

The conference agreement provides $117,860,00 for Copperhead procurement. The conferees agree that a portion of these funds may be used for establishment and qualification of a second source for Copperhead upon certification that a second source strategy is in the best interest of the Government and cost-effective.

PROVISION OF INDUSTRIAL FACILITIES

The conference agreement provides $137,561,000 for provision of industrial facilities, specifically denying the budgeted projects for HMX facility design and sensor fuzed weapon fuze facility.

The conference agreement includes $20,000,000 for facilitization projects at the Riverbank Army Ammunition Plan, in accordance with authorization conference action. The Army is directed to submit to the Committees on Appropriations of the House and Senate for prior approval an itemization of the specific equipment to be procured with these funds. The conferees agree that the Riverbank AAP shall be considered and specifically addressed in the ammunition production base policy directed in the House report. The conferees anticipate continued production activity at the Riverbank facility and direct that the workforce be retained at no less than the current level.

In order to maintain the near term production level at Riverbank, the conferee agreement also includes $13,300,000 for M42/6 grenades and $9,600,000 for 60mm mortar metal parts. This is a one-time expenditure to provide a rolling stock inventory.

OTHER PROCUREMENT, ARMY

TEN-TON TRUCKS

The conference agreement provides $239,297,000 for procurement of 1,388 Heavy Expanded Mobility Tactical Trucks (HEMTT), as proposed by the House. The multiyear procurement general provision in the conference bill (Sec. 8033) allows the Army to enter a two year multiyear contract for HEMTT. The conferees agree with the statement in the Senate report that assigns a high priority to the continued production of HEMTT. The conferees believe that the Army should sustain the existing production rate in fiscal year 1989. The conferees anticipate an amendment to the existing fiscal year 1989 budget request reflecting this priority.

SMALL UNIT SUPPORT VEHICLE

The Conferees agree to the Senate recommendation of $38,046,000. This amount permits the Army to procure the planned inventory of these vehicles.

SINCGARS SECOND SOURCE PRODUCTION

The Conferees agree with the Army plan to initiate a form-fit-function second source procurement of the SINCGARS ground radio in fiscal year 1988. The Conferees intend that the second source selection process for SINCGARS results in the lowest possible life cycle costs and delivery to the field at the earliest possible time. The second source SINCGARS must achieve complete interoperability with the current SINCGARS system.

To satisfy these concerns, the Conferees direct the General Accounting Office to monitor and report to the Appropriations Committees on the second source selection. The Army must report the specific second source contract plans to the Appropriations Committees at least thirty days prior to contract award.

From the funds available in the fiscal year 1986 appropriation for SINCGARS, not more than $52,000,000 may be obligated in fiscal year 1988 towards the SINCGARS second source acquisition program.

COMMANDER'S TACTICAL TERMINAL

The conferees agree to restore the $12,388,000 deleted in fiscal year 1988 and $14,700,000 rescinded in fiscal year 1987 for Commander's Tactical Terminal. However, the conferees also agree that none of these funds shall be available for obligation nor shall any production contract be entered into pending (1) successful completion of scheduled tests, and (2) concurrence by the Committees on Appropriations of the House and Senate.

LIGHT FIELD ARTILLERY TACTICAL DATA SYSTEM

The Conferees include bill language directing the Army to procure the Light Field Artillery Tactical Data System (LFATDS), also referred to as LTACFIRE, for the seven Army Light Divisions. The amount of $24,300,000 authorized and appropriated in fiscal year 1986 for this purpose is available and may only be obligated for this program. Any additional funding for necessary support or procurement of peripheral equipment for the seven division sets will be funded from appropriate accounts. The Army shall identify and report to the Committee on Appropriations on the necessary support or peripheral equipment provided. As reported by the General Accounting Office (GAO), LFATDS has met all of its design requirements and is ready for fielding to the Light Divisions.

The Secretary of Defense is directed to submit a program plan for LEATDS by February 15, 1988 for approval by the Committees on Appropriations of the House and Senate. This plan shall include the fielding of LFATDS to the Light Divisions and the ASARC/DAB schedule for AFTDS.

ADVANCED FIELD ARTILLERY TACTICAL DATA SYSTEM

The conferees recommend $26,000,000 for the Advanced Field Artillery Tactical Data System. Prior to obligation of these funds, however, the CEP must be successfully completed as certified by the ASARC and the DAB, the ASARC and the DAB must formally approve the production decision, and the Committees on Appropriations of the House and Senate must approve an acquisition strategy and schedule submitted to them by the DAB.

FACILITY INTRUSION DETECTION SYSTEM

The conferees recommend $5,339,000 for the Facility Intrusion Detection System (FIDS) program as budgeted. The conferees, however, direct the Army to submit a report to the Committees on Appropriations by March 31, 1988 including (1) identification of the Department of Defense (DOD) requirement for this equipment by Service and by classes of system according to relative size and capability; (2) the five year budget plan and acquisition strategy for meeting these requirements; and (3) a cost effectiveness analysis of the FIDS family of equipment for the Department of Defense compared to a nondevelopmental item (NDI) approach to meet these requirements.

AQUILA

The conferees agree that $25,000,000 in unobligated fiscal year 1987 Aquila funds shall be used for additional efforts on the Aquila program. The remaining prior year procurement funds are rescinded. The conferees also agree that the Aquila program shall be considered as part of the remotely piloted vehicle consolidated program office.

SPARES AND REPAIR PARTS

The conferees agree to consolidate the three existing "spares and repair parts" line items within the "Communications and Electronics" budget activity into one "spares and repair parts" line for this and future budgets. The conferees expect that all information currently provided for spares and repair parts in back-up books will continue to be provided under the consolidated line, and that future budget back-up books will also include distributions of initial spares by P-1 line item.

CHEMICAL AGENT MONITOR

The Conferees agree to provide $12,000,000 for the production of Chemical Agent Monitors. This level of funding will ensure uninterrupted production at the lead U.S. domestic source. The Conferees request that the Army report to the House and Senate Committees on Appropriations the procurement strategy for this item, to include justification for dual source procurement, planned annual procurement quantities, total Department of Defense inventory requirements, and producer production capabilities. No action on awarding a follow-on or second source contract should proceed until this report has been submitted.

ARMORED COMBAT EARTHMOVER

The conferees are aware of the new approach to the design of hydraulic circuits as demonstrated on the M9 Armored Combat Earthmover (ACE). This innovative and advanced technology promises to have merit by eliminating the problems associated with conventional hydraulic systems. This technology appears to have broad application to the various hydraulic requirements of the Department of Defense. Therefore, the conferees direct the Army to use up to $5,000,000 within available funds in Research, Development, Test, and Evaluation, Army to gather RAM data on up to three M9 vehicles or similar vehicles equipped with the fluidtronics technology. The Department of Defense will provide a preliminary report to both committees on the results of this evaluation at its conclusion.

TUG BOAT ACQUISITION AND OPERATIONS

The Conferees agree with the Senate recommendation to defer funds for fiscal year 1988 Tug boat procurement. The Army may proceed to award available fiscal year 1987 funds for the Inland and Coastal Waterway tug.

The Conferees share the concern of the Senate report regarding the conduct of the Army's port handling mission. The Department of Defense should report to the House and Senate Committees on Appropriations on alternatives to the current Army plan for manning and operating these craft. The Army has twice attempted to transfer this mission to other elements in the Department of Defense better suited to undertake this activity. This report should specifically address transfer of this mission to the Military Sealift Command, which currently operates tug boats for the Navy. The report should also consider potential economies of scale achievable through consolidation of this activity within the Department of Defense, and the impact of such a transfer on Army personnel and operations requirements. This report should be provided to the Committee no later than March 31, 1988.

NATIONAL TRAINING CENTER SUPPORT

The Conferees agree to provide the budget request of $34,649,000 for support of Army training center activities. The Conferees share the concerns expressed in the Senate report regarding the development of the Combat Manuever Training Center in Germany. This program was not discussed in detail in the President's Budget Request, even though it represents a major, and costly, new initiative. The Secretary of the Army should report to the House and Senate Committees on Appropriations the Army's plan for the development of this center. The report should address the justification for such a facility, total program cost, planned utilization of the center, annual operations costs, military construction costs, and a schedule for program completion. This report should be submitted by February 1, 1988. No funds should be obligated for the Combat Manuever Training Center until 30 days after the submission of this report to the Committees.

REALIGNMENT OF GENERAL DEFENSE INTELLIGENCE PROGRAMS (GDIP)

The conferees have realigned various funding lines of the General Defense Intelligence Program, which are included in the Other Procurement, Army appropriation. Details of this realignment are contained in the classified annex to this conference report.

AIRCRAFT PROCUREMENT, NAVY

The conferees agree to the following amounts for Aircraft Procurement, Navy:

AV-8B (HARRIER) AIRCRAFT

The Senate recommended funding 32 aircraft in fiscal year 1988 and advance procurement for continuing an annual procurement strategy, while the House recommended funding 24 aircraft and multi-year procurement in 1989. The conferees agree to provide $437,000,000 to procure 24 AV-8B aircraft in fiscal year 1988, and recommend $150,000,000 for advance procurement, the same as the House.

The conferees believe, however, that it is premature to recommend a multi-year procurement for AV-8B beginning in fiscal year 1989 given an uncertain fiscal environment and the lack of a formal request for multi-year procurement from the Navy. The conferees expect the Navy to examine multi-year for the AV-8B, and submit a request for multi-year financing if it finds that such a plan would meet the established cost saving and other program requirement for such procurement.

AH-1W HELICOPTERS

The conferees agree to provide $225,550,000 to purchase 34 AH-1W Cobra attack helicopters, as proposed by the House, which will fulfill the Marine Corps' new AH-1W requirements. If additional funds are required, to execute the conferees' direction a reprogramming request should be submitted.

SH-60B HELICOPTERS

The conferees agree to provide $98,727,000 to procure six SH-60B helicopters. The conferees also agree that the following items be competitively procured for these six helicopters:

ARC-182 Transceivers;

Lightweight ASW combat system mission tape recorders, which are capable of recording raw ASW acoustic data and video displays;

ALE-39 Dispenser;

ALE-144 two-phased Infrared sets;

M-60 Machine Guns; and

ALQ-156 pulse doppler radars.

HH-60 HELICOPTERS

The conferees agree to provide $103,000,000 to procure nine HH-60 combat search and rescue helicopters and buyout the program in fiscal year 1988 as proposed by the House.

F-16N MODIFICATIONS

The Navy currently employs a video camera and recorder which fails to provide sufficient information thus limiting mission analysis and evaluation. To correct this situation and ensure that the Navy's adversary aircraft squadrons are provided the opportunity to improve their flight training analysis and evaluations, the conferees agree to provide $5,000,000 to competitively procure combat system mission recorders by September 30, 1988 which are capable of simultaneously recording at least two hours of information from all primary sensor data including multiple heads up and heads down displays, bus data, voice and other weapons data. The funds provided are to begin this modification program for the F-16N's that have been delivered to the fighter weapons school.

SH-60B MODIFICATIONS

The conferees agree to provide $14,058,000 for the SH-60B modification program. These funds are to be used only for the procurement of the following equipment:

ARC-182 Transceivers;

Lightweight ASW combat system mission tape recorders which are capable of recording raw ASW acoustic data and video displays;

ALE-39 Dispenser;

ALQ-144 two-phased Infrared sets;

M-60 Machine Guns; and

ALQ-156 pulse doppler radar.

With regard to the ALQ-156 pulse doppler radar, the Navy should purchase these systems in conjunction with the Department of the Army since they currently procure these systems for the CH-47 helicopter program.

H-2 MODIFICATIONS

The conferees agree to provide $55,000,000 for the H-2 modification, provided that the additional funds be used only for six upgrade kits, lightweight ASW combat system mission recorders, which are capable of recording raw ASW acoustic data and video displays, a software integration facility, flight crew trainers, and publications. Additionally, the Committee directs that the procurement of eight acoustic processors include the technical data package and that remaining units be competitively procured and built in the United States.

P-3C MODIFICATIONS

The conferees agree to provide $136,865,000 for P-3 modifications of which $9,500,000 is available only for the procurement of the sonobuoy reference system.

ES-3 MODIFICATIONS

When the President's budget was submitted to Congress, the strategy for procurement of an airframe to replace the over-age EA-3B carrier based tactical SIGINT aircraft had not yet been finalized. The procurement line "EX Competition" was a plan for new procurement of ES-3 or E2-C aircraft to fill this critical mission area; the ES-3 Conversion in Lieu of Procurement plan, however, was chosen as the most cost effective and offers the most rapid replacement of the EA-3B.

The conferees support this procurement strategy and accordingly agree to provide $80,000,000 to initiate the ES-3 modification program.

E-2C MODIFICATIONS

Subsequent to the submission of the budget, the Navy discovered wing cracks on its E-2C aircraft. Consequently, the conferees agree to provide $39,639,000 for the E-2C modification program which provides an additional $17,200,000 and is available only for the procurement of E-2C center wing sections.

COMMON ECM EQUIPMENT

The conferees agree with the Senate language regarding the ALQ-126B contract options and note that $35,000,000 is the level required to exercise the contract option in fiscal year 1988. The conferees agree that $35,000,000 within the total amounts appropriated for Navy aircraft procurement shall be used to procure ALQ-126B electronic countermeasure systems and associated support equipment.

WEAPONS PROCUREMENT, NAVY

AIM-54 A/C

The conferees agree to provide $343,596,000 for procurement of AIM-54 A/C Phoenix missiles, and instruct the Navy to procure the maximum number of missiles possible with these funds.

HARPOON

The conferees agree to provide $142,660,000 for procurement of 124 Harpoon missiles, to provide no funds for Harpoon advance procurement, and to concur in the denial by the House of multi-year procurement of Harpoon. The conferees concur in the directives of the House concerning the Standoff Land Attack Missile version of Harpoon.

LASER MAVERICK

The conferees agree to provide $263,200,000 for procurement of Laser Maverick, offset by recissions of $147,400,000 of fiscal year 1986 and $153,000,000 of fiscal year 1987 funds authorized and appropriated for Laser Maverick. The fiscal year 1988 funds provided fall within the authorization level previously approved. The conferees take this action based on recent information provided by the Navy which indicates that technical and operational effectiveness issues have been satisfactorily resolved. The conferees anticipate that the funds provided will be sufficient to procure at least 2,000 new missiles and to retrofit 850 missiles previously produced.

IIR MAVERICK

The conferees agree to provide $60,000,000 for procurement of IIR Maverick, and instruct the Navy to procure the maximum number of missiles possible with these funds.

HARM MISSILE

LOW COST SEEKER

The conferees agree to provide $187,128,000 for procurement of HARM missiles as proposed by the Senate, instead of $194,728,000 as proposed by the House.

The conferees concur in the language of the Senate concerning Navy plans to second source the control section of the HARM missile.

The conferees concur in the directives of the House concerning a pilot production buy of the Low Cost Seeker (LCS) to be funded in fiscal year 1989, followed by production buys of at least 200, 400 and 800 units in fiscal years 1990, 1991 and 1992, as planned by the Navy, funded in AGM-88A procurement lines. The conferees direct that a contract for LCS development and production be awarded not later than January 31, 1988.

FLEET SATELLITE COMMUNICATIONS

The conferees recommend $123,858,000 for Fleet Satellite Communications. The Navy indicates that there is a critical requirement for another satellite in the Fleet Satellite Communications constellation. The Navy further indicates that it will use the recommended amount to incrementally fund one follow-on satellite to prevent a slip in the IOC of that satellite. The conferees understand, however, that the Navy plans to procure the remaining 9 follow-on satellites under a multiyear contract, which probably would result in lower unit costs. The conferees further understand that while the Navy is planning to incrementally fund—rather than fully fund—one follow-on satellite, to meet a critical need in the constellation, it is planning at the same time to place satellite number eight from the current generation in storage.

The conferees therefore direct the Navy prior to obligation of FY 88 funds to submit to the Committee on Appropriations for approval a report which (1) demonstrates the critical requirement in the constellation; (2) sets forth explicit launch plans for satellite number eight of the current generation, (3) sets forth Navy procurement and launch plans for the follow-on generation, and (4) justifies specifically single year procurement of one satellite and multiyear procurement of the remaining nine satellites, if that is the Navy plan.

The conferees intend that the critical requirements of the constellation be met, and are not opposed to incremental funding of the follow-on satellite if that approach is necessary in this case. The conferees, therefore, urge the Navy to submit the report including the required information to the Appropriations Committees at the earliest possible date.

The conferees also direct the Navy to take special note of House report language on "Multi-Year Procurement of Satellites" as it formulates its procurement plans for the follow-on generation. In particular, the Navy should carefully scrutinize the cost effectiveness of and the potential of incurring large storage costs of any future commitment to a large scale multi-year satellite procurement satellite.

MK-50 TORPEDO

The conferees agree to provide $108,402,000 to procure 16 second source qualification torpedoes as proposed by the Senate. Additionally, the conferees direct the General Accounting Office to perform a cost effectiveness analysis with respect to the component breakout of the MK-50 afterbody. The review should also examine the merits of separately breaking out the closed loop propulsion system.

CAPTOR MINE MODIFICATION

The conferees agree to provide $38,000,000 to be used solely for the buyout of the Captor Mine modification as proposed by the House.

MK-46 TORPEDO PROGRAM

The conferees on the fiscal year 1987 Continuing Resolution agreed to provide a total of $180,036,000 for the MK-46 torpedo and modification program. The conferees emphasized the fact that this appropriation was substantially higher than the amounts recommended by either the House or the Senate. The Conference Report, dated October 15, 1986, directed that the Navy use the fiscal year 1987 appropriations and all prior year savings and excess funds for the fiscal year 1988 portion (the third year) of the

MK-46 multiyear contract. The conferees also encouraged the Department to submit a reprogramming if additional funding was required. Prior to the conference, the Navy had taken a tentative decision in August 1986 to cancel the third year of the multiyear contract, but the Department thought it not necessary to advise the conferees of their decision. The House Appropriations Committee continued monitoring the Navy actions with respect to the MK-46 program. In March, 1987 Chairman Chappell sent a letter expressing his concern over the cancellation and the Navy's ignoring of the conferees direction. Exhaustive testimony was received concerning this issue and numerous meetings were conducted in an attempt to get all the facts. During the course of gathering this data, the Navy finally revealed its tentative decision to cancel, made in August, 1986. A final decision was not taken until finalization of the fiscal year 1988 budget which was submitted months after the conferees' direction was issued. This blatant disregard of the conference direction cannot and will not be tolerated.

The conferees expect the following actions to be taken forthwith:

Purchase 300 MK-46 using $45,700,000 from the FY 1987 MK-50 program and $6,600,000 from the Department of the Navy's Stinger program. These torpedoes should be used as war reserves and if they become excess to requirements they should be used for foreign military sales.

Accelerate the spares with initial procurement (SAIP) buyout program by one year using the following funds: $17,000,000 from the FY 1987 MK-46 torpedo program; $18,000,000 from the FY 1987 MK-48 Spares program; $4,700,000 from the FY 1987 MK-50 Spares program; and $1,000,000 from the FY 1987 VLA Spares program.

The conferees want to make it perfectly clear that they expect the Department to expeditiously comply with this direction. If there is no movement in this regard the Department can fully expect the conferees to legislate this issue in a way that will go far beyond the scope of this issue.

SPARE AND REPAIR PARTS

During the course of the House's review of the MK-46 Torpedo program it was determined that a severe spare problem is being experienced leaving many units in an unserviceable condition. To alleviate this problem the conferees, in addition to the $40,700,000 of prior year funds that are to be set aside for the MK-46 spares, agree to provide $127,028,000 for weapons spares and repair parts of which not less than $35,000,000 is to be used solely to procure, with initial production, MK-46 spare and repair parts. The conferees approve the reprogramming or transferring of funds from the Operation and Maintenance appropriation if it is necessary to execute the conferees' direction.

SHIPBUILDING AND CONVERSION, NAVY

The conferees agree to the following amounts for Shipbuilding and Conversion, Navy:

[In thousands of dollars]

	Budget	House	Senate	Conference
SHIPBUILDING AND CONVERSION, NAVY				
Fleet ballistic missile ships—BA–1:

FRIGATE MODERNIZATION PROGRAM

The conferees are concerned about the lack of current plans for modernization of Navy frigates. These ships provide critical antisubmarine warfare (ASW) protection for convoys, amphibious operations, underway replenishment groups and carrier battle groups.

The FF-1052 (KNOX Class) now comprises almost half of the Navy's frigate fleet. With the lead ship in this class nearing 20 years of age, its effectiveness is a matter of concern in the face of the increasing Soviet submarine threat.

To preserve a qualitative edge over the growing Soviet submarine threat, a plan for modernization of Navy frigate assets is required. The key elements of this plan should include: a modernized ASW sensor and weapons suite capable of defeating the projected Soviet submarine threat of the 1990s and beyond and improved survivability to allow effective operations in a missile environment.

A promising option for meeting these requirements is a modernization program for the 1052 class that could be accomplished in a timely fashion and which could provide service life extension to provide 40 cumulative years of service life.

Accordingly, the conferees direct the Navy to review this and other options for a frigate modernization program taking into account, the projected acoustic and electromagnetic threats and the attendant impact of such a program on the shipbuilding industrial base. The conferees expected the Navy to report its findings and recommendations to the Appropriations Committees no later than March 31, 1988.

MHC COASTAL MINE HUNTER

The Navy did not request any funds for the MHC Coastal Mine Hunter program. Concerns have been raised over the continued delays and problems associated with both mine countermeasures ship programs. At this time, the Navy does not intend to select a second source for the MHC program until fiscal year 1989. The conferees believe that this is unacceptable considering the continuation delays in these programs and current threat. The conferees have identified $27,000,000 in unobligated 1984 MSH funds which the Navy is directed to be used solely for qualifying a second MHC source during fiscal year 1988.

YP-683 CLASS MINE COUNTERMEASURE CONVERSION PROGRAM

Although the U.S. Navy is procuring both the ocean going MCM and the MHC for the coastal waters, it will be many years before adequate numbers of ships are delivered to perform mine sweeping missions near U.S. harbors and ports.

Because of this serious shortfall the conferees believe the Navy should examine a parallel and complimentary program to the MCM and MHC programs for port and harbor mine hunting missions.

Accordingly, the Secretary of the Navy is directed to use prior year (fiscal year 1986) funds to outfit the last fiscal year 1986 YP-683 yard craft with a lightweight, off-the-shelf mine countermeasures system for use in a national emergency.

T-A9 FLEET OILER

The conferees agree to provide a total of $256,400,000 for the fleet oiler program, but do not agree to the restriction on obligation of funds as proposed by the House. The conferees agree with the House language which directs the Navy to procure U.S. built totally enclosed survival system (survival craft and launch systems) for installation on these ships.

LANDING CRAFT AIR CUSHION (LCAC)

The conferees agree to provide $36,500,000 for the Landing Craft Air Cushion (LCAC) program as proposed by the Senate. It is the conferees' intention that $2,800,000 be used solely for an arctic configured LCAC.

T-ACS CRANE SHIP

The conferees agree to provide $53,100,000 for the T-ACS crane ship program as proposed by the Senate provided that the Navy procure U.S. built totally enclosed survival system for installation on these ships.

POST DELIVERY

The conferees agree to the House language which directs the shock testing of MCM-1 during fiscal year 1988 using available post delivery funds.

OTHER PROCUREMENT, NAVY

NAVY SPECIAL WARFARE EQUIPMENT

Last year the conferees in the Continuing Resolution for fiscal year 1987 directed the Navy to determine whether there were any small submersible vehicles available on the commercial market. The conferees intended that the Navy purchase a vehicle to assess its performance as it relates to the operational and inherent technological requirements of an advanced swimmer delivery system. Since the Navy has been successful in its market survey the conferees agree to provide $45,653,000 for naval special warfare equipment. Additionally, the conferees direct that $15,000,000 of the recommended amount be used only for the purchase of a small submersible vehicle or supporting subsystems. The Navy should report its acquisition decision to the House and Senate Committees on Appropriations within 30 days of contract award. This report should address vessel cost, supplier, schedule for conversion, and Navy operational and testing plans.

SMALL BOATS

The conferees are concerned that our civilian manned ships ("T" ship program) are not equipped with state of the art survival systems. Accordingly, the conferees agree to provide $25,200,000 for small boats provided that $10,000,000 is solely for the purchase of U.S. built totally enclosed survival systems. Additionally, the conferees direct the Navy to submit no later than March 1, 1988 a plan and funding profile to equip each "T" type (civilian-manned) ship with U.S. built totally enclosed survival systems. It should be noted that this plan will be discussed at length in the Other Procurement, Navy hearings.

The conferees agree with the Senate position deleting funds for sail training craft procurement. These craft should be funded with non-appropriated assets available to the Navy Academy.

NAVY TACTICAL DATA SYSTEM

The conferees recommended $88,000,000 for the Navy Tactical Data System and direct that none of these funds be made available for reprogramming from this line.

AUTOMATIC CARRIER LANDING SYSTEM

The Conferees recommend $1,680,000 for the Automatic Carrier Landing System. Available prior year funds under this line should be made available for necessary modifications of existing systems consistent with the direction provided in the Senate report.

MK XII AIMS IFF

The conferees recommend $18,208,000 for the MK XII AIMS IFF program. This recommendation provides for the procurement of the remaining requirement of the SN-501 UPX Video Synchronizer.

MK-92 FIRE CONTROL SYSTEM UPGRADE—CORT

In an effort to improve the anti-aircraft warfare system of our FFG-7 class frigates, the conferees agree to provide $78,000,000 for six MK-92 CORT systems and direct the Navy to proceed expeditiously with both the contact award and any remaining testing.

CLOSE-IN WEAPON SYSTEM AMMUNITION

The conferees agree that the procurement strategy for close-in weapon system ammunition shall address both depleted uranium and tungsten penetrators.

SONOBUOYS

The conferees agree to an unallocated increase of $50,000,000 for procurement of sonobuoys. The Navy shall report to the Committees on the allocation of this increase.

The House report directed termination of the sonobuoy rolling stock surge program beginning in fiscal year 1988. The conferees agree with Senate report language directing the Navy to review its surge production capabilities and report to the Committees. The conferees agree that the Navy's report shall include a phase-out plan for the rolling stock inventory, whether or not termination is the Navy's recommendation. The conferees further agree that the phase-out does not have to begin before fiscal year 1989.

The conferees approve the Navy's fiscal year 1988 procurement strategy for sonobuoys but expect a detailed and responsive review and report on the House study of this program when the fiscal year 1989 budget is submitted. The report shall include corrective actions taken and planned.

DEADEYE

The conference agreement includes an amendment to a House general provision (Sec. 8091) which requires that previously appropriated funds for the Deadeye five inch guided projectile may be obligated only after the Secretary of the Navy certifies to the Committees on Appropriations of the House of Representatives and the Senate that (1) the program is funded in the fiscal year 1989 five year budget, (2) that it will be competitively procured, and (3) that the procurement unit cost will be no more than $29,000, under a firm fixed price contract.

The conferees believe that this certification can be made at the end of the Phase II second source qualification effort with a competitive down-selection to two producers. Therefore, $48,000,000 in fiscal 1987 funds, intended for use in Phase III, will not be needed and are rescinded in the bill.

REALIGNMENT OF GENERAL DEFENSE INTELLIGENCE PROGRAMS (GDIP)

The conferees have realigned various funding lines of the General Defense Intelligence Program, which are included in the Other Procurement, Navy appropriation. Details of this realignment are contained in the classified annex to this conference report.

PROCUREMENT, MARINE CORPS

The conferees agree to the following amounts for the Procurement, Marine Corps, account:

83MM ROCKET (SMAW)

The conferees agree to provide $12,315,000 for initial procurement of 3,355 High Explosive Antiarmor (HEAA) rounds for the Shoulder-Launched Multipurpose Assault Weapon (SMAW). Further, the conferees agree to provide $34,962,000 for Marine Corps Ground Combat/Supporting Arms Systems [PE26623M] of which $7,424,000 will be used for the development of anti-tank rounds for the SMAW.

The conferees further direct that none of the funds provided for the development or procurement of any anti-tank round for the SMAW shall be obligated or expended until the Under Secretary of Defense for Aquisition has certified to the Committees on Appropriations that the antiarmor rounds for the SMAW fall within the approved programs of the Department of Defense Antiarmor Master Plan and that the development and procurement of the rounds are fully funded in the fiscal year 1989-1994 Five Year Defense Plan (FYDP).

The conferees further agree that the next annual DoD Antiarmor Master Plan shall be modified to reflect the implementation of the GAO recommended uniformed methodology for assessing and comparing the peformance of antitank weapons and ammunition. The conferees also direct that future budgets shall identify all ground antiarmor development in three general program elements; Light, Medium and Heavy Antiarmor Weapons development. All funds requested for development of any component of a ground antiarmor weapon will be identified within one of these program elements. These program elements shall be uniform for all services and defense agencies. The DoD antiarmor master plan shall also be amended to include these changes.

MARINE CORPS AMMUNITION

The conferees agree that all ammunition lines in the table above are matters of special interest

TOW II

The conferees agree to provide $26,940,000 for the procurement of 2,680 TOW missiles. Further, the conferees provide an additional appropriation of $11,500,000 only for TOW II missiles, subject to authorization.

HAWK

The conference agreement provides the necessary authority and funding for a multiyear contract for the Hawk missile system. The conferees are not yet convinced, however, that multiyear procurement is the most cost effective compared to other strategies. The conferees direct, therefore, that none of the funds may be obligated for a multiyear contract until the Secretary of Defense certifies that such a contract is the most cost effective procurement strategy, that other strategies have been investigated, and that the proposed contract complies with all provisions of law.

COASTAL DEFENSE AUGMENTATION

To ensure that the Coast Guard's 270 foot medium endurance cutters are able to conduct the antisubmarine warfare mission in support of the national maritime strategy, the conferees agree to provide $20,000,000 and direct that funds provided are to be used to develop and install a prototype ASW system which includes the following proposed equipment suite:

SQR-17A DIFAR/DICASS sonobuoy processor;
APR-78 shipboard sonobuoy receivers;
SQR-18A tactical towed array sonar;
automated approach aids to allow for helicopter recovery during restricted visibility; and
ASW datalink system consisting of palletized equipment for the H-60 helicopter, including a SKR-4 shipboard datalink receiver.

AIRCRAFT PROCUREMENT, AIR FORCE

C-27

The conferees have not provided funding for the C-27 program, a new initiative for off-the-shelf aircraft in support of low intensity conflicts. The conferees believe that the requirements for the C-27 need refinement. In addition, the current procurement strategy virtually precludes United States aircraft manufacturers. In connection with the fiscal year 1989 budget submission the managers request the Air Force to better define the precise operating requirements for the C-27 aircraft and refocus the procurement strategy to encourage the participation of U.S. manufacturers.

F-15 MODIFICATIONS

The Senate funded the budget estimate of $58,000,000 to equip F-15s with the joint tactical information distribution system (JTIDS), which the House had denied due to concern with the system's reliability.

The conferees have provided $20,000,000 for JTIDS modifications but direct that none of the funds be obligated or expended until the system has demonstrated consistent reliability and attained a level of at least 400 hours mean time between failures.

Further, the conferees agree to provide $6.1 million within funds available for F-15 modifications to procure chaff and flare dispensers for F-15 aircraft.

F-111 ECM PODS

In February 1987, due to its excessive cost, the Air Force canceled the program to provide an internal electronic countermeasure suite for F-111 aircraft. The Air Force's proposed alternative plan to upgrade F-111 ECM capabilities is to purchase additional ALQ-131 Block II pods.

The conferees support the Air Force's effort to upgrade F-111 ECM capabilities. Accordingly, the conferees have transferred $38,800,000 requested in the Research, development, test and evaluation, Air Force account to the Aircraft procurement, Air Force account for the purchase of additional pods. In addition, the conferees approve the use of not to exceed $80,400,000 appropriated for the ALQ-XXX and ALQ-184 systems in fiscal year 1986 for the purchase of the additional 72 ALQ-131 Block II pods.

OTHER PRODUCTION CHARGES

The conferees agree that within the funding provided for other production charges the following changes from the budget are reflected:

TR-1 reengining	+$10,000,000
TR-1 ASARS modification	+30,000,000
NAVSTAR GPS	−25,200,000

Other changes have been addressed in the classified annex.

SPARES AND REPAIR PARTS

INITIAL SPARES

The Conferees agree with the following reductions from the budget request for initial spares

Program	Amount
F-15 Engines	$19,200,000
F-16 Engines	21,500,000
AC-130 U	9,100,000
C-17 Engines	39,500,000
C-27	4,600,000
Classified Program	15,405,000
Total	109,305,000

REPLENISHMENT SPARES

The conferees have also made reductions totaling $480,775,000 in replenishment spares. Included in the total is $258,000,000 requested for spares for the B-1B's troubled defensive electronic countermeasures suite, the ALQ-161. Although the additional reductions are not specifically targeted, the conferees note that the General Accounting Office has identified savings of approximately $220,000,000 in replenishment spares, primarily due to program changes or use of prior year funds to satisfy requirements.

PRIOR YEAR SAVINGS

The Committee of conference has approved the following rescissions of prior year funds, based primarily on contract savings and program slippages.

Program	1986	1987
F-15	$6,500,000	$9,500,000
F-16	5,800,000	32,900,000
MC-130H		8,900,000

AGM-65D MAVERICK

The conferees agree to provide $290,000,000 for procurement of AGM-65D Maverick missiles, and instruct the Air Force to procure the maximum number of missiles possible with these funds.

AGM-88A HARM

The conferees agree to provide $367,000,000 for procurement of AGM-88A HARM missiles, and instruct the Air Force to procure the maximum number of missiles possible with these funds.

AMRAAM

The conferees agree to provide $670,000,000 for procurement of AMRAAM missiles.

Currently, the Air Force is funding two AMRAAM producers, with the leader now facilitized and producing at a higher rate than the follower. Because fiscal constraints dictated lower funding than was originally budgeted, the numbers of fiscal year 1988 missiles, and the funds for build-up of production rates, allocated to the two producers will necessarily differ from the previous plan. The conferees direct the Air Force to make these allocations in such manner as to ensure that competitive incentives remain maximized and that total acquisition costs over the life of the program are minimized.

DEFENSE METEOROLOGICAL SUPPORT PROGRAM (DMSP)

The conferees agree to the Senate proposal of $65,900,000 for the Defense Meteorological Support Program as opposed to the House proposal of $83,879,000. The funding level recommended is for an annual buy of the satellites for the DMSP program.

MEDIUM LAUNCH VEHICLE

The conferees have provided $182,600,000 for the Delta II medium launch vehicle. This reflects a $15,300,000 reduction below the budget estimate based on contract savings and is sufficient to fund seven vehicles in 1988.

OTHER PROCUREMENT, AIR FORCE

The conferees agree to the following amounts for Other Procurement, Air Force:

LAUNCH CONTROL CENTER COMMUNICATIONS

The Conferees recommended $8,100,000 for the Launch Control Center Communications program. The allowance permits the Air Force to procure the planned inventory of these systems.

MARS/USAF-FAA RADAR UPGRADE

The conferees recommended $26,422,000 for the MARS/USA-FAA Radar Upgrade with the understanding that the Air Force share of this program is limited to fifty percent of procurement cost.

RANGE IMPROVEMENTS

The conferees recommend $176,331,000 for Range Improvements. The recommended amount includes $10,000,000 for two AN/MLQ-T4 Ground Jammers and $25,000,000 for an Air Combat Maneuvering Instrumentation System range to be located within the Alaska Air Command. A portion of the $25,000,000 may be used for aircraft instrumentation subsystem pods.

WEAPONS STORAGE SECURITY SYSTEMS

The Conferees agree to the Senate recommendation of $18,400,000 for the procurement of weapons storage vaults. The Air Force should resolve the issue of military construction funding for additional NATO sites prior to any further procurement of storage vaults in NATO beyond fiscal year 1988.

JOINT TACTICAL COMMUNICATIONS PROGRAM

The conferees recommend $151,000,000 for the Joint Tactical Communications Program and include no earmarking for the distribution of these funds.

MINIMUM ESSENTIAL EMERGENCY COMMUNICATIONS NET

The conferees recommend $36,100,000 for the Minimum Essential Emergency Communications Net program. The conferees understand that with this amount the Air Force will complete procurement of relay nodes (Towers) for the Ground Wave Emergency Network Program.

CHEMICAL/BIOLOGICAL DEFENSE PROGRAM

The Conferees recommend $105,444,000 for the Chemical/Biological Defense Program. The reduction from the budget request reflects only program delays. The Conferees do not intend to slow the implementation of planned chemical protection upgrades.

MODIFICATIONS

The conferees recommend $7,441,000 for the Modifications program. The conferees fully support the Sea Water Parachute Release System (SEAWARS) Class V Modification and understand that the amount recommended meets requirements for fiscal year 1988. The Air Force should, however, employ the reprogramming process if further funds are required to meet requirements.

REALIGNMENT OF GENERAL DEFENSE INTELLIGENCE PROGRAMS (GDIP)

The conferees have realigned various funding lines of the General Defense Intelligence Program, which are included in the Other Procurement, Air Force appropriation. Details of this realignment are contained in the classified annex to this conference report.

NATIONAL GUARD AND RESERVE EQUIPMENT

The conferees agree to the following amounts for the Reserve and National Guard:

[In thousands of dollars]

	Budget	House	Senate	Conference
NATIONAL GUARD AND RESERVE EQUIPMENT, DEFENSE				
Reserve, Army, Miscellaneous Equipment		90,000	80,000	85,000
Reserve, Navy:				
Miscellaneous equipment			40,000	40,000
AN/SQR-17A		10,000		10,000
Seabees			15,000	15,000
P-3C aircraft		193,800		193,800
Reserve, Marine corps: KC-130 T aircraft			40,000	40,000
Reserve, Air Force:				
Miscellaneous equipment			35,000	35,000
C-5A simulator		12,300		12,300
Weather reconnaissance system		4,800		4,800
C-130H aircraft		150,000	150,000	150,000
NATIONAL GUARD EQUIPMENT				
Guard, Army:				
Miscellaneous equipment			150,000	100,000
FIST-V		20,000		20,000
C-23 aircraft		100,000		60,000
M113 APC		65,000	65,000	65,000
Cannon Replacement Program		28,100		28,100
Guard, Air Force:				
Miscellaneous equipment			30,000	30,000
C-130H aircraft		150,000	150,000	150,000
MH-60G helicopters and support equipment		88,000	117,000	117,000
HC-130 aircraft			44,000	44,000
Total, National Guard and Reserve Equipment, Defense		912,000	916,000	1,200,000

AN/SQR-17A ACOUSTIC PROCESSORS

The conferees agree to provide $10,000,000 to procure AN/SQR-17A acoustic processors for the Mobile In-Shore Undersea Warfare group as proposed by the House.

C-5A SIMULATOR

The conferees reaffirm the House language agreeing with the Air Force plan to locate the C-5A simulator at Westover Air Force Base, Massachusetts.

CANNON REPLACEMENT PROGRAM

In approving $28,100,000 for the cannon replacement program, the conferees also approve the fiscal year 1987 reprogramming to start this program.

PROCUREMENT, DEFENSE AGENCIES

The conferees agree to the following amounts for Procurement, Defense Agencies:

[In thousands of dollars]

	Budget	House	Senate	Conference
PROCUREMENT, DEFENSE AGENCIES				
Major equipment, OSD:				
Motor vehicles	320	320	320	320
Remotely piloted vehicles (RPV)		45,400		45,400

Total, procurement, Defense agencies	1,292,391	1,195,833	1,194,034	1,266,263

STANDARD TELEPHONE UNIT III (STU-III)

The conferees are very supportive of this program, which will provide enhanced security to prevent classified information from being compromised. The conferees disagree with the House position regarding the Standard Telephone Unit III (STU-III) program. It is the understanding of the conferees that the production rate for future STU-III telephones is not incompatible with the availability of adequately secured locations.

REMOTELY PILOTED VEHICLES

The conferees agree to provide $45,400,000 for procurement of Remotely Piloted Vehicles (RPV). Of the amount provided, up to $38,800,000 shall be provided to the Department of the Navy to execute a fixed price contract option to procure four Pioneer RPV's. The conferees further agree that the restrictions placed on obligation and expenditure of funds for research and development of RPV's contained in Title IV of the bill shall not apply to fiscal year 1988 procurement funds.

TITLE IV—RESEARCH, DEVELOPMENT, TEST AND EVALUATION

The conferees agree to the following amounts for the Research, Development, Test and Evaluation accounts:

[In thousands of dollars]

	Budget	House	Senate	Conference
RECAPITULATION				
Total, RDTE, Army	5,511,172	4,445,362	4,937,166	4,687,513
Total, RDTE, Navy	10,448,112	8,634,560	9,535,619	9,493,546
Total, RDTE, Air Force	18,623,383	16,119,705	14,322,604	15,002.095
Total, RDTE, Defense agencies	8,811,532	6,198,116	7,656,566	7,631,825
Total, RDTE, development test and evaluation	178,217	192,410	169,337	182,116
Total, Operational test and evaluation	104,221	57,221	83,221	70,221
Total, RDTE	43,676,637	35,647,374	36,704,513	37,067,316

The conferees agree to the following language:

FIXED PRICE RDT&E CONTRACTING

The conferees agree with the strong concern of the House over the increasing use of fixed price-type contracts for engineering development and separate practices within the department over this issue. Rising dollar values for such contracts in a declining budget environment is likely to lead to unnecessary and wasteful contract renegotiation including termination or renegotiation cost. In order to prevent such problems, the department or the Congress may be compelled to reduce funding for other programs not on the basis of relative merit, but to maintain the government's credibility as a reliable business partner. While this may seem desirable, it could skew funding priorities for development away from the primary goal of achieving improvements in high priority military requirements.

As a consequence, the conferees accept compromise bill language in this area. The language requires the Under Secretary of Defense for Acquisition to make determinations in writing concerning program risk prior to awarding a fixed-price type development contract with a total contract value of greater than $10,000,000. Due in part to inconsistencies in practice among the services, the bill states that this authority may not be delegated below the level of Assistant Secretary of Defense. The conferees also agree with House language directing a single, DOD-wide policy on this issue, and with language encouraging the Navy to review its policy in particular.

In order to reduce the appearance of congressional micromanagement of acquisition policy, the conferees agree to require quarterly reports of obligations under such contracts instead of the more rigorous requirement of prior certification to Congress proposed by the House. However, the conferees express their willingness to impose more severe restrictions in the future if policy and practice are not more uniform among the services and in accord with DOD Directive 5000.1, which states that "contract type shall be consistent with all program characteristics including risk. Fixed price contracts are normally not appropriate for research and development phases".

The conferees may also consider an extension of the full funding principle into the RDT&E accounts for fixed-price RDT&E programs in the future. This would be similar to the milestone budgeting concept, and would strengthen the government's ability to follow through on implied future program commitments.

As directed by the House, the department is to submit a list of major fixed-price RDT&E contracts included in the fiscal year 1989 budget request, by service.

REPROGRAMMING PROCEDURES

The House recedes from directing improvements in the reprogramming process at this time through report language guidance. However, the conferees agree to consider such improvements in the near future.

ADVANCED AIR-TO-AIR MISSILE TECHNOLOGY

The conferees note the existence of similar development work relating to advanced air-to-air missile technology in both the Navy and the Air Force. While the Navy's Advanced Air-to-Air Missile (AAAM) program is reportedly underfunded, the Air Force has at least $32,212,000 budgeted in fiscal year 1988 for similar work. The conferees agree that this work should be combined into a joint effort through the Navy's existing program.

Therefore, the conferees recommend $17,000,000 for the AAAM program as proposed by the Senate, instead of $17,309,000 as proposed by the House. If more funds are required for the AAAM program during fiscal year 1988, the conferees would welcome a reprogramming request for initial Air Force funding for the program. In the Air Force, the following specific reductions are recommended, in order to delete funding for the specific projects described:

[Dollars in thousands]

P.E.	Project	Recommended reduction
62302F	Rocket propulsion	−$4,807
63302F	Advanced air-launched motor	−2,714
63363F	Advanced missile technology integration	−1,000
63369F	Variable flow ducted ramjet engine	−4,222
63369F	Multi-spectral seeker	−6,000
63601	Advanced Seeker Technology for Air-to-Air Missiles (ASTAAM)	−13,469
Total		32,212

The conferees do not agree with report language proposed by the House restricting obligation of AAAM funds until the Air Force agrees to a joint development effort. Instead, the conferees state their firm intent to prevent future RDT&E funding for advanced air-to-air missile technology, targeted for applications in the next decade, which are not included as part of the Navy-led AAAM program.

TEAL RUBY

The conferees agree to delete RDT&E funding for the Teal Ruby program contained in the Air Force and Defense Agencies account due to the uncertain future of the program. Significant launch schedule slips have led to increasing doubts about the benefits of Teal Ruby once it is launched. However, the conferees do not disagree with continued storage for the payload, out of available Air Force funding, until the program's future becomes more clear.

MILSTAR SATELLITE

The House included language in the classified annex to its report that was highly critical of the Air Force MILSTAR satellite program. The House reported that pervasive problems are being experienced, including: cost overruns due, in part, to repeated changes to acquisition schedules, inadequate funding; poor contracting procedures; and a lack of management attention at the senior levels of the Departments of Defense and Air Force.

The conferees fully endorse the fundings of the House. Moreover, the conferees are concerned that hundreds of millions of dollars, perhaps as much as a billion dollars, could be wasted over the next decade due to production inefficiencies resulting from gaps in the acquisition schedule. In a fiscally constrained environment such waste cannot be tolerated. The conferees believe that MILSTAR should be accorded the high priority it clearly warrants and, therefore, agree to provide an increase of $25,000,000 to the fiscal year 1988 request and direct that the out year acquisition and launch schedule be accelerated as discussed in the classified annex to this conference report. While the Air Force, as the DOD executive agent, must assume most of the burden of realigning the required funds in the out years, the conferees believe that the other military services, who also will benefit from MILSTAR, should provide some portion of the necessary assets. The conferees have, therefore, financed the increase in fiscal year 1988 by assessing the Army and Navy RDT&E accounts a total of $25,000,000. The Secretary of Defense is directed to report by March 1, 1988 to the Committees on Appropriations of the House and the Senate the steps being taken to address the deficiencies addressed in the House classified annex and the classified annex to this report.

RESEARCH, DEVELOPMENT, TEST AND EVALUATION, ARMY

The conferees agree to the following amounts for Research, Development, Test and Evaluation, Army:

(In thousands of dollars)

LOGISTICS ADVANCED TECHNOLOGY

The conferees have been advised of Army plans to initiate testing of a new ammunition container (AMCON) system at the Aberdeen Proving Ground. The conferees are supportive of this effort, and in order to accelerate evaluation of this system, the conferees direct that not less than $406,000 be made available in fiscal year 1988 from PE 6.30.01A, Logistics Advanced Technology, for the purchase of 24 flatrack containers and associated kits for the Army test program.

ARMY DEVELOPMENT AND EMPLOYMENT ACTIVITY

The conferees agree to provide $11,936,000 for Army Development and Employment Activity (ADEA) as proposed by the House, instead of $5,968,000 as proposed by the Senate.

The conferees do not agree to the language of the Senate report concerning ADEA, and agree that ADEA efforts are to continue as envisioned in the fiscal year 1988 budget.

ARMY BATTLEFIELD TECHNOLOGY INTEGRATION

The conferees agree to provide $9,100,000 for Army Battlefield Technology Integration, instead of $12,221,000 as proposed by the House or $5,955,000 as proposed by the Senate. The conferees agree that development and demonstration of the Tactical Robotics Vehicle may be continued only as they relate to the role of that vehicle limited to reconnaissance. No funds provided for fiscal year 1988 and 1989 are to be used for development of the vehicle as a weapons platform or carrier.

ADVANCED ANTI-TANK WEAPON SYSTEM

The conferees agree to provide $33,566,000 for Advanced Anti-Tank Weapon System (AAWS), instead of $30,566,000 as proposed by the House or $36,066,000 as proposed by the Senate. Of the funds provided, $30,566,000 are to continue development of AAWS-Medium, and $3,000,000 are to study the requirement for an AAWS-Heavy. That study is to include examination of the operational and organizational concept for AAWS-H, and the other AAWS-Heavy issues raised by the Senate in its report on the fiscal 1988 Defense Appropriations Act.

It is reasonable to assume that Ground Launched HELLFIRE (GLH) is a strong candidate for the AAWS-H mission, given the fact that the HELLFIRE weapon is already developed and is being competitively produced and deployed to the field, and given the severe fiscal constraints which will force curtailment of new developments and the search for wider applications of existing systems. The conferees direct that GLH be evaluated fully and fairly as an AAWS-H candidate. The conferees direct that the Army, as a separate action, study and report by June 30, 1988 on the relative costs and impacts of equipping all its divisions with GLH to fill the AAWS-H requirement.

The conferees strongly agree with the concerns raised by the Senate on the costly proliferation of separate and redundant antiarmor weapons programs among the services and about the desire on the part of the services to maintain a one man crew for medium antiarmor weapons, and with the Senate's direction to operationally evaluate and test doctrine for two-man medium antitank weapons. The conferees further direct the Department to modify the antiarmor master plan to incorporate the GAO recommendations for assessing and comparing the performance of antiarmor weapons.

AVIATION ADVANCE DEVELOPMENT

The House report included language concerning funding for the Aircrew Integrated Helmet System. The conferees direct that within the funds made available for Army RDT&E for fiscal year 1988, $1,800,000 be allocated for Project DB45, P.E. 6.38.01A, of which not less than $1,000,000 will be dedicated to the Aircrew Integrated Helmet System.

HELICOPTER MODERNIZATION

The conferees agree to provide a total of $170,000,000 for Helicopter Modernization. Of the sum provided, not less than $100,000,000 are available for development of the T-800 engine. The remainder is to be applied to LHX, to AH-64 Upgrade and to HU-60 Upgrade, in whatever amounts the Department determines are suitable.

MOBILITY

PALLETIZED LOADING SYSTEM HEAVY TRUCK

The conference agreement provides $5,000,000 for a competitive, performance specification, non-developmental item testing and evaluation of a Palletized Loading System heavy truck. These funds are contained in the budget line titled "Mobility." The conferees agree that, prior to obligating these funds, the Army shall submit to the Committee on Appropriations a procurement strategy for this program. The Army shall also submit a total plan for its ammunition handling system that shows how ammunition is transported and stored from the manufacturing factory to the gun tube.

EXPENDABLE JAMMERS

The conferees concur in the direction of the House that project DL 14, Expendable Jammers, contained in P.E. 6.47.50A, Tactical Electronic Countermeasures Systems, be fully funded at the fiscal year 1988 budget request.

WEAPONS AND MUNITIONS ENGINEERING DEVELOPMENT

The conferees agree to provide $111,904,000 for Weapons and Munitions Engineering Development, as proposed by the House, instead of $109,302,000 as proposed by the Senate.

The sum provided includes $103,512,000 for SADARM. The conferees concur with the directives of the House concerning SADARM in their entirety.

The conferees to not agree to the language of the Senate report concerning 120mm Mortar ammunition.

ADVANCED FIELD ARTILLERY TACTICAL DATA SYSTEM (AFATDS)

The Conferees agree to provide $14,800,000 for continuation of Army Fire Support C3 Modernization. This funding is for the AFATDS program office support and the software upgrade of the LFATDS program. The Conferees further agree that $3,200,000 of this funding is provided solely for the software maturation of the LFATDS (LTACFIRE) and that the contract for this purpose must be awarded by April 1, 1988. The established cap of $46,100,000 for the AFATDS development effort shall not be exceeded until the CEP has been successfully completed. Such completion must be certified by formal ASARC/DAB review and the DAB must submit a revised acquisition strategy and schedule for review and approval of the Committees on Appropriations of the House and Senate. The impact of these developments on the Army Command and Control System (ACCS) program must be reflected in the revised AFATDS fielding strategy.

COMBAT VEHICLE IMPROVEMENT PROGRAM

The conferees agree to provide $122,768,000 for Combat Vehicle Improvement Program, instead of $97,351,000 as proposed by the House or $127,768,000 as proposed by the Senate. Of the funds provided, $18,800,000 are for accelerating the development of M-A1 Block II enhancements, and $5,000,000 are for continued development of a generic environmental control system for combat vehicles and small shelters.

EQUIPMENT UPGRADE

The conferees agree to provide $26,327,000 for Equipment Upgrade, and agree with the position of the Senate concerning the 106mm recoilless rifle.

GROUND LAUNCHED HELLFIRE

The conferees concur in the House position of providing a total of $13,000,000 for Ground Launched HELLFIRE (GLH). The conferees direct that these funds are to be derived from $5,000,000 appropriated for program element 6.43.10 A and $8,000,000 to be transferred from funds available for the Balanced Technology Initiative (BTI). Because GLH has multiservice applicability, up to $3,000,000 of the transferred BTI funds may be used for Navy and Marine Corps applications. The remainder of the $13,000,000 is for Army applications and is to be available, as stated by the House, for GLH development and low rate initial production, and for no other purpose.

WOOD RESEARCH

The House and Senate reports contained language concerning research on wood-fiber based materials and products. The conferees agree to the language of the House.

HEAVY VERTICAL LIFT

The House and Senate addressed, with different language, the Multi-Helicopter External Lift System (MHELS). The conferees agree that the Army is to provide a report by April 1, 1988, which addresses the results of an evaluation of MHELS, the costs and benefits of further development of MHELS, heavy lift requirement, and the options under consideration to meet those requirements.

M-1 TANK REPLACEMENT TRACK

The House provided report language concerning Army efforts to find a cost-effective replacement track for the M-1 tank. One possible outcome of the current program is a contract for a new track to be produced by a foreign/U.S. team both offshore and domestically, following first article testing. Because the manufacturing processes in such a case would differ between the foreign and domestic sources, the conferees agree that a first article test prior to starting domestic production is reasonable. On the other hand, operational and cost considerations point to the desirability of maximizing the domestic share of total production. Accordingly, the conferees direct that any required first article testing be completed and domestic production begin not later than April 1, 1989, and that no less than 80 percent of total program production be accomplished in the United States.

Research, Development, Test and Evaluation, Navy

The conferees agree to the following amounts for the Research, Development, Test and Evaluation, Navy account:

(In thousands of dollars)

NATIONAL CENTER FOR PHYSICAL ACOUSTICS

In fiscal year 1987, funds were provided to the Institute of Technology Development for the National Center for Physical Acoustics for construction, support and equipment. It is now necessary for the Center to begin acquiring highly qualified personnel so that a core staff is in place to begin the planning and organization of the Center. Therefore, the conferees have included $1,800,000 in the accompanying bill to fund these necessary expenses.

The Navy assisted in the planning and equipping of the National Center for Physical Acoustics and funds have been included this year to continue thew close involvement of the Navy in the planning, organization and use of the Center. An announcement has been made of plans to begin the construction of a large cavitation channel to measure acoustic and hydrodynamic performance of large scale models of ships. The conferees expect the operation of the cavitation channel and the Acoustics Center to complement each other and that the cavitation channel operations fully utilize the expertise of the Acoustic Center.

The conferees are convinced of the need for the involvement of the Acoustics Center, for which funds were provided in fiscal year 1987, and the necessity for it to be fully utilized in order for the Navy to more fully develop its acoustics research capability which is essential from a national defense standpoint. The Committees on Appropriations are to be kept fully informed on the progress of both the National Center for Physical Acoustics and the cavitation channel.

MEDICAL DEVELOPMENT (ADVANCED)

The conferees agree to provide $19,545,000 for Medical Development (Advanced), instead of $17,445,000 as proposed by both the House and Senate. The addition of $2,100,000 is specifically included for continued development of the National Bone Marrow Donor Registry. This activity was included in the House bill under the Navy Operations and Maintenance account, and is transferred to the RDT&E account at the request of the Navy and with the concurrence of the Senate. Bill language is included to this effect.

EMPRESS II AND ORGANOTIN PAINT

The conferees agree to bill language proposed by the Senate restricting the use of the EMPRESS II facility for electromagnetic pulse testing in the Chesapeake Bay, and also agree to bill language proposed by the House retaining the modified ban on the use of organotin antifouling paint by the U.S. Navy. In light of public and worker health and safety issues, as well as environmental issues surrounding these proposed activities, the conferees believe such restrictions are justified and in the public interest.

CLOSE-IN WEAPON SYSTEM

The conferees agree to provide $5,324,000 for Close-In Weapon System instead of $3,000,000 as proposed by the House or $7,648,000 as proposed by the Senate. None of the recommended reduction is to be applied against Phalanx Block I, and no funds may be obligated for the CIWS 2000 project until evaluation of the Goalkeeper system is completed by the U.S. Navy. The conferees understand that Goalkeeper, which is a foreign system already in production, might satisfy the Navy's requirement for advanced close-in weapons systems. Of the amount provided, $1,500,000 is available only for evaluation of the Goalkeeper system.

CATAPULTS

The conferees agree to provide $5,000,000 for Catapults, as proposed by the Senate instead of no funds as proposed by the House, and agree that $3,500,000 is to be allocated to accelerate development of the electomagnetic catapult, as stated in the Senate report.

ATTACK SUBMARINE DEVELOPMENT

The conferees agree to provide $112,899,000 for Attack Submarine Development proposed by the House instead of $100,000,000 as proposed by the Senate.

The conferees wish to emphasize that these funds are to be transferred to, and under the control of, the Director, Defense Advanced Research Projects Agency (DARPA), and that overall program direction is to be guided by the advisory board recommended by the House, which will have as its chairman a representative from the OP-098 organization within the Navy. These and other provisions are contained in section 211 of the Defense Authorization Act for fiscal years 1988 and 1989. Changes and additions to the authorization act are included in this bill, and the conferees expect implementation of the provisions of law without delay.

It is intended that the funds for this new program be used primarily for revolutionary developments in attach submarine HM&E and non-nuclear propulsion technologies, and bill language is included which earmarks $90,000,000 for this objective. This primary work is to include technologies such as boundary layer control, advanced materials, structures, automated control systems, high temperature superconductors, and quiet propulsors. While sensors, weapons, acoustic signatures, and nonacoustic signatures can be expected to be favorably influenced by the successful implementation of HM&E technologies, these funds are not intended for weapon or sensor development. The intent is to increase the submarine technology base sufficiently to provide the Navy with design options which are not now feasible, and to serve as a hedge against technological surprise in this area.

However, the conferees do not wish to necessarily deny funding for sensors, weapons, electronics, and countermeasures. The remaining $22,899,000 may not be obligated until submission of a program plan, as described below. If this plan considers such items to be of sufficient priority, then some or all of the $22,899,000 may be obligated for those activities. If not, they should be used for other high-priority items in the program plan.

In order to foster a vigorous program of development in the Navy's technology base, a significant portion of this amount should be set aside to fund additional HM&E work in the Office of Naval Technology. However, the allocation of funds to program element 62.31.4N, "ASW Technology", is inappropriate since P.E. 62.31.4N is for weapon and sensor development, and not HM&E/propulsion systems.

The conferees agree that the Director of DARPA shall direct the Chairman of the program's advisory board to submit by March 15, 1988, a five-year program plan to the Congress which addresses the specific technologies to be pursued, foreign technology exploitation, anticipated military benefits, and related funding requirements and schedules. Commitment on the part of both DARPA and the Navy is crucial to the success of this long-term program; therefore, the conferees expect the Department to budget sufficient out-year funds to aggressively continue this effort.

While the initial phase of this program is expected to be limited to 6.2 and some 6.3 efforts, the Congress would like to review the concepts for the funding and the implementation of testbed(s) in the out-years. Hence, Senate language recommending the overhaul of a retiring submarine as a testbed for this program is not agreed to by the conferees. Appropriate testbed candidates should be discussed in the program plan for future consideration.

In noting the aforementioned purpose of this program, the conferees agree with the House position earmarking $1,100,000 for advanced batteries, and specify that particular attention should be given to technologies which could lead to weight savings of up to 50 tons. The conferees do not agree with Senate language earmarking $10,520,000 for superconductivity projects or $12,000,000 for investigating the feasibility of RPV's for attack submarine missions. These two activities may be funded out of the $22,899,000 if included as a high priority in the program plan.

SUPPORT EQUIPMENT

The conferees agree that $60,000,000 of the $62,000,000 provided for Support Equipment must be allocated to the Consolidated Automated Support System (CASS) project.

INITIAL TRAINER ACQUISITION

The conferees agree to provide no RDT&E funding for Initial Trainer Acquisition, as proposed by the House, instead of $70,000,000 as proposed by the Senate. $60,000,000 is provided in the Aircraft Procurement Navy (APN) account. The conferees agree that this activity is more appropriately funded in the procurement account, and approve this one-time waiver of the full funding principle in order to complete the transfer. The Navy is directed to include the remainder of funding in the fiscal year 1989 budget request, in accord with the full funding principle.

TOMAHAWK

The conferees agree to provide $45,000,000 for the Tomahawk program and $28,342,000 for the Tomahawk Theater Mission Planning Center, in spearate budget lines. The conferees do not agree with the consolidation of this effort, as accomplished in authorization action. The House recedes from its proposal to provide increased funding for Tomahawk due to budget constraints.

SKIPPER

The conferees agree to the Senate position to appropriate $9,200,000 to establish a separate program element for the Skipper weapon system. The conferees direct that the funds provided shall be used only for Skipper enhancements including the Laser Guided Training Round as mandated last year by the Senate in its report on the fiscal year 1987 Defense Appropriations Act, and as endorsed by the joint committee of conference on the fiscal year 1987 Continuing Appropriations Resolution. The conferees direct that $5,400,000 of this amount be allocated to the Laser Guided Training Round program and that its development be accelerated. The conferees expect no further delays in executing these programs as directed.

LASER COMMUNICATIONS

The conferees agree with the position of the Senate that the $20,000,000 provided for Laser Communications is only for developments of a satellite-borne, one way laser for drugs and devices necessary to prevent implantation of the fertilized ovum and medical procedures necessary to the termination of an ectopic pregnancy. The House language prohibited the use of both local and Federal funds for abortions. The Senate amendment is identical to language that has been carried in District of Columbia Appropriations Acts annually since fiscal year 1980.

The conference action amends language in section 130 proposed by the House which prohibits the District government from renewing or extending sole source contracts without opening them to the competitive bidding process as set forth in section 303 of the District of Columbia Procurement Practices Act of 1985, effective February 21, 1986 (D.C. Law 6-85). The Senate amendment exempted several agencies from the competitive bidding requirement The conference agreement amends the Senate language and exempts only the District of Columbia Public Schools from the competitive bidding requirement. The conferees request the Board of Education to submit quarterly reports showing, for each specific instance where sole source contracts were renewed or extended without going through the competitive bidding process, the name of the company or person receiving the contract, the month and year the contract was first issued and the original amount of the contract, the current amounts involved, the number of times the contract has been extended or renewed, and the reasons for not going through the competitive bidding process.

The conference action deletes language proposed by the House as section 131 and stricken by the Senate. The conferees are cognizant of recent news media accounts speculating on possible corruption in the District government. These allegations are serious if proven to be true. The language that is being deleted expressed the sense of Congress that the pattern of corruption by individuals in the District government is deplorable.

Corrupt behavior by public or private officials, which violates the trust placed in them by taxpayers or shareholders, is abhorent and should not be tolerated. These actions should not and will not be excused at any level of government. It serves no purpose to single out the District government other than to give the false impression that the vast majority of District government employees are not hard-working dedicated public servants, which they are. The conferees agree that corruption anywhere is deplorable.

The conference action deletes language proposed by the Senate as a new section 131 requiring the Federal government to compensate the District government if the District's Employment Security Building located at 500 C Street, N.W., is condemned and the District is required to vacate the property. The conferees agree that no action whatsoever is to be taken by the Federal government or any other organization to condemn, vacate or raze the Employment Security Building until after December 31, 1988, unless such action is approved in advance by the House and Senate Subcommittees on District of Columbia Appropriations.

The conference action includes language in section 131 which clarifies the level of activities at which sequestration will apply if it becomes necessary to sequester new budget authority for Federal appropriations provided in the District of Columbia Appropriations Act, 1988, or thereafter. For purposes of the definition required by Section 252(a)(1)(B)(i) of the Balanced Budget and Emergency Deficit Control Act of 1985 (Public Law 99-177) as amended, the term "program, project, and activity" shall be synonymous with and refer to each account making Federal appropriations in the Act. The conferees agree that each of the Federal appropriations (e.g. the four appropriations in this particular Act) be treated as a separate account for sequestration purposes. The conferees believe the method used for sequestration in fiscal year 1986 was completely illogical. The sequestration percentage was applied to the aggregate total of Federal appropriations to the District government. There were six separate appropriation accounts but amounts were sequestered from only three of the six accounts resulting in a higher percentage reduction in those three accounts than was contemplated or intended. In an effort to correct the unfairness of that sequestration and in the absence of corrective action at the Federal level, the District government attempted to sequester a proportionate share from one of the accounts and was promptly taken to court by the administrators of that account and ordered by the court to pay the sequestered amount with interest. The purpose of the language in section 131 is to avoid a similar situation.

The conferees have serious concerns as to whether sequestration should be applied to the account "Federal Payment for Water and Sewer Services." The amount appropriated in this account is for water and sewer services supplied by the District government to Federal government facilities located in the Washington, D.C. area. It is a payment for potable water consumed, for water services, and for sanitary sewer services rendered to the Federal government. It is to pay the District government for treating and providing the water and the services; it is not for a discretionary program or activity. It is the simple fact of paying the bill.

The conference action deletes language proposed by the Senate in section 132 requiring the District's $50,000 ceremonial fund to be audited as part of the District's Comprehensive Annual Financial Report. Subsequent to Senate action on H.R. 2713, the District on December 1, 1987 approved D.C. Law 7-115, the District of Columbia Ceremonial Funds Amendment Act of 1987, which provides for standards for public reporting, including itemization, on the use of the ceremonial fund.

The conference agreement includes language that excludes the Federal payment from apportionment and requires that payment be made to the District by the Secretary of the Treasury within fifteen days after the beginning of the fiscal year or fifteen days after the date of the enactment of the appropriating Act, if later. It is the express intent of the conferees that this language not preclude subsequent sequestration under the Balanced Budget and Emergency Deficit Control Act of 1985 (Public Law 99-177), as amended. Should sequestration become necessary after funds are disbursed from the Federal Treasury, the District government is directed to refund to the Federal Treasury, upon the Secretary's request, such amounts as are necessary to comply with the sequestration order. The refund is to be charged proportionately to each Federal appropriation account that is not specifically exempt from sequestration; and not to the aggregate total of Federal funds appropriated as was done in fiscal year 1986.

The conference agreement includes language that provides for automatic quarterly apportionments of the Federal Payment for Water and Sewer Services appropriation and requires the Secretary of the Treasury to pay the District on the first day of the beginning of each quarter.

The conference action includes language which prohibits the use of any funds available to the District of Columbia for billing agencies or establishments for water and sewer services traditionally funded under the account "Federal Payment for Water and Sewer Services" unless and until existing statutes are amended to specifically provide for such billing.

The conference action includes language that exempts Federal funds from the apportionment process except to the extent specifically provided by statute.

The conference action includes language which requires the President's annual budgets to include the Mayor's estimates for water and water services and sewer services.

The conference agreement deletes language included by the Senate in section 133 that would have stopped payment to the District of Columbia of funds authorized by the District of Columbia Self-Government and Governmental Reorganization Act, Public Law 93-198, after December 31, 1987 if on that date the District Council had not repealed D.C. Law 6-170, the Prohibition of Discrimination in the Provision of Insurance Act of 1986. The conferees are aware of D.C. Bill 7-364 introduced November 23, 1987 in the District Council. The conferees intend that the Council give early consideration to this bill and other proposals, and give all views a fair hearing on this matter. The Council should consider the impact of the present law as well as Bill 7-364 and other proposals on the cost and availability of insurance coverage to District residents and businesses, including the impact on the insurance industry in the City. If appropriate and timely action is not taken with respect to this matter the Congress may revisit the issue in the future.

TITLE II—FISCAL YEAR 1987 SUPPLEMENTAL APPROPRIATIONS

DISTRICT OF COLUMBIA FUNDS

The conference action inserts a new "Title II" and heading for fiscal year 1987 supplemental appropriations as proposed by the Senate. There are no Federal funds involved in this supplemental; it is funded entirely with increases in local revenue collections above the level projected at the time the District's regular appropriations bill for fiscal year 1987 was considered and approved by the Congress. The conferees note that this supplemental was not submitted to the Congress in time to be considered in the House version of H.R. 2713.

Governmental Direction and Support.—The conference action appropriates an additional $3,115,000 for fiscal yar 1987 for various departments and offices and rescinds $1,056,000 and two positions as proposed by the Senate.

Economic Development and Regulation.—The conference action appropriates an additional $309,000 for fiscal year 1987 for varius departments and offices as proposed by the Senate. The conference action also approves a redirection of $68,000 within the Department of Employment Services as proposed by the Senate to provide three-months funding for employment training at the People's Involvement Corporation. The conference action also rescinds $5,281,000 in budget authority as proposed by the Senate.

Public Safety and Justice.—The conference action appropriates an additional $60,355,000 and 33 positions for fiscal years 1987 for various departments and offices as proposed by the Senate.

Public Education System.—The conference action appropriates an additional $4,810,000 for fiscal year 1987 of which $2,250,000 is for the public schools; $1,354,000 is for the University of the District of Columbia; $1,146,000 to remain available until expended is for the newly-established District of Columbia School of Law; and $60,000 is for the Educational Institution Licensure Commission as proposed by the Senate. The conference action also rescinds $300,000 appropriated in fiscal year 1987 for the Public Library as proposed by the Senate and $400,000 in fiscal year 1987 appropriation for the District of Columbia Teachers' Retirement Fund to adjust for a dual payment to the Fund. The conference action deletes bill language which would have amended H.R. 5175 as enacted in section 101(d) of Public Law 99-500 and Public Law 99-591 (100 Stat. 3341-184) relative to the Antioch School of Law. The Senate amendment was included in the Supplemental Appropriations Act 1987 (Public Law 100-71, approved July 11, 1987) (101 Stat. 474-475) as Sec. 516.

Human Support Services.—The conference action appropriates an additional $5,545,000 for fiscal year 1987 as proposed by the Senate for the Department of Recreation and the disability compensation fund. The conference action also rescinds $4,067,000 approved in fiscal year 1987 for the Department of Human Services and the Department of Recreation as proposed by the Senate.

Public Works.—The conference action appropriates an additional $1,140,000 and 31 positions for fiscal year 1987 for the Department of Public Works and rescinds $6,400,000 appropriated in fiscal year 1987 for the Washington Metropolitan Area Transit Authority and the Department of Public Works as proposed by the Senate.

Repayment of Loans and Interest.—The conference action rescinds $3,488,000 in fiscal year 1987 budget authority as proposed by the Senate.

Repayment of General Fund Deficit.—The conference action deletes language proposed by the Senate which would have reduced the amount by which the District government is required to reduce the accumulated general fund deficit in fiscal year 1987. The Senate language would have required that $15,000,000 be used to reduce the deficit. The District Appropriations Act for fiscal year 1987 inluded $20,000,000 for this purpose.

Personal Services.—The conference action appropriates an additional $1,800,000 for fiscal year 1987 for optical and dental benefits as proposed by the Senate.

Capital Outlay.—The conference action appropriates an additional $20,585,000 for five projects for fiscal year 1987 as proposed by the Senate.

General Provisions.—The conference action adds language to the bill which deems the appropriations made in Title II to be available for the fiscal year ending September 30, 1987. This language in effect ratifies all obligations and expenditures made in anticipation of the enactment of the District's fiscal year 1987 supplemental request as approved in Title II of this Act.

ENERGY AND WATER DEVELOPMENT APPROPRIATIONS ACT

Amendment No. 5: Section 101(d) of House Joint Resolution 395 provides appropriations for programs, projects and activities provided for in the Energy and Water Development Appropriation Act, 1988. The House version of the joint resolution provides appropriations for programs, projects and activities at a rate of operations and to the extent and in the manner provided for in H.R. 2700 as passed by the House of Representatives on June 24, 1987. The Senate version of the joint resolution provides appropriations for programs, projects and activities at the rate and in the manner provided for in H.R. 2700 as passed by the Senate on November 18, 1987. Included are certain additional provisions and exceptions provided for in the joint resolution.

The conference agreement on House Joint Resolution 395 incorporates some of the provisions of both the House and Senate versions of the Energy and Water Development Appropriation Act, 1988, and has the effect of enacting the Act into law. The language and allocations set forth in House Report 100-162 and Senate Report 100-159 shall be complied with unless specifically addressed in this joint resolution and statement of the managers to the contrary. Report language included by the House which is not changed by the report of the Senate, and Senate report language which is not changed by the conference is approved by the committee of conference. The statement of the managers, while repeating some report language for emphasis, does not intend to negate the language referred to above unless expressly provided herein. The Energy and Water Development Appropriation Act, 1988, put in place by this joint resolution incorporates the following agreements of the managers.

TITLE I—DEPARTMENT OF DEFENSE—CIVIL

DEPARTMENT OF THE ARMY

CORPS OF ENGINEERS—CIVIL

The summary tables at the end of this section set forth the conference agreement with respect to the individual appropriations, programs and activities of the Corps of Engineers. Additional items of conference agreement are discussed below.

GENERAL INVESTIGATIONS

Appropriates $138,767,000 for general investigations instead of $148,712,000 as proposed by the House and $141,450,000 as proposed by the Senate.

The Secretary of the Army is directed to proceed with the feasibility study for the demonstration project at Sunset Harbor, California, in a timely manner. The study is to demonstrate that the financing mechanism provided in Sec. 916 of P.L. 99-662 together with other cost-sharing provisions of P.L. 99-662 will repay all Federal as well as non-Federal costs for wetlands restoration, navigation features, protection of the Seal Beach Naval Weapons Station and other project purposes of this multiple purpose project.

The conference agreement for coordination studies with other agencies includes $600,000 for Section 22 studies in the States of Minnesota and North Dakota. The conference agreement also includes $50,000 under coordination studies with other agencies for a study to address solutions to the wastewater disposal problems in the vicinity of Tolay Lake in Sonoma County, California.

The conferees encourage the Corps of Engineers to work with the Interstate Commission on the Potomac River Basin on issues of mutual interest such as flood control, water supply and quality, navigation and recreation.

The conferees are aware that recent information presented by the Corps and the Bureau in a series of three fact-finding hearings in Sacramento reveals that the region may be under a greater threat from serious flooding than was previously believed. It is also clear that any improvements which may be made to increase the level of flood control on the American River may not by itself alleviate the flood danger to the northern part of Sacramento County east and west of the Natomas East Main Drainage Canal, which includes the Natomas area and the Dry Creek watershed. The conferees therefore urge the Corps of Engineers to examine potential flood control improvements to the Natomas and the Dry Creek watershed concurrent to the Corps' evaluation of improving flood protection on the American River. The conferees further recognize that there may be additional flood protection afforded by a primarily peak-flow flood control facility (the so-called "dry dam") on the North Fork of the American River above Folsom Dam. The conferees therefore direct the Corps of Engineers to include further assessments of the relationship between such a peak-flow flood control facility and the operation of Folsom Dam as they may pertain to incidental water, power and recreational benefits. Within this assessment, the Corps should include its analysis of the current and projected water supply demands in the American River basin.

The conferees direct the Corps of Engineers to expedite completion of the District Engineer's feasibility report of the Miami Harbor Channel, Florida, study and issuance of the Division Engineer's notice and to proceed with the engineering and design stage within thirty days thereafter. The conferees strongly recommend that the Corps consider contracting out the engineering and design work.

The agreement includes $250,000 to initiate the feasibility phase of the Lackawanna River Basin comprehensive study, Pennsylvania, in FY 1988.

The conferees are aware of the possible need of additional funds in connection with the ongoing studies involving the Northern California Streams and urge the Corps of Engineers to reprogram any required additional funds.

The conferees intend that the Corps of Engineers, within appropriated funds, will study the impact on navigation in and recreation activities on the White River and its tributaries, Arkansas, of operating, during low water periods, the reservoirs under its jurisdiction on the White River and its tributaries, which are wholly or partially located in the State of Arkansas, in such a manner as to insure a continuous flow of water in the White River and its tributaries downstream from said reservoirs so as to maintain a water level in the White River and its tributaries to attain optimum use of the White River and its tributaries for navigation and recreation purposes. The conferees expect this study to be completed and to be submitted to the appropriate committees of the Congress not later than January 31, 1989.

The conferees have provided $300,000 for the continued development and testing of the Water Resources-Based Economic Development Computer Model by the RedArk Development Authority. The conferees note that the Corps has been slow to release previous appropriations for this project and direct the prompt allocation of these funds to this project after enactment of this legislation.

The Corps of Engineers is directed to allocate $300,000 to Rural Enterprises, Inc., a non-profit technology transfer corporation to transfer and utilize technology from the research laboratories from the Corps of Engineers.

The committee of conference urges the Corps, within available funds, to begin a reconnaissance study of flooding problems in Miami, Oklahoma, along the mainstream of the Neosho River, under the "Grand (Neosho) River, Kansas and Oklahoma" study authority during fiscal year 1988.

The conferees recommend that the Corps of Engineers initiate two new reconnaissance studies entitled the "Louisiana Comprehensive Coastal Plan" and the "Mississippi River Delta Study" requiring funds in the amounts of $250,000 and $500,000 respectively. These reconnaissance studies should be completed in 12 months within available funds.

Restores language proposed by the House and stricken by the Senate, amended to provide for a feasibility study for Sunset Harbor, California, and providing a limitation on funds available for research and development activities.

Inserts language proposed by the Senate regarding a study of the South Fork of the Sangamon River, Illinois.

Restores language proposed by the House and stricken by the Senate amended regarding the following items in the general investigation program: Indiana Shoreline Erosion, including preconstruction engineering and design, Indiana; Greenwood Lake, New Jersey; East Bank Stabilization, New Jersey; Beatties Dam, New Jersey; Olcott Harbor Improvements, New York; Atlantic Coast of New York City from Rockaway Inlet to Norton Point, New York (Coney Island Area); Red River Waterway, Shreveport, Louisiana to Index, Arkansas; Beaver Lake, Arkansas; Brunswick County Beaches, North Carolina; Westwego to Harvey Canal, Louisiana; McCook and Thornton Reservoirs (CUP), Illinois; Miami Harbor, Florida (cleanup); St. Petersburg, Florida (coastal areas); Little River, Horatio, Arkansas; Denison Dam-Lake Texoma, Texas and Oklahoma; Arthur Kill extension to Fresh Kills, near Carteret, New Jersey; Roanoke River Upper Basin, Virginia; and Raritan River Basin, Green Brook Sub-Basin, New Jersey.

Deletes language proposed by the Senate regarding studies for raising Pine Flat Dam, Kings River, California. Funding for the study is provided as part of the general investigations program.

CONSTRUCTION, GENERAL

Appropriates $1,200,175,000 for construction, general instead of $1,150,142,000 as proposed by the House and $1,166,136,000 as proposed by the Senate.

The resolution includes language to direct the Secretary of the Army to construct, under the authority of section 14, Public Law 79-526, 10,000 feet of streambank protection along the west shoreline of the city of Guntersville, Alabama, on Guntersville Lake, for the purpose of reducing and eliminating erosion on park lands operated and maintained by the city. Rapid erosion is endangering continued use of the park and its facilities. The total cost for the protection measures are estimated to be $430,000 and the non-Federal cost-share shall be in accordance with section 603 of the WRDA 1986 (Public Law 99-662).

The conferees direct the Secretary of the Army to accelerate design of Locks and Dams 4 and 5 on the Red River Waterway project so that the first phase of construction can be initiated on both Locks and Dams in April 1990 and construction can be completed by 1994. The Secretary is directed to report to the Committee during the fiscal year 1989 budget hearings on the accelerated schedule including projected dates that plans and specifications for each phase of construction will be complete and the estimated project funding requirements by pool necessary to meet this schedule.

The conferees are concerned with the procedures developed by the Secretary of the Army whereby binding local cost-sharing agreements [LCA] are not executed until after Federal appropriations are made for a project. While the conferees recognize that the Corps of Engineers is operating for the first time under newly established criteria, it should be pointed out that Public Law 99-662 clearly shifted the burden for commitment to water resource projects away from the Federal Government to the State and local level. Further, the Corps and water development interests have generally known and have been working under this new concept since enactment of the 1985 supplemental appropriations bill in August 1985. Therefore, the conferees feel that execution of an LCA should occur earlier in the process and that since the preconstruction engineering and design costs are to be cost shared, this should happen during the PED timeframe. In the future, the conferees will expect the Corps of Engineers to have an LCA executed before the final year of preconstruction engineering and design. In this way, the Committees and the Congress will have a clear picture of a project's status.

The conference agreement includes funding for the following projects in the Continuing Authorities Program:

Section 107—Small Navigation Projects.—Channel Island Harbor, California, $100,000; Gary, Indiana, small boat harbor, $50,000; Michigan City, Indiana, small boat harbor, $132,000; Tongue Point, Astoria, Oregon, $1,750,000; and Yellow Bend Port, Arkansas, $1,000,000.

Section 103—Small Beach Erosion Control Projects.—Sand Island Shore Protection, Hawaii, $550,000; and Sims Park, Euclid, Ohio, $1,400,000.

Section 205—Small Flood Control Projects.—Kankakee River and vicinity of Wilmington, Illinois, $1,500,000; Carter Lake, Iowa and Nebraska, $35,000; East Fork River at Bedford, Iowa, $1,000,000; and Mill Creek, Fort Smith, Arkansas, $1,000,000.

The conferees agree with the Senate report language regarding the Columbia River Basin Fish Bypass Program.

The conferees do not agree with House report language relating to the Missouri National Recreation River, Nebraska and South Dakota.

The Port of Cleveland is a general cargo port located on Lake Erie at the mouth of the Cuyahoga River on land leased from the City of Cleveland. Currently, the City is engaged in a shoreline adjustment project that will build a small harbor of refuge for small craft in the area immediately adjacent to the Port of Cleveland. The City has informed the Port of its intention to terminate the lease in five years. Consequently, the Port intends to move its facilities westward to the area bounded by Pier 20. The Army Corps of Engineers shall provide the Port of Cleveland with technical assistance to develop engineering plans that will prepare the Port for its move. The plans shall be completed by the end of FY 1988. The Army Corps of Engineers, working with the Port of Cleveland and appropriate entities as the Port shall designate, shall conduct a study of the Cuyahoga River that will include an evaluation of: (1) navigation problems associated with congestion of the river which is increasingly shared by small craft and large commercial vessels; (2) shoreline erosion caused by the use of bow thrusters and other factors; (3) the deterioration of the breakwall leading to the Coast Guard Station at the mouth of the river; (4) channel construction in the federal navigation channel; (5) necessary corrections of the navigation problems in the area known as Collision Bend, which is located below the Eagle-Scranton Road Bridge; and (6) any other information which is pertinent to the satisfactory and prompt completion of the Cleveland Harbor project. The local sponsor of the Cleveland Harbor project will provide the Army Corps of Engineers with design plans for the Pier 34 portion of the project and related elements no later than 60 days after the completion of a local cooperative agreement. The funds necessary for the deepening and widening of the east entrance channel to the Port of Cleveland are to remain available until expended, depending upon lake levels.

Consistent with the foregoing and previous findings, Congress hereby finds the project justified and that funds expended by the Ohio Department of Natural Resources on the project known as North Coast Harbor are eligible for a Section 215 agreement as amended for all elements of the project. The Army Corps of Engineers shall inform the Congress of any delays in the project. Funds not expended due to delays are to remain available until expended to allow completion of all the project elements. Moreover, all funds appropriated by Congress herein shall be made available until expended.

The conferees have provided $5,000,000 for the initial purchase of land at the Parker Lake site and construction of the access road and project facilities.

The conferees have provided $500,000 to complete the design and construction of the bridge over Mud Creek at Eufaula Lake, Oklahoma.

The conference agreement includes $3,000,000 from available funds for railroad rehabilitation at Malheur and Harney Lakes in Oregon to remedy damage caused by flooding.

Restores language proposed by the House and stricken by the Senate amended relating to the Red River Waterway, Mississippi River to Shreveport, Louisiana project; Cooper River Seismic modification, South Carolina; a regional public park along the Miami River in the Allapatah community across from Curtis Park, Florida, Guntersville Lake, Alabama; Sandy Hook to Barnegat Inlet, including Sea Bright to Ocean Township and Asbury Park to Manasquan, New Jersey; New Melones Lake, California; Barbourville and Harlan, Kentucky (Levisa/Tug Forks of Big Sandy River and Upper Cumberland River, West Virginia, Virginia and Kentucky); Walnut and Cherry Street Bridges, Massillon, Ohio; Mill Creek, Fort Smith, Arkansas; Cape May Inlet to Lower Township, New Jersey; Ouachita River

Levees, Louisiana; Gentilly, Minnesota; Century Park, Lorain, Ohio; Community Park, Sheffield Lake, Ohio; Tangier Island, Virginia; Presque Isle Peninsula, Erie, Pennsylvania; Shelburne Bay, Vermont; Parker Lake Project, Oklahoma; the Mud Creek Bridge Replacement Project at Eufaula Lake, Oklahoma; Cleveland Harbor, Ohio; Saxon Harbor, Wisconsin; Lower San Joaquin River, California; Des Moines Recreational River and Greenbelt, Iowa; and Port Austin Harbor, Michigan.

Inserts language proposed by the Senate providing for repair and rehabilitation of certain works in the vicinity of the East Side Levee and Sanitary District, East St. Louis, Illinois.

Inserts language proposed by the Senate providing for planning, design and engineering of appropriate works to alleviate high groundwater problems on lands owned by the Cochiti Pueblo, New Mexico.

Inserts language proposed by the House and stricken by the Senate in Amendment No. 24 relating to the Des Moines Recreational River and Greenbelt project in Iowa.

Inserts language proposed by the House and stricken by the Senate in Amendment No. 25 relating to the Lower San Joaquin River, California, project.

Inserts language proposed by the Senate in Amendment No. 58 regarding the Hudson River channel deepening project, New York. The managers understand discussions and negotiations are underway among various community groups and interested parties, including the Port Authority of New York and New Jersey and the Battery Park City Authority, on a number of issues, including the siting of the ferry terminal. This amendment is in no way intended to prejudice those discussions, and it is expected that they will continue.

Inserts language proposed by the Senate in Amendment No. 59 relating to flooding on the Salmon River in Idaho.

Deletes language proposed by the Senate in Amendment No. 60 relating to Harry S Truman Dam and Reservoir in Missouri.

FLOOD CONTROL AND COASTAL EMERGENCIES

Appropriates $20,000,000 for Flood Control and Coastal Emergencies instead of $26,000,000 as proposed by the House and Senate.

FLOOD CONTROL, MISSISSIPPI RIVER AND TRIBUTARIES, ARKANSAS, ILLINOIS, KENTUCKY, LOUISIANA, MISSISSIPPI, MISSOURI AND TENNESSEE

Appropriates $317,704,000 for Flood Control, Mississippi River and tributaries, Arkansas, Illinois, Kentucky, Louisiana, Mississippi, Missouri and Tennessee instead of $326,399,000 as proposed by the House and $315,130,000 as proposed by the Senate.

There is a continuing problem of flooding in the delta portion of the Abiaca Creek Watershed which is a responsibility of the Corps of Engineers. The Soil Conservation Service has to date constructed 13 floodwater retarding structures and 11 grade control structures in the hill section of the watershed. The main channel in the delta is currently protected by small private levees on either side of the channel which frequently fail, causing flooding and sedimentation problems to the cropland on both sides of the channel. This watershed should be included as a part of the joint Soil Conservation Service—Corps of Engineers Demonstration Erosion Control Project for the Yazoo Basin. Funds provided the Corps of Engineers will be used to initiate investigations in this watershed to determine the best combination of structural measures to solve the flooding and sedimentation problems in the delta section.

The conferees understand that there is no adequate, safe access for small boats along an 83-mile reach of the Mississippi River in west Tennessee. The conferees have also been informed that the State of Tennessee is willing to provide 50 percent of the $400,000 estimated cost. Therefore, the conference agreement includes $200,000 under channel improvement to construct a boat launching facility in Lauderdale County, Tennessee.

Within available funds, the conferees recommend up to $2,500,000 for the U.S. Army Corps of Engineers to initiate construction to correct the water seepage surrounding the Ensley levee at Memphis Harbor, Tennessee.

Restores language proposed by the House and stricken by the Senate amended directing the Secretary of the Army to acquire necessary interests in real estate in furtherance of the development of the Atchafalaya Basin Floodway System, Louisiana.

The conferees believe the most efficient and economical approach to the acquisition of land and interest within the Atchafalaya Basin Floodway System is to make all acquisitions from a single landowner at one time, concurrently. This includes the acquisition of fee simple interests in land, excluding mineral rights. Acquisition should begin, as expeditiously as possible, in the Northern part of the Basin. In accordance with Public Laws 99-88 and 99-662, the Corps should begin the acquisition of full, comprehensive easements or fee simple ownership where appropriate. Fifty percent of the funds appropriated for this purpose shall be used for fee simple acquisition as opportunities become available.

Inserts language proposed by the Senate directing the completion of the reevaluation of alternative plans and submission of the final report on the Mississippi River, East Bank, Natchez, Mississippi, project.

OPERATION AND MAINTENANCE, GENERAL

Deletes language proposed by the House and stricken by the Senate regarding administration of laws pertaining to preservation of navigable waters as this language is contained in the "General Regulatory Functions" account of the Corps of Engineers.

Appropriates $1,400,000,000 for Operation and Maintenance, General as proposed by the Senate instead of $1,413,093,000 as proposed by the House.

Inserts language proposed by the Senate amended to provide not to exceed $8,000,000 for national emergency preparedness programs.

Inserts language proposed by the Senate providing that none of the funds available under "Operation and Maintenance, General" shall be used for expenses of the Department of the Army regulatory activities.

As the Senate debate of November 13, 1987, reflects, we are concerned that there is still a dispute between the Ouachita Regional Water District (ORWD) in Arkansas and the Corps of Engineers over the terms of Ouachita's longstanding right to market water from DeGray Lake. The conferees are vitally interested in the prompt resolution of this matter in a manner that will reaffirm ORWD's right to market this water supply. The conferees direct the Corps to make every effort to resolve this matter fairly and expeditiously. The conferees believe that the terms suggested by ORWD to the Corps on November 25 are reasonable.

Deletes language proposed by the House and stricken by the Senate amended allocating $388,000 for a Water Resources Information and Visitor Center at Crowder Point, Eufaula Lake, Oklahoma; allocating $159,000 for a visitor center facility at Lake Texoma, Oklahoma; and inserts language directing the Secretary of the Army to undertake the Sauk Lake, Minnesota, and Yaquina North Jetty, Oregon, projects in fiscal year 1988.

The conferees have provided $3,700,000 for the operation and maintenance of the Eufaula Lake project, which includes $388,000 to construct a facility to serve as a Visitors Center at Crowder Point on Eufaula Lake and to house offices, operations and displays related to the overall development of the Arkansas and Red River basins.

The conferees have provided $4,950,000, an increase of $309,000 for the operation and maintenance of the Denison Dam (Lake Texoma), Texas and Oklahoma, project. Within the additional funds, $150,000 is provided for needed dredging work where Pennington Creek enters the reservoir, and an additional $159,000 is provided for the Visitors Center project.

Deletes language proposed by the Senate directing the Secretary of the Army to prepare a revised master plan for recreation and resource management for the Abiquiu Dam and Reservoir, New Mexico.

The conference agreement includes $10,000,000 for operation and maintenance and rehabilitation requirements of the New York State Barge Canal as authorized by section 1105 of P.L. 99-662.

GENERAL REGULATORY FUNCTIONS

Appropriates $55,262,000 for General Regulatory Functions as proposed by the House instead of $60,000,000 as proposed by the Senate.

The conferees agree that no further increases in this program will be considered until the Corps of Engineers submits to the appropriate Congressional committees a plan to recover all Department of the Army—Civil regulatory expenses, including but not limited to application, filing, and service fees to recover all costs of processing commercial and public utility applications and the reimbursement of costs resulting from Federal or state agencies requesting special information, studies or procedures. In addition, the Secretary of the Army shall work with the General Accounting Office to ensure that effective auditing and cost accounting procedures which meet standards acceptable to the Comptroller General are established at the earliest possible time.

Deletes language proposed by the Senate providing that $5,000,000 shall be available for obligation only after the Secretary of the Army submits a legislative proposal to recover the costs of Department of Army regulatory programs.

GENERAL EXPENSES

Appropriates $115,200,000 for General Expenses instead of $128,200,000 as proposed by the House and Senate.

ADMINISTRATIVE PROVISIONS

Deletes language proposed by the House and Senate providing $2,000 for official reception and representation expenses.

GENERAL PROVISIONS, CORPS OF ENGINEERS

Restores language proposed by the House and stricken by the Senate directing the Secretary of the Army to initiate construction and reimburse non-Federal interests for work completed on the North Branch of Chicago River, Illinois, project.

Restores language proposed by the House and stricken by the Senate directing the Secretary of the Army to proceed with development of the Cross-Florida Barge Canal Conservation Management plan.

Restores language proposed by the House and stricken by the Senate authorizing a flood control project along San Timoteo Creek in the vicinity of Loma Linda, California.

Inserts language proposed by the Senate clarifying the authorization of the Souris River Basin project to allow the United States' contribution to be adjusted for inflation and fluctuations in the exchange rate.

Inserts language proposed by the Senate increasing the authorized project cost of the Puerco River and tributaries, Gallup, New Mexico, project.

Inserts language proposed by the Senate restricting the use of funds available for "General Regulatory Functions".

Inserts language proposed by the Senate modifying the authorization for the McClellan-Kerr Arkansas River navigation project.

Inserts language proposed by the Senate increasing the authorized project cost of the Noyes, Minnesota, project.

Inserts language relating to aircraft authorized for use by the Chief of Engineers.

Inserts language relating to the transfer of Federal townsites.

TITLE II—DEPARTMENT OF THE INTERIOR

BUREAU OF RECLAMATION

The summary tables at the end of this section set forth the conference agreement with respect to individual appropriations, programs and activities of the Bureau of Reclamation. Additional items of conference agreement are discussed below.

GENERAL INVESTIGATIONS

Appropriates $16,590,000 for general investigations instead of $17,795,000 as proposed by the House and $16,945,000 as proposed by the Senate.

The conference agreement includes $195,000 under Program Related Engineering and Scientific Studies for the El Paso Solar Pond project.

CONSTRUCTION PROGRAM

Appropriates $703,716,000 for construction program instead of $704,233,000 as proposed by the House and $699,038,000 as proposed by the Senate.

Provides that $143,143,000 shall be available for transfers to the Upper Colorado River Basin Fund as proposed by the Senate instead of $146,298,000 as proposed by the House.

Inserts language proposed by the Senate providing that unobligated balances of the Teton Dam Failure Payment of Claims funds shall be available for use on projects under the Construction Program.

Deletes language proposed by the Senate providing for continuing the cleanup and related activities of the Kesterson Reservoir in California. Funds have been included under the San Luis Unit for this purpose.

The conferees recognize the urgent need to proceed with cleanup activities at the Kesterson Reservoir. However, the funding of these activities may adversely affect other critical Reclamation projects. To the extent possible, the conferees direct the Bureau to minimize any adverse impacts to planned salinity control activities along the Colorado River when funding the Kesterson cleanup.

The conferees expect the Bureau to complete a safety of dams modification report for Coolidge Dam in FY 1988. Within available funds, $560,000 has been included to complete this work in FY 1988.

Inserts language proposed by the Senate relating to the Cliff Dam feature of the Central Arizona Project; the James River Comprehensive Report; and language providing that funds expended under this Act for conserving endangered fish species of the Colorado River system be charged against increased amounts authorized to be appropriated under the Colorado River Storage Project Act.

The conferees have recommended $33 million for the Garrison Diversion Unit. Within the funds provided, the conferees direct that $2 million be made available for studies of water development and irrigation feasibility at the Standing Rock Sioux and Fort Berthold Reservations, and $8.5 million be made available for fish and wildlife activities, including mitigation, Kraft Slough acquisition, Lonetree Wildlife Management Area, and the North Dakota Wetlands Trust, to remain available until expended. The conferees further direct that with its fiscal year 1989 budget request, the Bureau shall submit a report, after consultation with the Fish and Wildlife Service, on the amount of funding required to bring mitigation to a level concurrent with project construction by the end of fiscal year 1989. The conferees further direct the Bureau to conform its siting of the Sykeston Canal to the requirements of the Garrison Diversion Unit Reformulation Act of 1986 and United States' obligations under the Boundary Waters Treaty of 1909.

Deletes language proposed by the Senate providing $1,000,000 of available funds for the Davis Creek Dam, North Loup division, Nebraska. Funds for this purpose are provided as part of the Construction Program.

The conference agreement includes $4,000,000 for the Suisun Marsh Protection project as part of Miscellaneous Project Programs of the Central Valley Project.

The conference agreement includes $1,000,000 to initiate work on the Endangered Fish Recovery Program in the Upper Colorado River Basin.

OPERATION AND MAINTENANCE

Appropriates $151,000,000 for Operation and Maintenance instead of $154,797,000 as proposed by the House and $154,297,000 as proposed by the Senate. The conferees agree with the House Report language regarding operation and maintenance of the Central Valley Project.

LOAN PROGRAM

Appropriates $32,309,000 for the loan program instead of $41,574,000 as proposed by the House and $29,809,000 as proposed by the Senate.

Provides a limitation of $31,972,000 on direct loans instead of $40,237,000 as proposed by the House and $28,472,000 as proposed by the Senate.

Deletes language proposed by the Senate relating to the Hidalgo County Irrigation District No. 1, Texas, supplemental loan.

GENERAL ADMINISTRATIVE EXPENSES

Appropriates $51,690,000 for general administrative expenses instead of $53,290,000 as proposed by the House and $53,690,000 as proposed by the Senate.

The conference agreement includes up to $400,000 to support the 16th Congress on Large Dams.

GENERAL PROVISIONS

Restores language proposed by the House and stricken by the Senate relating to the Farwell Irrigation District, Nebraska.

Deletes language proposed by the House and stricken by the Senate amending the Reclamation Reform Act.

Inserts language proposed by the Senate providing that not more than $18,500,000 of the total funds appropriated for the Central Utah project in any one fiscal year may be expended for all administrative expenses.

Deletes language proposed by the Senate increasing the authorized cost of the Oroville-Tonasket Unit, Chief Joseph Dam project, Washington.

Inserts language proposed by the Senate directing the Secretary of the Interior to conduct soil classification studies required in connection with the Hilltop Irrigation District.

Inserts language proposed by the Senate relating to a contract between the City of Dickinson, North Dakota, and the Secretary of the Interior.

Inserts language proposed by the Senate relating to a contract between the City of Minot, North Dakota, and the Bureau of Reclamation.

Inserts language proposed by the House and stricken by the Senate in Amendment No. 27 regarding the McGee Creek, Oklahoma, project.

The resolution includes language prohibiting the Bureau of Reclamation from declaring the McGee Creek Project complete until construction of all authorized components of the project are completed, including access roads and recreation areas. The Bureau is also prohibited from transferring title of the project to any other entity or requiring repayment of the project or permitting refinancing of the project until the project is completed under the above terms. In addition, the Committee directs the Bureau to specify in any decision or agreement that is made concerning transfer of responsibility for the McGee Creek project from the Bureau to another entity that one of the conditions of transfer is that the project must always be operated and maintained by the Bureau of another entity in a manner that would permit full usage of the project conducive with all of the project's authorized purposes, including recreation.

Inserts language proposed by the House and stricken by the Senate in Amendment No. 26 amended relating to the Bureau of Reclamation reorganization.

The conference agreement limits the transfer of the headquarters of the Bureau of Reclamation from Washington, DC, to Denver, Colorado, by requiring the Commissioner of the Bureau of Reclamation, the Assistant Commissioner for Administration, and a minimum of sixty professional staff to remain in Washington. The professional staff shall be experienced in the areas of Budget, Foreign Activities, Contracts and Repayment, Resource Development and Management, Construction, and Congressional and Public Affairs. The Bureau is expected to maintain sufficient administrative support personnel to augment the professional staff. In order to insure that Congress remains adequately informed of the progress of the Bureau's reorganization initiatives, quarterly reports will be submitted to the appropriate committees of the House and Senate. These reports shall include any additional steps that could be taken to further reduce overhead and duplication. The conferees expect that further plans for the Washington Office reorganization beyond those permitted by this legislation will be approved by Congress. The committee of conference directs the Bureau of Reclamation to keep the Amarillo Regional Office open until at least September 30, 1988. The conferees note that this guidance is consistent with the intent of the Bureau, as reported to the Committees on Appropriations.

[1] Authorized in Trade Bill

FUNDS APPROPRIATED TO THE PRESIDENT

INTERNATIONAL FINANCIAL INSTITUTIONS

INTER-AMERICAN DEVELOPMENT BANK

The conferees agree with the Administration that the IDB should play a major role in helping Latin American countries with their debt problems. Clearly, that will not be possible if the IDB continues to resist necessary changes and improvements in the Bank's operations, procedures, and organization. The conferees therefore urge early action by the Bank on these matters.

The conferees have agreed to the Senate proposed Merger of Inter-Regional and Ordinary Capital Resources.

SPECIAL FACILITY FOR SUB-SAHARAN AFRICA

Two years ago Congress authorized the United States to participate in the Special Facility for Sub-Saharan Africa. It did so because the pressing economic problems faced by countries in that region were not being adequately addressed, due in large part to a reduction in resources available under the seventh replenishment of the International Development Association.

Donors to the Facility recognized from the beginning that its mission was a temporary and limited one. The Facility is now in the final stages of completing its work. The conferees are pleased with the accomplishments of the Facility. They are also grateful that its important work will continue and intensify during the eighth replenishment of the International Development Association as a result of increased resources available under that replenishment.

For these reasons, no funding is included in this bill for a further U.S. contribution to the Special Facility. The conferees regret the necessity of this decision. However, they concluded that it is vitally important to get the eighth replenishment of the International Development Association off to a good start. That conclusion is reflected in this bill.

MULTILATERAL INVESTMENT GUARANTEE AGENCY (MIGA)

The conferees are concerned that the Convention establishing the Multilateral Investment Guarantee Agency does not contain explicit provisions that would forbid the issuance of guarantees in respect to any proposed investment that would:

be in any country that has not taken or is not taking steps to afford internationally recognized workers' rights to workers in that country;

be subject to trade-distorting performance requirements imposed by the host country that are likely to result in a significant net reduction in employment in the United States or other member countries, or other trade benefits likely to accrue to the United States or other member countries from the investment; or

increase a country's productive capacity in an industry already facing excess worldwide capacity for the same, similar or competing product, and cause substantial injury to producers of such product in another member country.

Consequently, while appropriating funds for MIGA, the conferees have agreed to forbid the payment of those funds until April 30, 1988. It is the expectation of the conferees that the United States will work vigorously and continuously prior to that date to persuade other member countries to encourage the Board to adopt such policies and procedures. Funds may be paid to MIGA on or after April 30, 1988, only if the Secretary of the Treasury certifies and reports to the Congress that the United States Director has done so; that those policies and procedures, or substantially similar policies and procedures, have been adopted; or that the United States will continue working to encourage the adoption of such policies and procedures, and that the failure to make the payment will inhibit that effort.

The conferees encourage the Department of the Treasury to actively involve the United States labor movement in this effort. It is our belief that the U.S. labor organizations, working in conjunction with labor organizations in other nations, can help persuade other members of the Board to adopt these necessary policies.

The conferees direct the Treasury Department to submit a report in conjunction with any certification made by the Secretary detailing the steps that have been taken to persuade the Board to adopt such policies, and what progress has been made in that effort.

In addition, as part of any evaluation conducted under section 406 of H.R. 3750, as enacted, the conferees expect the Treasury Department to report on the extent to which United States investments guaranteed by MIGA have:

reduced the number of employees investors employ in the United States because such investment is intended to replace current U.S. production;

resulted in production of goods for export to the United States that are likely to be in direct competition with similar or competing goods produced in the United States;

resulted in the production of goods for export to third countries, and whether such goods are likely to compete directly with United States exports to such countries;

been made in countries that impose trade distorting performance requirements that are likely to result in a significant net reduction in employment in the United States or other trade benefits likely to accrue to the United States;

been made in countries that have failed to take steps to extend internationally recognized workers rights, as defined by title V of the Trade Act of 1974, to workers in such countries.

It is the intent of the Committees on Appropriations to request independent audits of such reports by the General Accounting Office.

ASIAN DEVELOPMENT BANK

The conferees agree to delete the House provision on Taiwan/the Republic of China. The conferees agree to the Senate general provision on this subject.

AUTHORIZATION OF APPROPRIATIONS

The conferees have included a provision enacting H.R. 3750 as introduced.

INTERNATIONAL ORGANIZATIONS AND PROGRAMS

The following table shows the conference agreement for the International Organizations and Programs account:

Conference Agreement

[Dollars in thousands]

Organization	
UN Dev. Program (UNDP)	$110,000

[1] Funds were specifically appropriated for the Sahel program and have been distributed into the Africa portion of the functional accounts.

[2] Reappropriation amount is estimated.

Development fund for FY 1987 reflects the total of African portion and Non-project assistance. Authorization allows an additional 8100 in from other locations in their bill without increasing the total.

Ruth allows use of project funds up to $480 M plus supp ($9 M).

AGENCY FOR INTERNATIONAL DEVELOPMENT

AGRICULTURE, RURAL DEVELOPMENT, AND NUTRITION

DEVELOPMENT ASSISTANCE

NORTH AMERICAN WATERFOWL

The conferees agree to the Senate provision earmarking $2,000,000 to support the North American Waterfowl Plan. Funding for this program is to be derived from sources within the Agriculture account, however, no funding is to be taken from the biological diversity program.

APPROPRIATE TECHNOLOGY INTERNATIONAL

The conferees agree with the Senate report language stating that the Agency for International Development should provide at least $4,200,000 in funding for Appropriate Technology International.

MEDITERRANEAN FRUIT FLY

The conferees are deeply concerned about the use of large amounts of the pesticides Malathion and Ethylene Dibromide (EDB) for the eradication of the Mediterranean fruit fly. Malathion is a broad spectrum pesticide known to be harmful to many beneficial insects, fish and shellfish of commercial importance, and EDB is a known human carcinogen which has been banned for use in the United States.

The conferees are also deeply concerned about the threat posed to the domestic fruit industry by the Mediterranean fruit fly. In conjunction with the Animal and Plant Health Inspection Service (APHIS), AID is currently engaged in a Medfly eradication project, MOSCAMED, which involves the extension into southern Guatemala of an existing pest-free barrier along the Mexican-Guatemalan border. A second AID-APHIS project, the Central American Medfly Eradication Program (CAPMED), would build upon MOSCAMED and extend this eradication program throughout Central America, creating a pest-free barrier at the Darien Gap in Panama. Both projects involve potentially hazardous chemical pesticides.

Recognizing the possible adverse environmental consequences of pesticide use in expanding the barrier, and also recognizing the potential tremendous harm to U.S. industry should the Medfly infestation spread to the United States, the conferees urge AID to begin and expeditiously complete its planned environmental assessment of the underlying MOSCAMED project. The conferees also direct AID to report the assessment's findings to the appropriate Committees of Congress for their review. Based upon this assessment and completion of congressional consultations and review, AID is directed to carry out an environmental assessment of a more expansive program which does not utilize hazardous pesticides.

HEALTH, DEVELOPMENT ASSISTANCE

TREATMENT AND CONTROL OF RIVER BLINDNESS

The conferees agree that the Agency for International Development should use $4,000,000 in Health, Development Assistance funds for distribution, transportation, field testing and field research on ivermectin, a new drug developed for the treatment of river blindness (onchocerciasis).

INTERNATIONAL AIDS PREVENTION AND CONTROL

The conferees agree to provide $30,000,000 in a new account for the International AIDS Prevention and Control program. Of this amount $15,000,000 is to be made available to the World Health Organization (WHO) for it special program on AIDS.

EDUCATION AND HUMAN RESOURCES DEVELOPMENT

DEVELOPMENT ASSISTANCE

The conferees agree to the Senate earmark of $42,000,000 for basic primary and secondary education.

CENTER FOR INTER-AMERICAN LEADERSHIP

The conferees agree to the Senate earmark of $1,250,000 for the Center for Inter-American Leadership.

INTERNATIONAL STUDENT EXCHANGE

The conferees agree to the Senate earmark of $10,000,000 for the International Student Exchange Program.

PRIVATE SECTOR, ENVIRONMENT AND ENERGY, DEVELOPMENT ASSISTANCE

MICRO-ENTERPRISE DEVELOPMENT

The conference agreement earmarks $50 million from the funds appropriated by this Act to carry out part I and chapter 4 of part II of the Foreign Assistance Act of 1961, or local currency which may accrue as a result of assistance provided under this act and under the Agricultural Trade Development and Assistance Act of 1954, for the Micro-Enterprise Lending for the Poor Program to promote micro-enterprises in developing countries through provision of credit and other assistance as necessary.

The conferees urge the Administrator of the Agency for International Development to target up to 80 percent of the loans in this program to individuals in the poorest 50 percent of the population in most A.I.D. assisted developing countries, with special emphasis on businesses owned by women and those owned and operated by the poorest 20 percent of the population. The conferees recommend that loan size not exceed $300 unless there are indications that this loan size limit should be exceeded to accomplish the objectives of this program.

The Administrator shall appoint an advisory committee composed of individuals from nongovernmental organizations who have experience in implementation of micro-enterprise credit projects in developing countries to assist the Administrator in developing the guidelines for this program. The conferees expect the Administrator to report to the Committees on Appropriations on the Agency's plans and proposals for implementation of this program no later than March 31, 1988.

SUB-SAHARAN AFRICA, DEVELOPMENT ASSISTANCE

The conferees agree to provide $500,000,000 in direct appropriations for Sub-Saharan Africa, Development Assistance. The House had provided $450,000,000 in transfers for this account.

The first twenty-five years of independence has seen little real improvement in the quality of life for the vast majority of Africa's people. Indeed, of all the regions of the world, the economic performance of Sub-Saharan Africa has brought the least in terms of economic results over this period of time. The causes for Africa's poor economic performance are varied. Any listing of those causes would have to include the pursuit of inappropriate economic policies, often exacerbated by donors and adverse developments in the world economy over which African nations have little control; rapid population growth; recurring natural disasters and the resulting erosion of the natural resource base; resource constraints that have inhibited the full development of human resources; conflict and instability; and the legacies of colonialism.

The need for a process of long-term development in Sub-Saharan Africa that is equitable, participatory, environmentally sustainable, and self-reliant remains compelling. To achieve these objectives, the conferees are in agreement that there must be fundamental changes in U.S. assistance programs for Africa. Two types of changes seem especially urgent:

1. First, there must be an assured and stable source of funding for Africa. To achieve this objective, the conferees agree to establish a separate funding account for Africa.

2. Second, there must be authority to implement programs in Africa in a more flexible fashion. To achieve this objective, the conferees agree that these funds may be used for any economic development assistance activities under the Foreign Assistance Act of 1961. The language of the bill specifically refers to "critical sector priorities." In addition, the conferees have provided greater flexibility in the procurement of goods and services with these funds.

In addition, two other points need to be reemphasized:

1. First, the role of voluntary agencies and international organizations should be emphasized. Thus, in programming funds for Africa, the conferees expect AID to consult on a regular basis with African and American private voluntary organizations that have demonstrated their effectiveness in helping to address the development problems of Africa at the community level, and to involve these and other international organizations in U.S. programs, projects and activities to the extent appropriate. In addition, emphasis should be placed on programs, projects and activities that help the poor majority of Africans in addressing their own problems.

2. Second, there is a continuing need for better international cooperation and coordination of African aid programs generally. While this issue is not addressed directly in our recommendations, the conferees encourage AID to coordinate its programs closely with those of the Multilateral Development Banks, United Nations agencies, other government donors, and private voluntary organizations.

Because of the expanded flexibility accorded in the use of these funds, the conferees wish to emphasize a number of points. We believe assistance for Sub-Saharan Africa should focus on certain critical sectoral priorities, including: environmentally sustainable agricultural production, with special attention to the role of women; health; voluntary family planning; education; public administration and finance; and income and employment generation. Assistance under this heading should be provided in the form of direct interventions to enhance human welfare as well as indirectly through sectoral support designed to alleviate specific policy, institutional, or resource constraints in a recipient country's economy. It is expected that these approaches would be integrated into a single country strategy whose different components complement one another and where the potential short-term adverse affects of a change in policy are appropriately taken into account.

The conferees do not earmark funds for particular uses. However, since most of these funds will be used for projects that primarily address long-term constraints to development, it is the conferees' expectation that AID will allocate at least the equivalent of 10 percent of the funds appropriated by this provision for Sub-Saharan Africa for the following activities: (1) maintenance of the natural resource base, including agricultural activities which directly support this purpose, (2) improvements in health conditions, with special emphasis on the needs and education of mothers and children, and (3) voluntary family planning. The conferees encourage AID to use resources available from this funding as well as its centrally funded programs to achieve these levels.

The conferees also recognize that effective long-term development requires the support and development of indigenous institutions, especially agricultural education institutions, to train and educate Africans to address their own problems. In using amounts appropriated for Sub-Saharan Africa, the conferees expect AID, in consultation with the Board for Food and Agricultural Development, to support programs that would strengthen and develop such educational institutions.

African governments themselves have recognized that one major cause for poverty in Africa has been the adoption of inappropriate economic policies. Thus, the conferees agree that up to 20 percent of the funds available under this heading may be used for non-project assistance to support sectoral policy reform programs. In addition, if, during the consultative process with the Committees on Appropriations, the Agency for International Development justifies a requirement for using up to an additional 10 percent of the funds made available under this heading for non-project assistance in support of sectoral policy reform programs, the Committees on Appropriations will look favorably on such justifications.

Assistance for the Sahel will be funded under this heading. The conferees agree that there are continuing needs in the Sahel, and encourage AID to address those needs within the funding recommended in this bill.

It is the intent of the conferees that provisions of law that make specific reference to the development sections of the Foreign Assistance Act shall apply to these funds also. Thus, for example, provisions of law that make reference to any one or all of sections 103 through 106 and section 121 of the Foreign Assistance Act will apply to funds made available from this appropriation. For example, section 105 of the Foreign Assistance Act designates funding for assisting victims of apartheid in South Africa. Funding for such activities would be derived from the ESF and Sub-Saharan Africa accounts rather than the ESF and education and human resources development assistance accounts.

If this development effort in Sub-Saharan Africa is going to achieve its objectives, the conferees believe it must be a joint undertaking on the part of the Congress and the Executive Branch. The conferees expect AID to regularly consult with the appropriate Committees on the economic situation in Sub-Saharan Africa and the efforts being made to enhance the ability of those countries to achieve self-sustaining and equitable economic growth.

In particular, AID is directed to consult with the Committees on Appropriations on proposed country and regional allocations of funds prior to the submission of the report required by section 653(a) of the Foreign Assistance Act. In addition, the conferees direct AID to submit a report, either accompanying the section 653(a) report or as part of the annual congressional presentation, which explains the proposed functional allocation of funds in Sub-Saharan Africa for each assistance recipient, the objectives to be achieved from such assistance, and the interrelationship among the various components of the AID portfolio for a country as they relate to the achievement of overall program objectives. Since a large amount of funding for Africa is non-country specific, the report should also explain the purposes for which regional funds will be allocated and the specific countries that are expected to benefit from such funding. Finally, the report should address, in light of the flexibility in the procurement of goods and services provided, the steps being taken to procure AID-financed commodities from the United States to the extent consistent with program objectives.

The conferees wish to encourage a consultative process that is informal and self-critical. Consultations should take place on a quarterly basis, and the Committees on Appropriations are prepared to jointly participate in these informal consultations so that the concerns of each Committee are better understood by the other.

SOUTHERN AFRICA, DEVELOPMENT ASSISTANCE

The conferees agree to provide $50,000,000 for Southern Africa, Development Assistance. The House had provided $50,000,000 within the development assistance accounts for Southern Africa funding. The Senate provided $30,000,000 in direct appropriations. The conferees agree to the House funding level of $50,000,000 for Southern Africa assistance. The funding has been provided as a direct appropriation.

HAITI, DEVELOPMENT ASSISTANCE

The conferees agree to delete the House earmark of $40,000,000 in development assistance for Haiti.

PHILIPPINES, DEVELOPMENT ASSISTANCE

The conferees agree to include an earmark of $40,000,000 in development assistance for the Philippines.

PRIVATE SECTOR REVOLVING FUND

The conferees agree to fund transfer costs at a level of $9,000,000.

AMERICAN SCHOOLS AND HOSPITALS ABROAD

CHILDREN'S HOSPITAL IN ISRAEL

The conferees find the development of children's hospitals throughout the United States over the last decade has resulted in significant advances in pediatric medicine. Last year, the Senate Appropriations Committee indicated its strong support of the provision of assistance under the American Schools and Hospitals Abroad program for the creation of a children's hospital in Israel, a country which has sufficient technical resources to support high standard tertiary pediatric medicine. Again this year, the conferees reiterate their strong support for AID assistance in the establishment of such a worthwhile institution in Israel, notwithstanding the Agency's preference toward support of pre-existing institutions.

OPERATING EXPENSES OF THE AGENCY FOR INTERNATIONAL DEVELOPMENT

CONSTRUCTION AND PURCHASE OF PROPERTY

The conference agreement includes a Senate provision amending section 636(c) of the Foreign Assistance Act of 1961. The change increases the limitation for the construction and purchase of living quarters, office space and schools and hospitals for U.S. DOD and AID personnel overseas.

MANAGEMENT STUDIES

The conferees agree to a Senate provision directing AID to carry out management studies of nine AID offices in Washington.

TRANSFER OF FUNDS

The conference agreement deletes a Senate provision that provides the authority to transfer funding to the AID operating expenses account and to use local cost support to be charged against the Operating Expense Account.

FEDERAL EMPLOYEES RETIREMENT SYSTEM

The conferees agree to the Senate provision which allows operating expense funds not used for the Federal Employees Retirement System to remain in the AID Operating Expenses account.

MINORITY SET ASIDE

The conference agreement includes a Senate provision that includes universities having a student body in which more than 20 percent of the students are Hispanic Americans in the provision relating to historical black colleges.

OPERATING EXPENSE OF THE AGENCY FOR INTERNATIONAL DEVELOPMENT OFFICE OF THE INSPECTOR GENERAL

The conferees have included the Senate provisions addressing the AID Inspector General's Office.

ECONOMIC SUPPORT FUND

CIP FOR EGYPT

The conferees agree to earmark $200,000,000 for a Commodity Import Program in Egypt.

CASH TRANSFER NOTIFICATION—EGYPT

The conferees agree to delete the House provision requiring a notification on cash transfers to Egypt. However, the bill requires notification on cash transfers to all countries.

LEVEL OF NONMILITARY EXPORTS

The conferees agree to the Senate provision which adds Israel to the notification requirement on the total level of nonmilitary exports.

PAKISTAN

The conferees agree to earmark ESF funds for Pakistan at $220,000,000.

AGRARIAN REFORM—PHILIPPINES

The conferees agree to the provision proposed by the House earmarking $50,000,000 for agrarian reform in the Philippines, which shall be spent only after meeting certain conditions.

MOROCCO

The conferees agree to earmark ESF funds for Morocco at $20,000,000.

TUNISIA

The conferees agree to earmark ESF funds for Tunisia at $10,000,000.

CYPRUS

The conferees agree to earmark ESF funds for Cyprus at $15,000,000.

IRELAND

The conferees agree to earmark ESF funds for Ireland at $35,000,000.

EL SALVADOR

The conferees agree to earmark ESF funds for El Salvador at $185,000,000.

The conferees have also agreed to prohibit the obligation of 10 percent of the ESF provided for El Salvador until the FY 1989 Foreign Operations, Export Financing, and Related Programs Appropriations bill is enacted. These funds may only be obligated at that time if the accused murderers of four U.S. marines killed in 1985 have not been released from prison as a result of El Salvador's amnesty program.

The conferees are also concerned that the convicted murderers of four U.S. churchwomen and two U.S. labor advisors may be released as a result of El Salvador's amnesty program. If they are released, the Appropriations Committees will consider taking further action in the FY 1989 Foreign Operations. Export Financing, and Related Programs Appropriations bill.

SAN SALVADOR ELECTRIC LIGHT COMPANY

The conferees agree with Senate report language concerning the San Salvador Electric Light Company, (CAESS). The Supreme Court of Justice of El Salvador has ruled against the Salvadoran Government concerning its actions in seizing without compensation the assets and property of this U.S. owned firm. The Court has held the Government's actions in this case unconstitutional. It has also required that the assets not essential to providing electric service be restored and that an indemnity be paid to CAESS for the electric service assets. In light of this ruling, the Government should move promptly to negotiate a fair value for such assets and reach and equitable settlement for all concerned.

GUATEMALA

The conferees agree to earmark ESF funds for Guatemala at $80,000,000.

COSTA RICA

The conferees agree to earmark ESF funds for Costa Rica at $90,000,000.

HONDURAS

The conferees agree to earmark ESF funds for Honduras at $85,000,000.

SUB-SAHARAN AFRICA

The conferees agree to earmark ESF funds for Sub-Saharan Africa at $90,000,000. The conferees have provided debt relief for countries with outstanding high interest military debt to the United States. In recognition of this, the conferees agree to earmark an additional $40,000,000 in ESF above the original Senate earmark for Sub-Saharan Africa.

ADMINISTRATION OF JUSTICE PROGRAM

The conferees agree to strike the House provision extending the authority of the Administration of Justice Program. A new general provision governing the operation of this program has been included later in the bill.

SEPARATE ACCOUNTS

The conferees agree to retain the provision requiring maintenance of separate accounts for cash transfer assistance.

CASH TRANSFER NOTIFICATION

The conferees agree to require fifteen day prior notification on cash transfer assistance.

TIED AID CREDITS

The conferees agree to the Senate provision requiring prior approval by the Agency for International Development for use of ESF for tied aid credits.

EL SALVADOR—EARTHQUAKE

The conferees agree to the Senate provision requiring that $2,000,000 of the $25,000,000 earmarked for El Salvador earthquake assistance be earmarked for construction and rehabilitation of the National University of El Salvador and other institutions of higher education. The conferees also agree to the Senate provision requiring the AID Inspector General to monitor the use of all funds made available for El Salvador earthquake assistance in FY 1987.

CHILE

The conferees agree to earmark ESF funds for the promotion of democratic activities in Chile at $1,000,000.

JORDAN

The conferees agree to earmark ESF funds for Jordan at $18,000,000, provided that a substantial portion of these funds be used for development programs for the West Bank.

INDEPENDENT AGENCIES

PEACE CORPS

The conferees agree to the Senate provisions on vehicle procurement and activities promoting Americans' understanding of other peoples.

DEPARTMENT OF STATE

INTERNATIONAL NARCOTICS CONTROL

BOLIVIA AND LATIN AMERICAN REGIONAL

The conference agreement includes a Senate provision earmarking $15,000,000 in International Narcotics Control funds for Bolivia, and $7,000,000 for Latin America Regional programs.

MIGRATION AND REFUGEE ASSISTANCE

The conferees have earmarked an increase in funding for the Department of State refugee admissions program in recognition of the increased admissions ceiling which resulted from consultations with the Congress. In addition, the conferees have agreed to earmark $25,000,000 for the resettlement of Soviet, Eastern European, and other refugees resettling in Israel and $8,000,000 for the construction in France of educational facilities for Jewish refugees from North Africa. These latter funds are to be made available to the nonprofit organization known as Ozar Hatora-le Tresor de la Loi in Paris, France. The conferees intend that the Department of State Inspector General retain audit and inspection control of the funds so provided. In addition, the conferees agree to incorporate H.R. 3770. In addition the conferees agree to a provision allowing unused portions of the $5,000,000 earmarked in this bill for Vietnamese Ameriasians, and not required to implement the earmark to be applied to admissions expenditures for Vietnamese Amerasians and their family members and other related Orderly Departure Program expenses.

TITLE III—MILITARY ASSISTANCE

FUNDS APPROPRIATED TO THE PRESIDENT

The conferees agree to the following amounts under Title III:

	FY 1987 enacted	FY 1988 estimates	House	Senate	Conference
TITLE III—MILITARY ASSISTANCE					
FUNDS APPROPRIATED TO THE PRESIDENT					
Military Assistance	$950,000,000	$1,328,800,000	$712,500,000	$620,750,000	$700,750,000
International Military Education and Training	56,000,000	56,000,000	56,000,000	47,400,000	47,400,000
Foreign Military Credit Sales: Direct credits and forgiven loans	4,053,441,284	4,421,150,000	3,891,144,830	4,227,000,000	4,049,000,000
Guarantee Reserve Fund [3]		532,000,000	532,000,000	532,000,000	532,000,000

	FY 1987 enacted	FY 1988 estimates	House	Senate	Conference
Special Defense Acquisition Fund (limitation on obligations)	(315,820,000)	(350,000,000)	(236,865,000)	(250,000,000)	(236,865,000)
Special Assistance for Central America: Assistance for Nicaraguan Democratic Resistance		(105,000,000)			
Peacekeeping operations	31,689,000	46,311,000	31,689,000	31,689,000	31,689,000
Total, title III, military assistance program	5,091,130,284	6,384,261,000	5,223,333,830	5,458,839,000	5,360,839,000

[a] House bill included GRF as part of FMB ($4,423,144,830). Senate bill provided permanent indefinite appropriation for ORF.

MILITARY ASSISTANCE PROGRAM

The conferees agree to a prohibition, effective in FY 1989, against MAP funds being merged with the military trust funds. The House had included a provision prohibiting the merger in FY 1988. The conferees agree that an additional year is needed in order to prepare for the separate accounts approach.

PHILIPPINES

The conferees agree to earmark $125,000,000 in military assistance for the Philippines.

MOROCCO

The conferees agree to the Senate earmark of $40,000,000 for Morocco.

THAILAND

The conferees agree to delete the Senate earmark of $40,000,000 for Thailand.

TUNISIA

The conferees agree to provide up to $30,000,000 in MAP for Tunisia.

GUATEMALA

The conferees agree to the Senate earmark of $7,000,000 for Guatemala.

HAITI

The conference agreement includes the House provision setting a $2,400,000 MAP ceiling for Haiti and a requirement that, if any MAP is provided to Haiti, it will be used for non-lethal purposes through the notification process. The conferees also include a general provision restricting assistance to Haiti. In the event that assistance on a government to government basis is restored to Haiti, the conferees agree it is advisable to maintain a ceiling and other restrictions on the funding.

PROGRAM MANAGEMENT AND REIMBURSEMENT FOR PHILIPPINES DRAWDOWN

The conferees agree to place a ceiling of $28,000,000 on funding of MAP General Costs. Additional funding of MAP General Costs may be provided, at the direction of the Secretary of Defense, from funds earmarked in the bill for reimbursement of the Department of Defense for assistance provided to the Philippines under the drawdown authority of section 506 of the Foreign Assistance Act.

MOROCCO

The conferees agree to earmark $12,000,000 in FMS for Morocco.

TURKEY AND GREECE

The conferees agree to earmark total military assistance of $490,000,000 for Turkey and $343,000,000 for Greece. Military assistance for Turkey is made available as follows: $156,000,000 in FMS forgiven loans, $178,000,000 in FMS concessional loans, $156,000,000 in MAP. Military assistance for Greece is made available as follows: $30,000,000 in MAP, $313,000,000 in FMS concessional loans.

ISRAELI OFFSHORE PROCUREMENT

The conferees agree to increase the amount of offshore research and development funds for procurement in Israel from $300,000,000 to $400,000,000.

MILITARY STOCKPILING

The conferees agree to a Senate provision that sets a ceiling of $116,000,000 in fiscal year 1988 on the value of additions to stockpiling in foreign countries and adds Thailand to the list of countries where stockpiles may be located.

INTERNATIONAL MILITARY EDUCATION AND TRAINING

BRAZIL AND ARGENTINA

The conferees agree to delete the Senate provision on IMET training for Brazil and Argentina. This subject is addressed in the General Provisions (Sec. 588).

FOREIGN MILITARY CREDIT SALES

The conferees agree to a ceiling on loan guarantees of $4,049,000,000.

PAKISTAN

The conferees agree to earmark $260,000,000 in FMS for Pakistan, of which $30,000,000 is forgiven loans.

FOREIGN MILITARY CREDIT SALES DEBT REFORM

The conferees have agreed to a modified FMS debt reform provision. This provision allows countries to either refinance their high interest rate loans in the private sector or to apply to have the United States decrease the interest rates on their loans directly to ten percent.

The conferees intend that all types of U.S. financial institutions including investment, state chartered, and national banks may qualify to participate in the refinancing program. The conferees agree further that the liabilities resulting from the new guarantee program are covered by the Guaranty Reserve Fund for this purpose.

The provision is permissive and allows the President to consider bilateral foreign policy matters for each case before proceeding. Countries which refinance are required to bring their loan payments current (90 day limit). Countries which use the interest rate reduction approach must commit in writing to bring their loan payments current (90 day limit) within two years.

GUARANTY RESERVE FUND

The conferees modified House and Senate provisions in order to provide $532,000,000 for the Guaranty Reserve Fund in FY 1988 and to provide "current indefinite borrowing authority" for the Guaranty Reserve Fund in FY 1989. The conferees intend for these funds to be treated as mandatory spending.

FMS RESCISSION

On July 21, 1987, the Comptroller General of the United States issued an opinion stating that no authority existed which allowed for either the "prepayment" or the "restructuring" of loans made under the Foreign Military Credit Sales program. The Comptroller General states: ". . . we conclude that the Administration's restructuring proposal should not be implemented without specific legislative authority." The House conferees agree with this opinion; however, both the Department of State and the Senate conferees disagree with the views of the Comptroller General.

Despite the opinion of the Comptroller General, the Department of Treasury on October 23, 1987, accepted a prepayment which created a financial loss to the United States. After that date they accepted two additional payments.

The House conferees are concerned about the Administration's disregard of the independent opinion of the GAO and the opinions of the House conferees. In recognition of the differing views of the conferees on this matter, the conferees therefor have agreed to rescind $32,000,000.

TITLE IV—EXPORT ASSISTANCE

The following table shows the conference agreement for Title IV, Export Assistance:

	FY 1987 enacted	FY 1988 estimated	House	Senate	Conference
TITLE IV—EXPORT ASSISTANCE EXPORT-IMPORT BANK OF THE UNITED STATES					
Limitation of Program Activity:					
(Limitation on direct loans)	($680,000,000)	($1,000,000,000)	($690,000,000)	($690,000,000)	($690,000,000)
(Limitation on guaranteed loans)	(11,355,000,000)	(10,000,000,000)	(10,000,000,000)	(10,000,000,000)	(10,000,000,000)
(Limitation on administrative expense)	(18,371,500)	(20,668,000)	(19,000,000)	(20,000,000)	(19,500,000)
Total, Export-Import Bank of the United States (limitations on use of corporate funds)	(12,053,371,500)	(11,020,668,000)	(10,709,000,000)	(10,710,000,000)	(10,709,500,000)
FUNDS APPROPRIATED TO THE PRESIDENT Trade and Development Program					
Trade and development	20,000,000	20,000,000	25,000,000	25,000,000	25,000,000
Agency for International Development					
Trade credit insurance program	(275,000,000)	(200,000,000)	(200,000,000)	(200,000,000)	(200,000,000)
Super Import Program				−12,000,000	−12,000,000
Total, title IV, export assistance	20,000,000	20,000,000	25,000,000	13,000,000	13,000,000

EXPORT-IMPORT BANK

The conferees include a provision allowing $110,000,000 for "tied-aid credits".

TRADE AND DEVELOPMENT PROGRAM

The conferees provide up to $5,000,000 of TDP funds to be used for joint financing with individual State trade promotion organizations of activities directed at the expansion of trade with developing and middle income countries.

GENERAL PROVISIONS

EXPENSES AND ALLOWANCES (SEC. 507–509)

The conference agreement sets various levels for residence and entertainment expenses and representation allowances.

MILITARY COUPS (SEC. 513)

The conferees have included a provision allowing the resumption of aid to a country in which aid has been cut off due to a military coup overthrowing a democratically elected government if subsequently a democratically elected government has taken power.

TRANSFERS BETWEEN ACCOUNTS (SEC. 514)

The conferees have agreed to the Senate language allowing transfers subject to prior written approval of the Committees.

FINANCIAL INSTITUTIONS—DOCUMENTATION (SEC. 520)

The conferees modified the Senate language requiring that upon request the U.S. governor or representative shall be able to obtain any document developed by or in the possession of the management of an international financial institution. The conferees agree to this provision except in the situation where the U.S. governor or representative certifies to the Committees on Appropriations that the confidentiality of the information is essential to the operation of the institution.

NOTIFICATION REQUIREMENTS (SEC. 523)

The conferees agree to the new reprogramming requirements as specified in the Senate Report and in section 523 of the General Provisions of the bill. The conferees agree that if the Administration proposes changes to the annual Congressional Presentations, any item included in these changes is subject to review by the Committees on Appropriations.

NARCOTICS CONTROL REPORTING (SEC. 526)

The conferees agree to the House provision requiring a cut-off of funds to countries the President certifies are not taking adequate measures concerning narcotics control.

POLICIES OF MULTILATERAL INSTITUTIONS

The conferees agree to delete a House provision relating to restrictions on the obligation and disbursement of funds for the multilateral financial institutions.

REPORT ON ECONOMIC POLICIES

The conferees agree to delete the House provision requiring a report on economic policies.

LEBANON NOTIFICATION (SEC. 533)

The conference agreement includes a House provision requiring notification to the Appropriations Committees for all U.S. assistance going to Lebanon.

DRUG CONTROL IN JAMAICA, PERU AND BOLIVIA (SEC. 534)

The conferees agree to a Senate provision which stipulates that, in making Presidential determinations concerning drug control in Peru and Jamaica, the President is to take into account whether the countries are "sufficiently responsive" to U.S. concerns and whether assistance for that country is in the national interest of the United States. In regard to Bolivia, the conference agreement stipulates that the Presidential determination take into account the extent to which Bolivia has engaged in narcotics interdiction operations and satisfied eradication targets.

ENVIRONMENTAL CONCERNS (SEC. 537)

The conference agreement includes revised bill language addressing both House and Senate environmental concerns.

AFGHANISTAN-HUMANITARIAN ASSISTANCE (SEC. 539)

The conferees agree to provide $45,000,000 for Afghan-Humanitarian Assistance to be derived equally from ESF and Development Assistance.

SUDAN FUNDING RESTRICTIONS

The conferees agree to delete language restricting funds for Sudan.

PRIVATE VOLUNTARY ORGANIZATIONS (SEC. 541)

The conferees agree to the provision requiring that no funds shall be made available to any private voluntary organization which is not registered with AID.

SUDAN, JAMAICA, AND ECUADOR FUNDING REQUIREMENTS (SEC. 546)

The conferees agree to include Sudan, Jamaica, and Ecuador in the provision requiring notification on obligation of funds.

DEFINITION OF PROGRAM, PROJECT, AND ACTIVITY (SEC. 547)

The conferees agree to include the definition of program, project and activity which is in current law.

CHILD SURVIVAL ACTIVITIES (SEC. 548)

The conferees agree to permit AID to use $5,000,000 from various accounts to retain the service of employees from the Public Health Service, other federal agencies or U.S. universities.

COUNTRIES WITH ILLICIT DRUG PRODUCTION

TRANSFER OF FUNDING (SEC. 549)

The conferees agree to allow reprogramming of funds that cannot be used in specific countries due to failure to comply with illicit drug control requirements.

INTER-AMERICAN DEVELOPMENT BANK

COORDINATION OF PROJECTS (SEC. 550)

The conferees agree to delete Haiti from the provision concerning coordination between AID and the Inter-American Development Banks. This has the effect of requiring the IDB to coordinate with AID on all IDB lending programs.

ASSISTANCE FOR PAKISTAN (SEC. 557)

The conferees agree to amend current law on assistance to Pakistan by extending the period during which the President may waive the prohibitions of section 669 of the Foreign Assistance Act until April 1, 1990.

AUTHORIZATION REQUIREMENT (SEC. 560)

The conferees agree that no more than one-third of the unobligated balance, as of the date of enactment of this Act, of funds for MAP, FMS and ESF are to be obligated prior to April 1, 1988, unless an authorization bill has been signed into law. Countries with forgiven FMS loans are excluded from the funding reductions.

NOTIFICATION CONCERNING EL SALVADOR (SEC. 561)

The conferees agree to the Senate provision to delete the December 31st reporting requirement for El Salvador required by the House. The requirement was deleted due to the delay in enacting the FY 1988 bill.

TURKISH AND GREEK MILITARY FORCES ON CYPRUS (SEC. 562)

The conference agreement concerning U.S. equipment on Cyprus is as follows:

(e)(1) Any agreement for the sale or provision of any article on the United States Munitions List (established pursuant to section 38 of the Arms Export Control Act) entered into by the United States after the enactment of this provision shall expressly state that the article is being provided by the United States only with the understanding that it will not be transferred to Cyprus or otherwise used to further the severance or division of Cyprus.

(2) The President shall report to Congress any substantial evidence that equipment provided under any such agreement has been used in a manner inconsistent with the purposes of this subsection.

NOTIFICATION TO CONGRESS ON DEBT RELIEF AGREEMENTS (SEC. 563)

The conferees agree to require notification of all debt relief, prepayment, restructuring and rescheduling agreements except those specifically included in this Act.

MIDDLE EAST REGIONAL COOPERATION (SEC. 564)

The conferees agree to the Senate provision which provides $5,000,000 for Middle East Regional Cooperation programs from economic support funds. The conference agreement includes a provision for Arab-Israeli Peace Scholarships, as proposed in the Senate bill.

ASSISTANCE TO THE PEOPLE OF LEBANON (SEC. 565)

The conferees agree to provide up to $5,000,000 of ESF funds for the people of Lebanon. These funds are to be utilized through UNICEF, other international organizations, and indigenous non-governmental organizations. The conferees have specifically excluded U.S. non-governmental organizations due to security problems. However, PVOs which are technically American but are staffed in-country entirely by non-U.S. citizens may participate in this funding.

MEMBERSHIP DESIGNATION IN THE ASIAN DEVELOPMENT BANK (SEC. 566)

The conferees agree to include a sense of Congress provision that the United States should use its influence to secure reconsideration of Taiwan's designation in the Asian Development Bank.

The Secretary of the Treasury shall report to the Appropriations Committees of the Congress on the progress being made to resolve the issue of the designation of the People's Republic of China and its participation in the Asian Development Bank. This report shall be submitted no later than March 1, 1988.

DEPLETED URANIUM (SEC. 567)

The conferees agree to a provision prohibiting the use of funds for M-833 antitank shells to other than NATO countries or countries designated as major non-NATO allies.

EARMARKS (SEC. 568)

The conferees agree to a provision allowing flexibility on country earmarked funds within the same account if these funds cannot be used due to other legislative restrictions.

DEMOCRACY IN HAITI (SEC. 569)

The conferees agree to the provision suspending all United States assistance to the

Government of Haiti until the democratic process set forth in the Haitian Constitution approved by the Haitian people on March 29, 1987, especially those provisions relating to the Provisional Electoral Council, is being fully and faithfully adhered to by the Government of Haiti.

The conferees also agree that it is the sense of Congress that in order to encourage the Government of Haiti to adhere to the constitutionally mandated transition to democracy, the President should:

(1) suspend Haiti's eligibility for benefits under the Caribbean Basin Economic Recovery Act; and

(2) seek international cooperation to encourage such adherence by the Government of Haiti through the imposition of an international arms embargo and comprehensive trade and financial sanctions.

ASSISTANCE FOR PANAMA (SEC. 570)

The conferees agree on a provision prohibiting obligation or expenditure of U.S. assistance to the Government of Panama with the understanding that it shall not prohibit the conduct of United States intelligence or intelligence-related activities conducted solely for the collection of necessary intelligence.

The conferees further agree to the Senate provision requiring the Secretary of the Treasury to instruct the U.S. Executive Directors of Multilateral Development Banks to vote against loans to Panama unless the President has certified in advance that Panama is meeting certain conditions.

PANAMA SUGAR QUOTA (SEC. 571)

The conference agreement includes a Senate provision eliminating the sugar quota for Panama until the President certifies that the conditions in Section 570. Assistance to Panama, are met.

COMMERCIAL LEASING OF DEFENSE ARTICLES (SEC. 572)

The conferees agree to a modification of a Senate provision concerning commercial leasing of Defense Articles. The conference agreement allows commercial leasing only for Israel and Egypt through the notification process. The bill language limits the type of equipment which may be leased.

STINGER MISSILES (SEC. 573)

The conferees agree to the Senate amendment prohibiting sales of Stinger missiles to any country in the Persian Gulf region with the exception of Bahrain based on a Presidential certification on Bahrain's agreement to U.S. safeguards and U.S. buyback within 18 months from enactment of the Continuing Resolution.

HUMAN RIGHTS IN CUBA (SEC. 574)

The conferees agreed to the Senate provision expressing the sense of the Congress regarding the continuing disregard and systematic abuse of basic human rights and freedoms by the Government of Cuba.

OPPOSITION TO ASSISTANCE TO TERRORIST COUNTRIES BY INTERNATIONAL FINANCIAL INSTITUTIONS (SEC. 575)

The conferees agree to the Senate provision requiring the Secretary of the Treasury to instruct U.S. Executive Directors to vote against assistance to countries on the State Department's terrorism list.

PROHIBITION ON BILATERAL ASSISTANCE TO TERRORIST COUNTRIES (SEC. 576)

The conferees agree to the Senate provision debarring U.S. bilateral assistance to any country on the State Department's terrorism list.

UNITED STATES POLICY TOWARD CHILE (SEC. 577)

The conferees agree to the Senate provision stating congressional findings on United States policies regarding the restoration of democracy in Chile.

ASSISTANCE FOR IMPLEMENTATION OF REGIONAL PEACE AGREEMENT (SEC. 578)

The conferees agree to a Senate provision stipulating that unobligated funds provided in the FY 1985 supplemental for implementation of a Contadora Agreement are to be used to facilitate, through support for such activities as verification and monitoring, the regional peace initiative signed in Guatemala on August 7, 1987.

ADMINISTRATION OF JUSTICE (SEC. 579)

The conference agreement includes a Senate provision that expands the criteria for funding under the Administration of Justice program. The conferees agree that the provision concerning law enforcement personnel relates only to the development of academic instruction and curricula for training law enforcement personnel and does not provide authority for the actual training of law enforcement personnel, including police.

COOPERATIVE TRAINING AGREEMENTS WITH MAJOR NON-NATO ALLIES (SEC. 580)

The conferees agree to a Senate provision providing for cooperative training for major non-NATO allies.

ASSISTANCE FOR POLAND (SEC. 581)

The conference agreement includes a Senate provision designating that up to $500,000 of non-convertible Polish currencies may be made available for the construction, renovation and maintenance of the Research Center on Jewish History and Culture of the Jagiellonian University of Krakow, Poland.

MAINTENANCE OF MILITARY BALANCE OF EASTERN MEDITERRANEAN (SEC. 582)

The conferees agree to a provision requiring that transfers of excess defense articles to Greece and Turkey be provided in approximately the same proportion as assistance provided under the military assistance programs.

IMPORT ASSISTANCE FOR CBI BENEFICIARY COUNTRIES AND THE PHILIPPINES (SEC. 583)

The conferees agree to include a provision establishing a special export enhancement program for refined sugar.

The conferees also agree this program should be operated without any restrictions as to export destination and in a manner that treats sugar refiners and processors in an equitable manner.

AMERASIAN IMMIGRATION (SEC. 584)

The conferees agree to include a provision concerning Amerasian immigration.

NARCOTICS AGREEMENT (SEC. 585)

The conferees agree to include a provision requiring the U.S. to have bilateral narcotics control agreements in place with every major drug producing country which receives foreign assistance. The conferees agree to several technical changes.

SPECIAL AMBASSADORIAL COMMISSION FOR CYPRUS AND THE AEGEAN (SEC. 586)

The conferees agree to modify the Senate provision by authorizing the President to appoint a special ambassadorial level envoy to deal with matters related to the Cyprus dispute within 30 days. The provision also requires a report by June 1, 1988 on the activities undertaken and sets aside $1,000,000 of the funds allocated to Greece and Turkey ($500,000 each) for the costs associated with implementing this provision.

DETENTION OF CHILDREN (SEC. 587)

The conferees agree to the Senate provision which adds a sense of Congress statement indicating that the Secretary of State should convey to all international organizations the message that ending the practice of detaining children without charge or trial should be a high priority policy of these organizations.

TRAINING ASSISTANCE FOR ARGENTINA AND BRAZIL (SEC. 588)

The conferees agree to allow funds to be spent for training purposes in Argentina and Brazil, notwithstanding any other provision of law.

PROHIBITION ON MILITARY ASSISTANCE TO MOZAMBIQUE (SEC. 589)

The conferees agree to prohibit military assistance to Mozambique.

RESTRICTIONS ON ASSISTANCE FOR MOZAMBIQUE (SEC. 590)

The conferees agree to a modification to the Senate provision concerning funding for Mozambique. The conference agreement states that funding for Mozambique may not be made available unless the President reports to Congress on the extent to which:

(1) the Government of Mozambique has entered into a dialogue with the Catholic Church regarding the return of church property;

(2) the Government of Mozambique has taken steps to assure against future expropriations of private property without due process and just compensation;

(3) the number of Soviet and Eastern bloc military and security personnel are being reduced.

HUD-Independent Agencies Appropriations Act, 1988

Amendment No. 7: Section 101(f) of House Joint Resolution 395 provides appropriations for programs, projects and activities provided in the Department of Housing and Urban Development—Independent Agencies Appropriations Act, 1988. The House version of the joint resolution provides appropriations for programs, projects, and activities at the rate for operations and to the extent and in the manner provided for in H.R. 2783 as passed by the House of Representatives on September 22, 1987. The Senate version of the joint resolution provides appropriations for these programs, projects and activities at the rate and in the manner provided for in H.R. 2783 as passed by the Senate on October 15, 1987 subject to the provisos that discretionary domestic budget authority not exceed $40.87 billion, that discretionary budget outlays (excluding prior year outlays) not exceed $18.46 billion, that defense budget authority not exceed $350 million, and that defense outlays (excluding prior year outlays) not exceed $280 million.

The conference agreement on House Joint Resolution 395 incorporates some of the provisions of both the House and Senate versions of the Department of Housing and Urban Development—Independent Agencies Appropriations Act, 1988, and has the effect of enacting the Act into law. The language and allocations set forth in House Report 100-189 and Senate Report 100-192 should be complied with unless specifically addressed in the joint resolution and statement of the managers to the contrary.

Because of the substantial changes in many accounts from the budget estimate (including a number of general reductions), the conferees direct that the agencies enumerated below submit a fiscal year 1988 operating plan by February 1, 1988, for the review and approval of the Committees on Appropriations. The conferees expect such operating plans to include recommended changes from the budget estimates *except* that no reductions may be proposed in programs, projects, or activities for which funding has been added by the Congress. Any monies that may be proposed for transfer from program accounts to salaries and expense accounts for pay costs should also be identified.

The agencies are:

(1) Department of Housing and Urban Development

(2) National Aeronautics and Space Administration

(3) National Science Foundation

(4) Environmental Protection Agency

(5) Federal Emergency Management Agency

(6) Veterans Administration

(7) Consumer Product Safety Commission

The Department of Housing and Urban Development—Independent Agencies Appropriations Act, 1988, put in place by this joint resolution incorporates the following agreements of the managers:

TITLE I—DEPARTMENT OF HOUSING AND URBAN DEVELOPMENT

HOUSING PROGRAMS

ANNUAL CONTRIBUTIONS FOR ASSISTED HOUSING

The conference agreement appropriates a total of $7,887,405,000 in new budget authority for assisted housing programs, instead of $7,924,100,000 as proposed by the House and $7,523,250,000 as proposed by the Senate.

The agreement includes statutory language that has the effect of providing the amount for individual components of the assisted housing program set forth in the following table, which summarizes the conference agreement. The conferees expect the Department and the Office of Management and Budget to adhere to the 1988 program detailed in the table. The Department is expected to continue to utilize the regular reprogramming procedure if any changes are required to the agreed upon program contained in the table.

Incremental	(77,905)			

The agreement deletes language approved by the House targeting housing development grants (HODAG) to communities with low vacancy rates in view of the decision of the conferees to delete all new HODAG funding.

The agreement restores language approved by the House and deleted by the Senate allowing the use of new and recaptured public housing budget authority, at the discretion of the Secretary for new construction or major rehabilitation.

The agreement includes language proposed by the House permitting all recaptured funds to be used for original purposes rather than language proposed by the Senate which would require recaptured public housing development funds to be used for modernization.

The agreement includes language proposed by the Senate extending the availability of 1984/85 housing development funds until September 30, 1988. The House bill contained no language on this subject.

The agreement includes language proposed by the Senate rescinding annual contract authority provided prior to 1976 that is recaptured in 1988. The House bill contained no provision on this subject.

The agreement includes language proposed by the Senate waiving the fair share provisions in the allocation of housing funds. The House bill included no language on this subject.

The conferees have agreed on language "recoupling" Section 8 vouchers with the rental rehabilitation program. Without the commitment of Section 8 vouchers for approximately 50 percent of the units made available under rental rehabilitation grants, the program would no longer serve a sufficiently adequate number of low-income families. The issue was not addressed by either House.

Finally, the conferees direct the Secretary to allow the Housing Authority of the City of Wheeling, West Virginia, to retain 75 section 8 moderate rehabilitation units allocated to the public housing authority in 1983 for use in carrying out Wheeling's Main Street program.

HOUSING FOR THE ELDERLY OR HANDICAPPED FUND

Establishes the 1988 direct loan limitation on the housing for the elderly or handicapped fund at $565,776,000, instead of $559,900,000 as proposed by the House and $602,800,000 as proposed by the Senate.

The conference agreement inserts language proposed by the Senate requiring 25 percent of the housing for the elderly or handicapped loan authority be used only for handicapped project loans.

The agreement includes language prohibiting the availability of funds for a project in Milton, Massachusetts, unless the sponsor identifies a site for such project other than the one specified in the application (Curtis Road). The Board of Selectmen of the Town of Milton has raised concerns about safety issues, site density, and open space if this project were to proceed at the Curtis Road site. It is hoped that the Town and the sponsor will work together to find an acceptable site for this project in the near future.

CONGREGATE SERVICES

Appropriates $4,224,000 for congregate services, instead of $4,400,000 as proposed by the House and $7,000,000 as proposed by the Senate.

PAYMENTS FOR OPERATION OF LOW-INCOME HOUSING

Appropriates $1,450,000,000 for payments for operation of low-income housing projects, instead of $1,465,000,000 as proposed by the House and $1,515,000,000 as proposed by the Senate.

The amount agreed to by the conferees is $73,138,000 above the budget estimate. This appropriation, together with the $65,000,000 carried forward from last year in the 1987 Supplemental Appropriations Act and the $10,000,000 obligated in 1987 for 1988 insurance costs, will provide a total of $1,525,000,000 for the 1988 operating subsidies program. The conferees expect the Department to first utilize the available monies to meet performance funding system (PFS) requirements and, secondly, for insurance costs not covered by the current PFS formula. It is further expected that all funds remaining, after PFS formula and excess insurance costs are allocated, shall be used for payment of negotiated claims regarding recaptures and adjustments of operating subsidies. In recognition of the tentativeness of PFS and insurance cost estimates, the conferees do not expect that any claim settlement payments would be made until the latter part of the fiscal year. If additional funds are needed for the payment of claims, such an appropriation will be considered at a later date.

PUBLIC HOUSING DEVELOPMENT LOAN

Restores language proposed by the House and stricken by the Senate forgiving the Bay City Housing Authority from repayment of certain public housing development costs, amended to reflect technical corrections.

HOUSING COUNSELING ASSISTANCE

Appropriates $3,360,000 for housing counseling assistance, instead of $3,500,000 as proposed by the House and the Senate.

EMERGENCY SHELTER GRANTS

Inserts language appropriating $8,000,000 for emergency shelter grants.

TRANSITIONAL AND SUPPORTIVE HOUSING DEMONSTRATION PROGRAM

Inserts language proposed by the Senate appropriating $65,000,000 for the transitional and supportive housing demonstration program, amended to delete the provision reducing HUD administrative expenses and inserts a provision providing $750,000 for Washington, office costs of the Interagency Council on the Homeless.

FEDERAL HOUSING ADMINISTRATION FUND

Appropriates $162,866,000 to the Federal Housing Administration Fund for payment to cover losses, instead of $169,652,000 as proposed by the House and the Senate.

The conference agreement establishes the 1988 limitation on Federal Housing Administration loan insurance commitments at $96,000,000,000, instead of $100,000,000,000 as proposed by the House and the Senate.

The agreement also establishes the 1988 limitation on temporary mortgage assistance payments at $79,272,000, instead of $82,575,000 as proposed by the House and the Senate.

The conference agreement includes language permitting the use of the FHA General Insurance Fund to carry out insuring authority on Hawaiian Homes Lands as proposed in amendment numbered 70.

NONPROFIT SPONSOR ASSISTANCE

Establishes the 1988 limitation on nonprofit sponsor assistance direct loans at $960,000, instead of $1,000,000 as proposed by the House and the Senate.

Government National Mortgage Association

GUARANTEES OF MORTGAGE-BACKED SECURITIES

Establishes the 1988 limitation on guarantees of mortgage-backed securities at $144,000,000,000, instead of $150,000,000,000 as proposed by the House and the Senate.

Solar Energy and Energy Conservation Bank

ASSISTANCE FOR SOLAR AND CONSERVATION IMPROVEMENTS

Appropriates $1,500,000 for the solar bank, instead of $3,000,000 as proposed by the House and zero as proposed by the Senate. These funds are intended to continue the solar bank program in fiscal year 1988. In addition, bill language has been included to assure that all funds recaptured from prior year appropriations also be reallocated and awarded.

Community Planning and Development

COMMUNITY DEVELOPMENT GRANTS

Appropriates $2,880,000,000 for community development grants, instead of $3,000,000,000 as proposed by the House and Senate. The conferees have agreed to include bill language earmarking $5,000,000 for a child care demonstration in public housing and $1,000,000 for a neighborhood development demonstration. Bill language has also been included limiting section 108 loan guarantees to $144,000,000.

The agreement also includes language amending section 102(a)(4) of the Housing and Community Development Act of 1974 to permit certain urban areas to forgo classification as a metropolitan city until fiscal year 1990, as proposed by Senate amendment No. 69 to H.J. Res. 395.

A total of $56,000,000 is made available for the Secretary's Discretionary Fund. This is an increase above the budget request of $9,000,000 to be allocated as follows:

+$3,000,000 to continue the community development work study program,

+$1,350,000 in technical assistance funds,

+$1,000,000 in special project funds for a facility for Marathon House in Rhode Island,

+$150,000 in special project funds for library facilities at the New York Institute of Technology,

+$500,000 in special project funds for basic infrastructure improvements in the "Smoky" or north part of Charleston, Mississippi. The conferees direct the Department to fund local proposals including street repair and resurfacing, curb repair, utility enhancements, sidewalk repair and construction, street lighting and other infrastructure improvements identified in such proposals. The conferees also direct that the Department immediately make a technical assistance grant to Charleston of $25,000 to support planning for infrastructure improvements.

Not to exceed $3,000,000 in special projects funds for the installation and hookup of water mains in Brookhaven, New York—at no more than a 50 percent Federal cost share. A total of $6,750,000 has been provided over the past four years to address this drinking water problem in Brookhaven. The conferees expect that future costs will be borne by the State and local governments and water users.

URBAN DEVELOPMENT ACTION GRANTS

Appropriates $216,000,000 for urban development action grants, instead of $225,000,000 as proposed by the House and Senate. The conferees have also agreed to include bill language clarifying Senate language establishing the eligibility of certain Indian lands in Oklahoma to participate in the UDAG program.

REHABILITATION LOAN FUND

Bill language has been included to continue the section 312 rehabilitation loan program with repayments and to prohibit any rehabilitation loan asset sale in 1988.

URBAN HOMESTEADING

Appropriates $14,400,000 for urban homesteading, instead of $15,000,000 as proposed by the House and $12,000,000 as proposed by the Senate. The conferees are aware of the increased interest in the urban homesteading program in cities across the Nation and the program's potential for playing an expanding role in the disposition of foreclosed properties. The conferees also direct that the cap on unit purchase price be increased from $20,000 to $25,000.

Policy Development and Research

RESEARCH AND TECHNOLOGY

Appropriates $16,512,000 for policy development and research, instead of $17,000,000 as proposed by the House and $17,200,000 as proposed by the Senate. The conferees are in agreement that $200,000 of this amount shall be earmarked for census surveys of residential finance and components of housing inventory change.

Fair Housing and Equal Opportunity

FAIR HOUSING ASSISTANCE

Appropriates $4,800,000 for fair housing, instead of $5,000,000 as proposed by the House and Senate

Management and Administration

SALARIES AND EXPENSES

(INCLUDING TRANSFER OF FUNDS)

Appropriates $666,251,000 for salaries and expenses, instead of $698,921,000 as proposed by the House and $688,839,000 as proposed by the Senate.

Of the $666,251,000 provided for salaries and expenses, $358,132,000 is to be derived from the FHA transfer. The committee of conference is in agreement that the appropriation of $666,251,000 reflects the following changes from the budget estimate of $647,538,000:

+$22,233,000 for 717 staff years to support the recommended program levels.

+$1,000,000 for the Housing Assistance Council.

+$520,000 and 13 staff years in the Office of Policy Development and Research.

−$4,000,000 from consulting and related services and other object classifications.

The following table reflects the 1988 staffing agreed to by the conferees:

STAFF-YEAR SUMMARY

	1988			
	Agency request	House recommendation	Senate recommendation	Conference agreement
Housing:				
Washington	520	540	520	520
Field	5,412	5,962	5,962	5,641
Public and Indian housing:				
Washington	f140	150	140	140
Field	928	1,220	1,130	1,175
Government National Mortgage Association: Washington	56	56	56	51
Solar Energy and Energy Conservation Bank: Washington		4		
Community planning and development:				
Washington	231	273	269	269
Field	689	890	777	875
Policy development and research: Washington	145	132	132	132
Fair housing and equal opportunity:				
Washington	128	128	128	128

Field administration: Field	818	875	875	875
Homeless programs:				
Washington		20	20	10
Field		25	25	13
Total	12,638	13,911	13,670	13,342

The conference agreement restores language proposed by the House and stricken by the Senate requiring minimum staffing levels of at least (1) 6,502 in housing programs, (2) 1,370 in public and Indian housing programs, and (3) 1,163 in community planning and development programs, amended to require 1,315 for public and Indian housing staffing. The conference agreement deletes the other minimum staffing levels to permit flexibility. The Department is to follow normal reprogramming procedures for any changes to the staffing levels reflected in the foregoing table.

TITLE II—INDEPENDENT AGENCIES

AMERICAN BATTLE MONUMENTS COMMISSION

Appropriates $12,408,000 for the American Battle Monuments Commission, instead of $12,925,000 as proposed by the House and the Senate. The conferees have also included language proposed by the Senate permitting private contributions to the Korean War Memorial Fund to be used for authorized travel by the Korean War Veterans Memorial Advisory Board. This provision was not included by the House. Language has also been added, which was not included in either the House or Senate bills, that permits interest to be paid on contributions to the Korean War Memorial Fund and the use of up to $125,000 of the fund for administrative support costs.

CONSUMER PRODUCT SAFETY COMMISSION

SALARIES AND EXPENSES

Appropriates $32,696,000 for the Consumer Product Safety Commission, instead of $34,400,000 as proposed by the House and $33,928,000 as proposed by the Senate. The conferees agree to the following changes from the budget request:

−$500,000 and nine FTE from CPSC offices as follows:

One Schedule C position from the Chairman's office,

One Schedule C position from the Office of the Executive Director,

Two Schedule C positions and one General Schedule position from the Office of Media Relations, in conjunction with the merger with the public affairs office,

Two General Schedule positions from the Office of Information and Public Affairs, in conjunction with the merger with the media relations office, and

Two Schedule A Special Assistant positions from the General Counsel's Office.

−$992,000 as a general reduction. The conferees urge the Commission to allocate this reduction so as to minimize adverse impacts on the hazard and enforcement programs and on Commission employees.

The conferees remain concerned that management and personnel problems at CPSC are interfering with the agency's mission and effectiveness. A factor contributing to this internal turmoil is the number of non-career positions which tend to politicize decisionmaking and debate. Currently, CPSC has 15 Schedule C positions and three non-career SES positions—a high number given the size of the agency and its history. The reduction of four Schedule C positions makes CPSC's staff structure consistent with the alignment in place during 1978–79.

The staff reductions in the offices of Media Relations and Information and Public Affairs are taken as an efficiency measure. The conferees believe the current CPSC organization cannot support separate media and public affairs offices and direct that the media relations function be consolidated within public affairs.

The conferees want to make clear that the position reductions in the General Counsel's Office are not intended to affect staff attorneys, assistant general counsels or division directors. In making these changes, the Commission's primary objective should be to retain legal staff with technical knowledge, seniority and experience in the issues and programs of CPSC. The conferees intend to monitor CPSC's implementation of these changes and will entertain a reprogramming request if the All-Terrain Vehicles project workload requires additional legal support.

Bill language has also been included to limit personnel compensation and benefits for the commissioners of the Consumer Product Safety Commission to $300,000, instead of $303,000 as proposed by the Senate and $286,000 as proposed by the House. This increase is made to accommodate the January 1988 pay raise.

DEPARTMENT OF DEFENSE—CIVIL

CEMETERIAL EXPENSES, ARMY

SALARIES AND EXPENSES

Appropriates $8,164,000 for salaries and expenses, instead of $8,504,000 as proposed by the House and the Senate.

In 1987, $9,082,000 was appropriated for construction of a parking facility at Arlington National Cemetery. This amount, together with $1,162,000 previously appropriated, provided $10,244,000 for the project.

Testimony at the 1988 budget hearings indicated that there were adequate funds available for this project. This past June, a contract was awarded for construction of the parking garage facility. It was known at that time that there were insufficient funds to complete the project. However, the Committees did not become aware of this shortfall until September. Without adequate funds to complete the project, the contract should not have been awarded.

The project is now estimated to cost approximately $13,000,000, an increase of nearly $2,800,000. With the project already underway, the Committees are placed in the difficult position of either providing additional funding or leaving the facility incomplete. Both the Arlington National Cemetery and the Corps of Engineers are responsible for proceeding with the project without adequate funds. To permit the project to be completed, the conferees have included language in the bill transferring $1,000,000 from unobligated balances of funds previously appropriated to the Corps of Engineers. The conferees agree that options 6 through 10 which had been deleted at the time of the construction contract award should not now be included. The Cemeterial expenses account is to absorb the remaining costs of the project.

In reviewing this matter, there does not appear to be a central authority for operations at Arlington National Cemetery. The Department of the Army should immediately take actions to address this situation and be ready to discuss this matter at the 1989 budget hearings.

ENVIRONMENTAL PROTECTION AGENCY

SALARIES AND EXPENSES

Appropriates $765,000,000 for salaries and expenses, instead of $803,630,000 as proposed by the House and $796,870,000 as proposed by the Senate. The Conferees agree to the following changes from the budget request:

+$8,000,000 and 150 FTE to meet EPA's expanded clean water responsibilities.

+$4,000,000 and 83 FTE for Title III program activities.

+$1,750,000 and 35 FTE for enforcement.

+$1,500,000 and 20 FTE for regional risk assessment staff.

+$1,000,000 and 20 FTE for Limestone Injection Multistage Burner (LIMB) research.

+$1,000,000 and 20 FTE for pesticide registration and re-registration.

+$900,000 and 15 FTE for randon activities, to be evenly divided between research and program support.

+$500,000 and 10 FTE for EPA's Inspector General.

+$500,000 and six FTE for multimedia hazardous waste source reduction and recycling. Several States have demonstrated the cost effectiveness of technical assistance programs aimed at helping small and medium sized businesses reduce hazardous waste generation. The Environmental Protection Agency, however, has virtually ignored this promising area and Federal leadership and coordination is long overdue. The conference agreement adds staff and funds to establish a formal hazardous waste reduction program within EPA, in addition to State grants and an information clearinghouse. Recognizing that the technical expertise in EPA resides in the office of solid waste, the conferees intend that this program receive high visibility in the Agency and management attention across all relevant media programs. The Agency should be prepared to discuss organizational and management issues related to developing an effective waste reduction program during the fiscal year 1989 budget hearings.

+$400,000 and six FTE for the Great Lakes program, including one FTE and $65,000 devoted to air toxics as specified in the Senate report.

+$100,000 and two FTE for the groundwater research laboratory, and

−$27,605,000 and as a general reduction to be applied to areas other than those augmented.

RESEARCH AND DEVELOPMENT

Appropriates $186,350,000 for research and development, instead of $199,100,000 as proposed by the House and $193,600,000 as proposed by the Senate. The conferees agree to the following changes from the budget request:

−$15,150,000 as a general reduction to be applied to programs other than those augmented below,

+$3,000,000 from acid rain research, based on action on the authorization bill,

+$10,000,000 for systematic research to reduce uncertainties in risk assessments. The committee of conference believes EPA's research program must be realigned to improve the Agency's assessments of environmental and health risks. The conferees are encouraged the EPA is undertaking a broad review of its research program and hope that future research can better support the Agency's overall missions and needs. The conferees request that a research plan to close critical gaps and uncertainties in risk assessments be submitted by March 1, 1988, with the supporting resources explicitly identified in the 1989 budget.

+$2,800,000 for the Center for Environmental Management, to carry out activities identified in the House and Senate reports,

+$2,500,000 to restore the reduction in LIMB research,

+$700,000 for radon mitigation research. The Conferees request that EPA reconvene its 1986 Indoor Air Science Advisory Board for an updated review of the Agency's progress in developing a credible program,

+$500,000 for global climate change and ozone depletion research, and

+$400,000 for the methanol in power plant study identified in the Senate report.

ABATEMENT, CONTROL, AND COMPLIANCE

Appropriates $606,192,000 for abatement, control, and compliance, instead of $672,085,000 as proposed by the House and $672,470,000 as proposed by the Senate. The conferees are in agreement on the following changes from the budget request:

+$40,000,000 for asbestos in schools,

+$16,000,000 for Boston Harbor cleanup activities authorized by section 513 of the Clean Water amendments,

+$15,000,000 for emergency planning and community right-to-know (Title III) activities, to offset the reduction taken in Superfund,

+$8,350,000 for pesticide storage and disposal,

+$8,000,000 from wellhead protection grants,

+$2,000,000 for underground injection control State grants,

+$1,607,000 for additional RCRA corrective actions,

+$4,000,000 for clean water studies and activities, including $1,000,000 to undertake the wastewater treatment demonstration authorized by section 514, $700,000 to identify and control sources of contamination of the Spokane aquifer, and $300,000 to complete the Lake Pend Oreille and Clark Fork River study authorized by section 525.

+$4,000,000 for incentive grants to States to establish and expand waste reduction technical assistance programs and for EPA to establish and operate a technical information clearinghouse,

+$4,500,000 for the Great Lakes program,

+$3,000,000 for the drinking water technical assistance activities provided in the House and Senate reports,

+$4,000,000 for ozone depletion and climate change,

+$1,000,000 for Chesapeake Bay grants to States. The conferees understand that the additional computer capabilities were funded at the end of fiscal year 1987.

+$1,000,000 for wastewater treatment operator training,

+$1,500,000 for a replacement research vessel for the Great Lakes. The conferees want to make clear that this replacement vessel is intended to provide modular laboratory facilities for both nutrient and toxics monitoring and surveillance. If additional resources are needed to cover outfitting expenses, the Agency is directed to seek such funds through a reprogramming, transfer, or future budget request.

+$2,000,000 for radon program activities, including the measurement proficiency program, the radon mitigation training program, and the national assessment required by statute,

+$150,000 to undertake the joint pesticide study with the Department of Agriculture called for in the House report,

+$200,000 to undertake the HANES pesticide study called for in the Senate report,

+$300,000 to undertake the National Academy of Sciences study of pesticides and children called for in the Senate report, and

+$500,000 for the New York Bight study outlined in the Senate report.

−$10,000,000 as a general reduction to be applied to areas other than those augmented.

Bill language has been included earmarking $40,000,000 for school asbestos abatement, instead of $50,000,000 as proposed by the House and Senate. Of this amount, up to $15,000,000 shall be available to help cover the cost of school asbestos reinspections and management plans. Language has also been included to require EPA to award asbestos grants and loans by March 1, 1988, as provided in both the House and Senate bills.

The conference agreement deletes language proposed by the Senate earmarking $10,000,000 for grants under section 28 of the Toxic Substance Control Act to assist State and local governments in implementing the Emergency Planning and Community-Right-To-Know programs. The language proposed by the Senate establishing requirements and schedules for the allocation of such title III grant funds has also been deleted.

The agreement restores language proposed by the House and stricken by the Senate blocking the transfer of funds to NOAA prescribed by section 118(h)(3) of the Federal Water Pollution Control Act, as amended. Funds for NOAA water quality studies in the Great Lakes should be appropriated directly to NOAA or through the normal interagency agreement mechanism with EPA.

The conference agreement includes language proposed by the Senate authorizing up to $2,000,000 for the replacement of laboratory equipment. The conference agreement deletes bill language proposed by the Senate earmarking $1,000,000 for a feasibility study and preliminary design of a demonstration project to treat leachate from a sanitary landfill in a wastewater treatment facility in Cranston, Rhode Island. The conferees also agreed to include language designating Santa Monica Bay as a priority estuary under the national estuary program under section 320 of the Federal Water Pollution Control Act.

The conferees have agreed not to mandate changes in the formulae or minimum allocations for environmental State grant programs. Grant allocation formulae are negotiated cooperatively by EPA and the States based on technical criteria and a consensus judgment of program requirements. The conferees request EPA to reexamine the adequacy of the pesticide enforcement minimum state grant allocation in light of the effect on small States of recent changes in the discretionary allocation.

Finally, the committee of conference understands that EPA is continuing to cooperate in an effort to ensure that a study and air quality model of California's San Joaquin Valley is based on credible, mutually acceptable methods and data. In light of concerns about the use of existing information and models in developing control strategies and actions for this part of California, the conferees expect that EPA will continue to cooperate with interested parties with regard to developing this study and model. The conferees also understand that EPA has previously committed grant funds to the development of this study and expect EPA to seriously consider making significant grant funds available for the project during fiscal year 1988.

BUILDINGS AND FACILITIES

Appropriates $23,500,000 for buildings and facilities, instead of $7,500,000 as proposed by the House and $18,200,000 as proposed by the Senate.

The conference agreement deletes language proposed by the Senate authorizing a $2,000,000 grant to the University of Nevada for a laboratory addition and inserts a provision repealing language earmarking funds for this laboratory addition in the 1987 HUD-Independent Agencies Appropriations Act.

The conferees are in agreement on the following additions to the budget request:

+$12,200,000 for the construction of a new facility to house the existing west coast water quality monitoring field station in Newport, Oregon, as described in the Senate report,

+$5,600,000 for the design and renovation of a Superfund laboratory at Edison, New Jersey to test and evaluate innovative technologies,

+$1,700,000 for the design of a laboratory facility for clinical inhalation research at Chapel Hill, North Carolina. The conferees understand that the construction of this laboratory will be fully funded by the University of North Carolina, under an agreement being negotiated with EPA.

HAZARDOUS SUBSTANCE SUPERFUND

Appropriates $1,128,000,000 for the Hazardous Substance Superfund, instead of $1,181,000,000 as proposed by the House and $1,179,422,000 as proposed by the Senate.

The conferees are in agreement that $888,900,000 shall be derived from the Superfund as authorized by section 517(a) of SARA, instead of $931,000,000 as proposed by the House and $929,422,000 as proposed by the Senate. The conferees also agree that $239,100,000 shall be derived from a payment from the general fund as authorized by section 517(b) of SARA, instead of $250,000,000 as proposed by the House and Senate. The conferees agree to delete language proposed by the Senate earmarking $5,600,000 for the design and construction of a facility at Edison, New Jersey. These funds have been included in the Buildings and facilities account.

The conference agreement restores language proposed by the House and stricken by the Senate limiting the use of funds for natural resource damage claims. Bill language has also been included to limit funds for the Agency for Toxic Substances and Disease Registry to $43,000,000 as proposed by the House, instead of $50,000,000 as proposed by the Senate. Administrative expenses are limited in bill language to $182,400,000, instead of $190,000,000 as proposed by the House and Senate.

The conferees have also agreed to include bill language amending CERCLA and SARA to extend indemnification under section 119 to recipients of grants for Superfund worker training and to require Federal certification procedures for Superfund worker training programs.

The conferees are in agreement on the following changes from the budget request:

−$19,000,000 and 83 FTE from Title III activities. These resources have been added to EPA's operating program budget to fund Title III from general revenues.

−$7,000,000 from the Agency for Toxic Substances and Disease Registry (ATSDR),

−$3,000,000 from the National Institute for Environmental Health Sciencesa (NIEHS) basic research grants. The conferees intend that at least $10,000,000 be provided for worker protection and training in 1988. The conferees request that the 1989 budget justification provide detailed descriptions of the budget and program activities proposed for both ATSDR and NIEHS.

−$5,600,000 from the Edison, New Jersey, laboratory renovation, which has been funded in the Buildings and facilities account. The conferees note that laboratory construction projects are not authorized under Superfund and believe that Superfund resources should be reserved for the most serious site cleanups.

−$46,822,000 as a general reduction to be applied to activities within the overall Superfund program, other than those augmented by the conferees.

−$5,000,000 for no more than five Superfund university research centers, to be selected based on peer review and awarded competitively.

+$4,000,000 and 20 FTE for expanded site investigations and preliminary assessments. The conferees believe that additional sites must be screened in order to ensure that Superfund is being dedicated to the cleanup of the worst problems.

+$2,000,000 and 20 FTE to provide staff at EPA headquarters and in the regions dedicated to overseeing non-NPL site cleanups by private parties, States and local governments.

LEAKING UNDERGROUND STORAGE TANK TRUST FUND

Appropriates $14,400,000 for the leaking underground storage tank program, instead of $10,000,000 as proposed by the House and $15,000,000 as proposed by the Senate. The conferees are aware that a growing number of State programs are well organized and have identified substantial project needs. The Agency should submit information on State program applications and project needs in its 1989 budget justification. The agreement limits administrative expenses to $4,800,000, instead of $5,000,000 as proposed by the House and the Senate.

CONSTRUCTION GRANTS

Appropriates $2,304,000,000 for construction grants, instead of $2,400,000,000 as proposed by the House and Senate. The conferees agreed to delete language proposed by the Senate requiring that payments made for State revolving funds after September 30, 1988 be made in cash.

ADMINISTRATIVE PROVISIONS

The conference agreement includes the bill language on pesticide indemnification as proposed by both the House and Senate. The conferees want to make clear that this provision is not intended to change the responsibility of the U.S. Government for indemnification. The conferees understand that claims for indemnification will continue to be submitted by claimants to EPA. The Agency should continue to conduct the technical review of such claims in an expeditious manner to determine the validity of amounts claimed. Claims will then be referred by EPA to the Department of Justice under 28 U.S.C. 2414 for settlement (or for litigation if the liability or amount are disputed by the Government) and paid pursuant to 31 U.S.C. 1304. The conferees expect that claims which EPA deems valid should be processed routinely by the Justice Department and that approved claims should be paid promptly from the Judgement Fund of the Treasury.

The conference agreement deletes language proposed by the Senate concerning quality assurance fees and inserts language permitting EPA to collect up to $25,000,000 in authorized fees, with the receipts to be deposited in a special fund in the Treasury reserved for environmental programs, to be available subject to subsequent appropriations. Examples of fees included in this provision are: qualify assurance mandatory services and materials, pesticide registration, premanufacture notices, ocean disposal, and other fees for activities authorized by the statutes administered by EPA. The conferees want to make clear that this provision is not intended to affect any existing authority to credit EPA appropriations with fee receipts. Finally, the conferees want to ensure that EPA provides ample opportunity for broad review of proposed fee schedules and gives special consideration to the concerns of the States and small businesses.

The conference agreement deletes the House provision and includes the Senate provision concerning the postponement of sanctions under the Clean Air Act. The issue was dealt with by Amendment numbered 46 and 68 to H.J. Res. 395.

The agreement includes language proposed by the Senate in Amendment No. 71 to H.J. Res. 395, concerning endangered species, with technical amendments.

EXECUTIVE OFFICE OF THE PRESIDENT

COUNCIL ON ENVIRONMENTAL QUALITY AND OFFICE OF ENVIRONMENTAL QUALITY

Appropriates $826,000 for the Council on Environmental Quality, instead of $862,000 as proposed by the House and $860,000 as proposed by the Senate.

OFFICE OF SCIENCE AND TECHNOLOGY POLICY

Appropriates $1,888,000 for the Office of Science and Technology Policy, instead of $1,998,000 as proposed by the House and $1,967,000 as proposed by the Senate.

FEDERAL EMERGENCY MANAGEMENT AGENCY

DISASTER RELIEF

Appropriates $120,000,000 for disaster relief, instead of $125,000,000 as proposed by the House and the Senate.

SALARIES AND EXPENSES

Appropriates $125,841,000 for salaries and expenses, instead of $131,544,000 as proposed by the House and $126,544,000 as proposed by the Senate. The reduction of $5,243,000 below the budget estimate is to be applied at the Agency's discretion. Any staffing reduction below the 33 FTE required to offset specific increases is to be applied proportionally to each activity and only in the central office.

The conferees agree to the following staffing changes from the budget estimate:

+16 FTE for the Disaster Relief Administration,

+10 FTE for the radiological emergency preparedness program,

+3 FTE for the acquisition management program,

+4 FTE for the U.S. Fire Administration, and

−33 FTE to be applied at the Agency's discretion to programs other than the Inspector General and those with aforementioned increases.

EMERGENCY MANAGEMENT PLANNING AND ASSISTANCE

Appropriates $272,496,000 for emergency management planning and assistance, instead of $276,850,000 as proposed by the Senate and $291,850,000 as proposed by the House.

The committee of conference is in agreement with the following changes from the budget estimate:

+$1,478,000 for student travel stipends, including $344,000 for civil defense training and education, $312,000 for the Emergency Management Institute, and $822,000 for the National Fire Academy,

+$1,000,000 for the radiological emergency preparedness program,

+$445,000 for the earthquake program,

+$65,000 for the hurricane program,

+$3,000,000 for the U.S. Fire Administration's fire prevention and arson control program. Within this increase, $1,300,000 is for the residential sprinkler program and $500,000 is for the community-based anti-arson program.

−$15,000,000 from the $20,000,000 requested in the budget amendment for the civil defense program, and

−$15,342,000 as a general reduction to be applied at the Agency's discretion to the civil defense (other than emergency management assistance grants) and Federal preparedness programs.

Reports accompanying past appropriations bills have expressed deep concern about the possibly wasteful and inefficient use by FEMA of funds that are appropriated to it to carry out its responsibilities in coordinating offsite radiological emergency planning at commercial nuclear utilization facilities. In order to ensure that such funds are being utilized appropriately, the conferees require that the Director of FEMA file a report with the Committees on Appropriations at the end of each calendar quarter commencing March 31, 1988.

Such report shall detail the progress made by FEMA on offsite emergency plans for all commercial nuclear utilization facilities including:

(1) the dates each plan and revisions to plans were received by FEMA for review,

the time required for any review that may be currently pending and a present estimate of the time to progress to completion of such review; (2) the dates on which FEMA received requests for the most current and the preceding exercise of each plan, the time and resources required to prepare for such exercises and a current estimate of the time that will be required to complete any pending exercise request as well as a separate estimate concerning any proceedings that may be related to such exercise; and (3) the progress made with the Nuclear Regulatory Commission (NRC) on processing such reviews and exercises that may be conducted pursuant to the Memorandum of Understanding dated April 18, 1985, between FEMA and the NRC.

The committee of conference expects FEMA to develop, within 60 days from the enactment of this measure, all necessary supplemental guidance to review and evaluate utility-sponsored emergency plans and exercises for nuclear power plants.

The Federal Emergency Management Agency is authorized to secure reimbursement from NRC, in accordance with law, for the full and reasonable costs of its services involved in review and evaluation of offsite radiological emergency plans and exercises, whenever previously appropriated funds are inadequate for the purpose. These services would include those performed by FEMA or its contractors in connection with the licensing proceeding within the jurisdiction of the NRC.

NATIONAL FLOOD INSURANCE FUND

(TRANSFER OF FUNDS)

Transfers $9,496,000 from the National Flood Insurance Fund to salaries and expenses, instead of $9,892,000 as proposed by the House and the Senate.

The conference agreement transfers $43,392,000 from the National Flood Insurance Fund to emergency management planning and assistance, instead of $45,200,000 as proposed by the House and the Senate. The agreement also earmarks $4,531,000 of the transferred funds for the section 1362 purchase of property program, instead of $4,720,000 as proposed by the House and the Senate.

EMERGENCY FOOD AND SHELTER PROGRAM

Appropriates $114,000,000 for the emergency food and shelter program as proposed by the Senate, instead of $150,000,000 as proposed by the House and $125,000,000 as proposed by the Senate.

The agreement inserts language proposed by the Senate which incorporates the emergency food and shelter program authorization by reference, limits administrative costs to 3.5 percent of the total, and deletes language proposed by the House and stricken by the Senate which carries the actual text of program authorization, including a 3.5 percent administrative cost limitation.

General Services Administration

CONSUMER INFORMATION CENTER

Appropriates $1,279,000 for the Consumer Information Center, instead of $1,339,000 as proposed by the House and $1,332,000 as proposed by the Senate. The conference agreement establishes the aggregate amount available to the CIC at $5,140,000, instead of $5,200,000 as proposed by the House and $5,193,000 as proposed by the Senate. The agreement also limits administrative expenses of the CIC to $1,652,000, instead of $1,721,000 as proposed by the House and Senate.

Department of Health and Human Services

OFFICE OF CONSUMER AFFAIRS

Appropriates $1,670,000 for the Office of Consumer Affairs, instead of $1,750,000 as proposed by the House and $1,740,000 as proposed by the Senate.

National Aeronautics and Space Administration

RESEARCH AND DEVELOPMENT

Appropriates $3,274,200,000 for research and development, instead of $3,661,200,000 as proposed by the House and $3,378,063,000 as proposed by the Senate. In addition, the conferees have agreed to language included by the Senate permitting $100,000,000 of 1987 funding for a replacement orbiter to be transferred to the Research and development account for use in fiscal year 1988. This transfer has the effect of providing a total of $3,374,200,000 for the activities under this account in 1988.

The conferees agree to the following changes from the budget request:

−$342,660,000 from space station. This reduction provides a total of $425,000,000 for the program in 1988. Of that, $225,000,000 shall become available on June 1, 1988. This delayed obligation, which was not included in either the House or Senate bills, is made pursuant to section 202 of P.L. 100-119 which prohibits the transfer of an outlay from one fiscal year to an adjacent fiscal year *unless* it "is a necessary (but secondary) result of a significant policy change." Because of the impact of the budget crisis on the space station, the conferees believe that a programmatic policy change will be necessary. Therefore, the conferees direct NASA to provide the Committees on Appropriations a detailed plan rescoping and rescheduling the space station activities consistent with 1988 and 1989 revised budgets. In that connection, the conferees expect NASA to identify cost savings—with special emphasis on the non-prime and program support areas. It is noted, for example, that at an 1988 funding level of $425,000,000, the actual "hardware" component of station could constitute less than 30 percent of the total available dollars. This trend is not acceptable—particularly in view of the potential for significantly reduced funding below the anticipated 1989 level of $1.8 billion. The revised plan for space station should be submitted to the Committees on Appropriations no later than February 29, 1988.

Also, the conferees note that the Agency is committed to maintaining funding for science and applications at not less than 20 percent of total NASA resources. Although to date NASA has honored this commitment, the conferees are concerned that further budget constraints could negatively impact unmanned activities.

Further, the conferees recognize that many of the goals articulated in the "Mission To Planet Earth" scenario stress unmanned technology achievable within the next decade and meet a distinct and growing environmental need.

The conferees also urge NASA to continue work on solar dynamic power and satellite servicing to the extent practical within the limited funds available.

Therefore, it is imperative that NASA examine all possible approaches to constraining station costs. In that context, the conferees have "capped" station at $200,000,000—the funding available exclusive of the delayed $225,000,000 appropriation. Those funds will be released after the Committees on Appropriations have carefully reviewed the Agency's proposals to ensure the implementation of a workable space station that is consistent with the Administrator's previous programmatic commitments to the Committees.

+$20,000,000 for microgravity shuttle/ISF/space station payloads. The conferees have agreed to increase the space shuttle/space station payload microgravity activity for the development of new space station experimental hardware such as furnaces, separators, etc. The conferees expect that these funds will help improve the United States' competitive position by having available second and third generation microgravity experiments beginning in 1991. The conference committee expects that this new hardware will be developed initially for use on spacelab and/or the industrial space facility and ultimately used on space station. In that context, the committee of conference strongly urges NASA to add an additional spacelab mission in the third quarter of 1991. The conferees understand that the agency currently has under study the possibility of manifesting such a mission and that a decision should be forthcoming in the near term. The conferees expect NASA to advise the Committees on Appropriations by January 15, 1988, on the status of this important activity.

+$25,000,000 for the industrial space facility (ISF). The conferees believe the ISF may represent a viable interim approach leading to the efficient and effective development and testing of early space station hardware. In short, the ISF could provide a "bridge" from spacelab to space station. However, the conferees believe that it is essential to maintain standard budget's principles in funding this program. Therefore, the conferees direct NASA to conclude a satisfactory funding arrangement that will lead to a workable leased ISF vehicle in the 1991/1992 timeframe.

+$25,000,000 for the Mars Observer program. The conferees are making available these monies with the understanding that the agency may allocate the funding at its discretion between the Mars Observer Mission and additional planetary observer spares.

+$77,000,000 for the Advanced Communication Technology Satellite (ACTS). The ACTS program was first funded in a supplemental appropriation Act in 1982 under the auspices of the HUD-Independent Agencies Appropriations Subcommittee. Congress originated the program because of its concern with the future of the United States' communications satellite industry. It was hoped that this program could enhance U.S. technology and international competitive stature. The program was not supported by the administration, and no budget request has been made in the past three years for ACTS. The Congress has, however, provided funding during that period to maintain the viability of the ACTS effort. The conferees now understand that the current fiscal year 1988 estimate for ACTS, which had been approximately $84 million, has increased to $123 million. Also, the 1989 funding estimate suggests that the project will overrun an additional $17 million.

Because of the increasingly difficult budget problems facing NASA and other agencies within the HUD bill, the conferees have agreed to cap this program at $35 million. The conferees further direct NASA to restructure the program to ensure that total program costs will not exceed $475 million. The conferees believe that under the current budget climate this program must be brought under control before additional funds are released above the $35 million level.

−$4,000,000 from "commercial programs",

+$2,000,000 for the advance rotary engine program,

−$13,000,000 from transatmospheric research and technology (National Aerospace Plane),

+$25,000,000 from the orbital maneuvering vehicle (OMV),

−$5,000,000 from space telescope development,

+$5,000,000 for spacelab/space station payload development,

+$5,000,000 for initial work on an extended duration orbiter (EDO). The conferees, in approving $5 million for initial work on an extended duration orbiter acknowledge the report received from NASA in November. That report confirms the conferees' belief that the EDO is achievable in the short term at a reasonable cost and at great benefit to materials sciences and other disciplines. Additionally, it is clear that the EDO is a viable incremental step to a manned space station and the conferees expect that NASA will move forward with this project in a expeditious manner.

−$10,000,000 from the ocean topography experiment (TOPEX),

−$5,000,000 from the global geospace science mission,

−$15,000,000 from the civil space technology initiative, except that none of the reduction may be applied to the automation and robotics areas, and

+$10,000,000 for explorer development.

Finally, in the research and development account, the conferees are "capping" the 1988 amounts for a number of programs. In accordance with the agreement as outlined in the letter from NASA to the Committees dated August 9, 1984, these "caps" may not be exceeded without the approval of the Committees on Appropriations:

(1) Space station, $200,000,000

(2) Orbital maneuvering vehicle, $55,000,000

(3) Hubble space telescope, $93,400,000

(4) Gamma Ray Observatory, $49,100,000

(5) Galileo, $55,300,000

(6) Magellan, $59,600,000

(7) Ulysses, $10,800,000

(8) Mars Observe, $54,300,000

(9) Upper Atmospheric Research Satellite, $95,400,000

(10) Advanced Communications Technology Satellite (ACTS), $35,000,000.

SPACE FLIGHT, CONTROL AND DATA COMMUNICATIONS

Appropriates $3,908,309,000 for space flight, control and data communications, instead of $3,978,300,000 as proposed by the Senate, and 4,000,300,000 as proposed by the House.

This funding level includes a general reduction of $129,000,000 to be applied at the discretion of the agency. However, to help offset this reduction, the conferees have agreed to the use of up to $125,000,000 of orbiter production funds to complete necessary modifications and undertake related work required to prepare the shuttle fleet for operational status. In addition, the committee of conference agrees that within the total funds made available under this account, a total of $36,000,000 is provided for the replacement tracking and data relay satellite (TDRSS) and $28,000,000 is provided *only* for the purchase of two Delta II launch vehicles.

CONSTRUCTION OF FACILITIES

Appropriates $178,272,000 for construction of facilities, instead of $185,700,000 as proposed by the Senate and $169,700,000 as proposed by the House. The conferees agree that within this total $16,000,000 is made available to initiate the repair of the 12-foot pressure wind tunnel at NASA Ames. Also, the conferees direct that $200,000 be provided for design work of the final component of the launch complex 39 operations support building.

RESEARCH AND PROGRAM MANAGEMENT

Appropriates $1,495,680,000 for research and program management, instead of $1,557,999,000 as proposed by the Senate and $1,558,000,000 as proposed by the House. Within the funds provided, a general reduction of $93,515,000 is assumed. The application of this reduction should be outlined in detail in the operating plan which will be reviewed and approved by the Committees on Appropriations.

The House report directed NASA to submit revisions to the 1988 budget to move institutional costs from the R&D and SFCDC accounts to the R&PM account by October 1, 1987. This reordering of the appropriation account structure was undertaken to ensure the integrity of the accounts and the proper allocation of changes. The Senate report concurred with these objectives.

On September 29, 1987, the NASA administrator sent a letter to the Committees outlining proposed budget and accounting changes to be effective on October 1, 1987. In addition to revising and standardizing the accounting codes structure, the Agency proposed increasing R&PM by $242,438,000 with offsetting decreases of $144,863,000 in R&D and $97,575,000 in SFCDC.

The conferees agree with the level of the proposed changes—but will make the formal transfer of funds between accounts in a future appropriations bill. However, in the interim, language has been included which will permit the Office of Management and Budget to increase the apportionment in the R&PM account to reflect the new accounting structure until funds are transferred in subsequent legislation. Apportionments for Research and development and Space flight accounts will be reduced concomitantly by like amounts.

NATIONAL CREDIT UNION ADMINISTRATION

CENTRAL LIQUIDITY FACILITY

Establishes the 1988 limitation on administrative expenses at $813,000, instead of $847,000 as proposed by the House and the Senate.

NATIONAL SCIENCE FOUNDATION

RESEARCH AND RELATED ACTIVITIES

Appropriates $1,453,000,000 for research and related activities, instead of $1,634,487,000 as proposed by the Senate and $1,505,000,000 as proposed by the House. The proposed reductions from the budget request are to be presented in the operating plan for the Committee's review and approval.

The conferees recognize that super computing is an integral research tool for all disciplines. Recognizing the importance of the NSF national supercomputing centers, NSF should provide the maximum support possible for these centers. All research requirements, however, may not be met at the national centers. Therefore, the conferees have agreed to provide an additional $1,500,000 from this account for proposals to use computing capabilities not available at national supercomputer centers. However, the conferees direct that none of the $1,500,000 may be taken from funds made available for Phase II supercomputer centers. The conferees feel that all research directorates should be involved in funding supercomputer time required as part of research projects.

In connection with the International Institute for Applied Systems Analysis, the conferees agree that not less than $1,000,000 shall be available *only* for this purpose, instead of $1,500,000 as proposed by the House and no funds as proposed by the Senate. The conferees urge that the $1,000,000 be made available to IIASA as soon as possible.

The conferees agree to include language prohibiting the payment of the Federal portion of the salary of any individual on assignment from a non-Federal entity at more than the maximum rate paid for ES-6. This language was included by the Senate in Title IV of this bill, but has been transferred by the conferees to this paragraph.

Finally, the conferees agree that the limitation on administrative expenses for program development and management is established at $84,480,000, instead of the $88,000,000 proposed by both the House and Senate.

UNITED STATES ANTARCTIC PROGRAM ACTIVITIES

Appropriates $124,800,000 for the United States Antarctic program activities instead of $117,000,000 as proposed by the Senate and $143,000,000 as proposed by the House.

SCIENCE EDUCATION ACTIVITIES

Appropriates $139,200,000 for science education activities instead of $115,000,000 as proposed by the Senate and $145,000,000 as proposed by the House.

NEIGHBORHOOD REINVESTMENT CORPORATION

Appropriates $18,720,000 for the Neighborhood Reinvestment Corporation, instead of $19,500,000 as proposed by both the House and Senate.

SELECTIVE SERVICE SYSTEM

Appropriates $25,459,000 for the Selective Service System, instead of $26,520,000 as proposed by both the House and Senate.

VETERANS' ADMINISTRATION

MEDICAL CARE

Appropriates $10,094,808,000 for medical care, instead of $10,320,808,000 as proposed by the House and $10,123,000,000 as proposed by the Senate.

The conference agreement of $10,094,808,000 for medical care reflects the following changes from the budget request of $9,907,850,000:

+$169,700,000 for 3,810 FTE to maintain the current staffing level of 194,140,

+$40,000,000 for special pay rates for nurses and other scarce medical specialties,

+$5,000,000 for tuition assistance payments for nursing and other associated health care occupations,

+$4,000,000 for start-up costs of six satellite outpatient clinics at Albuquerque, New Mexico (mobile clinic); Duluth, Minnesota/Superior, Wisconsin; Lufkin, Texas; Ocean County, New Jersey; Savannah, Georgia; and Tallahassee, Florida,

+$90,000,000 for the Administration's proposed two percent pay increase in 1988, and

−$121,742,000 general reduction due to lower average salary than assumed in the budget request. This reduction will not decrease the staffing level of 194,140.

The amount of funding is specifically intended to support 194,140 full-time equivalent employees (FTEEs) with the understanding that, in accordance with established Congressional practice, any additional pay costs necessary to support that FTEE level will be borne by the VA, using funds made available by this measure, funds made available through the enactment of supplemental appropriations, or through absorption of the costs, or some combination thereof. This FTEE level does not include common service FTEEs.

The VA is directed to make available an additional 6 FTEEs for readjustment counseling activities in West Virginia and an additional 12 FTEEs for readjustment counseling services in Hawaii.

The conference agreement earmarks $6,400,000,000 of medical care appropriation for personnel compensation and benefits, instead of $6,650,000,000 as proposed by the House and $6,503,400,000 as proposed by the Senate.

The agreement also deletes language proposed by the Senate making any unobligated balance of the $5,000,000 provided in the emergency homeless joint resolution for a community-based residential care program available during fiscal year 1988. The conferees have included $2,914,725 for this contract program—the amount of program funds that lapsed at the end of fiscal year 1987—within the total amount provided.

The conferees have agreed to restore language proposed by the House and stricken by the Senate limiting the numbers of administrative support and engineering support staffing to 37,700 and 26,500, respectively, amended to limit administrative support staffing to 37,700. The VA is to fully explain any increase in engineering support staffing above 26,500 along with the effects of any offsetting reduction in direct medical care staffing, to the Committees prior to such augmentation.

VA MEDICAL COMPUTER SYSTEMS

The Committees' reports have directed the VA not to obligate 1987 or 1988 equipment funds for its decentralized hospital computer program (DHCP) pending an independent evaluation of agency medical computer programs by the Office of Technology Assessment (OTA). The OTA has recently submitted a special report on hospital information systems at the VA. The study included a general review of the features and costs of DHCP and three competing integrated hospital information systems (IHS). It also included an overview of VA's current deployment process and plans.

The report finds that two timeframes—near- and far-term—must be considered in making decisions concerning VA's hospital information systems. In the near-term, OTA finds that VA has a limited set of options from which to choose. This is because the agency has not taken the opportunity in the past to expand its technological options through thorough testing and study of systems alternatives. The report indicates that if the VA is to implement at least a minimum level of automation in its hospital information systems within the next two years, it has no reasonable alternative to its current approach—DHCP. The report also indicates that while the commercial systems have some features that DHCP does not, to switch to a commercial system at the present time would increase costs or delay implementation, or both.

In the long-term, the reports find that DHCP may have limitations that could make it an unsuitable platform for a transition to the hospital information system VA will need in the 1990's. The VA's current planning process focuses on continued revisions to and evolution of the DHCP software, and does not provide an appropriate mechanism for exploring needs, opportunities, and alternative options for the next generation. The OTA finds that if VA wishes to reap the benefits of technological change, it needs to begin now to do long-term planning that can examine technological alternatives for the next generation of hospital information technology.

After reviewing the OTA report, the conferees agree that the VA should proceed to install the DHCP "Core Plus 8" for the near term. Development and deployment of additional modules will be considered at a subsequent time. Release of the 1987 ($25,000,000) and 1988 ($20,177,000) funds is contingent upon submission of the following plans:

Life cycle costs by activity and year of Core Plus 8. The conferees expect a full explanation of any increase above the previous estimate of $777,000,000 and a written commitment to such an estimate.

Dates for installation and full operation of each of the 14 modules by hospital.

The VA will be monitored as to the costs and dates in these plans. Quarterly reports are to be submitted to the Committees on Appropriations explaining any slippage in the installation or full operation dates.

Additional funding will be contingent upon VA's demonstration of the following:

Order entry/results reporting working satisfactorily in a high-transaction production environment.

Initiation of suitable strategic planning and evaluation of technological alternatives for the next generation information system. Such a strategic plan should incorporate OTA's long-term planning recommendations, including the formal involvement of outside experts to assist in providing recommendations and evaluation of options for the next generation VA of hospital automation. Estimates of required annual resources should also be included.

At congressional direction, VA installed commercially-developed information systems (IHS). The purpose was to determine whether software already developed by commericial vendors would serve VA better than the DHCP software, written in-house. Reports from the OTA and the General Accounting Office indicate that the VA did not design the test to permit a fair comparison of the features and costs of the vendor's approaches. The conferees are greatly displeased with the VA's actions in this crucial matter—and that displeasure is reflected in a $1,000,000 reduction in administrative ADP costs in the Medical administration and miscellaneous operating expense account. The VA is expected to create conditions under which future decisions are based on thorough and unbiased examination of alternatives.

The OTA report suggests two alternatives for the three existing IHS hospitals. The conferees direct the VA to leave the three IHS systems in place. Also, two additional tertiary hospitals should be selected, along with the existing three sites, for an on-going permanent IHS test for tracking changes in the technology offered by commercial vendors. The VA should provide these five hospitals with (1) interface with the rest of the ADP systems and (2) represention in the special interest user groups and other planning groups.

Finally, the conferees recognize that all concerned parties want the VA to have the best system to automate its medical care program—now and in the future. Objective decisions will ensure that goal.

MEDICAL AND PROSTHETIC RESEARCH

Appropriates $192,899,000 for medical and prosthetic research, instead of $208,766,000 as proposed by the House and $200,936,000 as proposed by the Senate.

The committee of conference is in agreement with the following changes from the budget request:

+$3,000,000 for rehabilitative research. This will provide in excess of $20,000,000 for this important research program in 1988, and

−$8,037,000 general reduction to be applied at the VA's discretion to other than rehabilitative research activities.

The amount of funding is specifically intended to support approximately 4,400 full-time equivalent employees with the understanding that, in accordance with established Congressional practice, any additional pay costs necessary to support that FTEE level will be borne by the VA, using funds made available by this measure, funds made available through the enactment of supplemental appropriations, or through absorption of the costs, or some combination thereof. This FTEE level does not include common services FTEEs.

MEDICAL ADMINISTRATION AND MISCELLANEOUS OPERATING EXPENSES

Appropriates $46,628,100 for medical administration and miscellanous operating expenses, instead of $49,848,000 as proposed by the House $49,613,000 as proposed by the Senate.

The conferees agree with the following changes from the budget estimate:

+$1,000,000 to the $6,000,000 requested for the health professional scholarship program,

−$2,985,000 general reduction to be applied to other than the health scholarship program, and

−$1,000,000 in administrative ADP costs. This reduction is further explained under the medical care portion of the statement.

This amount of funding is specifically intended to support not more than 595 full-time equivalent employees with the understanding that, in accordance with established Congressional practice, any additional pay costs necessary to support that FTEE level will be borne by the VA, using funds made available by this measure, funds made available through the enactment of supplemental appropriations, or through absorption of the costs, or some combination thereof. This FTEE level does not include common services FTEEs.

GENERAL OPERATING EXPENSES

Appropriates $762,810,000 for general operating expenses, instead of $811,100,000 as proposed by the House and $804,829,000 as proposed by the Senate.

The committee of conference is in agreement with the following changes from the budget estimate:

+$9,700,000 for 296 FTE in the Department of Veterans Benefits,

+$1,000,000 for 16 FTE in the Department of Memorial Affairs,

+$215,000 for 5 FTE in the Board of Veterans Appeals,

+$200,000 for 4 FTE in the Office of Inspector General,

+$1,000,000 for housing counseling assistance to help delinquent borrowers retain ownership of their homes,

+$8,935,000 requested for the replacement files system at the Records Processing Center,

−$8,400,000 requested for State approving agencies. Legislation will shift funding for this activity to the readjustment benefits account,

−$1,652,000 in costs saved by not closing the St. Paul Insurance Center,

−$5,678,000 from the $217,072,000 requested for general administration, and

−$36,034,000 as a general reduction due to lower average salary costs with the balance of the reduction to be applied to the ADP modernization program and other object classifications.

The conferees recognize that the Budget Appendix incorrectly identifies employee travel costs as $7,848,000. The correct estimate for employee travel in 1988 is $8,886,000.

The agreement also restores language proposed by the House and stricken by the Senate earmarking (1) $549,545,000 and 12,915 FTE for the Department of Veterans Benefits, (2) $49,746,000 and 1,219 FTE for the Department of Memorial Affairs, and (3) $211,809,000 for general administration, amended to earmark $508,500,000 and 12,915 FTE for the Department of Veterans Benefits. The committee of conference has agreed to delete the earmarkings for the Department of Memorial Affairs and general administration to provide the VA with flexibility due to the reductions. However, the conferees expect the VA to allocate $47,310,000 and 1,203 FTE for the Department of Memorial Affairs and $207,000,000 for General Administration, subject to normal reprogramming procedures.

CONSTRUCTION, MAJOR PROJECTS

Appropriates $402,884,000 for construction, major projects, instead of $406,921,000 as proposed by the House and $414,201,000 as proposed by the Senate.

The conferees agree to the following changes from the budget estimate:

+$1,000,000 to complete preliminary plans for the clinical/outpatient addition/renovation project at Ann Arbor,

+$200,000 for preliminary planning of a 120-bed nursing home care unit at Saginaw,

+$785,000 for design of a 120-bed nursing home care unit at Mountain Home,

+$2,710,000 for design of a clinical improvements and patient privacy project at Nashville,

+$670,000 for design of a 120-bed nursing home care unit at Tampa,

+$330,000 for design of a 60-bed nursing home care unit at Wilkes-Barre,

+$12,500,000 for a heating, ventilation and air-conditioning project at Madison,

+$220,000 for an environmental impact statement for a new cemetery in the Chicago area,

+$250,000 for an environmental impact statement for a new cemetery in the Cleveland area,

+$200,000 for an environmental impact statement for a new cemetery in the Seattle/Tacoma area,

+$250,000 for an environmental impact statement for a new cemetery in the Albany area, and

−$16,787,000 general reduction of four percent to be applied equally to each project.

The conferees concur with language contained in the Senate report regarding the use of dollars included in the advance planning fund for facility development plans (FDP's). This language effectively postpones future FDP contracts pending an independent evaluation of the FDP format and development process.

The agreement also inserts language proposed by the Senate authorizing the VA to use $2,500,000 from unobligated balances in the construction, major projects account for settlement of a contractor's claim on the Bronx replacement hospital and research building construction project.

CONSTRUCTION, MINOR PROJECTS

Appropriates $115,942,000 for construction, minor projects, instead of $121,038,000 as proposed by the House and $120,773,000 as proposed by the Senate.

The agreement establishes the limitation on expenses of the Office of Facilities at not more than $40,774,000, instead of $42,738,000 as proposed by the House and $42,473,000 as proposed by the Senate.

PARKING GARAGE REVOLVING FUND

Appropriates $3,936,000 for the parking garage revolving fund, instead of $4,100,000 as proposed by the House and the Senate.

The agreement inserts language proposed by the Senate requiring that medical care funds be used for parking garage operations and maintenance costs instead of the parking garage revolving fund.

GRANTS FOR CONSTRUCTION OF STATE EXTENDED CARE FACILITIES

Appropriates $40,320,000 for grants for construction of State extended care facilities, instead of $42,000,000 as proposed by the House and the Senate.

GRANTS TO THE REPUBLIC OF THE PHILIPPINES

Appropriates $480,000 for grants to the Republic of the Philippines, instead of $500,000 as proposed by the House and the Senate.

ADMINISTRATIVE PROVISIONS

Inserts language proposed by the Senate permitting the use of fiscal year 1988 funds in the four VA entitlement accounts to be available for payment of prior year obligations required to be recorded within the last quarter of fiscal year 1987.

TITLE III

FEDERAL HOME LOAN BANK BOARD

LIMITATION ON ADMINISTRATIVE EXPENSES, FEDERAL HOME LOAN BANK BOARD

Limits expenses of the Federal Home Loan Bank Board to $30,313,000 as proposed by the Senate, instead of $30,486,000 as proposed by the House. The agreement includes language proposed in both the House and Senate bill earmarking $800,000 for state examiner training.

LIMITATION ON ADMINISTRATIVE EXPENSES, FEDERAL SAVINGS AND LOAN INSURANCE CORPORATION

Limits expenses of the Federal Savings and Loan Insurance Corporation to $1,610,000 as proposed by the Senate, instead of $1,619,000 as proposed by the House.

The agreement inserts language proposed by the House and stricken by Senate Amendment No. 34, allowing certain cooperative banks to be insured under the Federal Deposit Insurance Corporation.

TITLE IV—GENERAL PROVISIONS

Restores language proposed by the House and stricken by the Senate limiting the maximum salary of a consultant to that of a GS-18, and deletes language proposed by the Senate limiting such pay to that of an ES-6.

The agreement also restores language proposed by the House and stricken by the Senate prohibiting the demolition of certain public housing units in Dallas and Houston, Texas.

BALANCED BUDGET AND EMERGENCY DEFICIT CONTROL ACT

During fiscal year 1988, for purposes of the Balanced Budget and Emergency Deficit Control Act of 1985 (Public Law 99-177), the following information provides the definition of the term "program, project, and activity" for departments and agencies carried in the accompanying bill. The term "program, project, and activity" shall include the most specific level of budget items identified in the 1988 Department of Housing and Urban Development-Independent Agencies Appropriations Act, the accompanying House and Senate Committee reports, the conference report or the joint explanatory statement of the managers of the committee of conference.

In applying any sequestration reductions, departments and agencies shall apply the percentage reduction required for fiscal year 1988 pursuant to the provisions of Public Law 99-177 to each program, project, activity and subactivity contained in the budget justification documents submitted to the Committees on Appropriations of the House and Senate in support of the fiscal year 1988 budget estimates, as amended, for such departments and agencies as subsequently altered, modified or changed by Congressional action identified by the aforementioned Acts, resolutions and reports. Further, it is intended that in implementing the Presidential order, (1) no program, project, or activity should be eliminated, (2) no re-ordering of funds or priorities occur, and (3) no unfunded program, project, or activity be initiated. However, for the purposes of program execution, it is not intended that normal reprogramming between programs, projects, and activities be precluded *after* reductions required under the Balanced Budget and Emergency Deficit Control Act are implemented.

APPROPRIATIONS FOR THE DEPARTMENT OF THE INTERIOR AND RELATED AGENCIES

Amendment No. 8: Section 101(g) of House Joint Resolution 395 provides appropriations for programs, projects and activities provided for in the Department of the Interior and Related Agencies Appropriations Act, 1988. The House version of the joint resolution provides appropriations for programs, projects, or activities at a rate for operations and to the extent and in the manner provided for in H.R. 2712 as passed the House of Representatives on June 25, 1987. The Senate version of the joint resolution provides appropriations for these programs, projects, and activities at a rate for operations and to the extent and in the manner provided in H.R. 2712 as passed the Senate on September 30, 1987.

The conference agreement on House Joint Resolution 395 incorporates some of the provisions of both the House and Senate versions of the Department of the Interior and Related Agencies Appropriations Act, 1988, and has the effect of enacting the Act into law. The language and allocations set forth in House Report 100-171 and Senate Report 100-165 shall be complied with unless specifically addressed to the contrary in this joint resolution and accompanying statement of the managers. The Department of the Interior and Related Agencies Appropriations Act, 1988, put in place by this joint resolution, incorporates the following agreements of the managers:

TITLE I—DEPARTMENT OF THE INTERIOR

Bureau of Land Management

MANAGEMENT OF LANDS AND RESOURCES

Appropriates $498,983,000 instead of $493,649,000 as proposed by the House and $502,972,000 as proposed by the Senate.

The net increase above the amount proposed by the House consists of increases of $400,000 for non-energy minerals; $2,000,000 for the Alaska lands program; $40,000 for Shoshone Horse shrub restoration; $250,000 for noxious weed control; $2,400,000 for hazardous materials management; $300,000 for wildlife habitat; $250,000 for management of riparian areas (wildlife); $300,000 for threatened and endangered species; $450,000 for the wildlife challenge grant program; $75,000 for Chaco Canyon site rehabilitation; $200,000 for planning for the El Malpais National Conservation Area, NM; $150,000 for rehabilitation of Tangle Lakes Campground, AK; $200,000 for management of Red Rocks Visitor Center, NV; $500,000 for expenses of San Pedro Riparian Area, AZ; and $4,000,000 for Alaska cadastral surveys; and decreases of $885,000 in solid energy minerals (coal); $2,223,000 in oil and gas; $174,000 in goethermal; $600,000 in cultural resources; and $2,299,000 for the FERS reestimate.

The managers agree that:

(1) $200,000 in western Oregon public domain forestry is for FIR/COPE research and as FIR concludes funds are to be shifted to COPE;

(2) up to $200,000 of the amount for the challenge grant program in wildlife habitat management may be used for threatened and endangered species;

(3) $110,000 in wildlife habitat management is to restore deer habitat in Idaho destroyed by fire;

(4) $75,000 of the increase for cultural resources management is for operation of the Anasazi Heritage Center, for a total of $350,000;

(5) the Bureau may use funding provided in this account for planting seedlings needed for fire rehabilitation work and may exceed the Committee notification threshold for rehabilitation work, if necessary, in order to begin work promptly;

(6) additional funds provided for operating expenses of the San Pedro Riparian Area, for rangers in the California Desert Conservation Area, and for law enforcement on the King Range may be distributed among various activities used by the Bureau to plan and monitor costs as long as such reallocation is reported to the House and Senate Appropriations Committees;

(7) the Bureau may provide funds for implementation of the Henry Mountain Coordinated Resource Management Plan after completion of all legal requirements for review prior to implementation, with the understanding that no chaining of pinion/juniper will take place within Wilderness Study Areas (WSAs);

(8) funds for oil and gas programs are sufficient for implementing extension of the Production Accounting and Auditing System (PAAS) to onshore oil and gas leases, and the Bureau is expected to carry out its portion of the implementation;

(9) out of funds provided for hazardous materials management, the Bureau should initiate a comprehensive review and evaluation of its program by the National Academy of Engineering/National Academy of Sciences and provide the evaluation to the House and Senate Appropriations Committees.

House bill language prohibiting the destruction of healthy, unadopted, wild horses and burros in fiscal year 1988 is restored, and Senate language providing for revision of policy statements and regulations, review and implementation of proposals for sanctuaries, and submission of a report by April 1, 1988, on wild horse and burro populations is deleted.

The managers agree that a report on the status of wild horse and burro populations and future policy considerations for Congressional review shall be included in the required biennial report to Congress rather than separately.

The managers have no objections to the Bureau investigating proposals for private sanctuaries for wild horses or burros and implementing proposals which are both humane and cost effective. Such proposals may only be implemented in compliance with existing reprogramming guidelines.

CONSTRUCTION AND ACCESS

Appropriates $3,430,000 for construction and access instead of $1,981,000 as proposed by the House and $2,736,000 as proposed by the Senate.

The increase above the amount proposed by the House consists of $350,000 for Quail Hill Road reconstruction and $125,000 for Colorado River boat ramps in Arizona; $560,000 for architectural and engineering work for a new smokejumpers operations building in Alaska; and $456,000 for expenses for moving the Fairbanks, AK district into its new office and for moving the Alaska Fire Service into the former district office; and a decrease of $6,000 for the FERS reestimate.

LAND ACQUISITION

Appropriates $8,885,000 for land acquisition instead of $4,170,000 as proposed by the House and $10,235,000 as proposed by the Senate. The managers agree to the following distribution:

Acquisition management	$600,000
Paulina Guard Station, OR	10,000
King Range Conservation Area, CA	1,000,000
Desert Tortoise Habitat, CA	600,000
Pacific Crest Trail, CA	60,000
Warner Basin Potholes, OR	1,000,000
Wilderness study area inholdings	500,000
Upper Missouri River WSR, MT	500,000
Carrizo Plains, CA	4,000,000
Owyhee River, CA	615,000
Total	8,885,000

The managers agree that priority for wilderness study area inholdings should be given to properties in and around the Mahogany Ridge and Willow Creek Wilderness Study Areas around Trout Creek Mountains in southeastern Oregon.

The managers agree that the Fish and Wildlife Service is to (1) review and revise applicable recovery plans to reflect Carrizo Plains land acquisition; (2) prepare habitat conservation plans in cooperation with relevant State and federal agencies; and (3) enter into a memorandum of understanding with the California Department of Fish and Game to coordinate various endangered species needs in the San Joaquin Valley.

OREGON AND CALIFORNIA GRANT LANDS

Appropriates $58,475,000 for Oregon and California grant lands instead of $57,817,000 as proposed by the House and $58,134,000 as proposed by the Senate. The increase of $658,000 above the amount proposed by the House consists of increases of $600,000 in renewable resource management for increased costs of salvage sales; $147,000 for recreation maintenance; and $200,000 for spotted owl research; and decreases of $30,000 for construction of an elk viewing facility near Reedsport, Oregon; and $259,000 for the FERS reestimate.

ADMINISTRATIVE PROVISIONS

Bill language is included, as proposed by the Senate, allowing the termination of two withdrawals and completion of related land exchanges in Utah to proceed by waiving a court order which disallows termination of land withdrawals. The exchanges must proceed under all applicable law.

Bill language is also included extending a temporary public land withdrawal in Lincoln County, Nevada, from December 31, 1987 to March 31, 1988 as proposed by the Senate. The extension allows time for legislative action on a long-term withdrawal of 89,600 acres known as "Groom Mountain Addition to the Nellis Air Force Range" after receipt of the required environmental impact statement.

United States Fish and Wildlife Service

RESOURCE MANAGEMENT

Appropriates $342,594,000 for resource management instead of $335,524,000 as proposed by the House and $342,859,000 as proposed by the Senate.

The net change from the House consists of the following: increases of $500,000 for endangered species recovery, $865,000 for the national wetlands inventory, $1,357,000 for refuge maintenance, $300,000 for Hawaiian Islands NWR operations, $150,000 for archeological sites work at Stillwater NWR, NV, up to $500,000 for the Alaska Maritime NWR for operation of the vessel Tiglax, $500,000 for Alaska operations, $560,000 for the Arctic goose education program, $974,000 for Alaska subsistence grants, $200,000 for a challenge grant program on Service lands, $200,000 for the North American waterfowl management plan, $500,000 for migratory nongame bird management, $119,000 for the Lower Snake River, $135,000 for the cui-ui fish handling facility, $165,000 for operations at Hagerman NFH, ID, $539,000 for Williams Creek-Alchesay NFH, AZ, $253,000 for Mescalero NFH, NM, $108,000 for Parker Fishery Assistance Office, $213,000 for Pinetop Fishery Assistance Office, $171,000 for Lander, WY fishery assistance office, $400,000 for habitat evaluation procedures and wetland technical assistance, Slidell, LA, $200,000 for the eastern energy and land use team in West Virginia, $216,000 for the Gainesville NFRL, FL, $300,000 for cooperative fish and wildlife units, $125,000 for Yukon River fish research, $650,000 for Alaska mammal research, $425,000 for Leetown National Fisheries Center, $250,000 for Fish and Wildlife Foundation matching grants and $300,000 for fire suppression costs; and decreases of $200,000 for farm bill implementation, $100,000 for fishery management activities on refuges, $300,000 for forensics lab start-up costs, $50,000 for the US/Canada Salmon Treaty, $160,000 for operations at the Northeastern Anadromous Fish Lab, $500,000 for non-game species research, $134,000 in general administration, $1,000,000 for fire equipment and $1,661,000 based on a reestimate of FERS.

The managers agree that every effort should be made to involve the states in the national wetlands inventory. State financial commitments should be increased. The amount provided for Corps of Engineers permit monitoring is to be used to sample projects to determine the overall effectiveness of the permit process. While the managers strongly support the volunteers in the refuges program, no amount is specified. Rather, available resources should be used to support the program.

The managers agree that the increase of $500,000 for migratory non-game management activities includes $100,000 for regional and national coordination and $400,000 for population monitoring related to migratory non-game bird management efforts. The Service shall begin the implementation of activities outlined in the non-game plan already developed, and update and issue a final plan during fiscal year 1988.

Within the increase provided for law enforcement are funds adequate to meet the identified needs of all the regions including $200,000 for the southwest law enforcement program. At least $50,000 of the increase should go toward Caribbean law enforcement needs.

Within available funds there is $1,000,000 for the Youth Conservation Corps as proposed by the House.

The managers have agreed to transfer funding for the Williams Creek-Alchesay NFH, AZ, the Mescalero NFH, NM, the Parker Fishery Assistance Office, AZ, the Pinetop Fishery Assistance Office, NM and the Lander, WY fishery assistance office from the Bureau of Indian Affairs to the U.S. Fish and Wildlife Service. In agreeing to this transfer, the managers are in no way diminishing their resolve that these facilities be managed by the tribes when the tribes are ready. It is the managers understanding that these transfers present no impediment to the eventual transfer of these fishery facilities to the appropriate tribes at a later date.

Within the amount provided for the Gainesville National Fishery Research Lab in Gainesville, FL is $150,000 to continue red fish and estuarine studies.

For the cooperative fish and wildlife units, the managers have provided $5,741,000, an increase of $1,177,000 over the 1987 level. It is the managers expectation that this increase will be split between unmet needs at existing units and to permit an expansion of units.

The $2,000,000 provided for Arctic NWR, AK oil and gas development impact studies is to cover wildlife research for caribou and waterfowl, refuge management studies, habitat water quality and quantity studies and fish migration studies.

The reduction in general administration is not directed at any particular office.

House bill language earmarking $1,204,000 for the National Fishery Research and Development Center at Wellsboro, PA has been deleted. Within the funds provided, however, there is $1,204,000 for the Wellsboro lab.

In addition to the review of all fish hatcheries to determine essential maintenance needs, the Service is to recommend to the House and Senate Committees on Appropriations the priorities for implementation. This information should be provided to the House and Senate Appropriations Committees by May 15, 1988.

The $1,000,000 increase for contaminant analysis may be used for other contaminant-related activities as needed.

The managers agree that U.S. Fish and Wildlife Service adminsitrative funds may be used to provide administrative support to the Fish and Wildlife Foundation through June 30, 1988 at an annual rate of $100,000.

The managers request the Service to prepare a report to discuss the acquisition of water rights in the Colorado River for instream flow requirements for endangered species protection. The report is to address the status of current knowledge concerning in-stream flow requirements, as well as biological and hydrological needs. The report is to be submitted by the Secretary, who is expected to address various agency jurisdictional issues raised by the report.

The managers direct the Southeastern Fish Culture Laboratory, in Marion, Alabama to coordinate some of its research in the conservation, management, investigation, protection, and utilization of sport fishery and warm water fish farming with the Alabama Cooperative Fishery Research Unit and the Department of Fisheries and Allied Aquaculture of Auburn University, toward a mission of improving the economics of farm aquaculture, including the commercial production of catfish, tilapia, striped bass, and other species in the Southeast.

CONSTRUCTION AND ANADROMOUS FISH

Appropriates $25,062,000 for Construction and Anadromous Fish instead of $21,054,000 as proposed by the House and $19,437,000 as proposed by the Senate. Changes to the House position are decreases of $200,000 for advance planning, $747,000 for Crab Orchard Dam, IL and $5,000 based on a reestimate of FERS costs. Increases to the House position include $500,000 for the Karluk Lake field facility at Kodiak NWR, AK, $350,000 for Skilap loop rehabilitation at Kenai NWR, AK, $300,000 for Pittsford NFH, VT, $740,000 to complete the forensics laboratory, $210,000 for pond rehabilitation and repairs for Bowden NFH, WV, $1,500,000 for Leetown National Fisheries Center, WV pond rehabilitation, $350,000 for rehabilitation of the Academy Building at Leetown for striped bass research and $1,010,000 for the Northeast Anadromous Fish Lab.

The $400,000 for advance planning is to be used to plan for refuge rehabilitation needs, hatchery rehabilitation needs and striped bass production needs. The service is to consult with the Committees on the planning projects to be undertaken.

The reprogramming submitted to the Committees on Appropriations regarding the Eastern Shore NWR, VA is approved. The funds in the reprogramming combined with the $450,000 in this bill will provide a visitor center/office for the refuge.

Bill language is included to allow the Service to solicit bids for the Northeast Anadromous Fish Laboratory, essentially as currently designed, notwithstanding the availability of funds. The conference agreement provides $2 million in additional construction funds for the laboratory, and it is the intent of the managers that the funding necessary to complete the facility will be provided in fiscal year 1989. The Service is directed to issue the request for proposals for construction of the facility as soon as possible after enactment of this Act.

The managers direct that $481,000 remaining in the Alaska Region's Construction and Anadromous Fish account for fiscal year 1987 be reprogrammed to fund construction of a hanger in Bethel, Alaska to house Fish and Wildlife Service aircraft which serve the Yukon Delta National Wildlife Refuge.

MIGRATORY BIRD CONSERVATION ACCOUNT

Appropriates $1,000,000 for the migratory bird conservation account as proposed by the House instead of $3,561,000 as proposed by the Senate.

The managers agree to continue to support Commission efforts to acquire bottomland hardwoods for the Cache River NWR, AR. The managers understand that there is $2,000,000 for continued acquisition by the Commission for the Little River Wildlife Refuge in Oklahoma and that the total acquisition cost will be $5,500,000 and encourage the Commission to continue acquisition.

LAND ACQUISITION

Appropriates $51,754,000 for land acquisition instead of $39,074,000 as proposed by the House and $72,860,000 as proposed by the Senate. The managers agree to the following distribution:

Acquisition management	$1,874,000
Alligator River NWR, NC	4,000,000
Bitter Creek Lake NWR, NM	500,000
Bogue Chitto NWR, LA	500,000
Buenos Aires NWR, AZ (Arivaca Creek)	750,000
Chickasaw NWR, TN	2,500,000
Crystal River, FL	650,000
Fakahatchee Strand, FL (Florida panther)	2,620,000
Finnegan Cut NWR, CA	1,000,000
Hawaiian Forest NWR, HI	4,000,000
Kilauea Point NWR, HI	1,700,000
Klamath Forest NWR, OR	3,500,000
Leslie Springs, AZ	300,000
Lower Rio Grande NWR, TX	8,000,000
Lower Suwanee, FL	1,500,000
Matagorda Island, TX	5,000,000
National Elk Refuge, WY	510,000
National Key Deer NWR, FL	2,000,000
Rachel Carson NWR, ME	560,000
Sacramento River NWR, CA	1,000,000
Stewart McKinney NWR, CN	500,000
Sunkhaze Meadows, ME	800,000
St. Marks NWR, FL	880,000
Tensas NWR, LA	2,500,000
North American Waterfowl Mgt. Plan	6,000,000
Inholdings	2,000,000
Offset (from Bitter Creek NWR, CA)	−3,390,000
Total	51,754,000

The amount for acquisition management includes a $15,000 reduction for FERS. Also included in the allowance is an increase of up to $250,000 for activities related to Carizzo Plains, CA.

The managers agree to delete a specific earmark in the bill for Tensas NWR, LA.

ADMINISTRATIVE PROVISIONS

Limits payments at the discretion of the Secretary for information, rewards, or evidence concerning violations of law administered by the U.S. Fish and Wildlife Service to $400,000 as proposed by the Senate instead of $350,000 as proposed by the House.

NATIONAL PARK SERVICE

OPERATION OF THE NATIONAL PARK SYSTEM

Appropriates $730,799,000 for Operation of the National Park System instead of $725,129,000 as proposed by the House and $134,106,000 as proposed by the Senate.

Changes to the House position include increases of $332,000 for Jean Lafitte NHP, LA as proposed by the Senate, $300,000 and up to six FTE's for New River Gorge NR, WV, $100,000 for City of Rocks National Reserve, ID, $225,000 for Fordyce Visitor Center operations at Hot Springs NP, AR, $200,000 for Buffalo National River, AR, $400,000 for Lowell NHP, MA, $200,000 for Harpers Ferry NHP, WV, $250,000 each for Hawaii Volcanoes NP, HI and Haleakala NP, HI for pig and exotic plant control projects, $250,000 for Glen Canyon NRA, UT/AZ,

$150,000 for El Malpais NM, NM for planning, $60,000 for the New River Gorge Parkway Planning Commission, $20,000 for a civil war interpretive exhibit at Harpers Ferry NHP, WV, $85,000 for the Harpers Ferry police force, $750,000 for U.S. Park Police, $1,000,000 for fee collection, $1,500,000 for trail maintenance and reconstruction, $250,000 for informational publications, $250,000 for Volunteers-in-Parks, $100,000 to monitor spraying at New River Gorge NR, NW, $2,351,000 for the Martin Luther King, Jr. Center for the Study of Nonviolent Social Change and $160,000 for executive direction; and decreases of $30,000 for the Upper Delaware Council, $250,000 for radon mitigation, $250,000 for increased utility costs, $119,000 for US/ICOMOS and $2,864,000 for the FERS reestimate.

The managers agree that within available funds there is a $40,000 increase for the Theodore Roosevelt Inaugural Site.

Included in the allowance is $2,550,000 for the Martin Luther King, Jr. Center for the Study of Nonviolent Social Change. Of this amount, $550,000 is for operating and support costs to be expended and administered consistent with the cooperative agreement with the National Park Service. Also included in the allowance is $2,000,000 for rehabilitation of the birth home of Martin Luther King, Jr. and for acquisition and construction of a parking lot to ease a critical public parking crisis for visitors to the Center and the Martin Luther King, Jr. National Historic Site.

The amount provided for U.S. Park Police above the House level may be used for the priority items unfunded by the House. Within the amount provided for trail maintenance and reconstruction there is $154,000 for Rocky Mountain NP, CO.

The managers agree that within available funds there is $40,000 for construction of a 6-inch water line at Harpers Ferry, WV. In addition, the $420,000 increase provided by the House for road maintenance is for Mount Rainier National Park as well as Olympic and North Cascades National Parks. Also within available funds is $25,000 for Lewis and Clark Trail markings and $30,000 to plan trail interpretation.

The amount provided for cultural resources preservation includes up to $250,000 to develop a cultural resources management plan for the National Park Service maritime collection. The managers agree that special assistants to the Director of the National Park Service should be limited to those who are involved with the National Park Service.

The managers request the National Park Service to prepare a comparative report for the Committees on Appropriations on the balance between the Pennsylvania and New Jersey components of Delaware Water Gap NRA. The report should include information on the availability of facilities in each State, public use in each State and acreage in each State.

Within available funds there is $1,000,000 for the Youth Conservation Corps as proposed by the House.

The managers agree that within available general management plan funds, there is $20,000 to preserve petroglyphs in the Albuquerque, NM area, $50,000 for planning Masau Trail, $100,000 for a comprehensive plan for the Santa Fe Trail and $150,000 for Long Trail, Vermont.

The managers on the part of the House concur in the amendment of the Senate which allows the Secretary of the Interior to lease from the Department of Hawaiian Home Lands trust lands until the lands may be acquired by exchange.

The managers on the part of the House concur in the amendment of the Senate which prohibits funds available to the National Park Service being used to remove, obstruct, dewater, fill or otherwise damage the Brooks River fish ladder in the Katmai National Park, Alaska.

The managers on the part of the House concur in the amendment of the Senate which facilitates the orderly transition from regional finance offices to a central finance office.

The managers on the part of the House concur in the amendment of the Senate which permits the exchange of Land and Water Conservation Fund assisted land in Pine Bluff, Arkansas if Land and Water Conservation Fund conversion criteria regarding equal fair market value and reasonably equivalent use and location are met.

The managers agree to continue restrictions on the Office of Legislative and Congressional Affairs as proposed by the House.

The managers recommend that the Director review the operation of the Division of Legislation and provide to the Committees a report on its operation to determine the feasibility of regional offices and the Office of Planning and Development providing greater assistance in preparing material for congressional reports and the feasibility of combining the Division of Legislation and the Office of Planning and Development. Until the Committees have had an opportunity to review the report, and increase of staff cannot be supported.

The managers agree to continue Park entrance fees and to exempt persons 16 or under from entrance fees instead of exempting persons 12 or under as proposed by the Senate. The language provides that if permanent statutory language is enacted at any time during fiscal year 1988, either prior to or subsequent to enactment of this Act, the fee provisions in the permanent statutory language shall govern and the fee provisions in this Act shall be superseded.

The managers have agreed to no rescission of funds provided in fiscal year 1987 for the Steamtown Historic Site, as proposed by the House, instead of rescinding $5,500,000 as proposed by the Senate.

The managers recognize that the Steamtown Comprehensive Management Plan (CMP) was completed in one year and is a working document. Due to the accelerated schedule, however, several critical areas in the plan remain tentative and need to be clarified. These include the size and scope of the collection, the length and operation of the excursion route and the annual operating budget. It is the intent of the managers to address these areas during the fiscal year 1989 budget hearings.

The annual operating budget for the site which was identified in all alternatives is estimated to be $2,000,000. This estimate is based upon other U.S. rail facilities of similar scale. Since the Park Service does not currently operate a site similar to this, this estimate is not conclusive and needs to be substantiated. This will also be reviewed by the Committees in the fiscal year 1989 hearing process.

The Steamtown Foundation's collection currently consists of 40 locomotives and over 100 pieces of rolling stock. The managers encourage the National Park Service to recommend those pieces of equipment which represent the greatest historic value. The managers also direct the Park Service to detail in the collections statement which pieces of stock are to be restored to operating condition, as distinguished from those which will require only cosmetic repair. The collections statement should be complete in time for consideration for hearings next spring.

The managers agree that the Steamtown Foundation is expected to retire all outstanding Foundation debts before the National Park Service can accept ownership of their properties for inclusion in the Steamtown National Historic Site.

The National Park Service has submitted a plan of work schedule to the Committee for fiscal year 1988 using the remaining $6.9 million available from fiscal year 1987. This work will include emergency repairs, stabilization, critical research and basic planning, design and construction. It is the understanding of the managers that all future construction activities will be accommodated within the current authorization ceiling or pursuant to amendments to the authorizing legislation. Future year appropriations for the Steamtown National Historic Site will be considered after the overall plan, which is to include the collections statement and the excursion line study, is complete.

The managers have agreed to drop Senate bill language regarding the upgrade of a power line through Capitol Reef National Park. There is agreement, however, that the National Park Service is to continue to work with the Garkane Power Association toward upgrading the power transmission capacity to no more than 34.5KV. Any upgrade should be conducted in a manner which will minimize visual impacts in the park.

Language proposed by the Senate to make permanent an earmark of $85,000 for the Harpers Ferry Police Department has been deleted. The managers concur in the Senate report language regarding the Intrepid Sea-Air-Space Museum.

NATIONAL RECREATION AND PRESERVATION

Appropriates $12,935,000 for national recreation and preservation instead of $12,753,000 as proposed by the House and $12,983,000 as proposed by the Senate. The changes from the House position include increases of $75,000 for official standards for HABS/HAER documentation of maritime resources; $75,000 for coordination of the Federal, State, and private agencies involved in the abandonment of railroad rights-of-way and the conversion of those rights-of-way to recreational trails; and $100,000 for the departmental consulting archaeologist to provide increased overall coordination of Federal archaeological programs. There is a reduction of $68,000 related to a reestimate of FERS costs.

Of the increase of $400,000 for trail activities, $100,000 is for the national trails inventory.

HISTORIC PRESERVATION FUND

Appropriates $28,250,000 for the Historic Preservation Fund instead of $25,000,000 as proposed by the House and $34,050,000 as proposed by the Senate.

The increase to the amount provided by the House includes $2,000,000 for grants to States for survey and planning activities or architectural, engineering and management assistance; $1,000,000 for the Bicentennial Lighthouse Fund and $250,000 for the National Trust's critical issues fund.

The managers on the part of the House concur in the Senate direction to the National Park Service to prepare a report for the Appropriations Committees identifying a priority listing of endangered archeological sites, the cost of acquisition and development of the sites, and recommendations on the role the Federal Government could play in best assisting State, local, and private efforts to stabilize and preserve our archeological resources on non-Federal lands.

URBAN PARK AND RECREATION FUND

The managers have agreed to rescind $1,900,000 of unobligated balances in the Urban Park and Recreation Fund instead of $2,800,000 as proposed by the Senate.

CONSTRUCTION

Appropriates $93,017,000 instead of $86,056,000 as proposed by the House and $81,331,000 as proposed by the Senate.

The managers have agreed to the following distribution of funds:

Line item request	$19,318,000
Emergency and unscheduled projects	2,000,000
Planning	14,100,000
Boston NHP, MA (Faneuil Hall)	3,000,000
Cuyahoga Valley NRA, OH:	
Erosion control	200,000
Kendall unit (utilities)	600,000
Locktender's house	735,000
Delaware Water Gap NRA, PA	1,200,000
Friendship Hill NHS, PA	2,000,000
Gateway NRA, NY (Great Kills Bathhouse)	1,200,000
Guadalupe Mountains NRA, TX	3,650,000
Johnstown Flood Museum, PA	4,300,000
Lincoln Home NHS, IL	500,000
Springfield Armory NHS, MA	1,000,000
Tuskegee NHS, AL	2,000,000
Buffalo National River, AR:	
Tyler Bend Campground	3,800,000
Erbie Campground	650,000
Jean Lafitte NHP, LA:	
Barataria Unit-Environmental Education Center	800,000
Acadian Cultural Centers	5,500,000
Thomas Stone Mansion NHS, MD	400,000
C&O Canal-Flood Repairs	1,000,000
Fossil Butte NM, WY	3,950,000
Fort Union Trading Post	850,000
New River Gorge NR, WV:	
Park headquarters	2,000,000
Trails development	300,000
Kaymoor mine site	500,000
Denali NP, AK:	
Visitor Access Center	1,300,000
Savage River bus shelter	60,000
Klondike Gold Rush NHP, AK (Mascot Bldg)	296,000
Harpers Ferry NHP, WV	1,000,000
Yosemite NP, CA	300,000
Natchez Trace NP, MS/TN	13,200,000
Lowell Historic NP, MA	1,500,000
FERS reestimate	−192,000
Total reestimate	−193,017

Within the amount provided for planning, the managers agree to the following projects:

Allegheny Portage NHP, PA (Summit Level restoration, Horseshoe Curve development, Staple Bend Tunnel, Saltsburg/Western Division Mainline)	$1,650,000
Biscayne NP, FL (Sewage system and seawall)	500,000
Blue Ridge Parkway (Fisher Peak Recreation Area)	25,000
Boston NHP, MA (Old State House)	500,000
C&O Canal (Rewatering feasibility study)	100,000
George Washington Memorial Parkway (interchange EIS)	400,000
Harpers Ferry NHP, WV (interpretive design center)	330,000
Indiana Dunes NL, IN (Coronado Lodge)	260,000
Jean Lafitte NHP, LA (Barataria Unit-Wagner Bridge)	200,000
Mount Rushmore NM, SD	350,000
New River Gorge NR, WV:	
Development concept plan	385,000
Canyon development	450,000
Thurmond	400,000
Parkwide Trails study/signs	100,000
Rocky Mountain NP (entrance station)	28,000
Tuskegee NHS, AL	600,000

The managers have not provided funds to plan the infrastructure for concessioner facilities expansion at Glen Canyon NRA UT/AZ on the basis that planning is to be accommodated through the regional director's initiative.

The managers have not provided funds for Canaveral NS, FL because the project cannot be started during fiscal year 1988. It is the clear intent of the managers to fund this project in fiscal year 1989. The National Park Service is to give top priority to assuring that this project will be ready in 1989 and will not be delayed further.

The managers understand that the Acadian Cultural Centers will be built in accordance with cooperative agreements in the towns of Eunice, Thibodaux and Lafayette, Louisiana and shall be developed, maintained and operated as part of the Jean Lafitte National Park.

The Service shall prepare a report for the Committees reviewing the advantages and disadvantages of various sites, including Gettysburg NHP, to house a museum of the Civil War.

LAND ACQUISITION AND STATE ASSISTANCE

Appropriates $60,749,000 for land acquisition and State assistance instead of $48,431,000 as proposed by the House and $76,323,000 as proposed by the Senate. The managers agree to the following distribution:

State grants	$16,567,000
State grant administration	3,433,000
Subtotal, State programs	20,000,000
Emergencies, hardships, inholdings, deficiencies, and relocation	5,000,000
Appalachian Trail	5,000,000
Chattahoochee NRA, GA	3,000,000
Cuyahoga Valley NRA, OH	5,000,000
Delaware Water Gap NRA, PA, NJ	1,000,000
Grant-Kohrs Ranch NHS, MT	600,000
Haleakala NP, HI	500,000
Indiana Dunes NL, IN	1,000,000
Manassas NB, VA	2,000,000
Pictured Rocks NL, MI	200,000
Point Reyes NS, CA	1,000,000
Santa Monica NRA, CA	1,000,000
Sleeping Bear Dunes NL, MI	2,000,000
Upper Delaware Scenic and Rec. River (Zane Grey house)	300,000
Valley Forge NHP, PA	1,250,000
War in the Pacific NHP, GU	800,000
Home of FDR NHS, NY (Kessler Tract)	500,000
Rocky Mountain NP, CO (Indian Head Ranch)	1,100,000
Harpers Ferry NHP, WV	75,000
Olympic NP, WA	1,000,000
New River Gorge NR, WV	2,000,000
Acquisition Management	6,498,000
FERS reestimate	−74,000
Total	60,749,000

Within the amount provided for acquisition management is $100,000 for New River Gorge NR, WV and $50,000 for appraisals of mining claims at Great Basin NP, NV.

Bill language has been included which states that any federally-owned land in the War in the Pacific National Historical Park that becomes excess to the needs of the administering agencies shall be transferred to the National Park Service, without reimbursement, for purposes of the park.

The managers have also included bill language to permit the National Park Service to purchase the Zane Grey house and personal effects at Upper Delaware Scenic and Recreation River.

JOHN F. KENNEDY CENTER FOR THE PERFORMING ARTS

Appropriates $4,904,000 instead of $4,920,000 as proposed by the House and Senate. The reduction is based on a reestimate of FERS costs.

The managers on the part of the House concur in the amendment of the Senate which provides that contracts awarded for certain functions at the John F. Kennedy Center for the Performing Arts may be negotiated with selected contractors and awarded on the basis of contractor qualification as well as price.

ADMINISTRATIVE PROVISIONS

The managers on the part of the House concur in the provision of the Senate which prohibits the National Park Service from issuing a construction permit for the Potomac Greens interchange on the George Washington Memorial Parkway unless an environmental impact statement is conducted under certain conditions.

The managers have agreed to include bill language reasserting provisions of Public Law 95-625, as amended, to halt National Park Service harassment of landowners in the Santa Monica Mountains National Recreation Area, California. The statute provides protection to inholders who had homes whose construction commenced prior to January 1, 1978. The Service has traditionally recognized the right of inholders to rebuild homes that have been destroyed. The language added recognizes the intent of Congress that where homes built prior to January 1, 1978 were destroyed, the landowner or his assignees may rebuild his home. The statute authorizing the Santa Monica Mountains NRA provides that fee title to improved properties, such as a detached single-family dwelling, shall not be acquired unless the Secretary finds that such lands are being used, or are threatened with uses, which are determined to be detrimental to the purposes of the national recreation area. The managers understand, however, that the Service is pressuring landowners to sell, and threatening them with condemnation, even though the statute provides that improved property landowners shall have the continued use and enjoyment of their property in a manner consistent with the use that existed prior to January 1, 1978.

The law also provides that the Secretary shall give full consideration to the recommendations of State and local agencies, including the California Coastal Commission.

The managers conclude however, that full consideration is not being given.

Therefore, the managers direct the Service to cease the policy and practice of harassment of landowners and to reassess and adjust its coordination procedures with agencies with which it is lawfully required to consult.

The managers note that the Department of the Interior has missed the statutory deadline to submit to the Congress recommendations for additional wilderness designations in Alaska National Parks and National Wildlife Refuges. Every effort should be made to expedite completion of the environmental impact statements and to develop wilderness recommendations for the President's consideration as soon as possible, but no later than the end of fiscal year 1988.

GEOLOGICAL SURVEY

SURVEYS, INVESTIGATIONS, AND RESEARCH

Appropriates $447,747,000 for Surveys, investigations, and research instead of $447,324,000 as proposed by the House and $449,908,000 as proposed by the Senate.

The increase above the amount proposed by the House consists of increases of $500,000 for the earth resources observation system (EROS); $500,000 for volcano hazards; $500,000 for wetlands erosion studies; $1,000,000 for coal reserve investigations; $900,000 for the Water Research Scientific Information Center; $800,000 for regional aquifer studies; $600,000 for drilling in the San Andreas-Glorieta aquifer; $400,000 for work on the Ogallala aquifer; and $250,000 for nuclear waste hydrology; and decreases of $250,000 in digital cartography; $375,000 in Geographic Information Systems (GIS); $250,000 in national geologic mapping; $500,000 in offshore geologic surveys; $250,000 in sedimentary basins and subtle traps; $200,000 in geothermal; and $3,202,000 for the FERS reestimate.

The managers agree that the Geological Survey in conjunction with other interested parties should develop program alternatives for the EROS data center which address the continuing funding problems and viability of the center and present them to the Appropriations Committees by May 1, 1988.

The managers also agree that all geomagnetism observatories should remain open; that the additional regional aquifer funds are to begin study of the Appalachian aquifer; and that $100,000 of the Ogallala aquifer funding is for a comprehensive report on the aquifer, and $300,000 is for use in the Federal-State cooperative program.

MINERALS MANAGEMENT SERVICE

LEASING AND ROYALTY MANAGEMENT

Appropriates $168,717,000 instead of $169,313,000 as proposed by the House and $171,267,000 as proposed by the Senate.

In outer continental shelf lands, the difference under the amount proposed by the Senate is a result of a reduction of $1,804,000 in the leasing and environmental program of which $400,000 is from accelerated prelease identification of critical areas of environmental concern, $1,300,000 is from accelerated prelease environmental assessments and $104,000 from funding proposed for the Bering Sea Resources Association.

The managers agree that MMS is to use the additional funding in the leasing and environmental program to accelerate environmental research in areas of upcoming lease sales where the potential for conflict is great such as off the Straits of Florida, Northern California, and Washington-Oregon. For example, in Florida tourism, commercial and sport fishing, and endangered species are serious concerns; and in Washington-Oregon the managers understand that studies of commercial fisheries, seabirds and marine mammals will be expanded. In addition, the MMS is to work with State agencies to define jointly the scope and detail of these studies and utilize existing State capabilities to avoid duplication. MMS is to provide a table to the Committees which compares the initial schedule for these environmental activities with the accelerated schedule this additional funding provides.

The managers are aware that the Inspector General is completing a review of the MMS audit strategy and have withheld adding funds for additional auditors until they can review this study and its recommendations.

In accordance with the Administration's request for a fiscal year 1988 budget amendment, the managers have reduced MMS by $746,000 due to a reestimate of the cost of the Federal contribution to the Federal Employee Retirement System.

In respect to product value regulations for oil and gas and Notice to Lessees Numbered 5 (NTL-5), the managers have not included bill language as proposed by the House, which directed that none of the funds may be used to implement a rule which modifies the product value guidelines of the Minerals Management Service. The Minerals Management Service may go forward with its proposed schedule of releasing final regulations which will be effective February, 1988 but must report on a quarterly basis to the Committees of jurisdiction on royalty collections for that period as well as an historical comparison of collections for equal production so the Congress can determine whether these new regulations are "revenue neutral" as the Minerals Management Service claims. In the event that there is a severe revenue loss, the managers give notice that they will require the Minerals Management Service to address and correct that deficiency through an amendment to the regulations, in accordance with the Administrative Procedures Act.

The managers understand that, in testimony given November 16, 1987 by the Department before the Senate Energy and Natural Resources Committee, the Department stated they will attempt to follow a similar process for the ongoing development of the new coal product value guidelines as they undertook for oil and gas.

On November 3, 1987, the House passed H.R. 3479, the NTL-5 Gas Royalty Act of 1987. On December 4, 1987, the Committee on Energy and Natural Resources considered H.R. 3479 and offered an amendment in the form of a substitute. Because of the House and Senate action on resolving this issue, the managers have modified the House language to lift the moratorium for fiscal year 1988 on NTL-5 once H.R. 3479 or similar legislation is signed into law. In addition, audits may proceed but MMS shall take no action to collect unpaid or underpaid royalties, plus applicable interest, based on a value of production in excess of gross proceeds (or minimum value required by applicable regulations) until such time as said legislation is enacted.

The MMS is to continue to notify the Committees on a quarterly basis on the enhancements identified for the Auditing and Financial system, their resultant cost and benefit, and the timeframe for implementation.

The managers have not accepted Senate language directing the Department of the Interior to establish separate commissions comprised of State and Federal representatives to review ocean mining in the EEZ.

Bill language is included which specifies that $50,179,000 is provided for royalty management activities as proposed by the Senate instead of $50,929,000 as proposed by the House. In addition, language proposed by the Senate amending the Outer Continental Shelf Lands Act by releasing 27 percent of the funds escrowed in the Alaska boundary dispute to the State of Alaska has been included.

The managers have deleted bill language proposed by the House providing for the deduction of the cost of collection of mineral leasing receipts before receipts are distributed between Treasury and the States.

BUREAU OF MINES

MINES AND MINERALS

Appropriates $146,398,000 for mines and minerals instead of $132,727,000 as proposed by the House and $158,392,000 as proposed by the Senate.

The difference over the amount proposed by the House in Minerals Information and Analysis is an increase of $1,250,000 in high priority land analysis and the restoration of $350,000 of the funds proposed for transfer to health and safety and mining technology for maintenance.

In health and safety technology the increases over the House level consist of $1,000,000 for rock burst research, $300,000 for robotics research, and $100,000 for fires and explosions. These increases are offset by a reduction of $550,000 which the House proposed for deferred maintenance.

In mining technology the managers have included $3,500,000 over the House level to continue a demonstration project to test the feasibility of in situ copper mining at the Asarco-Freeport Santa Cruz site near Casa Grande, Arizona. Of this amount, $1,000,000 shall be available for the Bureau of Mines' laboratory research, and $2,500,000 shall be available for the purchase of plant equipment and on-site preparation activities. The managers expect a non-Federal cost-sharing contribution of 25 percent over the life of the project, either in cash or in-kind services such as project management and the sale of copper produced during the research test. The managers also expect the non-Federal partner to assume operational management responsibility. The Bureau is directed to contract for administrative services, as necessary, and to monitor overall project execution. The managers have included an increase of $500,000 for in situ leaching of precious metals which is to be matched by industry providing a total of $1,000,000 for this project, and $600,000 for cyanide leaching of gold at the University of Nevada. In addition, $1,200,000 has been included for a National Mine Land Reclamation Center. The managers encourage the Bureau of Mines to seek the highest practical levels of cost-sharing in this endeavor. The final increase is $1,000,000 for water contamination studies of which $500,000 is for research to be conducted at the University of Idaho. These increases are offset by reductions of $150,000 for deferred maintenance, $500,000 for acid mine drainage, $300,000 for subsidence research, $300,000 for mine waste research, $1,000,000 for selective mining techniques and $1,000,000 to expand AML research.

The managers direct the Bureau of Mines to use $250,000 within available funds for abandoned mine research to conduct a research program on revegetation of toxic hot spots in Arkansas. The Bureau is to work with the Soil Conservation Service in resolving this problem.

In minerals and materials an increase of $1,000,000 over the House level has been included for research at the Idaho National Engineering Lab. The managers understand that the last increment needed to complete research initiated in fiscal year 1986 on a flame reactor is $500,000. This funding will be considered in fiscal year 1989.

For mineral institutes, $4,608,000 has been included over the House level to provide funding for allotment grants to the 32 mineral institutes. In addition, bill language has been included to provide $600,000 to the Mississippi Mineral Resources Institute of the University of Mississippi and $600,000 to the Center of Ocean Resources Technology of the University of Hawaii for a Marine Minerals Technology Center.

In general administration the increases over the House level consist of $200,000 to restore the funding proposed to be transferred to health and safety technology for maintenance and an increase of $750,000 for deferred maintenance of which $375,000 is for the Pittsburgh Research Center.

In facilities, the manager have agreed to include bill language authorizing the phased purchase of the Spokane Research Center. The increase over the House level is $700,000 with the balance of the $1,100,000 expected to be needed in fiscal year 1988 being derived from funding included in the Bureau's base budget for rent. The managers are aware of the GSA appraisal for $2,200,000 and do not anticipate a price which exceeds that. The balance of the funds will be provided in future appropriations.

In accordance with the Administration's request for a fiscal year 1988 budget amendment, the managers have reduced the Bureau by $787,000 due to a reestimate of the cost of the Federal contribution to the Federal Employee Retirement System.

The managers agree that the Bureau should attempt to maintain a full-time equivalent level comparable to that of fiscal year 1987. In addition, the managers expect a comprehensive report on the Bureau's findings regarding the sale of the helium operations to ensure Congressional approval before the Bureau proceeds.

Bill language has been included earmarking $38,259,000 to remain available until expended instead of $82,859,000 as proposed by the House and $97,459,000 as proposed by the Senate. In addition, the managers have included bill language earmarking $1,890,000 for executive direction as proposed by the House instead of $2,147,000 as proposed by the Senate.

OFFICE OF SURFACE MINING RECLAMATION AND ENFORCEMENT

REGULATION AND TECHNOLOGY

Appropriates $102,125,000 instead of $105,690,000 as proposed by the Senate and $102,305,000 as proposed by the House.

The difference from the Senate proposal is a reduction of an additional $2,000,000 in State regulatory program grants. This reduction comes from the regulatory grant for the State of Kentucky since it received $2,000,000 from a fiscal year 1987 reprogramming.

In the Federal regulatory program account, the managers have reduced travel funds in regulatory program operations by $100,000.

In respect to the Kentucky settlement agreement, the managers have provided a total of $3,685,000, the Senate level, to fund this agreement in fiscal year 1988. Due to the fact that passage of the Continuing Resolution will occur at the end of the first quarter of the fiscal year, funding is only necessary for three quarters of the fiscal year. The managers are aware the total cost to meet the terms of the settlement agreement is $12.9 million. Future funding for this agreement will be contingent on the progress made in reaching the goals of this agreement as reported to the Committees during the upcoming OSM hearings on their fiscal year 1989 and fiscal year 1990 budget requests. Bill language has been included supporting the settlement agreement.

The managers have restored the reduction of $600,000 in general services for the planned relocation to new quarters and reduced the $1,800,000 the Senate provided for the Coal Data Management Information System.

In accordance with the Administration's request for a fiscal year 1988 budget amendment, the managers have reduced regulations and technology by $265,000 due to a reestimate of the cost of the Federal contribution to the Federal Employee Retirement System.

ABANDONED MINE RECLAMATION FUND

Appropriates $199,380,000 for the abandoned mine reclamation fund instead of $194,899,000 as proposed by the House and $205,439,000 as proposed by the Senate.

The difference from the Senate level consists of a decrease of $5,340,000 in State reclamation program grants, an increase of $1,200,000 in federal reclamation programs in fee compliance, an additional reduction of $1,000,000 which coupled with the Senate reduction of $9,000,000 constitutes a total decrease of $10,000,000 from the budget request as a general program offset, and a reduction of $800,000 in general administration for the Coal Data Management Information System.

In accordance with the Administration's request for a fiscal year 1988 budget amendment, the managers have reduced the abandoned mine reclamation fund by $119,000 due to a reestimate of the cost of the Federal contribution to the Federal Employee Retirement System.

The managers agree that $461,000 from within available funds is to be used to restore funding to the Wilkes-Barre field office.

The managers direct OSM to use available funds to contract with the United States Geological Survey for a study to be conducted within 45 days of enactment to determine the cause for contamination of the Peter Creek water system. If contamination is due to abandoned mines where mining occurred prior to 1977, then OSM is directed to approve the use of funds from Kentucky's 1987 reclamation grant to resolve this problem. If contamination is not due to abandoned mining, OSM is to help the State seek funding from more appropriate sources such as EPA.

The managers have not included bill language proposed by the Senate requiring that $250,000 of overall RAMP funding be provided to Arkansas to initiate a five-year study of vegetative covers of reclaimed lands because funding for this purpose has been provided in the Bureau of Mines. In addition, language proposed by the House providing access for the Navajo, Hopi and Crow Indian Tribes to abandoned mine reclamation funds has not been included because it was incorporated into Public Law 100-71, enacted after the House passed its bill on June 25, 1987.

Language proposed by the Senate authorizing the use of $2,000,000 of the State of Wyoming's fiscal year 1987 allocation for the Rawhide and Horizon subdivisions has not been included since it is contained within the Omnibus Budget Reconciliation Act of 1987.

The managers also direct OSM to use available funds to contract with the U.S. Geological Survey for a study to be conducted within 45 days of enactment to determine the cause of contamination in the areas proposed for the extension of the water supply system in Butler County, Kentucky. If contamination is due to abandoned mines where mining occurred prior to 1977, then OSM is directed to approve the use of funds from the savings from project GR 5167212. If contamination is not due to abandoned mining, OSM is to help the State seek funding from more appropriate sources such as EPA.

BUREAU OF INDIAN AFFAIRS

OPERATION OF INDIAN PROGRAMS

Appropriates $970,756,000 instead of $966,452,000 as proposed by the House and $979,471,000 as proposed by the Senate. The net increase over the amount proposed by the House consists of increases of $100,000 for the gifted and talented program; $200,000 for all other social services; $3,000,000 for contract support; $200,000 for United Tribes Educational Technical Center; $2,155,000 for Tribe/agency operations—Indian services, including a transfer in of $135,000 from law enforcement for the Colville and Winnebago tribes, increases of $200,000 for the Chitimacha Tribe, $200,000 for the Tohono O'Odham tribal court, $550,000 for Colville law enforcement, an additional $170,000 for Winnebago law enforcement, $50,000 for Miccosukee law enforcement, $150,000 for Rosebud law enforcement, $50,000 for the Standing Rock Sioux detention center, $500,000 for the Gila River juvenile center, and $250,000 for repairs at the Crownpoint Institute of Technology, and a decrease of $100,000 from Cheyenne River Sioux law enforcement; $500,000 for the business development grant program; $450,000 for implementation of the Havasupai range rehabilitation plan; $55,000 for the Nez Perce soil fertility program; $70,000 for the Great Lakes Indian Fish and Wildlife Commission; $50,000 for sawmill operations, Red Lake Band of Chippewa Indians; $75,000 for logging operations, Bad River Tribe; $150,000 for Lac du Flambeau fisheries enhancement; $100,000 for Leech Lake hatchery operations; $400,000 for the Puyallup Tribe's land claims negotiations; $200,000 for ANCSA historical and cemetery site investigations; $300,000 for litigation support; $500,000 for Navajo and Hopi legal fees; $100,000 for land title offices; $23,000 for financial management data systems; and $120,000 for the Close Up Foundation; and decreases of $250,000 for special higher education scholarships; $250,000 for Title I tribally-controlled community colleges; $135,000 transfer from law enforcement; $500,000 from road maintenance; $250,000 from hatchery cyclical maintenance; $112,000 from Fish and Wildlife Service-operated hatcheries; $175,000 from trust funds contracting; $100,000 from ADP processing; and $2,672,000 for the reestimate of FERS.

Bill language has been included providing that not less than $47,787,000 shall remain available until expended for contract support for contracts entered into under Public Law 93-638. The bill earmarks $51,121,000 for higher education and assistance to public schools as proposed by the House, instead of $53,057,000 as proposed by the Senate. Bill language proposed by the Senate regarding the distribution formula for Johnson-O'Malley funds has been included, to be effective only for fiscal year 1988. The managers expect this issue to be resolved by fiscal year 1989, based on a study to be submitted by the Secretary on the distribution formula, as proposed in S. 373. The study should be submitted to the Appropriations Committees by June 1, 1988, and should review and make recommendations on methods for distributing Johnson-O'Malley funds in an equitable manner. Also, bill language proposed by the Senate providing limitations for three line items in this account has been deleted. Bill language proposed by the Senate providing that funds appropriated for the Institute of American Indian Arts shall be available for operations until the Board of Regents and President have been named and had an opportunity to organize has been included. This language is necessary because the appointment of the Board and President have not yet occurred, and authority for BIA to continue to provide funding to the Institute in the interim is needed. Bill language has been included making the savings realized by the Bureau of Indian Affairs from the transfer of fish hatcheries to the Fish and Wildlife Service available for cyclical maintenance of tribally-owned hatcheries. A technical change, moving a period in a court case citation, *United States* v. *Michigan* (M-26-73), has been included. Bill language providing $120,000 for a grant to the Close Up Foundation, as proposed by the Senate, has also been included.

The funding for the gifted and talented pilot program is included for the last time as the managers expect the results of the evaluation of the pilot program, and the proposal for a Bureau-wide program with related funding, to be included in the fiscal year 1989 budget request. In addition to the $20,351,000 provided for the Johnson-O'Malley program, an additional amount will be provided to P.L. 93-638 contractors under the program, for full contract support. The managers have provided sufficient funds, based on current BIA estimates, to provide full contract support costs for all P.L. 93-638 contractors based on negotiated indirect cost rates. If it appears there will be a shortfall during the year, the Bureau should promptly notify the Appropriations Committees, along with a proposal to meet the funding shortfall.

The managers have provided increases of $300,000 and $1,000,000 respectively for substance abuse judicial and law enforcement training, which should be sufficient to continue these training efforts in fiscal year 1988. The $3,800,000 provided under self-determination services is to continue the Small Tribes Core Management program as it has been conducted in the past.

In addition to the $200,000 for the United Tribes Educational Technical Center, full contract support costs will be available to the contractor from the contract support program. Although no funds have been provided specifically for a grant to the White Earth Chippewa tribe for economic development, the tribe may apply for such a grant under the business development grant program.

The managers have agreed to the transfer of the Williams Creek/Alchesay and Mescalero National Fish Hatcheries, as well as fisheries assistance offices in Parker, AZ; Pinetop, AZ; and Lander, WY to the Fish and Wildlife Service. The managers expect the Service to contract with the affected tribes served by each facility for associated program operations when the majority of tribes being served by each facility so request, and to continue to work with the tribes served by these facilities with the goal of moving to tribal control as quickly as possible. The managers also expect the Bureau to do the same with the facilities remaining under its control.

Within the increase provided for minerals assessments, the managers expect funds to continue to be made available for Phase III assessments, and expect the Penobscot/Passamaquoddy minerals assessment program to be funded to the level of full capability in fiscal year 1988.

The $397,000 for Maine Indian education is included for one year only, until the situation can be addressed by the tribes, the Bureau and the authorizing committees. The Bureau is expected to continue to provide adequate staffing and funding for the Phoenix Indian School until final disposition of the school and facilities has been made by Congress. The managers do not agree with the Bureau's proposal to offset tribally-controlled colleges endowment income with budget reductions. Of the budgeted increase for tribal courts, $50,000 is for the Fort Peck reservation, to help meet the tribe's special needs with regard to child abuse offenders.

There is no objection to a limited effort by the Bureau to fund several demonstration efforts related to the economic self-assistance initiative, as long as a full report on such efforts is provided to the Committees prior to the fiscal year 1989 hearings, and no effort is made to expand these efforts until Congressional approval is received.

$4,000,000 has been restored for self-determination grants. Of this amount, $1,000,000 is to be used by the Bureau for a tribal self-governance demonstration project. The project will allow up to ten tribal governments, which were named in the Department's letter to the House Appropriations Committee dated December 15, 1987, the opportunity to design their own budgets to address tribally determined priorities. The managers direct the Bureau to analyze all budgets and functions at all levels of the Bureau, and to formulate a proposal for the equitable distribution of resources and service responsibilities between these demonstration tribal governments and the remaining tribal governments in multi-tribal agency and area offices. The Bureau should also prepare proposals for reduction or transfer of personnel and consolidation of program functions to accommodate the eventual transition. The $1,000,000 shall be provided under the contracting and granting authority of P.L. 93-638, as a planning grant, to the ten tribes for legal and budgetary research, internal tribal government planning and organizational preparation, and the negotiation process. Each of the tribes shall document obstacles and proposed remedies identified with this planning process, to be consolidated into a comprehensive report to be submitted to the Appropriations Committees by September 1, 1988. As fiscal year 1988 will be the planning phase for the self-governnance demonstration project, normal P.L. 93-638 programs and budgeting should be separate from the planning process. The negotiated agreements should also include a clear delineation of trust responsibility protections assumed by the tribes and retained by the United States government. To document tribal progress under self-governance, mutually-determined baseline measures are to be incorporated into each demonstration agreement between the Federal government and the tribes.

Progress reports on this project shall be submitted by the Bureau by April 1, 1988, and September 1, 1988, documenting any problems experienced in the planning phase and proposed solutions. The managers expect the Bureau to work closely with the tribes involved in the demonstration projects to ensue the success of this initiative, and will closely monitor its progress over the coming year.

The balance of $3,000,000 for self-determination grants is to be added to the Indian Services-Tribe/agency budget, to be distributed according to tribal priority, for self-determination grants or other high priority activities within this program. A report on the changes that result should be submitted to the Committees as soon as possible.

The managers direct that no additional funds are to be used to fund existing or additional model business opportunity centers, until the direction in the House Committee's letter of May 20, 1987 is adhered to, and the required report is provided.

Within the total provided for water resources, the following amounts are provided: necessary amounts to continue the Zuni and Flathead studies; $545,000 for the Yakima tribe; $284,000 for the Seminole tribe in Florida; $150,000 for the Miccosukee tribe; $250,000 for the Standing Rock Sioux tribe; and $315,000 for the Navajo water monitoring and inventory program.

The Bureau is directed to restore the base funding levels for the Northwest Indian Fish Commission and the Columbia River Intertribal Fish Commission to what they would have had if they had received Federally-mandated pay increases to the same extent as other tribal contractors. The Commissions are to be treated the same as other tribal contractors for this purpose in the future.

The managers direct the Bureau to establish a priority system for distribution of the tribal hatchery cyclical maintenance funds, within sixty days of enactment of this Act.

While $496,000 has been provided for operating costs of the Upper Columbia United Tribes Fisheries Research Center in Washington, the managers expect the Center to seek other sources of operating funds for fiscal year 1989 and beyond, including funds from the Bonneville Power Administration.

The Bureau is directed to report promptly to the Committees on any shortfalls in funding for litigation support or attorneys' fees in fiscal year 1988.

The new tribes' funding is to be used for the Klamath tribe ($1,500,000), the Wampanoag tribe of Gay Head, MA ($550,000), the Alabama-Coushatta tribe, and the Tigua tribe. These funds are not to be used for any purpose other than funding new tribes.

Within Tribe/agency operations-Indian services, the $500,000 increase provided for operation of the Gila River Juvenile Rehabilitation Center and the $50,000 increase for the Miccosukee law enforcement program will continue to be available as long as the tribes include those amounts within their priorities to be funded in future years' budgets. No funds have been earmarked for the Suguamism Museum.

Within the funds provided for road maintenance, there are no funds specifically earmarked for UTETC. However, the tribes involved may earmark a portion of their road maintenance funds for this purpose. Within the funds available for forest development, $50,000 should be provided to the Tulalip reservation. The managers expect the Bureau to provide assistance to tribes involved in land or water rights negotiations, such as the Miccosukee tribe, on the basis of budgets submitted by the tribes and approved by the Bureau. Within the funds provided for rights protection is $200,000 for a study of Alaska Eskimos' reliance on bowhead whales to meet cultural and nutritional subsistence needs. The funds provided for agriculture include $250,000 for the intertribal agricultural council. $50,000 has been provided for sawmill operations, Red Lake Band of Chippewa Indians. No additional funds are earmarked for a grant to the Red Lake Band for the sawmill, although the tribe may apply for such a grant under normal program authorities.

The managers disagree with the proposal of the Bureau of Indian Affairs to deny funding for law enforcement services in areas where, pursuant to Federal law, States have jurisdiction over offenses committed by or against Indians. Funds appropriated for the Bureau's law enforcement program include funds for the continued operation of such programs in States in which P.L. 83-280 or similar Federal laws are applicable. The managers direct that the Bureau shall continue to provide funding for law enforcement programs on the basis of demonstrated need and no tribe shall be denied funding for a law and order program solely on the basis of P.L. 83-280 or similar Federal law authorizing the extension of State criminal jurisdiction over Indians within Indian country.

The $250,000 provided for the Crownpoint Institute of Technology is for repairs to the facility. The managers expect the Bureau to work with the Institute and the Navajo Tribe to identify other sources of funds to meet the Institute's needs in the future.

Bill language proposed by the Senate regarding the Little Wound School in South Dakota has not been included. However, the managers are concerned about the situation at the school in which some students are not being counted or paid for by the Bureau due to the lack of an agreed-upon boundary system. As an interim measure, the managers direct the Bureau to provide funding to the Little Wound School for the uncounted but otherwise eligible students this school year. The school and Bureau shall jointly develop and implement a school boundary system, to be in place for the 1988-89 school year, and funds shall be provided to the school in fiscal year 1989 only for the students who are eligible and counted under the agreed upon boundary system.

CONSTRUCTION

Appropriates $83,225,000 for construction instead of $73,967,000 as proposed by the House and $65,780,000 as proposed by the Senate. The net increase over the amount proposed by the House consists of increases of $1,150,000 for facilities improvement and repair (FI&R) (including increases of $1,000,000 for minor repairs, and $1,200,000 for the Pierre Indian Learning Center, and a decrease of $1,050,000 for Haskell Junior College, leaving $200,000 for design of fiscal year 1989 projects at the college); $5,126,000 for the Choctaw Central School, MS, for a total of $6,400,000; $1,000,000 for planning and design of new school facilities; $1,095,000 for irrigation systems (including increases of $500,000 for Fort Belknap, MT—Milk River project, $1,000,000 for the Eagle Unit, Standing Rock Sioux, $950,000 for Lower Brule Sioux, SD, $200,000 for Crow Creek Sioux, SD, $545,000 for dam safety projects, and a decrease of $2,100,000 to the Navajo Indian Irrigation Project); and $2,250,000 for land acquisition for the Wampanoag Tribe of Gay Head, MA; and decreases of $1,300,000 for fish hatcheries (including decreases of $500,000 from tribal hatcheries rehabilitation and $800,000 for the Queets River hatchery, WA); and $63,000 for the reestimate of FERS costs.

Bill language has been included, making $1,500,000 available for rehabilitation of tribally-owned fish hatcheries and related facilities. The Bureau shall develop a priority system for the distribution of these funds within sixty days of enactment of this Act. Bill language has also been included providing for the transfer of Navajo Indian Irrigation Project funds to the Bureau of Reclamation, as proposed by the House.

The managers have agreed to appropriate $6,400,000 for planning, design and construction of a new Choctaw Central School in Mississippi and have included bill language providing certain conditions for the release of the construction portion of the funds. The managers expect the tribe to submit the application for the new school to the Bureau and the Office of Construction Management (OCM) as soon as possible, and expect the Bureau and OCM to expedite the process of review of the application, and its ranking on the new school construction priority list. The negotiations regarding the scope of the facility shall include consideration of educational consolidations to improve the utilization of existing facilities. Once the review and negotiation process has been completed and the facility has been ranked, funds may be released for planning and design on the facility. The managers expect that this part of the process will be completed during fiscal year 1988. The managers further expect that planning and design will be completed in time to allow the construction funds to be released and construction to begin during fiscal year 1989. OCM shall submit a report to the Appropriations Committees at the completion of each of the three conditions included in the bill language.

The Bureau and OCM are directed to notify all tribes that applications for new construction of facilities may be submitted in accordance with the guidelines recently made available by OCM. All such applications are to be reviewed and ranked in priority order, and planning and design for the top-ranked facilities is to begin with the $1,000,000 provided in this account for that purpose. The managers expect to see the new facilities construction program continue to be funded in the budget submitted to Congress each year.

Within the $1,000,000 provided for planning and design is $39,000 for site design for the St. Francis school and quarters, SD.

Similarly, the Bureau is directed to develop a priority system for ranking and funding irrigation system projects, and fish hatchery and related facility projects. These priority systems should be submitted to the Appropriations Committees by March 31, 1988; and then published in the Federal Register. Once published, tribes may then submit their requests to the Bureau, in accordance with these systems, for ranking. The managers will expect to see funding included for the highest-ranked projects in succeeding years' budget submissions to the Congress.

The funds provided for dam safety are to be spent in accordance with the plan submitted to the Appropriations Committees dated October 2, 1987.

Within the FI&R funds provided are funds for the Ramah Navajo project in New Mexico. There is also $1,288,000 for projects at Haskell Indian Junior College in Kansas.

All new construction, as well as major reconstruction or rehabilitation projects under the FI&R program, shall be designed for pre-engineered (modular) construction, unless the Bureau submits a report to the Appropriations Committees requesting and justifying an exception to this directive in advance.

There is no objection to the release of funds already appropriated for the Miner Flat Dam.

As requested by the Administration, $1,482,000 has been earmarked in the bill for counseling, archeological clearances, water production including continued monitoring of the Puerco River by the Geological Survey, and administration related to the Navajo and Hopi Indian Relocation program. The managers encourage BIA to continue to work with the Relocation Commission, the Indian Health Service, the Navajo Tribe and relocates to develop the new lands to meet the needs of the relocatees and fulfill the intent of the Relocation Act of providing decent, safe and sanitary homes to those eligible for relocation.

ROAD CONSTRUCTION

Appropriates $1,000,000 for construction of the Honobia Indian Road in Oklahoma as proposed by the House, instead of no funds as proposed by the Senate. The managers agree this will be the last increment of funding for the Honobia Indian Road.

In the fiscal year 1987 act, bill language was included making $10,000,000 available for the Honobia Indian Road from the State of Oklahoma's share of the Federal Highway Trust Fund. The managers agree that these funds may be allocated over a four-year period or less, or approximately $2,500,000 per year, from the State's allocation.

MISCELLANEOUS PAYMENTS TO INDIANS

Appropriates $13,340,000 as proposed by the House instead of $14,334,000 as proposed by the Senate. Funds have not been provided under Public Law 99-283 relating to distribution of income from the Chilocco Indian Reserve, due to the need to clarify whether income received prior to enactment of P.L. 99-283 should be included in the distribution of income.

INDIAN LOAN GUARANTY AND INSURANCE FUND

Bill language proposed by the Senate authorizing the Secretary of the Interior to use any funds available to him to pay the holder of a guaranteed loan that is in default, up to $20,000,000, has not been included. The managers understand that the guaranteed loan has been brought current under the terms of a forbearance agreement, and will remain in effect as long as monthly payments are made. The Bureau should promptly notify the Appropriations Committees if the status of the loan changes, including what action will be required at that time.

TERRITORIAL AND INTERNATIONAL AFFAIRS

ADMINISTRATION OF TERRITORIES

Appropriates $78,235,000 for administration of territories instead of $74,809,000 as proposed by the House and $79,999,000 as proposed by the Senate. The net increase over the amount recommended by the House consists of increases of $2,400,000 for water improvement projects on Guam, $1,000,000 for land acquisition and design to expand the Ordot landfill, $540,000 for a grant to the Close Up Foundation, and $500,000 for a disaster contingency fund; and decreases of $500,000 for relocation of homes in American Samoa, $500,000 for the American Samoa housing loan program, and $14,000 for the reestimate of FERS costs. Bill language has been included providing that of the amount provided, $75,287,000 is for technical assistance, payments according to the refinancing of the Guam Power Authority, and grants to Guam, American Samoa, the Virgin Islands and the Northern Mariana Islands; and $2,948,000 is for the Office of Territorial and International Affairs. Bill language has also been included providing authority for the grant to the Close Up Foundation, and establishing the disaster contingency fund.

With regard to the Ordot landfill, these funds are provided contingent upon the development and implementation of a system of user fees to cover the cost of operating the landfill.

$1,000,000 is provided for cleanup of hazardous conditions at a fuel tank farm in American Samoa. Any additional costs above this amount needed to correct these hazardous conditions should be provided by non-Federal interests. No funds have been included for the relocation of homes from the tank farm, but the manager request a report from the Department, in cooperation with the American Samoa Government, on the need for, cost of, and appropriate role of the Federal government in bearing any costs involved in such relocations to insure the health and safety of the local residents. The report should be submitted prior to the fiscal year 1989 hearings.

Bill language proposed by the Senate has been included, which removes the requirement that funds previously appropriated for a loan to the Virgin Islands for extension of the St. Croix airport runway be made available only upon approval of a multiyear grant of Airport Improvement Program funds from the Federal Aviation Administration. It is the managers' understanding that the balance of the funding needed to complete the extension, about $8,000,000, will be provided by the Virgin Islands Government, probably through a bond issue. On this basis, that no additional funds for this project will be provided by the Federal Government and that the other condition for the loan, a written guarantee from the Virgin Islands Government as to the source of repayment of the loan, will be met, the managers have agreed to include the proposed bill language.

All expenses related to the Department's on-site representatives in the Freely Associated States should come only from the territorial administration account. If personnel from other agencies are detailed to the FAs for specific purposes for short term periods, the costs of such details may be provided from Federal services assistance or technical assistance funds. However, if such personnel are detailed to the FAS for longer periods in lieu of departmental personnel being assigned on-site, the costs should be borne only by the territorial administration salaries and expenses account.

The managers expect the American Samoa Government to work with the Department to develop a plan to improve the collection of revenues, and control of expenditures, within ninety days of enactment of this Act. The plan should be submitted to the Appropriations Committees for review and information.

The managers request the Government of the Virgin Islands to develop and submit to the Appropriations Committees a plan as to how they will spend the funds provided for drug enforcement needs, within ninety days of enactment of this Act.

TRUST TERRITORY OF THE PACIFIC ISLANDS

Appropriates $41,940,000 for the Trust Territory instead of $59,390,000 as proposed by the House and $21,590,000 as proposed by the Senate. The net increase over the amount proposed by the Senate consists of increases of $8,500,000 for the accumulated Trust Territory deficit, and $12,350,000 for partial payment of Micronesian War Claims; and a decrease of $500,000 from Trust Territory administration. The amount provided includes $33,940,000 for operations instead of $50,940,000 as proposed by the House and $13,950,000 as proposed by the Senate; and $8,000,000 for construction as proposed by the Senate instead of $8,450,000 as proposed by the House.

Bill language is included allowing for the initial payment of $12,350,000 for Micronesian War Claims, and amending P.L. 95-134 to allow payment of the claims to successor governments of the Trust Territory of the Pacific Islands, as proposed by the House.

The managers have deleted the $450,000 recommended by the House for bridge repairs in Palau with the understanding that the Department has identified funds to make necessary repairs to certain roads and to the Koror to Babelthaup Bridge, and expects these projects to be completed as anticipated.

The managers expect the Government of Palau to develop a plan to improve its financial accountability and control its expenditures, and to submit the plan to the department and the Appropriations Committees as promptly as possible.

Under section 212(a) of the Compact of Free Association with Palau, Public Law 99-658, the United States is obligated to construct a road system in accordance with specifications mutually agreed to with Palau. However, the managers note that on August 10, 1987 the Government of Palau contracted for approximately 22 miles of road construction, and that this contract anticipates that the United States will pay the contractor for this road construction pursuant to the United States' obligation under the Compact. The managers urge the Governments of Palau and the United States to initiate negotiations immediately to determine how the United States will meet its road building obligations in light of the recent road building contract entered into by the Government of Palau.

COMPACT OF FREE ASSOCIATION

Appropriates $33,620,000 as proposed by the Senate instead of $33,220,000 as proposed by the House.

The $400,000 over the amount provided by the House is for the Jaluit Dock. Although the bill language proposed by the Senate providing these funds has not been included, the managers intend for these funds to be used only for this purpose. These funds may not be reprogrammed without the specific concurrence of the Appropriations Committees.

The managers agree that the $2,300,000 for design and planning of base facilities on Eneu Island, for the eventual rehabilitation of Bikini Island, is to be provided to a contractor chosen by the local council of Bikini/Kili, subject only to the disapproval of the Secretary of the Interior. With regard to the eventual submission of a budget request by the Administration for the rehabilitation of Bikini Island, the managers expect that all sources of funding will be considered, including Department of Energy and Department of Defense (military construction) funds.

The managers expect the Enewetak government to assume the administration of the food and agricultural support program from the Department of Energy eventually, based on agreements between the governments as to timing and necessary interim arrangements.

Within the amount provided is the full budget request of $280,000 for continuation of the Micronesian Diplomatic Training Program required by Section 122 of the Compact of Free Association Act.

Bill language has been included, inserting section numbers 223, 232, and 233 of the Compact of Free Association, as proposed by the Senate.

Bill language has been included providing that previously appropriated funds shall be available for audit purposes, as proposed by the Senate.

Bill language proposed by the Senate, providing that funds provided for the Enjebi Community Trust Fund shall not be subject to Federal, State of local taxation has been deleted with the understanding that the provision will be favorably addressed by the appropriate committees in 1988.

DEPARTMENTAL OFFICES

OFFICE OF THE SECRETARY

Appropriates $47,519,000 for the Office of the Secretary instead of $45,849,000 as proposed by the House and $48,237,000 as proposed by the Senate. The increase above the House amount includes $54,000 for the Executive Secretariat, $500,000 for environmental project review, $239,000 for policy analysis, $88,000 for financial management, $233,000 for hearings and appeals and $797,000 for central services. There is a reduction of $241,000 based on a FERS reestimate.

The managers agree that the budget execution function should be carried out as part of the budget formulation office. These two activities must be integrated as closely as possible in order to be effective.

The managers have agreed to delete the earmark for the Immediate Office of the Secretary proposed by the House and stricken by the Senate.

OFFICE OF THE SOLICITOR

Appropriates $23,053,000 for the Office of the Solicitor instead of $23,109,000 as proposed by the House and $23,282,000 as proposed by the Senate. The managers agree that within the increase over the 1988 base level there is $300,000 for travel and $127,000 for the workload associated with the White Earth Settlement. From the Senate amount there is a reduction of $229,000 of which $129,000 is based on the FERS reestimate.

INSPECTOR GENERAL

Appropriates $17,757,000 for the Inspector General instead of $17,858,000 as proposed by the House. The decrease below the Senate of $101,000 is related to the FERS reestimate.

OFFICE OF CONSTRUCTION MANAGEMENT

Appropriates $1,800,000 for the Office of Construction Management instead of

$2,500,000 as proposed by the House and $718,000 as proposed by the Senate.

The managers have agreed to maintain the Office of Construction Management in the Office of the Secretary rather than transfer it to the National Park Service as proposed by the House. The managers expect OCM, the Bureau of Indian Affairs and the Department to continue to comply with previous directives regarding the Bureau construction program, and expect OCM to maintain control of the program until a request to transfer control back to the Bureau has been submitted to and approved by the Appropriations Committees. OCM shall continue to provide quarterly progress reports to the Appropriations Committees.

GENERAL PROVISIONS, DEPARTMENT OF THE INTERIOR

The managers agree to delete House bill language in General Provisions, Department of the Interior requiring 50 percent domestic construction and content for any new construction of vessels, rigs, platforms or other structures used on the Outer Continental Shelf. The managers, however, are increasingly concerned about the growing trend of contracts for this construction being let overseas. Despite repeated claims from the domestic oil industry that most U.S. offshore production comes from the Gulf of Mexico, where operators have placed business with domestic steel and equipment suppliers, Conoco recently awarded the fabrication contract for one component of its $400 million floating oil platform in the Gulf of Mexico to a Far East shipbuilder. This oil production system was the first major construction project in the Gulf in several years.

The design and manufacture of equipment used in the exploration and production of America's offshore oil resources is an important strategic American industry. Unless there is a renewed prospect that offshore energy equipment will be built in the United States, the manufacturing yards and facilities, along with their engineering talent and skilled construction labor base, will continue to suffer.

In addition, a recent study by the President's Commission on Merchant Marine and Defense, concluded that there was a "clear and growing danger to the national security in the deteriorating condition of America's maritime industries." The report went on to state that: "The United States cannot consider its own industries or freedoms secure, much less retain a position of leadership in the Free World, without reversing the decline of the maritime industries of this nation."

In just the past five years, 36 shipyards have closed their gates and 27,000 production workers have lost their jobs. This decline in shipbuilding is due in part to the fact that U.S. yards have been forced to compete in the international market with foreign shipbuilders that receive heavy infusions of government subsidies and that enjoy lower labor rates. This decline should be a problem of concern to all industries that rely on the shipbuilding industry for their continued viability.

Further, in recent years, hundreds of steel and steel-related plants have gone out of business. The managers are concerned with the continuing trend of foreign manufactured and fabricated steel displacing U.S. components in the Outer Continental Shelf. The managers would urge the industry, in every reasonable instance, to contract with U.S. manufacturers and fabricators for oil drilling and production equipment. Absent progress in this area there may be a need to include language such as the "Buy-Build America" provision in future legislative proposals.

In the interim, the managers will request the Office of Technology Assessment to report to the Congress on:

a. the extent to which foreign manufactured rigs, platforms, vessels, or components thereof, are or may be used for the purpose of exploration for or production of oil and gas on the Outer Continental Shelf;

b. the extent to which foreign governments subsidize the costs of such rigs, platforms, vessels, or components thereof;

c. the extent to which the importation of such rigs, platforms, vessels, or components thereof contribute to the loss of jobs in the United States;

d. the national security implications of the potential loss of domestic and offshore rig engineering and construction capability; and

e. steps which have been or can be taken by the Congress, or government agencies or industry, to mitigate or eliminate job loss resulting from the importation and subsidization of costs of such rigs, platforms, vessels, or components thereof.

Bill language is included as proposed by the House and stricken by the Senate which retains the name Mount McKinley.

Bill language has been included, as proposed by the Senate, which provides for the Secretary of the Navy to transfer to the Guam Power Authority (GPA) Navy-owned electric power generation, transmission and distribution facilities, after GPA has assumed full responsibility for island-wide electric power supply to all military and civilian customers on Guam under agreed-upon performance standards. Under this language, there is no intent to transfer military distribution assets or assets which are necessary to supply emergency power for military operations or which are needed in a reserve capacity for national defense. All assets to be transferred will be specified in the customer-supplier contract to be negotiated between GPA and the Navy.

TITLE II—RELATED AGENCIES

DEPARTMENT OF AGRICULTURE

FOREST SERVICE

FOREST RESEARCH

Appropriates $135,510,000 for research instead of $137,670,000 as proposed by the House and $136,610,000 as proposed by the Senate. The net decrease from the amount proposed by the House consists of increases of $450,000 for trees and timber management (including increases of $300,000 at Stoneville, MS, $225,000 at Parsons, WV, $75,000 at Corvallis, OR, and $125,000 at Orono, ME; and decreases of $175,000 at Fort Collins, CO, and $100,000 at Warren, PA and Parsons, WV); and $364,000 for forest products and harvesting including $4,000 at Moscow, ID, $210,000 at Princeton, WV, and $150,000 for Morgantown, WV (including $50,000 for a cooperative program at West Virginia University); and decreases of $215,000 for fire and atmospheric sciences (including an increase of $85,000 at Bend, OR and a decrease of $300,000 at Durham, NH); $271,000 for forest insect and diseases (including an increase of $29,000 at Morgantown, WV and decreases of $200,000 at Madison, WI and $100,000 at Berkeley, CA); $122,000 for forest inventory and analysis (including an increase of $200,000 for the Idaho National Engineering Laboratory and decreases of $100,000 at Durham, NC, and $222,000 for reporting of inventory results nationwide); $50,000 for renewable resource economics (including an increase of $100,000 at Princeton, WV, and a decrease of $150,000 at Portland, OR); $325,000 for watershed management and rehabilitation (including an increase of $25,000 at Boise, ID and decreases of $50,000 at Logan, UT, $226,000 at Tempe, AZ, and $74,000 at Durham, NH); $371,000 for wildlife, range and fish habitat (including increases of $13,000 at Reno, NV, and $75,000 at La-Grande, OR and decreases of $59,000 at Provo, UT, $100,000 at Arcata, CA, $100,000 at Corvallis, OR/Seattle, WA); $93,000 for recreation including $63,000 at Seattle, WA and $30,000 at Syracuse, NY; $1,000,000 to competitive grants; and $527,000 for the reestimate of FERS costs.

Bill language has been included providing that $3,000,000 shall remain available for competitive research grants.

Within available funds for forest products and harvesting, $100,000 is for whitewood shake and shingle preservative treatment research and market development to be conducted on a fifty-fifty match basis with funds to be provided by private industry.

The Forest Service is directed to retain staff in fire research at Bend, OR, and notify the Appropriations Committees of any changes affecting the laboratory.

The $200,000 provide for the Idaho National Engineering Lab will allow completion of the analysis of and reporting on the wilderness monitoring guidelines project begun in fiscal year 1987. If the Forest Service determines it is necessary, up to an additional $50,000 may be provided from within available funds.

A total of $175,000 from renewable resources economic research is available for research at Duluth, MN, provided that $90,000 in matching funds are contributed by the State of Minnesota in fiscal year 1988. A total of $238,000 from trees and timber management research is available for research at Sewanee, TN, provided that $100,000 in matching funds are contributed by the State of Tennessee during fiscal year 1988. The source of research funds for the operation of the Sewanee laboratory shall be subject to normal reprogramming guidelines. Retention of either of these locations in future years is contingent upon a continuation of this matching funds arrangement. For either facility, if this agreement is not funded under this arrangement in fiscal year 1988 or succeeding years, the facility will be closed.

The managers agree that the Forest Service shall submit its fiscal year 1989 research program in five budget line items, instead of the current nine, and that competitive grants shall continue to be displayed independently.

STATE AND PRIVATE FORESTRY

Appropriates $76,469,000 for State and private forestry instead of $67,734,000 as proposed by the House and $73,894,000 as proposed by the Senate. The increase over the amount provided by the House consists of increases of $1,760,000 for forest pest management, $1,000,000 for the export marketing program, $75,000 for a study of the Cache La Poudre River corridor, CO, for potential designation as a National Recreation Area, and $6,400,000 for a grant to Kellogg, ID for construction of a gondola; and decreases of $200,000 for seedlings, nursery and tree improvement, $200,000 to the Boundary Waters Canoe Area (BWCA) grant, and $100,000 for the reestimate of FERS costs.

Bill language is included providing $2,800,000 for the BWCA grant to the State of Minnesota, as proposed by the Senate, instead of $3,000,000 as proposed by the House.

The amount provided for Federal pest management includes $28,539,000 for Federal lands and $12,577,000 for cooperative lands. The total increase includes $3,000,000 to be used if current estimates of need are too low on either Federal or cooperative lands, and is sufficient to provide all necessary funds for western spruce budworm suppression on 600,000 acres in Oregon and Washington. The Forest Service is directed to notify the Appropriations Committees immediately of any shortfall in funding needed to accomplish the 600,000 acres of suppression. The Forest Service shall notify the Appropriations Committees of any planned usage of the emergency funds provided herein.

The managers have provided $2,000,000 for the wood utilization program, of which $1,000,000 is for the export marketing program, for activities such as workshops and expositions. Specific projects will be selected by the application of explicit criteria in competition with other project proposals, and each project will be cost-shared in terms of financial and technical assistance.

In addition to the $200,000 provided for the Gifford Pinchot Institute, an additional $300,000 is to be made available from other Forest Service programs, to allow for scheduled maintenance as well as continuing tours and programs at the Institute.

The managers support the accelerated gypsy moth control project initiated in the fiscal year 1987 supplemental appropriations act. The cooperative demonstration project will cover portions of Virginia and West Virginia, including the Monongahela, the Jefferson, and the George Washington National Forests and the Shenandoah National Park, as well as State and private lands. The objective of the project is to slow, to the maximum extent feasible within appropriate economic and environmental constraints, the natural spread of the gypsy moth and to minimize damage to the infested areas.

The project plan will be available in draft form in January 1988, and will comply fully with the National Environmental Policy Act, including being available for public comment. It is anticipated that key project areas will be identified for treatment, especially in newly affected areas not currently experiencing defoliation. The managers understand that the use of both chemical and biological insecticides will be called for in the plan, in a manner consistent with EPA labeling restrictions and with Federal and State guidelines. During the EIS process, the managers direct the Forest Service to consider as one of the guidelines for insecticide application, a prohibition on the use of chemical insecticides within 1000 feet of water sources and food crops and to report to the Committees the impact of such a guideline. The managers expect that the application of any insecticide near water sources or food crops will be provided for in an environmentally sensitive manner and will be avoided if appropriate. The managers also expect the draft project plan to be explicit in terms of guidelines for use of biological and chemical insecticides.

The managers have included bill language proposed by the Senate providing $6,400,000 as a grant to the appropriate entity in the city of Kellogg, Idaho for construction of a gondola. These funds shall be matched from other sources. In addition, the Forest Service is directed to utilize up to $200,000 provided in acquisition management under the heading "Land acquisition" to proceed with all necessary land exchanges for this project by the end of fiscal year 1988. The managers direct the Forest Service to report to the Committees by May 30, 1988 on the progress with the land exchanges.

NATIONAL FOREST SYSTEM

Appropriates $1,243,391,000 instead of $1,218,406,000 as proposed by the House and $1,263,799,000 as proposed by the Senate. The net decrease from the amount proposed by the Senate consists of increases of $1,000,000 for maintenance of facilities, $14,500,000 for fire protection, $2,000,000 for timber stand improvement, $6,400,000 for recreation use, $2,000,000 for cultural resources management, $1,000,000 for wildlife and fish habitat management for mitigation of damage, $1,000,000 for range management, $100,000 for soil and water improvements, and $100,000 for soil and water inventories; and decreases of $12,990,000 for the Tongass NF, $211,000 for cooperative law enforcement, $13,000,000 for road maintenance, $5,000,000 for trail maintenance, $3,747,000 for timber sales and harvest administration, $6,000,000 for reforestation, $500,000 for recreation pilot challenge grant projects (which will be done within available funds), $500,000 for the wildlife and fish challenge grant program, $228,000 for anadromous fish projects in the Green Mountain NF, VT (which will be done within available funds), $136,000 for mine rehabilitation, Monongahela NF, WV, $1,000,000 for National Finance Center costs, and $5,196,000 for the reestimate of FERS costs.

Bill language is included inserting the words "liquidation of obligations" as proposed by the Senate. Language providing that $296,758,000 for reforestation and timber stand improvement, cooperative law enforcement, firefighting, and road and trail maintenance will remain available until September 30, 1989 is included. Language proposed by the House providing that not more than $30,366,000 shall be obligated for timber sale support costs in fiscal year 1988 has not been included. The managers have not transferred the timber support costs from the various line items to the timber sales category, as proposed by the House. However, the managers note that the new cost accounting system is expected to allow the Forest Service to refine and improve their cost estimates of these timber support costs, and when these more accurate figures are available, the managers will consider consolidating all timber-related costs in the budget presentation. The managers will work with the Forest Service to implement these changes as better data become available. The managers also expect that all timber-related costs will be included by the Forest Service in their classification of costs to be used in the timber cost accounting system, and that the budget will reflect the full range of these cost categories as timber-related costs, beginning in fiscal year 1989.

With regard to the cost accounting system, the Forest Service should proceed with implementation of report 1, and should also continue to work to develop more precise and useful information for reports 2 and 3.

Within the National Forest System appropriation, the managers have made available sufficient funds to implement the new Columbia River Gorge National Scenic Area Act, including studies, land exchange management, development of inventories and the management plan, and other activities called for in the Act.

The $1,000,000 increase for maintenance of facilities is for health and safety items, including removal of asbestos or radon. The $211,000 decrease in cooperative law enforcement is to be taken from the drug control activity on Federal lands. The funds provided for drug control activities shall be used in a manner determined in accordance with the Committees' reprogramming procedure, and the managers agree that funds shall not be used for activities such as undercover operations and prosecution until agreement through the reprogramming procedure has been secured. The increase for road maintenance includes $3,500,000 transferred from road construction for engineering support and $5,000,000 for repairs related to the 1987 fire damage. The amount provided for reforestation also includes $5,700,000 to reforest acres destroyed in the fires.

The wildlife program includes $450,000 for anadromous fish improvement projects in the Green Mountain and White Mountain NF's, as provided in fiscal year 1987. Also included is $1,000,000 in support of the Forest Service's fishery improvement initiative.

The managers will work with the Forest Service to develop costs related to the land management plans as they are implemented, and to review productivity improvements proposed by the Forest Service in the form of budget reforms. The Forest Service should insure that all road miles maintained to a level suitable for timber removal only should be paid for out of timber purchaser deposits, and not with appropriated funds.

The Forest Service is directed to make available for public review at the regional level all proposed timber sales and associated roads five years in advance of the proposed sales; in a revised form within 90 days after the submission of the President's budget; and the final plan within 90 days of the date of the enacted appropriation.

The managers direct that the display for the reforestation program in the budget justification be revised to show actual accomplishments, including acres accomplished through natural regeneration, and to separate the accomplishments and requirements for acres accomplished with appropriated funds and the reforestation trust fund, and those accomplished with K-V funds. The Forest Service should also monitor production of seedlings to avoid surpluses, and should take advantage of private seedling supplies if of comparable quality and lower cost.

Within the recreation management program, there is $59,800 for the Bristlecone Pine Natural Area in the Inyo NF. Of the funds provided for threatened and endangered species, $400,000 is for plants, including hiring additional botanists. The $1,000,000 increase for range improvement is to allow installation of additional improvements, primarily fencing or water developments, to alleviate grazing pressures on riparian areas.

$100,000 of the recreation challenge grant program is for the national forests in Arizona. The amount provided for general administration includes funds sufficient to limit the amount spent in the Washington office in support of the RPA to the 1987 level. The spotted owl inventorying and monitoring is to be coordinated with the Bureau of Land Management and others. Within the trail maintenance funding is $88,000 to reroute the Appalachian Trial over Stratton Mountain in Vermont.

The managers have provided funding for a timber sales program of 11.392 billion board feet (BBF), including the expanded salvage sales program of 2.007 BBF proposed by the Senate, which is discussed elsewhere. Within the total program, the following adjustments to volume by region have been made to the amounts included in the Senate report: −30 million board feet (MMBF) in Region 1, −100 MMBF in Region 6 (for a gross program of 5.1 BBF and a net merchantable sawtimber program of 4.5 BBF), and −114 MMBF in Region 10. The savings from these reductions will be used to do advanced preparation of an addition 89 MMBF in Region 5, in order to allow the 1988 volume of 1.75 BBF or more to be sustained in the out years, when it is expected there will be fewer salvage sales and more new green sales will need to be made available. The funding provided for the timber sales and harvest administration program is reduced by $3,747,000 from the Senate level. Within the total provided for this program of $186,851,000, the Forest Service may reprogram among the four line items of timber resource inventory, silvicultural examination, sales preparation, and harvest administration without advance approval, although all such reprogrammings shall be included in the quarterly reports to the Committees.

With regard to the salvage program, the Forest Service shall provide a status report by March 31, 1988. This report shall include an assessment of the impact of the salvage program on the timber decade plan. Shifts in volume between regions, and in types of volume within regions, shall be considered pursuant to the Committee's reprogramming procedures.

The managers have not agreed to languages in the House report regarding counting as volume sold certain sales which due to administrative or judicial actions are not actually offered or awarded; and language regarding the helicopter logging program in Regions 5 and 6.

CONSTRUCTION

Appropriates $214,078,000 for construction instead of $200,914,000 as proposed by the House and $215,519,000 as proposed by the Senate. The net decrease from the amount proposed by the Senate includes increases of $2,300,000 for research facilities construction, Albany, CA; $257,000 for preconstruction expenses for the Mono Lake, CA visitors' center; $188,000 for recreation construction at Mount St. Helens; $10,000,000 for recreation facilities rehabilitation, and $900,000 for trail construction; and decreases of $970,000 for Tongass facilities construction; $1,612,000 for Tongass road construction; $259,000 for Tongass trail construction; $466,000 for Monongahela NF, WV facilities construction; $100,000 for Ravens Cliff, VA picnic grounds; $250,000 for Ketchikan, AK visitors center; $100,000 for Hells Canyon NRA, or interpretive displays; $6,400,000 for a grant to Kellogg, ID for construction of a gondola and $200,000 for related land exchanges; $3,500,000 for forest road construction; $94,000 for Mount St. Helens trail construction; $343,000 for Monongahela NF, WV trail construction; and $792,000 for the reestimate of FERS costs.

Bill language to include the subtitle "(Including Transfer of Funds)" and to derive $25,000,000 of funds for this account by transfer from another account as proposed by the House has not been included. There is also bill language earmarking $27,643,000 for construction of facilities and $186,435,000 for construction of roads and trails. Bill language proposed by the Senate appropriating $166,000,000 for forest road construction for fiscal year 1989 has not been included. The managers note that timber road appropriations have varied significantly in recent years: from $201,000,000 in 1985 to $152,000,000 in 1986, $180,000,000 in 1987 and $141,500,000 in 1988.

The severe fire damage of this past summer has reduced the timber sales preparation and road funding requirements for fiscal year 1988. It is unlikely that the fire situation in fiscal year 1988 will be as severe as fiscal year 1987, so timber sales and road program savings available in fiscal year 1988 may not be available in fiscal year 1989.

In dropping the advance appropriation, the managers agree that the fiscal year 1989 Forest Service timber sales and road construction programs will be reviewed and the funding for these programs will be determined based on the circumstances and requirements that exist at that time, including the level of support for the agreed upon sales program.

$257,000 has been provided for preconstruction expenses for the Mono Lake Visitors' Center, CA. The managers expect the construction funding to be included in the fiscal year 1989 budget.

The following amounts are provided within available funds: $466,000 for facilities construction and $343,000 for trail construction, Monongahela NF, WV; $100,000 for Ravens Cliff, VA; $220,000 for Ketchikan, AK visitors' center; $500,000 for Hells Canyon NRA (including Hat Point Road); and $100,000 for Hells Canyon NRA interpretive displays. $470,000 to complete the Sheep Bridge construction in the Tonto NF, AZ, is included under trail construction. There is $1,700,000 for the first phase of the Snow Bowl road in Arizona within the nontimer portion of the road construction budget. The managers understand the total Federal share of the cost of this road is $3,800,000.

The amount provided for road construction, $172,503,000, reflects a reduction from the budget estimate of $12,000,000 to direct road construction/reconstruction, a transfer of $9,400,000 for engineering support to the salvage sales appropriation, and a transfer of $3,500,000 for engineering support to road maintenance. The line items on page 233 of the fiscal year 1988 budget justification, as adjusted by Congressional action, shall be subject to the reprogramming guidelines. The road construction allowance includes sufficient funds for purchaser credit and purchaser elect construction, and support for a 400 MMBF program in Region 3.

LAND ACQUISITION

Appropriates $49,076,000 instead of $36,327,000 as proposed by the House and $51,313,000 as proposed by the Senate. The managers agree on the following distribution of funds:

Acquisition Management	$4,200,000
Appalachian Trail	1,500,000
Arapaho NRA, CO (Cash equalization: Double A Bar Ranch)	250,000
Columbia River Gorge, OR/WA	4,670,000
Haid Native Corp., AK	11,000,000
Lake Tahoe, CA and NV	5,000,000
Mendocino NF, CA (Buck Mountain Ranch)	800,000
Monongahela NF, WV (Mower tract)	8,000,000
Nantahala NF, NC (Panthertown)	6,000,000
Rapid River Wild & Scenic River, ID (Gotzinger Ranch)	675,000
Sequoia NF, CA (Kern Plateau)	2,000,000
Spruce Knob-Seneca Rocks NRA, WV	300,000
Toiyabe NF, CA (Hope Valley)	1,700,000
Wayne NF, OH	2,000,000
Inholdings, composites, etc	1,000,000
FERS	−19,000
Total	49,076,000

The managers on the part of the House will concur in the amendment of the Senate which directs the Secretary of Agriculture to use funds in the inholding and composite land acquisition account to purchase the Torre Canyon Ranch in the Los Padres National Forest. In addition, the Forest Service is directed to use a combination of previously appropriated funds from two sources, the California Condor project and the composite and inholding account to acquire the Torre Canyon property in California.

The managers agree that within available acquisition management funds $215,000 shall be available for work related to acquisition in the Columbia River Gorge National Scenic Area. Priority for acquisition at Columbia River Gorge is to complete several projects within the boundaries of the National Scenic Area held by the Trust for Public Land. Within the inholding account, up to $520,000 is to be available for fee acquisition of the Wheeler Creek inholding in the Admiralty Island National Monument, AK.

The managers expressly direct the Forest Service to pursue expeditiously acquisition of the Peake Tract in Pisgah NF, NC for the Appalachian Trail. The managers stress the importance of fee acqusition of the Mirror Lake Property in Woodstock, NH. The acquisition at Beartown Wilderness in the Jefferson National Forest, VA is to be purchased from wilderness inholding unobligated balances.

The managers have added $200,000 in acquisition management and direct the Forest Service to proceed with all necessary land exchanges in conjunction with the Kellogg, Idaho gondola project. Funds for this project are partially provided in State and private forestry. The managers direct the Forest Service to complete these exchanges by September 30, 1988 and report to the Committees by May 30, 1988 on the progress with these exchanges.

TIMBER ROADS, PURCHASER ELECTION, FOREST SERVICE (RESCISSION)

Bill language has been included providing for rescission of $75,000,000 in purchaser election funds, as proposed by the Senate.

TIMBER SALVAGE SALES

Appropriates $37,000,000 for salvage sales instead of no funds as proposed by the House and $40,000,000 as proposed by the Senate.

Bill language is included as proposed by the Senate providing that this appropriation shall be merged with the Timber Salvage Sales Fund, and providing that moneys received from this program in fiscal year 1988 shall be counted for purposes of computing and distributing the 25% fund payments to local governments. This latter provision is a temporary one and is intended to respond to the unique situation in the National forest timber sales program in fiscal year 1988 as a result of the extensive fire damage that occurred in Regions 5 and 6. The additional funds generated by salvage sales in these regions should help to offset the reductions in income from green sales volumes that will occur in fiscal year 1988. However, this is not intended to set a precedent for any changes in the basis for calculating the local share of timber receipts in the future.

While agreeing to this expanded salvage program due to the extensive fire damage, the managers intend that the Forest Service conduct these sales in accordance with all the normal procedures, including the customary environmental analyses, and provide public notice on all planned sales as far in advance as possible. It is important that the Forest Service proceed as carefully as possible with this expanded salvage sales program, particularly in sensitive areas, including previously roadless areas.

ADMINISTRATIVE PROVISIONS

Bill language is included providing that $61,502,000 shall be available for obligation from the Timber Salvage Sales Fund as proposed by the Senate, instead of $21,502,000 as proposed by the House.

Bill language proposed by the Senate making available $2,500 in representation expenses to the Chief of the Forest Service has not been included.

Bill language proposed by the Senate adjusting the boundary of the Cranberry Wilderness in the Monongahela NF, WV, in order to allow a liming demonstration project designed to improve fish habitat and water quality, has been included, subject to authorization.

The managers understand that this will be given every consideration and hope that action can be taken to allow construction to be completed in fiscal year 1988.

Bill language proposed by the House making not less than $1,000,000 available for Youth Conservation Corps projects has been included. The managers understand that this will be given every consideration and hope that action can be taken to allow construction to be completed in fiscal year 1988.

Bill language has been included amending language proposed by the House which prohibits the expenditure of funds for issuance of a special use authorization for any project to be constructed on Lewis Fork Creek in Madera County, CA, until two studies have been completed and submitted to the Congress.

Since the passage of the Alaska National Interest Lands Conservation Act, timber management for the Tongass National Forest has been funded through the Tongass Timber Supply Fund (TTSF), a permanent appropriation, while National Forest System (NFS) and other non-timber management expenditures for the Tongass have been funded through annually appropriated accounts. The House action proposed that all funds for the Tongass be provided through the TTSF. The Senate action maintained the traditional approach.

The managers agree to adopt the House approach in fiscal year 1988, and require all funds for the Tongass to be provided through the TTSF. Bill language is included that will limit new appropriations from the TTSF to $50,007,000 in fiscal year 1988, including $11,968,000 for NFS and $624,000 for construction, which are the amounts that these accounts would have received if funded in the normal line item appropriations process. Trust funds, permanent appropriations other than the TTSF, and purchaser road credits are not subject to this limitation.

The market for timber from Southeast Alaska has improved over the last year with harvest rates up significantly and as a result the demand for National Forest timber from the Tongass is increasing. The harvest from the Tongass during fiscal year 1987 is expected to be 335 million board feet (MMBF). The Administration's fiscal year 1988 request provided for a harvest of the same size. New estimates indicate the harvest could be much higher. The managers expect the Forest Service to utilize the funds made available for timber management to prepare 266 MMBF of new timber volume for sale and to re-offer 84 MMBF of timber prepared in previous fiscal years, for a total offer of 350 MMBF in fiscal year 1988.

The purpose of this action is to bring the volume of timber offered on the Tongass in line with actual demand. The Forest Service was not responsive to changes in the timber market between 1981 and 1986 and, as a result, prepared and offered more timber on the Tongass than was sold. Because of changing environmental regulations and deteriorations of sale markings over time, much of the volume offered but not sold in previous years cannot be re-offered without significant new expenditures. The 84 MMBF which the Forest Service will re-offer during fiscal year 1988 represents all of the backlogged volume available for short-term sales which can be made available without significant additional costs or settling litigation.

The managers expect the Forest Service to expend the funds made available for timber management generally in conformance with the December 7, 1987 spending breakdown prepared by the Service. If changing conditions require a reallocation of expenditures, the Service should notify the House and Senate Appropriations Committees of the reallocation by February 1, 1988. Reallocations after February 1 shall be subject to normal reprogramming guidelines.

The managers are aware that legislation has been introduced that would alter the TTSF mechanism, and this action is not intended to be a judgment on the merits of such legislation. Also, the Forest Service has begun work on revisions of the Tongass Land Management Plan. The managers do not intend this action to anticipate the outcome of that planning process or to suggest any changes in the Alaska National Interest Lands Conservation Act. This action is not intended to affect the ability of the Forest Service to achieve the objectives of the current management plan or its ability to continue to meet those objectives during the next decade.

DEPARTMENT OF ENERGY

CLEAN COAL TECHNOLOGY

Appropriates $575,000,000 for clean coal technology instead of $350,000,000 as proposed by the House and $850,000,000 as proposed by the Senate. The comparison by year is as follows:

	House	Senate	Conference
Fiscal year:			
1988	$50,000,000	$350,000,000	$50,000,000
1989	200,000,000	500,000,000	525,000,000
1990	100,000,000		
Total	350,000,000	850,000,000	575,000,000

Bill language, proposed by the House, which would have prohibited using grants has been deleted. The managers agree that project funding is expected to be based on cooperative agreements, but that grants might be applicable to support work also funded from this account.

The managers agree to delete Senate language providing personnel floors for Clean Coal Technology. The managers further agree that the budget estimates for personnel and contract support are to be followed. The agreement includes 58 new positions above current employment floors for the fossil energy organization and 30 positions within the floors. Out of clean coal technology funds, up to $3,980,000 is for fiscal year 1988 personnel-related costs and up to $16,520,000 is for all contract costs needed to make project selections and complete negotiations for both clean coal procurements. Contract costs necessary to monitor approved projects should be requested in the fiscal year 1989 budget. Increases above those amounts are subject to reprogramming procedures. No funds other than personnel related costs for the 30 positions included in program direction are to be provided from the fossil energy research and development account.

The length of time for selection of projects by the Secretary of Energy has been extended from 120 days to 160 days based on experience from the original clean coal procurement. Once projects have been selected the Secretary should establish project milestones and guidelines for project negotiations in order to expedite the negotiation process to the extent feasible.

The managers agree that the funds provided are available for non-utility applications as well as for utility applications.

The managers agree that no funds are provided for the demonstration of clean coal technologies which are intended solely for new, stand alone, applications. The Senate had proposed up to 25% of the funds be available for this purpose.

Bill language has been included which provides that reports on projects selected in the first round of clean coal procurements that are received before the end of the first session of the 100th Congress will satisfy reporting requirements 30 calendar days after receipt by Congress. This provision applies to a maximum of two project reports.

FOSSIL ENERGY RESEARCH AND DEVELOPMENT

Appropriates $326,975,000 for fossil energy research and development instead of $345,394,000 as proposed by the House and $291,390,000 as proposed by the Senate. The net decrease below the amount proposed by the House consists of increases of $450,000 for NO_x/SO_x separation in Advanced research and technology development (ARTD); $800,000 for bioprocessing research at Idaho National Engineering Laboratory (INEL) in ARTD; $300,000 for instrumentation in ARTD; $1,200,000 for the Consortium for Fossil Fuel Liquefaction Science; $200,000 for bench scale research in direct liquefaction; $500,000 for bench scale research in indirect liquefaction; $353,000 for advanced concepts in fuel cells; $500,000 in underground coal gasification; $1,800,000 for mild gasification; $250,000 for light oil enhanced recovery; $900,000 for tar sands research; $1,000,000 for pilot ventures in enhanced oil recovery; $1,120,000 for oil shale; $300,000 for technology transfer seminars for oil and gas in unconventional gas recovery; $500,000 for oil and gas program development support in unconventional gas recovery; $500,000 for architectural and engineering work at Pittsburgh Energy Technology Center; $4,000,000 for laboratory and support facilities at Morgantown Energy Technology Center; and $6,000,000 for an energy center at West Virginia University; and decreases of $700,000 for acid rain retrofit in coal preparation; $800,000 for acid rain retrofit in flue gas cleanup; $400,000 in base restoration in direct utilization in ARTD; $300,000 in materials in ARTD; $700,000 in technical and economic analysis in ARTD; $100,000 for the Wilsonville pilot plant in direct liquefaction; $500,000 for special applications in atmospheric fluidized beds; $700,000 for industrial combustors in advanced combustion technology; $800,000 for 7.5 Mw phosphoric acid fuel cells; $1,000,000 for a basic technology program in phosphoric acid fuel cells; $2,000,000 for dielectric cooled phosphoric acid fuel cells; $4,800,000 for molten carbonate fuel cell stack development; $500,000 for the 25 to 200 Kw solid oxide fuel cell program; $700,000 for the Waltz Mill gasifier; $500,000 for natural gas to liquids technology in unconventional gas recovery; $3,500,000 for an energy center at the University of Oklahoma; $248,000 for the FERS reestimate; and general reductions of $250,000 from Western Research Institute (WRI) programs and $200,000 for University of North Dakota Energy Research Center (UNDERC) programs.

In addition, the conference agreement transfers $20,894,000 from fees deposited in the Energy security reserve to fossil energy research and development to offset new budget authority requirements. This is $20,394,000 more than proposed by the House.

The managers agree that:

(1) of the $18,050,000 for heat engines, $7,000,000 is for diesel engine work and $11,050,000 is for multiple contracts for turbine work, and that $350,000 for UNDERC shall be provided from diesel and turbine funds;

(2) funds for mild gasification are for multiple contracts through phase 2;

(3) of the funds in atmospheric fluidized beds, $400,000 is for equipment research in Special Applications as proposed by the Senate;

(4) funds for advanced concepts in fuel cells include $7,000,000 for the 25 to 200 Kw solid oxide concept, and $1,353,000 for all other advanced concepts;

(5) in advanced process technology, an additional $1,200,000 is for extraction and advanced instrumentation as proposed by the Senate;

(6) in oil shale, $1,750,000 is for direct eastern oil shale contracts, $2,425,000 is for WRI, and the remaining program is $5,325,000; and of the total amount for oil shale at least 50% should be applicable to Eastern shales;

(7) the amount for light oil includes $3,800,000 for NIPER, $1,000,000 for microbial research, $600,000 for gas miscible recovery, $2,500,000 for geoscience and reservoir characterization, $1,700,000 for cost-shared work in declining fields, and $250,000 for a cost-shared CO_2 injection test with Louisiana State University;

(8) within amounts for light and heavy oil programs, $1,000,000 is available for INEL programs;

(9) funds for cost-shared projects in declining fields in both heavy and light oil may be combined with the $1,000,000 for pilot ventures for execution of programs;

(10) no funds are provided for the Otisca Industries industrial fuel boiler demonstration because the project is more appropriately funded in the Clean Coal Technology program; this decision is made without prejudice to the merits of the project;

(11) at least $1,500,000 of direct utilization funds in ARTD should be for electrochemistry and fundamental aspects of fuel cells;

(12) the Department should issue a new molten carbonate fuel cell PRDA at the earliest possible date, and should report to the House and Senate Appropriations Committees by April 1, 1989 on the feasibility of achieving the August 1, 1989 target date in the Senate report;

(13) amounts provided to UNDERC and WRI, including allocation of the general reductions made, may be transferred among activities without prior reprogramming notification;

(14) support for Argonne National Laboratory should be at a level of not less than fiscal year 1987 with maximum emphasis on its core R&D program;

(15) indirect costs should be reported to the House and Senate Committees on Appropriations as described in House Report 100–171;

(16) ongoing work on conversion of natural gas to liquids should continue under the unconventional gas program activity and management; all synthetic gas related C_1 chemistry liquefaction work should continue under the indirect liquefaction and advanced research liquefaction programs and management; the managers expect both programs to cooperate and exchange data on areas of potential overlap;

(17) the $500,000 added to general plant projects may be used for architectural and engineering work for modifications to administrative facilities as well as modifications to the chemical engineering laboratories at Pittsburgh Energy Technology Center;

(18) $500,000 provided for oil and gas program development support is for expenses of outside experts needed to assist the Department in developing a comprehensive geoscience and enhanced recovery research and development program. The managers expect that funding for research and development in the program will be done on a competitive basis with a variety of organizations, and not exclusively through any other organization or institute set up outside the government. The managers expect that if consortia or institutes are set up by non-government groups in order to provide comprehensive research and development proposals, the additional administrative costs of such organizations will not be paid by the government, and that research funded by the government be on a project-by-project basis. The highest degree of cost-sharing in this work is encouraged;

(19) within the additional $1,400,000 for gas stream cleanup, construction of the sub-pilot scale turbine particulate control facility should be completed;

(20) the report on utility-scale phosphoric acid fuel cells requested by the Senate is due by April 1, 1988;

(21) no report on "National Laboratory Coal Science" is necessary, since no funds have been provided for this program;

(22) of the funds added for tar sands $400,000 is for the Department to continue existing contracts on mining and above ground processing and upgrading of Western tar sands in Utah, $400,000 is for contracting with universities in Alabama and Arkansas for research on Southern tar sands resources, and not to exceed $100,000 is to be transferred to the Bureau of Mines to conduct a commercial tar sands inventory on Bureau of Land Management lands in Utah relying on university level program expertise in Utah to execute the program;

(23) the Department shall establish a field office of not less than 6 FTE's co-located with the Strategic Petroleum Reserve project management office in Metarie, LA for gas and light oil research and development programs. The positions for the office are to be derived from existing floors at Morgantown Energy Technology Center, and shall report organizationally to that Center.

Bill language is included earmarking $5,500,000 for an energy center at the University of Oklahoma, $6,000,000 for an energy center at West Virginia University and $4,000,000 for an administrative facility at the Morgantown Energy Technology Center. It is the intent of the managers to provide the remaining funds for the West Virginia University facility ($9,000,000), the University of Oklahoma facility ($3,500,000), and the administrative facility ($8,000,000) in fiscal year 1989 appropriations. The managers expect $9,000,000 above the planned $15,000,000 Federal contribution for the West Virginia University building and related equipment to be paid from non-Federal sources.

Transfer language for $20,894,000 from loan guarantee fees is included, but language proposed by the Senate transferring $62,000,000 from balances in the "Energy security reserve" is not included because such balances are no longer available.

Bill language proposed by the House and stricken by the Senate is included which allows the use of funds previously earmarked for the Kilngas project for other purposes.

NAVAL PETROLEUM AND OIL SHALE RESERVES

Appropriates $159,663,000 for Naval petroleum and oil shale reserves instead of $159,700,000 as proposed by the House and the Senate. The decrease of $37,000 is for the FERS reestimate.

Bill language is included which excludes natural gas liquids from minimum price requirements for petroleum produced from the Reserves, as proposed by the Senate.

Language is also included which deposits receipts above amounts currently estimated into the "SPR" petroleum account" for use in the purchase of petroleum for the Strategic Petroleum Reserve. The current estimate of receipts is $836,000,000. This provision will have no net effect on government outlays anticipated in the budget agreement because purchases, if any, will be offset by unanticipated revenues.

The managers agree that no additional funds are provided for continued review of the feasibility of selling the Reserves, pending legislation allowing such sale.

ENERGY CONSERVATION

Appropriates $366,297,000, including $56,780,000 derived from non-appropriated funds, for energy conservation instead of up to $362,247,000 as proposed by the House and $376,957,000 as proposed by the Senate.

The net increase above the amount proposed by the House consists of increases of $400,000 for chlorofluorocarbon substitute research; $200,000 for wall and roof research; $300,000 for residential buildings interaction research; $200,000 to study the feasibility and conceptual design of a whole building system integration laboratory; $300,000 for commercial building retrofit research; $200,000 for heating and cooling systems research; $600,000 for cooling systems feasibility studies; $800,000 for heat pumps; $200,000 for advanced refrigeration systems, $250,000 for lighting phosphor research; $200,000 for research on evacuated panels;

$1,000,000 for least cost utility planning; $250,000 for capital equipment for buildings research; $500,000 for process electrolysis; $100,000 for alternative fuels utilization; $500,000 for materials processing; $500,000 for advanced materials development; $250,000 for capital equipment for transportation research; $200,000 for ECUT engine combustion research; and $125,000 for ECUT materials research; and decreases of $200,000 in building materials research; $100,000 in oil heating equipment research; $260,000 in liquid and solid waste reduction; $400,000 in industrial coatings research; $800,000 in thermal to electric energy conversion; $100,000 for industrial technology transfer; $400,000 in ECUT thermal sciences; $100,000 in ECUT tribology; $360,000 from the base inventor's program; $200,000 in policy and management; and $105,000 for the FERS reestimate.

In addition, of the $200,000,000 for State and local grant programs, $56,780,000 is to be derived first from non-appropriated "excess" amounts determined under Public Law 99-509 and then from unexpended balances in the Energy Deposit Fund Escrow, if necessary. This is an increase of $20,647,000 from the House and Senate estimates, and is based on updated Department of Energy estimates.

The managers agree that:

(1) $200,000 for a whole building system integration laboratory is for a feasibility study, conceptual design and cost estimate to be provided to the House and Senate Committee on Appropriations and not for construction of a facility;

(2) cooling system feasibility studies are not limited to 8 Southern States;

(3) up to $550,000 in lighting research in technology and consumer products may be applied to phosphor research;

(4) of the additional funds for least cost utility planning, $700,000 is for a competitive procurement for demonstrations of demand based conservation measures by Northeastern rural utilities, provided that no less than $350,000 in additional cost-sharing is received in the procurement;

(5) no funds are to be provided to the developer of the Mod II Stirling engine until the existing contract with the developer is modified to delete fees; the managers expect that substantial cost participation by the private sector will be necessary before Congress considers additional funding in future years;

(6) the Department is expected to provide an assessment of farm based approaches for use of Stirling engines, but no funds may be used for new Stirling applications;

(7) in community systems, funding for district heating and cooling research includes up to $350,000 for the Scranton mine water heat recovery project;

(8) of the funds for battery research, $350,000 is to complete the industrial-based nickel-cadmium work;

(9) within State and local program direction funds $200,000 shall be used for the Territorial Assistance Program, and $30,000 is for a grant to the National Consumer Law Center for quarterly reports on the States' use of stripper well and Exxon funds;

(10) within available funds for electric and hybrid vehicles, $300,000 in addition to the $2,400,000 increase in the bill shall be available for program management by Idaho National Engineering Laboratory (INEL) of various programs transferred from other managing organizations. Such funds should be derived from amounts available to the transferred programs as has been the case previously;

(11) with respect to the Schools and Hospitals Program, a State may use up to 100 percent of its allocation from the Department solely for technical assistance activities when it can be certified that (a) the State will provide, from some other source, funding for implementation activities, (b) the funds utilized for technical assistance activities will not exceed 15 percent of the total of allocated and State funds available for schools and hospitals conservation programs, and (c) administration of implememtation activities will be in accordance with applicable program law and regulations;

(12) support required for the modified Residential Conservation Service (RCS) should be provided from State and local program direction;

(13) indirect costs should be reported to the House and Senate Appropriations Committees as described in House Report 100-171;

(14) within funds for heat pumps in technology and consumer products (buildings) no funds are earmarked to specific technologies;

(15) the Department is expected to report within 30 days of passage of the bill on procedures for overseeing the State expenditure of stripper well and Exxon funds as stated in the Senate report, and to provide, within 15 days after the close of each quarter, a report on enforcement actions initiated in each quarter as well as the status of any actions begun in previous quarters. The status of stripper well and Exxon funds should also be reported comprehensively on a quarterly basis;

(16) $100,000 added for alternative fuels utilization is for a cost-shared methanol fuel program in Hawaii including assistance for fueling station retrofit. None of the funds are to be used for the purchase of vehicles;

(17) no specific level of funding is earmarked for Argonne National Laboratory in conservation research and development.

Bill language proposed by the Senate earmarking $3,000,000 for a facility at Brandeis University was deleted.

Bill language proposed by the Senate on the use of funds previously appropriated for steel production by direct steel casting is deleted. The language is not needed in order for the Department to use the funds since there was no legislative restrictive on their use.

Bill language is included which increases the amount of funds derived from non-appropriated "excess" funds from the Department of Energy Deposit Fund Escrow, and makes that amount a definite appropriation as proposed by the Senate instead of an indefinite appropriation as proposed by the House.

Bill language also is included earmarking $6,000,000 for an energy demonstration and research facility at Northwestern University. It is the intent of the managers to provide the remaining funds ($10,000,000) for the Northwestern facility in fiscal year 1989 appropriations.

ECONOMIC REGULATION

Appropriates $21,565,000 for economic regulation instead of $21,680,000 as proposed by the House and $21,741,000 as proposed by the Senate. The decrease below the amount proposed by the House is $115,000 for the FERS reestimate.

Bill language, proposed by the Senate, which would have restricted funds for pursuit of certain court actions prior to completion of final administrative review by the Department and certification by the Federal Energy Regulatory Commission has been deleted. Congress has received assurances from the Economic Regulatory Administration that actions removing reseller or "layering" cases from administrative review and pursuing them in court will not be undertaken by the Department in the future.

EMERGENCY PREPAREDNESS

Appropriates $6,172,000 instead of $6,206,000 as proposed by the House and the Senate. The reduction of $34,000 is for the FERS reestimate.

STRATEGIC PETROLEUM RESERVE

Appropriates $164,162,000 instead of $164,225,000 as proposed by the House and the Senate. The reduction of $63,000 is for the FERS reestimate.

SPR PETROLEUM ACCOUNT

Appropriates $438,744,000 for petroleum acquisition and transportation instead of $603,744,000 as proposed by the House and $806,934,000 as proposed by the Senate. Based on currently estimated prices this will alow an average fill rate of approximately 50,000 barrels a day. Bill language has been included limiting outlays from funds appropriated in this Act to $256,478,000 in fiscal year 1988. The managers have reduced the anticipated fill rate of the Reserve only because of overall budget constraints.

ENERGY INFORMATION ADMINISTRATION

Appropriates $61,398,000 instead of $61,599,000 as proposed by the House and the Senate. The reduction of $201,000 is for the FERS reestimate.

GREAT PLAINS GASIFICATION PLANT

A general provision, similar to Senate provisions, has been included in the bill requiring the Secretary of Energy to submit a report to the Appropriations Committees and the appropriate authorizing committees containing the details of the sale of the plant, the basis for agreeing to the sale, and a signed statement of commitment from the purchaser for continued long-term operation of the facility at a rate and for a period determined appropriate and reasonable by the Secretary.

The managers agree that the Department of Energy should place higher priority on the continued long-term operation of the Great Plains Coal Gasification Plan as part of its divestiture activity. Continued long-term operation is needed to avoid disruptions to the local community, capture the benefits associated with extended plant operations and collect emission reduction technology data. The managers also agree that there must be a proper balance between realizing fair value for the project and continued operation.

DEPARTMENT OF HEALTH AND HUMAN SERVICES

HEALTH RESOURCES AND SERVICES ADMINISTRATION

INDIAN HEALTH SERVICES

Appropriates $943,297,000 for Indian health services instead of $943,388,000 as proposed by the House and $947,235,000 as proposed by the Senate. The net decrease from the amount proposed by the House consists of increases of $5,650,000 for hospital and health clinics, including $2,000,000 to staff and operate four adolescent inpatient substance abuse treatment centers, $1,000,000 for the Kanakanak, AK hospital, $150,000 for the Mount Edgecumbe, AK service unit and $2,500,000 for the Indian self-determination fund; $160,000 for operating costs of the Thunderbird Alcoholism Treatment Center in Seattle; $112,000 in health education for the Kanakanak, AK hospital; $809,000 for community health representatives; $200,000 for an urban health assessment in Arizona, $355,000 for tribal management, including $275,000 for the Tohono O'Odham tribe to develop and test alternative approaches in the delivery of health care; $244,000 for direct operations; and decreases of $2,500,000 in tribal contractor indirect costs; $486,000 in dental health, including an increase of $14,000 to restore to last year's level and a decrease of $500,000 in the add-on provided for closing the gap in dental care, leaving an additional $800,000 for this purpose; $2,666,000 in maintenance and repair; and $1,969,000 for the reestimate of FERS costs. The $800,000 increase in dental care includes $65,000 for the Eastern Band of Cherokees, NC.

Bill language has been included inserting a corrected United States Code citation as proposed by the Senate. Bill language has also been included providing $15,000,000 to remain available for the catastrophic health emergency fund and contract medical care as proposed by the Senate instead of $10,000,000 for the fund only as proposed by the House; and inserting the words "and contract medical care," as proposed by the Senate. A provision regarding proposed eligibility regulations has been deleted, as this matter is now addressed through a general provision in Title III.

Beginning with fiscal year 1989, the Indian Health Service is directed to include a breakdown and justification of all Headquarters activities or reserves, including contingency funds, funded under the hospital and health clinics line item. The total increase provided for dental health care includes $60,000 and 1 FTE for the Kanakanak, AK hospital. The amount provided for the alcoholism program includes $100,000 for Fetal Alcohol Syndrome research at the University of Washington. The managers intend the demonstration program of the Warm Springs tribe in Oregon to continue at the current level in fiscal year 1988, and also expect the tribe and IHS to work together to resolve whatever concerns or differences exist regarding the demonstration. IHS should submit a report on the agreed upon changes by February 1, 1988. The first priority for maintenance and repair funds should be given to health and safety-related projects.

Within the funds provided, the IHS shall provide FTE's for newly opened facilities, such as the Sacaton Hospital, on an equitable basis and in accordance with its resource allocation methodology. The amount provided for hospital and health clinics includes sufficient funds for a substance abuse coordinator and a substance abuse specialist in each of the 12 IHS area offices.

Regarding the distribution of the increase provided for indirect costs for tribal contractors, the managers expect that the Mount Edgecumbe, AK and Annette Island, AK service units will receive an equitable share of the increase.

The urban health needs assessment in Arizona, for which $200,000 is provided, is to be submitted no later than August 31, 1988.

The tribal management demonstration project, for which $275,000 is provided, is to be conducted by contract with the Tohono O'Odham Nation, to develop and test alternative approaches in the delivery of health care through the Public Law 93-638 process. The managers do not agree to the waiver of regulations for this project.

The managers are concerned about the Coeur d' Alene Tribe of Idaho being able to develop a funding mechanism to assure payment for future services provided by the proposed community-based, tribally-owned and operated clinic at Plummer, ID. The managers will expect the IHS to adequately budget for increased contract health services expected to be provided by this new clinic in fiscal year 1989.

INDIAN HEALTH FACILITIES

Appropriates $62,511,000 for Indian health facilities instead of $67,592,000 as proposed by the House and $57,511,000 as proposed by the Senate. The increase over the amount provided by the Senate is $5,000,000 for sanitation facilities, to address the backlog of existing homes requiring water and sewer facilities. The amount provided includes $100,000 for sitework for the Fort Hall, ID clinic.

The managers request a report on any shortfalls in previously-funded personnel quarters projects, and the amounts needed to make up the shortfall by March 1, 1988.

If emergency needs arise that require a shift in the use of the modernization and repair funds as provided, the IHS should follow reprogramming guidelines and immediately notify the Appropriations Committees of the amounts involved and the reason for shifting the funds.

The managers agree that the Department and the General Services Administration should take appropriate action to acquire necessary upgraded space in non-Federal buildings for the Oklahoma City, OK and Bemidji, MN area offices.

Within the funds provided for sanitation facilities is $420,000 for the Turtle Mountain rural water system.

The managers understand the Rosebud Sioux Tribe may in the future decide to contract for the operation of the new Rosebud Sioux hospital, and may decide to provide services at the hospital for non-Indian members of the community. Under these circumstances, the managers understand that the service population may be large enough to justify having a surgical suite at the hospital and there would be no objection to inclusion of a surgical suite in the hospital under those circumstances.

ADMINISTRATIVE PROVISIONS, INDIAN HEALTH SERVICE

Bill language which extends Federal tort claim coverage to tribal contractors under P.L. 93-638 has been included. However, a provision in this language which would have extended such coverage to contractors under the Buy Indian Act has not been included.

Bill language is included which amends language carried in a previous appropriations act, to permit the exchange of lands within the State of Alaska with the State or other named entities for the Anchorage, AK hospital, and to allow the payment or receipt of funds to equalize any such exchanges. The language also directs IHS to prepare and submit a report prior to June, 1988, which will set forth the legal authority necessary to enter into a lease-purchase contract; identify the extent of tribal interest in the construction of health facilities for lease-purchase to the IHS; compare the advantages and disadvantages to the Government of lease-purchase to direct Federal construction of the Anchorage facility, including costs of construction; and discuss the efforts expended by the IHS in protecting the Federal investment to date.

DEPARTMENT OF EDUCATION

OFFICE OF ELEMENTARY AND SECONDARY EDUCATION

INDIAN EDUCATION

Appropriates $66,326,000 instead of $66,343,000 as proposed by the House and the Senate because of the reestimate of the cost of the Federal contribution to the Federal Employee Retirement System.

OTHER RELATED AGENCIES

NAVAJO AND HOPI INDIAN RELOCATION COMMISSION

The managers agree that relocations to the new lands are to be done in accordance with the Phase I development plan to assure water and utilities will be available for relocatees. In addition, monitoring of the water quality and quantity on the new lands is to continue and the Committees are to be provided quarterly reports on these findings. No rural community is to be located physically near the Puerco River until the analysis of the USGS survey has been completed by the EPA and the results indicate that there would be no adverse health problems associated with such a development.

The managers agree that the $25,270,000 appropriated for fiscal year 1988 includes a reduction of $20,000 for staff travel.

SMITHSONIAN INSTITUTION

SALARIES AND EXPENSES

Appropriates $201,432,000 for salaries and expenses instead of $203,635,000 as proposed by the House and $200,946,000 as proposed by the Senate. The net decrease from the amount proposed by the House consists of increases of $50,000 for SI Libraries cataloging backlog; $35,000 for facilities services; $50,000 for environmental management and safety; and $75,000 for the Office of Design and Construction Management; and decreases of $250,000 for Astrophysical Observatory computers; $300,000 to the Tropical Research Institute research initiative; $74,000 to the genetics laboratory at the Zoo; $80,000 to the NMNH outreach to Native Americans program; $45,000 to the National Arctic Studies Center; $72,000 for carpet replacement, NASM; $50,000 to maintenance at the Cooper-Hewitt; $25,000 to the Sackler Gallery publications program; $28,000 to SITES for Quadrangle support; $81,000 to NMNH molecular research initiative; $25,000 to the National Science Resources Center; $25,000 to interbureau fellowships; $100,000 to Administration for master accounting files; $50,000 to the Office of Procurement and Property Management; $144,000 for Columbus Quincentenary support; and $1,064,000 for the reestimate of FERS costs. In addition to the overall reduction of $144,000 for Quincentenary support, there is a $20,000 decrease to SITES for Quincentenary support, as proposed by the House.

The managers have included an increase of $250,000 for computers for the Astrophysical Observatory instead of $500,000 as proposed by the House. An additional $250,000 is to be provided for this purpose for within available Smithsonian funds, to provide the total of $500,000 in the SAO base. The managers expect this $500,000 to continue to be included in the SAO base in fiscal year 1989 in order to allow the program to continue.

The managers agree that the Smithsonian should review whether a centralized computer maintenance capability would be more cost effective before each museum or location begins to budget for its own, and should provide a report to the Committees prior to the fiscal year 1989 hearings. There is no objection to carpet replacement at the Air and Space Museum from restoration and renovation funds. The Smithsonian shall provide not less than the same level of support to the Council of American Overseas Research Centers in fiscal year 1988 as was provided in fiscal year 1987.

The managers agree that the Smithsonian may use up to $200,000 of available funds for the study related to possible relocation of the Museum of the American Indian, Heye Foundation. The study should address the feasibility and estimated costs related to three possible options for the Museum: (1) maintaining the collection at one or more sites in New York City; (2) co-location at one or more sites in New York City and in Washington, D.C.; and (3) relocation to a newly-constructed site on the mall in Washington, DC. Award of a contract to conduct this study should be accomplished through the competitive process, and the report should be submitted to the Appropriations Committees as promptly as possible.

CONSTRUCTION AND IMPROVEMENTS, NATIONAL ZOOLOGICAL PARK

Appropriates $8,150,000 as proposed by the Senate instead of $7,650,000 as proposed by the House.

The increase over the House recommendation is for the renovation of the old hospital and research facility into a modern research facility.

RESTORATION AND RENOVATION OF BUILDINGS

Appropriates $19,254,000 for restoration and renovation as proposed by the House instead of $17,669,000 as proposed by the Senate.

The managers are concerned with the proposed restructuring of this account, and the appropriate method to present in the budget new or replacement construction projects that do not go through the separate authorization process. The Committees will continue to address these issues with the Smithsonian.

CONSTRUCTION

Appropriates $1,315,000 as proposed by the House instead of $2,585,000 as proposed by the Senate.

The managers have not agreed to the transfer of projects proposed by the Senate from the restoration and renovation account.

NATIONAL GALLERY OF ART

SALARIES AND EXPENSES

Appropriates $37,352,000 instead of $37,401,000 as proposed by the House and $37,547,000 as proposed by the Senate.

The net decrease from the House recommendation includes an increase of $146,000 to allow savings in utility costs to be directed to the January, 1988 pay raise; and a decrease of $195,000 for the reestimate of FERS costs.

REPAIR, RESTORATION AND RENOVATION OF BUILDINGS

Appropriates no funds as proposed by the Senate instead of $400,000 as proposed by the House, and deletes the related House bill language.

The managers have agreed to delete funds for this account on a one-time basis only, due to an approved reprogramming late in fiscal year 1987 which made available $820,000 for facility renovation and repair projects. These funds, together with the projected carryover of $4,638,000 in prior year appropriations, will provide for a total program of over $5,400,000 in fiscal year 1988. The managers expect the base program funds needed for these efforts to be included in the President's fiscal year 1989 budget request.

WOODROW WILSON INTERNATIONAL CENTER FOR SCHOLARS

Appropriates $4,028,000 instead of $3,827,000 as proposed by the House and $4,135,000 as proposed by the Senate.

The difference over the amount proposed by the House is an increase of $105,000 for 2 additional full-time equivalents (FTEs) for the West European and International Security studies programs resulting in a total of 37 federally-funded FTEs and an increase of $100,000 in general administration for the consolidation of office space into one location.

The managers have not added additional funding for the publications program because the new director should be given an opportunity to review the approach and set his or her own course. The committees expect the Center to discuss its proposal during the fiscal year 1989 hearing.

In accordance with the Administration's request for a fiscal year 1988 budget amendment, the managers have reduced salaries and expenses by $4,000 due to the reestimate of the cost of the Federal contribution to the Federal Employee Retirement System.

Bill language or funding has not been included for the Endowment Challenge Fund. The managers expect a full discussion of this fund during the Center's fiscal year 1989 hearing.

NATIONAL FOUNDATION ON THE ARTS AND THE HUMANITIES

NATIONAL ENDOWMENT FOR THE ARTS

GRANTS AND ADMINISTRATION

Appropriates $139,311,000 instead of $138,111,000 as proposed by the House and $140,056,000 as proposed by the Senate.

The managers agree on the following allocation of funds:

Program Grants:	
Artists-in-Schools	$5,300,000
Dance	8,847,000
Design Arts	4,276,000
Expansion Arts	6,655,000
Folk Arts	2,982,000
Inter Arts	3,885,000
Literature	5,100,000
Media Arts	12,000,000
Museums	11,400,000
Music	12,236,000
Opera/Musical Theatre	4,200,000
Local Programs	2,340,000
Theatre	10,800,000
Visual Arts	6,200,000
Advancement	1,000,000
Challenge	250,000
Subtotal, program grants	97,471,000
State Programs	24,700,000
Subtotal, grants	122,171,000
Administration area:	
Policy, Planning and Research	1,000,000
Administration	16,245,000
FERS reestimate	−105,000
Subtotal, administration area	17,140,000
Total, grants and administration	139,311,000

The $12,000,000 for the media program continues the initiative to increase resources for television and radio programming in the arts. The managers agree to $40,000 above the 1987 level for State programs to accommodate additional work required of the National Assembly of State Arts Agencies. No funding is provided for a Western Hemisphere Initiative.

The National Endowment for the Arts is encouraged to reach out to small and rural States to assure that arts organizations in those States have access to NEA programs.

The managers have agreed to raise the maximum limits of coverage under the Indemnity for exhibitions of Arts and Artifacts. The current limit of $650,000,000 is inadequate to meet the demands on the program, especially with rapidly escalating art prices. Accordingly, the maximum limit has been raised to $1,200,000,000. In addition, the limit for a single exhibition covered by the program is raised from $75,000,000 to $125,000,000.

MATCHING GRANTS

Appropriates $28,420,000 as proposed by the House instead of $25,900,000 as proposed by the Senate. This includes $19,420,000 for challenge grants and $9,000,000 for Treasury funds.

NATIONAL ENDOWMENT FOR THE HUMANITIES

GRANTS AND ADMINISTRATION

Appropriates $111,935,000 instead of $111,140,000 as proposed by the House and $112,140,000 as proposed by the Senate. The managers agree to the following allocation of funds:

Program grants:	
Media Grants	$8,900,000
Museums and Historical Organizations	8,780,00
Humanities programs for adults	2,000,000
Humanities projects in libraries	2,900,000
Education programs	16,350,000
Fellowships and seminars	15,560,000
Research grants	16,400,000
Subtotal, program grants	70,890,000
State programs	21,300,000
Office of Preservation	4,500,000
Subtotal, grants	96,690,000
Administration area: Administration	15,245,000
Total, grants and administration	11,935,000

The amount for administration includes a reduction of $105,000 based on the reestimate of FERS costs.

The managers encourage the National Endowment for the Humanities to insure that benefits of NEH programs continue to be available to smaller States as well as to large ones.

MATCHING GRANTS

Appropriates $28,500,000 as proposed by the House instead of $27,051,000 as proposed by the Senate. This includes $12,000,000 for Treasury funds and $16,500,000 for challenge grants.

NATIONAL CAPITAL ARTS AND CULTURAL AFFAIRS

Appropriates $4,500,000 as proposed by the Senate instead of $4,000,000 as proposed by the House. In addition, bill language is included to transfer the administration of the program from the National Endowment for the Humanities to the Commission of Fine Arts.

The managers agree that amounts provided to eligible organizations through the National Park Service and the Smithsonian Institution should not be counted against the $500,000 annual limit.

MARTHA GRAHAM CENTER OF CONTEMPORARY DANCE

No funds are provided for the Martha Graham Center of Contemporary Dance instead of $4,125,000 as proposed by the Senate.

INSTITUTE OF MUSEUM SERVICES

Appropriates $21,944,000 for the Institute of Museum Services instead of $21,948,000 as proposed by the Senate and $22,000,000 as proposed by the House. The reduction to the Senate level of $4,000 is based on a FERS reestimate. Within the amount provided is $100,000 for contracts and cooperative agreements with professional museum organizations for programs and projects to educate museum professionals in conservation and museum management issues. An additional staff person may be hired in order to meet the workload associated with processing grant applications.

COMMISSION OF FINE ARTS

SALARIES AND EXPENSES

Appropriates $443,000 instead of $446,000 proposed by the House and the Senate due to the Administration's request for a fiscal year 1988 budget amendment because of the reestimate of the cost of the Federal contribution to the Federal Employee Retirement System.

NATIONAL CAPITAL PLANNING COMMISSION

SALARIES AND EXPENSES

Appropriates $2,948,000 for salaries and expenses, National Capital Planning Commission, instead of $2,967,000 as proposed by the House and $3,013,000 as proposed by the Senate.

The $19,000 reduction from the House level is due to the Administration's reestimate of the cost of the Federal contribution to the Federal Employee Retirement System.

PENNSYLVANIA AVENUE DEVELOPMENT CORPORATION

SALARIES AND EXPENSES

Appropriates $2,516,000 instead of $2,531,000 as proposed by the House and the Senate due to the Administration's reestimate of the cost of the Federal contribution to the Federal Employee Retirement System.

The managers agree that if additional funds are necessary for the January, 1988 pay increase, they should not be budgeted for or taken from the public development program.

UNITED STATES HOLOCAUST MEMORIAL COUNCIL

HOLOCAUST MEMORIAL COUNCIL

Appropriates $2,171,000 for the Holocaust Memorial Council instead of $2,145,000 as proposed by the House and $2,183,000 as proposed by the Senate.

An estimated 1.5 million children were killed in the Holocaust. The question has been raised as to whether a separate portion of the museum should be included to memorialize these children. The subject is a sensitive one and questions have been raised as to the appropriateness of introducing children to the subject of the Holocaust, and if so, under what conditions. The managers believe that this increase of $35,000 over the House level, to be used by the Holocaust Council's Committee to Remember the Children and the Capital Children's Museum, will do much to answer relevant and poignant questions on this subject. This funding is separate from operational funds provided in the base budget for the Committee to Remember the Children.

In addition, the managers have included a $9,000 reduction from the House level due to the Administration's reestimate of the cost of the Federal contribution to the Federal Employee Retirement System.

APPLICATION OF GENERAL REDUCTIONS

The level at which reductions shall be taken pursuant to the Balanced Budget and Emergency Deficit Control Reaffirmation Act of 1987, if such reductions are required in fiscal year 1988, is defined by the managers as follows:

As provided for by section 252(a)(1)(B)(i) of Public Law 100-119 and for the purposes of a Presidential Order issued pursuant to section 252 of said Act, the term "program, project, and activity" for items under the jurisdiction of the Appropriations Subcommittee on the Department of the Interior and Related Agencies of the House of Representatives and the Senate is defined as (1) any item specifically identified in tables or written material set forth in the Interior and Related Agencies Appropriations Act, or accompanying committee reports or the conference report and accompanying joint explanatory statement of the managers of the committee of conference; (2) any Government-owned or Government-operated facility; and (3) management units, such as national parks, national forests, fish hatcheries, wildlife refuges, research units, regional, State and other administrative units and the like, for which funds are provided in fiscal year 1988.

The Committee emphasizes that any item for which a specific dollar amount is mentioned in an accompanying report, including all increases over the budget estimate approved by the Committee, shall be subject to a percentage reduction no greater or less than the percentage reduction applied to all non-defense accounts.

REPROGRAMMING GUIDELINES

The managers agree to amend the reprogramming guidelines by adding a new provision as follows:

12. GRANTS.—No grant may be made by an agency in the Department of the Interior and Related Agencies bill to an agency receiving funds in the Department of the Interior and Related Agencies bill unless the grant is submitted to the Committees on Appropriations for approval in compliance with these procedures.

GENERAL PROVISIONS—TITLE III

Bill language has been included amending the language proposed by the Senate which includes the Bureau of Land Management in a provision carried in last year's appropriation. The language provides that the Forest Service and the Bureau of Land Management may continue to manage lands under their jurisdiction under existing land and resource management plans pending the completion of new plans; and that existing plans may not be challenged solely on the basis that the plans are outdated or that there is new information, unless the claim includes information as to substantive concerns related to the new information. Any particular activities, such as individual timber sales, may continue to be challenged as always.

Bill language proposed by the Senate designating the entire State of Rhode Island as a contract health service delivery area has not been included. The managers are concerned about the potential budgetary impact of the proposal, and believe further study is required before a decision can be made.

Bill language has been included, as proposed by the Senate, which delays implementation of the Department of Health and Human Services' final rule on eligibility for health care services of the Indian Health Service until September 16, 1988. The language also extends the grace period provided in the rule until March 16, 1989.

Bill language has been included as proposed by the Senate which will allow the payment of premium pay for forest firefighters whose pay would otherwise be capped under the provisions of 5 U.S.C. 5547. The provision will allow forest firefighters to be paid in full for hours actually worked.

The Secretaries of the Department of Agriculture and the Department of the Interior shall, in cooperation with the Office of Personnel Management, identify duties that are performed "in support of" wildfire emergencies for the purposes of implementing this provision. This information shall be submitted to the House and Senate Committees on Appropriations no later than January 20, 1988.

The managers have agreed to modify Senate bill language concerning financial interest under the provisions of 18 U.S.C. 208.

On January 12, 1987, the Office of Legal Counsel of the Department of Justice provided an opinion concerning the scope of the term "particular matter" under Title 18 of the United States Code, Section 208. The Department of Justice has broadly interpreted the prohibition in that section of the Code to include matters of general policy, regulations and legislation.

The managers have agreed to revised language which will not eliminate the prohibitions of Title 18, U.S.C. Section 208 for Department of the Interior and Indian Health Service employees. Rather, it will apply the prohibition to "particular matters involving a specific party or parties" as is already the case in Section 207 of Title 18, U.S.C., thereby eliminating application to general policy matters. Employees are prohibited from involvement in specific actions in which they have a direct financial interest.

The managers agree to prohibit transfer of certain lands in the Black Hills National Forest, South Dakota as proposed by the Senate.

APPROPRIATIONS FOR THE DEPARTMENTS OF LABOR, HEALTH AND HUMAN SERVICES AND EDUCATION AND RELATED AGENCIES

Amendment No. 9: Section 101(h) of House Joint Resolution 395 provides appropriations for programs, projects and activities provided for in the Departments of Labor, Health and Human Services and Education and Related Agencies Appropriations Act, 1988. The House version of the joint resolution provided appropriations at a rate for operations and to the extent and in the manner provided for in H.R. 3058 as passed the House of Representatives on August 5, 1987. The Senate version of the joint resolution provided appropriations for these programs at a rate for operations and to the extent and in the manner provided for in H.R. 3058 as passed the Senate on October 14, 1987. This conference agreement on Amendment No. 9 resolves each of the differences between the two versions of the bill. In implementing this agreement the language and instructions set forth in House Report 100-256 and Senate Report 100-189 should be complied with unless specifically addressed to the contrary in this joint resolution and accompanying statement of the managers.

The specific amounts agreed to by the conferees for each program are described in a standard activity table printed at the end of the statement of the managers regarding Amendment No. 9. These amounts reflect the decisions of the conferees including the effect of an across-the-board reduction of 4.26 per centum which is necessary in order to comply with the new spending targets agreed to at the Economic Summit. In the aggregate the conference agreement includes $127,074,798,000 for fiscal year 1988 for the Departments of Labor, Health and Human Services and Education and Related Agencies. This includes $37,660,635,000 for discretionary activities, an increase of $1,321,119,000 over fiscal year 1987 and $89,414,163,000 for mandatory accounts where spending levels are determined by permanent law.

For the Department of Labor the conference agreement includes $6,272,006,000 including $1,033,725,000 for mandatory accounts and $5,238,281,000 for discretionary programs. The amount agreed to for discretionary activities is an increase of $157,173,000 over the amount available for these activities in fiscal year 1987 but a reduction of $225,430,000 from the amounts originally approved by the House and a reduction of $198,831,000 from the amounts originally agreed to by the Senate.

For the Department of Health and Human Services the conference agreement includes $100,812,115,000 including $85,159,873,000 for mandatory accounts and $15,652,242,000 for discretionary programs. The amount agreed to for discretionary activities is an increase of $408,860,000 over the amount available for these activities in fiscal year 1987 but a reduction of $813,217,000 from the amounts originally approved by the House and a reduction of $347,526,000 from the amounts originally agreed to by the Senate.

For the Department of Education the conference agreement includes $20,178,460,000 including $4,155,400,000 for mandatory accounts and $16,023,060,000 for discretionary programs. The amount agreed to for discretionary activities is an increase of $770,520,000 over the amount available for these activities in fiscal year 1987 but a reduction of $679,270,000 from the amounts originally approved by the House and a reduction of $688,884,000 from the amounts originally approved by the Senate.

The Departments of Labor, Health and Human Services and Education and Related Agencies Appropriations Act, 1988, put in place by this joint resolution, incorporates the following agreements of the managers:

TITLE I—DEPARTMENT OF LABOR

EMPLOYMENT AND TRAINING ADMINISTRATION

PROGRAM ADMINISTRATION

Appropriates $70,872,000 instead of $73,896,000 as proposed by the House and $74,027,000 as proposed by the Senate.

Makes available $44,380,000 from the Unemployment Trust Fund instead of $46,425,000 as proposed by the House and $43,855,000 as proposed by the Senate.

The conference agreement includes 42 full-time equivalent staff for the Immigration Reform and Control Act and 5 for the homeless program.

TRAINING AND EMPLOYMENT SERVICES

Appropriates $3,747,689,000 for the Job Training Partnership Act, instead of $3,639,685,000 as proposed by the House and $3,877,201,000 as proposed by the Senate.

Earmarks $3,830,000 for activities conducted by and through the National Occupational Information Coordinating Committee, instead of $3,000,000 as proposed by the House and $5,000,000 as proposed by the Senate.

The conference agreement includes $4,347,000 for labor market information, instead of $4,290,000 as proposed by the House and $4,790,000 as proposed by the Senate.

Earmarks $1,915,000 for the National Commission for Employment Policy, instead of $2,000,000 as proposed by the House and the Senate.

Deletes earmark of $2,000,000 proposed by the Senate for service delivery areas with high concentrations of American Samoans. The House bill contained no similar earmark.

The conferees direct the Secretary of Labor to make available $957,000 for service delivery areas under the Job Training Partnership Act with high concentrations of American Samoans, in addition to amounts otherwise provided under section 202 of the Act.

Earmarks $7,659,000 for service delivery areas under section 101(a)(4)(A)(iii) of JTPA, instead of $8,000,000 as proposed by the House and the Senate.

The conference agreement includes $89,038,000 for construction, rehabilitation and acquisition of Job Corps centers instead of $128,500,000 as proposed by the House, and specifies that funds shall remain available for obligation until June 30, 1991. The Senate bill included a general authorization for capital costs but did not specify an amount. The conference agreement contains the following amounts for Job Corps capital costs:

Repairs and improvements	$33,509,000
New centers	31,594,000
Relocation of existing centers	19,148,000
Other high-priority projects	4,787,000

Appropriates $9,574,000 for homeless job training instead of $8,000,000 as proposed by the House and $12,000,000 as proposed by the Senate, and earmarks $1,915,000 for homeless veterans projects.

The conferees agree that, of the $47,870,000 included in the bill for trade adjustment assistance, administrative costs are provided at approximately the fiscal year 1987 level.

COMMUNITY SERVICE EMPLOYMENT FOR OLDER AMERICANS

Appropriates $331,260,000, instead of $346,000,000 as proposed by the Senate. The House deferred consideration of this program pending enactment of authorizing legislation. The conference agreement includes $258,383,000 for national contracts and $72,877,000 for State grants.

STATE UNEMPLOYMENT INSURANCE AND EMPLOYMENT SERVICE

OPERATIONS

Makes available $2,418,405,000 from the Unemployment Trust Fund, instead of $2,536,012,000 as proposed by the House and $2,470,812,000 as proposed by the Senate.

Earmarks $701,296,000 from the Trust Fund for Employment Service State allotments, instead of $732,500,000 as proposed by the House and $677,300,000 as proposed by the Senate. In addition, $21,733,000 is available for this purpose from general funds.

LABOR-MANAGEMENT SERVICES

SALARIES AND EXPENSES

Appropriates $76,776,000 instead of $81,192,000 as proposed by the House and $80,192,000 as proposed by the Senate.

Earmarks $12,063,000 for the ERISA pension plan data base, instead of $13,600,000 as proposed by the House and $12,600,000 as proposed by the Senate.

PENSION BENEFIT GUARANTY CORPORATION

Provides $38,329,000 for administrative expenses, instead of $40,034,000 as proposed by the House and the Senate.

EMPLOYMENT STANDARDS ADMINISTRATION

SALARIES AND EXPENSES

Appropriates $207,709,000 instead of $217,085,000 as proposed by the House and $214,052,000 as proposed by the Senate.

Earmarks $7,659,000 for the Federal Employees' Compensation Program ADP system, instead of $8,000,000 as proposed by the House and $5,100,000 as proposed by the Senate.

The conference agreement includes a total of 970 FTE's for the Office of Federal Contract Compliance Programs, of which 610 are field office equal opportunity specialists.

SPECIAL BENEFITS

Appropriates $174,000,000 as proposed by the Senate instead of $257,177,000 as proposed by the House.

BLACK LUNG DISABILITY TRUST FUND

Appropriates $649,169,000 as proposed by the Senate instead of $646,842,000 as proposed by the House.

Makes available $28,217,000 for Employment Standards Administration, Salaries and Expenses as proposed by the Senate instead of $28,293,000 as proposed by the House.

Makes available $25,924,000 for Departmental Management, Salaries and Expenses as proposed by the Senate instead of $23,521,000 as proposed by the House. The conference agreement includes an additional 48 FTE's for black lung appellate workload.

OCCUPATIONAL SAFETY AND HEALTH ADMINISTRATION

SALARIES AND EXPENSES

Appropriates $235,474,000 instead of $244,001,000 as proposed by the House and $247,901,000 as proposed by the Senate. The conference agreement includes an additional 40 FTE's for enforcement.

MINE SAFETY AND HEALTH ADMINISTRATION

SALARIES AND EXPENSES

Appropriates $160,193,000 instead of $164,874,000 as proposed by the House and $169,765,000 as proposed by the Senate. The conference agreement includes an additional 50 FTE's for coal mine safety and health.

Deletes language proposed by the Senate which would have required the Secretary by law to submit a report to Congress by February 29, 1988 concerning the status and timetable for issuance of certain final regulations. The House bill contained no similar provision.

The conferees agree, however, that the Secretary shall submit such a report to Congress not later than February 29, 1988 concerning self-contained self-rescue devices; safety standards for underground coal mine ventilation; safety standards for roof control; standards for diesel-powered equipment in underground coal mines; and safety standards for electricity, explosives and blasting in underground mines.

Bureau of Labor Statistics

SALARIES AND EXPENSES

Appropriates $176,481,000 instead of $184,833,000 as proposed by the House and $183,833,000 as proposed by the Senate. The conference agreement includes $479,000 and 7 FTE's for the establishment of a survey design research center. Of the $8,793,000 available for revision of the Consumer Price Index, $7,366,000 remains available until September 30, 1989.

DEPARTMENTAL MANAGEMENT

SALARIES AND EXPENSES

Appropraites $114,929,000 instead of $120,041,000 as proposed by the House and the Senate.

Earmarks $2,434,000 for the President's Committee on Employment of the Handicapped as proposed by the House instead of $2,507,000 as proposed by the Senate.

Assistant Secretary for Veterans Employment and Training

Makes available $139,614,000 from the Unemployment Trust Fund, instead of $145,826,000 as proposed by the House and the Senate.

Office of the Inspector General

Appropriates $37,051,000 instead of $38,224,000 as proposed by the House and $38,700,000 as proposed by the Senate.

Department of Labor

GENERAL PROVISIONS

Modifies section 105 proposed by the Senate which would have prohibited the Job Corps from paying legal fees in any criminal case for a Job Corps participant. The House bill contained no similar provision. The modified language is as follows:

Sec. 105. None of the funds appropriated in this Act shall be used by the Job Corps program to pay the expenses of legal counsel or representation in any criminal case or proceeding for a Job Corps participant, unless certified to and approved by the Secretary of Labor that a public defender is not available.

Deletes section 106 proposed by the Senate which would have required by law a study of older workers who have previously retired from or were pressured to leave a job and are reentering the workforce. The House bill contained no similar provision.

The conferees agree, however, that the Secretary shall conduct such a study and prepare and submit a report on it to the Congress not later than one year after the date of enactment of this Act. The report shall contain such recommendations, including recommendations for legislation, as the Secretary deems appropriate.

TITLE II—DEPARTMENT OF HEALTH AND HUMAN SERVICES

Office of the Secretary

PRIORITY DISEASE CONTROL AND RESEARCH (AIDS)

Deletes language proposed by the House that would have established a consolidated appropriations account for all activities related to Acquired Immune Deficiency Syndrome (AIDS). The conference agreement places the money in the appropriations accounts for the individual agencies and institutes in the Public Health Service as proposed by the Senate. The total amount for AIDS in the conference agreement is $906,459,000.

Health Resources and Services Administration

HEALTH RESOURCES AND SERVICES

Inserts legal citation for title X of the Public Health Service Act related to the family planning program as proposed by the Senate.

Appropriates $1,551,478,000 for Health Resources and Services instead of $1,343,476,000 as proposed by the House and $1,640,813,000 as proposed by the Senate. The conference agreement includes $36,956,000 for activities related to AIDS which the House bill had included under a "Priority Disease Control and Research" appropriations not approved by the conferees.

The conference agreement includes $12,446,000 for geriatric training programs of which $9,574,000 is for geriatric education centers, and $2,872,000 is for geriatric training of health professionals, under section 788(e) and section 301 of the Public Health Service Act.

The conference agreement deletes $250,000 proposed by the Senate to conduct a study concerning the cost of health care for children with catastrophic illnesses. Instead, the conferees direct the National Center for Health Services Research to conduct this study within existing funds and to report to Congress no later than September 15, 1988. This study should include estimates of the prevalence of families with children age 21 years or younger whose out-of-pocket medical costs are equal to or exceed 7.5%, 10% and 12.5% of their adjusted gross income (AGI) during a single year. The conferees appreciate the complexity of such a study and understand that findings will be based on projections of existing primary data rather than a new field study.

The conferees are pleased with the efforts of the MCH Program to ensure that the native Hawaiian population is given a high priority. The conferees further believe that the recently established series of native Hawaiian maternal and child health centers is an excellent first step in this effort. Given the pressing needs of this population, MCH is urged to continue to provide native Hawaiians with an appropriate level of resources.

The Conference agreement includes $139,663,000 for family planning services under title X of the Public Health Service Act. This level includes funds for staff resources required to operate and manage this program.

Deletes language proposed by the Senate which would have earmarked $25,000,000 from community and migrant health centers for a new infant mortality initiative. The House bill contained no similar provision. The conference agreement includes $20,105,000 for this purpose but does not earmark these funds in statutory language.

Earmarks $6,702,000 for renovation and construction of outpatient facilities for AIDS patients instead of $4,000,000 as proposed by the Senate. The House bill contained no similar provision in this account but had recommended $10,000,000 for this purpose under a new "Priority Disease Control and Research" account not approved by the conferees.

Modifies language proposed by the Senate which would have made the Florida Agricultural and Mechanical University School of Pharmacy eligible for a grant under the new "Excellence in Minority Health Education" program. The conferees have agreed to language which makes these funds available to all schools which offer a graduate degree in the health professions and which have a majority enrollment of minority students. The House bill contained no similar provision. The conferees do not intend for schools which are directly funded elsewhere in this bill, such as Howard University, to receive assistance under this new program. The conferees have been informed that nine schools will be eligible to compete for funding.

Deletes language proposed by the Senate which would have directed that unobligated National Health Service Corps funds be reprogrammed to the community health center program without the prior approval of the Appropriations Committees. This language has been deleted without prejudice and the conferees are agreed that any funds not actually required by the Corps should be transferred to community health centers to offset the cost of private placements, and that as much as $1,915,000 may be transferred to the National Health Service Corps Loan Repayment Program recently enacted into law.

Inserts language proposed by the Senate which exempts the Health Education Assistance Loan (HEAL) program from the normal apportionment process. The House bill contained no similar provision.

Appropriates an additional $4,787,000 for home health services demonstrations under HRSA as authorized by subpart 2 of part A of title XIX of the Public Health Service Act. The program was recently authorized in the Older Americans Act amendments. The House bill contained no similar provision.

Health Care Quality Improvement Data Bank

On December 14, 1987 the Congress received a budget amendment from the President to include $3.2 million in the fiscal year 1988 appropriation bill to fund the first phase of a data bank authorized by the Health Care Quality Improvement Act of 1986 (Public Law 99-660). The conferees were not able to consider this request due to the lateness of the submission. If the President continues to consider this a high priority item, he should resubmit the request for fiscal year 1989 or as a fiscal year 1988 supplemental.

Centers for Disease Control

DISEASE CONTROL, RESEARCH AND TRAINING

Inserts legal citations for the preventive health block grant and prevention centers as proposed by the Senate.

Appropriates $771,772,000 instead of $221,977,000 as proposed by the House and $802,987,000 as proposed by the Senate. The conference agreement includes $304,942,000 for activities related to acquired immune deficiency syndrome (AIDS).

For chronic and environmental disease prevention the conference agreement contains $43,415,000, including $479,000 for chronic disease surveillance and control, $3,830,000 and 3 FTE's for prevention of disabilities, $1,436,000 for injury control, $407,000 and 2 FTE's for a Chronic Epstein-Barr surveillance network, and $2,393,000 for a diabetes translation center. No funds are included in the conference agreement for a smokeless tobacco grant program.

The conferees are agreed that sexually-transmitted disease (STD) grant funds should be used for STDs other than AIDS.

The conferees are aware of the collaborative AIDS education activities involving the American Red Cross and CDC. The conferees concur in the need for expanding this collaborative effort utilizing the Red Cross's nationwide network of over 800 chapters. Toward this end, up to $7 million is available for the development and distribution of Red Cross AIDS education materials directed not only to the general population but also to youth, minorities, and the workplace.

Inserts language proposed by the Senate requiring the General Services Administration to construct under its lease-purchase authority a 100,000 square foot office building at the Centers for Disease Control's main site in Atlanta, Georgia and a laboratory facility to replace the present facility at Chamblee, Georgia. The House bill contained no similar provision.

Modifies language proposed by the Senate that would have exempted certain CDC employees assigned to States and municipalities from any employment ceilings. The House bill contained no similar provison. As modified in the conference agreement, the language specifies that these individuals shall be treated as non-Federal employees for reporting purposes only.

Modifies language proposed by the Senate that would have required the Director of CDC to distribute an AIDS mailer to every American household by February 15, 1988 and reappropriated $9,500,000 from 1987 funds for this purpose. The House bill contained no similar provision. As modified, the language requires the Director to distribute an AIDS mailer to every household by June 30, 1988 and no funds are reappropriated. The conferees agree that sufficient funds are available for the every-household mailer.

NATIONAL INSTITUTES OF HEALTH

The conference agreement provides a total of $6,666,693,000 in direct appropriations to the National Institutes of Health instead of $6,563,857,000 as proposed by the House and $6,876,104,000 as proposed by the Senate. The conference agreement includes $447,996,000 for research related to Acquired Immune Deficiency Syndrome. The House bill had included funds for AIDS in a separate "Priority Disease Control and Research" account not approved by the conferees. The conferees are agreed that the amount provided should be used to fund approximately 6,100 new and competing research project grants including those related to Acquired Immune Deficiency Syndrome.

ACQUIRED IMMUNE DEFICIENCY SYNDROME

The conferees are concerned about reports of long delays in the processing of AIDS proposals and therefore direct the NIH (and ADAMHA) to implement a plan providing for a six month period for the awarding of grants, contracts, and cooperative agreements for AIDS research. The conferees further direct the Department to report on its performance under this plan by June 30, 1988 and again by December 31, 1988 to the Senate and House Appropriations Subcommittees for Labor, Health, and Human Services, Education and Related Agencies and to the Senate Committee on Labor and Human Resources and the House Committee on Energy and Commerce.

NATIONAL CANCER INSTITUTE

Appropriates $1,469,327,000 instead of $1,448,411,000 as proposed by the House and $1,527,054,000 as proposed by the Senate.

NATIONAL HEART, LUNG AND BLOOD INSTITUTE

Appropriates $965,536,000 instead of $990,808,000 as proposed by the House and $1,000,349,000 as proposed by the Senate.

NATIONAL INSTITUTE OF DENTAL RESEARCH

Appropriates $126,297,000 instead of $128,965,000 as proposed by the House and $131,559,000 as proposed by the Senate.

NATIONAL INSTITUTE OF DIABETES, DIGESTIVE, AND KIDNEY DISEASES

Appropriates $534,733,000 instead of $563,768,000 as proposed by the House and $549,784,000 as proposed by the Senate.

NATIONAL INSTITUTE OF NEUROLOGICAL AND COMMUNICATIVE DISORDERS AND STROKE

Appropriates $534,692,000 instead of $554,039,000 as proposed by the House and $550,172,000 as proposed by the Senate.

NATIONAL INSTITUTE OF ALLERGY AND INFECTIOUS DISEASES

Appropriates $638,800,000 instead of $439,667,000 as proposed by the House and $661,458,000 as proposed by the Senate.

NATIONAL INSTITUTE OF GENERAL MEDICAL SCIENCES

Appropriates $632,676,000 instead of $666,037,000 as proposed by the House and $653,117,000 as proposed by the Senate.

NATIONAL INSTITUTE OF CHILD HEALTH AND HUMAN DEVELOPMENT

Appropriates $396,811,000 instead of $405,673,000 as proposed by the House and $408,334,000 as proposed by the Senate.

NATIONAL EYE INSTITUTE

Appropriates $224,947,000 instead of $234,382,000 as proposed by the House and $231,529,000 as proposed by the Senate.

NATIONAL INSTITUTE OF ENVIRONMENTAL HEALTH SCIENCES

Appropriates $215,666,000 instead of $225,724,000 as proposed by the House and $220,709,000 as proposed by the Senate.

NATIONAL INSTITUTE ON AGING

Appropriates $194,746,000 instead of $203,034,000 as proposed by the House and $199,642,000 as proposed by the Senate. The conferees believe that the establishment of a central clearinghouse for information on Alzheimer's disease, as authorized by title IX of P.L. 99-660, should be managed by the National Institute on Aging.

NATIONAL INSTITUTE OF ARTHRITIS AND MUSCULOSKELETAL AND SKIN DISEASES

Appropriates $147,679,000 instead of $154,632,000 as proposed by the House and $153,867,000 as proposed by the Senate.

RESEARCH RESOURCES

Appropriates $368,153,000 instead of $338,991,000 as proposed by the House and $367,415,000 as proposed by the Senate. $23,935,000 is earmarked for AIDS "infrastructure" projects.

NATIONAL CENTER FOR NURSING RESEARCH

Appropriates $23,380,000 instead of $24,744,000 as proposed by the House and $23,566,000 as proposed by the Senate. The conference agreement deletes language proposed by the Senate which would have earmarked $750,000 of these funds for planning of a nursing research facility at the Oregon Health Sciences University. The House bill contained no similar provision.

JOHN E. FOGARTY INTERNATIONAL CENTER

Appropriates $15,651,000 instead of $12,128,000 as proposed by the House and $15,866,000 as proposed by the Senate.

NATIONAL LIBRARY OF MEDICINE

Appropriates $67,910,000 instead of $71,465,000 as proposed by the House and $70,399,000 as proposed by the Senate. The conference agreement includes $3,830,000 for the new National Center on Biotechnology Information.

OFFICE OF THE DIRECTOR

Appropriates $61,819,000 instead of $71,389,000 as proposed by the House and $61,284,000 as proposed by the Senate. The conference agreement includes $11,010,000 each for the RCMI and the AREA programs.

BUILDINGS AND FACILITIES

Appropriates $47,870,000 instead of $30,000,000 as proposed by the House and $50,000,000 as proposed by the Senate.

Deletes language proposed by the Senate which would have earmarked $20,000,000 of this appropriation for facility renovation and construction related to AIDS on the campus of NIH. The House bill contained no similar provision. The conferees understand, however, that renovation activities related to AIDS are the highest priority at NIH and that $19,150,000 will be used for this purpose, as described in the Senate bill and report.

ALCOHOL, DRUG ABUSE AND MENTAL HEALTH ADMINISTRATION

ALCOHOL, DRUG ABUSE AND MENTAL HEALTH

Appropriates $1,373,727,000 instead of $401,782,000 as proposed by the House and $1,469,313,000 as proposed by the Senate. The conference agreement also includes language proposed by the Senate that earmarks $4,787,000 of these funds for grants to the states for development of comprehensive mental health services plans. The House bill contained no similar provision. The conference agreement includes $112,257,000 for activities related to Acquired Immune Deficiency Syndrome which the House bill had included under the "Priority Disease Control and Research" appropriation not approved by the conferees.

The conference agreement includes $254,229,000 for mental health research. This is an increase of $18,823,000 over fiscal year 1987. The conferees believe that the development of the national plan for schizophrenia research is an important step in building upon the research breakthroughs recently made. The conferees urge that a significant portion of the funding provided go to support the highest priority schizophrenia research recommended by the national plan.

The conferees continue to be supportive of NIMH giving priority to prevention initiatives under both the clinical training and research accounts.

The conferees understands that Community Demonstration Grants Projects for the Alcohol and Drug Abuse Treatment of Homeless Individuals will be awarded in April 1988. The conferees recognize that maximum effectiveness in a demonstration project normally requires a 2 to 3 year period to allow for start-up and implementation of innovative treatment projects directed toward difficult to reach populations. Therefore, the conferees urge NIAAA to assure that grantees are allowed a full 24 month period of support from date of award.

The conferees have provided sufficient funding to the Office for Substance Abuse Prevention under the direct prevention activities budget line item to allow for the completion of the two year Alcoholism and Alcohol Abuse Treatment Study. This study, which was mandated by Congress as part of the Anti-Drug Abuse Act of 1986, is being conducted by the National Academy of Sciences. The conferees are very concerned with the problems of alcoholism and drug abuse in this country and look forward to the findings of this study.

The conferees urge the National Institute on Alcohol Abuse and Alcoholism to maintain within its center program activities related to the effects of alcohol on the elderly.

SAINT ELIZABETHS HOSPITAL

Appropriates $65,402,000 instead of $68,312,000 as proposed by the House and by the Senate.

OFFICE OF ASSISTANT SECRETARY FOR HEALTH

PUBLIC HEALTH SERVICE MANAGEMENT

Appropriates $106,737,000 instead of $118,609,000 as proposed by the Senate. The House deferred consideration of this account due to lack of authorizing legislation.

The conference agreement includes $4,308,000 for activities related to acquired immune deficiency syndrome (AIDS). The conferees are agreed that the Department should establish a Secretary's Advisory Board for AIDS. The Board should be structured in the manner discussed in the House committee report. Sufficient funds are provided for the Board to conduct its own independent evaluation studies.

As the prevalence of AIDS among minorities is especially high, it is extremely important for the PHS agencies to take the necessary steps to ensure minority representation on the Secretary's AIDS Advisory Board and AIDS standing advisory committees of outside experts.

In keeping with the primary objective of the Secretary's Task Force Report on Black and Minority Health, the conferees urge the various operating components of the Public Health Service and other units of the Department of Health and Human Services to develop a coordinated plan to implement the Task Force recommendations. The plan should include a description of each past, existing and proposed project and the funding associated with each. The overall effort should be coordinated by the recently established Office of Minority Health. The Department should submit the plan to the House and Senate Committees by February 29, 1988. Implementation progress reports will be required annually. The conferees expect that progress will continue to be noted in future Presidential budgets submitted to the Congress.

The conference agreement includes $1,915,000 for patient outcome assessment research as authorized by P.L. 99-509.

The conference agreement includes language proposed by the Senate which directs the Department to utilize from the evaluation funds available under section 2313 of the PHS Act up to $15,318,000 for the support of the National Medical Expenditure Survey and $5,827,000 to carry out the National Health and Nutrition Examination Survey.

The conference agreement also includes language proposed by the Senate which provides that amounts received from Freedom of Information Act fees, reimbursable and interagency agreements and the sale of data tapes shall be credited to this appropriation and shall remain available until expended.

HEALTH CARE FINANCING ADMINISTRATION

PAYMENTS TO THE HEALTH CARE TRUST FUNDS

Appropriates $25,893,000,000 as proposed by the House instead of $25,364,000,000 as proposed by the Senate.

PROGRAM MANAGEMENT

Provides for a trust fund transfer of $1,373,585,000 for Medicare administrative costs instead of $1,421,578,000 as proposed by the House and $1,411,828,000 as proposed by the Senate.

The conference agreement includes funds to support an additional 287 full-time-equivalent positions over the number requested in the President's budget.

On October 29, 1987, the President submitted a request for an additional $15,348,000 to implement an administrative law judge appeals process. The request was not considered, pending the submission to Congress of a GAO report on the merits of such a proposal. Therefore, until further evaluation is conducted by the Comptroller General and a report is submitted to the Congress, the administrative law judge function for Medicare Part A and Part B will be maintained within the Social Security Administration.

Earmarks $105,314,000 for the contingency reserve under the Medicare program instead of $80,000,000 as proposed by the House and $120,200,000 as proposed by the Senate. The conferees are agreed that $47,870,000 of this amount is for costs related to implementation of the catastrophic health insurance program should it become law.

Deletes language proposed by the Senate which would have made the contingency reserve automatically available for use by the Secretary within 30 days after enactment of any Medicare legislation or changes in contractor workloads. The House bill contained no similar provision. The conferees expect, however that OMB will release contingency reserve funds in a timely manner.

Deletes language proposed by the House but stricken by the Senate related to patient outcome research. The conference agreement includes funds for this activity under the "Public Health Service Management" appropriation as proposed by the Senate.

SOCIAL SECURITY ADMINISTRATION

SPECIAL BENEFITS FOR DISABLED COAL MINERS

Appropriates $663,452,000 as proposed by the Senate instead of $651,452,000 as proposed by the House.

LIMITATION ON ADMINISTRATIVE EXPENSES

Provides for a limitation of $3,524,114,000 on the amount of Social Security trust funds which can be used for administrative costs instead of $3,680,921,000 as proposed by the House and the Senate.

Earmarks "not to exceed" $53,040,000 for data processing and telecommunications activities at the Social Security Administration. The Senate bill provided for this same amount while the House bill included $65,400,000 for this purpose. The conferees have agreed that this earmark should be used as a ceiling in order to provide the maximum flexibility to the Social Security Administration in managing its resources.

Deletes language proposed by the Senate setting an employment floor of 70,345 FTE positions. The House bill contained no similar provision.

While the conferees have not approved bill language setting a statutory floor on the level of full-time-equivalent employment at the Social Security Administration, it is their intention that the funds provided should be used to support an employment level as close as possible to the levels recommended by the Senate. The conferees believe this is the minimum number necessary to handle the workload of this agency and maintain adequate service levels. As in previous years, the Committees intend to continue to have the Comptroller General monitor the level of service being provided by SSA to its beneficiaries. Should service levels suffer from further reductions in staff in fiscal year 1988, the Committees will take whatever actions are necessary to correct the situation.

FAMILY SUPPORT ADMINISTRATION

LOW INCOME HOME ENERGY ASSISTANCE

Appropriates $1,531,840,000 instead of $1,822,265,000 as proposed by the House and $1,237,000,000 as proposed by the Senate.

REFUGEE AND ENTRANT ASSISTANCE

Appropriates $346,933,000 of $320,885,000 as proposed by the House and $389,597,000 as proposed by the Senate.

The conference agreement provides $10,531,000 for 12 months of additional special targeted assistance to Dade County schools and Jackson Memorial Hospital. For other targeted assistance grantees, with sufficient prior-year appropriations to maintain programs at least through March 30, 1988, the conference agreement provides additional funding at the current rate of operations through calendar year 1988. The conferees expect the Office of Refugee Resettlement to expedite the review of program plans and make targeted assistance funds available to sponsors as early in the fiscal year as possible.

WORK INCENTIVES

Appropriates $92,551,000 instead of $96,669,000 as proposed by the Senate. The House deferred consideration of this program due to lack of authorizing legislation.

COMMUNITY SERVICES BLOCK GRANT

Appropriates $382,290,000 instead of $408,200,000 as proposed by the House and $407,000,000 as proposed by the Senate.

Earmarks $18,909,000 for the community economic development program instead of $18,700,000 as proposed by the House and $21,000,000 as proposed by the Senate.

Earmarks $3,925,000 for the rural housing program instead of $4,000,000 as proposed by the House and $4,200,000 as proposed by the Senate.

Earmarks $2,968,000 for the farmworker assistance program instead of $3,000,000 as proposed by the House and $3,250,000 as proposed by the Senate.

Earmarks $6,319,000 for the national youth sports program instead of $7,000,000 as proposed by the House and $6,130,000 as proposed by the Senate.

Earmarks $239,000 for a new technical assistance program as proposed by the Senate. The House bill contained no similar provision.

Earmarks $2,872,000 for community partnership programs instead of $3,000,000 as proposed by the House and $4,000,000 as proposed by the Senate.

PROGRAM ADMINISTRATION

Appropriates $79,464,000 for program administration at the Family Support Administration instead of $74,913,000 as proposed by the House and $83,619,000 as proposed by the Senate.

ASSISTANT SECRETARY FOR HUMAN DEVELOPMENT SERVICES

HUMAN DEVELOPMENT SERVICES

Inserts legislative citations for activities not considered by the House but included by the Senate.

Appropriates $2,455,532,000 instead of $1,641,456,000 as proposed by the House and $2,570,785,000 as proposed by the Senate.

The conferees recommend that $957,000 of the amounts included for Native Americans programs be used to start up the demonstration revolving loan fund for Native Hawaiians authorized under Title V of the Older Americans Act Amendments of 1987.

The conferees request a report be submitted prior to next year's hearing, comparing actual fiscal 1987 expenditures with planned use of fiscal 1988 appropriations, for all major categories of activities funded through the social services block grant.

The conferees agree that, of the amount provided for Older Americans Act research and demonstration activities, $957,000 is available for health education and promotion programs.

The conferees agree that $957,000 is provided for State long-term care ombudsman programs authorized under section 307(a)(12) of the Older Americans Act.

STATE LONG-TERM CARE OMBUDSMAN HOMECARE DEMONSTRATION PROJECTS

Deletes language proposed by the Senate which would have provided $1,000,000 to be used by the Secretary of Health and Human Services for the support of not less than three demonstration projects relating to long-term care ombudsman activities. Funding for this activity has been included under the appropriation for Human Development Services. The House bill contained no similar provision.

DEPARTMENTAL MANAGEMENT

GENERAL DEPARTMENTAL MANAGEMENT

Appropriates $67,840,000 instead of $70,859,000 as proposed by the Senate and $66,359,000 as proposed by the House. The agreement also provides for a trust fund transfer of $6,702,000 for this purpose.

Earmarks $4,308,000 as the third and final grant for construction of the Mary Babb Randolph Cancer Center in West Virginia instead of $4,500,000 as proposed by the Senate.

OFFICE OF THE INSPECTOR GENERAL

Appropriates $35,769,000 instead of $37,361,000 as proposed by the House and Senate. The agreement also provides for a trust fund transfer of $38,296,000 for these activities.

OFFICE FOR CIVIL RIGHTS

Appropriates $16,343,000 instead of $17,070,000 as proposed by the House and Senate. The agreement also provides for a trust fund transfer of $3,830,000 for these activities.

POLICY RESEARCH

Appropriates $4,873,000 instead of $5,090,000 as proposed by the House and Senate.

DEPARTMENT OF HEALTH AND HUMAN SERVICES

GENERAL PROVISIONS

Includes language proposed by the Senate which precludes Public Health Service commissioned medical officers serving in the clinical, research, or staff associate program administered by the National Institute of Health from receiving special bonus pay. The House bill included no similar provision.

Deletes language included by the House but stricken by the Senate which would have limited physician comparability allowances to physicians who are licensed to practice medicine.

Deletes language proposed by the Senate which would have required that all funds appropriated to the NIH be apportioned at the individual appropriation level. The House bill contained no similar provision. The conferees have deleted this language because of the decision of the Office of Management and Budget to resume its traditional practice of apportioning funds at the account level as the language would have mandated.

Deletes language proposed by the Senate which directed that all PHS programs included in this bill be exempt from having any personnel ceiling imposed, or any other action which would restrict the FTE levels for PHS programs, projects, and activities funded in this or any other Act. The House bill contained no similar provision. The conferees have expressed their concerns about employment levels in the Public Health Service for a number of years. This year, as in the past, the conferees have not agreed to statutory language limiting the executive branch's authority in this matter. However, if Congressional intent continues to be ignored, and if employment levels are reduced as responsibilities increase, the conferees will need to reconsider this matter. The Committees will expect reports on the current employment situation in the Public Health Service by March 1, 1988 and September 30, 1988 as a basis for judging progress in this area. These reports should compare actual employment with congressional instructions in each agency.

FAMILY PLANNING—TITLE X

Deletes language proposed by the Senate which would have required that the federal family planning program be administered under those regulations and guidelines in effect on August 31, 1987.

The managers recognize that Title X reauthorization legislation for FY 1988 has been reported by the authorizing committee in the Senate and is pending in the House authorizing committee.

The Senate conferees and some House conferees believe that changes to existing law must be achieved through shared adherence to the constitutional process and express disagreement with the executive's bypassing that process through a regulatory device.

OTHER PROVISIONS

Deletes without prejudice language proposed by the Senate which would have permitted the State of Iowa to modify retroactively its voluntary agreement with the Secretary of HHS to validate Social Security coverage for certain police officers and firefighters. The conferees understand this matter is currently being considered by the authorizing committees with jurisdiction in this area. The House bill contained no similar provision.

Includes language proposed by the Senate which would require the Secretary of HHS to issue a report to Congress on violations of travel policy of HHS employees and also requires reimbursement by employees found in violation of Department travel regulations. The House bill contained no similar provision.

Includes language proposed by the Senate which requires the National Library of Medicine to publicize the availability of its products and services. The House bill contained no similar provision.

AIDS REPROGRAMMING AUTHORITY

Inserts Section 216 which permits the transfer of funds related to acquired immune deficiency syndrome (AIDS) between appropriation accounts upon the approval of a transfer request by the House and Senate Committees on Appropriations. The House bill included similar language at another point in the bill; the Senate bill included no similar provision.

TITLE III—DEPARTMENT OF EDUCATION

COMPENSATORY EDUCATION FOR THE DISADVANTAGED

Appropriates $4,327,927,000 for Chapter 1 of the Education Consolidation and Improvement Act instead of $4,595,000,000 as proposed by the House and $4,477,000,000 as proposed by the Senate.

Earmarks $7,181,000 for evaluation and technical assistance instead of $10,000,000 as proposed by the House and $7,500,000 as proposed by the Senate.

Earmarks $4,320,746,000 to become available on July 1, 1988, and remain available until September 30, 1989 instead of $4,585,000,000 as proposed by the House and $4,469,500,000 as proposed by the Senate for Chapter 1 of the Education Consolidation and Improvement Act excluding funds made available for evaluation and technical assistance.

Earmarks $269,029,000 for State agency migrant programs instead of $278,000,000 as proposed by the House and $284,000,000 as proposed by the Senate.

Appropriates $8,616,000 for migrant education instead of $8,000,000 as proposed by the House and $9,000,000 as proposed by the Senate.

Deletes language proposed by the Senate which would have provided that of the funds made available for the College Assistance Migrant Program, $200,000 shall be awarded to the highest ranking unfunded project applicant. Also deletes language proposed by the Senate which would have directed that new funds be used for the three highest ranking unfunded HEP applications filed in 1987. The House bill contained no similar provisions.

IMPACT AID

Appropriates $685,498,000 instead of $735,000,000 as proposed by the House and $677,000,000 as proposed by the Senate.

Earmarks $15,318,000 for entitlements under section 2 instead of $22,000,000 as proposed by the House and $10,000,000 as proposed by the Senate.

Earmarks $670,180,000 for entitlements under section 3 instead of $713,000,000 as proposed by the House and $677,000,000 as proposed by the Senate.

Earmarks $536,144,000 for entitlements under section 3(a) instead of $568,000,000 as proposed by the House and $550,000,000 as proposed by the Senate.

Deletes language proposed by the Senate which would have eliminated payments of less than $30,000 unless such payment constitutes five percent or more of a school district's total operating budget. The House bill included no similar provision.

Inserts language proposed by the Senate providing that school districts whose boundaries are coterminous with military installations shall not be subject to limitations on increases in per pupil payments unless its State aid is reduced as a result of its Section 3 payment. Also includes language which allows certain applications for disaster assistance to be submitted after the usual deadline. The House bill contained no similar provision.

Deletes language proposed by the House and inserts language proposed by the Senate prohibiting the recovery of sections 2 and 3 payments and requires the Department to restore amounts already recovered in the case of payments on behalf of public housing (Section 8) children.

Appropriates $22,978,000 for the Act of September 23, 1950 instead of $22,500,000 as proposed by the House and $24,000,000 as proposed by the Senate.

Earmarks $10,053,000 for awards under sections 14(a) and 14(b) instead of $9,000,000 as proposed by the House and $10,500,000 as proposed by the Senate.

Inserts language proposed by the Senate authorizing funds available from appropriations in the 1983 supplemental Jobs Bill to be used for school districts that serve children residing on Indian lands. The House bill contained no similar provision.

SPECIAL PROGRAMS

Appropriates $508,439,000 for Chapter 2 of the Education Consolidation and Improvement Act instead of $529,337,000 as proposed by the House and $530,137,000 as proposed by the Senate.

Earmarks $29,739,000 for the Secretary's discretionary fund instead of $29,337,000 as proposed by the House and $30,137,000 as proposed by the Senate.

Earmarks $4,308,000 for discretionary projects instead of $4,500,000 as proposed by the House and $3,250,000 as proposed by the Senate.

The conferees expect that $1,915,000 of the amount provided for discretionary projects under the Secretary's discretionary fund shall be used to develop and promote exemplary early intervention programs, including prekindergarten programs, as directed in the Senate report accompanying the bill.

Earmarks $7,659,000 for inexpensive book distribution instead of $7,800,000 as proposed by the House and $8,200,000 as proposed by the Senate.

Earmarks $3,315,000 for arts in education instead of $3,337,000 as proposed by the House and $3,587,000 as proposed by the Senate.

Earmarks $3,830,000 for law related education instead of $3,000,000 as proposed by the House and $4,000,000 as proposed by the Senate.

The conferees are agreed that $957,000 of the amount provided for law-related education shall be used to continue activities begun in 1987 related to the bicentennial celebration of the Constitution, as described in the Senate report accompanying the bill.

Deletes language proposed by the House with regard to the center for law related education providing a statewide K-12 program. The Senate bill contained no similar provision.

Inserts language proposed by the Senate earmarking $383,000 for a national school volunteer program. The House bill contained no similar provision.

The conferees have provided $383,000 for national school volunteer programs to expand the number and strengthen the quality of organized school volunteer programs. The Secretary shall award a grant on a competitive basis for training activities to establish or strengthen school volunteer programs in the States; to develop improved training materials for school volunteers; and to strengthen the nationwide network of school volunteer programs.

Appropriates $23,456,000 for training and advisory services instead of $25,000,000 as proposed by the House and $24,000,000 as proposed by the Senate.

Appropriates $3,351,000 for the women's educational equity program instead of $3,500,000 as proposed by the House and the Senate.

Appropriates $4,787,000 for general assistance to the Virgin Islands instead of $5,000,000 as proposed by the House and the Senate.

Appropriates $1,915,000 for Christa McAuliffe fellowships instead of $2,000,000 as proposed by the House and the Senate.

Appropriates $2,394,000 for Ellender fellowships instead of $2,000,000 as proposed by the House and $2,500,000 as proposed by the Senate.

Appropriates $229,776,000 for the Drug Free Schools and Communities Act instead of $200,000,000 as proposed by the House and $250,000,000 as proposed by the Senate.

Earmarks $191,480,000 for grants to states for drug free schools instead of $161,000,000 as proposed by the House and $207,000,000 as proposed by the Senate.

Inserts language proposed by the Senate authorizing States to use school enrollment data in distributing drug education funds to local school districts. The House bill contained no similar provision.

Appropriates $71,805,000 for magnet schools instead of $75,000,000 as proposed by the House and the Senate.

Appropriates $119,675,000 for title II of the Education for Economic Security Act instead of $55,000,000 as proposed by the House and $150,000,000 as proposed by the Senate and earmarks $108,904,000 for State grants instead of $50,000,000 as proposed by the House and $136,500,000 as proposed by the Senate.

Appropriates $8,222,000 for Leadership in Education Administration Development instead of $7,177,000 as proposed by the House and $10,000,00 as proposed by the Senate.

Appropriates $1,915,000 for territorial teacher training assistance instead of $2,000,000 as proposed by the House and the Senate.

Appropriates $4,787,000 for title VII of the Stewart B. McKinney Homeless Assistance Act instead of $7,500,000 as proposed by the House and $3,750,000 as proposed by the Senate.

The conferees agree that the amount made available for aid to the homeless within Special Programs shall be used to support activities under Section 722 of the Stewart B. McKinney Homeless Assistance Act. The conferees find that it is premature to provide funds at this time for the identification and dissemination of exemplary programs (Section 723) since funds provided under the Supplemental Appropriations Act to develop these state-based programs have not yet been obligated.

Appropriates $7,133,000 for Follow Through instead of $7,800,000 as proposed by the House and $7,100,000 as proposed by the Senate.

Inserts language proposed by the Senate appropriating $23,935,000 for dropout prevention. The House bill contained no similar provision.

Inserts language proposed by the Senate appropriating $9,574,000 for workplace literacy. The House bill contained no similar provision.

Inserts language proposed by the Senate appropriating $19,148,000 for Star Schools. The House bill contained no similar provision. In implementing the Star Schools program, the Secretary of Education is encouraged to consider applications of regional or national significance.

Deletes language proposed by the Senate which would have appropriated $700,000 for the Academic Institute for Minority Scholars. The House bill contained no similar provision.

BILINGUAL EDUCATION

Deletes legislative citation for the refugee education program proposed by the House.

Appropriates $191,751,000 instead of $198,981,000 as proposed by the House and the Senate.

Inserts language proposed by the Senate which reappropriates $1,247,000 from available Bilingual Education funds, to be used to fund the amended application from the State of Texas for the emergency immigrant education program.

EDUCATION FOR THE HANDICAPPED

Appropriates $1,869,019,000 instead of $1,913,800,000 as proposed by the House and $1,966,990,000 as proposed by the Senate.

Earmarks $1,431,737,000 for the State grant program instead of $1,490,000,000 as proposed by the House and $1,500,886,000 as proposed by the Senate.

Earmarks $201,054,000 for preschool incentive grants instead of $189,000,000 as proposed by the House and $216,000,000 as proposed by the Senate.

Earmarks $67,018,000 for State grants for early intervention instead of $52,000,000 as proposed by the House and $75,000,000 as proposed by the Senate. The conferees also provide for advance funding for these grants as proposed by the Senate.

Deletes language proposed by the House which would have made available $150,000 to operate a model program for the deaf, hearing impaired and handicapped students.

Inserts language proposed by the Senate permitting $479,000 to be used for a National coordinating center authorized by section 621(d) of the basic law, and sets aside a minimum funding requirement for existing regional centers. The House bill contained no similar provision.

Inserts language proposed by the Senate which extends the availability of the 1987 appropriation for the Early Intervention Program until September 30, 1989. The House bill contained no similar provision.

The conferees agree that of the funds provided for Part D, 73 percent will be allocated for institutions of higher educaton under section 631(a); 7 percent will be allocated for special projects under section 631(b) to nonprofit agencies; 10 percent shall be allocated to private nonprofit agencies of parent training centers under section 631(c); and 10 percent shall be allocated for personnel training programs under section 632.

Consistent with the amendments to Section 632 of the Education of the Handicapped Act enacted by Public Law 99-457, the Secretary of Education must provide an opportunity for each State educational agency to apply for a noncompetitive grant. If a State educational agency decides not to apply for a noncompetitive grant, then institutions of higher education in that State may apply for such grant. The conferees expect these noncompetitive grants to be of sufficient size and scope to enable each State to develop high-priority projects with the funds. If the Secretary decides to make available a small percentage of funds for competitive grants under section 632, it is the intent of the conferees that such competition be limited to State educational agencies.

The conferees also recommend that within the funds provided herein, the Department increase funding for Recordings for the Blind, Inc. by up to $479,000.

REHABILITATION SERVICES AND HANDICAPPED RESEARCH

Appropriates $1,590,400,000 instead of $1,561,940,000 as proposed by the House and $1,619,395,000 as proposed by the Senate.

Earmarks $1,379,500,000 for basic state grants instead of $1,350,000,000 as proposed by the House and $1,409,000,000 as proposed by the Senate.

Inserts language proposed by the Senate which earmarks $16,590,00 for special demonstration programs, and deletes language proposed by the Senate which would have earmarked $750,000 of that amount for a grant to the Louise Rude Center for Deaf Adults in Anchorage, Alaska, for the construction of a residential center for deaf adults. This language also set aside limitation contained in section 311 of the Rehabiliation Act. The House bill contained no similar provision.

Modifies language proposed by the Senate making available $500,000 for research and training for hearing loss assessments for native Hawaiian children, and extends the availability of these funds until September 30, 1989. The conferees are agreed that the funds appropriated are to be made available on a competitive basis. The House bill contained no similar provision.

Inserts language proposed by the Senate extending the availability of 1987 funds for Supported Employment Grants until September 30, 1989. The House bill contained no similar provision.

Vocational and Adult Education

Appropriates $1,005,557,000 instead of $1,029,600,000 as proposed by the House and $1,072,450,000 as proposed by the Senate.

Earmarks $25,658,000 for National research and data programs instead of $13,000,000 as proposed by the House and $22,050,000 as proposed by the Senate. The conference agreement also includes $7,276,000 for research, $14,792,000 for demonstrations and $3,590,000 for data systems.

The conferees agree that in lieu of the Senate provision providing $20,000,000 in start-up funding for Title III, Part E of the Perkins Act, an additional $9,574,000 has been provided for section 411(a)(2) of said Act to run a national competitive grant program. These funds will be used to demonstrate collaborative programs between the private sector and public agencies in vocational education designed to train skilled workers and technicians in high-technology occupations (including programs providing related instruction to apprentices) and projects to train skilled workers needed to produce, install, operate, and maintain high-technology equipment, systems, and processes. The matching requirements set forth in Section 342(b)(3) of the Perkins Act apply to these demonstration projects. The conferees further agree that for $4,787,000 shall be for the dropout prevention initiative described in the Senate report.

Earmarks $7,851,000 for State advisory councils instead of $7,900,000 as proposed by the House and $8,500,000 as proposed by the Senate.

Earmarks $6,845,000 for Community based organizations instead of $6,300,000 as proposed by the House and $8,000,000 as proposed by the Senate.

Earmarks $32,791,000 for Consumer and homemaking education instead of $33,500,000 as proposed by the House and $35,000,000 as proposed by the Senate.

Deletes language proposed by the Senate earmarking $20,000,000 for Business partnerships in high technologies. The House bill contained no similar provision.

Inserts language proposed by the Senate allowing pregnant women to be eligible for services provided by programs for single parents and homemakers. The conferees have amended the Senate language making it applicable to fiscal year 1988 only. The House bill contained no similar provision.

Student Financial Assistance

Appropriates $5,544,792,000 instead of $5,806,000,000 as proposed by the House and $5,837,098,000 as proposed by the Senate.

The conference agreement also provides a maximum Pell Grant of $2,200 that a student may receive in the 1988-89 award year instead of $2,300 as proposed by the House and $2,100 as proposed by the Senate.

Guaranteed Student Loans

Appropriates $2,565,000,000 instead of $2,425,000,000 as proposed by the House and $2,935,600,000 as proposed by the Senate.

Higher Education

Appropriates $152,370,000 for institutional development instead of $180,000,000 as proposed by the House and $138,300,000 as proposed by the Senate.

The conferees recognize the severe financial difficulties faced by Atlanta University. Funding for section 326 grants has been increased significantly, and the conferees urge the Department to give the needs of Atlanta University every consideration as these grants are awarded through the competitive process.

Earmarks $73,161,500 for historically Black colleges and universities instead of $84,533,000 proposed by the House and $68,300,000 as proposed by the Senate.

The conferees agree that in light of the declining rate of Black enrollment in higher education and the critical role that historically Black colleges and universities have and continue to play in the extension of educational opportunity to Blacks and other disadvantaged youth, the conferees have provided $73,161,500 for the historically Black college and university program enhancement and infrastructure development.

The Conferees included a substantial increase in funding for the TRIO programs because of grave concern over declining enrollment of low-income and minority students in college. It is the Conferees view that the TRIO increase should be used to fund the Ronald McNair Post-baccalaureate Achievement Program at a level of $957,000 to provide increases to all continuing TRIO projects to compensate for cuts they have experienced in real dollar terms since 1980, and to fund new EOC, Talent Search, Upward Bound and Support Services projects on a proportionate basis.

Appropriates $367,884,000 for higher education programs excluding institutional development and special higher education projects instead of $391,900,000 as proposed by the House and $356,798,000 as proposed by the Senate.

Modifies language proposed by the Senate providing $239,000 of the amount for the Patricia Roberts Harris Fellowships to be used for a consortium of historically Black colleges and doctoral granting institutions that provides supplemental financial aid to students and faculty from historically Black colleges who are pursuing doctoral degrees. The conferees are agreed that the funds appropriated are to be available on a competitive basis. The House bill contained no similar provision.

Deletes language proposed by the Senate earmarking funds for planning and feasibility studies for a graduate science research lab and a textiles science research center in South Carolina. The House bill contained no similar provision.

Appropriates $14,217,000 for special higher education projects instead of $12,550,000 as proposed by the House and $16,850,000 as proposed by the Senate.

Deletes language proposed by the Senate which would have provided $500,000 to remain available until expended for a study by the National Academy of Sciences on the use of volunteers in the classroom. The House bill contained no similar provision.

Inserts language proposed by the Senate which waives two statutory limitations in title VII of the Higher Education Act so that any funding provided for part B of title VII could be awarded to a consortium of institutions that may compete for such funding.

College Construction Loan Insurance

Appropriates $19,148,000 instead of $20,000,000 as proposed by the House and Senate.

College Housing and Academic Facilities Loans

Provides $62,231,000 in obligational authority instead of $90,000,000 as proposed by the House and $40,000,000 as proposed by the Senate.

Education Research and Statistics

Appropriates $67,526,000 instead of $73,801,000 as proposed by the House and $69,231,000 as proposed by the Senate. The conference agreement includes $7,563,000 for the National Assessment of Educational Progress and $3,830,000 for a rural education program.

Earmarks $13,390,000 for the Center for Education Statistics instead of $14,486,000 as proposed by the House and $12,686,000 as proposed by the Senate. The conference agreement intends that $479,000 be used to develop a National School Retention/Dropout indicator, and the Conferees expect the Center to begin work to support a panel to identify additional national statistical indicators of educational progress.

Libraries

Appropriates $135,089,000 instead of $144,500,000 as proposed by the House and $136,600,000 as proposed by the Senate.

Earmarks $22,595,000 for library construction instead of $22,500,000 as proposed by the House and $23,600,000 as proposed by the Senate.

American Printing House for the Blind

Appropriates $5,266,000 instead of $5,510,000 as proposed by the House and $5,500,000 as proposed by the Senate.

National Technical Institute for the Deaf

Modifies legal citation as proposed by the Senate.

Appropriates $31,594,000 instead of $33,000,000 as proposed by the House and the Senate. The Conferees also agree to earmark $191,000 for the endowment matching fund.

Inserts language proposed by the Senate prohibiting the use of funds to subsidize the tuition of foreign students. The House bill contained no similar provision.

Gallaudet University

Inserts legal citation as proposed by the Senate.

Appropriates $62,195,000 instead of $65,925,000 as proposed by the House and $64,000,000 as proposed by the Senate. The conferees also agreed to earmark $957,000 for the endowment program.

Howard University

Appropriates $172,203,000 instead of $179,865,000 as proposed by the House and $174,230,000 as proposed by the Senate.

TITLE IV—RELATED AGENCIES

ACTION

OPERATING EXPENSES

Appropriates $163,085,000 instead of $162,191,000 as proposed by the House and $173,491,000 as proposed by the Senate.

The conferees reiterate the stipulations of the Senate report and instruct the Director to fill staff vacancies in the State and regional offices as her highest priority. The conferees further instruct the Director to provide both the House and Senate committees with quarterly reports specifying her progress toward following this instruction and implementing the new reorganized staffing plan begun on October 1, 1987. Such reports shall detail the number of filled permanent positions at each pay level for the State offices, the regional offices and the national office, as compared with the identified vacancies for each pay level at each location. These reports shall compare this data with that of the prior quarter, the FY 1987 end-of-year levels, and the July 1, 1986 levels.

Corporation for Public Broadcasting

Appropriates $232,648,000 instead of $238,000,000 as proposed by the House and $248,000,000 as proposed by the Senate.

Federal Mediation and Conciliation Service

SALARIES AND EXPENSES

Appropriates $24,510,000 instead of $25,601,000 as proposed by the House and the Senate.

Federal Mine Safety and Health Review Commission

SALARIES AND EXPENSES

Appropriates $3,906,000 instead of $4,080,000 as proposed by the House and the Senate.

National Commission on Libraries and Information Sciences

SALARIES AND EXPENSES

Appropriates $718,000 instead of $750,000 as proposed by the House and the Senate.

National Commission to Prevent Infant Mortality

SALARIES AND EXPENSES

Inserts language proposed by the Senate which specifies that funds appropriated in the 1987 Supplemental Appropriations Act (P.L. 100-71) shall remain available until expended. The House bill contained no similar provision.

National Council on the Handicapped

SALARIES AND EXPENSES

Appropriates $892,000 instead of $932,000 as proposed by the House and the Senate.

National Labor Relations Board

SALARIES AND EXPENSES

Appropriates $133,097,000 instead of $139,019,000 as proposed by the House and the Senate.

National Mediation Board

SALARIES AND EXPENSES

Appropriates $7,004,000 instead of $7,316,000 as proposed by the House and the Senate.

Occupational Safety and Health Review Commission

SALARIES AND EXPENSES

Appropriates $5,885,000 instead of $6,147,000 as proposed by the House and the Senate

Physician Payment Review Commission

SALARIES AND EXPENSES

Makes available $2,997,000 instead of $3,130,000 as proposed by the House and the Senate.

Prospective Payment Assessment Commission

SALARIES AND EXPENSES

Makes available $3,592,000 instead of $3,752,000 as proposed by the House and the Senate.

Railroad Retirement Board

DUAL BENEFITS PAYMENTS ACCOUNT

Appropriates $352,323,000 instead of $368,000,000 as proposed by the House and the Senate.

LIMITATION ON ADMINISTRATION

Makes available $57,860,000 instead of $60,434,000 as proposed by the House and the Senate.

LIMITATION ON RAILROAD UNEMPLOYMENT INSURANCE ADMINISTRATION FUND

Makes available $13,830,000 instead of $14,445,000 as proposed by the House and the Senate.

LIMITATION ON REVIEW ACTIVITY

Makes available $2,212,000 instead of $2,310,000 as proposed by the House and the Senate.

Soldiers' and Airmen's Home

OPERATION AND MAINTENANCE

Appropriates $35,879,000 instead of $36,647,000 as proposed by the House and $38,303,000 as proposed by the Senate.

CAPITAL OUTLAY

Appropriates $15,445,000 for the Soldiers' and Airmen's Home permanent fund instead of $16,132,000 as proposed by the Senate, and makes these funds available until expended. The House bill contained no appropriation for this account.

United States Institute of Peace

OPERATING EXPENSES

Appropriates $4,308,000 instead of $5,000,000 as proposed by the Senate. The House bill contained no appropriation for this agency.

TITLE V—GENERAL PROVISIONS

Inserts section 512 as proposed by the Senate reducing by a uniform percentage all amounts within this Act for travel, transportation, and subsistence to achieve a total outlay reduction of $23,600,000 in fiscal year 1988. The House bill contained no similar provision.

Modifies section 513 proposed by the Senate which would have prohibited the Secretary of Labor from withdrawing Federal approval of the California State occupational safety and health plan and from exercising exclusive Federal safety and health authority in the State of California until the Court of Appeal for the Third Apellate District of California had rendered a final judgment in two lawsuits concerning this matter and all direct appeals by the parties in each of the cases had been completed. As modified by the conference agreement, the prohibition established shall apply until the California Supreme Court has rendered a final disposition in the case of *Ixta* v. *Rinaldi* (Case No. 3 Civil C 002805). The House bill included no similar provision.

The conferees are aware that, since the time that the Senate passed this legislation, the Third District Court of Appeal of California, in the case of *Ixta* v. *Rinaldi*, has ruled in favor of the petitioners and ordered the Director of Cal-OSHA to fund the program. The conferees understand, however, that the Governor will appeal that decision to the California Supreme Court, which then will have 30 days to decide whether to hear the case.

The conferees believe that all reasonable efforts should be made to allow California to implement the State program fully and that the Department of Labor should not take any irrevocable action that could undermine those efforts. Thus, the conferees fully expect that the Department would not initiate any administrative proceedings under section 18(f) of the Occupational Safety and Health Act to withdraw the state plan involuntarily if the Court of Appeals' decision is upheld by the state Supreme Court. This would have the effect of requiring the Department to continue exercising concurrent jurisdiction, which would give the State a sufficient opportunity to rehire staff and restore the program to its previous level of activity.

The conferees appreciate the concern, however, that in the event that the state Supreme Court agrees to hear the case, a final resolution may take more than a year. Because of the difficulty that the Department may incur in hiring personnel to carry out concurrent jurisdiction on a temporary basis, the protection of California workers may be compromised. Thus, if the case has not yet been resolved by the end of the fiscal year, the Appropriations Committees will reevaluate the status of the Cal-OSHA program and the Court case and determine whether to extend the prohibition.

Modifies section 514 proposed by the Senate that would have prohibited any funds appropriated to the Centers for Disease Control from being used to provide AIDS education, information, or prevention materials and activities that promote or encourage, directly or indirectly, homosexual sexual activities and provided that materials and activities funded shall emphasize abstinence from sexual activity outside a sexually monogamous marriage and abstinence from the use of illegal intravenous drugs. The House bill contained no similar provision.

As modified in the conference agreement, the prohibition applies only to materials and activities that promote or encourage, directly, homosexual sexual activities.

The conferees agree that language contained in section 514 of the Act relating to AIDS education shall not be construed to prohibit descriptions of methods to reduce the risk of HIV transmission; to limit the eligibility for Federal funds of a grantee or potential grantee because of its non-Federally funded activities; nor shall it be construed to limit counseling or referrals to agencies that are not Federally funded.

Inserts section 515 as proposed by the Senate with respect to research relating to the treatment of AIDS, which states that the NIH shall take all possible steps to ensure that all experimental drugs, particularly antivirals and immunomodulators, that have shown some effectiveness against the AIDS virus, be tested in clinical trials as expeditiously as possible. The House bill contained no similar provision.

Definition of Program, Project and Activity

During fiscal year 1988, for purposes of the Balanced Budget and Emergency Deficit Control Act of 1985 (Public Law 99-177), the following information provides the definition of the term "program, project, and activity" for departments and agencies under the jurisdiction of the Labor, Health and Human Services, and Education and Related Agencies Subcommittee. The term "program, project and activity" shall include the most specific level of budget items identified in the Departments of Labor, Health and Human Services, and Education, and Related Agencies Appropriations Act, 1988, the accompanying House and Senate Committee reports, the conference report and accompanying joint explanatory statement of the managers of the committee of conference and the tables inserted in the Congressional Record on the days when the bill or conference report is considered in the House.

CONFERENCE AGREEMENT

The following table displays the amounts agreed to for each program, project or activity with appropriate comparisons.

H.R. 3058 & H.J. RES. 395 - FY 1988 APPROPRIATIONS FOR THE DEPARTMENTS OF LABOR, HEALTH AND HUMAN SERVICES, EDUCATION AND RELATED AGENCIES

Maintenance of real property	−10,062,000
Total	−25,262,000

The conferees agree to fund all other items in conference at the level proposed by the House as shown below:

California—Fort Irwin	$30,000,000
Illinois—St. Louis Support Center	9,700,000
Virginia—Fort AP Hill	2,200,000
Kwajalein	0

California—Fort Irwin.—The conferees recommend $30,000,000 to begin construction of the first increment of a 525 unit family housing project at Fort Irwin. This increment includes full funding of the supporting facilities for the entire project. The conferees direct the Department to include the funds necessary to complete this project as part of the budget request for fiscal year 1989.

Kwajalein.—The conferees agree to defer funding for construction of housing units for civilian contractor personnel at the Kwajalein Missile Range. The conferees recognize that there is no private sector housing available at this isolated location, and that existing housing is substandard due to age, structural condition, and rapid deterioration caused by the corrosive salt-laden atmosphere of the atoll. There is justification for providing government-furnished housing rather than requiring contractors to construct their own housing. Therefore, the conferees direct the Secretary of the Army to explore all alternatives which may lower the life-cycle cost of Kwajalein housing, and to resubmit a budget request under the Army Family Housing account.

Construction Improvements.—Within funds provided for post-acquisition construction, the conferees will expect the Army to accomplish the programmed project at Fort Bliss, Texas.

FAMILY HOUSING, NAVY

Appropriates $767,942,000 for Family Housing, Navy instead of $781,159,000 as proposed by the House and $723,093,000 as proposed by the Senate. The conferees are agreed that $237,914,000 is appropriated for construction, and that $530,028,000 is appropriated for operations and maintenance and for debt payment. In addition, $400,000 of fiscal year 1985 budget authority and $8,800,000 of fiscal year 1986 budget authority is rescinded. The conferees have agreed to the following addition and deletions to the amounts and line items as proposed by the House:

New York—Nuclear Power Trng Unit Ballston Spa	−$7,000,000
Operating Expenses:	
Unspecified reduction	−1,000,000
Leasing	+2,000,000
Maintenance of real property	−7,217,000
Total	−13,217,000

The conferees agree to fund all other items in conference at the level proposed by the House, as shown below:

California—Marine Corps Base Camp Pendleton	$25,760,000
California—Public Works Center San Diego	52,840,000
New York—Naval Station New York	25,490,000
Iceland—Naval Station Keflavik	20,000,000
Construction Improvements	39,000,000

FAMILY HOUSING, AIR FORCE

Appropriates $844,293,000 for Family Housing, Air Force, instead of $862,513,000 as proposed by the House and $830,253,000 as proposed by the Senate. In addition, $2,400,000 of fiscal year 1985 budget authority and $12,300,000 of fiscal year 1986 budget authority is rescinded. The conferees are agreed that $152,310,000 is appropriated for construction, and that $691,983,000 is appropriated for operations and maintenance and for debt payment. The conferees have agreed to the following addition and reductions to the amounts and line items as proposed by the House:

Construction Improvements	−$13,810,000
Operating Expenses:	
Unspecified reduction	+1,000,000
Maintenance of real property	−5,410,000
Total	−18,220,000

The conferees agreed to fund the following item in conference at the level proposed by the House, as shown below:

Philippines—Clark AFB	$23,260,000

Construction Improvements.—Within the funds provided for post-acquisition construction, the conferees will expect the Air Force to accomplish the programmed project at Fairchild AFB for improvement of existing Wherry housing units.

FAMILY HOUSING, DEFENSE AGENCIES

Appropriates $20,700,000 for Family Housing, Defense Agencies as proposed by the House instead of $19,700,000 as proposed by the Senate. The conferees are agreed that $1,186,000 is appropriated for construction and $19,514,000 is appropriated for operations and maintenance. The conferees have agreed to fund the item in conference at the level proposed by the House, as shown below:

CONUS Various—Housing Pilot Program	$1,000,000

FOREIGN CURRENCY FLUCTUATIONS, CONSTRUCTION, DEFENSE

Appropriates $85,000,000 for Foreign Currency Fluctuations, Construction, Defense instead of $125,000,000 as proposed by the House. This matter is discussed in detail at the beginning of this report.

HOMEOWNERS ASSISTANCE FUND, DEFENSE

Appropriates $2,800,000 as proposed by both the House and Senate.

GENERAL PROVISIONS

Section 121.—Deletes the word "shall" and inserts the word "may", as proposed by the Senate. The conferees agree to this change to the House provision in order to allow, rather than require, the use of lapsed funds to pay the cost of supervision for any project being completed with lapsed funds.

Section 122.—Further amends language proposed by the House and amended by the Senate with regard to legislative liaison, and to budgetary and fiscal management and requires prohibition to apply only the Air Force. The conferees agree that the certification requirement contained in the Senate report does not apply to the Army and Navy.

Section 123.—Amends language agreed to by both the House and Senate. The conferees agree to waive certification requirements and to direct the Secretary of Defense to provide funds for design of two access road projects and two replacement bridges.

Senate-Proposed Section 124.—Deletes language proposed by the Senate which denied the use of funds to deactivate, relocate or transfer the 474th Tactical Fighter Wing at Nellis AFB, Nevada.

Senate-Proposed Section 125.—Deletes language proposed by the Senate which denied the use of funds to deactivate, relocate or transfer the 5th Fighter Intercepter Squadron at Minot AFB, North Dakota.

Senate-Proposed Section 126.—Deletes language proposed by the Senate which stated the sense of Congress that NATO should provide facility construction funds if the Tactical Fighter Wing at Torrejon AB, Spain is relocated. This matter is addressed earlier in this report.

Senate-Proposed Section 127.—Renumbered to Section 124. Provides language proposed by the Senate which prohibits the use of funds provided in this Act to initiate design of the Pentagon Annex.

Senate-Proposed Section 128.—Deletes language proposed by the Senate which would require notification to the Committees on Appropriations after a determination has been made to utilize premobilization construction authority. Such authority has failed authorization.

Senate-Proposed Section 129.—Renumbered to 125. Provides language proposed by the Senate that prohibits the use of funds for the National Test Facility until certain conditions of development are met and the Committees on Appropriations are notified by interim and detailed reports on such development. Language also prohibits the use of funds in connection with early deployment of a ballistic missile defense system.

Senate-Proposed Section 130.—Renumbered to 126. Prohibits the use of appropriated funds for transferring equipment, operation or personnel from Edgewood Arsenal, Maryland.

Senate-Proposed Section 131.—Renumbered to 127. Provides language proposed by the Senate which amends current law to provide that a Treasury property account established by the Alaska Native Claims Settlement Act of 1976 shall be available for acquisition of U.S. property.

Senate-Proposed Section 132.—Deletes language proposed by the Senate regarding construction of a chapel at Dugway Proving Ground, Utah.

Senate-Proposed Section 133 and 134.—Deletes language proposed by the Senate regarding the Section 801 (build-to-lease) and Section 802 (rental guarantee) family housing programs.

Senate-Proposed Section 135.—Deletes language proposed by the Senate which would permit the lease of property at the Oakland, California Naval Supply Center.

Senate-Proposed Section 136.—Deletes language proposed by the Senate regarding community planning assistance. The conferees agree to provide $250,000 for Everett, Washington and $300,000 for the Gulf Coast Homeports, as authorized, under "Military Construction, Navy".

Senate-Proposed Section 137.—Deletes language proposed by the Senate which would amend current law to permit a land conveyance at Fort Jackson, South Carolina.

Senate-Proposed Section 138.—Deletes language proposed by the Senate which denied funds for projects that use the services of any foreign country that denies fair market opportunities.

New Section 128.—Adds language to correct a $150,000 deficiency for FY 1986 due to obligations incurred for mortgage debt payment which exceed the amount request-

RURAL DEVELOPMENT, AGRICULTURE, AND RELATED AGENCIES APPROPRIATIONS ACT

Amendment No. 12: Section 101(k) of House Joint Resolution 395 provides appropriations for programs, projects and activities provided for in the Rural Development, Agriculture, and Related Agencies Appropriations Act, 1988. The House version of the joint resolution provides appropriations for programs, projects and activities at a rate of operations and to the extent and in the manner provided for in H.R. 3520 as reported to the House of Representatives on October 20, 1987. The Senate version of the joint resolution provides appropriations for these programs, projects and activities at the rate and in the manner provided for in S. 1800 as reported to the Senate on October 16, 1987, with certain additional provisions and exceptions provided for in the joint resolution.

The conference agreement on House Joint Resolution 395 incorporates some of the provisions of both the House and Senate versions of the Rural Development, Agriculture, and Related Agencies Appropriations Act, 1988, and has the effect of enacting the Act into law. The language and allocations set forth in House Report 100-386 and Senate Report 100-203 should be complied with unless specifically addressed in this joint resolution and statement of the managers to the contrary. Report language included by the House which is not changed by the statement of the managers or Senate report language which is not changed by the statement of the managers is approved by the committee of conference. The statement of the managers, while repeating some report language for emphasis, does not intend to negate the language referred to above unless expressly provided herein. The Rural Development, Agriculture, and Related Agencies Appropriations Act, 1988, put in place by this joint resolution incorporates the following agreements of the managers:

TITLE OF THE BILL

The conference agreement provides that the title of the bill is the "Rural Development, Agriculture, and Related Agencies Appropriations Act" as proposed by the House instead of the "Agriculture, Rural Development, and Related Agencies Appropriations Act" as proposed by the Senate. The conferees have agreed to this change in an effort to place added emphasis on the importance of rural development programs within the Department of Agriculture.

TITLE I—AGRICULTURAL PROGRAMS

PRODUCTION, PROCESSING AND MARKETING

OFFICE OF THE SECRETARY

The conference agreement appropriates $1,466,000 for the Office of the Secretary as proposed by the House instead of $1,872,000 as proposed by the Senate.

INVESTIGATION OF LARGE PAYMENTS

The conference agreement appropriates $100,000 as proposed by the House to enable the Secretary to investigate the accuracy and legality of large payments under the price support programs. The Senate bill contained no similar provision. The conference agreement deletes language in the House bill which required the study to be completed "prior to the next sign up period."

OFFICE OF THE DEPUTY SECRETARY

The conference agreement appropriates $321,000 for the Office of the Deputy Secretary instead of $551,000 as proposed by the House. The Senate bill funded the Office of the Deputy Secretary as part of the appropriation for the Office of the Secretary of Agriculture. The agreement deletes House funding for an Assistant Secretary position.

OFFICE OF THE ASSISTANT SECRETARY FOR SPECIAL SERVICES

The conference agreement appropriates $416,000 for the Office of the Assistant Secretary for Special Services for purposes of providing special services to the Department, but provides that none of these funds shall be available for the supervision of Natural Resources and Environment activities, the Soil Conservation Service, or the Forest Service.

OFFICE OF THE ASSISTANT SECRETARY FOR ADMINISTRATION

The conference agreement appropriates $498,000 for the Office of the Assistant Secretary for Administration as proposed by the House instead of $524,000 as proposed by the Senate.

RENTAL PAYMENTS (USDA)

The conference agreement appropriates $49,665,000 for rental payments (USDA) as proposed by the House instead of $56,407,000 as proposed by the Senate. The agreement also includes House language which provides that $3,000,000 of these funds may be retained by the Department for nonrecurring repairs as determined by the Department.

BUILDING OPERATIONS AND MAINTENANCE

The conference agreement appropriates $20,024,000 for building operations and maintenance as proposed by the House instead of $21,645,000 as proposed by the Senate.

ADVISORY COMMITTEES (USDA)

The conference agreement appropriates $1,308,000 for advisory committees as proposed by the Senate instead of $1,508,000 as proposed by the House. The agreement includes House language which allows the Food and Drug Administration to transfer funds for and Advisory Committee on Microbiological Quality for Foods to the Department of Agriculture. The agreement does not earmark an amount for any specific advisory committee.

HAZARDOUS WASTE MANAGEMENT

The conference agreement appropriates $2,000,000 for the hazardous waste management program as proposed by the House. The Senate bill proposed $10,000,000 for hazardous waste management as a part of the appropriation for Departmental Administration.

DEPARTMENTAL ADMINISTRATION

The conference agreement appropriates $25,004,000 for Departmental Administration instead of $25,036,000 as proposed by the House and $35,036,000 as proposed by the Senate. The agreement includes $4,252,000 for the Budget and Program Analysis Office, $110,000 for the National Communications System Network, and $20,642,000 for other offices in Departmental Administration.

WORKING CAPITAL FUND

The conference agreement appropriates $5,708,000 for the Working Capital Fund as proposed by the House instead of $6,000,000 as proposed by the Senate.

OFFICE OF THE ASSISTANT SECRETARY FOR GOVERNMENTAL AND PUBLIC AFFAIRS

The conference agreement appropriates $347,000 for the Office of the Assistant Secretary for Governmental and Public Affairs as proposed by the House instead of $368,000 as proposed by the Senate.

PUBLIC AFFAIRS

The conference agreement appropriates $7,700,000 for the Public Affairs Office instead of $7,755,000 as proposed by the House and $7,750,000 as proposed by the Senate. The agreement also provides for a specific heading for the appropriation.

CONGRESSIONAL RELATIONS

The conference agreement appropriates $497,000 for the Congressional Relations Office instead of $465,000 as proposed by the House and $512,000 as proposed by the Senate. The agreement also provides for a specific heading for the appropriation.

INTERGOVERNMENTAL AFFAIRS

The conference agreement appropriates $476,000 for the Intergovernmental Affairs Office as proposed by the House instead of $478,000 as proposed by the Senate.

OFFICE OF THE INSPECTOR GENERAL

The conference agreement appropriates $48,795,000 for the Office of the Inspector General as proposed by the House instead of $50,092,000 as proposed by the Senate.

OFFICE OF THE GENERAL COUNSEL

The conference agreement appropriates $18,734,000 for the Office of the General Counsel as proposed by the House instead of $19,765,000 as proposed by the Senate.

OFFICE OF THE ASSISTANT SECRETARY FOR ECONOMICS

The conference agreement appropriates $484,000 for the Office of the Assistant Secretary for Economics as proposed by the House instead of $509,000 as proposed by the Senate.

ECONOMIC RESEARCH SERVICE

The conference agreement appropriates $48,186,000 for the Economic Research Service instead of $47,986,000 as proposed by the House and $48,923,000 as proposed by the Senate. The agreement includes $750,000 for research and analysis work in support of the U.S. Trade Representative as proposed by the House and an increase of $200,000 to increase the sample size for the farm costs and returns survey as proposed by the Senate.

NATIONAL AGRICULTURAL STATISTICS SERVICE

The conference agreement appropriates $61,176,000 for the National Agricultural Statistics Service instead of $60,952,000 as proposed by the House and $63,238,000 as proposed by the Senate. The agreement includes $400,000 for crop data improvement and $250,000 for improved Agricultural Statistics Board methodology as proposed by the House. The Senate bill proposed $800,000 and $500,000, respectively, for these two items. The agreement also restores $500,000 for the "Catfish Processors and Growers Survey" and the annual "Aquaculture Situation" report as proposed by the Senate. In addition, the agreement includes a $45,000 increase for a quarterly "Barley Stocks" report and $15,000 to reinstate the July and September "Barley Production" reports as proposed by the Senate.

WORLD AGRICULTURAL OUTLOOK BOARD

The conference agreement appropriates $1,730,000 for the World Agricultural Outlook Board as proposed by the House instead of $1,790,000 as proposed by the Senate.

OFFICE OF THE ASSISTANT SECRETARY FOR SCIENCE AND EDUCATION

The conference agreement appropriates $386,000 for the Office of the Assistant Secretary for Science and Education as proposed by the House instead of $403,000 as proposed by the Senate.

AGRICULTURAL RESEARCH SERVICE

The conference agreement appropriates $540,684,000 for salaries and expenses of the Agricultural Research Service instead of $540,363,000 as proposed by the House and $548,994,000 as proposed by the Senate.

The conference agreement provides the following amounts for human nutrition research:

	House bill	Senate bill	Conference agreement
Beltsville (MD)		$500,000	
Grand Forks (ND)		500,000	$500,000
Tufts University (MA)	$1,000,000	1,000,000	1,000,000
Baylor College of Medicine (TX)	2,000,000	3,000,000	2,250,000
Western Center (CA)		500,000	250,000

The conference agreement provides the following increases over the budget request for potato research:

	House bill	Senate bill	Conference agreement
Potato scab	$50,000		$50,000
Ring rot	350,000	650,000	500,000
Early dying	175,000	500,000	350,000
Varietal development		800,000	
Marketing	350,000	1,000,000	350,000
East Grand Forks (MN)		237,000	237,000
Potato breeding	(1)	(54,000)	(1)

[1] House bill included and conference agreement provides $36,000 under CSRS special grants.

Items proposed by the House, not included in the Senate bill, and agreed to by the conferees are as follows: increased research on the pecan aphid, $175,000; plant and moisture stress work at Texas Tech, $250,000; research on cornstarch-based biodegradable plastic, $350,000; and the tri-fly experiment in Hawaii, $500,000.

Sugarcane research.—The conference agreement includes $435,000 for sugarcane research in Hawaii as proposed by the House instead of $650,000 as proposed by the Senate.

National Arboretum.—The conference agreement includes $50,000 for the bird garden at the National Arboretum as proposed by the House.

Meadowfoam.—The conference agreement includes an additional $250,000 for federal supported cooperative research on meadowfoam to accelerate commercial development by enhancing ongoing yield increase research at Oregon State University coordinated with oil utilization research at the USDA Regional Research Laboratory, Peoria, Illinois.

Eastern filbert blight.—The conference agreement includes an increase of $65,000 over the budget for eastern filbert blight as proposed by the House. An additional $35,000 shall be made available for the program out of existing funds.

Kenaf research.—The conference agreement includes an increase of $300,000 over the budget request for kenaf research as proposed by the House.

Forage Seed Research Center.—The conference agreement includes an increase of $180,000 for the Forage Seed Research Center in Oregon, as proposed by the Senate.

Appalachian Fruit Research Laboratory.—The conference agreement includes an increase of $90,000 over the budget for the Appalachian Fruit Research Laboratory in West Virginia, as proposed by the Senate.

Soil and Water Laboratory.—The conference agreement includes an increase of $138,000 over the budget for the Appalachian Soil and Water Laboratory in West Virginia, as proposed by the Senate.

Pesticide application research.—The conference agreement includes $400,000 for pesticide application research instead of $300,000 as proposed by the House and $500,000 as proposed by the Senate.

Beltsville Renaissance '93.—The conference agreement deletes the increase of $4,894,000 for the Beltsville Renaissance '93 project proposed by the Senate since this item is funded under the Agricultural Research Service, Buildings and Facilities account.

Sunflower and sugar beets.—The conference agreement includes an increase of $500,000 for sunflower and sugar beets research as proposed by the Senate.

Sheep research.—The conference agreement deletes the increase of $150,000 for the U.S. Sheep Experiment Station in Idaho proposed by the Senate since increased funds were included in the budget request.

Funding reductions.—The conference agreement includes a general reduction of $2,775,000.

Low-input research.—The conference agreement provides $100,000 for low-input research in Minnesota. In the House bill this item had been funded under the special grants program of the Cooperative State Research Service.

Special Fund.—The conference agreement provides $1,800,000 for the Special Fund instead of $1,799,000 as proposed by the House and $2,000,000 as proposed by the Senate.

BUILDINGS AND FACILITIES

The conference agreement appropriates $57,815,000, of which $7,500,000 will not become available until fiscal year 1989, for buildings and facilities of the Agricultural Research Service instead of $14,680,000 as proposed by the House and $49,967,000 as proposed by the Senate. The following table reflects the conference agreement:

	House bill	Senate bill	Conference agreement
National Seed Storage Laboratory at Fort Collins, CO (planning)	$1,000,000	$1,000,000	$1,000,000
National Veterinary Center for Equine and Bovine Biotechnology Research at Oklahoma State U:			
(Feasibility)			50,000
(Feasibility and planning)	300,000		
Agricultural Biotechnology Center at VPI (feasibility)	50,000		50,000
Agricultural Biotechnology Center at U of Arizona (construction)		6,100,000	4,575,000
Agricultural Biotechnology Institute at U of Florida (feasibility)		50,000	50,000
Agricultural Biotechnology Facility at Houston, TX (feasibility)	50,000	50,000	50,000
Plant Bioscience Center at Rutgers U (feasibility)	50,000		50,000
Center for Applied Aquaculture in Hawaii (planning and construction)	850,000		6,375,000
Beltsville Agriculture Research Center: [1]			
A. Renovation of Bldg. 007	2,000,000		2,000,000
B. Upgrade existing facilities	2,600,000		2,600,000
C. Clean and reline water pipes	1,150,000		1,150,000
U.S. Vegetable Lab at Charleston, SC (feasibility of replacement)	50,000		50,000
National Center for Food and Industrial Agricultural Product Development at Iowa State U:			
(Feasibility and planning)	530,000		
(Planning and construction)		8,500,000	6,375,000
U.S. Fruit and Vegetable Lab at Yakima, WA (planning for replacement)	1,000,000		1,000,000
Poultry Lab at West Virginia U:			
(Feasibility)	50,000		
(Planning and construction)		3,750,000	
(Planning)			375,000
Poultry Lab and Isolation Facilities at U of Ark (general upgrading)		500,000	375,000
Poultry Lab and Isolation Facility at Athens, GA:			
(Planning and construction)		2,500,000	
Biocontainment Center at U of Georgia:			
(Feasibility)			50,000
Regional Center for Information and Technology at Gonzaga U, Spokane, WA:			
(Feasibility and planning)	1,000,000		
(Planning and construction)			7,500,000
Food and Nutrition Center at Wash. State U (construction)	4,000,000	11,079,000	5,540,000
Western Regional Wheat Marketing Center in Portland, OR (construction)		6,000,000	6,000,000
Stafford-Aiken Center for Microbiology in Vermont (construction)		3,600,000	2,200,000
North Dakota Agricultural Experiment Station (facilities consolidation)		400,000	300,000
Agricultural Research Facility at Oregon State U:			
(Construction)		[2] 5,000,000	[3] 10,000,000
National Center for Development of Natural Products at U of Miss:			
(Feasibility)			50,000
(Feasibility and planning)	(4)	1,000,000	
Equine Medical Center Isolation Unit at Leesburg, VA:			
(Feasibility)			50,000
(Planning and construction)		438,000	
Total	14,680,000	49,967,000	57,815,000

[1] Senate bill included an increase of $4,894,000 for Renaissance '93 projects under ARS, Salaries and Expenses.

[2] Senate report stated this would be first of two equal payments.

[3] $7,500,000 to become available in fiscal year 1989.

[4] House report earmarked $50,000 for a feasibility study under FDA appropriations.

The conferees agree that moveable equipment, furnishings and fixtures needed at the Sunflower and Sugar Beet Research Laboratory may be acquired by using available balances from previous appropriations for planning and constructing the facility at Fargo, North Dakota.

The conferees will expect that as part of the work being done in reviewing the proposals for biotechnology centers, the Department will provide the Committee with a report prior to the fiscal year 1989 hearings regarding existing biotechnological research capabilities by location. This report should include work on the application of biotechnological techniques in the development of new products.

COOPERATIVE STATE RESEARCH SERVICE

The conference agreement appropriates $303,654,000 for the Cooperative State Research Service instead of $273,131,000 as proposed by the House and $329,113,000 as proposed by the Senate.

McIntire-Stennis.—The conference agreement earmarks $17,500,000 for the McIntire-Stennis cooperative forestry program instead of $12,975,000 as proposed by the House and $25,000,000 as proposed by the Senate.

International Trade Centers.—The conference agreement includes $1,000,000 for the two international trade development centers in the State of Washington (CINTRAFOR and IMPACT) as proposed by the House. For the Mid-America International Trade Center the conference agreement includes $2,500,000 instead of $5,000,000 as proposed by the Senate. This Center will comprise a regional partnership of private enterprise and state governments in Colorado, Kansas, Nebraska, North Dakota, South Dakota, and Wyoming, to strengthen the international competitiveness of economically stressed middle-America through the development of world trade. Also included in the agreement are $100,000 for the Trade Center at Oklahoma State University as proposed by the House and $227,000 for a trade center in Kentucky as proposed by the Senate.

Low-input Agriculture.—For low-input agriculture the conference agreement includes a total of $3,900,000 instead of $9,000,000 as proposed by the Senate. The House bill included a total of $2,600,000 for low-input agriculture distributed as follows: Cooperative State Research Service, $1,000,000; Extension Service, $1,500,000; National Agricultural Library, $100,000. The conferees agreed that additional funds for low-input agriculture should be funded in a single account within the Department of Agriculture.

Pircon-Peck.—The conference agreement provides $2,100,000 for the Pircon-Peck research project in Illinois, instead of $4,200,000 as proposed by the Senate.

Alternative Crops.—The conference agreement includes $500,000 for research on oilseeds in North Dakota, as proposed by the Senate and $175,000 for research on crambe and winter rapeseed in Iowa, Michigan, Kansas, New Mexico, and Idaho, instead of $225,000 as proposed by the Senate.

The conference agreement deletes the following items funded in the Senate bill under this account since they are funded elsewhere under the provisions of the conference agreement: biodegradable plastics, $300,000; redfish research, $300,000; hybrid/striped bass research, $237,000; guayule research, $100,000; and other research on alternative crops, $238,000.

Critical Agricultural Materials Act.—For research under the Critical Agricultural Materials Act the conference agreement provides $668,000 for research on guayule as proposed by the House. For additional funding at the Polymer Institute at the University of Southern Mississippi the conference agreement provides $3,750,000 instead of $1,000,000 as proposed by the House and $7,500,000 as proposed by the Senate. For the National Center for Physical Acoustics the conference agreement includes $500,000 as proposed by the House. The Senate bill had proposed to fund this project as a special research grant.

Aquaculture Centers.—The conference agreement provides $3,500,000 for the aquaculture centers as specified by the House instead of $3,750,000 as specified by the Senate.

Special Research Grants.—The conference agreement provides $31,185,000 for special research grants instead of $28,411,000 as proposed by the House and $33,809,000 as proposed by the Senate. The agreement includes the following amounts by project:

[In thousands of dollars]

	House bill	Senate bill	Conference agreement
Special Research Grants (P.L. 89–106):			
STEEP-Soil Erosion in N.W.	591	591	591
Food Systems Research Group (Wisconsin)	148	148	148
Pest management	2,940	2,940	2,940
Rural Development Centers	363	600	475
Soybean Cyst Nematode (Missouri)	285		285
Bean and Beet (Michigan)	93		93
Animal Health	5,705	5,705	5,705
Aquaculture (Stoneville)	400	545	500
Dairy and Beef Photoperiod (Michigan)	33		33
Pesticide Clearance	1,369	1,369	1,369
Minor use animal drugs (IR–4)	250	229	229
Pesticide Impact Assessment	1,968	1,968	1,968
Dairy goat research (Texas)		100	95
Aquaculture (general)	585	200	660
Milk consumption (Pennsylvania)	285		285
International Livestock program (Kansas)		95	95
Stored grain insects (Kansas)		285	285
Blueberry shoestring virus (Michigan)	92		92
Peach tree short life (South Carolina)	183	183	183
TCK Smut (wheat)	193	193	193
Mosquito research	456		456
Int'g. Prod. Systems (Oklahoma)	188		188
Preservation and processing research (Oklahoma)	267		267
Dried Bean (North Dakota)	75	75	75
Sunflower insects (North Dakota and South Dakota)	190	190	190
Tropical and subtropical	3,091	3,091	3,091
Potato research	797	1,161	997
Dark end syndrome	150	150	150
Asparagus yield decline (Michigan)	95		95
Bio-control of grasshoppers	48	48	48
Wool research (Texas)	142	142	142
Ag Policy Institute (Iowa and Missouri.)	357	500	425
Biomass from dairy processing waste (Missouri)	285		285
Stone fruit decline (Michigan)	285		285
EDB replacement (Hawaii)	285	285	285
Wood utilization research	2,852	2,852	2,852
Integrated reproduction management (NEB)	95		95
Cranberry/Blueberry disease and breeding (New Jersey)	260	345	260
Atlernative cropping systems (Southeast)	285	285	285
Maple research (Vermont)		100	100
Apple quality research (Michigan)	95		95
Multi-cropping strategies for aquaculture (Hawaii)	152	152	152
Fruit and vegetable production and marketing (Kentucky)	142		142
Southwest Consortium for plant genetics and water resources	385	385	385
Prime farm land reclamation	450		450
Belgian endive	60		60
Remote Sensing (Kansas)	191	191	191
Acid precipitation	661	661	661
Low-input agriculture (Minnesota)	200		100
Agricultural Diversification (Hawaii)	156	235	156
Sandhills grazing management practices (Nebraska)	100		100
New uses for agricultural products (Ohio)	133		133
Native wildflowers (New Mexico)		50	50
Atlernative fuels (North Dakota)		370	370
Food marketing policy center (Connecticut)		300	150
Acoustics research (Mississippi)		500	
Environmental Contamination (North Dakota)		600	500
Water quality research		5,000	
Food processing research (Mississippi)		240	195
Poultry research (Arkansas)		750	500
Total, special research grants	28,411	33,809	31,185

Aquaculture.—The $500,000 provided for aquaculture research at Stoneville, Mississippi, includes $100,000 for the joint project with Mississippi Power and Light for research on redfish. The $660,000 provided under aquaculture (general) includes $175,000 for hybrid/stripped bass research in Maryland, Virginia, and North Carolina, and $200,000 for research in Louisiana.

Potato Research.—Included in the $997,000 for potato research are increases of $36,000 for the potato research project in Maine, as proposed by the House and $200,000 for the tri-state potato research project as proposed by the Senate.

Water Quality.—The conferees are aware that the Joint Council on Food and Agricultural Sciences has ranked the maintenance and preservation of water quality as its number one priority. The need for an accelerated water-related research effort to alleviate the contamination of surface and groundwater and to develop integrated systems for managing and conserving water is great and continues to grow. Therefore, the conferees expect the President to submit a budget request to reflect the emphasis on water quality research as part of the 1989 budget.

Competitive Grants.—For competitive grants the conference agreement provides $42,372,000 instead of $28,368,000 as proposed by the House and $44,500,000 as proposed by the Senate. The following table reflects the conference agreement:

[In thousands of dollars]

	House bill	Senate bill	Conference agreement
Competitive research grants:			
Plant Science	6,500	15,484	12,126
Biotechnology	(6,500)		(5,000)
Soybean research			(493)
Alcohol fuels			(514)
Animal Science	2,852	7,000	6,000
Brucellosis	(475)		(475
Reproductive efficiency	(2,377)		(2,377)
Pest Science			2,853
Gypsy moths			(951)
Boll weevil/Boll worm			(951)
Pine bark beetle			(951)
Human Nutrition		3,000	2,377
Biotechnology	19,016	19,016	19,016
Total, Competitive research grants	28,368	44,500	42,372

Federal Administration.—The conference agreement provides a total of $4,094,000 for Federal administration instead of $7,026,000 as proposed by the House and $4,644,000 as proposed by the Senate. Included in the conference agreement is $2,236,000 for shrimp aquaculture instead of $2,436,000 as proposed by the House and $2,036,000 as proposed by the Senate. For curriculum development at Mississippi State Valley College the conference agreement includes $625,000 instead of $500,000 as proposed by the House and $750,000 as proposed by the Senate. For the Ag in the Classroom project the conference agreement includes $74,000 as proposed by the House. For the Office of Biotechnology the conference agreement includes $400,000 as proposed by the Senate, and for the Office of Grants the agreement provides $659,000 as proposed by the House instead of $680,000 as proposed by the Senate. Also included in the total is $250,000 for the Federal Employees Retirement System and pay costs as proposed by the House instead of $528,000 as proposed by the Senate. The conference agreement deletes $1,000,000 for low-input agriculture and $2,107,000 for the Iowa Center for Food and Agricultural Products, both as proposed by the House, since these two projects are funded elsewhere by the conference agreement.

Extension Service

The conference agreement provides a total of $357,963,000 for the Cooperative Extension Service instead of $362,684,000 as proposed by the House and $361,463,000 as proposed by the Senate. The following table reflects the conference agreement:

[In thousands of dollars]

	House bill	Senate bill	Conference agreement
Extension Service:			
Smith Lever 3(b) & 3(c)	248,094	249,394	241,594
Smith Lever: 3(d):			
Pest Management	7,164	7,364	7,164
Farm Safety	970	970	970
Urban Gardening	3,329	2,000	3,329
Food and Nutrition Education (EFNEP)	19,008	60,000	19,008
(Transfer from food stamp program)	(39,627)		(39,627)
Pesticide Impact Assessment	1,633	1,633	1,633
Financial Management and counseling	1,427	1,427	1,427
Integrated reproduction management (Nebraska)	47		47
Rural development centers	689	1,000	903
1890's Colleges and Tuskegee	18,291	18,291	18,291
1890's facilities grants	9,508	5,000	9,508
Renewable Resources Extension Act		2,765	2,765
Payments to District of Columbia (other)	935	970	935
Section 1440 pilot projects	4,000	3,350	3,350
Federal administration and special grants	7,962	7,299	7,412
Total, Extension Service	323,057	361,463	318,336

The agreement provides a total of $241,594,000 for funding under the Smith-Lever Act instead of $248,094,000 as proposed by the House and $249,394,000 as proposed by the Senate. The reduction below both the House and Senate bills reflects later estimates related to the cost of the Federal Employees Retirement System.

The conference agreement provides $9,508,000 for construction of facilities at the 1890 land-grant colleges and Tuskegee University as proposed by the House instead of $5,000,000 as proposed by the Senate.

The conference agreement provides $7,164,000 for the pest management program as proposed by the House instead of $7,364,000 as proposed by the Senate. Included within the total amount provided is $200,000 for a handbook on wheat diseases as proposed by the Senate.

The conference agreement provides a total of $58,635,000 for the expanded food and nutrition education program (EFNEP) as proposed by the House instead of $60,000,000 as proposed by the Senate. The conference agreement includes a direct appropriation of $19,008,000 and a transfer from the food stamp program of $39,627,000. The Senate bill had proposed to fund the EFNEP program through a direct appropriation of $60,000,000.

The conference agreement provides $3,329,000 for the urban gardening program as proposed by the House instead of $2,000,000 as proposed by the Senate. The agreement also provides $47,000 for the integrated reproductive management program as proposed by the House. The Senate bill contained no funding for this program.

The conference agreement provides $2,765,000 for funding under the Renewable Resources Extension Act as proposed by the Senate. The House bill contained no funding for this program.

The conference agreement provides $903,000 for the rural development centers instead of $689,000 as proposed by the House and $1,000,000 as proposed by the Senate. The conference agreement includes funds for expanding the four existing centers as well as establishment of a fifth center in North Dakota.

The conference agreement provides $3,350,000 for section 1440 grants as proposed by the Senate instead of $4,000,000 as proposed by the House. The agreement also provides $935,000 for funding for the District of Columbia extension program as proposed by the House instead of $970,000 as proposed by the Senate.

The conference agreement provides a total of $7,412,000 for Federal administration instead of $7,962,000 as proposed by the House and $7,299,000 as proposed by the Senate. Included in this total are $333,000 for the pilot project for technology transfer; $190,000 for rural development work in Nebraska; $433,000 for rural development work in Oklahoma; $750,000 for the appropriate technology transfer for rural areas program (ATTRA); and $65,000 for a grant to the University of Nebraska Cooperative Extension Service in cooperation with the Agricultural Experiment Stations to be coordinated with the crambe and rapeseed programs in the States of Iowa, Kansas, Missouri, and New Mexico, for the purpose of demonstrating the feasibility of the production and marketing of crambe and rapeseed. Also included in the total is $650,000 for agricultural development in the American Pacific instead of $1,300,000 as proposed by the Senate. The House bill contained no funding for agricultural development in the American Pacific. The conferees agree that funds are included for a position in Massachusetts to work in support of the livestock guarding dog program and vertebrate damage control activities.

National Agricultural Library

The conference agreement appropriates $12,194,000 for the National Agricultural Library instead of $11,962,000 as proposed by the House and $12,795,000 as proposed by the Senate. The conference agreement includes $370,000 for the independent center for agricultural law project at the University of Arkansas instead of $493,000 as proposed by the Senate. The conferees stipulate that the $750,000 transferred to this appropriation from APHIS shall be used only for purposes of the Animal Welfare Act as specified in 7 U.S.C. 2143(e).

Office of the Assistant Secretary for Marketing and Inspection Services

The conference agreement appropriates $363,000 for the Office of the Assistant Secretary for Marketing and Inspection Services as proposed by the House instead of $377,000 as proposed by the Senate.

Animal and Plant Health Inspection Service

SALARIES AND EXPENSES

The conference agreement appropriates $329,330,000 for salaries and expenses of the Animal and Plant Health Inspection Service instead of $317,622,000 as proposed by the House and $349,455,000 as proposed by the Senate.

The following table sets forth the conference agreement by program:

[In thousands of dollars]

	House bill	Senate bill	Conference agreement
1. Plant disease and past control:			
(a) Plant protection programs:			
1 Bio control	3,337	4,818	4,318
2 Boll weevil	2,079	18,744	12,079
3 Golden nematode	1,024	1,018	1,018
4 Grasshopper and Mormon cricket	3,870	3,165	3,850
Reserve fund	5,000	5,000	5,000
5 Gypsy moth	5,477	5,442	5,442
6 Imported fire ant	5,000	5,526	5,000
7 International programs	2,118	2,110	2,110
8 Mediterranean fruit fly	9,721	10,218	9,706
9 Mexican fruit fly	1,558	1,553	1,553
10 Tri-fly		700	
11 Miscellaneous plant pests	1,128	1,124	1,124
12 Noxious weeds	750	322	443
13 Pest detection	3,942	3,928	3,928

Leafy spurge.—The conference agreement includes up to $1,500,000 for a leafy spurge program under the biocontrol program as proposed by the Senate.

Boll weevil.—The conference agreement includes $12,079,000 for continuation of the Southeast, Southwest, and High Plains programs instead of $2,079,000 as proposed by the House and $18,744,000 as proposed by the Senate.

Grasshopper and Mormon cricket.—For the grasshopper and Mormon cricket program the conference agreement includes $3,850,000 instead of $3,870,000 as proposed by the House and $3,165,000 as proposed by the Senate. Also included in the agreement is $5,000,000 for the program reserve. The conferees agree that $3,000,000 of the funds remaining in the reserve fund are to be used to support the second year of the integrated pest management program in North Dakota and Idaho.

Pink bollworm.—The conference agreement includes the following earmarking of funds within the pink bollworm program: sterile moth facility, $500,000; San Joaquin Valley program, $180,000; regulatory activities, $500,000; methods development work, $400,000; and suvey activities, $120,000.

Animal damage control.—The conference report provides a total of $24,419,000 for the animal damage control program instead of $22,590,000 as proposed by the House and $23,754,000 as proposed by the Senate.

The agreement includes $100,000 in the animal damage control account to continue the conditioned taste aversion research in Arizona, California, Texas, and Nevada. The conferees understand that delays in the allocation of these funds in past years have slowed progress on planned research activities for each fiscal year. Therefore, the conferees instruct APHIS to make every effort to allocate promptly the full $100,000 to the various research entities in fiscal year 1988 so that planned activities for the full 1988 fiscal year can be undertaken.

The conferees will expect the Department to give increased emphasis to its research on developing environmentally acceptable toxicants or repellants to assist in minimizing the economic loss created by blackbirds, starlings and grackles in rice, sunflowers and other crops, and included in the total is funding to continue the blackbird pilot project.

The conference agreement includes $300,000 for grackle control in the Lower Rio Grande Valley and $240,000 for rat control in Hawaii. For upgrading of the Denver Center the conference agreement provides $317,000 for maintenance and $489,000 for equipment. The conference agreement also includes $500,000 for completing work on the environmental impact statement for the animal damage control program. For the guarding dog program the conference agreement includes a total of $200,000; $100,000 for the Oregon/Washington program, $55,000 for the Idaho/Wyoming program, and $45,000 for the Minnesota program.

The conference agreement includes $40,000 for pest damage to maple sap pipelines in Vermont.

The agreement includes $100,000 for beaver damage in Wisconsin as proposed by the House instead of $150,000 as proposed by the Senate. For mountain beaver damage in the Western States the conference agreement includes $100,000 instead of $200,000 as proposed by the House.

The conference agreement includes $225,000 for research on nuisance animals in the Delta States, including cormorant research in Mississippi, instead of a total of $325,000 as proposed by the Senate. The agreement includes an increase of $100,000 to expand animal damage control efforts in the State of Montana instead of $260,000 as proposed by the Senate. The agreement also includes $150,000 for deer damage to seedlings in the Northeast instead of $200,000 as proposed by the House.

The conference agreement also includes language contained in the House-passed continuing resolution which had been stricken by the Senate extending the authorities under the animal damage control program to certain nonagricultural pests.

Noxious weeds.—The conference agreement provides $443,000 for noxious weeds instead of $750,000 as proposed by the House and $322,000 as proposed by the Senate. Included in the conference agreement are $121,000 for common crupina in Idaho, $51,000 for hydrilla in Florida, $150,000 for hydrilla in California, and $121,000 for weed identification work. Furthermore, the conferees are aware of hydrilla control efforts in Imperial Valley, California, and direct that up to $140,000 be used in this effort which has shown tremendous success. The conferees understand that these funds will be augmented by $200,000 from state and private sources.

BUILDINGS AND FACILITIES

The conference agreement appropriates $2,246,000 for buildings and facilities of the Animal and Plant Health Inspection Service as proposed by the House instead of $2,347,000 as proposed by the Senate.

FOOD SAFETY AND INSPECTION SERVICE

The conference agreement appropriates $392,009,000 for the Food Safety and Inspection Service as proposed by the House instead of $395,354,000 as proposed by the Senate.

The conferees commend the Department of Agriculture for establishing the Advisory Committee on Microbiological Quality for Foods, jointly with the Food and Drug Administration, which will review microbiological criteria for assessing the safety and wholesomeness of food, based on the most up-to-date science. The Advisory Committee will report its findings after careful review of all existing information, and the agencies will be able to review their regulations in light of this report.

Until this report is prepared and the results of the planned Food Safety and Inspection Service study of microorganisms on meat and poultry are known, it would be premature to prejudge the findings or to establish bacterial contamination baselines. The conferees also expect the Advisory Committee to make recommendations on reprocessing or washing poultry carcasses for selling for human food consumption. The Advisory Committee findings are needed and will be in accordance with existing law. The Advisory Committee should also assist in providing guidance to develop an efficient swab test for determining bacterial contamination. The conference agreement includes an increase of $700,000 for testing and analyzing additional samples of meat and poultry for bacterial contaminants as proposed by the Senate.

FEDERAL GRAIN INSPECTION SERVICE

SALARIES AND EXPENSES

The conference agreement appropriates $7,020,000 for salaries and expenses of the Federal Grain Inspection Service instead of $7,122,000 as proposed by the House and $7,081,000 as proposed by the Senate.

AGRICULTURAL COOPERATIVE SERVICE

The conference agreement appropriates $4,611,000 for the Agricultural Cooperative Service instead of $4,422,000 as proposed by the House and $4,697,000 as proposed by the Senate. The agreement includes a savings of $50,000 in connection with the charging of fees for publications as authorized by the Food Security Act of 1985.

AGRICULTURAL MARKETING SERVICE

MARKETING SERVICES

The conference agreement appropriates $32,409,000 for marketing services of the Agricultural Marketing Service instead of $32,693,000 as proposed by the House and $32,819,000 as proposed by the Senate. The agreement includes not less than $1,591,000 for the wholesale market development program as proposed by the House instead of $1,610,000 as proposed by the Senate.

LIMITATION ON ADMINISTRATIVE EXPENSES

The conference agreement provides a limitation on administrative expenses of $30,628,000 as proposed by the Senate instead of $30,742,000 as proposed by the House.

FUNDS FOR STRENGTHENING MARKETS, INCOME, AND SUPPLY (SECTION 32)

The conference agreement provides $7,601,000 for funds for strengthening markets, income, and supply (section 32) as proposed by the House instead of $7,660,000 as proposed by the Senate.

OFFICE OF TRANSPORTATION

The conference agreement appropriates $2,397,000 for the Office of Transportation as proposed by the Senate instead of $2,516,000 as proposed by the House.

PACKERS AND STOCKYARDS ADMINISTRATION

The conference agreement appropriates $9,402,000 for the Packers and Stockyards Administration instead of $9,535,000 as proposed by the House and $9,369,000 as proposed by the Senate.

FARM INCOME STABILIZATION

OFFICE OF THE UNDER SECRETARY FOR INTERNATIONAL AFFAIRS AND COMMODITY PROGRAMS

The conference agreement appropriates $524,000 for the Office of the Under Secretary for International Affairs and Commodity Programs as proposed by the House instead of $545,000 as proposed by the Senate.

AGRICULTURAL STABILIZATION AND CONSERVATION SERVICE

SALARIES AND EXPENSES

The conference agreement provides for a transfer from Commodity Credit Corporation funds of $565,000,000 for salaries and expenses of the Agricultural Stabilization and Conservation Service instead of $34,438,000 as proposed by the House and $586,000,000 as proposed by the Senate. The conferees direct the Department to maintain the existing staffing levels in the Knott County, Kentucky, ASCS office.

It is the intent of the conferees that the Department continue to give recognition to contractual agreement between agricultural cooperatives marketing honey and their producer members, pursuant to which the producers agree to forego immediate disbursement of loan proceeds acquired through the Honey Marketing Program in order to assist the cooperative to market such honey.

DAIRY INDEMNITY PROGRAM

The conference agreement appropriates $95,000 for the dairy indemnity program as proposed by the House instead of $100,000 as proposed by the Senate.

CORPORATIONS

FEDERAL CROP INSURANCE CORPORATION

ADMINISTRATIVE AND OPERATION EXPENSES

The conference agreement appropriates $200,000,000 for the administrative and operation expenses of the Federal Crop Insurance Corporation as proposed by the House instead of $214,995,000 as proposed by the Senate.

Relying on numerous investigations and reports of mismanagement and inefficiency in the delivery and loss adjusting of crop insurance, the conferees direct FCIC to regain the loss adjustment function in cases of disregard for FCIC policy in accordance with the terms added to its 1988 Reinsurance Agreement. The conferees direct FCIC to engage immediately in quality control and compliance activities that will assure a rapid and sharp reduction in errors and overpayments. The conferees further direct FCIC to institute compliance measures to eliminate fraud and errors to the maximum extent possible and to report to Congress on its progress.

FEDERAL CROP INSURANCE CORPORATION FUND

The conference agreement appropriates $228,523,000 for the Federal Crop Insurance Corporation Fund instead of $189,000,000 as proposed by the House and $284,823,000 as proposed by the Senate. The agreement provides no funds for interest expense reimbursements.

Commodity Credit Corporation

OPERATING EXPENSES

The conference agreement appropriates $21,133,658,000 for the operating expenses of the Commodity Credit Corporation under 17 major program accounts as proposed by the House. The Senate bill had proposed a single appropriation account for the reimbursement for net realized losses. The conference agreement amends House regarding the transfer of funds to provide for a specific amount of the transfer. The conferees will expect the Department to notify the appropriate committees of Congress of any transfers made under this authority. In addition, the conference agreement also adds a provision which specifies that the appropriation provisions shall not interfere with the Corporation's discharge of its responsibilities.

The conference agreement increases the total borrowing authority of the Corporation from $25,000,000,000 to $30,000,000,000. The Senate bill proposed to increase the Corporation's borrowing authority to $40,000,000,000 and the House bill contained no similar provision.

The conference agreement provides that the Commodity Credit Corporation shall pay an interest penalty, determined on the basis of the provisions of the Prompt Payment Act, on the amount of all payments and price support loans which the Commodity Credit Corporation is obligated to make if payment is not made by the required payment date. This provision shall be applicable to all such payments for obligations incurred after January 1, 1988.

FARM PROGRAM

In view of the situation facing many farmers, who under present policy are dependent upon a check from the Treasury which is threatened with reduction because of increased loss to the government, the managers on the part of the House urge the Department to take the following actions. If there is any reduction in the target price for basic commodities—wheat, corn, cotton, tobacco, rice, peanuts, and soybeans—from that in crop year 1988, the Secretary of Agriculture should provide a system of loans as existed during the period 1949 to 1981, as authorized by existing law, to make up the difference. The production quotas shall be those deemed necessary to meet domestic demands, to fill supply lines, and to regain our normal share of foreign markets at competitive prices over a period of three years.

The managers on the part of the Senate do not concur.

GENERAL SALES MANAGER

The conference agreement provides $7,157,000 for the Office of the General Sales Manager instead of $7,253,000 as proposed by the House and $7,244,000 as proposed by the Senate. The conference agreement restores House language which provides that up to $4,000,000 of the funds available to the General Sales Manager shall be used to support the sale of surplus agricultural commodities in world trade at competitive prices. The agreement provides that the Sales Manager shall report directly to the Secretary of Agriculture as proposed by the House instead of the Board of Directors of the Commodity Credit Corporation as proposed by the Senate. The agreement also provides that the Sales Manager shall submit quarterly reports to the Congress as proposed by the House instead of semiannual reports as proposed by the Senate.

TITLE II—RURAL DEVELOPMENT PROGRAMS

Rural Development Assistance

Office of the Under Secretary for Small Community and Rural Development

The conference agreement appropriates $440,000 for the Office of the Under Secretary for Small Community and Rural Development as proposed by the House instead of $462,000 as proposed by the Senate.

Farmers Home Administration

RURAL HOUSING INSURANCE FUND

The conference agreement provides $1,844,990,000 for loans from the Rural Housing Insurance Fund instead of $1,845,090,000 as proposed by the House and $1,918,093,000 as proposed by the Senate. For low-income, single family loans (section 502) the agreement provides $1,266,710,000 as proposed by the House instead of $1,339,800,000 as proposed by the Senate. The agreement also provides that $50,000,000 of these loans shall be unsubsidized loans as proposed by the House. For rural rental housing loans (section 515) the agreement provides $554,900,000 as proposed by the Senate instead of $555,000,000 as proposed by the House. For rural housing repair loans (section 504) the agreement provides $11,330,000 as proposed by the House instead of $11,335,000 as proposed by the Senate. For farm labor housing loans (section 514) the agreement provides $11,480,000 as proposed by the House instead of $11,484,000 as proposed by the Senate. For site loans (section 524) the agreement provides $570,000 as proposed by the House instead of $574,000 as proposed by the Senate.

REIMBURSEMENT FOR INTEREST SUBSIDES AND LOSSES

The conference agreement appropriates $2,964,249,000 for reimbursement for interest subsidies and losses to the Rural Housing Insurance Fund as proposed by the Senate instead of $2,785,500,000 as proposed by the House.

AGRICULTURAL CREDIT INSURANCE FUND

The conference agreement provides $115,000,000 for direct and insured farm ownership loans instead of $100,000,000 as proposed by the House and $130,000,000 as proposed by the Senate. The agreement also provides $390,000,000 for guaranteed farm ownership loans, the same level as proposed by both the House and Senate. For direct and insured operating loans the agreement provides $900,000,000 instead of $1,000,000,000 as proposed by the House and $870,000,000 as proposed by the Senate. For guaranteed operating loans the agreement provides $2,400,000,000 as proposed by the House instead of $2,610,000,000 as proposed by the Senate. The agreement also provides that $12,000,000 shall be transferred to the Commodity Credit Corporation out of disaster loans in order to make disaster payments under the provisions of Public Law 100-45 as proposed by the House.

REIMBURSEMENT FOR INTEREST SUBSIDIES AND LOSSES

The conference agreement appropriates $3,627,153,000 for reimbursement for interest subsidies and losses to the Agricultural Credit Insurance Fund as proposed by the Senate instead of $3,410,700,000 as proposed by the House.

RURAL DEVELOPMENT INSURANCE FUND

REIMBURSEMENT FOR INTEREST SUBSIDIES AND LOSSES

The conference agreement appropriates $842,682,000 for reimbursement for interest subsidies and losses to the Rural Development Insurance Fund as proposed by the Senate instead of $784,282,000 as proposed by the House.

RURAL DEVELOPMENT LOAN FUND

The conference agreement provides a total of $14,000,000 for loans under the Rural Development Loan Fund. This amount includes $7,500,000 to be transferred from the Rural Development Insurance Fund and $6,500,000 currently in the Fund. The Senate proposed a total of $16,500,000 for this account. The House had no similar provision.

RURAL HOUSING PRESERVATION GRANTS

The conference agreement appropriates $19,140,000 for rural housing preservation grants as proposed by the House instead of $20,000,000 as proposed by the Senate.

RURAL DEVELOPMENT GRANTS

The conference agreement appropriates $6,500,000 for rural development grants instead of $400,000 as proposed by the House and $10,000,000 as proposed by the Senate. The agreement earmarks $3,000,000 for planning and construction costs for a rural industrialization center in economically depressed Pontotoc County, Oklahoma.

Office of the Administrator

The conference agreement appropriates $600,000 for the Office of the Administrator of the Farmers Home Adminstration instead of $394,000 as proposed by the House. The Senate bill funded the Office of the Administrator as a part of the salaries and expenses account of the agency. The conferees will expect the Administrator as a part of the salaries and expenses account of the agency. The conferees will expect the Administrator of the Farmers Home Administration to submit monthly reports on vacant positions and lending activity of the agency to the appropriate committees of Congress.

DISASTER LOAN ASSISTANCE

The conferees are aware of the Department of Agriculture's extremely narrow interpretation of law and rules relating to the Farmers Home Administration disaster loan assistance program under the newly imposed eligibility requirement that producers must buy Federal crop insurance when available.

The conferees are aware that thousands of eligible farmers are being denied disaster program benefits because of rigid applications of regulations implementing the program.

The conferees expect the Secretary to report by January 31, 1988, on the results of operations of the disaster loan assistance program in the 1,546 counties that were declared disaster areas in 1987.

The conferees expect the report to include a detailed, comprehensive study and analysis of the disaster loan assistance actually delivered through the program to producers in Scotts Bluff County and adjacent counties, Nebraska, as a result of the disaster declarations following two devastating storms in these counties affecting hundreds of producers in 1987. The conferees expect a full explanation why almost none of these producers were assisted by the disaster program in recovering from loss of crops valued at nearly $20,000,000.

The conferees expect the report to include recommendations for changing the disaster assistance program so that maximum benefits are received by eligible producers.

The conferees are aware of provisions in the conference agreement on H.R. 3030, the Farm Credit Act, that would require the Farmers Home Administration to allow water and waste and community facility borrowers with loans closed between October 1, 1981 and November 12, 1983, to choose the lower of the interest rate in effect at the date of loan obligation or the date of loan closure. This clarifies a provision included in the Supplemental Appropriations Act, 1985. Upon enactment of said provision, FmHA is to provide immediate relief by reducing the amount of interest payable by qualified borrowers electing such relief, rather than by reducing the time to maturity of the loan.

SALARIES AND EXPENSES

The conference agreement appropriates $407,634,000 for salaries and expenses of the Farmers Home Administration instead of $412,267,000 as proposed by the House and $408,235,000 as proposed by the Senate. The agreement reduces funding for the Federal Employees Retirement System by $4,223,000 below the amended budget request. The conference agreement does not include funds for the following increases over the fiscal year 1987 levels that were proposed in the budget request: increased operating costs ($4,534,000), general increase for inflation ($3,724,000), and increase in health costs ($1,500,000).

The conference agreement includes $13,630,000 to restore staff reductions proposed in the budget request. The agreement also earmarks $2,675,000 for the circuit rider program instead of $2,450,000 as proposed by the House and $2,900,000 as proposed by the Senate. The conference agreement also restores a House proposed reduction of $250,000 for the New York State Office of the Farmers Home Administration.

The conferees recommend that, within available funds for salaries and expenses of the Farmers Home Administration, not to exceed $50,000 be made available for a feasibility study on the need for a regional center for coordinating efforts devoted to improving the living conditions in rural depressed areas of Kentucky, to be established in connection with the University of Kentucky's Somerset Community College. This center will be designed to assist in providing agricultural education programs and training for business, industry and other targeted groups presently involved in development activities.

CITY OF LINCOLN

The conferees have included a provision providing for the continuance of rural housing programs in Lincoln, North Dakota.

RURAL ELECTRIFICATION ADMINISTRATION

REIMBURSEMENT TO THE RURAL ELECTRIFICATION AND TELEPHONE REVOLVING FUND

The conference agreement appropriates $327,675,000 for reimbursement for interest subsidies and losses to the Rural Electrification and Telephone Revolving Fund as proposed by the Senate instead of $20,000,000 as proposed by the House.

OFFICE OF THE ADMINISTRATOR

The conference agreement appropriates $155,000 for the Office of the Administrator of the Rural Electrification Administration as proposed by the House. The Senate bill funded the Office of the Administrator under the salaries and expenses account for this agency. The conferees agree that the Administrator of the Rural Electrification Administration shall submit monthly reports on vacant positions and lending activity of the agency to the appropriate committees of Congress.

SALARIES AND EXPENSES

The conference agreement appropriates $30,713,000 for salaries and expenses of the Rural Electrification Administration instead of $30,470,000 as proposed by the House and $31,140,000 as proposed by the Senate.

CONSERVATION

OFFICE OF THE ASSISTANT SECRETARY FOR NATURAL RESOURCES AND ENVIRONMENT

The conference agreement provides no funds for the Office of the Assistant Secretary for Natural Resources and Environment as proposed by the House instead of $416,000 as proposed by the Senate. The conferees agree to provide funding for an Assistant Secretary for Special Services.

SOIL CONSERVATION SERVICE

CONSERVATION OPERATIONS

The conference agreement appropriates $398,670,000 for conservation operations as proposed by the House instead of $403,810,000 as proposed by the Senate. The agreement restores and amends the House language providing not less than $310,000,000 for personnel compensation and benefits.

The conference agreement provides $4,856,000 for operation of plant materials centers and includes full funding to complete the establishment and operation of a center at Booneville, Arkansas.

The progress to date on the estuarian restoration of the Chesapeake Bay project is significant. The conferees have provided $1,143,000 for full funding of the 31 staff positions assigned to this task.

The conference agreement also provides $11,000,000 for the combined efforts of inventory and monitoring, resource appraisal and program development activities of the Soil Conservation Service.

Within the amount provided, the conference agreement includes $452,000 to continue the fourth year of the Eastern Arkansas water conservation study; $200,000 to continue the Michigan sub-irrigation study; $150,000 for technical assistance to soil conservation districts in Idaho; and $250,000 for the land records information project at the University of Wisconsin.

RIVER BASIN SURVEYS AND INVESTIGATIONS

The conference agreement appropriates $12,051,000 for river basin surveys and investigations as proposed by the Senate instead of $12,624,000 as proposed by the House. Included in this appropriation is $150,000 for the Little Kanawha River Basin study.

WATERSHED PLANNING

The conference agreement appropriates $8,651,000 for watershed planning as proposed by the Senate instead of $9,061,000 as proposed by the House.

WATERSHED AND FLOOD PREVENTION OPERATIONS

The conference agreement appropriates $165,873,000 for watershed and flood prevention operations instead of $171,130,000 as proposed by the House and $184,128,000 as proposed by the Senate. Within the total funds available, $50,000 is included for a feasibility study concerning crop irrigation in the Arkansas River Valley.

Of the funds available for the emergency watershed protection program, the conferees agree to provide $3,500,000 for streambank stabilization and erosion control efforts in the Jackson, Mississippi, area, including the communities of Brandon, Canton, Madison, Pearl, and Ridgeland. These measures are necessary to restore these areas to pre-flood damage conditions.

The conference agreement provides increases of $750,000 to raise the water depth in reservoirs in the Tillatabia watershed and to complete the plan for Town Creek, and $250,000 to expedite work on the Tuscumbia watershed.

RESOURCE CONSERVATION AND DEVELOPMENT

The conference agreement appropriates $25,120,000 for resource conservation and development as proposed by the House instead of $25,020,000 as proposed by the Senate.

AGRICULTURAL STABILIZATION AND CONSERVATION SERVICE

WATER BANK PROGRAM

The conference agreement appropriates $8,371,000 for the water bank program instead of $5,000,000 as proposed by the House and $12,000,000 as proposed by the Senate.

EMERGENCY CONSERVATION PROGRAM

The conference agreement appropriates $1,000,000 for the emergency conservation program instead of $10,000,000 as proposed by the House and $773,000 as proposed by the Senate.

The conferees agree that $132,000 of funds available for the emergency conservation program are to be used to defray costs associated with the emergency repair of severe storm damage to cooperatively owned farm irrigation canals near Scottsbluff, Nebraska. These repairs were made necessary be severe storms during the late summer. Local residents had no choice but to act quickly to prevent further damage to the canals. Now that repairs have been completed, local residents have no readily available means to pay these costs, and it is appropriate to use emergency conservation program funds for this purpose.

COLORADO RIVER BASIN SALINITY CONTROL PROGRAM

The conference agreement appropriates $4,904,000 for the Colorado River Basin salinity control program as proposed by the House instead of $6,000,000 as proposed by the Senate.

CONSERVATION RESERVE PROGRAM

The conference agreement appropriates $1,131,000,000 for the conservation reserve program instead of $1,217,000,000 as proposed by the House and $1,388,000,000 as proposed by the Senate. The conference agreement provides the current estimate of appropriation requirements based on the latest estimate for the conservation reserve program developed by the Department of Agriculture.

The conference agreement also provides that 4 percent of the funds appropriated for the conservation reserve program shall be transferred to the Soil Conservation Service for activities in connection with the Food Security Act of 1985. The House bill provided for a transfer of 5 percent of the conservation reserve funds, whereas the Senate bill provided for a transfer of $40,000,000 for the same purposes. The conferees agreed that these funds are in addition to the $1.00 per acre reimbursement from the Agricultural Stabilization and Conservation Service to the Soil Conservation Service for assistance related to the conservation reserve program sign up. The conferees expect the agency to make the optimum use of its temporary and part-time employment authorities while utilizing these funds.

TITLE III—DOMESTIC FOOD PROGRAMS

OFFICE OF THE ASSISTANT SECRETARY FOR FOOD AND CONSUMER SERVICES

The conference agreement appropriates $365,000 for the Office of the Assistant Secretary for Food and Consumer Services as proposed by the House instead of $380,000 as proposed by the Senate.

The conferees direct the Food and Nutrition Service to comply fully with the notice and comment requirements for proposed rulemaking of Chapter 5, title 5 of the United States Code in publishing, implementing, or enforcing provisions of any regulation. This restriction does not apply when a new public law expressly requires that regulations be issued on an interim/final basis. The conferees direct the Secretary to ensure compliance with the notice and comment period envisioned for all but emergency regulations.

FOOD AND NUTRITION SERVICE

CHILD NUTRITION PROGRAMS

The conference agreement provides a total of $4,497,629,000 for the child nutrition programs instead of $4,492,629,000 as proposed by the House and $4,475,226,000 as proposed by the Senate. Within this total, the agreement provides for a transfer from section 32 of $3,817,803,000 as proposed by the Senate instead of $3,822,556,000 as proposed by the House, and a direct appropriation of $679,826,000 instead of $670,073,000 as proposed by the House and $657,423,000 as proposed by the Senate. The agreement includes $5,000,000 for the adult day care program as authorized by the Older Americans Act.

Of the amount included for the child nutrition programs, $50,000 is provided for a feasibility study of a proposal to establish a School Food Service Management Institute in Mississippi. This Institute would provide expanded school food service research, a wide range of developmental activities, and technical training for school food and nutrition personnel. The conferees will expect the study to include consideration of an appropriate site within the State.

SPECIAL MILK PROGRAM

The conference agreement appropriates $21,500,000 for the special milk program as proposed by the Senate instead of $33,974,000 as proposed by the House.

SPECIAL SUPPLEMENTAL FOOD PROGRAM FOR WOMEN, INFANTS, AND CHILDREN (WIC)

The conference agreement appropriates $1,802,363,000 for the special supplemental food program for women, infants, and children (WIC) instead of $1,803,497,000 as proposed by the House and $1,804,497,000 as proposed by the Senate. The conferees agree that the Department of Agriculture should conduct a study of Medicaid savings in the first 60-day period after birth of newborns of WIC participants.

COMMODITY SUPPLEMENTAL FOOD PROGRAM

The conference agreement appropriates $50,000,000 for the commodity supplemental food program as proposed by the House instead of $47,732,000 as proposed by the Senate. The conferees agree that this program is of significant benefit to recipients. Therefore, the conferees provide for limited expansion of the program at existing sites and provide funding to allow for the opening of new sites in states without projects in 1987. The conferees expect that the funds available for new sites will be divided proportionally among sites with approved state plans so that each site receives some startup funds in fiscal year 1988.

FOOD STAMP PROGRAM

The conference agreement appropriates $13,557,757,000 for the food stamp program instead of $12,935,508,000 as proposed by the House and $13,680,757,000 as proposed by the Senate. Conferees direct the Food and Nutrition Service to provide quarterly updates on estimates for future food stamp program needs. These quarterly reports should be based on current law estimates and not include unrealistic expectations such as error liability collections. It is the intent of the conferees to provide the maximum eligible benefits to recipients and this can only be done with the cooperation of the Department.

In the past several years, the Administration's budget requests for the food stamp program were grossly inadequate in assumptions for state error liability sanction collections. Using this historical base, the conferees expect that beginning with the 1989 and all future budget requests, the Department will more accurately describe sanction collections. Further, the conferees are concerned that the current food stamp quality control system does not accurately measure state administrative performance according to statistically acceptable criteria. Therefore, the conferees direct the Secretary to review and reform the method for determining state error rates and associated liability in administration of the food stamp program, taking into consideration the recommendations of the National Academy of Sciences and other outside groups. The conferees expect that new regulations for improving the food stamp quality control system will be in place before the next fiscal year.

For nutrition assistance for Puerto Rico the conferees earmark $879,250,000 instead of $878,958,000 as proposed by the House and $879,750,000 as proposed by the Senate.

FOOD DONATIONS PROGRAMS FOR SELECTED GROUPS

The conference agreement appropriates $194,108,000 for the food donations programs for selected groups as proposed by the House instead of $197,505,000 as proposed by the Senate.

FOOD PROGRAM ADMINISTRATION

The conference agreement appropriates $85,828,000 for food program administration as proposed by the House instead of $87,302,000 as proposed by the Senate.

HUMAN NUTRITION INFORMATION SERVICE

The conference agreement appropriates $8,623,000 for the Human Nutrition Information Service instead of $8,704,000 as proposed by the House and $8,674,000 as proposed by the Senate.

The National Agricultural Research, Extension, and Teaching Policy Act of 1977 defined certain lead agency responsibilities for the Department of Agriculture in nutrition research. In accordance with this law, the conferees will expect the Human Nutrition Information Service to provide the policy basis for issuing Federal nutritional guidance to the public. The Human Nutrition Information Services, on behalf of the Department of Agriculture and in conjunction with the Department of Health and Human Services, shall reestablish a Dietary Guidelines Advisory Group on a periodic basis. This Advisory Group will review the scientific data relevant to nutritional guidance and make recommendations on appropriate changes to the Secretaries of the Departments of Agriculture and Health and Human Services.

TITLE IV—INTERNATIONAL PROGRAMS

FOREIGN AGRICULTURAL SERVICE

The conference agreement appropriates $92,017,00 for the Foreign Agricultural Service instead of $88,049,000 as proposed by the House and $100,000,000 as proposed by the Senate. The conferees strongly support the work of the Foreign Agricultural Service and the idea of U.S. Trade Missions because of the extreme importance of overseas trade contacts to the sale of U.S. agricultural commodities. Trade Missions serve an important and vital function for foreign buyers to make contacts with U.S. exporters.

The conference agreement provides that $10,000,000 of section 32 funds shall be used to purchase sunflower oil and that these purchases shall be used to facilitate additional sales of sunflower oil in world markets. The conferees expect that these commodities will be used as incentives to enhance the volume of U.S. sunflower exports sold at competitive prices in world markets with the objective of regaining the U.S. share of the world sunflower market as existed in 1980/1981.

PUBLIC LAW 480

The conference agreement appropriates $1,059,596,000 for the Public Law 480 program as proposed by the Senate instead of $964,596,000 as proposed by the House. The conference agreement provides for a direct appropriation for titles I and III of $429,596,000 and a program level of $852,000,000. For title II the conference agreement provides a direct appropriation of $630,000,000 and a program level of $630,000,000. The agreement also provides for a transfer between titles of not to exceed 10 percent as proposed by the House rather than a 15-percent transfer as proposed by the Senate. When purchasing commodities for Public Law 480 distribution, the conferees expect the Department to use grades commonly accepted in commercial sales.

FOOD ASSISTANCE FOR LEBANON

The conferees recognize the urgent and compelling need for humanitarian food assistance to Lebanon, a "friendly" nation experiencing economic hardship, natural disaster, and civil strife. To help alleviate this need, the conferees direct the Department of Agriculture to provide assistance to Lebanon through government-to-government or private and nonprofit voluntary organization agreements authorized under Public Law 480, title II. It is expected that significant increases in commodities made available to Lebanon will include up to 150,000 metric tons of wheat.

OFFICE OF INTERNATIONAL COOPERATION AND DEVELOPMENT

The conference agreement appropriates $5,295,000 for the Office of International Cooperation and Development instead of $3,803,000 as proposed by the House and $5,592,000 as proposed by the Senate. The conference agreement provides a total of $1,492,000 for foreign scholarships, the same as the amount proposed by the Senate. The House bill contained no similar provision.

The conference also adopts the Senate language regarding funding of employees working for international organizations. This language was proposed by the House as a General Provision.

SCIENTIFIC ACTIVITIES OVERSEAS

(FOREIGN CURRENCY PROGRAM)

The Conference appropriates $1,500,000 for scientific activities overseas as proposed by the House instead of $2,500,000 as proposed by the Senate.

TITLE V—RELATED AGENCIES

FOOD AND DRUG ADMINISTRATION

SALARIES AND EXPENSES

The conference agreement appropriates $450,504,000 for salaries and expenses of the Food and Drug Administration as proposed by the House instead of $454,109,000 as proposed by the Senate.

For the Federal Employees Retirement System the conference agreement provides $4,011,000. In addition to the amount appropriated in fiscal year 1987, the conference agreement provides increases for the following activities:

Human Drugs and Biologics	+$3,500,000
Medical Devices	+2,000,000
Acquired Immune Deficiency Syndrome	+8,880,000
Orphan Products Program	+500,000
Safety	+2,500,000
Program Management	+600,000
National Center for Toxicological Research	+1,000,000
Equipment Replacement	+3,500,000

The increase for AIDS-related work provides a total of $24,770,100.

The conferees are concerned about the reported outbreaks of milk-borne disease and recommend that additional resources be allocated for Federal, state and industry training for personnel involved in milk safety training.

For the Center for Development of Natural Products the conference agreement provides $50,000 for a feasibility study under the Agricultural Research Service, Buildings and Facilities account.

RENTAL PAYMENTS (FDA)

The conference agreement appropriates $25,612,000 for rental payments of the Food and Drug Administration as proposed by the House instead of $34,495,000 as proposed by the Senate.

COMMODITY FUTURES TRADING COMMISSION

The conference agreement appropriates $32,813,00 for the Commodity Futures Trading Commission as proposed by the House instead of $32,607,000 as proposed by the Senate.

FARM CREDIT ADMINISTRATION

LIMITATION OF REVOLVING FUND FOR ADMINISTRATIVE EXPENSES

The conference agreement provides a limitation on administrative expenses of the Farm Credit Administration of $35,000,000 instead of $30,724,000 as proposed by the House and $39,420,000 as proposed by the Senate. The conferees retain the limit of $1,500 on official reception and representation allowance for the Farm Credit Administration. This limit is consistent with other agencies of similar size and stature.

TITLE VI—GENERAL PROVISIONS

SEC. 632. The conference agreement restores House language which requires the Secretary to allow exemptions to the Farmers Home Administration dwelling size limitations if the dwelling is modest in design, size and cost for the area in which it is located.

SEC. 633. The conference agreement restores House language which allows a borrower of an REA loan made by the Federal Financing Bank and guaranteed by REA to prepay such a loan. Prepayments in excess of $2,500,000,000 shall be subject to the approval of the Secretary of the Treasury.

SEC. 634. The conference agreement amends House language to make it clear that the language applies to all agencies of the Federal Government and to change the effective date from January 1, 1987 to January 1, 1986.

SEC. 635. The conference agreement adopts House language which provides that none of the funds in this Act or otherwise made available by this Act shall be used to sell loans made by the Agricultural Credit Insurance Fund.

SEC. 636. The conference agreement deletes House language which allows the Department to assist international organizations in meeting the costs of Federal employees and others that may transfer to that organization. The conference agreement includes this same provision under the Office of International Cooperation and Development as proposed by the Senate.

SEC. 636. The conference agreement adopts Senate language which amends the Food Security Act of 1985 with regard to nonprofit national rural development and finance corporations by extending the authorization for one year.

SEC. 637. The conference agreement deletes language providing $18,000,000 for a sunflower indemnity payment program proposed by the Senate and inserts a provision directing the use of $10,000,000 of section 32 funds to purchase sunflower oil to promote the export of U.S. sunflower oil.

SEC. 638. The conference agreement adopts Senate language which provides that any reductions in the dairy price support program required by a Sequester Order be achieved through an across-the-board assessment of all milk produced in the United States. The agreement makes this section a provision of permanent law.

SEC. 639. The conference agreement adds Senate language extending the school lunch pilot project (cash or letter of credit in lieu of commodities) until June 30, 1988.

PROGRAM, PROJECT, AND ACTIVITY

During fiscal year 1988, for purposes of the Balanced Budget and Emergency Deficit Control Act of 1985 (Public Law 99-177) or the Balanced Budget and Emergency Deficit Control Reaffirmation Act of 1987 (Public Law 100-119), the following information provides the definition of the term "program, project, and activity" for departments and agencies under the jurisdiction of the Rural Development, Agriculture, and Related Agencies Subcommittee. The term "program, project, and activity" shall include the most specific level of budget items identified in the Rural Development, Agriculture, and Related Agencies Appropriations Act, 1988, the House and Senate Committee reports, and the conference report and accompanying joint explanatory statement of the managers of the committee of conference.

If a Sequestration Order is necessary, in implementing the Presidential Order, departments and agencies shall apply any percentage reduction required for fiscal year 1988 pursuant to the provisions of Public Law 99-177 or Public Law 100-119 to all items specified in the explanatory notes submitted to the Committees on Appropriations of the House and Senate in support of the fiscal year 1988 budget estimates, as amended, for such departments and agencies, as modified by congressional action, and in addition:

For the Agricultural Research Service the definition shall include specific research locations as identified in the explanatory notes and lines of research specifically identified in the reports of the House and Senate Appropriations Committees.

For the Soil Conservation Service the definition shall include individual flood prevention projects as identified in the explanatory notes and individual operational watershed projects as summarized in the notes.

For the Farmers Home Administration the definition shall include individual state, district and county offices.

For the Agricultural Stabilization and Conservation Service the definition shall include individual state and county offices.

DEPARTMENT OF TRANSPORTATION AND RELATED AGENCIES APPROPRIATIONS ACT, 1988

Amendment No. 13: Section 101(l) of House Joint Resolution 395 enacts fiscal year 1988 appropriations for programs, projects, and activities of the Department of Transportation and related agencies. The House version of the joint resolution provides appropriations for programs, projects, and activities at a rate of operations and to the extent and in the manner provided for in H.R. 2890 as passed by the House of Representatives on July 13, 1987. The Senate version of the joint resolution provides appropriations for these programs, projects, and activities at a rate of operations and to the extent and in the manner provided for in H.R. 2890 as passed by the Senate on October 29, 1987.

The conference agreement incorporates some of the provisions of both the House and Senate versions of H.R. 2890, H.J. Res. 395, and certain additional provisions, and has the effect of enacting the Department of Transportation and Related Agencies Appropriations Act, 1988, into law.

The conferees agree that the language and allocations set forth in House Reports 100-202 and 100-415 or Senate Reports 100-198 and 100-238 shall be complied with unless specifically addressed to the contrary in this joint resolution and the statement of the managers.

The Department of Transportation and Related Agencies Appropriations Act, 1988, as part of this joint resolution, incorporates the following agreements of the managers.

ECONOMIC SUMMIT BUDGET REDUCTIONS

In order to achieve the levels of deficit reduction agreed to in the recent economic summit by the President and Joint Leadership of the Congress, all new budget authority and limitations for the Department of Transportation and related agencies (except Coast Guard, retired pay) have been reduced from the levels that the conferees had otherwise agreed to provide to achieve approximately $367,000,000 in new discretionary budget outlay savings. The reductions amount to approximately a 3 percent reduction for "Federal Aviation Administration, operations"; a 4 percent reduction for "Grants to the National Railroad Passenger Corporation", "Coast Guard, operating expenses", and various salaries and expenses appropriations; and a 5 percent reduction for most other programs.

PROGRAM, PROJECT, AND ACTIVITY

During fiscal year 1988 and any year thereafter, for the purposes of the Balanced Budget and Emergency Deficit Control Act of 1985 (Public Law 99-177), as amended, with respect to funds provided for the Department of Transportation and related agencies, the terms "program, project, and activity" shall mean any item for which a dollar amount is contained in an appropriation Act (including joint resolutions providing continuing appropriations) or accompanying reports of the House and Senate Committees on Appropriations, or accompanying conference reports and joint explanatory statements of the committee of conference. In addition, the reductions made pursuant to any sequestration order to funds appropriated for "Facilities and equipment, Federal Aviation Administration" and for "Acquisition, construction, and improvements, Coast Guard", shall be applied equally to each "budget item" that is listed under said accounts in the budget justifications submitted to the House and Senate Committees on Appropriations as modified by subsequent appropriation Acts and accompanying committee reports, conference reports, or joint explanatory statements of the committee of conference. The conferees recognize that adjustments to the above allocations may be required due to changing program requirements or priorities. The conferees expect any such adjustments, if required, to be accomplished only through the normal reprogramming process.

TITLE I—DEPARTMENT OF TRANSPORTATION

OFFICE OF THE SECRETARY

SALARIES AND EXPENSES

Provides a total of $51,352,000, including $15,360,000 derived by transfer, for salaries and expenses of the Office of the Secretary instead of $53,600,000 as proposed by the Senate and a total of $54,850,000, including $16,000,000 derived by transfer, as proposed by the House. The conference agreement distributes these funds as follows:

	Appropriation	Positions
Immediate Office of the Secretary	$1,050,000	14
Immediate Office of the Deputy Secretary	451,000	11
General Counsel	5,785,000	108
Policy and International Affairs	7,796,000	148
Budget and Programs	2,105,000	38
Governmental Affairs	2,367,000	47
Administration	[1] 22,099,000	175
Public Affairs	1,459,000	29
Executive Secretariat	798,000	22
Contract Appeals Board	430,000	7
Office of Civil Rights	1,244,000	23
Office of Commercial Space Transportation	384,000	7
Office of Small and Disadvantaged Business Utilization	3,042,000	17
Office of Essential Air Service	1,700,000	30
Regional Representatives	642,000	12

[1] Includes $15,360,000 derived by transfer.

Transfer Authority.—Provides authority (Section 333) to transfer funds between the Office of the Secretary, salaries and expenses accounts not to exceed 2.5 percent of the total amount appropriated for any office. The Senate bill provided transfer authority not to exceed 5 percent of the total amount appropriated for any office. The House bill had no similar provision.

Reservation of funds.—Requires that 5 percent of the funds appropriated for the Immediate Office of the Secretary, the Immediate Office of the Deputy Secretary, and the General Counsel's office be withheld from obligation until the date that final rules are issued to (1) require the installation of flight data recorders and cockpit voice recorders on commuter aircraft, and (2) require the installation of altitude-encoding (Mode C) radar transponders for all aircraft operating in controlled airspace. The House bill required that 5 percent of the funds appropriated for all Office of the Secretary offices be withheld until these rules are issued. The Senate bill contained no similar provision.

TRANSPORTATION PLANNING, RESEARCH, AND DEVELOPMENT

Provides $4,987,000 derived by transfer instead of $5,000,000 derived by transfer as proposed by the House and $4,900,000 derived by transfer as proposed by the Senate. The conference agreement distributes these funds as follows:

Personnel compensation and benefits	$2,280,000
Policy office positions	(24)
Commercial space office positions	[1] (10)
Administrative costs	161,500
Travel	28,000
Contracts	2,517,500
National strategic transportation planning study	(617,500)
Nashville-Davidson County, TN long-range transportation planning study	(237,500)
New York, New Jersey, Connecticut metropolitan region long-range transportation planning study	(237,500)
Sacramento-San Francisco-Oakland region transportation planning study	(237,500)
Southern New Jersey/southeast Pennsylvania long-range transportation planning study	(237,500)
Washington, D.C., long-range transportation planning study	(237,500)
Commercial space contracts	(712,500)

[1] Including detailees from other federal agencies.

WORKING CAPITAL FUND

Limits obligations to $127,801,000 instead of $134,527,000 as proposed by the Senate and $135,000,000 as proposed by the House.

Appropriates $1,805,000 instead of $1,900,000 as proposed by the Senate and $2,000,000 as proposed by the House. The conference agreement includes $1,601,000 for development of a Department-wide Accounting and Financial Information System and $204,000 for office space reduction activities.

PAYMENTS TO AIR CARRIERS

Appropriates $28,500,000 instead of $32,000,000 as proposed by the Senate and $38,000,000 as proposed by the House.

COAST GUARD

OPERATING EXPENSES

Appropriates $1,789,106,000 instead of $1,879,400,000 as proposed by the House and $1,948,193,000 as proposed by the Senate. In addition, $100,000,000 has been made available in the Department of Defense Appropriations Act, 1988, to be used in support of the Coast Guard's military readiness missions.

Provides that $21,600,000 shall be expended from the Boat Safety Account instead of $15,000,000 as proposed by the Senate and $30,000,000 as proposed by the House.

ACQUISITION, CONSTRUCTION, AND IMPROVEMENTS

Appropriates $247,000,000 instead of $260,000,000 as proposed by the House and $270,600,000 as proposed by the Senate. The conference agreement assumes the availability of an additional $10,100,000 from delayed or cancelled acquisition, construction, and improvement projects. The total program level of $257,100,000 is distributed as follows:

Vessels	$182,780,000
Aircraft	
Command, control and communications	1,900,000
Shore facilities	45,650,000
Aids-to-navigation	3,230,000
Administration	23,540,000

Bahamian docking facility.—The conferees are concerned about preliminary proposals being developed within the Coast Guard to expand the previously funded Bahamian docking facility into a full-fledged operating base. The Committees on Appropriations wish to review fully the merits of establishing a new base on foreign soil at a time when the administration has proposed base closures and consolidations within the United States. The Committees on Appropriations also will review carefully any proposed contractual relationships with foreign parties to ensure that United States Government capital assets remain in United States Government ownership and control.

ALTERATION OF BRIDGES

Appropriates $940,000 instead of $990,000 as proposed by the Senate and $1,000,000 as proposed by the House. The conference agreement includes $470,000 for the Norfolk and Southern bridge at Hannibal, Missouri, and $470,000 for the CSX (L&N) Railroad bridge in Pascagoula, Mississippi.

RESERVE TRAINING

Appropriates $62,880,000 instead of $65,500,000 as proposed by the Senate and $66,300,000 as proposed by the House.

RESEARCH, DEVELOPMENT, TEST, AND EVALUATION

Appropriates $19,000,000 instead of $19,700,000 as proposed by the Senate and $20,000,000 as proposed by the House. The conference agreement includes $729,000 for a tracking system for sludge vessels in the New York/New Jersey area, and $165,000 for a tracking system for garbage vessels.

BOAT SAFETY

(LIQUIDATION OF CONTRACT AUTHORIZATION)

Appropriates $22,500,000 for liquidation of obligations for recreational boating safety assistance instead of $15,000,000 as proposed by the House and $30,000,000 as proposed by the Senate.

BOAT SAFETY

(LIMITATION ON OBLIGATIONS)

Limits obligations for recreational boating safety to $21,375,000 instead of $15,000,000 as proposed by the House and $30,000,000 as proposed by the Senate.

Federal Aviation Administration

HEADQUARTERS ADMINISTRATION

Appropriates $35,520,000 instead of $37,000,000 as proposed by the Senate and $37,500,000 as proposed by the House.

OPERATIONS

Appropriates $3,148,520,000 instead of $3,236,602,000 as proposed by the Senate and $3,257,550,000 as proposed by the House.

The conference agreement provides that $825,955,000 of the amount provided for operations shall be derived from the Airport and Airway Trust Fund instead of $786,250,000 as proposed by the House and $851,500,000 as proposed by the Senate.

FAA Staffing Levels.—The conference agreement includes the following staffing levels:

Air traffic controllers (end-of-year employment)	15,900
Flight service stations (positions)	4,410
Field maintenance (full-time equivalents)	8,551
Aviation safety inspectors (positions)	2,198

The conferees direct the FAA to give the highest priority to meeting these staffing levels despite the reductions from the levels of funding contained in the House and Senate bills required by the budget summit agreement. The conferees expect that these reductions can be achieved through savings from over-estimated FERS costs and managerial improvements. Any substantial shortfalls from the staffing levels provided above or in any other safety-related activities should be promptly reported to the House and Senate Committees on Appropriations.

Leased Telecommunications Services.—The conferees direct the FAA to proceed expeditiously with programs, such as the radiocommunications link program, that are designed to reduce the increasing need for leased telecommunications services.

Salisbury, Maryland Flight Service Station.—The conferees strongly support the decision to keep the Salisbury Flight Service Station open through 1989. The planned reduction in the station's daily hours of operation, however, raises concern that equal or better service, which was directed in the Senate Report (100-48) accompanying the Supplemental Appropriations Act, 1987, cannot be provided. The conferees expect FAA to take the following steps to correct service problems in Salisbury:

(1) Begin immediate and meaningful discussions with Salisbury airport officials to develop a long-term capital improvement stategy at the airport, with completion of such discussions by May 15, 1988;

(2) Keep the Salisbury Flight Service Station open each day for a minimum of 16 hours;

(3) Install a direction finder in Salisbury within 80 days; and

(4) Install a pilot-controlled lighting system at Salisbury that is operational by March 1, 1988.

In addition, the conferees are concerned that the Maryland State Police medivac helicopter can no longer obtain direct access to weather information at Salisbury due to contractor liability problems. The FAA should review this situation and submit to the House and Senate Committees on Appropriations by March 31, 1988, a report on options for resolving this problem.

FACILITIES AND EQUIPMENT

(AIRPORT AND AIRWAY TRUST FUND)

Appropriates $1,108,056,000 instead of $1,170,000,000 as proposed by the Senate and $1,258,000,000 as proposed by the House. The conference agreement includes the following:

Long range radar	$37,050,000
Improve air traffic control en route radar facilities	20,007,100
Tower/TRACON modernization	21,350,900
Gary, Indiana BRITE radar	95,000
Instrument landing systems (ILS)	950,000
(Ardmore, Oklahoma glideslope transmitter)	
(Petersburg, West Virginia localizer)	
Unmanned buildings and equipment	10,994,800
Airport cable loop systems.	9,473,000
Power systems	10,323,800
Systems engineering and integration	90,446,000
Aircraft and related equipment	29,296,000
Jetstar replacement	4,275,000
Other	25,021,000
Airway science programs	5,225,000

The conference agreement eliminates funding for the radar training facility and Gary, Indiana DME and reduces all other House and Senate project allocations by 5 percent.

Jetstar replacement.—The conference agreement includes $4,275,000 to acquire a replacement for the L-1329 Jetstar aircraft under a lease-purchase arrangement. The conferees believe that adequate support of FAA training, currency, and evaluation programs requires an aircraft equipped with state-of-the-art systems and capable of operating in speed and altitude ranges that are representative of the capabilities of civil aircraft operating in the national airspace system. Adequate support of high priority transportation requirements will require an aircraft capable of high speed and long range (up to approximately 3,000 nautical miles). The aircraft will also have to be capable of carrying 10 to 12 people (excluding crew) and special equipment/clothing to support accident investigation activities. It will be used to support activities in remote areas on a demand or emergency basis as well as in any of the 15 foreign countries where the FAA has offices to conduct worldwide international aviation activities. In view of the authorized lease period and the anticipated need for the House and Senate Committees on Appropriations to consider further appropriations for this item, the conferees expect the FAA to report to the House and Senate Appropriations Committees by March 15, 1989, as to the usage made of the Jetstar replacement aircraft relative to each of its mission requirements.

Airport surveillance radars.—The conference agreement includes $38,000,000 to establish or upgrade airport surveillance radars at Charlottesville-Albemarle Airport, Virginia; Nantucket, Massachusetts; Gainesville, Florida; and Missoula International Airport, Montana.

Terminal doppler weather radar.—The conference agreement includes $9,500,000 to initiate the procurement of terminal doppler weather radar systems to be installed at high activity terminal locations. The conferees are fully supportive of this program and intend to provide sufficient funds in future years to continue the program on an expeditous schedule. The conferees direct that, should additional funds be needed to initiate this procurement during fiscal year 1988, the Federal Aviation Administration should submit immediately a reprogramming request that would provide sufficient funds from the $1,183,687,000 facilities and equipment unobligated balance to continue this procurement in a timely fashion.

Airway science programs.—The conference agreement includes $5,225,000 for the airway science curriculum program instead of $4,000,000 as proposed by the House and $8,000,000 as proposed by the Senate. These funds are to be distributed as follows:

University of North Dakota	$475,000
Florida Memorial College	1,425,000
Auburn University	237,500
Embry-Riddle Aeronautical University	1,425,000
Polytechnic University	1,425,000
Florida Institute of Technology	237,500

The conferees understand that, while the approved airway science curriculum requires a 4-year program, 2-year schools can participate in the airway science program through articulation agreements with 4-year institutions. This permits the pooling of courses from both schools to meet the spirit and intent of the model curriculum developed by the Federal Aviation Administration.

Limits federal participation in any airway science construction project to 50 percent of the total project cost, beginning in fiscal year 1989 and every year thereafter.

RESEARCH, ENGINEERING, AND DEVELOPMENT

(AIRPORT AND AIRWAY TRUST FUND)

Appropriates $153,425,000 instead of $161,500,000 as proposed by the House and $165,000,000 as proposed by the Senate.

The conference agreement includes the following amounts:

Air traffic control	$95,023,000
Advanced computers	7,356,000
Navigation	7,087,000
Aviation weather	17,771,000
Aviation medicine	4,077,000
Aircraft safety	20,366,000
Environment	1,745,000

Airport Capacity Improvements.—The conferees are concerned that insufficient attention has been given to research and development for airport capacity improvements. The conferees, therefore, direct FAA to give high priority to completing the capacity improvement tests at Raleigh/Durham and Memphis airports. These programs are designed to verify the safety of, and capacity benefits to be gained by, using simultaneous IFR approaches to more closely spaced parallel and converging runways. The conferees further direct that future budgets should present and justify all projects related to airport capacity as a separate category.

Joint Civil-Military Use of Airfields.—The conferees direct the Federal Aviation Administration to study the technical feasibility of joint civil-military aviation use at El Toro Marine Base, California; Selfridge Field, Michigan; and Scott Air Force Base, Illinois. This study should consider airfield, terminal, and access issues, and any previous studies conducted by Federal, State, regional or local authorities that evaluate the short- and long-term importance of using these facilities to alleviate the shortage of civil airport and airspace capacity. The FAA shall report to the House and Senate Committees on Appropriations not later than March 31, 1988, and, if joint-use is determined to be technically feasible, the FAA shall recommend those steps that are necessary to implement joint-use agreements.

GRANTS-IN-AID FOR AIRPORTS

(AIRPORT AND AIRWAY TRUST FUND)

Appropriates $1,063,000,000 to liquidate contract authority obligations as proposed by the Senate instead of $1,030,000,000 as proposed by the House.

Limits obligations for airport development and planning grants to $1,268,725,000 instead of $1,335,500,000 as proposed by the Senate and $1,720,000,000 as proposed by the House.

In addition to the specific projects identified in the House and Senate Committee reports, the conferees direct that priority consideration be accorded to grant applications involving construction or further development at the following airports:

Addison Municipal Airport, Texas
Essex County airport, New Jersey
Grant County Airport, West Virginia
Jackson County Airport, Mississippi

Philadelphia International Airport/Northeast Philadelphia Airport.—The conferees expect applications for discretionary funds from Philadelphia International Airport/Northeast Philadelphia Airport to receive high priority consideration. Until last year, Philadelphia, the nation's fifth largest metropolitan area, was one of only a few primary airport sites that had neither requested nor received discretionary funding under the 1982 Airport and Airway Improvement Act. Projects which are beginning and for which applications are being made will provide substantial and necessary air service expansions and economic stimuli for the tri-state region served by these facilities.

North Fort Worth Airport, Texas.—The conferees expect applications for approximately $25,000,000 of discretionary funds for the new North Fort Worth Airport, Texas, to receive high priority consideration. The major components of this project include airfield paving, lighting, navigational aids, drainage and flood control measures, terminal building construction, and airport roads, including joint access roads for the airport and industrial area development.

The conferees conclude that the construction of this new airport is essential to provide necessary general aviation access to the area and to aid in the economic recovery and development of the region. Thus, the conferees direct the Federal Aviation Administration to place high priority on providing maximum discretionary funding for the timely completion of the project.

Greenwood-Leflore County Airport, Mississippi.—The conferees expect the Greenwood-Leflore County Airport to receive high priority consideration for funding the extension of the present runway from 5,000 to 8,000 feet. This project, together with other improvements, including a locally funded flight control tower, will enable the facility to become a regional airport serving eight counties, increase activity at the aviation-related industrial park at the airport, and provide great potential for economic development in an area with an unemployment rate in excess of 12 percent. In addition, the runway extension will permit the Air Force to operate training missions between Columbus Air Force Base and Greenwood-Leflore County Airport.

Instrument landing systems.—The conferees direct the Federal Aviation Administration to allocate up to $10,000,000 from the grants-in-aid for airports program for purchase or lease and installation of instrument landing systems and approach lighting at the following airports:

Appleton, Wisconsin
Hilton Head, South Carolina
Salt Lake City, Utah (runway 16R, CAT.III)
Newark, New Jersey (runway 22R)
Elizabethtown, Kentucky
Port Huron, Michigan
Newport, Oregon
Rogers, Arkansas
Las Cruces, New Mexico
Jimmy Stewart Airport, Pennsylvania

FEDERAL HIGHWAY ADMINISTRATION

(LIMITATION ON GENERAL OPERATING EXPENSES)

Limits operating expenses to $206,736,000 instead of $212,248,000 as proposed by the Senate and $215,350,000 as proposed by the House.

Provides that $37,566,000 shall remain available until expended instead of $38,243,000 as proposed by the House and $40,288,000 as proposed by the Senate.

The following table summarizes the conferees' recommendations:

Program direction, coordination, and general support	$143,867,000
Working capital fund	15,475,000
Demonstration projects	2,856,000
Central support and other services	7,117,000
National Highway Institute	1,361,000
Contract programs:	37,566,000
R&D, highways	(11,642,000)
Skill training	(2,375,000)
Highway safety R&D	(6,650,000)
Minority business enterprise	(9,500,000)
Commodity flow study	(428,000)
Interjurisdictional trucking program	(570,000)
Rural transportation	(4,596,000)
Southwest Indiana study	(475,000)
North central West Virginia study	(95,000)
Great River Bridge study	(475,000)
Quad cities intermodal study	(475,000)
U.S. Highway 171 study	(285,000)
Less: Reduction based on project delays	−1,506,000
Total	206,736,000

The conferees direct that any remaining funds after completion of the Southwestern Indiana highway study be used to study the possibility of extending the thoroughfare to Owensboro, Kentucky.

Motor Carrier Access.—Based on information provided by the Transportation Research Board of the National Academy of Sciences, the conferees believe that the study mandated in Public Law 100-17 on "reasonable access" could be completed within 18 months. The conferees, therefore, direct the Board to submit within 18 months the report required in section 158(b)(4) of Public Law 100-17. The report on reasonable access should include the definition of "terminal". The Department of Transportation is directed to refrain from issuing a final rule on this issue until after the board has issued its report. The Department may proceed with its current efforts in this area including soliciting comments from interested parties through a notice of proposed rulemaking. The Department must accord substantial weight to the findings and recommendations contained in the Board report, with safety being the foremost consideration in the rulemaking process. To the extent that the Department's proposed final rule differs from the findings and recommendations of the Board report, the Department must explain fully the reasons for such differences in explanatory material before issuing a final rule. Such material should be provided to the House and Senate Committees on Appropriations and the authorizing committees with jurisdiction over these matters. The conferees encourage the Board to expenditiously complete its work with possible completion as early as 15 months after the date of enactment of this Act.

HIGHWAY SAFETY RESEARCH AND DEVELOPMENT

(HIGHWAY TRUST FUND)

Appropriates $6,650,000 instead of $7,000,000 as proposed by the House. The Senate proposed $7,000,000 from "Federal-aid highways, limitation on general operating expenses" to fund this activity.

HIGHWAY-RELATED SAFETY GRANTS

(LIQUIDATION OF CONTRACT AUTHORIZATION)

(HIGHWAY TRUST FUND)

Appropriates $9,900,000 to liquidate contract authority for highway-related safety grants as proposed by the Senate instead of $10,000,000 as proposed by the House.

Limits obligations for highway-related safety grants to $9,405,000 instead of $9,900,000 as proposed by the Senate and $10,000,000 as proposed by the House.

RAILROAD-HIGHWAY CROSSINGS DEMONSTRATION PROJECTS

Appropriates $7,790,000 instead of $2,470,000 as proposed by the Senate and $14,000,000 as proposed by the House. Of this amount, $5,193,333 shall be derived from the Highway Trust Fund instead of $1,646,667 as proposed by the Senate and $9,333,333 as proposed by the House.

The conference agreement includes the following amounts:

Augusta, Georgia	$1,187,500
Lincoln, Nebraska	1,140,000
Pine Bluff, Arkansas	1,900,000
Carbondale, Illinois	1,425,000
Brownsville, Texas	712,500
Springfield, Illinois	1,425,000

FEDERAL-AID HIGHWAYS

(LIMITATION ON OBLIGATIONS)

Limits obligations for the federal-aid highways and highway safety construction programs to $11,780,000,000 instead of $12,220,000,000 as proposed by the Senate and $12,500,000,000 as proposed by the House.

Interstate transfer-highways.—The conference agreement includes the following allocations of interstate transfer-highways discretionary funds:

Colorado	$5,000,000
Connecticut	36,606,784
Illinois	46,151,902
Iowa	16,670,000
Maryland	20,000,000
Minnesota	6,000,000
Nebraska	8,630,538
Ohio	12,000,000

Oregon	9,300,000
Pennsylvania	12,000,000
Virginia	3,505,420
Other (149(d) set-aside)	9,135,356

Lake Street Bridge, Minnesota.—The conferees are aware of the serious need for replacement of the Lake Street Bridge across the Mississippi River, connecting Minneapolis and St. Paul, Minnesota. The conferees, recognizing the safety concerns and the importance of this bridge to the Twin Cities, direct the Secretary to give priority to the Lake Street Bridge in the allocation of discretionary bridge funds.

MOTOR CARRIER SAFETY

Appropriates $22,790,000 instead of $23,740,000 as proposed by the Senate and $24,000,000 as proposed by the House.

MOTOR CARRIER SAFETY GRANTS

(LIMITATION ON OBLIGATIONS)

(HIGHWAY TRUST FUND)

Limits obligations for motor carrier safety grants to $46,992,000 instead of $49,465,000 as proposed by the Senate and $50,000,000 as proposed by the House.

ACCESS HIGHWAYS TO PUBLIC RECREATION AREAS ON CERTAIN LAKES

Appropriates $1,786,000 instead of $1,880,000 as proposed by the Senate. The House bill contained no funds for this program.

BALTIMORE-WASHINGTON PARKWAY

(HIGHWAY TRUST FUND)

Appropriates $14,250,000 instead of $15,000,000 as proposed by the House. The Senate bill contained no funds for this project.

WASTE ISOLATION PILOT PROJECT ROADS

Appropriates $15,504,000 instead of $16,320,000 as proposed by the Senate. The House bill contained no funds for this project.

EXPRESSWAY GAP CLOSING DEMONSTRATION PROJECT

Appropriates $7,885,000 instead of $8,300,000 as proposed by the House. The Senate bill contained no funds for this project.

INTERMODAL URBAN DEMONSTRATION PROJECT

(HIGHWAY TRUST FUND)

Appropriates $9,500,000 instead of $10,000,000 as proposed by the House. The Senate bill contained no funds for this project.

HIGHWAY SAFETY AND ECONOMIC DEVELOPMENT DEMONSTRATION PROJECTS

(HIGHWAY TRUST FUND)

Appropriates $9,500,000 instead of $4,950,000 as proposed by the Senate and $10,000,000 as proposed by the House.

HIGHWAY SAFETY IMPROVEMENT DEMONSTRATION PROJECT

(HIGHWAY TRUST FUND)

Appropriates $1,900,000 instead of $2,000,000 as proposed by the House. The Senate bill contained no funds for this project.

HIGHWAY-RAILROAD GRADE CROSSING SAFETY DEMONSTRATION PROJECT

(HIGHWAY TRUST FUND)

Appropriates $9,500,000 instead of $10,000,000 as proposed by the House. The Senate bill contained no funds for this project.

BRIDGE IMPROVEMENT DEMONSTRATION PROJECT

Appropriates $4,750,000 instead of $5,000,000 as proposed by the House. The Senate bill contained no funds for this project.

VEHICULAR AND PEDESTRIAN SAFETY DEMONSTRATION PROJECT

(HIGHWAY TRUST FUND)

Appropriates $6,650,000 instead of $7,000,000 as proposed by the House. The Senate bill contained no funds for this project.

HIGHWAY BRIDGE RELOCATION DEMONSTRATION PROJECT

Appropriates $2,470,000 instead of $2,600,000 as proposed by the House. The Senate bill contained no funds for this project.

HIGHWAY BYPASS DEMONSTRATION PROJECT

Appropriates $1,900,000 instead of $2,000,000 as proposed by the House. The Senate bill contained no funds for this project.

HIGHWAY WIDENING AND IMPROVEMENT DEMONSTRATION PROJECT

Appropriates $2,375,000 instead of $2,500,000 as proposed by the House. The Senate bill contained no funds for this project.

CORRIDOR SAFETY IMPROVEMENT PROJECT

(HIGHWAY TRUST FUND)

Appropriates $4,702,000 and inserts permanent authorizing language, including a permanent exemption from any limitation on obligations for Federal-aid highways and highway safety construction programs. The Senate bill contained permanent authorizing language, including an exemption from any limitation on obligations, and appropriated $4,950,000 for this project. The House bill contained no similar provision.

BRIDGE CAPACITY IMPROVEMENTS

(HIGHWAY TRUST FUND)

Appropriates $237,000 and inserts permanent authorizing language, including a permanent exemption from any limitation on obligations for Federal-aid highways and highway safety construction programs. The Senate bill contained permanent authorizing language, including an exemption from any limitation on obligations. The House bill contained no similar provision.

TRAFFIC IMPROVEMENT DEMONSTRATION PROJECT

Appropriates $475,000 and inserts permanent authorizing language, including a permanent exemption from any limitation on obligations for Federal-aid highways and highway safety construction programs. The House bill (amendment number 38) contained permanent authorizing language, including a permanent exemption from any limitation on obligations, and appropriated $500,000. The Senate bill contained no similar provision.

HIGHWAY WIDENING DEMONSTRATION PROJECT

Inserts (sec. 352) permanent authorizing language, including a permanent exemption from any limitation on obligations for Federal-aid highways and highway safety construction programs. The House and Senate bills contained no similar provision.

NATIONAL HIGHWAY TRAFFIC SAFETY ADMINISTRATION

OPERATIONS AND RESEARCH

Appropriates $62,534,000 instead of $58,220,000 as proposed by the Senate and $65,140,000 as proposed by the House.

Provides that $29,331,000 shall remain available until expended instead of $23,300,000 as proposed by the Senate and $30,553,000 as proposed by the House.

Provides that $6,480,000 of the amount provided for "Operations and research" shall be available to implement the recommendations of the 1985 National Academy of Sciences report on trauma research instead of $7,000,000 as proposed by the House. The Senate bill contained no similar provision for this program.

OPERATIONS AND RESEARCH

(HIGHWAY TRUST FUND)

Appropriates $30,346,000 instead of $31,610,000 as proposed by the House and $31,700,000 as proposed by the Senate.

Provides that, of the funds appropriated for "Operations and research (Highway Trust Fund)", $1,680,000 shall be available for light truck and van safety research and analysis. The House bill provided $2,000,000 for light truck and van research and analysis, and $3,000,000 to implement the National Academy of Sciences trauma research recommendations. The Senate bill contained no similar provision.

The conference agreement includes the following distribution for the Operations and Research activity:

	Program level	Positions
Rulemaking	$7,488,000	90
Enforcement	11,841,600	101
Highway safety	[1] 22,080,000	176
Research and analysis	[2] 45,264,000	145
General administration	[3] 7,992,000	88
Office of the administrator	[4] 2,870,400	48

[1] Includes $3,495,360 derived from section 402 grant program.

[2] Includes $6,480,000 for Center for Injury Control grants and $1,680,000 for light truck and van research and analysis.

[3] Includes $870,720 derived from section 402 grant program.

[4] Includes $289,920 derived from section 402 grant program.

Within the funds provided, the conference agreement includes the following distribution and program guidance. The conferees stress that the following is in addition to the mutually agreed upon funding allocations and program guidance contained in House Report 100-202 and Senate Report 100-198.

Center for Injury Control grants	$6,480,000
Light truck and van safety initiative	1,680,000
Occupant Protection Information Program	3,360,000
Dade County, Florida EMS	144,000
Goodfellow AFB building improvements	72,000
Study of 65-mph speed limit safety impacts	336,000
Study of truck fuel tank safety	96,000
EMS sensitivity index demonstration project	240,000

Center for Injury Control program evaluation.—The conferees have agreed to include $6,480,000 for the third year of a trauma research pilot project conducted at the Centers for Disease Control that was initiated in fiscal year 1986. This project implements the recommendations of the National Academy of Sciences (NAS) that were made in its 1985 report, "Injury in America." It was anticipated that this project would be evaluated after an appropriate interval to determine if it were an effective way to address the problems identified in the NAS study. The conferees believe that enough experience now has been accumulated to make a meaningful assessment. The National Highway Traffic Safety Administration, therefore, is directed to enter into an agreement with the National Academy of Sciences to reconvene the Committee on Trauma Research. The Committee shall examine the joint NHTSA/CDC injury prevention research program and evaluate the progress made to date. At a minimum, the Committee shall evaluate how effectively the recommendations made in "Injury in America" are being pursued and which recommendations, if any, should be reconsidered or modified. The National Academy of Sciences shall complete its evaluation and report to the Congress as soon after May 15, 1988, as is possible. NHTSA shall use not more then $95,000 for this purpose. Accompanying the report of the NAS shall be a report by NHTSA and CDC on how all funds appropriated for Center for Injury Control activities have been obligated or spent.

Light truck and van safety initiative.—The conferees reiterate the concerns raised in House Report 100-202 that NHTSA research and regulatory activities have not kept pace with the increasing popularity of light trucks and vans—particularly for use as passenger-carrying vehicles. Providing a level of safety in these vehicles that is at least equivalent to that provided in passenger cars should be a top NHTSA priority. The agency is directed, within funds included in the bill, to accelerate and expand light truck and van safety regulatory activities as specified in the House report. NHTSA research should be directed toward the early initiation of rulemaking activity in the areas of braking, occupant containment/protection, side impact protection, and amendments to the occupant restraint rule to be concluded at the earliest feasible dates.

State motor vehicle inspection study.—The conferees direct that, within available funds, NHTSA conduct a comprehensive evaluation of the effectiveness of state motor vehicle safety inspection programs in (1) reducing highway accidents that result in injuries and deaths, and (2) limiting the number of defective or unsafe motor vehicles on the highways. The conferees expect NHTSA to solicit, evaluate and document the views of states, user groups, and other highway safety organizations in the development of the study plan and in the conduct of this study. The conferees request that a study plan describing study methodology and specifying a detailed study timetable be submitted to the House and Senate Appropriations Committees and to appropriate authorizing committees by not later than February 15, 1988.

Speed limit safety impact study.—The conferees have reviewed the speed limit study plan that was submitted in response to requests made in House Report 100-202 and Senate Report 100-198. While this plan appears to be comprehensive, the conferees are concerned about the timeliness of the proposed reporting dates (September 30, 1988, and September 30, 1989, for interim reports; and December 30, 1990, for the final report). The conferees anticipate that there will be considerable legislative interest in the coming year on this issue and believe that more timely interim reports are necessary. The conferees, therefore, direct NHTSA to submit its first interim report on March 15, 1988. In addition to the areas proposed for study, this report and all subsequent reports should explicitly answer the following question:

Based on the best information available to date, has raising the speed limit from 55 mph to 65 mph on certain rural interstate highways significantly contributed to an increased number and/or rate of crashes, injuries, and deaths?

In addition, the conferees direct that this study incorporate an assessment of any changes in the nature of traffic accidents due to the higher speed limit and an assessment of the relative truck safety impacts of dual versus uniform speed limits for cars and trucks.

EMS sensitivity index.—The conference agreement includes $240,000 for a four to five state demonstration project on the use and effectiveness of an emergency medical services sensitivity index. The conferees expect that one of the states chosen for this demonstration shall be New Jersey.

Side impact rulemaking.—The conferees are dissatisfied with the pace at which the administration is proceeding with promulgation of a revised side impact regulation for passenger cars. Testimony received last spring indicated that, after much delay, a notice was planned for issuance in May or June 1987. This notice has yet to be issued. The conferees expect NHTSA to make every effort to issue a rulemaking notice forthwith, and will expect the Secretary and the NHTSA Administrator to provide a complete accounting of actions taken to expedite this proceeding at the fiscal year 1989 budget hearings.

Rear seat belt rulemaking.—The conferees strongly concur in the Secretary's expressed desire to ensure that the issuance of an advance notice of proposed rulemaking regarding the installation of lap/shoulder safety belts in the rear seats of passenger vehicles does not slow down the overall rulemaking process on this issue. The conferees expect NHTSA to give priority to achieving the rulemaking timetable established by the Secretary and will expect a full report on NHTSA actions in this regard during the fiscal year 1989 budget hearings.

HIGHWAY TRAFFIC SAFETY GRANTS

(LIQUIDATION OF CONTRACT AUTHORIZATION)

(HIGHWAY TRUST FUND)

Appropriates $135,000,000 to liquidate contract authorizations as proposed by the Senate instead of $133,000,000 as proposed by the House.

Limits state and community highway safety grant obligations to $114,950,000 instead of $121,000,000 as proposed by the House and $124,650,000 as proposed by the Senate.

Limits alcohol safety incentive grant obligations to $13,533,000 instead of $14,245,000 as proposed by the Senate and $14,400,000 as proposed by the House.

Limits total obligations made pursuant to section 209 of Public Law 95-599, as amended, to $4,750,000 as proposed by the Senate. The House bill contained no similar provision.

FEDERAL RAILROAD ADMINISTRATION

OFFICE OF THE ADMINISTRATOR

Provides $24,777,000, including $1,900,000 by transfer, instead of $19,400,000 as proposed by the House and $23,830,000 as proposed by the Senate.

The conference agreement is distributed as follows:

	Program level
Salaries and expenses	$11,981,000
(staff years)	(190)
Contractual support	720,000
Washington Union Station	2,880,000
Local Rail Service Assistance	9,600,000
Alaska Railroad Workers' Compensation	1,824,000
Total program level	$27,005,000
Carryover	(2,228,000)
By transfer	(1,900,000)
Total appropriation	$22,877,000

Washington Union Station.—The conferees believe that a discounted purchase of the Union Station lease may be in the best interest of the taxpayers. The conferees believe an arrangement between the Federal Government and the current owners of Union Station can be made to provide a substantial saving of federal funds which would otherwise be required for the full term of the lease. The conferees are concerned that negotiations between the FRA and the owners of Union Station over the terms of a possible lease purchase have become protracted and may jeopardize the opportunity to realize these savings. Accordingly, the conferees direct the FRA to consult with the owners of Union Station and to submit to the House and Senate Committees on Appropriations by March 1, 1988, recommendations for the essential terms and price (determinated on a present value basis to include all costs and revenue to the Federal Government and to the owner) for the purchase of the Union Station lease.

Provides that $9,600,000 of the funds available under this head may be used only for local rail service assistance grants instead of $6,000,000 as proposed by the House and $8,000,000 as proposed by the Senate.

LRSA Discretionary Allocations.—Provides that $7,200,000 of local rail service assistance funds shall be available on a discretionary basis instead of $3,500,000 as proposed by the House and $5,500,000 as proposed by the Senate. Of the discretionary funds available for local rail service assistance, the conferees direct that funds be reserved for the following projects:

Massachusetts rail rehabilitation needs	$960,000
Mississippi rail rehabilitation needs	960,000
Manteno, Illinois rail spur	580,000
Binghamton rail structure, New York	385,000
Soo Line RR Wheat Line, North Dakota	375,000
Wheeling Terminal Chapline Tunnel, West Virginia	300,000
Chicago Central & Pacific Line, Iowa	865,000
New York, Susquehanna & Western, New Jersey	960,000
Keokuk Junction Railway, Illinois	580,000
Burlington Northern Railroad, Illinois	290,000
CSX line, Midland City to Greenfield, Ohio	915,000
Alleghany RR, Emporium to Erie, Pennsylvania	(1)
Canton to East Wye, South Dakota	(1)

---

(1) Priority.

RAILROAD SAFETY

Appropriates $27,968,000 instead of $28,825,000 as proposed by the House and $29,770,000 as proposed by the Senate.

The conference agreement includes the following amounts:

Federal enforcement	$22,301,000
(Permanent positions)	(379)
Automated track inspection program	1,140,000
Grants-in-aid for railroad safety	950,000

Safety regulation and program administration	3,577,000
(Permanent positions)	(65)

Bangor, Maine District Office.—The conferees are aware of ongoing railroad safety problems on the Guilford system, particularly in the State of Maine. The conferees, therefore, direct that the district office of the Federal Railroad Administration located at Bangor, Maine shall not be closed without the express approval of the House and Senate Committees on Appropriations. The conferees direct the FRA to terminate plans to consolidate the Bangor, Maine office with the Cambridge, Massachusetts office, and to restore the Bangor office to adequate personnel levels including, but not limited to, a motive power and equipment inspector and a track safety inspector. One of these inspectors should be certified for hazardous material inspections.

Provides that $2,090,000 shall remain available until expended instead of $2,530,000 as proposed by the Senate.

RAILROAD RESEARCH AND DEVELOPMENT

Appropriates $9,286,000 instead of $9,775,000 as proposed by the Senate and $10,000,000 as proposed by the House.

NORTHEAST CORRIDOR IMPROVEMENT PROGRAM

Authorizes as eligible projects North Philadelphia station improvements as proposed by the House and North Tunnel renovation work as proposed by the Senate.

Provides $27,550,000, including $950,000 by transfer, instead of $24,730,000 as proposed by the Senate and $27,000,000 as proposed by the House.

The conference agreement distributes these funds as follows:

Communications and signal upgrades	$6,365,000
Electric traction system upgrades	760,000
Passenger car modifications	4,038,000
Locomotive modifications	1,425,000
North Philadelphia Station	4,750,000
North Tunnel renovation	10,212,000

In addition, funds are to be made available under "Urban Mass Transportation Administration, Discretionary grants" for additional North Philadelphia station improvements.

GRANTS TO THE NATIONAL RAILROAD PASSENGER CORPORATION

Appropriates $580,800,000 for Amtrak operations, capital improvements, and labor protection costs instead of $595,555,000 as proposed by the Senate and $614,000,000 as proposed by the House.

The conferees reiterate the Senate language regarding Amtrak's planned tests of tilt and turbo technologies, and direct that, to the extent possible, not more than $240,000 be made available for an independent, third-party assessment of Amtrak's evaluation of these technologies.

RAILROAD REHABILITATION AND IMPROVEMENT FINANCING FUNDS

Requires the Secretary of Transportation to sell all securities or promissory notes held by the Department of Transportation under authority of sections 502, 505-507, 509, and 511-513 of Public Law 94-210, as amended, as proposed by the Senate. The House proposed that such sales be made by the Secretary of the Treasury. In addition, the bill requires a written certification to and approval by the House and Senate Committees on Appropriations that all amounts to be realized for each transaction are equal to or greater than the net present value of each equity instrument. The bill also requires that any contracts for financial or underwriting services be competitively bid.

The conferees emphasize their concern that equity transactions such as those authorized under this section generate a fair return to the Federal Government. While recognizing the useful role of financial advisors and investment bankers in helping achieve the highest return possible to the Federal Government, it is the conferees' strong view that any financial advisor should be limited to providing technical financial and market advice to the Department and should not act in the full stead of the Department in the negotiation and completion of these transactions.

The bill also clarifies that any outlay reductions resulting from the authority granted in this section shall be considered as new domestic discretionary outlay offsets against the total outlays of Transportation Appropriations Acts.

URBAN MASS TRANSPORTATION ADMINISTRATION

ADMINISTRATIVE EXPENSES

Appropriates $31,882,000 instead of $33,210,000 as proposed by the Senate and $33,850,000 as proposed by the House.

Charter bus regulation.—The conferees direct UMTA to undertake a rulemaking on a proposed amendment to its charter bus regulation that would permit non-profit social service agencies with clear needs for affordable and/or handicapped-accessible equipment to seek bids for charter services from publicly funded operators. In such cases, the public operator will be required to identify to the chartering organization any private operator that has notified it of its willingness and abiliity to provide comparable charter service.

These non-profit agencies shall be limited to government entities and those entities subject to sections 501(c) 1, 3, 5, and 19 of the Internal Revenue Code. An exemption from this rule shall also be provided to those public transit authorities which purchased charter rights entirely with non-federal funds prior to enactment of the Urban Mass Transportation Act of 1964. The conferees encourage UMTA to continue exploring the issue of whether public transit authorities that offer only standard transit buses for charter services should be permitted to compete against private operators.

RESEARCH, TRAINING, AND HUMAN RESOURCES

Appropriates $12,217,000 instead of $12,860,000 as proposed by the Senate and $15,150,000, of which $4,000,000 shall be derived from unobligated balances of "Urban Mass Transportation Fund", as proposed by the House.

The conference agreement is distributed as follows:

Research and training assistance	$9,510,000
Management training	474,000
University research	713,000
Human resources	1,520,000

The conferees direct UMTA to proceed immediately on the final phase of the cold weather transit technology program, which is the deicing system and its use with existing transit equipment. The conferees are concerned that funds originally appropriated in fiscal year 1986 for the final phase of this program have still not been released by UMTA.

FORMULA GRANTS

Appropriates $1,731,703,000 instead of $1,780,690,000 as proposed by the Senate and $1,865,000,000 as proposed by the House. An additional $4,750,000 is available for section 18(h) program.

Adds $12,350,000 to the section 18 allocation prior to the apportionment of formula grant funds instead of $20,710,000 as proposed by the Senate. The House bill had no similar provision.

Limits funds for operating assistance of $804,691,892 instead of $847,044,097 as proposed by the Senate. The House bill had no similar provision.

Deletes language proposed by the Senate that would have limited operating assistance reductions to urbanized areas with a population of 1 million or more.

DISCRETIONARY GRANTS

Limits obligations to $1,130,500,000 instead of $1,187,160,000 as proposed by the Senate and $1,200,000,000 as proposed by the House.

The conference agreement includes the following amounts:

Bus and bus facilities	$145,500,000
Rail modernization and extensions	427,000,000
New systems and new extensions	407,750,000
Los Angeles	(140,500,000)
Seattle	(67,500,000)
Miami	(17,500,000)
Atlanta	(106,000,000)
St. Louis	(54,450,000)
Denver	(14,200,000)
Salt Lake City	(3,600,000)
Jacksonville	(4,000,000)
Planning	45,000,000
Elderly and handicapped, and innovative techniques	35,000,000
University centers	5,000,000
Section 9B formula grants	65,250,000

Philadelphia rail modernization projects.—The conferees direct that $19,000,000 be made available out of rail modernization funds to the Southeastern Pennsylvania Transportation Authority (SEPTA) to be used solely as follows:

$9,500,000 for automatic speed controls;

$5,700,000 for the Temple University intermodal transportation demonstration project and regional rail division station to be developed in cooperation with Temple University;

$950,000 for improvements at the Amtrak North Philadelphia station site under the refurbishment project developed by Amtrak in cooperation with the Philadelphia Industrial Development Corporation; and

$2,850,000 for the construction of a new University City rail station to serve the Civic center, Veterans Hospital complex, University of Pennsylvania, Drexel University and Franklin Field.

The intermodal transportation demonstration project is designed to meet the needs of the elderly and handicapped, and the conferees expect the university and SEPTA to report to UMTA on how the project improved the mobility of these persons.

Bay Area Rapid Transit District.—The conferees understand that in lieu of an amendment restricting funding for the Bay Area Rapid Transit District (BART), and in keeping with resolutions adopted by the Metropolitan Transportation Commission (MTC), no funds shall be approved by the MTC for the SamTrans Colma BART station project until an agreement that satisfies the concerns of the Bay Area Congressional and State legislative delegations is reached among the involved parties on the priority and funding of the Colma project in the context of a regional program of rail extensions. The conferees further understand that the MTC resolutions do not intend to affect any other current or future BART project and relate only to the project currently under discussion.

INTERSTATE TRANSFER GRANTS-TRANSIT

Appropriates $123,500,000 instead of $128,610,000 as proposed by the Senate and $130,000,000 as proposed by the House.

The conference agreement includes the following discretionary allocations:

Chicago	$42,465,000
Boston	4,904,546
New York City	8,941,704
Baltimore	5,130,000
Construction management	308,750

The conferees recognize that delays in some regions' projects might necessitate adjustments to the above allocations. The conferees expect these adjustments, if required, to be accomplished through the normal reprogramming process.

It is the goal of the conferees to provide sufficient funds to complete the funding of all substitute projects commensurate with the completion of the Interstate highway system.

WASHINGTON METRO

Appropriates $180,500,000 instead of $183,000,000 as proposed by the Senate and $201,119,500 as proposed by the House.

WMATA interest payments.—To the extent that funds appropriated under the head "Interest Payments" are insufficient to meet the federal obligations under Public Law 96-184 and the Initial Bond Repayment Participation Agreement, the conferees expect WMATA to finance any shortfall from section 9 formula grant or other available funds.

Saint Lawrence Seaway Development Corporation

OPERATIONS AND MAINTENANCE

(HARBOR MAINTENANCE TRUST FUND)

Appropriates $10,806,000 to be derived from the Harbor Maintenance Trust Fund instead of $11,375,000 to be derived from the Harbor Maintenance Trust Fund as proposed by the Senate and $11,500,000 to be derived from the Harbor Maintenance Trust Fund as proposed by the House.

Research and Special Programs Administration

RESEARCH AND SPECIAL PROGRAMS

Appropriates $12,832,000 instead of $12,900,000 as proposed by the House and $13,367,000 as proposed by the Senate.

The conference agreement includes the following distribution:

Operations	$10,893,000
Research and development	$1,939,000
Positions:	
Administrator	(4)
Chief counsel	(8)
Deputy administrator and science advisor	(7)
Program management and Administration	(15)
Aviation information management	(11)
Emergency transportation	(10)
Hazardous materials	(84)
Transportation Systems Center	(527)

PIPELINE SAFETY

(PIPELINE SAFETY FUND)

Appropriates $8,550,000 instead of $9,200,000 as proposed by the House and $9,400,000 as proposed by the Senate. The conference agreement includes the following distribution:

Personnel Compensation and Benefits	$2,156,500
(Positions)	(47)
Administrative costs	719,200
Program funds	781,800
Research and development	617,500
State grants	4,275,000

Provides that $4,892,000 be made available until expended instead of $5,150,000 as proposed by the House and $5,650,000 as proposed by the Senate.

The conferees have argued not to require an additional 3 days of inspector travel per month as proposed by the House. The conferees intend to request the General Accounting Office to review the current pipeline safety inspector travel practices and inspection intervals and to recommend appropriate improvements.

OFFICE OF THE INSPECTOR GENERAL

SALARIES AND EXPENSES

Appropriates $27,898,000 instead of $28,828,000 as proposed by the Senate and $29,300,000 as proposed by the House.

TITLE II—RELATED AGENCIES

Architectural and Transportation Barriers Compliance Board

SALARIES AND EXPENSES

Appropriates $1,891,000 instead of $1,970,000 as proposed by the Senate and $2,000,000 as proposed by the House.

National Transportation Safety Board

SALARIES AND EXPENSES

Appropriates $24,000,000 instead of $25,000,000 as proposed by the Senate and $25,400,000 as proposed by the House.

Interstate Commerce Commission

SALARIES AND EXPENSES

Appropriates $44,294,000 instead of $46,000,000 as proposed by the Senate and $46,625,000 as proposed by the House.

The conference agreement includes the following amounts:

Chairman	$566,400
Staff years	(7)
Commissioners	1,857,600
Staff years	(24)
Satellite offices	854,400
Staff years	(15)
Secretary	3,456,000
Staff years	(87)
General Counsel	1,862,400
Staff years	(27)
Proceedings	7,603,000
Staff years	(120)
Hearings	374,200
Staff years	(5)
Public Assistance	1,012,800
Staff years	(15)
Transportation Analysis	2,208,000
Staff years	(28)
Accounts	4,262,400
Staff years	(65)
Traffic	3,148,800
Staff years	(70)
Compliance & Consumer Assistance	12,816,000
Staff years	(210)
Managing Director	4,272,000
Staff years	(77)

Railroad Accounting Principles Board.—The conferees direct the Interstate Commerce Commission to initiate without delay regulatory proceedings with respect to implementation of the findings of the Railroad Accounting Principles Board. The Commission should complete its proceedings and implement its decisions as expeditiously as sound analysis and evaluation will allow. The Commission is instructed to report back to the House and Senate Committees on Appropriations on the status of implementation efforts no later than March 31, 1988, and every 6 months thereafter. To the extent that the Commission's findings differ from the findings and recommendations of the Board, the Commission should explain fully the reasons for such differences in explanatory material provided to the House and Senate Committees on Appropriations.

Panama Canal Commission

OPERATING EXPENSES

Appropriates $407,088,000 instead of $424,050,000 as proposed by the Senate and $422,950,000 as proposed by the House.

CAPITAL OUTLAY

Appropriates $33,715,000 instead of $35,120,000 as proposed by the Senate and $33,250,000 as proposed by the House.

The conferees agree that any payments under article XIII, paragraph 4(c) of the Panama Canal Treaty to the present Government of Panama should be avoided. The conferees note, however, that the Commission has already lowered its initial estimates of toll revenues for this fiscal year. Given the uncertain outlook for international trade and the world economy in general, the conferees believe this downward trend in tolls could continue. If, however, a later assessment indicates that Commission revenues are likely to exceed expenditures at year end, the Committees on Appropriations will consider such supplemental requests as may be submitted.

Department of the Treasury

REBATE OF SAINT LAWRENCE SEAWAY TOLLS

(HARBOR MAINTENANCE TRUST FUND)

Appropriates $9,880,000 to be derived from the Harbor Maintenance Trust Fund instead of $10,585,000 as proposed by the Senate and $10,700,000 as proposed by the House.

Congressional Award Board

CONGRESSIONAL AWARD PROGRAM

Deletes Senate provision that appropriates $275,000 to the Congressional Award Board.

TITLE II

General Provisions

AIR TRAFFIC CONTROLLER WORK FORCE

Requires that the Federal Aviation Administration meet the following air traffic controller work force staffing requirements by September 30, 1988:

(1) total work force level of 15,900 personnel;

(2) total full performance level work force of 10,450 personnel; and

(3) at least 70 percent of the air traffic controller work force, excluding common screen students, at each center and level 3 and above terminal shall have achieved operational controller status.

The Conference requirements reflect the changes in work force accounting recommended by the General Accounting Office and described in the Senate Report (Report 100-198).

The House bill proposed (1) a total work force level of 15,900; (2) a total operational controller level of 12,250; (3) a total full performance level of 10,350; and (4) a 70 percent operational controller level at centers and level 3 and above towers. The Senate bill proposed (1) a total work force level of 15,800; and (2) a full performance level of 10,450.

Allows the Secretary to waive any of the air traffic controller work force requirements should it be determined that air safety would be adversely affected.

RENTAL PAYMENTS TO GENERAL SERVICES ADMINISTRATION

Limits rental payments made to the General Services Administration to 100 percent of the rates paid during fiscal year 1987 as proposed by the Senate instead of 104 percent as proposed by the House. The bill also prohibits any reduction from the level of rental space or service provided in fiscal year 1987.

VIRGINIA STREET BRIDGE

Exempt, the Virginia Street Bridge in Charleston, West Virginia from 23 U.S.C. 144 (g)(2).

LONG ISLAND RAILROAD SMOKING PROHIBITION

Denies federal funds in this or any other Act for the New York Metropolitan Transportation Authority unless, within 90 days of enactment, all smoking is prohibited on the Long Island Railroad. The House bill prohibited all funds unless a ban was implemented within 30 days of enactment. The Senate bill contained no comparable provision.

ACROSS-THE-BOARD REDUCTION

Deletes the two percent across-the-board funding reduction proposed by the House. The Senate bill contained no similar provision.

AIRLINE SMOKING PROHIBITION

Prohibits smoking in the passenger cabin or lavoratory on any scheduled airline flight in intrastate, interstate, or overseas air transportation if such flight is scheduled for 2 hours or less in duration. The bill stipulates that this requirement shall be in effect for a 24-month period. The House bill denied the use of federal airport development or planning funds to any airport that permitted service by air carriers that did not prohibit smoking on scheduled flights of 2 hours or less. The Senate bill prohibited smoking on any air carrier flight scheduled for 90 minutes or less for a 24-month period.

The conference agreement establishes a uniform national policy with respect to smoking on regularly scheduled commercial aircraft. Thus, the provisions adopted preempt any inconsistent legal action by States and their local subdivisions during the period they are in effect. The language agreed to also authorizes the Secretary to develop appropriate enforcement procedures through regulation. These regulations are to be issued under the Federal Aviation Act of 1958 (49 U.S.C. 1374), as amended, and will have the same status as any other regulation issued pursuant to the provisions of that Act. The conferees intend that no civil or criminal liability shall attach to good faith efforts by airline employees to comply with the requirements of the regulations adopted. The conferees also agree that the prohibition on smoking applies to flights scheduled for 2 hours or less, regardless of the actual duration of such flights.

The language adopted also prohibits tampering with or disabling aircraft smoke detection devices and subjects violators to civil penalties of up to $2,000.

RAILROAD MAINTENANCE AND REPAIR WORK

Deletes provision proposed by the Senate requiring that necessary maintenance and repair work on the Boston & Maine Railroad lines between Springfield and East Northfield, Massachusetts, and between Brattleboro and Windsor, Vermont, be performed in accordance with provisions of existing contracts of the classes or crafts involved and the owners of the lines. The House bill contained no comparable provision.

SIXTY-FIVE MPH SPEED LIMIT DEMONSTRATION PROGRAM

Waives the penalty provisions specified under sections 154(a) and 141(a) of title 23, United States Code, in fiscal years 1988, 1989, 1990 and 1991 for up to 20 states that establish maximum speed limits of sixty-five miles per hour for certain roads and under certain conditions before July 1, 1988. It also covers certain highways that are described under section 139(c) of title 23, United States Code. The Senate bill provided similar authority without limit to the number of eligible states, the time period for which sanctions are temporarily waived, or the time period during which states could take action to post higher speed limits. The House bill contained no comparable provision.

In light of previously enacted legislation to raise the maximum speed limit on certain rural interstate highways, this provision is intended to permit higher speeds on other highways that essentially meet the same design and construction standards as rural interstate highways. The conferees have provided that participation in this determination program is limited to the first 20 states that post maximum speed limits of sixty-five miles per hour on qualified highways before July 1, 1988. Under certain circumstances, it may be necessary for the Secretary to determine whether highways covered by this provision are adequate to safely accommodate higher speeds. In those cases, the conferees expect that any such determinations, if necessary, shall be completed on an expedited basis. Since the conferees do not intend to diminish the ability of interested States to participate in this program before the July 1, 1988 deadline, the Secretary is directed to complete any required determinations within 30 days after a state acts to raise the speed limit on highways in accordance with this provision.

The Secretary, in consultation with the National Association of Governors' Highway Safety Representatives, shall report to the House and Senate Committees on Appropriations and to the appropriate authorizing committees at the end of each fiscal year on the safety effects of this demonstration program. These reports shall include an analysis of the number and rate of accidents, injuries, and fatalities occurring on such highway segments compared to the experience on high speed rural interstate highway segments as well as to the previous safety experience on each highway segment.

COMMUTER RAIL SERVICE ASSISTANCE

Makes certain costs incurred by states, bodies and agencies as a result of the discontinuance of Conrail commuter rail services eligible for reimbursement under section 17(f) of the Urban Mass Transportation Act of 1964, as amended, as proposed by the Senate. The House bill contained no comparable provision.

TECHNICAL CORRECTIONS

Makes technical corrections to the Surface Transportation and Uniform Relocation Assistance Act of 1987 concerning certain Idaho highway projects, as proposed by the Senate. The House bill contained no comparable provision.

UNION CANAL

Declares a portion of the Union Ship Canal in Buffalo, New York to be a nonnavigable waterway under the General Bridge Act of 1946, as proposed by the Senate. The House bill contained no comparable provision.

OFFICE OF THE SECRETARY TRANSFER AUTHORITY

Authorizes transfer authority of up to 2.5 percent for each office funded under "Office of the Secretary, salaries and expenses". The Senate bill allowed transfers of up to 5 percent for each office. The House bill contained no comparable provision.

ATLANTIC CITY AIRPORT

Restricts FAA property transfer and additional funds for the Atlantic City Airport as proposed by the Senate. The House bill contained no comparable provision.

HONOLULU AIRPORT DEED OF CONVEYANCE AND GRANT ELIGIBILITY

Deletes provision proposed by the Senate releasing restrictions on Postal Service property to facilitate transfer to Honolulu Airport. The House bill contained no comparable provision.

Deletes provision proposed by the Senate allowing Hawaii to be reimbursed for the cost of land acquired for Honolulu Airport. The House bill contained no comparable provision.

WYOMING TRUCK ACCESS DEMONSTRATION PROJECT

Extends the Wyoming truck access demonstration project to October 1, 1991, as proposed by the Senate. The House bill contained no comparable provision.

TRANSFER OF UNUSED SECTION 9 FUNDS

Allows the Governor of Louisiana to transfer between urbanized areas up to $5,000,000 of unused apportionments available under section 9 of the Urban Mass Transportation Act of 1964, as amended as proposed by the Senate. The House bill contained no comparable provision.

TECHNICAL CORRECTION

Makes a technical correction to the Surface Transportation and Uniform Relocation Assistance Act of 1987 regarding a project in Louisiana as proposed by the Senate. The House bill contained no comparable provision.

DENIAL OF FUNDS FOR PROJECTS USING CERTAIN SERVICES OF FOREIGN COUNTRIES THAT DENY FAIR MARKET OPPORTUNITIES

Deletes a provision proposed by the Senate prohibiting the use of funds for any transportation project to which certain services are provided from foreign countries that deny fair market opportunities. The House bill contained no comparable provision.

TECHNICAL CORRECTIONS

Sections 338 through 352 make various technical corrections to the Suface Transportation and Uniform Relocation Assistance Act of 1987, and title 23, United States Code. Significant programs and projects addressed are as follows:

Railroad-Highway crossings information program

Feasibility studies:

Springville, New York-Pennsylvania state line

Sebastopol, California

Buffalo, New York

Chicago, Illinois-Kansas City, Missouri

Birmingham, Alabama
I-4R transfer authority
Toll pilot projects:
Orange County, California
Pennsylvania-West Virginia
State of Georgia
Bridge formula exemption
Cumberland Gap
Interstate Route I-420 withdrawal procedural requirements
Demonstration projects
State of Nevada
Douglas County, Kansas
Tampa, Florida
Compton, California
Concord, California
Bloomington, Minnesota
Modesto, California
Iowa-Nebraska Missouri River bridge
Aurora-Hoyt Lakes, Minnesota
Fosston-Bagley-Shevlin, Minnesota
El Segundo, California
Lawrence, Massachusetts
King of Prussia, Pennsylvania
Schoharie Creek Bridge, New York
Railroad-highway crossings demonstration program federal match
North Dakota access roads

The Senate versions of H.R. 2890 and H.J. Res. 395 contained various technical amendments. The House bills contained no comparable provisions.

TREASURY, POSTAL SERVICE AND GENERAL GOVERNMENT APPROPRIATIONS ACT

Amendment No. 14: Section 101(m) of House Joint Resolution 395 provides appropriations for programs, projects, and activities provided for in the Treasury, Postal Service, and General Government Appropriations Act, 1988. The House version of the joint resolution provides appropriations for programs, projects, and activities at a rate of operations and to the extent and in the manner provided for in H.R. 2907 as passed the House of Representatives on July 15, 1987. The Senate version of the joint resolution provides appropriations for these programs, projects, and activities at the rate and in the manner provided for in H.R. 2907 as passed by the Senate on September 25, 1987, with certain additional provisions and exceptions provided for in the joint resolution.

The conference agreement on House Joint Resolution 395 incorporates some of the provisions of both the House and Senate versions of the Treasury, Postal Service, and General Government Appropriations Act, 1988, and has the effect of enacting the Act into law. The language and allocations set forth in House Report 100-211 and Senate Report 100-160 should be complied with unless specifically addressed in this joint resolution and statement of the managers to the contrary. The Treasury, Postal Service, and General Government Appropriations Act, 1988, put in place by this joint resolution, incorporates the following agreements of the managers.

DEFINITION OF PROGRAM, PROJECT, AND ACTIVITY

During fiscal year 1988, for purposes of the Balanced Budget and Emergency Deficit Control Act of 1985 (Public Law 99-177), as amended, the following information provides the definition of the term "program, project, and activity" for departments and agencies under the jurisdiction of the Treasury, Postal Service, and General Government Subcommittee. The term "program, project, and activity" shall include the most specific level of budget items identified as a dollar amount in the Treasury, Postal Service, and General Government Appropriations Act, 1988 (H.R. 2907), the House and Senate committee reports (H. Rept. 100-211 and S. Rept. 100-160), and the conference report and accompanying joint explanatory statement of the managers of the committee of conference (Under the above definition, the Federal Buildings Fund, the Bureau of Engraving and Printing Fund, and other intragovernmental funds are among the accounts exempt from sequestration altogether.).

In implementing a Presidential Order, departments and agencies shall apply the percentage reduction required for fiscal year 1988 pursuant to the provisions of Public Law 99-177, as amended, to each budget item that is listed under said accounts in the budget justifications submitted to the House and Senate Committees on Appropriations as modified by subsequent appropriations acts (including joint resolutions providing continuing appropriations), and accompanying House and Senate Committee reports, conference reports, or joint explanatory statements of the committee of conference.

TITLE I—DEPARTMENT OF THE TREASURY

OFFICE OF THE SECRETARY

Establishes separate appropriation accounts for the Office of the Secretary and International Affairs as proposed by the House instead of consolidating those accounts into one account as proposed by the Senate. Appropriates $55,681,000 for salaries and expenses of the Office of the Secretary instead of $56,650,000 as proposed by the House and appropriates $23,422,000 for international affairs instead of $24,391,000 as proposed by the House. The Senate proposed total funding of $77,165,000 for both accounts combined.

FEDERAL LAW ENFORCEMENT TRAINING CENTER

Makes available funds for the development of a Master Plan for future land and facility use at Glynco, Georgia as proposed by the Senate.

Mandates that the Center maintain a certain level of employment as proposed by the Senate.

Designates the name of the new residential facility at Glynco, Georgia as proposed by the Senate.

Appropriates $28,672,000 for salaries and expenses instead of $26,133,000 as proposed by the House and $30,000,000 as proposed by the Senate.

FINANCIAL MANAGEMENT SERVICE

Appropriates $265,000,000 for salaries and expenses instead of $270,004,000 as proposed by the House and $196,667,000 as proposed by the Senate.

BUREAU OF ALCOHOL, TOBACCO AND FIREARMS

Establishes a limitation which provides for the purchase of a maximum 500 vehicles as proposed by the Senate instead of 300 vehicles as proposed by the House.

Authorizes the training and provision of laboratory assistance to State and local law enforcement agencies as proposed by the Senate.

Appropriates $217,531,000 for salaries and expenses instead of $218,226,000 as proposed by the House and $225,000,0000 as proposed by the Senate.

The Committee of Conference notes that the Bureau of Alcohol, Tobacco, and Firearms has developed a program which targets, and results in the apprehension of violent repeat offenders. Statistics show that the armed, habitual career criminal has a devastating criminal effect on society and must be addressed with a vigorous, effective Federal law enforcement apprehension effort. Therefore, the Committee of Conference concurs with the Senate in recommending that, within the overall aggregate appropriation for BATF, an additional $10,000,000 be made available for the hiring of additional law enforcement personnel in the Armed Career Criminal Apprehension Program for fiscal year 1988.

Mandates that the Bureau maintain a certain level of personnel as proposed by the Senate.

U.S. CUSTOMS SERVICE

Establishes a limitation which provides for the total acquisition of 700 motor vehicles for replacement only instead of 1,000 as proposed by the Senate and for the purchase of 680 replacement motor vehicles instead of 500 replacement motor vehicles as proposed by the House and 980 as proposed by the Senate establishes a limitation which provides for the purchase of 250 new motor vehicles instead of 500 new motor vehicles as proposed by the Senate.

Establishes a limitation of $10,000 on official reception and representation expenses as proposed by the House instead of $20,000 as proposed by the Senate. Only $10,000 was contained in the budget request.

Appropriates $966,000,000 for salaries and expenses instead of $963,090,000 as proposed by the House and $986,809,000 as proposed by the Senate. This amount provides for approximately 1,235 additional personnel instead of 800 as proposed by the House and 1,735 as proposed by the Senate.

Deletes language proposed by the House regarding funds made available from the customs User Fee Account.

Makes available $4,000,000 for research as proposed by the Senate instead of $1,000,000 as proposed by the House. The Customs Service is directed to report to the House and Senate Committees on Appropriations on specific use of these funds in both fiscal years 1987 and 1988.

Restores language stricken by the Senate regarding the Equal Employment Opportunity Program of the Customs Service.

Establishes a minimum employment level of 16,099 positions instead of 15,837 positions as proposed by the House and 16,361 as proposed by the Senate.

Restores language stricken by the Senate which provides that not less than $300,000 shall be expended for part-time and temporary positions in the Honolulu Customs District.

The Conferees have been informed that there is growing concern regarding inspectional services at the Palm Beach International Airport in West Palm Beach, Florida. Specifically, the Conferees have learned that only one U.S. Customs Federal Inspection Service station is servicing this growing Palm Beach airport. The Conferees have been informed that potential safety problems could arise because of the lack of adequate inspectional capabilities at this important international airport. Therefore, the Conferees recommend that the Customs Service give the strongest possible consideration to staffing a second Federal Inspection Service facility at the Palm Beach International Airport. It is hoped that this additional staffing will alleviate any safety problems that could arise or have arisen at this international airport.

The Conferees concur with the language in the Senate report concerning International Airline Antismuggling Procedures.

The Committee of Conference notes that the Senate has directed the General Accounting Office to conduct a thorough review of the Automated Commercial System (ACS) program at Customs. This Committee of Conference recommends that the language contained in Senate Report 100-160 in this regard be augmented with the following on page 31 report before the heading "Additional Commercial Operations Concerns":

Furthermore, the Committee is concerned that an environment conducive to voluntary compliance with the Customs laws be sustained in the development of ACS. Customs will never be able to inspect a hundred percent of all shipments or review a hundred percent of all entries, therefore it is encumbent upon Congress and the Administration to take steps to foster a high degree of voluntary compliance. This is best accomplished through soundly conceived enforcement efforts, and responsive services to brokers, importers and others who need Customs' assistance in order to comply.

The cost of delay associated with Customs processing is mounting rapidly, imposing ever more stringent demands to meet shipping schedules and sharply compressing the time allowed for enforcement activities. Customs is responding to these challenges through rapid automation, including ACS. The integrity of enforcement efforts under ACS, however, rely on the validity of data entered into the cargo selectivity system, and the ability of Inspectors and Import Specialists to communicate with each other and exercise judgment in identifying shipments for inspection and overriding the selectivity system where appropriate. The Committee is concerned that the history of examinations and their results presently obtained with the cargo selectivity system are inadequate to serve as a reliable basis for determining the type of examinations to be conducted in the future, and that Inspectors and Imports Specialists are hampered by restrictions placed on their ability to exercise their best judgment within the ACS process as it is now operating. The former high degree of communication between Inspectors and Import Specialists, which contributed to sound enforcement, is breaking down as Inspectors communicate more with computers than with Import Specialists. The full consequences of this breakdown are unknown.

In addition, as Congress considers the provision of additional resources for Customs to carry out its mission, it is essential for the Committee to have qualitative estimates of the incremental revenue yield from Customs direct enforcement activities in the commercial area.

The Committee hopes that all major problems with ACS will be resolved before Customs appears before the Committee for Customs' fiscal year 1989 budget hearings. In order to obtain additional information affecting its concerns, the Committee requests the General Accounting Office to conduct a detailed review of ACS, assessing the resources assigned to the system and its impact on the performance of Customs in enhancing voluntary compliance, deterring commercial fraud, enforcing the trade laws, and collecting revenue. The report should contain recommendations aimed at assuring that Customs is on the right track in automating its many commercial functions in the most cost effective manner, and that Customs systems will efficiently interface with new transportation and communications systems which are revolutionizing cargo movement technology. The nation needs a Customs support infrastructure capable of both servicing the trade community and enforcing the trade laws into the 21st century. GAO officials should consult with both administration and private sector officials and Customs employees on this matter. In assessing the factors shaping voluntary compliance with the trade laws, the study should include a systematic effort to record both errors and revenue loss associated with entry submissions and verification of entry data through physical inspection of shipments. In considering trade law compliance, the study should identify the complex activities performed by Customs that collect tariffs, enforce quotas, deters circumvention of antidumping and countervailing duty penalties, and safeguards intellectual property rights, and the need to perform these activities in a cost effective manner. Finally, the review will assess the revenue yield from Customs' commercial enforcement activities, and provide the Committee with a quantitative estimate of the incremental revenue yield from Customs direct enforcement activities in the commercial area. The Committee expects the final report to be finished no later than February 15, 1987.

The Committee of Conference notes that the Senate has directed the General Accounting Office to conduct a thorough analysis of the Customs Service's Centralized Examination Station (CES) program. In addition to the language contained in the Senate Report (S. Report 100-160) the Committee of Conference directs that during the pendency of the CES study by GAO, and until such time as a decision is made as to the advisability of the CES program, GAO is to closely monitor Customs' ongoing utilization of personnel at J.F.K. Airport and other airports at which CES programs are being delayed or terminated. This monitoring shall include necessary consultation with the users of Customs services and is intended to insure that Customs passenger and cargo processing not be adversely impacted or delayed. GAO is directed to report to the Committee by no later than March 15, 1988, regarding any indication that Customs personnel are not being utilized as efficiently and effectively as possible. Finally, GAO should be particularly sensitive to any suggestion of Customs retaliation, if any, against the industry for drawing the attention of the Committee to this important matter.

The Conferees have recommended a total of $966,000,000 for the U.S. Customs Service Salaries and Expenses account, which will provide approximately 1,235 additional positions for the agency in fiscal year 1988 over and above current levels. The Committee of Conference believes that a major infusion of new commercial operations positions is required at Customs in order to assure substantially improved service to the trade community and to enhance the Customs crackdown on commercial fraud and other violations of Customs law. Therefore, the Conferees direct the Customs Service to allocate at least 70 percent of the additional new positions to commercial operations programs in the highest priority areas around the country. The Commissioner of Customs is directed to report semiannually regarding the actual hiring of the additional positions provided for fiscal year 1988 and urges him to expedite the process of putting these additional, important personnel slots on-line.

CUSTOMS COVERAGE AT TAMIAMI AIRPORT, FLORIDA

The Committee directs that the Customs Service initiate Customs coverage at the Tam-iami Airport as soon as possible.

The Committee feels that one shift should meet the needs at this airport without the closing of service at any other airport.

It is requested that a report be submitted to the Committees on Appropriation on this directive not later than January 15, 1988.

AIR INTERDICTION PROGRAM

Appropriates $140,000,000 for operation and maintenance instead of $86,210,000 as proposed by the House and $150,000,000 as proposed by the Senate.

Provides that no aircraft or related equipment shall be transferred on a permanent basis to any office outside the Department of the Treasury in fiscal year 1988 as proposed by the Senate.

ALBUQUERQUE, N. MEX. HANGAR

The Committee of Conference recommends that, within the total amount provided for the Customs air interdiction program in fiscal year 1988, $2,000,000 shall be made available to initiate construction of a hangar and administrative office complex at the Albuquerque, New Mexico, Air Branch. This important air interdiction facility is required in order to enhance the Albuquerque Air Branch's role in drug interdiction along the southwest border. The Conferees note that the total cost of this important project is estimated to be $4,580,000. It is the clear intention of the Conferees that the balance of the funding for this important project will be provided in fiscal year 1989. The Customs Service shall report regularly to the Committees on Appropriations of the House and Senate regarding the initiation of this critical drug interdiction facility project in Albuquerque.

PAYMENT TO THE GOVERNMENT OF PUERTO RICO

Provides for the payment of a grant of $7,800,000 instead of $12,000,000 as proposed by the Senate to Puerto Rico for an aerostat radar drug interdiction surveillance system as proposed by the Senate.

UNITED STATES MINT

Appropriates $42,000,000 for salaries and expenses instead of $44,000,000 as proposed by the Senate and makes available $75,000 to host the International Mint Directors' Conference instead of $100,000 as proposed by the Senate. This $75,000 is in addititon to the fees collected from participants.

BUREAU OF THE PUBLIC DEBT

Appropriates $215,000,000 for administering the public debt instead of $217,000,000 as proposed by the Senate and $241,426,000 as proposed by the House.

PAYMENT OF GOVERNMENT LOSSES IN SHIPMENT

Appropriates $400,000 for payment of government losses in shipment as proposed by the Senate.

INTERNAL REVENUE SERVICE

Appropriates $87,165,000 for salaries and expenses as proposed by the House instead of $86,382,000 as proposed by the Senate.

Appropriations $1,691,076,000 for processing tax returns instead of $1,702,576,000 as proposed by the House and $1,680,020,000 as proposed by the Senate.

Provides that $17,800,000 be available for the Statistics of Income Program in fiscal year 1988 instead of $16,900,000 as proposed by the Senate.

Appropriates $1,849,581,000 for examination and appeals instead of $1,856,581,000 as

Government agency concerns in this regard were also addressed.

RURAL DEVELOPMENT, AGRICULTURE AND RELATED AGENCIES

For the Department of Agriculture, the Food and Drug Administration, the Commodity Futures Trading Commission, and related agencies, the conference agreement contains $52.36 billion in new BA. This represents an increase of $977.5 million over the fiscal year 1987-enacted level, an increase of $996.7 million over the budget request, an increase of $1.5 billion over the House committee-reported bill—H.R. 3520—and a decrease of $621.5 million from the Senate committee-reported bill—S. 1800.

Total obligational outlays contained in this agreement represent an increase of $1.34 billion over the administration's request, and $691 million over the House committee-reported fiscal year 1988 bill.

Increases over fiscal year 1987-enacted levels: Among the increases over fiscal 1987-enacted levels recommended in the conference agreement, I am particularly pleased by the $139 million increase we have included for the WIC Program.

Some of the other major recommendations include, for the first time in many years, full loss reimbursements for the revolving funds with increases of $1.9 billion for the ACIF, $667.9 million for the RHIF, and $186 million for the RDIF. The agreement also includes an increase of $307.7 million for REA loss reimbursements.

The conferees have recommended increases over the fiscal year 1987 level of: $873 million for food stamps; $264 million for child nutrition; $105 million for ACIF real estate loans; $27.3 million for the Food and Drug Administration.

The $17.8 million increase for APHIS includes a $319,000 increase for Animal Welfare Act enforcement; and $83.2 million for the Federal Crop Insurance Corporation. Of the overall $42.9 million increase for the Agricultural Research Service, I am pleased that the conferees agreed to an additional $1 million for the Human Nutrition Research Center on Aging. And of the $18.99 million increase for the Extension Service, I am pleased that the conferees have agreed to provide additional resources for a new vertebrate IPM specialist.

This specialist is to be located at the University of Massachusetts at Amherst Extension office to assist farmers throughout New England in using alternative, nonlethal, wildlife damage control techniques.

For the Farmers Home Administration, the conferees agreed to an overall increase over fiscal year 1987 of $2.78 billion, most of which is for loss reimbursement. But included in this total is $14 million for loans under the Rural Development Loan Fund of which, in accordance with the Senate report, $1 million will be made available through the six regional Rural Community Assistance Programs.

These RCAP's are located in Massachusetts, Virginia, Minnesota, Arkansas, Ohio, and California and, with these funds, will be able to assist rural communities with small-scale water problems.

Increases over the fiscal year 1988 administration requests: Among the major increases over the administration's fiscal year 1988 requests recommended in the conference agreement include: $933.1 million for REA guaranteed loans; $770.2 million for food stamps; $571.3 million for REA insured loans; and $327.7 million for REA loss reimbursements.

We have added $154.6 million for Soil Conservation Service activities; $95 million for Public Law 480 programs; $84 million for Rural Telephone direct loans; $60.4 million for Agricultural Research projects; $50 million for the Temporary Emergency Food Assistance Program [TEFAP]; $32.9 million for APHIS; and $18.95 million for the FDA.

I am particularly pleased by the $114.8 million increase over the request that we have been able to provide for the WIC Program, and the $95.4 million restoration we have included for Extension activities.

Of the $63.4 million increase for the Cooperative State Research Service, I am also pleased that the conferees have agreed to include $60,000 for the Belgian endive research project at the University of Massachusetts at Amherst and $260,000 for cranberry research. And, as specified in the House report, we have also requested a joint ARS/CSRS plan for the further upgrading and expansion of the Center for Cranberry and Blueberry Research in time for hearings on the fiscal year 1989 budget.

Recommended reductions: For the Commodity Credit Corporation, the conferees have recommended the $21.1-billion administration estimate, a full $4.29 billion below the amount required for fiscal year 1987. The conference agreement includes a $71.5-million reduction in the administration's request for the Federal Crop Insurance Corporation, and a $257-million reduction in the request for the Conservation Reserve. The conferees have reduced the FmHA rural housing loan account by $188.1 million from the fiscal year 1987 level, and FmHA ACIF operating loan account by $295 million.

Major issues: Mr. Speaker, amendment No. 12 contains conference agreements on the largest of all our domestic discretionary spending bills. Unfortunately, Members of this House have never had a chance to separately examine or vote on our committee's recommendations. And, because we have not done so, we will be back in the spring, if not before, with a supplemental and probably with some authorization bills to address some of the more controversial provisions in this agreement.

These provisions involve normalized prices, REA refinancing and, of course, the Commodity Credit Corporation.

Normalized prices: Mr. Speaker, I regret that the conferees agreed not only to accept but to expand the House language on normalized prices or "double-dipping," and to make the provision retroactive to January 1, 1986. The method of computing normalized prices for agricultural commodities was carefully worked out between several Federal agencies including the Departments of the Interior, the Army and Agriculture and the Tennessee Valley Authority to more precisely evaluate benefits from agricultural products.

The administration's intent was to put an end to the growing cost of growing surplus federally subsidized crops with cheap, federally subsidized water.

The agreement announced in June of this year was designed to ensure that only economically sound agricultural development water projects are supported by the taxpayers in the future. The new procedures were estimated to save 17 percent of the cost of future federally subsidized water projects. It is my hope that the authorizing committees of both houses will reconsider this entire issue in the next session.

We must put an end to this costly practice of counting Federal crop subsidies as a benefit in the attempt to justify Federal water projects.

REA: On the issue of REA prepayments, I regret that the best the conferees were able to do was to place a cap of $2.5 billion on the level of premium-free prepayments of REA-guaranteed FFB loans permitted in fiscal 1988. The Secretary of the Treasury has already determined that prepayments adversely affect the operation of the FFB.

But this amendment permits up to $2.5 billion in prepayments without his approval, at a long-term cost to the taxpayers of over $1 billion in anticipated premiums. I hope that the valid concerns and objections of the Secretary will be addressed in the next session by the committees of proper jurisdiction.

CCC: For the CCC, I regret to say that the conferees have adopted the House language with only minor modifications, including a restatement of the Corporation's 7 percent transfer authority and a $5 billion increase in borrowing authority.

It includes "prompt payment" language that, to my knowledge, has not been analyzed by anyone. The Secre-

By watering down our language, the conferees are signaling that this Congress is not really serious in its determination to be a real force for peace on Cyprus.

I am convinced that we can be such a force if we are firm in our commitment to demilitarizing that troubled island. In my judgment, it is time for Congress to establish a deadline for the withdrawal of all Turkish troops from Cyprus and that deadline must occur before next year's elections in order to be effective.

Time is running out on Cyprus but I am confident that Congress can still be a constructive force for peace rather than a detriment to the settlement of a tragedy that threatens not only the people of Cyprus but that stability of the Eastern Mediterranean. I hope you will join me in this effort.

Mr. SHARP. Mr. Speaker, I take this opportunity to point out to the House that the Senate which lacks rules on germaneness has abused the appropriation process by adding in several instances provisions, like this one, that if offered in the House would be in violation of the rules. Major legislative and other provisions involving nuclear wastes, natural gas matters, oil overcharge litigation, FERC rulemaking under the National Environmental Policy Act of 1969 and others have been included in this process by the other body and the House legislative committees with jurisdiction are excluded. It is quite true that Chairman WHITTEN and the subcommittee chairmen have carefully listened to us and have encouraged our "backroom" participation so that we could help fashion the final result. They have been gentlemen. But that is not enough. That process does not give us sufficient leverage to insist on total deletion of the Senate provision or no bill. We are not conferees. We negotiate, in essence, with one hand tied behind our backs. It is a matter of great concern not only to our committee, but also to the other legislative committees as the Speaker knows. We must find a better way next year that protects the prerogatives of the House and avoids circumventing the legislative committees.

Mr. Speaker, discussing further the Iroquois provision, I call to the attention our committee's first letter of November 30, 1987, to you about this provision (and others) where we asked to be conferees. The committee said:

> Also, section 307 will not halt the Iroquois proceeding or eliminate the docketed case. It merely attempts to prevent FERC from issuing a certificate of public convenience and necessity which comes at the end of the expedited rate proceeding. FERC funds will be available to conduct the proceedings up to the point of issuance of the certificate. Even that attempt might fail if no funds are expended in such issuance. Also at that juncture, a court might possibly intervene, notwithstanding section 307, to require FERC to decide upon an application lawfully initiated and processed.
>
> The committee understands that several proposed new pipelines that could serve the Northeast have applications pending before the Commission. Congress should not presume to choose among all these different proposals. Because the benefits and drawbacks of complex projects like these require expert judgment and fair hearing for all parties, Congress has set up a neutral process at the FERC to decide such cases. However, section 307 of the Senate bill would discriminate against one specific firm by trying to bar only it from fully using the fast track procedures that FERC has set up in order to increase competition in the gas markets and benefits consumers. Other firms would not be faced with such a potential bar.
>
> Section 307 is discriminatory. It is patently permanent. It is questionably effective. It raises serious legal questions. It is legislation in an appropriation bill.

Since writing that letter, our staff had the opportunity to talk to the staff of the full Committee on Appropriations concerning this issue of permanency. That staff kindly brought to our attention rulings by the Comptroller General about this issue. Indeed, the CG, in a 1986 decision (B-222097) said:

> There is a presumption that any provision in an annual appropriation act is effective only for the covered fiscal year. 31 U.S.C. subsection 1301(c); 20 Stat. 1185, 1204 (1985) (Sec. 8008 of DOD Appropriations Act, 1986). This is because appropriation acts are by their nature non-permanent legislation. Thus, unless otherwise specified, the provisions of an appropriation act for a given fiscal year expire at the end of that fiscal year. Accordingly, it has been the longstanding position of this Office that a provision contained in an appropriation act may not be construed as permanent legislation unless the language or nature of the provision makes it clear that such was the intent of the Congress. 62 Comp. Gen. 54, 56 (182); 10 Comp. Gen. 120, 121 (1930).

In this case, there is nothing in the legislation to indicate an intention to extend this provision beyond 1 fiscal year. I also understand that the environmental impact language will be implemented in accordance with existing law. Clearly, such review is important and should be carried out by FERC under such law.

Mr. HOYER. Mr. Speaker, on my motion the conference committee has included language in its report to clarify the intent of the Senate amendment, which the conference adopted with some modification, specifying that funds appropriated for the Centers for Disease Control for AIDS education would not be used for materials that directly promote homosexual sexual activities. Much concern has been expressed about the meaning of this amendment by various State, local, and private groups who are producing and distributing information about AIDS prevention, and the report explains what this amendment does not mean.

The amendment does not mean that Federal funds cannot go to organizations that are based in the gay community, or that serve the gay community. Quite the contrary. To date, over 70 percent of reported AIDS cases have occurred among gay men, and it is critical to AIDS prevention that this community in particular be educated about the risk of AIDS. Often, educational messages must be specifically designed to reach this community, and those messages must be conveyed in ways that will be trusted in that community.

Fortunately, private groups have been formed in every State and most cities that have the experience and the contacts to develop and disseminate the information that gay men need to protect themselves from AIDS. In my own district in suburban Washington, DC, there have been innovative and very useful efforts by the Health Education and Resource Organization [HERO] of Baltimore, and by the Whitman-Walker Clinic of Washington. Largely as a result of efforts like these, sexual transmission of infectious diseases—including AIDS—in the gay community has fallen dramatically in the last several years. We want to encourage and assist that kind of private response that has proven highly effective; the last thing we want to do would be to cut off Federal funding to those community organizations.

The amendment does not mean that sexual practices cannot be frankly discussed with appropriate audiences. AIDS is sexually transmitted; more important, specific sexual practices have been shown to transmit the virus that causes AIDS, and people must be warned that those practices are dangerous. This cannot be done without discussing those practices. Numerous experts in the field have written and called to tell us that it does not work to discuss this subject with euphemisms. Care must be taken, of course, that the message is appropriate to the audience that will be reached. The message for a gay bar is not the message for national television, and neither is the message for a high school class. But with due regard for people's sensibilities we must remember that getting accurate information across to people at their own level of understanding is a matter of life and death.

Finally, this amendment does not restrict what grantees can do with non-Federal funds. Nor does it prevent a grantee from referring an individual to an organization that is not federally funded, but which is better equipped than the grantee is to answer the particular concerns of that individual. Indeed, the amendment does not intrude at all into the contents of private counseling. Thus, we want to ensure maximum flexibility for counselors on the front lines to respond to the concerns that individuals raise. It will not help prevent AIDS if counselors are judgmental in their response, or if they simply refuse to respond to the realities of an individual's situation.

Mrs. BOXER. Mr. Speaker, among the many actions that the conferees undertook on the continuing resolution, one change that I would like to note is the clarification that was made regarding the type of AIDS educational materials and activities that may be funded by the Federal Government under this act. I am pleased to say that, in the conference report accompanying this continuing resolution, the conferees have explicitly clarified that federally funded AIDS educational materials and activities may include "descriptions of methods to reduce the risk of HIV transmission."

The conferees' statement is important because it clarified that materials and activities that are targeted to the gay community may describe, for members of that community, the best methods for reducing the risk of HIV transmission. The conferees' statement reflects the widespread understanding in the public health community that descriptive and targeted materials comprise the most effective preventive efforts for halting the transmission of the AIDS virus in this county.

I would also note that the conferees underscored their intent not to prohibit effective and targeted AIDS educational materials by deleting, as well, the potentially broad terms "or indirectly" promote or encourage homosexual sexual activity from the statutory provision. Both the change and the clarification made by the conferees are important in ensuring the continued development of effective, federally funded, AIDS educational materials and programs.

AIDS is a health issue not a political issue. The conferees action is an important realization of this fact.

Mr. SCHAEFER. Mr. Speaker, I would like to take this opportunity to explain my opposition to the continuing resolution which is part of the deficit reduction agreement worked out by congressional leaders and the White House. Because I strongly believe that the economic well-being of our country requires immediate action on the Federal budget deficit, I cannot support this measure.

The continuing resolution is a combination of all 13 spending bills and assorted other provisions. It totals approximately $600 billion, enough to fund Federal programs for the remainder of the fiscal year. Out of this, the largest spending bill in history, the deficit agreement calls for $7.6 billion in savings. We are cutting less than 2 percent from this spending bill, and calling it deficit reduction. Of this $7.6 billion, $5 billion comes from defense, which accounts for less than half of the $600 billion. That leaves $2.6 billion in cuts from all other Government spending provided for in this measure. Less than a 2-percent cut is a far cry from a meaningful cut in the deficit.

Mr. Speaker, I cannot vote for the Omnibus Budget Reconciliation Act of 1987 would reduce the deficit by $23 billion. However, $9 billion of this comes from increased taxes. The leadership will claim that the tax increases will hit corporations and the wealthy, but the truth is that nearly everyone will pay. One provision would extend the 3-percent telephone excise tax. It is not only corporations and the wealthy that will pay this tax. The fact is that what the general public does not pay for directly in these taxes, they will pay for indirectly through increased costs.

I cannot believe that the American people are undertaxed. Out of a budget exceeding $1 trillion, only $16 billion of the proposed $30.2 billion deficit reduction target would come from cuts in Government spending. The rest would come from taxes and asset sales, neither of which is a long-term solution to the budget deficit. There is no way that I can support tax increases and minor spending cuts and call it responsible actions on the deficit.

Mr. KENNEDY. Mr. Speaker, I am voting against the continuing resolution because I cannot support financing our military aims against the Nicaraguan Government.

The compromise agreement increases the rate of aid by 32 percent. Over the last several months we have supported the Contras at the rate of $90,000 a day. In the CR that increases to about $120,000 a day. House Democrats have been saying "No more aid to the Contras" for the last several months, yet every few weeks we pass another short-term spending bill with aid to the Contras in it. If we pass this CR, we will have given the Contras more than $15 million in so-called humanitarian aid—aid that we all know arrives in the form of guns as well as clothes and medicine.

Because of a closed rule on the continuing resolution and Ronald Reagan's threat of a veto if the measure lacks Contra aid, Members have no other vote with which to register their opposition to the continued financing of the war in Nicaragua. I regret that I am left with no other choice but to vote against the spending bill to express my opposition to Contra aid.

Mr. HOCHBRUECKNER. Mr. Speaker, we have just completed voting on the continuing resolution for fiscal year 1988. This bill contained all 13 appropriations measures which provide the funding for all nonentitlement Government programs. Included in this bill were many measures of importance to the people I represent, including funding for water hookups, Blackhawk helicopters, the A-6F, and x-ray lithography. All of these programs were properly authorized and voted on and included for final approval in this continuing resolution. I was actively involved in getting these programs included in this bill and I am extremely pleased that they will receive their proper funding. However, for one reason I was not able to vote for these important programs. I would like to explain for the record why I could not.

Out of consideration for all Members of Congress who wished to return to their homes in time for the holidays, the House leadership worked hard to negotiate a bill which Congress would approve and that the President would sign before the holidays began. One item that the President insisted had to be in this bill was funding for the counterrevolutionaries—Contras—in Nicaragua. In a meeting of the House Democratic caucus, House Democrats voted 6-to-1 against including any funding in the continuing resolution for the Contras. Despite this fact, the leadership presented the House with a bill which included Contra funding without giving House Members a chance to vote on that measure. The final vote on this bill was 209 to 208. More Democrats voted against this bill than voted for it. My colleagues and I voted against this bill because we objected to being forced to approve funding for the Contras without being given a chance to vote yes or no on that single provision. It was our hope that the inclusion of aid to the Contras would be defeated and that a clean continuing resolution bill, without that funding, could be reported to the House and easily approved.

Mr. Speaker, when we voted on the continuing resolution, many of our colleagues had already been in Washington much longer than they wanted to be. However, in order to get a bill which we all could wholeheartedly support, I and the other Members of Congress who voted against this bill for this reason would have been more than willing to stay as long as it took to get a bill we could support. I hope that in the future the House leadership will allow Members to vote separately on important questions such as funding the Contras so that the concerns of our constituents can be most clearly represented.

Mr. COLEMAN of Texas. Mr. Speaker, I rise in support of the continuing resolution. We are used to apologies from Members who explain their support for legislation as being reluctant or unenthusiastic. This conference report is not something any of us would choose to endorse in different circumstances.

I support the report as a member of the Appropriations Committee and as a conferee who has sat through weeks of sessions with Members from the other body. I want my colleagues in the House to know that whether or not this resolution proves to be the vehicle that funds the Federal Government for the remainder of the fiscal year, the imperfections it contains should not be attributed to our chairman, the gentleman from Mississippi, or to any of the subcommittee chairmen—the gentleman from Wisconsin in particular. It bears repetition that the House passed nearly all of its appropriations bills prior to October 1 and that the Senate did not.

My colleagues who will vote "no" on the principle that Contra aid is a ruinous policy with no place in this bill should recognize that there are some of us who agree with them but who are constrained to vote for the bill. The Appropriations Committee has spent 11 months doing its business. In the 10th month, the stock market crashed and the White House entered the picture via the budget summit. The leadership of this body made a good-faith agreement that spending cuts would come from the hide of the already approved appropriations bills. The members of the committee did not particularly like the prospect of opening a sealed package, cutting projects strongly endorsed by their colleagues and arguing with members from the other body who had not even marked up their bills, but we complied with the agreement. We did so in recognition of the fact that deficit reduction cannot and should not be achieved simply through revenue increases. We did so because our constituents and the financial markets consistently told us that only immediate cuts would convince them that legislation by initiative was better than sequestration, or legislation by default.

In the 11th month, the White House again stepped in, as it has time and time again in the past 7 years, to request Contra aid. I disapprove of Contra aid. In those instances where we have had clean votes, I have consistently opposed Contra aid. I will more than likely oppose it again in early February, when the question recurs. In the meantime, we should understand the Contra language as the best we could get.

Make no mistake, this was no deal. The President has said repeatedly that he would veto the bill unless the Contra aid, lethal and nonlethal, were included. The Government could shutdown, entitlements to the needy would not be available, but the Contras were to be armed. The peace process would be jeopardized. Disregard for the purpose of this debate the reported "revelations" of Major Miranda and the Contra offensive. The timing of each suggests that these are political developments owing more to our vote than to military strategy. This administration is obsessed with aiding the Contras. This administration apparently wants to play chicken with the budget process, with the economy, for the sake of 20 days' worth of aid to the Contras.

If passage of this conference report—with Contra aid—is going to be claimed by the White House as a political victory, fine. I want no part in that victory. If the prolongation of the Contra war is to be part of the Reagan legacy, leave me out of it. I support this report because the 13 spending titles live up to an agreement and for no other reason. I urge my colleagues to do the same.

Mr. WHITTEN. Mr. Speaker, I yield myself the remaining time.

The SPEAKER. The chair will announce that the gentleman from Mississippi has 3½ minutes remaining.

Mr. WHITTEN. Mr. Speaker, it is as we knew, though the feelings of the Members differ greatly, they are deep and sincere. Personally I think we got ourselves involved in the internal affairs of others around the world. There is one thing here that is important. We bring to an end that which has been going on for a long time, on the Contra issue. That is progress.
